(iii) The extent of medical care to be furnished foreign personnel covered in agreements entered into by the Secretary of Defense or one of the military departments will be in accordance with this section and that authorized in the specific agreement. Any question concerning extent of medical care authorized concerning eligibility of any foreign personnel for medical care under specific agreement with another government will be refered to The Surgeon General, Department of the Army, Washington 25, D. C.

(iv) The transfer of foreign personnel between oversea commands and the continental United States solely for the purpose of providing medical care in Army medical treatment facilities is not authorized, except under unusual circumstances as determined by the Secretary of the Army.

(3) Oversea commanders will determine those categories of foreign personnel who may be authorized medical care outside the continental United States. Medical care will be extended only when adequate facilities are available and when medical care cannot be obtained by foreign personnel from medical units of their own country. Type and method of reimbursement will be effected in the same manner as prescribed for the continental United States.

(t) *Canadian personnel.* Canadian military personnel who are assigned to duty within the continental United States, or on an authorized pass or leave of absence from such duty station in the continental United States, and who fall within the categories of personnel outlined in paragraph (s) (1) (i) through (v) of this section, may receive medical care. Medical care is also authorized for their dependents who are living with their principals in the continental United States during the period of such assignment. The extent of medical care furnished at Army medical treatment facilities to these Canadian military personnel and their dependents will be comparable in all respects to that which is authorized for members of uniformed service and their dependents. Prompt payment of subsistence and dependent care charges is the personal responsibility of the Canadian military member concerned.

(1) The provisions of paragraph (s) (2) (ii) of this section apply to Canadian military personnel referred to in this paragraph.

(2) In addition, the provisions of paragraph (s) (3) of this section apply in oversea areas to Canadian military personnel and their dependents referred to in this paragraph.

(u) *Red Cross and other officially recognized welfare workers and their dependents, and certain civilian students*—(1) *Red Cross and other officially recognized welfare workers.* Red Cross and other officially recognized welfare workers on duty with a uniformed service inside and outside the continental United States.

(2) *Dependents of Red Cross and other officially recognized welfare workers.* Dependents of such persons outside the continental United States if actually residing with the principal.

(3) *Civilian students.* Student nurses, student dietitians, and student occupational therapists under the same conditions and on the same basis as medical care is provided Red Cross personnel.

(v) *Operations analysts, scientific consultants, and technical observers.* Operations analysts, scientific consultants, and technical observers officially accredited as such by the Department of the Army when accompanying the Army in the field outside the continental United States.

(w) *Civilian employees*—(1) *Civilian employees inside and outside the continental United States (those authorized health services under Public Law 658, 79th Congress, 1946).* The physical examinations referred to below will normally be furnished on an outpatient basis.

(i) *Civilian employees of the Army.* Civilian employees of the Army including civilian seamen in the service of vessels operated by the Department of the Army, directly employed by the Federal Government and paid from appropriated or industrial funds are authorized to receive treatment of on-the-job illness, injury, and dental conditions requiring emergency attention, and preemployment and other physical examinations without charge under the Occupational Health Service of the Army.

(ii) *Civilian employees of the Navy, Air Force, and Marines, and other Federal departments and agencies.* Civilian employees of the Navy, Air Force, and Marines, and other Federal Departments and agencies paid from appropriated funds are authorized to receive those referred to in subdivision (i) of this subparagraph under the Occupational Health Service of the Army. No charge will be made for outpatient services furnished civilian employees of the Marines, Navy, and Air Force. Charges for such outpatient services furnished civilian employees of other Federal departments and agencies will be at the prescribed outpatient rate.

(2) *Civilian employees of the Army, Navy, Air Force, and Office of Secretary of Defense (not beneficiaries of the Bureau of Employees' Compensation).* Civilian employees of the Army, Navy, Air Force, and Office of Secretary of Defense paid from either appropriated or nonappropriated funds, and their dependents (including librarians and service club personnel) outside the continental United States and at remote military installations in the continental United States. Charges for inpatient care will be at the reciprocal rate for the applicable fiscal year, except in those oversea areas and remote areas within the continental United States where the Secretary of the Army has authorized the special interim per diem-rate.

(3) *Civilian employees of cost-plus-a-fixed-fee contractors of the Department of the Army.* Medical care may be furnished only outside the continental United States.

(4) *Civilian employees of all Federal agencies.* Physical examinations in connection with disability retirement may be furnished civilian employees of all Federal agencies without charge when such examinations are requested by authorized representatives of the United States Civil Service Commission in the administration of the Civil Service Retirement Act, except that when hospitalization is necessary to the proper conduct of those examinations subsistence charges will be collected locally from the individual concerned.

(x) *Persons who contribute to accomplishment of oversea commander's mission*—(1) *General.* Persons who contribute to the accomplishment of the oversea commander's mission and for whom medical care is deemed essential by the oversea commander concerned in the accomplishment of his mission. The reciprocal rate or the outpatient rate, whichever is applicable, will apply except as indicated in subparagraph (2) of this paragraph.

(2) *Civilian religious leaders or religious groups and others.* Civilian religious leaders or religious groups, celebrities and entertainers, athletic clinic instructors, and representatives of the USO, other social agencies and educational institutions, and persons in similar status providing direct service to the United States Forces, who have obtained official invitational orders from the Office, Secretary of Defense, or from one of the military dependents, to visit oversea military commands may be furnished emergency hospitalization and medical treatment without charge, except that charges for subsistence will be collected locally from the individual when hospitalized.

(y) *Designee of the Secretary of the Army.* Designees of the Secretary of the Army, when furnished medical care in Army medical treatment facilities, will be charged the reciprocal rate or the outpatient rate, whichever is applicable, unless specifically otherwise authorized by the Secretary of the Army. In the event the Secretary of the Army authorizes the furnishing of hospitalization with no reimbursement therefor, a charge for subsistence will be made to the individual. In unusual or extraordinary circumstances the Secretary of the Army may waive subsistence charges.

(z) *Indigent and nonindigent civilians.* Indigent and nonindigent civilians in extreme necessity to save life or prevent undue suffering.

[AR 40–108, 31 December 1956] (R. S. 161; 5 U. S. C. 22)

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 916]

[Docket No. AO–247–A4]

MILK IN UPSTATE MICHIGAN MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C., 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Park Place Hotel, Traverse City, Michigan, beginning at 10 a. m., local time, February 26, 1957. The public hearing is for the purpose of receiving evidence with respect to emergency and other economic conditions which relate to the proposed amendments hereinafter set forth, or appropriate modification thereof, to the tentative marketing agreement as heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Upstate Michigan marketing area (7 CFR 916.0 et seq.). The amendments proposed have not received the approval of the Secretary of Agriculture.

The proposals relating to the enlargement of the Upstate Michigan marketing area raise the issue as to whether the provisions of the present order would tend to effectuate the declared policy of the Act if applied to the marketing area as proposed to be extended and, if not, what modifications of the provisions of the order, as amended, should be made to effectuate the declared policy of the Act.

Proposed by Michigan Milk Producers' Association:

1. In § 916.8 delete the words "fluid milk plant" and substitute the words "pool plant".

2. Add the following as § 916.16:

§ 916.16 *Pool plant.* A pool plant is a fluid milk plant which utilizes 50 percent or more of its producer receipts in Class I sales on routes inside or outside of the marketing area or supplies a substantial volume of its receipts to such a plant.

3. Review seasonal pricing of Class I and also Class II and III prices.

4. Add the following as § 916.63 (This amendment also proposed by the Borden Company):

§ 916.63 *Handler operating a plant which is not a pool plant.* Each handler who operates a plant which is not a pool plant during the month shall pay to the market administrator for the producer equalization fund, on or before the 25th day after the end of such month any amount resulting from the following computation:

(a) Compute an amount equal to the net pool obligation which would be computed pursuant to § 916.60 for milk received from dairy farmers at such plant for such month if such handler operated pool plant;

(b) Deduct the gross payments, inclusive of any premiums but exclusive of deductions, made by the handler to dairy farmers for milk received at such plant during such month;

(c) Divide the remainder, if any, by the number of hundredweights of milk received from dairy farmers and utilized for Class I purposes: *Provided,* That in no event shall the resulting amount per hundredweight exceed the difference between the Class I and Class II prices; and

(d) Multiply the amount per hundredweight determined pursuant to paragraph (c) of this section by the number of hundredweights of Class I milk disposed of from such plant in the marketing area.

5. Substitute the following for § 916.60:

§ 916.60 *Value of producer milk.* The value of producer milk received during the month by each handler shall be a sum of money computed by the Market Administrator by multiplying by the applicable class price, adjusted pursuant to § 916.53, the total combined hundredweight of skim milk and butterfat received from producers allocated to each class pursuant to § 916.46 and § 916.47, adding together the resulting amounts, and if such handler has a utilization greater than has been accounted for as received from all sources, add an amount computed by multiplying any such excess utilization classified pursuant to § 916.46 and § 916.47 by the applicable class price.

6. Substitute the following for § 916.61:

§ 916.61 *Computation of the uniform price.* For each month, the Market Administrator shall compute the 3.5 percent value of producer milk by—

(a) Combining into one total the individual values of milk of all handlers computed pursuant to § 916.60, adjusted by any charges or credits pursuant to § 916.75 (a) and (b);

(b) Adding, if the weighted average butterfat test of all producer milk represented in paragraph (a) of this section is more than 3.5 percent, or subtracting, if the weighted average butterfat test of such milk is less than 3.5 percent, an amount computed by multiplying the total pounds of butterfat represented by the difference of such average butterfat test from 3.5 percent by the butterfat differential provided in § 916.71 multiplied by 10;

(c) Add an amount equal to the total value of the location differential pursuant to § 916.72;

(d) Adding not less than one half of the unobligated balance in the producer equalization fund;

(e) Dividing the resulting amount by the hundredweight of milk received from producers; and

(f) Subtracting not less than 6 cents or more than 7 cents. The result shall be known as the uniform price for producer milk of 3.5 percent butterfat content.

7. Substitute the following for § 916.62:

§ 916.62 *Notification.* On or before the 12th day after the end of each month, the market administrator shall mail to each handler, at his last known address, a statement showing for such month:

(a) The amount and value of his producer milk in each class;

(b) The uniform price computed pursuant to § 916.61 and the butterfat differential computed pursuant to § 916.71;

(c) The amount to be paid by such handler pursuant to § 916.72 and § 916.73; and

(d) The amount due such handler from the producer-equalization fund or the amount to be paid by such handler to the producer-equalization fund, as the case may be.

8. Delete "16th", in § 916.70 (b) (1) and substitute "15th".

9. Add the following as § 916.78:

§ 916.78 *Producer-equalization fund.* The market administrator shall establish and maintain a separate fund, known as the "producer-equalization fund" into which he shall deposit all payments received pursuant to paragraph (a) of this section and out of which he shall make all payments pursuant to paragraph (b) of this section.

(a) *Payments to the producer-equalization fund.* On or before the 13th day after the end of each month, each handler whose value of milk is required to be computed pursuant to § 916.60 shall pay to the market administrator any amount by which such value for such month is greater than the minimum amount required to be paid by him pursuant to § 916.70.

(b) *Payments out of the producer-equalization fund.* On or before the 14th day after the end of each month, the market administrator shall pay to each handler any amount by which the value of milk for such handler for the month pursuant to § 916.60 is less than the total minimum amount required to be paid by him pursuant to § 916.70, less any unpaid obligations of such handler to the market administrafor pursuant to paragraph (a) of this section: *Provided*, That if the balance in the producer-equalization fund is insufficient to make all payments to all such handlers pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds become available.

Proposed by the Borden Company:

10. Amend § 916.6 to read as follows:

§ 916.6 *Pool plant.* "Pool plant" means a plant (except one which is exempted pursuant to § 916.101) from which either (a) 20 percent or more of the total milk received at such plant during the month is disposed of in the marketing area as Class I other than to another pool plant, or (b) 20 percent or more of the total milk received from dairy farmers at such plant during the month is moved to a pool plant(s) as described in paragraph (a) of this section.

11. Amend § 916.7 to read as follows:

§ 916.7 *Handler.* "Handler" means: (a) A person who operated a pool plant or a plant in which milk is pasteurized or packaged and from which Class I milk is disposed of in the marketing area.

(b) A cooperative association with respect to milk customarily received by a handler as described under paragraph (a) of this section, which is diverted to a non-handler for the account of the association.

12. Amend § 916.73 to read as follows:

§ 916.73 *Expense of administration.* As his pro rata share of the expense of administration of this part, each handler shall pay to the market administrator on or before the 13th day after the end of each month five cents per hundreweight, or such amount not exceeding five cents per hundredweight as the Secretary may prescribe, with respect to all receipts within the month of milk from producers and to other source milk which is sold in the marketing area as Class I:

Proposed by Lakeside Dairy:

13. Amend § 916.5 to include all of Wexford County and Missaukee and Roscomon Counties.

Proposed by Dairyland Cooperative Creamery Company:

14. Amend § 916.6 to read:

§ 916.6 *Pool Plant.* "Pool plant" means a plant from which either (a) 30 percent or more of the total milk received at such plant during the month (with the exception of the months of July and August) is disposed of in the marketing area as Class I other than to another pool plant: *Provided*, That the total quantity distributed on all routes operated inside or outside the marketing area is equal to 50 percent or more of producer receipts, or (b) 20 percent or more of the total milk received from dairy farmers at such plant during the month is moved to a pool plant(s) as described in paragraph (a) of this section.

Proposed by Gabler Dairy:

15. In § 916.82 change "200 points" to "100 points".

Proposed by the Dairy Division, Agricultural Marketing Service:

16. Provide for the classification and accounting for month end inventories of fluid milk products as Class II milk, subject to an additional charge if allocated to Class I utilization in the following month.

17. Add a new § 916.54 as follows:

§ 916.54 *Use of equivalent price.* If for any reason a price quotation required by this order for computing class prices or for any other purpose is not available in the manner described, the market administrator shall use a price determined by the Secretary to be equivalent to the price which is required.

18. Make such changes as may be required to make the entire order, as amended, conform with any amendments thereto which may result from this hearing.

Copies of this notice of hearing, and the order now in effect, may be procured from the Market Administrator, 916 East Front Street, Traverse City, Michigan, or the Hearing Clerk, Room 112 Administration Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Filed at Washington, D. C., this 6th day of February 1957.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[7 CFR Part 967]

[Docket No. AO-170-A10]

MILK IN SOUTH BEND-LA PORTE, INDIANA, MARKETING AREA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of the recommended decision of the Deputy Administrator, Agricultural Marketing Service, United States Department of Agriculture, with respect to proposals to amend the tentative marketing agreement and the order, as amended, regulating the handling of milk in the South Bend-La Porte, Indiana, marketing area. Interested persons may file written exceptions to this decision with the Hearing Clerk, United States Department of Agriculture, Washington, D. C., not later than the close of business the 10th day after publication of this decision in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary statement. The hearing, on the record of which the proposed amendments to the tentative marketing agreement and to the order, as amended, were formulated, was conducted at South Bend, Indiana, on August 14–15, 1956, pursuant to notice thereof which was issued on August 9, 1956, (21 F. R. 5970).

The material issues of record related to:

1. The classification and pricing of milk used in making cottage cheese. (Proposals 1 and 6.)

2. A revision of the transfer provisions. (Proposal 2).

3. A revision of the list of condenseries appearing in the basic formula. (Proposal No. 4).

4. Elimination of the butter-cheese portion of the basic formula. (Proposal No. 5).

5. The price level for Class I milk, including the supply-demand adjustment. (Proposal No. 7.)

6. Classification and pricing of butterfat used for making butter. (Proposals 11 and 12.)

7. Conforming changes (Proposal No. 13.)

In addition to the foregoing issues, certain other matters were referred to in Proposals 3, 8, 9 and 10 of the hearing notice. They were either abandoned or not specifically supported at the hearing. These proposals included a revision of the allocation provisions, the placing of a limitation on diversions of milk to nonregulated plants, and a new Class III classification and price. It is concluded that no further action with respect to these matters should be taken on the basis of this hearing.

Findings and conclusions. The following findings and conclusions on the material issues covered in this decision are based upon evidence in the record of the hearing:

1. A new classification and price for milk used to produce cottage cheese should be established.

Producers proposed to establish a separate classification and price for milk used to produce cottage cheese. They supported their proposal on the basis that a new classification and price are necessary to reflect the additional cost to producers of supplying milk of the quality required by the health departments of the marketing area for use in cottage cheese.

One unregulated plant operator testified at the hearing in opposition to the proposed price increase but on questioning stated the opinion that producers should receive more money for Grade A milk used in dairy products than for ungraded milk. This operator has a plant near South Bend in which ice cream, ice cream mix, and cottage cheese are manufactured. Approximately 25 percent of the cottage cheese production of his plant is sold in the South Bend-LaPorte marketing area. It was stated that milk received from the reserve supplies of regulated handlers would provide the necessary Grade A milk for the cottage cheese that he sells in the marketing area. This operator at present receives no ungraded milk in his plant.

The South Bend-LaPorte marketing area is comprised of the cities of South Bend, LaPorte, Mishawaka, and Michigan City, Indiana. Recently, the cities of South Bend, LaPorte and Michigan City adopted similar milk ordinances to become effective January 1, 1957. Under these ordinances all cottage cheese sold within each of these cities must be produced from Grade A milk. Some cottage cheese which heretofore has been sold in the market has been made from dry curd produced from ungraded milk. This practice will be prohibited under the new ordinances.

Beginning January 1, 1957, cottage cheese disposed of in a large portion of the marketing area must be made from milk meeting the same inspection requirements as that for fluid disposition. Cottage cheese will provide a regular, year-round outlet for inspected milk (skim milk and butterfat) and under this circumstance should not be considered a distress outlet for Class I reserves. It is important and economically sound that milk for this use should contribute to the increased cost of obtaining the year-round supply of Grade A milk necessary for all purposes which require this type of supply. Producers should receive a price differential over manufacturing milk prices to compensate for the higher costs of producing Grade A milk. The expansion of producer receipts to supply all the milk needed for cottage cheese would reduce returns to producers unduly if the present classification and pricing provisions were retained in the order. Therefore, it is concluded that a new Class II milk classification should be established for producer milk used to produce cottage cheese. Present Class II milk other than milk for cottage cheese should be redesignated Class III milk without a change in the price formula. The testimony and findings concerning an appropriate price level for milk used for cottage cheese are discussed below.

Proponents proposed a price formula for skim milk used to produce cottage cheese as follows: the prevailing price per pound of spray process nonfat dry milk for human consumption (Chicago area manufacturing plants), minus 3.2 cents, multiplied by 8.5. The 3.2 cent deduction was revised from 2.0 cents at the hearing. They contended that the price of Grade A skim milk for cottage cheese should not be less than the cost of its equivalent in nonfat dry milk of Grade A quality which might be secured from alternative sources. Producers explained that the deduction of 3.2 cents represented an adjustment to the price of nonfat dry milk to offset the costs to handlers of such operations as receiving and cooling and field work expense; the loss on butterfat separated from milk used to produce cottage cheese; and hauling charges for reserve butterfat moved to manufacturing plants. The total handling costs, amounting to 28.6 cents per hundredweight, suggested by producers were represented as the average handling costs for fifteen plants operated by the producers' association in the Chicago milkshed. The deduction of 3.2 cents was suggested after allowance also for the differential in price per pound usually received for nonfat dry milk of Grade A quality. The factor "8.5" represents the suggested yield of nonfat dry milk from a hundred pounds of skim milk.

Producers suggested further at the hearing that butterfat used to cream cottage cheese be priced at the present order price for Class II butterfat.

The expression of the South Bend-LaPorte Class II price in terms of a differential over the basic formula price will recognize an additional value for Grade A milk used for cottage cheese over the level of manufacturing prices and also will enable the price of skim milk to fluctuate with prices for manufacturing milk. Milk used to produce cottage cheese and that contained in fluid cream, among other products, is classified and priced as Class II milk under the Chicago order, on a price level above that for manufacturing uses such as butter, nonfat dry milk, cheese and evaporated milk. At the present time, the minimum price for butterfat in Class I milk under the South Bend-LaPorte order is aligned with the minimum price for butterfat in Class II milk under the Chicago order. The annual average price in 1955 for Class I butterfat was approximately 8 cents per pound over the manufacturing level of prices. The price of butterfat in Class II milk (new) should be in close alignment with the price of Class II butterfat (cream) under the Chicago order since butterfat at this price is available to Chicago handlers with fluid milk plants serving the South Bend-LaPorte marketing area. By using the Class I butterfat price to price Class II butterfat also the supply-demand adjustment will apply to the Class II butterfat price in the same manner as it applies to the Class I butterfat price. Therefore, it is concluded that the price of milk used to produce cottage cheese should be the basic formula price plus 70 cents for the months of August through February, and 45 cents for the months of March through July. Such Class II price differentials take into account the competitive influence originating in the Chicago market and also follow the seasonal pattern of pricing provided under the South Bend-LaPorte

order. After deducting the value of 3.5 pounds of butterfat in Class II milk at the proposed level, there would result a residual price for skim milk used in cottage cheese averaging, on the basis of 1955 data, approximately 32 cents above the price for skim milk for manufactured milk products included in the class to be redesignated as Class III milk. In view of the conclusion that a portion of the added value of milk for cottage cheese should be attributed to the butterfat, it is further concluded that the proposed formula adapts itself to the present over-all plan for skim milk and butterfat pricing more readily than the type of formula proposed by producers.

2. The transfer provisions should be modified only in conformity with the revised plan for the classification of milk.

Producers proposed that the transfer provisions be modified so that producer milk transferred or diverted from a regulated plant and then transshipped by an unregulated plant to a second unregulated plant without being received at the first unregulated plant would be classified on the basis of the utilization of such milk at the second unregulated plant. In addition, the transferred or diverted milk would be required to be commingled with receipts of other milk or cream at the unregulated plant where actually received, or the handler would not be allowed to claim Class II product utilization.

The producers' proposal to amend the transfer provisions in this manner is based on the allegation that certain quantities of milk which have been transferred or diverted by handlers, and classified as Class II at an unregulated plant, were not actually received at such plant. Presumably such milk, in unknown quantities, was moved to a second unregulated plant where it was used or disposed of for bottling purposes.

At the present time, the order provides that milk transferred or diverted from a regulated plant to an unregulated plant may be classified Class II if the respective parties involved in the transfer or diversion mutually indicate that such milk was utilized in Class II. The order requires the market administrator to check the records of the unregulated plant in order to determine whether the milk moved to the unregulated plant was received at such plant and an amount of milk at least equivalent to such transfer was so utilized in the plant.

The main purpose of allowing a Class II classification on milk transferred or diverted from regulated to unregulated plants in this market has been to facilitate the movement of reserve milk to plants where manufacturing facilities are available. In this connection, it has been considered important that a certain degree of flexibility be maintained in the provisions governing the disposition of reserve milk. Stringent transfer provisions could enhance the difficulties of the small volume handlers in disposing of minor quantities of reserve milk. The testimony does not reveal specific instances of abuse of these provisions. Moreover, the present order transfer provisions recognize the difficult administrative task of ascertaining the particular use of each hundred-weight of producer milk moved to an unregulated plant. There are administrative limitations involved in accounting for specific "lots" of transferred or diverted milk according to its actual, or physical, disposition at the unregulated plant. It does not appear that the problem complained of warrants the additional administrative difficulties involved in accounting for specific "lots" of milk.

For these reasons it is concluded that the proposed modification of the transfer provision should not be adopted.

3. The list of condenseries used in computing the basic formula price should be revised.

The list of condenseries, the pay-prices of which are used in connection with price formulas under the order, should include only those plants which are currently operating, and for which producer pay-prices are reported. The last revision of the list, in December 1953 (18 F. R. 8671), deleted the names of the Borden Company plants at Black Creek and Greenville, Wisconsin, and the Carnation Company at Jefferson, Wisconsin. Official notice is taken of the termination of operations at the Pet Milk Company Hudson, Michigan. In addition, the Carnation Company plants at Berlin and Chilton, Wisconsin, have terminated operations. The names of the following plants therefore should be deleted from the list appearing in § 967.50 (a): Carnation Company, Berlin, Wisconsin, Carnation Company, Chilton, Wisconsin, and Pet Milk Company, Hudson, Michigan. For convenience, the full list as revised is incorporated in the order amendments included in this decision.

4. The butter-cheese portion of the basic price formula should be deleted.

Producers proposed that the "condensery-code" price formula be deleted as a basic price formula. Handlers presented no opposition testimony to this proposal.

The basic price formula employs market prices for Chicago Grade A butter and Wisconsin State Brand Cheddar Cheese. In the present order, the basic formula price for any month is the highest price resulting from three formula prices, reflecting the values of milk used for condensing, for making butter and cheese, and for making butter and nonfat dry milk. The condensery-code price formula is one of the three. It reflects the value of milk used for butter and cheese.

This component of the basic price formula has not had significant effect in the South Bend order during the past several years. During the entire period January 1952 through June 1956, the butter-cheese component of the basic price formula was never sufficiently high in any month to be used as a basis of pricing Class I milk.

The necessity of appropriate alignment of South Bend milk prices with those established under the Chicago order is recognized. The record of this hearing contains ample evidence in this respect. The condensery-code price formula has already been deleted from the basic price formula of the Chicago order. In order to preserve further the alignment of prices under Orders No. 67 and 41, it is concluded that the condensery-code price formula should be deleted from Order No. 67.

5. No change should be made in the Class I price differential. Non-substantive changes in the language of the supply-demand adjuster should be adopted.

The major producers' cooperative supplying milk to regulated handlers proposed that the Class I milk price differential, which is added to the basic formula price, be changed to $1.30 for each month of the year. The Class I milk price differentials now provided in the order are $1.30 for the months of August through December, $1.10 for January and February, and 90 cents for the remaining months of the year. The annual monthly average of these differentials is $1.10.

The proposal to establish a Class I differential of $1.30 for each month was based on the following: (1) Production costs have increased, (2) the proposed price increase would not result in an undesirable price alignment with surrounding markets, (3) the base-excess plan eliminates the need for seasonal differentials, and (4) the price increase proposed is moderate and will not increase production.

The proposal was not supported on the basis of a need to increase the supply of milk for the market, but rather to increase returns to producers on the volume of milk currently being produced. The elimination of seasonal differentials was urged on the basis that the present base-excess plan is sufficient incentive for producers to establish a pattern of uniform milk production throughout the year.

Producers' proposal would have the effect of increasing the annual level of the Class I milk price. The present stated Class I differentials average $1.10 on an annual basis. This level of Class I price differentials (not including plus or minus supply-demand adjustments) has been provided for in Order No. 67 since November 1, 1952. Immediately prior to that date the annual average Class I differential was approximately 85 cents per hundredweight.

Between 1952 and 1955 Class I sales increased 33 percent, with the largest annual increase occurring in 1955. During this 4-year period receipts of producer milk increased 39 percent. This increase in total producer receipts is due to two important factors: (1) the 27 percent increase in production per farm, and (2) a 9 percent increase in producer numbers in this period.

During the first 6 months of 1956 production continued to increase, being up 18 percent over the corresponding months of the year before. Also, producer numbers increased 5 percent in the same period. Class I sales, during the first 6 months of 1956 increased 12 percent over the same period a year ago. The increase in producer receipts represents a somewhat greater volume of milk than the increase in Class I sales since the Class I sales total is less than total producer receipts. The fall and winter months are normally the months of relatively low milk production in the South Bend-LaPorte market. In the fall of 1955, the monthly percentages of producer milk utilized as Class I milk were as follows:

August	77.9	November	83.4
September	79.4	December	81.5
October	79.0		

It is concluded from the above that market supplies have responded adequately to the price levels (as modified by the supply-demand adjuster in response to changing conditions) which have prevailed during recent years. Supplies of producer milk at the present time serve to fulfill Class I milk requirements. It is concluded that an increase in the annual level of the Class I price should not be adopted.

The amount of seasonal variation in Class I price differentials was reduced with the amendment of December 1, 1954, which also made effective a base-excess plan of distributing returns to producers. Official notice is taken of the decision of the Secretary issued November 24, 1954, which supported such amendment. It was found appropriate at that time to establish a seasonal pattern of fixed differentials which would align prices closer with the Class I prices paid by handlers in surrounding marketing areas. While it was generally acknowledged that the adoption of the base-excess plan diminishes the need for seasonal variation in the Class I price, it was further recognized by interested parties that it is necessary, under present conditions, to have some seasonal change in the differentials in order to keep the price in this market competitive throughout the year with prices in areas with adjoining or overlapping milksheds. Of these, Chicago is the most important.

It is significant, too, that a substantial proportion of the fluid milk distributed within the South Bend-LaPorte marketing area originates in plants regulated and priced by the Chicago order. Although there has been marked improvement in the seasonal variation of producer deliveries during the past several months, and it is possible that further improvement would result from the elimination of seasonal pricing in conjunction with the base plan, the Class I price must remain competitive with the Chicago price as well as with prices in other surrounding areas in which regulated handlers distribute considerable quantities of Class I milk. The current hearing did not develop information on which to conclude that there is less need to maintain the South Bend-LaPorte and Chicago Class I prices in close relationship than was the case at the time the present price schedule was adopted.

It is concluded that the present seasonal differences in Class I price differentials should be retained.

Producers proposed that the present language of the supply-demand provision be modified to state that the adjustment in price (increase or decrease) will in each instance be the same as that resulting from action of the supply-demand adjuster contained in the Chicago order. The proposal was supported primarily on the basis that any modification of the Chicago supply-demand provision automatically should have a corresponding result under the South Bend-LaPorte order without the necessity of a hearing. Handlers expressed no opposition to this proposal.

The language of the present South Bend-LaPorte supply-demand adjustment provision has been revised on several occasions in order that it might be kept the same as the comparable provisions of Order No. 41 for Chicago. The data currently used to compute the adjustment are Chicago supply-sales data, not those of the South Bend-LaPorte market. Since it has been indicated that prices in the two markets should be closely aligned, it would be appropriate to adopt the proposed language in the South Bend-LaPorte order. This would not change the substantive effect of the present supply-demand provision but would obviate the necessity of modifying language in the South Bend-LaPorte order whenever the Chicago supply-demand provision might be amended. Should it become desirable to provide different supply-demand adjusters in the respective markets, a separate hearing on this order could be proposed to consider such an action. It is concluded that the proposal concerning the language of the supply-demand adjustment provision should be adopted.

6. A separate classification and price for butterfat used in churning butter should not be adopted.

Handlers proposed that butterfat used in churning butter should have a separate classification, and be priced the same as 92-score butter on the Chicago market.

In supporting the proposal, handlers testified that in 1955, an average of 24,000 pounds of butterfat per month was used for churning operations, usually in unregulated plants. For the first six months of 1956, approximately 31,000 pounds of butterfat per month were used in this manner. Much of such butterfat was churned on a custom basis, presumably returned as butter to regulated handlers for sale to their customers. Handlers contended that they lose 5 to 10 cents per pound on such butterfat, i. e., the difference between the South Bend-LaPorte Class II butterfat price and their sale price to butter manufacturing plants.

The proposal is intended to relieve handlers of losses incurred by them in the disposition of butterfat for churning. They argued that producers should assume a portion of these losses since the handlers have had to accept more butterfat than actually needed in procuring a sufficient quantity of milk for fluid disposition. However, it was conceded by proponents that there is opportunity in the over-all operation of a fluid milk business to recover whatever losses are incurred whether in the cream department or elsewhere.

It was further argued that the adoption of the proposal would encourage producers to deliver milk of lower butterfat content, in closer conformance with the consumer demand for products of lower butterfat content.

Producers contended that cream for churning can be sold at the present Class II butterfat price and that to adopt the proposal would shift to producers the losses resulting from poor sales outlets.

At the present time, butterfat used for churning butter is classified in Class II and priced accordingly. The Class II price for butterfat is computed by adding 20 percent to the Chicago 92-score butter price and then multiplying by 1,000. This has resulted in annual average Class II butterfat prices per hundredweight in 1952, 1953, 1954 and 1955 of $87, $79, $72 and $69, respectively. During that period, the proposal would have resulted in annual average prices for butterfat used for butter of $72, $66, $60 and $57, representing a significant reduction from the present level.

A large portion of the reserve quantity of butterfat in the market is utilized in ice cream and ice cream mix, and not necessarily utilized for churning. Approximately 84 percent of the total Class II butterfat during the 18 months prior to the hearing was utilized in products yielding higher returns to handlers than butterfat for churning. Approximately 16 percent of the Class II butterfat during this period was disposed of for churning. The latter quantity is equivalent to less than one percent of the total butterfat in producer milk. Recognizing that reserves are necessary for a handler to conduct a fluid milk operation, the small quantity of butterfat which is disposed of for churning may not be considered burdensome. It is concluded that a separate classification and pricing for butterfat used for churning should not be adopted.

7. Other changes in the order involve the redesignation of paragraph references to conform with recommendations contained herein to amend the classification and pricing provisions of the order.

General findings. (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and minimum prices specified in the proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed order, as amended, and as hereby proposed to be further amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Rulings on proposed findings and conclusions. Briefs were filed which contained statements of fact, proposed find-

ings and conclusions, and arguments with respect to the provisions of the proposed amendments. Every point covered in the briefs was carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that the findings and conclusions proposed in the briefs are inconsistent with the findings and conclusions contained herein, the request to make such findings or to reach such conclusions is denied on the basis of the facts found and stated in connection with the conclusions in this recommended decision.

Recommended marketing agreement and amendments to the order. The following amendments to the order, as amended, regulating the handling of milk in the South Bend-LaPorte, Indiana, marketing area are recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out (the recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be identical with those contained in the order, as amended, and as hereby proposed to be further amended):

1. In § 967.22 (l) (1) delete the phrase "pursuant to § 967.51" and substitute "pursuant to §§ 967.51 through 967.53".

2. Delete § 967.41 and substitute the following:

§ 967.41 *Classes of utilization.* Subject to the conditions set forth in §§ 967.43 and 967.44, the skim milk and butterfat described in § 967.40 shall be classified by the market administrator on the basis of the following classes:

(a) Class I milk shall be all skim milk (including reconstituted skim milk) and butterfat (1) disposed of (except as provided in paragraph (c) (1) of this section) in the form of milk, skim milk, flavored milk, flavored milk drink, and buttermilk; (2) disposed of as cream (sweet or sour) and as any fluid mixture of cream and milk (or skim milk) containing not less than 6 percent butterfat (but not including ice cream or other frozen dessert mixes disposed of to a commercial processor, or any mixture disposed of in containers or dispensers under pressure for the purpose of dispensing a whipped or aerated product); (3) disposed of in fluid or frozen form as concentrated milk, flavored milk, flavored milk drink not sterilized and not otherwise specified under paragraph (c) of this section, and as eggnog; (4) in shrinkage of receipts of producer milk computed pursuant to § 967.42 which is in excess of 2 percent of such receipts; and (5) not specifically accounted for as any item named in this paragraph or as Class II milk or Class III milk.

(b) Class II milk shall be all skim milk and butterfat used to produce cottage cheese.

(c) Class III milk shall be all skim milk and butterfat (1) disposed of in bulk in the form of milk, skim milk, buttermilk, and cream to any manufacturer of candy, soup or bakery products and used in such products; (2) in condensed milk or skim milk (sweetened or unsweetened) disposed of to commercial food processors; (3) disposed of (or used to produce, in the case of ice cream and frozen desserts and mixes (liquid or powdered) for such products, and aerated cream products) as sweetened condensed milk in hermetically sealed cans, evaporated milk, ice cream, ice cream mix, other frozen desserts and mixes, storage cream, butter, cheese and nonfat dry milk solids; (4) dumped or disposed of for livestock feed as skim milk (including that in whole milk dumped), flavored milk, flavored milk drink and buttermilk; (5) disposed of as a milk product other than any of those specified in paragraph (a) (1), (2) and (3) in paragraph (b) of this section, and in subparagraphs (1), (2), (3) and (4) of this paragraph; (6) contained in monthly inventory variations; (7) in actual shrinkage of receipts of producer milk computed pursuant to § 967.42 but not in excess of 2 percent of such receipts; and (8) in actual shrinkage of other source milk computed pursuant to § 967.42.

3. Delete § 967.44 and substitute the following:

§ 967.44 *Transfers.* Skim milk or butterfat disposed of by a handler either by transfer or diversion shall be classified:

(a) As Class I milk if transferred or diverted to another handler (except a producer-handler) in the form of any item named in § 967.41 (a) (1), (2), or (3) unless utilization in another class is matually indicated in writing to the market administrator by both handlers on or before the 9th day after the end of the delivery period within which such transaction occurred: *Provided*, That skim milk or butterfat so assigned to a particular class shall be limited to the amount thereof remaining in such class in the plant of the transferee handler after the subtraction of other source milk pursuant to § 967.46, and any excess of such skim milk or butterfat, respectively, shall be assigned to Class I milk;

(b) As Class I milk if transferred or diverted to a producer-handler in the form of any item named in § 967.41 (a) (1), (2) or (3);

(c) As Class I milk if transferred or diverted to a plant not an approved plant in the form of any item named in § 967.41 (a) (1), (2) or (3) unless (1) the transferor handler claims use in another class on the basis of utilization in the unapproved plant in his report submitted to the market administrator pursuant to § 967.30 for the month within which such transaction occurred, (2) the receiver maintains books and records showing the utilization of all skim milk and butterfat at his plant which are made available if requested by the market administrator for the purpose of verification, and (3) in such receiver's plant there actually had been used during such delivery period in the use indicated in such report, not less than an equivalent amount of skim milk and butterfat derived by him from milk or cream: *Provided*, That if upon inspection of such receiver's records of such plant, there had not been used in such indicated use an equivalent amount of skim milk and butterfat so derived, the remaining pounds shall be classified as Class I milk.

4. In § 967.45 delete the phrase "in Class I milk and Class II milk" and substitute "in each class".

5. In § 967.46 (c) delete the phrase "pursuant to § 967.41 (b) (7), in series beginning with Class II milk" and substitute therefor the phrase "pursuant to § 967.41 (c) (7), in series beginning with Class III milk".

6. In § 967.46 (e) delete the phrase "with Class II milk" and substitute therefor the following "with Class III milk".

7. Delete that portion of § 967.50 preceding paragraph (a) thereof and substitute therefor the following:

§ 967.50 *Basic formula price.* The basic formula price to be used in computing the prices of Class I milk and Class II milk for the delivery period shall be the higher of the prices computed by the market administrator for the delivery period immediately preceding pursuant to paragraphs (a) and (b) of this section:

8. Delete the list of plants and locations appearing in § 967.50 (a) and substitute therefor the following:

Present operator:	*Location*
Borden Co	Mount Pleasant, Mich.
Borden Co	New London, Wis.
Borden Co	Orfordville, Wis.
Carnation Co	Oconomowoc, Wis.
Carnation Co	Richland Center, Wis.
Carnation Co	Sparta, Mich.
Pet Milk Co	Belleville, Wis.
Pet Milk Co	Coopersville, Mich.
Pet Milk Co	New Glarus, Wis.
Pet Milk Co	Wayland, Mich.
White House Milk Co	Manitowoc, Wis.
White House Milk Co	West Bend, Wis.

9. Delete § 967.50 (b) in its entirety.

10. Redesignate § 967.50 (c) as § 967.50 (b).

11. Delete the proviso in § 967.51 (a) and substitute therefor the following: "*Provided*, That such Class I price differential shall be increased or decreased, respectively, by the supply-demand adjustment computed under Federal Order No. 41 regulating the handling of milk in the Chicago, Illinois, marketing area."

12. In § 967.51 (b) delete the reference to ."§ 967.50 (c) (2)" and substitute therefor the reference "§ 967.50 (b) (2)."

13. In § 967.51 (b) delete the reference to "§ 967.50 (c)" and substitute therefor the reference "§ 967.50 (b)."

14. Delete § 967.51 (d) in its entirety.

15. Delete § 967.52 and substitute therefor the following:

§ 967.52 *Class II milk prices.* The minimum prices per hundredweight to be paid by each handler for skim milk and butterfat in producer milk received and classified as Class II milk for each delivery period shall be computed by the market administrator as follows:

(a) Add to the basic formula price (3.5 percent milk), the following amount for the delivery period indicated: August, September, October, November, December, January and February, $0.70; all others $0.45.

(b) The amount computed pursuant to § 967.51 (b) shall be the price of butterfat in Class II milk.

(c) Subtract from the price computed pursuant to paragraph (a) of this section the amount specified in paragraph (b) of this section times 0.035, and divide the remainder by 0.965. The resulting amount shall be the price of skim milk in Class II milk: *Provided*, That in no event shall the price of skim milk pursuant to this paragraph be less than the price computed pursuant to § 967.53 (b).

16. Add a new § 967.53 as follows:

§ 967.53 *Class III milk prices.* The minimum prices per hundredweight to be paid by each handler for skim milk and butterfat in producer milk received and classified as Class III milk for each delivery period shall be computed by the market administrator as follows:

(a) The price of butterfat in Class III milk shall be the producer butterfat differential computed for such delivery period pursuant to § 967.81 times 1000.

(b) The price of skim milk in Class III milk shall be computed by subtracting the hundredweight price of butterfat computed pursuant to paragraph (a) of this section times 0.035, from the price determined pursuant to § 967.50 (a), and divide the remainder by 0.965.

17. Delete § 967.71 (e) (1) and substitute therefor the following:

(1) Compute the total value on a 3.5 percent butterfat basis of excess milk included in the computations pursuant to paragraph (a) of this section by multiplying the hundredweight of such excess milk not in excess of the total quantity of Class III milk included in these computations by the price for Class III milk of 3.5 percent butterfat content, and multiplying the hundredweight of such excess milk in excess of such Class III milk in series by the price for Class II milk and Class I milk, respectively, of 3.5 percent butterfat content, and adding together the resulting amounts.

18. In § 967.80 (b) delete the phrase "Class I milk and Class II milk" and substitute therefor the following "Class I milk, Class II milk and Class III milk."

Filed at Washington, D. C., this 6th day of February 1957.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 57-1018; Filed, Feb. 8, 1957; 8:50 a. m.]

[7 CFR Part 997]

FILBERTS GROWN IN OREGON AND WASHINGTON

PROPOSED ADMINISTRATIVE RULE FOR OBTAINING CANDIDATES IN CONNECTION WITH NOMINATION ELECTIONS FOR CERTAIN MEMBERS AND ALTERNATE MEMBERS OF FILBERT CONTROL BOARD

Notice is hereby given that the Department is considering the issuance of the administrative rule herein set forth pursuant to the provisions of Marketing Agreement No. 115, as amended, and Marketing Order No. 97, as amended (7 CFR Part 997), regulating the handling of filberts grown in Oregon and Washington, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

Prior to final issuance of such rule, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing to the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., and which are received not later than the close of business on the 7th day after publication of this notice in the FEDERAL REGISTER, except that if such day should fall on a holiday, Saturday, or Sunday, such submission may be received by the Director not later than the close of business on the next following workday.

Section 997.32(b) of the aforesaid marketing agreement and order, as amended, provides for the submission, by petition, prior to February 10th of each fiscal year, of names of grower candidates to represent growers who market their production through other than cooperative handlers for inclusion with ballots to be used in voting for nominees for positions on the Filbert Control Board. It is further provided in such section that, if the Secretary should determine that the aforementioned procedure is unsatisfactory to the growers involved because it is too difficult to administer, it does not result in the names of a sufficient number of qualified candidates being submitted with the ballots, or it should be changed for other reasons, he may change this procedure through the formulation and issuance of superseding regulations.

Experience up to this time has indicated that a reasonably adequate number of such candidates for balloting purposes has not been obtained through the petition method. In the circumstances, this Department is considering issuance of the following supplemental procedure.

§ 997.432 *Nominations.* Whenever petitions submitted pursuant to § 997.32 (b) fail to result in submission of at least twice as many names as there are positions to be filled, the Board shall request County Agricultural Agents in all filbert producing counties which produced an average of at least 10 percent of the total production in the area of production during the preceding year, to recommend a qualified grower for each position to be included on the ballot.

Dated: February 6, 1957.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Bureau of Indian Affairs

[25 CFR Part 130]

WIND RIVER IRRIGATION PROJECT, WYOMING

ORDER FIXING OPERATION AND MAINTENANCE CHARGES

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (Public Law 404, 79th Congress, 60 Stat. 238) and authority contained in the Acts of Congress approved August 1, 1914; May 18, 1916; and March 7, 1928 (38 Stat. 583; 25 U. S. C. 383; 39 Stat. 142; and 45 Stat. 210; 25 U. S. C. 387), and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs (Order No. 2508; 14 F. R. 258), and by virtue of authority delegated by the Commissioner of Indian Affairs to the Area Director (Bureau Order No. 351, Amendment No. 1, 16 F. R. 5454-7), notice is hereby given of intention to modify the notice published in the FEDERAL REGISTER under date of January 8, 1957, § 130.95 of Title 25, dealing with irrigable lands of the Wind River Irrigation Project to read as follows:

In compliance with the provisions of the acts of August 1, 1914 and March 7, 1928 (39 Stat. 583, 25 U. S. C. 385; 45 Stat. 210; 25 U. S. C. 387), the notice published under date of January 8, 1957, is hereby modified to read: Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views and data or arguments, in writing, to the Area Director, Bureau of Indian Affairs, Billings, Montana, within forty-four (44) days from the date of publication of this notice of intention to modify in the daily issue of the FEDERAL REGISTER.

PERCY E. MELIS,
Area Director.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Parts 146a, 146b, 146c, 146d, 146e]

PENICILLIN AND PENICILLIN-CONTAINING DRUGS INTENDED FOR USE BY THE INTRAMAMMARY ROUTE

NOTICE OF PROPOSED RULE MAKING

Notice is given that the Commissioner of Food and Drugs, on his own initiative, and in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507 (f), 59 Stat. 463, as amended; 21 U. S. C. 357 (f)) and under authority delegated to him by the Secretary of Health, Education, and Welfare (20 F. R. 1696) hereby offers an opportunity to all interested persons to submit their views in writing to the Hearing

Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., within 30 days from the date of publication of this notice in the FEDERAL REGISTER on the proposals set forth below. Written views and comments should be filed in quintuplicate.

It is proposed to amend all the regulations relating to penicillin and penicillin-containing drugs (21 CFR Parts 146a, 146b, 146c, 146d, 146e) to establish 100,000 units of penicillin as the maximum single dose in those preparations intended for use in the treatment of mastitis in milk-producing animals and administered by the intramammary route.

The proposed amendments are based on the following facts that have come to the attention of the Food and Drug Administration:

1. Substantial quantities of penicillin are used in the treatment of mastitis in milk-producing animals by the intramammary route of administration. If the milk from animals so treated is consumed too soon after the last treatment, it will contain penicillin residues. Notwithstanding the fact that since 1951 § 3.25 of Title 21 of the Code of Federal Regulations has required the labeling of such drugs to bear the statement, "Important: Milk from treated segments of udders should be discarded or used for purposes other than human consumption for at least 72 hours after the last treatment," significant quantities of penicillin are present in the Nation's milk supply. This has been confirmed by three nationwide surveys conducted by the Food and Drug Administration in which samples of market milk were collected and tested for penicillin.

2. In collaboration with representatives of the Food and Drug Administration, these results were reviewed by more than 30 of the country's medical authorities in the fields of antibiotic therapy, allergy, and pediatrics. It was the consensus that these concentrations of penicillin in milk might possibly cause allergic reactions in those consumers that are extremely sensitive to the drug.

3. When penicillin preparations specifically intended for use in the treatment of mastitis by intramammary infusion were first certified in 1947, it was shown that repeated doses of 25,000 units for each infected segment of the udder were effective in the treatment of those infections caused by penicillin-sensitive microorganisms. Since that time, this dose has been gradually increased by some manufacturers of these preparations to 1,500,000 units. There is no evidence that these massive doses increase the clinical efficiency of the drug. Furthermore, the time required for penicillin to be eliminated from the milk of animals treated with these large doses is longer than with smaller doses.

4. The proposed amendment may not eliminate penicillin from the milk supply. If it does not, consideration will be given to prohibiting the use of penicillin in any amount in preparations intended for treatment of mastitis by the intramammary route.

Dated: February 5, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

[F. R. Doc. 57-994; Filed, Feb. 8, 1957; 8:45 a. m.]

NOTICES

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

ALAMOSA AUCTION ET AL.

PROPOSED POSTING OF STOCKYARDS

The Director of the Livestock Division, Agricultural Marketing Service, United States Department of Agriculture, has information that the livestock markets named below are stockyards as defined in section 302 of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 202), and should be made subject to the provisions of the act.

Alamosa Auction, Alamosa, Colo.
Cortez Sale Barn, Cortez, Colo.
Craig Livestock Auction, Craig, Colo.
Delta Sales Yard, Delta, Colo.
Alsbury's Sales Pavilion, Glenwood Springs, Colo.
Grand Junction Livestock Auction, Grand Junction, Colo.
Valley Livestock Auction Co., Grand Junction, Colo.
H. & G. Livestock Commission Co., Montrose, Colo.
McCanless-Hess Livestock Commission Co., Pueblo, Colo.
Rifle Sales Yard, Rifle, Colo.
Salida Livestock Commission Co., Inc., Salida, Colo.
Trinidad Livestock Commission Co., Trinidad, Colo.
Yampa Valley Livestock Sales, Steamboat Springs, Colo.

Notice is hereby given, therefore, that the said Director, pursuant to authority delegated under the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), proposes to issue a rule designating the stockyards named above as posted stockyards subject to the provisions of the act, as provided in section 302 thereof.

Any person who wishes to submit written data, views, or arguments concerning the proposed rule may do so by filing them with the Director, Livestock Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., within 15 days after publication hereof in the FEDERAL REGISTER.

Done at Washington, D. C., this 6th day of February 1957.

[SEAL] DAVID M. PETTUS,
Acting Director, Livestock Division, Agricultural Marketing Service.

Commodity Stabilization Service

PEANUTS

NOTICE OF REDELEGATION OF FINAL AUTHORITY BY THE AGRICULTURAL STABILIZATION AND CONSERVATION STATE COMMITTEES FOR ALABAMA, FLORIDA, GEORGIA AND MISSISSIPPI

The Allotment and Marketing Quota Regulations for Peanuts of the 1957 and subsequent crops (21 F. R. 9370, 9760), issued pursuant to the allotment and marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1281-1393), provide that any authority delegated to the State Agricultural Stabilization and Conservation Committee by the regulations may be redelegated by the State committee. In accordance with section 3 (a) (1) of the Administrative Procedure Act (5 U. S. C. 1002 (a)), which requires delegations of final authority to be published in the FEDERAL REGISTER, there are set out herein redelegations of authority vested in the Agricultural Stabilization and Conservation State Committees by the regulations referred to above which have been made for the 1957 crop of peanuts by such committees in the States listed. The following sets forth the sections of the regulations containing the authority being redelegated and the persons to whom the authority has been redelegated.

ALABAMA

Section 729.828—To B. L. Collins, State Administrative Officer.

FLORIDA

Sections 729.811 (p) (5), 729.818, 729.820 (a), 729.822 (a) and 729.855—To the State Administrative Officer or the person acting in such capacity.

Sections 729.817 (b) (5) and 729.828—To the State Administrative Officer or the person acting in such capacity and to District Farmer Fieldmen.

GEORGIA

Sections 729.811 (p) (5), 729.811 (ff) (5), 729.820 (a), 729.822 (a) and 729.849 (b)—To the State Administrative Officer or the person acting in such capacity and to the Program Specialist in charge of peanut allotment and marketing quota work.

Sections 729.818 and 729.828—To the State Administrative Officer or the person acting in such capacity, Program Specialists engaged in peanut allotment and marketing quota work, District Farmer Fieldmen and District Farmer Fieldmen Trainees.

Section 729.849 (c)—To the State Administrative Officer or the person acting in such capacity.

MISSISSIPPI

Issued at Washington, D. C. this 5th day of February 1957.

[SEAL] CLARENCE L. MILLER,
Acting Administrator, Commodity Stabilization Service.

[F. R. Doc. 57-1025; Filed, Feb. 8, 1957; 8:51 a. m.]

DESIGNATION OF REPRESENTATIVES OF SECRETARY OF AGRICULTURE

Pursuant to the authority vested in the Administrator of the Commodity Stabilization Service by the Secretary of Agriculture (19 F. R. 77), the Chairman and the Administrative Officer of every Agricultural Stabilization and Conservation State Committee are each hereby designated a Representative of the Secretary of Agriculture with authority to execute in the name of the United States Department of Agriculture, contracts, agreements, or other documents relating to the procurement, handling, payment, and related services for section 32 programs as authorized by program directives issued to Commodity Stabilization Service pursuant to the Memorandum of Understanding Between Agricultural Marketing Service and Commodity Stabilization Service. (See Commodity Stabilization Service Instruction 114-3.) Such authority shall be exercised with respect to commodities or functions which have been assigned to his respective Agricultural Stabilization and Conservation State Committee. The authority herein conferred may be exercised by any person who is serving in such position in an acting capacity.

Effective date: January 2, 1957.

Issued this 5th day of February 1957.

[SEAL] WALTER C. BERGER,
Administrator, Commodity Stabilization Service.

[F. R. Doc. 57-1052; Filed, Feb. 8, 1957; 8:51 a. m.]

Commodity Stabilization Service and Commodity Credit Corporation

APPOINTMENT OF COMMODITY CREDIT CORPORATION CONTRACTING OFFICERS

Pursuant to the authority vested in the Executive Vice President, Commodity Credit Corporation, by the by-laws of the Commodity Credit Corporation, the Chairman and the Administrative Officer of every Agricultural Stabilization and Conservation State Committee are each hereby appointed a contracting officer of the Commodity Credit Corporation with authority to execute in the name of the Corporation contracts, agreements, or other documents or any amendments or supplements thereto under authorized programs of Commodity Credit Corporation and with respect to commodities or functions which shall have been assigned to his respective Agricultural Stabilization and Conservation State Committee.

The authority herein delegated shall be exercised in conformity with the by-laws, regulations, and programs of Commodity Credit Corporation and the policies adopted by the Board of Directors of the Commodity Credit Corporation. The authority herein conferred may be exercised by any person who is serving in such position in an acting capacity.

Effective date: January 2, 1957.

Issued this 5th day of February 1957.

[SEAL] WALTER C. BERGER,
Executive Vice President, Commodity Credit Corporation.

[F. R. Doc. 57-1024; Filed, Feb. 8, 1957; 8:51 a. m.]

HAWAIIAN SUGARCANE

NOTICE OF HEARING ON PRICES AND DESIGNATION OF PRESIDING OFFICERS

Pursuant to the authority contained in subsection (c) (2) of section 301 of the Sugar Act of 1948, as amended (61 Stat. 929; 7 U. S. C. Sup. 1131), and in accordance with the rules of practice and procedure applicable to fair price proceedings (7 CFR 802.1 et seq), notice is hereby given that a public hearing will be held as follows:

At Hilo, on the Island of Hawaii, in the Auditorium of the Hilo Electric Light Company, Limited, on Kilauea Avenue, on March 26, 1957, at 9:30 a. m.

The purpose of the hearing is to receive evidence likely to be of assistance to the Secretary of Agriculture in determining, pursuant to the provisions of section 301 (c) (2) of said act, fair and reasonable prices for the 1957 crop of Hawaiian sugarcane to be paid, under either purchase or toll agreement, by producers who process sugarcane grown by other producers and who apply for payments under the said act.

The hearing after being called to order at the time and place mentioned herein, may be continued from day to day within the discretion of the presiding officers, and may be adjourned to a later day or to a different place without notice other than the announcement thereof at the hearing by the presiding officers.

In the interest of obtaining the best possible information, all interested persons are requested to appear at the hearing to express their views and present appropriate data in regard to the foregoing matter.

Lawrence Myers, L. C. Holm, A. A. Greenwood, and Will N. King are hereby designated as presiding officers to conduct either jointly or severally the foregoing hearing.

Issued this 6th day of February 1957.

[SEAL] THOS. H. ALLEN,
Acting Director, Sugar Division.

Office of the Secretary

KANSAS

DISASTER ASSISTANCE; DELINEATION OF DROUGHT AREA

Pursuant to Public Law 875, 81st Congress, the President determined on August 26, 1954, that a major disaster occasioned by drought existed in the State of Kansas.

Pursuant to the authority delegated to me by the Administrator, Federal Civil Defense Administration (18 F. R. 4609; 19 F. R. 2148, 5364), and for the purposes of section 2 (d) of Public Law 38, 81st Congress, as amended by Public Law 115, 83d Congress, and section 301 of Public Law 480, 83d Congress, the following area was determined on January 31, 1957, to be affected by the above-mentioned major disaster:

KANSAS

Nine townships in Pottawatomie County: Green, Pottawatomie, Union, Center, St. Clare, Emmett, Louisville, and those parts of Blue and St. George Townships north of the new Highway 24.

Done at Washington, D. C., this 6th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary.

FLORIDA

NOTICE OF FILING OF PLAT OF SURVEY

FEBRUARY 5, 1957.

1. Notice is given that the plat original survey of the following described lands accepted August 18, 1954 will be officially filed in this office, effective at 10:00 a. m., on the 35th day after the date of this notice:

TALLAHASSEE MERIDIAN, FLORIDA

T. 42 S., R. 21 E.,
Sec. 23, Lot 4, containing 2.05 acres;
Sec. 25, Lot 1, containing 2.34 acres;
Sec. 34, Lot 1, containing 6.83 acres; Lot 2, containing 1.17 acres;
Sec. 35, Lot 1, containing 0.31 acres; Lot 2, containing 7.54 acres.

2. This plat represents the survey of islands in the waters of Charlotte Harbor which were not included in the original survey of the township.

3. By Executive Order No. 958 of October 23, 1908, all unsurveyed islands in above-mentioned township were with-

drawn for the Island Bay Reservation, name changed to Island Bay National Wildlife Refuge by Proclamation No. 2416 of July 27, 1940.

4. Anyone having a valid settlement or right to any of the lands initiated prior to the date of withdrawal of the land should assert the same within three months from the date on which the plat is officially filed by filing an application under appropriate public land law setting forth all facts relevant thereto.

5. All inquiries relating to the land should be addressed to the Acting Manager, Eastern States Land Office, Bureau of Land Management, Department of the Interior, Washington 25, D. C.

H. K. SCHOLL,
Acting Manager.

REID BRAZELL

REPORT OF APPOINTMENT AND STATEMENT OF FINANCIAL INTERESTS

FEBRUARY 5, 1957.

Pursuant to section 302 (a) of Executive Order 10647, the following information on a WOC appointee in the Department of the Interior is furnished for publication in the FEDERAL REGISTER:

Name of appointee: Reid Brazell.

Name of employing agency: Department of the Interior, Office of Oil and Gas.

Title of the appointee's position: Consultant.

Name of the appointee's private employer: None.

Date of appointment: January 7, 1957.

The statement of "financial interests" for the above appointee is set forth below.

THOMAS H. TELLIER,
Personnel Officer.

Statement of Financial Interest

In accordance with the requirements of section 302 (b) of Executive Order 10647, I am filing the following statement for publication in the FEDERAL REGISTER:

(1) Names of any corporations of which I am, or had been within 60 days preceding my appointment, on January 7, 1957, as Consultant, Office of Oil and Gas, United States Department of the Interior, an officer or director.

Leonard Refineries, Inc.
Leonard Oil, Inc.
Meridian Drilling Co.
WFYC, Inc.
First State Bank of Alma, Mich.
West Park Development, Inc.

(2) Names of any corporations in which I own, or did own within 60 days preceding my appointment, any stocks, bonds, or other financial interests.

Leonard Refineries, Inc.
Leonard Oil, Inc.
Meridian Drilling Co.
WFYC, Inc.
First State Bank of Alma, Mich.
West Park Development, Inc.
Hiawatha Oil and Gas Co.

(3) Names of any partnerships in which I am associated, or had been associated within 60 days preceding my appointment.

None.

(4) Names of any other businesses which I own, or owned within 60 days preceding my appointment.

None.

REID BRAZELL.

DEPARTMENT OF COMMERCE

Federal Maritime Board

[Docket No. M-77]

PRUDENTIAL STEAMSHIP CORP. ET AL.

NOTICE OF HEARING ON APPLICATIONS TO BAREBOAT CHARTER DRY-CARGO VESSELS

Notice is hereby given that a public hearing will be held pursuant to section 5 (e) of the Merchant Ship Sales Act, 1946, as amended (Pub. Law 591, 81st Cong., 50 U. S. C. App. 1738), on February 25, 1957, at 9:30 a. m., in the offices of the Federal Maritime Board in the New General Accounting Office Building, Fifth and G Streets NW., Washington, D. C., upon the applications of:

(1) Prudential Steamship Corporation to bareboat charter ten (10) Liberty-type vessels to be used in trade between the United States and Japan and other foreign countries, principally as bulk carriers of iron and steel scrap;

(2) Polarus Steamship Co., Inc., to bareboat charter ten (10) Liberty-type vessels to be used in trade from the United States to Japan and other foreign destinations principally in the transportation of scrap iron and pig iron and related steel products;

(3) West Coast Steamship Company to bareboat charter five (5) Liberty-type vessels for the carriage of government-sponsored bulk cargoes of grain and/or coal from U. S. ports to Japan, Korea, and Formosa, together with such other cargoes and between such other ports as may be approved by the Maritime Administrator; and

(4) Paroh Steamship Company to bareboat charter two (2) Liberty-type vessels for the carriage of government-sponsored bulk cargoes from U. S. Atlantic and Gulf ports to Continental, Mediterranean, and Far Eastern ports, and from U. S. Pacific ports to Korea, Japan, India, and Pakistan, and wherever government-sponsored foreign aid cargoes are destined.

The purpose of the hearing is to receive evidence with respect to whether the services for which such vessels are proposed to be chartered are required in the public interest and are not adequately served, and with respect to the availability of privately owned American-flag vessels for charter on reasonable conditions and at reasonable rates for use in such services. Evidence will be received with respect to any restrictions or conditions that may be necessary or appropriate to protect the public interest in respect of such charters as may be granted and to protect privately owned vessels against competition from vessels chartered as a result of this proceeding.

All persons having an interest in the applications will be given an opportunity to be heard if present, and applications from qualified applicants to bareboat charter additional vessels for offshore employment which are received by the close of business on February 21, 1957, will be considered in the proceedings.

An Examiner from the Hearing Examiner's Office will preside at the hearing, and oral argument may be had at the conclusion of the receipt of evidence in lieu of briefs. An initial decision will be issued. The time for filing exceptions thereto is hereby restricted to seven (7) days, and no replies to exceptions will be received.

By order of the Federal Maritime Board.

Dated: February 7, 1957.

JAMES L. PIMPER,
Secretary.

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners and learning periods for certificates issued under general learner regulations (§§ 522.1 to 522.12) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Apparel Industry Learner Regulations (29 CFR 522.20 to 522.24, as amended March 1, 1956, 21 F. R. 1349).

The following learner certificates were issued for normal labor turnover purposes and, except as otherwise indicated below, 10 percent of the total number of factory production workers were authorized for employment.

American Apparel Co., Inc., Roodhouse, Ill.; effective 1-16-57 to 1-15-58; five learners (Women's, misses' and juniors' dresses).

American Apparel Co., Inc., White Hall, Ill.; effective 1-16-57 to 1-15-58 (Women's, misses', and juniors' dresses).

Blue Bell, Inc., 626 South Elm Street, West Lee and Fuller Streets, Greensboro, N. C.; effective 1-21-57 to 1-20-58 (misses' and girls' shorts).

Calloway Manufacturing Co., Second and Poplar Streets, Murray, Ky.; effective 1-21-57 to 1-20-58 (men's work trousers).

Cambria Dress Manufacturing Co., Inc., Corner of Walter and Johnson Streets; effective 1-14-57 to 1-13-58; 10 learners (dresses).

Campus Shirt Co., 130 East South Street, Barnesville, Ohio; effective 1-23-57 to 1-22-58 (men's and boys' sport shirts).

Carole Industries, Inc., Rutherfordton, N. C.; effective 1-28-57 to 1-27-58 (ladies' and misses' woven pajamas).

Centre Manufacturing Co., Inc., Centre, Ala.; effective 1-16-57 to 1-15-58 (men's and boys' apparel).

Chickadee Dress Co., Inc.; 835 East Fourth Street, Bethlehem, Pa.; effective 1-18-57 to 1-17-58; 10 learners (ladies' dresses).

City Shirt Co., 19-21 West Vine Street, Mahanoy City, Pa.; effective 2-1-57 to 1-31-58 (sport and uniform shirts).

Elsing Manufacturing Co., South on Highway 69, McAlester, Okla.; effective 1-17-57 to 1-16-58; five learners. Learners may not be employed at special minimum wages in the production of separate skirts (women's blouses, dresses).

Hanover Shirt Co., Inc., Ashland, Va.; effective 1-27-57 to 1-26-58 (men's cotton flannel sport shirts).

Hebron Pants Factory, Hebron, Md.; effective 2-4-57 to 2-3-58 (cotton work pants).

Huggins Garment Co., Inc., Donalds, S. C.; effective 1-9-57 to 1-28-58 (men's sport and utility shirts).

Morgan Shirt Co., Inc., Morgantown, W. Va.; effective 1-17-57 to 1-16-58 (ladies' mantailored blouses).

Philip Rothenberg & Co., Inc., Shellenberger Plant, McAlisterville, Pa.; effective 1-18-57 to 1-17-58 (dress and sport shirts).

Tennessee Overall Co., 401 North Atlantic Street, Tullahoma, Tenn.; effective 1-23-57 to 1-22-58; 10 learners (men's cotton work pants).

True Loom Manufacturing Co., Inc., Lafayette, Tenn.; effective 2-15-57 to 2-14-58 (men's sport shirts).

Willards Shirt Co., Willards, Md.; effective 1-29-57 to 1-28-58 (cotton work shirts).

The following learner certificates were issued for plant expansion purposes. The number of learners authorized is indicated:

Centre Manufacturing Co., Inc., Centre, Ala.; effective 1-16-57 to 7-15-57; 75 learners (men's and boys' apparel).

Harriet Shirt Co., Inc., Exmore, Va.; effective 1-17-57 to 7-16-57; 15 learners (boys' shirts and pajamas).

International Latex Corp., Manchester, Ga.; effective 1-18-57 to 4-14-57; 130 learners (infants' wear and brassieres).

Glove Industry Learner Regulations (29 CFR 522.60 to 522.65, as amended March 1, 1956, 21 F. R. 581).

Knoxville Glove Co., 819 McGhee Street, Knoxville, Tenn.; effective 1-15-57 to 1-14-58; 10 percent of the total number of machine stitchers, for normal labor turnover purposes (cotton, Jersey and leather-palm work gloves).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.43, as amended March 1, 1956, 21 F. R. 629).

Acme Hosiery Dye Works, Inc., Pulaski, Va.; effective 1-25-57 to 1-24-58; 5 percent of total number of factory production workers for normal labor turnover purposes (full fashioned).

Durham Hosiery Mills, Plant No. 14, 109 South Corcoran Street, Durham, N. C.; effective 1-25-57 to 1-24-58; 5 percent of the total number of factory production workers for normal labor turnover purposes (full fashioned).

Koury Hosiery Mills, Inc., 1247 South Park Avenue, Burlington, N. C.; effective 1-18-57 to 1-17-58; five learners for normal labor turnover purposes (seamless).

Parkdale Hosiery Mill, Catawba, N. C.; effective 1-18-57 to 1-17-58; five learners for normal labor turnover purposes (seamless).

Virginia Maid Hosiery Mills, Inc., Pulaski, Va.; effective 1-25-57 to 1-24-58; 5 percent of total number of factory production workers for normal labor turnover purposes (full fashioned).

Knitted Wear Industry Learner Regulations (29 CFR 522.30 to 522.35, as amended March 1, 1956, 21 F. R. 581).

Reverie Lingerie, Inc., Hillsboro, N. C.; effective 2-1-57 to 1-31-58; five learners for normal labor turnover purposes (ladies' and children's nylon and rayon underwear).

Shadowline, Inc., Morganton, N. C.; effective 1-15-57 to 1-14-58; five percent of total number of factory production workers for normal labor turnover purposes (panties, pettiskirts, gowns, etc).

Shoe Industry Learner Regulations (29 CFR 522.50 to 522.55, as amended March 1, 1956, 21 F. R. 1195).

B. E. Cole Co., Beal & Lynn St., Norway, Maine; effective 1-18-57 to 1-17-58; 10 percent of total number of factory production workers for normal labor turnover purposes (women's novelty shoes).

Columbia Novelty Slipper Co., Hazleton, Pa.; effective 1-17-57 to 1-16-58; 10 percent of total number of factory production workers for normal labor turnover purposes.

Francine Shoe Co., Beal Street, Norway, Maine; effective 1-18-57 to 1-17-58; 10 percent of total number of factory production workers for normal labor turnover.

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.12, as amended February 28, 1955, 20 F. R. 645).

Palm Beach Co., Blackville, S. C., effective 1-21-57 to 1-20-58; 10 percent of the total number of factory production workers for normal labor turnover purposes (men's summer clothing and slacks).

Regulations Applicable to the Employment of Student-Workers (29 CFR 527.1 to 527.9, October 14, 1955, 20 F. R. 7737).

Newbury Park Academy, Newbury Park, Calif.; effective 1-14-57 to 8-31-57; 10 student workers to be employed in the broom industry, in the occupations of broom maker, sorter, winder, stitcher, and related skilled and semiskilled occupations; each for a learning period of 360 hours at rates of 80 cents an hour for the first 180 hours and 85 cents an hour for the remaining 180 hours.

Each learner certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be annulled or withdrawn in the manner provided in Part 528 and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Each student-worker certificate has been issued upon the employer's representation that the employment of the student-workers at subminimum rates is necessary to prevent curtailment of opportunities for employment.

Signed at Washington, D. C., this 25th day of January 1957.

MILTON BROOKE,
Authorized Representative of the Administrator.

[Docket Nos. G–6511, G–7735]

RAVENCLIFFS DEVELOPMENT CO. AND H. E. SCHWARTZ, ET AL.

NOTICE OF APPLICATIONS AND DATE OF HEARING

FEBRUARY 5, 1957.

Take notice that Ravencliffs Development Company and H. E. Schwartz, et al.[1] (Applicants) filed on November 29, 1954, and December 2, 1954, respectively, applications for certificates of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing Applicants to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the applications which are on file with the Commission and open for public inspection.

Ravencliffs Development Company produces natural gas from leases in the Slab Fork and Oceana Districts, Wyoming County, and Slab Fork District, Raleigh County, West Virginia, which it sells to Amere Gas Utilities Company for transportation in interstate commerce for resale.

H. E. Schwartz, et al., produces natural gas from the East Panhandle Field, Gray County, Texas, which they sell to Phillips Petroleum Company for transportation in interstate commerce for resale.

These matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 6, 1957, at 9:30 a. m., e. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised it will not be necessary for Applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 21, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[F. R. Doc. 57–1002; Filed, Feb. 8, 1957; 8:47 a. m.]

[Docket No. G–11882]

AMERADA PETROLEUM CORP.

ORDER SUSPENDING PROPOSED CHANGE IN RATES

Amerada Petroleum Corporation (Amerada), on January 10, 1957, tendered for filing a proposed change in its presently effective rate schedule for a sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change dated January 7, 1957.

Purchaser: Texas Gas Transmission Corporation.

Rate schedule designation: Supplement No. 4 to Amerada's FPC Gas Rate Schedule No. 9.

Effective date:[1] February 15, 1957.

Amerada's proposed rate change is based on a favored-nations clause in its contract with Texas Gas which, by its terms, will be operative on the date on which Union Oil and Gas Corporation of Louisiana commences collection of increased rates under its contract with Texas Gas (see order issued December 7, 1956, in docket No. G–11563 which suspends Union's proposed increase from January 1 to February 15, 1957).

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the said proposed increased rate and charge, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's general rules and regulations thereunder (18 CFR Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed increased rate and charge; and, pending such hearing and decision thereon, the above-designated supplement be and it is hereby suspended and the use thereof deferred until July 15, 1957, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(B) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 5, 1957.

By the Commission.

---

[1] The application in Docket No. G–7735 states that H. E. Schwartz, Operator, is filing for himself and D. E. Williams, Jim Tripplehorn and A. D. McNamara.

[1] The stated effective date is the first day after expiration of the required thirty days' notice, or the effective date proposed by Amerada, if later.

[Docket No. G-11883]

AMERADA PETROLEUM CORP.

ORDER SUSPENDING PROPOSED CHANGES IN RATES

Amerada Petroleum Corporation (Amerada), on January 7, 1957, tendered for filing several proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of change dated January 2, 3 and 4, 1957.

Purchaser: Texas Gas Transmission Corporation.

Rate schedule designations: Supplement No. 8 to Amerada's FPC Gas Rate Schedule No. 11; Supplement No. 3 to Amerada's FPC Gas Rate Schedule No. 12; Supplement No. 5 to Amerada's FPC Gas Rate Schedule No. 13.

Effective date: [1] February 6, 1957.

Amerada's proposed rate changes are based on favored-nations clauses in its contracts with Texas Gas which, by their terms, have purportedly become operative by the rate for a new sale to Texas Gas by Gulf Refining Company in the South Bell City Field, Calcasieu Parish, Louisiana.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the said proposed increased rates and charges, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's general rules and regulations thereunder (18 CFR Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed increased rates and charges; and, pending such hearing and decision thereon, the above-designated supplements be and they are each hereby suspended and the use thereof deferred until July 6, 1957, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(B) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby shall be changed until this proceeding has been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(C) Interested State commissions may participate as provided by §§1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 5, 1957.

By the Commission.

[SEAL] J. H. GUTRIDE, *Secretary.*

[F. R. Doc. 57-1004; Filed, Feb. 8, 1957; 8:48 a. m.]

[1] The stated effective date is the first day after expiration of the required thirty days' notice, or the effective date proposed by Amerada, if later.

[Docket No. G-11884]

SOHIO PETROLEUM CO.

ORDER SUSPENDING PROPOSED CHANGES IN RATES

Sohio Petroleum Company (Sohio), on January 7, 1957, tendered for filing several proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of change, undated.

Purchaser: Texas Gas Transmission Corporation.

Rate schedule designations: Supplement No. 2 to Sohio's FPC Gas Rate Schedule No. 24; Supplement No. 2 to Sohio's FPC Gas Rate Schedule No. 14; Supplement No. 3 to Sohio's FPC Gas Rate Schedule No. 16; Supplement No. 2 to Sohio's FPC Gas Rate Schedule No. 21.

Effective date: [1] February 6, 1957.

Sohio's proposed rate changes are based on favored-nations clauses in its contracts with Texas Gas which, by their terms, have purportedly become operative by the rate for a new sale to Texas Gas by Gulf Refining Company in the South Bell City Field, Calcasieu Parish, Louisiana.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the said proposed increased rates and charges, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's general rules and regulations thereunder (18 CFR Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed increased rates and charges; and, pending such hearing and decision thereon, the above-designated supplements be and they are each hereby suspended and the use thereof deferred until July 6, 1957, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(B) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby shall be changed until this proceeding has been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 5, 1957.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-169]

MARKET STREET RAILWAY CO.

ORDER RELEASING JURISDICTION OVER FEES AND EXPENSES FOR SERVICES AND OVER FINAL DISTRIBUTION

FEBRUARY 5, 1957.

By order dated May 13, 1953 (Holding Company Act Release No. 11906) the Commission approved Step II, as amended, of a plan of liquidation, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act"), filed by Market Street Railway Company ("Market Street"), formerly a non-utility subsidiary of Standard Gas and Electric Company, a registered holding company. Step II, as amended, among other things, proposed that Market Street would, after satisfying its liabilities, distribute its remaining assets on a pro rata basis to the holders of its then outstanding prior preference stock. In the order of May 13, 1953, the Commission reserved jurisdiction with respect to (a) any future distribution to be made by Market Street to its prior preference stockholders and (b) the payment of any fees and expenses.

Market Street has advised the Commission that there are no outstanding claims against it other than those that are current and after making provision for the satisfaction of its current liabilities and for the payment of the sum of $500 for services performed by Edward E. Laufer as an officer of Market Street and the sum of $2,513 for legal services performed and to be performed through final dissolution of the corporation by Douglass Newman, there remains $40,664.75 for final distribution to stockholders holding 116,185 shares or at the rate of 35¢ per share. Such distribution will be payable from cash on hand.

The Commission having considered (a) the proposed payments of fees and expenses for services rendered and to be rendered and finding that such amounts are reasonable and for necessary services and (b) the proposed final distribution to stockholders in the light of the applicable standards of the act and deeming it appropriate that the jurisdiction heretofore reserved with respect to such distribution should be released:

It is ordered, Pursuant to section 11 (e) and the other applicable sections of the act, that the transactions proposed herein be, and the same hereby are, approved and that the jurisdiction heretofore reserved with respect thereto be, and the same hereby is, released.

By the Commission.

INTERSTATE COMMERCE COMMISSION

FOURTH SECTION APPLICATIONS FOR RELIEF

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FEBRUARY 6, 1957.

FSA No. 33232: *Substituted service—Motor-Rail-Motor, Pennsylvania Railroad.* Filed by The Eastern Central Motor Carriers Association, Inc., Agent, for named motor carriers and The Pennsylvania Railroad Company. Rates on various commodities loaded in highway motor-truck trailers and transported on railroad flat cars between Chicago and East St. Louis, Ill., Cincinnati and Cleveland, Ohio, Detroit, Mich., Indianapolis, Ind., and Louisville, Ky., on one hand, and Baltimore, Md., on the other; also between Cincinnati, Detroit, and Louisville, on one hand, and Kearny, N. J., and Philadelphia, Pa., on the other.

Grounds for relief: Motor-truck competition.

Tariff: The Eastern Central Motor Carriers Association, Inc., tariff I. C. C. No. 14.

FSA No. 33233: *Fibreboard boxes—Omaha, Nebr., to Minnesota.* Filed by W. J. Prueter, Agent, for interested rail carriers. Rates on boxes, fibreboard, carloads, as more fully described in the application, from Omaha, Nebr., to Albert Lea, Mankato, Miloma, and Waterville, Minn.,

Grounds for relief: Circuitous routes.

Tariff: Supplement 78 to Agent Prueter's tariff I. C. C. A-4038.

FSA No. 33234: *Caustic soda to points in Tennessee territory.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on liquid caustic soda, tank-car loads from Baton Rouge and North Baton Rouge, La., to Boyce, Calhoun, Chattanooga, Lowland and North Chattanooga, Tenn., from Calvert, Ky., Memphis, Tenn., and McIntosh, Ala., to Lowland, Tenn.

Grounds for relief: Market competition and circuitous routes.

Tariffs: Supplement 187 to Agent Spaninger's I. C. C. 1295. Supplement 31 to Agent Spaninger's I. C. C. 1526. Supplement 33 to Agent Spaninger's I. C. C. 1548.

FSA No. 33235: *Pig iron—South to Kansas and Missouri.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on pig iron and related articles, carloads from specified producing points in Alabama and Tennessee to Kansas City, Clinton, Harrisonville, and Springfield, Mo., and Kansas City, Kans.

Grounds for relief: Circuitous routes.

Tariff: Supplement 78 to Agent C. A. Spaninger's I. C. C. 1420.

FSA No. 33236: *Salt—Jefferson Island, La., to Anniston, Ala.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on mine run salt, carloads from Jefferson Island, La., to Annison, Ala.

Grounds for relief: Circuitous routes.

Tariff: Supplement 85 to Agent Kratzmeir's I. C. C. 3903.

FSA No. 33237: *Paper winding cores—From and to western trunk-line territory.* Filed by W. J. Prueter, Agent, for interested rail carriers. Rates on cores, printing paper winding, old and used, iron or steel, carloads, as more fully described in the application, from specified points in Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota, Wisconsin, and Wyoming to specified points in Illinois, Indiana, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, and Wisconsin, also Manitoba and Ontario, Canada.

Grounds for relief: Carrier competition and circuitous routes.

Tariffs: Supplement 42 to Agent Prueter's I. C. C. A-4082. Supplement 13 to Agent Prueter's I. C. C. A-4094.

FSA No. 33238: *Cresylic acid—Oklahoma and Texas to Roxana, Ill.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on petroleum cresylic acid, tank-car loads, from Tulsa, Okla., Houston, Tex., and other specified points in Texas to Roxana, Ill.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariffs: Supplement 196 to Agent Kratzmeir's I. C. C. 4109. Supplement 289 to Agent Kratzmeir's I. C. C. 4139.

FSA No. 33239: *Trailer-on-flat-car-service—Between central territory and southwestern territory.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on commodities moving on class and commodity rates loaded in highway trailers and transported on railroad flat cars between specified points in central territory and specified points in southwestern territory, and from specified points in central territory to specified points in southwestern territory.

Grounds for relief: Motor truck competition and circuitous routes.

Tariff: Supplement 18 to Agent Kratzmeir's tariff I. C. C. 4196.

FSA No. 33240: *Caustic soda—Calvert, Ky., to Foley, Fla.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on liquid caustic soda, tank-car loads from Calvert, Ky., to Foley, Fla.

Grounds for relief: Market competition.

Tariff: Supplement 33 to Agent Spaninger's tariff I. C. C. 1548.

FSA No. 33241: *Sulphuric acid between points in western trunk-line territory.* Filed by W. J. Prueter, Agent, for interested rail carriers. Rates on acid, sulphuric, and acid, sulphuric, spent, tank-car loads between points in western trunk line territory, and from Wichita, Kans., to stations in western trunk line territory described in exhibit 2 of the application.

Grounds for relief: Short-line distance formula, motor tank truck competition, and circuitous routes.

Tariff: Supplement 16 to Agent Prueter's tariff I. C. C. A-4164.

FSA No. 33242: *Trailer-on-flat-car-service, Chicago, Ill., to Texas points.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on candy or confectionery, in stated minimum quantities, loaded in highway trailers and transported on railroad flat cars from Chicago, Ill., to Dallas, Fort Worth, Galveston, and Houston, Tex.

Grounds for relief: Short-line distance formula, motor truck competition, and circuitous routes.

Tariff: Supplement 32 to Agent Kratzmeir's tariff I. C. C. 4181.

By the Commission.

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10698

AMENDMENT OF EXECUTIVE ORDER NO. 10648,[1] RESTORING CERTAIN PORTIONS OF THE FORT RUGER MILITARY RESERVATION TO THE JURISDICTION OF THE TERRITORY OF HAWAII

WHEREAS by Executive Order No. 10648 of December 8, 1955, certain lands at Kapahulu, Honolulu, Island of Oahu, Territory of Hawaii, were, subject to certain limitations, restored to the possession, use, and control of the Territory of Hawaii; and

WHEREAS the descriptions of course 17 of Parcel 2 and course 2 of Parcel 3 as set forth in Part I of the said order and the descriptions of course 5 of Tract 1–A and course 11 of Tract 1–C as set forth in Part III of the said order are erroneous; and

WHEREAS it is deemed desirable and in the public interest that the said errors in description be corrected:

NOW, THEREFORE, by virtue of the authority vested in me by section 91 of the act of April 30, 1900, 31 Stat. 159, as amended by section 7 of the act of May 27, 1910, 36 Stat. 447, it is ordered as follows:

1. The description of the said course 17 of Parcel 2 is amended to read:

17. 221° 08' 50" 841.34 feet along reservation boundary to the point of beginning; and containing an area of 35.553 acres.

2. The description of the said course 2 of Parcel 3 is amended to read:

2. 359° 00' 00" 191.08 feet along Parcel 6;

3. The description of the said course 5 of Tract 1–A is amended to read:

5. 217° 18' 00" 1366.18 feet along Makapuu Avenue to the point of beginning; and containing an area of 51.628 acres.

4. The description of the said course 11 of Tract 1–C is amended to read:

11. 153° 08' 40" 361.60 feet along Diamond Head Reservoir Lot (restored to the Territory by Executive Order No. 6468, dated November 29, 1933);

TITLE 7—AGRICULTURE

Chapter VII—Commodity Stabilization Service (Farm Marketing Quotas and Acreage Allotments), Department of Agriculture

PART 730—RICE

SUBPART—1957–58 MARKETING YEAR

DETERMINATION OF COUNTY NORMAL YIELDS FOR 1957 CROP

The regulations contained in § 730.807 are issued pursuant to and in conformity with the rice marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended, including the amendments to section 301 of that act which are contained in section 502 of the Agricultural Act of 1956. These amendments provide definitions for county and farm normal yields as follows:

(D) "Normal yield" for any county, in the case of rice, shall be the average yield per acre of rice for the county during the five calendar years immediately preceding the year for which such normal yield is determined, adjusted for abnormal weather conditions and for trends in yields. If for any such year data are not available, or there is no actual yield, an appraised yield for such year, determined in accordance with regulations issued by the Secretary, taking into consideration the yields obtained in surrounding counties during such year and the yield in years for which data are available, shall be used as the actual yield for such year.

(E) "Normal yield" for any farm, in the case of rice, shall be the average yield per acre of rice for the farm during the five calendar years immediately preceding the year for which such normal yield is determined, adjusted for abnormal weather conditions and for trends in yields. If for any such year the data are not available or there is no actual yield, then the normal yield for the farm shall be appraised in accordance with regulations issued by the Secretary, taking into consideration abnormal weather conditions, trends in yields, the normal yield for the county, the yields obtained on adjacent farms during such year and the yield in years for which data are available.

(F) In applying subparagraphs (D) and (E), if on account of drought, flood, insect pests, plant disease, or other uncontrollable natural cause, the yield for any year of such five-year period is less than 75 per centum of the average, 75 per centum of such average shall be substituted therefor in calcu-

lating the normal yield per acre. If, on account of abnormally favorable weather conditions, the yield for any year of such five-year period is in excess of 125 per centum of the average, 125 per centum of such average shall be substituted therefor in calculating the normal yield per acre.

Prior to the issuance of the regulations for determining county normal yields for 1957 and the determination of county normal yields thereunder, public notice (21 F. R. 7025) was given in accordance with the provisions of the Administrative Procedure Act (5 U. S. C. 1003). The data, views, and recommendations pertaining thereto which were submitted have been duly considered within the limits permitted by the Agricultural Adjustment Act of 1938, as amended.

Section 730.807 is issued to provide the regulations for determining county normal yields and to proclaim the yields for the 1957 crop of rice determined thereunder.

§ 730.807 *County normal yields for 1957 crop rice*—(a) *Regulations.* County normal yields for 1957 crop rice shall be determined by computing the average yield per planted acre of rice for each county producing rice during the years 1952 through 1956, adjusted for abnormal weather conditions and other uncontrollable natural causes and for trends in yields. Where data for any year are not available, or there was no actual yield, an appraised yield for such year shall be determined on the basis of the yields obtained in surrounding counties during such year and the yield in years for which data are available. Adjustments for abnormal weather conditions and other uncontrollable natural causes shall be made as follows: For any annual yield, including an appraised yield, which is less than 75 per centum of the 5-year (1952–56) average yield, 75 per centum of such average shall be substituted therefor; and for any annual yield, including an appraised yield, which is in excess of 125 per centum of the 5-year (1952–56) average yield, 125 per centum of such average yield shall be substituted therefor. The adjustment for trends in yields shall be made by computing the simple average of (1) the average yield per planted acre of rice for the county during the 5 calendar years 1952–56, adjusted for abnormal weather conditions and other uncontrollable natural causes as provided in the preceding sentence, and (2) the average yield per planted acre of rice for the county during the 2 calendar years 1955 and 1956, similarly adjusted.

(b) *Proclamation of county normal yields.* County normal yields for 1957 crop rice, determined in accordance with paragraph (a) of this section, are as follows:

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

Subchapter H—Determination of Wage Rates

[Sugar Determination 868.9]

PART 868—SUGARCANE; VIRGIN ISLANDS

CALENDAR YEAR 1957

Pursuant to the provisions of section 301 (c) (1) of the Sugar Act of 1948, as amended, (herein referred to as "act"), after investigation, and consideration of the evidence obtained at the public hearing held in Christiansted, St. Croix, Virgin Islands, on October 30, 1956, the following determination is hereby issued.

§ 868.9 *Fair and reasonable wage rates for persons employed in the production, cultivation, or harvesting of sugarcane in the Virgin Islands during the calendar year 1957*—(a) *Requirements.* A producer of sugarcane in the Virgin Islands shall be deemed to have complied with the wage provisions of the act during the calendar year 1957 if all persons employed on the farm in the production, cultivation, or harvesting of sugarcane shall have been paid in accordance with the following:

(1) *Wage rates.* All such persons shall have been paid in full for all such work and shall have been paid wages in cash therefor at rates as agreed upon between the producer and the worker, but after the date of publication of this determination in the FEDERAL REGISTER not less than the following:

(i) *Basic time rates.* The basic rates per hour for the first 8 hours of work performed in any 24-hour period shall be as follows:

Class of worker:	Basic rate per hour
A—Operators of mechanical loaders	$0.65
B—Operators of tractors and trucks	.50
C—Chemical sprayers	.43
D—All others	.40

(ii) *Apprentice operators of mechanical loaders and tractors.* For a learner or apprentice the hourly wage rate for Class A work in subdivision (i) of this subparagraph may be reduced by not more than 15 cents per hour, and the hourly rate for Class B work in subdivision (i) of this subparagraph may be reduced by not more than 10 cents per hour: *Provided,* That the training period for such workers shall not exceed six work-weeks and: *Provided further,* That the employer shall have available for examination by the local supervisor of the Caribbean Area Agricultural Stabilization and Conservation Office, Santurce, Puerto Rico (herein referred to as "Area Office"), a certification of learner or apprentice status as required by applicable Municipal or Territorial laws or regulations.

(iii) *Handicapped workers.* For an individual whose productive capacity is impaired by age or physical or mental deficiency the hourly wage rates provided under subdivision (i) of this subparagraph may be decreased by not more than one-third: *Provided,* That the employer shall have available for examination by the local supervisor of the Area Office, a certification of individual worker impairment as required by applicable Municipal or Territorial laws or regulations.

(iv) *Overtime.* Persons employed in excess of 8 hours in any 24-hour period or in excess of 44 hours in any one week shall be paid for the overtime work at a rate not less than one and one-half times the applicable hourly rate provided in subdivisions (i), (ii), and (iii) of this subparagraph: *Provided,* That this provision shall be inapplicable to workers who are employed under extraordinary emergencies as defined in applicable Municipal or Territorial laws or regulations.

(v) *Piecework rates.* If work is performed on a piecework basis, the rate shall be as agreed upon between the producer and the worker: *Provided,* That the hourly rate of earnings for each worker employed on piecework during each pay period (such pay period not to be in excess of two weeks) shall average for the time involved not less than the applicable hourly rate provided under subdivisions (i), (ii), (iii), and (iv) of this subparagraph.

(2) *Compensable working time.* For work performed under subparagraph (1) of this paragraph, compensable working time includes all time which the worker spends in the performance of his duties except time taken out for meals during the work day. Compensable working time commences at the time the worker is required to start work in the field and ends upon completion of work in the field. However, if the producer requires the operator of mechanical equipment, driver of animals, or any other class of worker to report to a place other than the field, such as an assembly point, stable, tractor shed, etc., located on the farm, the time spent in transit from such place to the field and from the field to such place is compensable working time. Any time spent in performing work directly related to the principal work performed by the worker such as servicing equipment, is compensable working time. Time of the worker while being transported from a central recruiting point or labor camp to the farm is not compensable working time.

(b) *Subterfuge.* The producer shall not reduce the wage rates to workers below those determined herein through any subterfuge or device whatsoever.

(c) *Claim for unpaid wages.* Any person who believes he has not been paid in accordance with this determination may file a wage claim with the Area Office against the producer on whose farm the work was performed. Detailed instructions and wage claim forms are available at that office. Such claim must be filed within two years from the date the work with respect to which the claim is made was performed. Upon receipt of a wage claim the Area Office shall thereupon notify the producer against whom the claim is made concerning the representation made by the worker. The Area Office shall make such investigation as it deems necessary and shall notify the producer and worker in writing of its recommendation for settlement of the claim. If the recommendation of the Area Office is not acceptable, either party may file an appeal with the Director of the Sugar Division, Commodity Stabilization Service, U. S. Department of Agriculture, Washington 25, D. C. All such appeals shall be filed within 15 days after receipt of the recommended settlement from the Area Office; otherwise, such recommended settlement will be applied in making payments under the act. If a claim is appealed to the Director of the Sugar Division, his decision shall be binding on all parties insofar as payment under the act is concerned.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination establishes fair and reasonable wage rates to be paid for work performed by persons employed on the farm in the production, cultivation, or harvesting of sugarcane during the calendar year 1957, as one of the conditions with which producers must comply to be eligible for payments under the act.

(b) *Requirements of the act and standards employed.* Section 301 (c) (1) of the act requires that all persons employed on the farm in the production, cultivation, or harvesting of sugarcane with respect to which an application for payment is made shall have been paid in full for all such work, and shall have been paid wages therefor at rates not less than those that may be determined by the Secretary to be fair and reasonable after investigation and due notice and opportunity for public hearing; and in making such determinations the Secretary shall take into consideration the standards therefor formerly established by him under the Agricutural Adjustment Act, as amended (i. e., cost of living, prices of sugar and by-products, income from sugarcane, and cost of production), and the differences in conditions among various producing areas.

(c) *1957 wage determination.* The 1957 wage determination continues unchanged the provisions of the 1956 wage determination except that the basis for determining the minimum hourly guarantee of earnings for workers employed on a piecework basis is specified as a payroll period not to exceed two weeks. The provision relating to certifications for apprentice and handicapped workers has been modified to meet the provisions of existing Territorial legislation.

A public hearing was held in Christiansted, St. Croix, Virgin Islands, on October 30, 1956 at which interested persons presented testimony with respect to fair and reasonable wage rates for the calendar year 1957.

A representative of the federally-owned Virgin Islands Corporation, the largest sugarcane producer in the Virgin Islands, recommended that there be no change in the 1957 determination from that effective for 1956. The witness submitted a copy of the corporation's financial statement for the fiscal year ending June 30, 1956, which indicated that the corporation made a small profit on its sugarcane growing operations. However, he drew attention to the substantial losses incurred in the corporation's overall sugar operations and stated that under the circumstances there appeared to be no justification for increasing wages at this time. He called attention to the passage by the Legislature of the Virgin Islands of a wage and hour law establishing a 40 cent per hour minimum wage for agricultural labor, and stated that while wages presently being paid to field workers by the corporation are the highest in the West Indies, recruitment of labor in St. Croix continues to be a difficult and serious problem. He said that because of the scarcity of field workers it has not been possible to carry out all of the field operations that should be done and that there is almost a complete lack of skilled and semi-skilled labor for the operation of farm machinery and for supervisory positions. The witness stated that it will again be necessary to import 400 British West Indian laborers for harvesting the 1957 crop.

A representative of the local labor union recommended increasing the minimum wages for agricultural field workers from 40 cents to 50 cents per hour because these workers have not had an increase in wages since 1952. The witness stated that the cost of certain items which the workers must purchase, particularly food items, has increased since 1952.

A representative of the St. Croix Sugarcane Industries, Inc. recommended that the wage provisions of the 1956 fair wage determination be continued for 1957. The witness stated that his operations relating to sugar production have been moderately profitable, but only because they are carried out in conjunction with other enterprises. He also stated that he has to import labor for harvesting his sugarcane.

Consideration has been given to the recommendations made at the hearing, to the economic position of producers and workers and to other pertinent factors. Available data indicate the losses of the Virgin Islands Corporation continue to be substantial and that there is little likelihood of marked improvement during 1957.

Previous determinations provided that where workers are paid on a piecework basis the hourly earnings of each worker for the time involved on each separate unit of work were to be not less than the applicable hourly rate specified for similar work. This determination specifies that the hourly rate of earnings of each worker employed on piecework are to be determined on the basis of a payroll period not in excess of two weeks. This change will provide a more equitable and practicable basis on which to calculate the earnings of such workers.

During 1956 the Virgin Islands Legislature enacted a new minimum wage law which specifies a minimum wage rate for unskilled agricultural workers at 40 cents per hour. This act also continues in effect an ordinance of the St. Croix Municipal Council which specifies minimum wage rates for semi-skilled and skilled worker classifications, until such time as industry committees are formed under the new legislation. These industry committees will subsequently issue mandatory decrees fixing minimum wage rates and other standards in each of the industries in the Virgin Islands.

The wage rates specified in this determination conform to those provided by local legislation even though they are higher than the wage rates indicated by the standards customarily considered in wage determinations under the Sugar Act. Producers must pay to the worker in full the wages required by existing legal obligations, regardless of whether such obligations resulted from an agreement (such as a labor union agreement) or were created by statute.

After consideration of all factors, the wage rates and other provisions in this determination are deemed to be fair and reasonable.

Accordingly, I hereby find and conclude that the foregoing wage determination will effectuate the wage provisions of the Sugar Act of 1948, as amended.

(Sec. 403, 61 Stat. 932; 7 U. S. C. Sup. 1153. Interprets or applies Sec. 301, 61 Stat. 929; 7 U. S. C. Sup. 1131)

Issued this 6th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

PART 989—RAISINS PRODUCED FROM RAISIN VARIETY GRAPES GROWN IN CALIFORNIA

MODIFICATION OF FREE, RESERVE, AND SURPLUS PERCENTAGES FOR 1956-57 CROP YEAR

Pursuant to the applicable provisions of Marketing Agreement No. 109 and Marketing Order No. 89, as amended (20 F. R. 6435; 21 F. R. 8182), regulating the handling of raisins produced from raisin variety grapes grown in California, hereinafter referred to as the "order," effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et sec.), hereinafter referred to as the "act," an implementing order (§ 989.211; 21 F. R. 8142) was issued on October 18, 1956, designating the percentages of each varietal type of standard raisins acquired by handlers during the crop year beginning September 1, 1956 and ending August 31, 1957, which shall be free tonnage, reserve tonnage, and surplus tonnage, respectively. It is hereby found that the application of the present volume regulation to raisins acquired by handlers on and after the effective time of this document will not tend to effectuate the declared policy of the act and that such percentages should be modified with respect thereto as set forth hereinafter.

The aforementioned existing volume regulation (expressed in terms of free, reserve, and surplus percentages) prescribes 100 percent free, 0 percent reserve, and 0 percent surplus for all varietal types of raisins other than natural (sun-dried) Thompson Seedless, and, for the varietal type last referred to, a free percentage of 73 percent, a reserve percentage of 10 percent, and a surplus percentage of 17 percent. In making the aforementioned finding, consideration was given to the fact that not only would the estimated season average grower return for all 1956 crop raisins exceed the estimated season average parity prices for raisins, but also that the estimated season average grower return for raisins of the natural (sun-dried) Thompson Seedless varietal type would exceed the equivalent parity price for such raisins. In addition, the situation is such that the prices of raisins in export outlets, to which surplus raisins have been allocated, are now equivalent to those prevailing for free tonnage raisins in Western Hemisphere outlets and hence are attracting free tonnage. Therefore, there is no reason for imposing any volume withholding requirements on any raisins acquired by handlers on and after the effective time of this document. In this connection, it is intended that appropriate action will be taken promptly as required with respect to reserve and surplus pool tonnage raisins now being held for the account of the committee which were set aside in connection with acquisitions of raisins by handlers prior to the effective time of this amendment.

Accordingly, it is hereby ordered that the provisions of § 989.211 of the aforesaid implementing order (21 F. R. 8142) be amended, effective as of the date of the publication of this document in the FEDERAL REGISTER, as follows:

Change the period at the end of said § 989.211 to a colon and add, immediately thereafter, the following: ": *Provided,* That, for any raisins of any and all varietal types (including the natural (sun-dried) Thompson Seedless varietal type) which are acquired on and after February 12, 1957, such percentages shall be as follows: Free tonnage percentage, 100 percent; reserve tonnage percentage, zero percent; and surplus tonnage percentage, zero percent."

The actions taken herein shall not be deemed to have any of the following effects with respect to any acts or transactions under the order which took place prior to the effective time of this document: (a) Affect or waive any right, duty, obligation, or liability which arose in connection with any provision of the order or any implementing order or regulation issued thereunder; (b) release or extinguish any violation of the order or any implementing order or regulation issued thereunder; or (c) affect or impair any right or remedies of the United States of America, the Secretary of Agriculture of the United States, the Raisin Administrative Committee, or any other person with respect to any such right, duty, obligation or liability under the order or of any implementing order or regulation issued thereunder.

Notice of proposed rule making, public procedure thereon, and postponement of the effective time of this document later than the date of its publication in the FEDERAL REGISTER (see section 4 of the Administrative Procedure Act; 5 U. S. C. 1001 et seq.) are impracticable, unnecessary and contrary to the public interest. It has now been determined that the estimated season average price for raisins of the 1956–57 crop year will be above parity, and the continuance of volume withholding requirements on any and all raisins acquired by handlers on and after the effective time of this document would not be in accordance with the provisions of the order and the act. Prompt action of the present nature is required in order to obviate the accumulation of additional pooled tonnage from further acquisitions. Time does not permit such action to be preceded by the aforementioned rule making actions. The demand and supply situation is such that it is urgent that all subsequent acquisitions of raisins be made available immediately to meet market demands. This action will serve to relieve handlers who are now covered under the order from certain restrictions as to future acquisitions which are now in effect and they should need no advance notice of said action.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated February 7, 1957, to become effective as of the date of the publication of this document in the FEDERAL REGISTER.

[SEAL] S. R. SMITH,
Director,
Fruit and Vegetable Division.

Chapter XI—Agricultural Conservation Program Service, Department of Agriculture

[NSCP-2101, Supp. 1]

PART 1106—NAVAL STORES CONSERVATION PROGRAM

SUBPART G—1957

APPEALS

Pursuant to the authority vested in the Secretary of Agriculture under sections 7–17 of the Soil Conservation and Domestic Allotment Act, as amended, and

the Department of Agriculture and Farm Credit Administration Appropriation Act, 1957, the 1957 Naval Stores Conservation Program, approved July 20, 1956 (21 F. R. 5611), is amended by changing § 1106.830 to read as follows:

§ 1106.830 *Appeals.* Any producer may, within 15 days after notice thereof is forwarded to or made available to him, request the Regional Forester in writing to review the recommendation or determination of the Program Supervisor in any matter affecting the right to or the amount of his Federal cost-shares with respect to the producer's turpentine farm. The Regional Forester shall notify the producer of his decision in writing within 60 days after the submission of the appeal. If the producer is dissatisfied with the decision of the Regional Forester he may, within 15 days after the decision is forwarded to or made available to him, request the Chief of the Forest Service to review the case and render his decision, which shall be final.

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interprets or applies secs. 7–17, 49 Stat. 1148, as amended, 70 Stat. 223; 16 U. S. C. 590g–590q)

Done at Washington, D. C., this 7th day of February 1957.

[SEAL] E. L. PETERSON,
Acting Secretary of Agriculture.

[F. R. Doc. 57-1067; Filed, Feb. 11, 1957; 8:49 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 10]

PART 406—CERTIFICATION PROCEDURES

SUBPART C—DENIAL OF CERTIFICATES

DENIAL OF AIRMAN, AIRCRAFT, AIR CARRIER, AIR NAVIGATION, OR AIR AGENCY CERTIFICATE

Section 406.32 of this part provides for appeal of orders denying issuance or renewal of certificates. As the right of judicial review is set forth in section 1006 of the Civil Aeronautics Act of 1938, § 406.32 of this part is unnecessary and should be revoked.

This amendment does not affect the rights nor does it impose any additional burden upon interested persons, thus no useful purpose would be served by compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act; therefore, compliance is unnecessary and is not required.

Section 406.32 is revoked.

This amendment shall become effective upon publication in the FEDERAL REGISTER.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 405. Interprets or applies sec. 1006, 52 Stat. 1024, as amended; 49 U. S. C. 646)

[SEAL] JAMES T. PYLE,
Administrator of Civil Aeronautics.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 207—NAVIGATION REGULATIONS

PART 208—FLOOD CONTROL REGULATIONS

ST. MARYS FALLS CANAL, MICHIGAN, AND JAMESTOWN DAM AND RESERVOIR, NORTH DAKOTA

1. In § 207.440 (v), appearing at 22 F. R. 401, January 19, 1957, the phrase "dock winches" is corrected to read "deck winches".

2. Pursuant to the applicable provisions of sections 7 and 9 of the Act of Congress approved December 22, 1944 (58 Stat. 890, 891; 33 U. S. C. 709), the following regulations of § 208.50 are hereby prescribed to govern the use of storage capacity for flood control purposes in Jamestown Reservoir on the James River, Stutsman County, North Dakota, and the operation of Jamestown Dam for flood control purposes.

§ 208.50 *Jamestown Dam and Reservoir, James River, Stutsman County, North Dakota.* The Bureau of Reclamation, Department of the Interior, represented by its appropriate Regional Director, hereinafter referred to as the Regional Director, shall operate Jamestown Dam and Reservoir in the interest of flood control as follows:

(a) The flood control storage of the lake or reservoir which initially amounts to 200,000 acre-feet between elevation 1429.8 m. s. l. and elevation 1454.0 m. s. l. shall be regulated for flood control on the James River below the dam to effect the release of water through the river outlet works (having a capacity of 2,075 c. f. s. at elevation 1429.8 m. s. l.) as stated in the following: From the beginning of spring runoff to October 1, releases will be progressively increased, as the flood storage space is filled, and will be kept at the highest rate practicable without unduly contributing to seriously damaging stages on the James River (presently estimated as 11.8 feet on the Jamestown gage and 8.3 feet on the LaMoure gage) or, prior to mid-June, causing undue prolongation of flooding which may have resulted despite the control afforded by Jamestown Reservoir; from October 1 through November 15 releases will be maintained as necessary to evacuate the flood control pool to elevation 1,429.8 by midnight of November 15 providing that such releases will not cause the river to exceed significant damage level in the Jamestown area (presently estimated as about 11.8 feet on the Jamestown gage); from November 15 to the beginning of spring runoff releases will be made as necessary to keep the pool evacuated to elevation 1,429.8 providing that such releases will not cause Jamestown Flows to exceed 100 c. f. s.

(b) The District Engineer, Corps of Engineers, Department of the Army, in charge of the locality, hereinafter referred to as the District Engineer, shall issue the necessary instructions to the Regional Director for achievement of flood control below the dam during flood periods and whenever the reservoir may contain impounded water in the flood control storage zone; and the District Engineer shall also issue special directions, if desirable, on the basis of flood conditions at the time, to the Regional Director for temporary modification of the provisions for flood control contained in paragraph (a) of this section. Oral instructions from the District Engineer to the Regional Director shall be confirmed in writing under the date of the day issued.

(c) The discharge characteristics of the river regulation outlet works (capable of discharging 2,750 c. f. s. at elevation 1454.0) shall be maintained in accordance with the construction plans (Bureau of Reclamation Specifications No. DC–3656).

(d) Whenever the reservoir level reaches or exceeds elevation 1429.8 or flood discharges appear imminent, the Regional Director shall report at once to the District Engineer by telephone, telegraph, or radio, and as requested thereafter until the reservoir level falls to elevation 1429.8 or below and flood discharges cease.

(e) Proposed schedules of conservation pool releases and storage changes, if available, and current operating data shall be provided to the District Engineer by the Regional Director. These data shall be tabulated daily and shall include such items as: reservoir elevation, reservoir storage, inflow, discharge, and pertinent available hydrologic data.

(f) Releases made in accordance with the regulations of this section are subject to the condition that releases shall not be made at rates or in a manner that would be inconsistent with requirements for protecting the dam and reservoir from major damages or inconsistent with the safe routing of the spillway design flood.

(g) All elevations stated in this section are at the Jamestown Dam and Reservoir and are referred to a datum giving 1454.0 as the elevation of the spillway crest on Jamestown Dam.

[Regs., January 22, 1957, ENGWE] (Secs. 7 and 9, 58 Stat. 890, 891; 33 U. S. C. 709)

[SEAL] HERBERT M. JONES,
Major General, U. S. Army, The Adjutant General.

[F. R. Doc. 57-1033; Filed, Feb. 11, 1957; 8:45 a. m.]

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

PART 3—STATEMENTS OF GENERAL POLICY OR INTERPRETATION

PESSARIES FOR INTRACERVICAL AND INTRAUTERINE USE

Under the authority vested in the Secretary of Health, Education and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 701, 52 Stat. 1055 as amended; 21 U. S. C. 371) and delegated to the Commissioner of Food and Drugs by the Secretary (20 F. R. 1996), and pursuant to the provisions of the Administrative Procedure Act (sec. 3, 60 Stat. 237, 238; 5 U. S. C. 1002), the following statement of policy is issued:

§ 3.49 *Pessaries for intracervical and intrauterine use.* (a) Because of the limited evidence previously available concerning the hazards attending the use of interacervical and intrauterine pessaries, the shipment of such devices within the jurisdiction of the Federal Food, Drug, and Cosmetic Act, with labeling limiting them to sale only on prescription, has not been subjected to regulatory proceedings. A recent survey shows that it is now the consensus of medical opinion among experts qualified by scientific training and experience to evaluate the safety of such devices that stem-type and wing-type intracervical and intrauterine pessaries are too dangerous for use under any form of labeling and serve no useful purpose. This opinion is particularly applicable to pessaries offered or intended for contraceptive use. These views do not apply to those pessaries, made with hollow tubes, intended solely for use when necessary to maintain drainage from the uterine cavity.

(b) On the basis of this consensus of expert opinion and the supporting evidence of many known injuries, the Food and Drug Administration concludes that stem-type and wing-type intracervical and intrauterine pessaries are dangerous to health, and regardless of their labeling, may be shown to be misbranded within the meaning of sections 502 (f) (1) and (2) and 502 (j) of the Federal Food, Drug, and Cosmetic Act. It is recommended that distributors of these devices remove them from the interstate market at once. Regulatory action may be instituted in connection with any such devices found within the jurisdiction of the act.

(Sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 371)

Dated: January 31, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

[F. R. Doc. 57-995; Filed, Feb. 11, 1957; 8:46 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Parts 905, 906]

[Docket Nos. AO–209–A9 and AO–A9]

MILK IN OKLAHOMA METROPOLITAN MARKETING AREA (PRESENTLY OKLAHOMA CITY AND TULSA-MUSKOGEE MARKETING AREAS)

NOTICE OF EXTENSION OF TIME FOR FILING EXCEPTIONS TO RECOMMENDED DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and orders (7 CFR Part 900), notice is hereby given that the time for filing exceptions to the recommended decision with respect to a proposed marketing agreement and a proposed order amending the orders, as amended, regulating the handling of milk in the Oklahoma City and Tulsa-Muskogee marketing areas, which was issued January 16, 1957 (22 F. R. 405), is hereby extended to February 15, 1957.

Dated: February 7, 1957.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 57-1071; Filed, Feb. 11, 1957; 8:49 a. m.]

[7 CFR Part 928]

[Docket No. AO-227-A7-R01]

MILK IN NEOSHO VALLEY, MARKETING AREA

NOTICE OF REOPENING OF HEARING ON PROPOSED MARKETING AGREEMENT AND ORDER

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and in accordance with the applicable rules of practice and procedure, as amended (7 CFR Part 900), notice is hereby given that the public hearing held at Pittsburg, Kansas, on May 15, 1956, on proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Neosho Valley, marketing area, notice of which was issued on May 3, 1956 (21 F. R. 3082) will be reopened at the Besse Hotel, American Room, Pittsburg, Kansas, beginning at 10 a. m., local time, February 25, 1957.

Producers have requested that the hearing be reopened for a reconsideration of the changes which have occurred in economic and marketing conditions since the original hearing. The producers' proposal to reconsider the type of pooling arrangement affects other related provisions of the order which include, but are not limited to §§ 928.7, 928.62, 928.71, 928.72, 928.92, 928.93, and 928.94.

The purpose of the reopened hearing is to afford interested parties an opportunity to introduce additional evidence on any or all of the original proposals or on any appropriate modifications of such proposals.

Neither the original proposals nor the one involved in the request to reopen the hearing have received the approval of the Secretary.

The proposed amendments are as follows:

By the K. M. O. Milk Producers Association:

The K. M. O. Association requests that the hearing held on Federal Order No. 28, in Pittsburg, Kansas, May 15, 1956, be reopened at the earliest possible date.

Changing marketing conditions which will seriously affect the pooling arrangements proposed at that time have occurred. Specifically, bulk tank development is rapidly changing procurement procedures which will seriously complicate the proposed pooling arrangements and perhaps make an individual plant pooling arrangement nearly impossible to function properly.

By the Dairy Division:

§ 928.59 *Use of equivalent price.* If for any reason a price quotation required by this part for computing class prices or for any other purpose is not available in the manner described, the market administrator shall use a price determined by the Secretary to be equivalent to the price which is required.

Copies of this notice of reopening of hearing, and the order now in effect, may be procured from the Market Administrator, 523½ North Broadway, Pittsburg, Kansas, or the Hearing Clerk, Room 1'-, Administration Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Filed at Washington, D. C., this 7th day of February 1957.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 57-1070; Filed, Feb. 11, 1957; 8:49 a. m.]

FEDERAL HOME LOAN BANK BOARD

[24 CFR Part 145]

[No. 10,433]

LIBERALIZING DECLARATION OF EARNINGS

NOTICE OF PROPOSED RULE MAKING

FEBRUARY 6, 1957.

Resolved that pursuant to Part 108 of the general regulations of the Federal Home Loan Bank Board (24 CFR Part 108) and § 142.1 of the rules and regulations for the Federal Savings and Loan System (24 CFR 142.1) it is hereby proposed that, pursuant to section 5, 48 Stat. 132, as amended (12 U. S. C. 1464), Part 145 of the rules and regulations for the Federal Savings and Loan System (24 CFR Part 145) be amended by amendments the substance of which are as follows:

By adding a new section immediately following § 145.1–1 to be numbered 145.1–2 and to read as follows:

§ 145.1–2 *Quarterly distribution of earnings by Charter N or K (rev.) Federal associations upon resolution of*

board of directors. (a) A Federal savings and loan association shall close its books as of June 30 and December 31 of each year, or as of the last business day of each June and December; and shall, at each of such dates, make such credits to its reserves and to its undivided profits account, and shall make such distribution of the remainder of its earnings, as are provided by such association's charter: *Provided,* That, a Federal association which has a charter in the form of Charter N or Charter K (rev.) and has its home office in a State, district, or territory where building and loan or savings and loan associations, homestead associations, cooperative banks, or mutual savings banks, are authorized or permitted by the laws of such State, district, or territory to distribute earnings quarterly, may, following adoption by its board of directors of the following resolution, distribute earnings as of March 31, June 30, September 30, and December 31 of each year, or as of the last business day of each March, June, September, and December, after providing as of March 31 and September 30 for the payment of expenses, and for the pro rata portion of credits to reserves required by section 10 of Charter N and Charter K (rev.) for the six-month period ending on June 30 and December 31, respectively, next succeeding:

Be it resolved, that the association shall distribute net earnings (as defined in section 10 of the Charter) as of March 31, June 30, September 30 and December 31 of each year, in accordance with, and subject to, the provisions of § 145.1–2 of the Rules and Regulations for the Federal Savings and Loan System (24 CFR 145.1–2).

Provided further, That immediately after the adoption of such resolution a copy thereof certified as follows, shall be sent to the Director, Division of Supervision, Federal Home Loan Bank Board, Washington 25, D. C., and to the President of the Federal Home Loan Bank in the district in which said Federal association is located:

The undersigned, by its secretary, hereby certifies that the above resolution was adopted at a meeting of the board of directors duly called, and held on ----------, ----, 19----.

In witness whereof, the secretary of the undersigned has hereunto affixed his hand and the seal of the undersigned this ---- day of ----, 19----.

---------- Federal Savings and Loan Association.

By ----------

[CORPORATE SEAL]

(b) In the event the resolution providing for quarterly distribution of earnings is subsequently rescinded, a certified copy of such resolution of rescission shall immediately, upon adoption, be sent to the aforesaid Director, Division of Supervision and President of the Federal Home Loan Bank.

(c) As used in this section, the term "State, district, or territory" includes Puerto Rico, Guam, and the Virgin Islands.

Resolved further, that all interested persons are hereby given the opportunity to submit written data, views, or arguments as to whether said proposed amendment should be adopted, should be modified and adopted as modified, or should be rejected. All such written data, views, or arguments must be received through the mail or otherwise at the Office of the Secretary, Federal Home Loan Bank Board, Federal Home Loan Bank Board Building, 101 Indiana Avenue NW., Washington, D. C., not later than the close of business on March 15, 1957, to be entitled to be considered, but any received later may be considered in the discretion of the Federal Home Loan Bank Board.

By the Federal Home Loan Bank Board.

[SEAL] HARRY W. CAULSEN, *Secretary.*

[F. R. Doc. 57-1064; Filed, Feb. 11, 1957; 8:48 a. m.]

[24 CFR Part 146]

[No. 10,427]

MERGER, DISSOLUTION, REORGANIZATION AND CONVERSION OF FEDERAL SAVINGS AND LOAN ASSOCIATIONS

NOTICE OF PROPOSED RULE MAKING

FEBRUARY 5, 1957.

Resolved that Federal Home Loan Bank Board Resolution No. 10,151, dated November 7, 1956, published in the FEDERAL REGISTER on November 10, 1956 (21 F. R. 8777), is hereby amended to read as follows:

Resolved that, pursuant to Part 108 of the general regulations of the Federal Home Loan Bank Board (24 CFR Part 108) and § 142.1 of the rules and regulations for the Federal Savings and Loan System (24 CFR 142.1), it is hereby proposed that, pursuant to section 5, 48 Stat. 132, as amended (12 U. S. C. 1464), Part 146 of the rules and regulations for the Federal Savings and Loan System (24 CFR Part 146) be amended by an amendment the substance of which is as follows:

Part 146 of the rules and regulations for the Federal Savings and Loan System is hereby amended by amending the heading of said part to read "Merger, Dissolution, Reorganization, and Conversion" and by adding to said part a new § 146.5 and to read as follows:

§ 146.5 *Conversion from Federal to State charter under last paragraph of subsection (i) of section 5 of the Home Owners' Loan Act of 1933.* The following minimum requirements are hereby prescribed for approvals pursuant to the last paragraph of subsection (i) of section 5 of the Home Owners' Loan Act of 1933, as amended:

(a) The conversion shall be effected in accordance with a plan approved by the Board.

(b) The plan shall be submitted to the Board prior to the giving of notice as hereinafter provided.

(c) The association shall give formal notice of a special meeting called to vote on the plan, which notice shall set forth the terms of the plan, the rights of the members, and such other matters as the Board may require.

(d) The plan shall be approved by a vote of not less than two-thirds in withdrawal value of the outstanding shares of the association and not less than two-thirds in number of the votes cast at the meeting aforesaid.

(e) In the event that guaranty or permanent stock or other similar stock is provided for in the plan, the plan shall contain provisions which, in the judgment of the Board, are adequate to assure that each shareholder of record at such date as the plan shall fix with the approval of the Board will be entitled to receive, without any payment, a withdrawable account or accounts in the converted association equal in withdrawal value to the withdrawal value of such shareholder's account or accounts in the Federal association plus (1) an amount of such stock (including scrip for any fractional shares) equal to that proportion of the total amount of such stock which the withdrawal value of such shareholder's account or accounts in the Federal association bears to the total withdrawal value of all accounts in such association or (2), at the option of such shareholder, the full equivalent in cash of the value of such shareholder's interest in the excess of the net assets of the Federal association over the withdrawal value of all accounts in such association, as determined by the Board at the expense of the association. The amount of such stock shall be as required by the Board and shall be at least equal to the minimum amount required by or under the laws of the State. Such scrip shall be issued with such provision for redemption, liquidation, or other disposition thereof as the Board may require.

(f) The plan shall include appropriate provisions to prevent reduction of the Federal insurance reserve as a result of action under the plan.

Resolved further, that all interested persons are hereby given the opportunity to submit written data, views, or arguments on the following subjects and issues: (1) Whether said proposed amendment should be adopted as proposed; (2) whether said proposed amendment should be modified and adopted as modified; (3) whether said proposed amendment should be rejected. All such written data, views, or arguments must be received through the mail or otherwise at the Office of the Secretary, Federal Home Loan Bank Board, Federal Home Loan Bank Board Building, 101 Indiana Avenue NW., Washington 25, D. C., not later than March 15, 1957, to be entitled to be considered, but any received later may be considered in the discretion of the Federal Home Loan Bank Board.

By the Federal Home Loan Bank Board.

[SEAL] HARRY W. CAULSEN, *Secretary.*

Bureau of Reclamation

[No. 74]

YUMA PROJECT, ARIZONA-CALIFORNIA VALLEY AND RESERVATION DIVISIONS

PUBLIC NOTICE ANNOUNCING AVAILABILITY OF WATER FOR PRIVATE LANDS

JANUARY 21, 1957.

1. *Private lands for which water will be available.* In pursuance of the act of June 17, 1902 (32 Stat. 388), and acts amendatory thereof or supplementary thereto, notice is hereby given that upon proper water-right application being made therefor, water will be furnished under the Valley and Reservation Divisions of the Yuma Project, during calendar year 1957 and thereafter, for the following described private lands:

VALLEY DIVISION

GILA AND SALT RIVER BASE AND MERIDIAN, ARIZONA

Township 9 South, Range 24 West

Section	Description	Irrigable acreage
31	Lot 2	34.1
	Lot 3	31.0
	Lot 6	.5
	Lot 9	14.5
	Township 10 South, Range 25 West	
13	SW¼NW¼ [1]	31.8
	NW¼SW¼ [1]	23.0
	SW¼SW¼	17.5
	Township 11 South, Range 25 West	
1	NE¼NW¼ [1]	32.2
	SE¼NW¼	21.0

[1] Excluding those portions presently covered by approved water-right applications.

RESERVATION DIVISION

SAN BERNARDINO BASE AND MERIDIAN, CALIFORNIA

Township 16 South, Range 22 East

Section	Description	Irrigable acreage
27	NE¼SW¼	35.0
	NE¼SE¼	26.1
	NW¼SE¼	39.9
	SW¼SE¼	3.8
	SE¼SE¼	13.3

Farm Unit Plats showing the lands described are on file in the office of the Project Manager, Yuma Projects Office, Yuma, Arizona, and in the Land and Survey Office, Bureau of Land Management, at Phoenix, Arizona, and in the Land Office, Los Angeles, California.

2. *Limit of area for which water right may be secured.* The maximum acreage of land in private ownership for which water-right application may be made shall be 160 acres of irrigable land for each landowner.

3. *Application for water rights.* All water-right applications must be made to the Project Manager, Yuma Projects Office, Bureau of Reclamation, Yuma, Arizona, upon forms provided for that purpose, and may be made on or after the date of this notice.

4. *Construction and other charges on the Valley Division.* The lands in the Valley Division covered by this notice are affected by contracts between the United States of America and Yuma County Water Users' Association, dated May 31, 1906, and February 5, 1931, respectively, copies of which are available for inspection at the office of the Project Manager, Bureau of Reclamation, Yuma, Arizona. Under said contracts, the Association has undertaken the collection and guaranteed to the United States the payment of the following charges which are applicable to each irrigable acre of land on the Valley Division covered by this notice: a construction charge of $85.00 and operation and maintenance charges as determined by the Secretary of the Interior. Such construction charge shall become due and payable to the United States in thirty equal annual installments as follows: $2.93 at the time of filing water-right application, and $2.83 on each December 1 thereafter until all of said construction charge has been paid in full. The estimated annual cost, as determined by the Secretary of the Interior, of operating and maintaining certain irrigation and drainage works and other appurtenant structures utilized for the benefit of lands in the Valley Division, for each calendar year, is payable by the Association to the United States semiannually in advance, the first half thereof being due and payable on or before January 1 of each year and the second half thereof on or before July 1 of each year. Operation and maintenance of other irrigation and drainage works and appurtenant structures were transferred to the Association by contract dated June 15, 1951. Shareholders of the Association are subject to assessments levied by the Association to provide revenues to meet its obligations and expenses. At the time of filing water-right application the landowner will be required to present evidence, satisfactory to the Project Manager, that he is a member of said Association and owns stock in said Association issued with reference to the lands covered by said application, or that application by him for membership in the Association and for the issuance of such stock has been approved by the Association, and that he has paid all charges and/or assessments levied by the Association with respect to said lands.

5. *Construction and other charges on the Reservation Division.* The lands in the Reservation Division covered by this notice are subject to the following charges: a construction charge of $76.00 per irrigable acre and operation and maintenance charges as determined by the Secretary of the Interior. The said construction charge of $76.00 per irrigable acre shall become due and payable to the United States as follows: an initial payment of five percentum of said charges shall be made at the time of filing water-right application, and the remainder of said charges shall be paid in fifteen annual installments, the first five of which shall each be five percentum of said charges, and the remaining ten installments each seven percentum thereof. The first of said fifteen annual installments shall become due and payable December 1 of the fifth calendar year after the initial installment and subsequent installments shall become due and payable on December 1 of each year thereafter. Operation and maintenance charges covering the annual cost of operating and maintaining irrigation and drainage works and other appurtenant structures for the benefit of lands in the Reservation Division shall be payable in such amounts and at such times as may be announced by the United States by public notice.

6. *Increased construction charge in certain cases.* In all cases where water-right application for the lands described in Section 1 hereof shall not be made within one year from the date of this notice, the construction charge for such land shall be increased five percentum each year until such application is made and an initial installment is paid.

7. *Place and manner of payment of charges.* Payment of charges made under the terms of said contract dated February 5, 1931, between the United States and the Yuma County Water Users' Association shall be remitted to Secretary-Manager, Yuma County Water Users' Association, Yuma, Arizona, and those not made under the provisions of such contract shall be payable to Agent-Cashier, Bureau of Reclamation, Yuma, Arizona.

8. *Exclusion of lands by action of Colorado River.* Every water-right application shall contain the following provisions:

The applicant hereby releases the United States from any and all claims for loss or damages on account of (1) the exclusion of said lands or any part thereof from the irrigable lands of said project, or (2) the failure to supply water for the irrigation of any part of the lands hereinbefore described when such exclusion or failure is due to (a) the destruction by flood, erosion, encroachment, or other action of the Colorado River, of the levees erected by the Bureau of Reclamation along the banks of said river, or (b) a change in the location of said levees when such change is considered necessary by the proper officials of the United States to prevent the destruction of said levees from the said causes. Lands so excluded shall be relieved from payment of all construction and of operation and maintenance charges which otherwise would thereafter become due from the lands so excluded, but construction and operation and maintenance charges theretofore paid on lands so excluded shall be retained by the United States.

W. H. TAYLOR, *Regional Director.*

Office of the Secretary

GLENN E. NIELSON

REPORT OF APPOINTMENT AND STATEMENT OF FINANCIAL INTERESTS

FEBRUARY 5, 1957.

Pursuant to section 302 (a) of Executive Order 10647, the following information on a WOC appointee in the Department of the Interior is furnished for publication in the FEDERAL REGISTER.

Name of appointee: Glenn E. Nielson.

Name of employing agency: Department of the Interior, Office of Oil and Gas.

The title of the appointee's position: Consultant.

The name of the appointee's private employer: Husky Oil Company, Cody, Wyoming.

The statement of "financial interests" for the above appointee is set forth below.

This appointment was approved by the Secretary of the Interior on January 7, 1957.

THOMAS H. TELLIER,
Personnel Officer.

Statement of Financial Interests

1. The names of companies of which I am, or have been within 60 days preceding my appointment, on January 7, 1957, as Consultant, Office of Oil and Gas, United States Department of the Interior, an officer or director, are as follows:

Husky Oil Company.
Trans-Tex Drilling Company.
H. Earl Clack Inc.
Gate City Steel, Inc.—Omaha.
Gate City Steel, Inc.—Boise.
Gate City Steel, Inc.—Denver.
Israel-American Oil Corporation.
Husky Oil & Refining Ltd. (Now Canadian Husky Oil Ltd.).
Canadian Husky Oil Ltd.
Northern Natural Gas Company Ltd.
Cody Enterprise.
Argus Petroleum Corporation.
Marmara Corporation.
Mountain States Drilling Co., Inc.
Northern Natural Gas Company.
Peace River Glass Company Ltd.

2. The names of corporations in which I own, or did own within 60 days preceding my appointment, any stocks, bonds or other financial interests, are as follows:

Husky Oil Company.
Husky Oil & Refining Ltd.
Canadian Husky Oil Company.
Cody Enterprise.
Mountain States Drilling Co. Inc.
Northern Natural Gas Company.
Peace River Glass Company Ltd.

3. The names of partnerships in which I am associated, or have been associated within 60 days preceding my appointment, are as follows:

Cedar Mountain Lodge Ltd.

4. The names of other businesses which I own, or owned within 60 days preceding my appointment, are as follows:

Nielson Ranches.

Dated: January 11, 1957.

GLENN E. NIELSON.

DEPARTMENT OF COMMERCE

Bureau of Foreign Commerce

AMERICAUTO AND A. C. I., S. A.

ORDER EXTENDING TEMPORARY ORDER DENYING EXPORT PRIVILEGES

In the matter of: Jacques Bensa, doing business as Americauto, 44 rue Brunel, Paris, France; A. C. I., S. A., also known as Automobile Commerciale International, 1 rue de Rive, Geneva, Switzerland, Respondents.

An order was heretofore issued which, among other things, denied United States export privileges to the above-named respondents (21 F. R. 7703) and the term thereof was extended to January 28, 1957, by a further order issued December 4, 1956 (21 F. R. 9749). An appeal from such order filed by respondents Jacques Bensa and Americauto was heard by the Appeals Board for the Department of Commerce on January 22, 1957. On January 28, 1957, an order was issued extending the temporary order of October 4, 1956 to the extent that it denied United States export privileges to Jacques Bensa, doing business as Americauto, and to A. C. I., S. A., also known as Automobile Commerciale International, for a period of five days beyond the date when the Appeals Board for the Department of Commerce will have rendered its decision on the appeal by Jacques Bensa and Americauto.

The Appeals Board on February 1, 1957, having issued an order denying the appeal of Jacques Bensa, doing business as Americauto, the Bureau of Foreign Commerce Investigation Staff has now applied for a further order to extend the expiration date of the temporary order as it affects the above-named individual companies for an additional period of thirty (30) days from February 6, 1957. This application was considered by the Compliance Commissioner, who has recommended that the application be granted to the extent hereinafter provided.

Now after reading the recommendation of the Compliance Commissioner and considering the entire record herein, and sufficient cause appearing therefor: *It is hereby ordered:*

That the order of October 4, 1956, as extended by orders dated December 4, 1956 and January 28, 1957, to the extent that it denied U. S. export privileges to Jacques Bensa, doing business as Americauto, and to A. C. I., also known as Automobile Commerciale Internationale, is hereby extended for thirty (30) days from the date hereof.

Dated: February 6, 1957.

JOHN C. BORTON,
Director,
Office of Export Supply.

Federal Maritime Board

ALASKA STEAMSHIP CO. ET AL.

NOTICE OF AGREEMENT FILED WITH THE BOARD FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916, 39 Stat. 733, 46 U. S. C. 814.

Agreement No. 8173-1, between Alaska Steamship Company, Garrison Fast Freight, Inc. and Consolidated Freightways, Inc. provides for the modification of Agreement No. 8173 by substituting Consolidated Freightways, Inc. as a party in place of Garrison Fast Freight, Inc., and the incorporation of the agreement between Garrison and Consolidated that the former will not compete with the latter in the business of transporting freight to, from or within the Territory of Alaska or the Yukon Territory of Canada for a period of ten years. Agreement No. 8173 between Alaska and Garrison covers the transportation of cargo in trailers and refrigerated vans between Seattle, Washington, and inland points in Alaska, via Seward or Valdez, Alaska.

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: February 6, 1957.

By order of the Federal Maritime Board.

GEO. A. VIEHMANN,
Assistant Secretary.

[F. R. Doc. 57-1030; Filed, Feb. 11, 1957; 8:45 a. m.]

FREDERIC HENJES, JR., INC. AND H. E. SCHURIG & CO., INC.

NOTICE OF AGREEMENT FILED FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916, 39 Stat. 733, 46 U. S. C. 814.

Agreement No. 8202 between Frederic Henjes, Jr., Inc., New York, New York, and H. E. Schurig & Co., Inc., Houston, Texas, is a cooperative working arrangement between the parties under which they perform freight forwarding services for each other.

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement, and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: February 6, 1957.

By order of the Federal Maritime Board.

GEO. A. VIEHMANN,
Assistant Secretary.

Maritime Administration

CALIFORNIA PORTS/FAR EAST

ESSENTIALITY AND U. S. FLAG SERVICE REQUIREMENTS OF TRADE ROUTE NO. 29 CONCLUSIONS AND DETERMINATIONS

Notice is hereby given that on January 30, 1957, the Maritime Administrator, acting pursuant to section 211 of the Merchant Marine Act, 1936, as amended, found and determined that the Trade Route No. 29 conclusions and determinations as published in the FEDERAL REGISTER issue of August 30, 1955 (20 F. R. 6361, 21 F. R. 2113) should be amended by adding the following sentence at the end of paragraph 3: "The combination vessel 'President Hoover' (ex-'Panama') is a suitable vessel for operation on Trade Route No. 29 for an interim period of about four years pending construction and introduction into service of a new passenger liner suitable for long range operation."

Any person, firm or corporation having any interest in the foregoing who desires to offer comments and views thereon should submit same in writing to the Secretary, Maritime Administration, Department of Commerce, Washington 25, D. C., within fifteen (15) days from the date of publication of this notice in the FEDERAL REGISTER. The Maritime Administrator will consider these comments and views and take such action with respect thereto as in his discretion he deems warranted.

Dated: February 7, 1957.

By order of the Maritime Administrator.

JAMES L. PIMPER,
Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 11554; FCC 57M-112]

PERRY COUNTY BROADCASTING CO. (WWOW)

ORDER CONTINUING HEARING

In re application of Claude P. Stephens and Frank L. Jones, d/b as Perry County Broadcasting Company (WWOW), Hazard, Kentucky, Docket No. 11554, File No. BP-9840; for construction permit.

The Hearing Examiner having under consideration a "Joint Petition for Continuance" filed by counsel for applicant and protestant in this proceeding on February 5, 1957;

It appearing, that counsel for the Broadcast Bureau, the only other participant, has no objection to a grant of the relief requested and has consented to the immediate consideration of the pleading; and

It further appearing, that good cause has been shown for the continuance "for a period of at least sixty days," as flood conditions have affected the business offices, business operations, and records of the principals and some of the witnesses involved in the hearings, thus necessitating a period of reorintation;

It is ordered, This 6th day of February 1957, that the hearing now scheduled for February 14, is rescheduled for Monday, April 15, 1957, at 10 a. m., in the offices of the Commission, Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[Docket No. 11786-11788; FCC 57M-113]

WEST SHORE BROADCASTING CO. ET AL.

ORDER CONTINUING HEARING

In re application of Samuel Babbit, Saul Dresner, Leonard Wechsler, Alfred Dresner, Fred Schottland and Robert Gessner d/b as West Shore Broadcasting Company, Beacon, New York, Docket No. 11786, File No. BP-9821; The Westport Broadcasting Company, Westport, Connecticut, Docket No. 11787, File No. BP-9972; James W. Miller, Milford, Connecticut, Docket No. 11788, File No. BP-10500; for construction permits.

The Hearing Examiner having under consideration a "motion for continuance" filed by counsel for James W. Miller on February 5, 1957;

It appearing, that counsel for the other two applicants and the Broadcast Bureau have no objection to the relief requested in the motion;

It is ordered, This 6th day of February 1957, that the motion is granted, and that:

(1) The date for the exchange of data among the engineers (Tr. 17) is extended from February 5, 1957 to February 26, 1957.

(2) The date for the informal engineering conference (Tr. 17) is continued from February 20 to no later than March 13, 1957.

(3) The date for the exchange of affirmative written cases is extended from March 1 to March 25, 1957.

(4) The date for the further conference is continued from March 13 to April 3, 1957.

(5) The date for the beginning of the evidentiary hearing is continued from April 1 to April 22, 1957.

FEDERAL POWER COMMISSION

[Docket No. G-9916]

CITY OF CENTRAL CITY, KENTUCKY

NOTICE OF APPLICATION

FEBRUARY 5, 1957.

Take notice that City of Central City, Kentucky (Applicant), a Kentucky municipal corporation with address at Central City, Kentucky, filed an application on January 24, 1956 as amended and supplemented on April 23, October 10, October 30, November 9 and December 10, 1956, pursuant to section 7 (a) of the Natural Gas Act, for an order directing Texas Gas Transmission Corporation (Texas Gas) to establish physical connection of its natural gas transportation facilities with Applicant's proposed natural gas system and to sell natural gas to Applicant for resale and distribution to customers in Central City, South Carrolton, Bremen, Sacramento and Rumsey, Kentucky and environs and to customers located along Applicant's proposed lateral transmission line as hereinafter described, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to have constructed, own and operate: (1) At an estimated cost of $280,875, approximately 3.1 miles of 6-inch lateral transmission line extending southeasterly from a point of interconnection with Texas Gas' 26-inch transmission line, located near Kentucky Highway No. 136 and about 2.5 miles northwest of Calhoun, Kentucky, at which point a regulator station will be located, to Rumsey or thereabouts which line then reduces to 4 inches and continues in the same general direction for approximately 22.3 miles through or near Sacramento, Bremen, South Carrolton to Central City, (2) distribution systems together with regulating facilities in Rumsey, Sacramento, Bremen, South Carrolton and Central City at estimated costs of $10,390, $14,305, $8,775, $8,575, and $154,805 respectively, and (3) facilities along the lateral line at an estimated cost of $10,000.

The total estimated cost (including contingencies, interest, fiscal, engineering and legal fees) of the foregoing project is $600,000 which will be financed by Applicant through the sale of revenue bonds.

The latest estimated annual gas requirements and peak day gas requirements of the aforesaid proposed system in Mcf at 15.025 psia for the first three years of operation are as follows:

Year	Peak day	Annual
1	852	85,800
2	1,443	147,550
3	2,023 (2,064 @ 14.73)	212,050

Texas Gas filed on March 2, 1956 a request for an extension of time within which to file an Answer to the aforesaid application. This request was subsequently granted by Notice issued March 16, 1956. Thereafter, Texas Gas timely filed on April 23, 1956, pursuant to § 1.9 (a) of the Commission's rules of practice and procedure, an answer to the aforesaid application wherein it states that it has no objection to rendering the service requested by Applicant; Provided: (1) That Applicant establishes the economic feasibility of its project to the satisfaction of the Commission; (2) that Texas Gas be not obligated to render the proposed service until completion of its facilities authorized in Docket No. G-10062; (3) that the maximum daily delivery obligation of Texas Gas to Applicant does not exceed 2,495 M. c. f. at 15.025 psia (2,545 Mcf at 14.73 psia); (4) that the facilities of Applicant necessary to receive, transport, and distribute the gas as proposed are completed not later than June 1, 1957; and (5) that Applicant executes a service agreement acceptable to Texas Gas within 45 days after the issuance of any Commission order authorizing the requested service to be effective upon the commencement of deliveries.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 28, 1957.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1046; Filed, Feb. 11, 1957; 8:46 a. m.]

GENERAL SERVICES ADMINISTRATION

PROCUREMENT OF UTILITY SERVICES (POWER, GAS, WATER)

AMENDMENT TO STATEMENT OF AREAS OF UNDERSTANDING BETWEEN THE DEPARTMENT OF DEFENSE AND THE GENERAL SERVICES ADMINISTRATION

On November 2, 1950, the Secretary of Defense and the Administrator of General Services concluded an agreement for Area of Understanding with respect to the respective obligations of their departments or agencies in connection with various matters pertaining to the procurement of public utility services (power, gas, water) and with respect to representation before regulatory agencies (15 F. R. 8227).

By further agreement it is desired to amend paragraph 2f of the agreement of November 2, 1950, to read as follows:

1. Utility services required by the Department of Defense activities in localities within an area where these services are or may become available under a General Services Administration area contract shall be procured thereunder. In those instances, however, where the service demands of a military activity justify negotiation of special rates or service conditions departing from the published tariffs of the utility, separate negotiations may be undertaken by the Department of Defense for appropriate special contracts. Such special contracts shall be reported to the General Services Administration upon execution.

Accordingly, the Area of Understanding is so modified effective this date.

Dated: January 19, 1957.

For the Secretary of Defense.

PERKINS MCGUIRE,
Assistant Secretary of Defense, (Supply and Logistics).

Dated: January 10, 1957.

F. G. FLOETE,
Administrator of General Services.

SECURITIES AND EXCHANGE COMMISSION

[File No. 24SF-1901]

CHEMICAL AND FIBRE ASSOCIATES, INC.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

FEBRUARY 6, 1957.

I. Chemical and Fibre Associates, Inc., 139 North Virginia Street, Reno, Nevada, filed with the Commission on April 16, 1954, a Notification on Form 1-A and an Offering Circular relating to a proposed offering of 8,750 shares of its $10 common capital stock at $10 per share, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A thereunder.

II. The Commission has reasonable cause to believe that the terms and conditions of Regulation A have not been complied with by the subject corporation in that it has failed since the 5th day of April 1955, to file 2-A reports of sales as required by Rule 224 under Regulation A, and has ignored requests by the Commission's staff for such reports.

III. *It is ordered*, Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given, that any persons having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place of said hearing will be promptly given by the Commission.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 24SF-1924]

ARIZONA CHEESE & CATTLE CO., INC.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

FEBRUARY 6, 1957.

I. Arizona Cheese & Cattle Company, Inc., 312 W. Lynwood Street, Phoenix, Arizona, filed with the Commission on June 11, 1954, a Notification on Form 1-A and an Offering Circular relating to a proposed offering of 100 5 percent convertible debentures, at $500 per debenture, 5,000 shares of 6 percent convertible preferred stock, $10 par, at $10 per share, and 5,300 shares of $10 par common stock at $10 per share, for a total issue of $153,000, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A thereunder.

II. The Commission has reasonable cause to believe that the terms and conditions of Regulation A have not been complied with by the subject corporation in that it has failed to file 2-A reports of sales as required by Rule 224 under Regulation A since the 15th day of February 1955, and has ignored requests by the Commission's staff for such reports.

III. *It is ordered,* Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given, that any persons having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place of said hearing will be promptly given by the Commission.

By the Commission.

KWIK-FIZZ

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

FEBRUARY 6, 1957.

I. Kwik-Fizz, a California corporation, 3 Morlan Place, Arcadia, California, filed with the Commission on March 14, 1955, a Notification on Form 1-A and an Offering Circular relating to a proposed offering of 200,000 shares, $1 par, at $1 per share, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A thereunder.

II. The Commission has reasonable cause to believe that the terms and conditions of Regulation A have not been complied with by the subject corporation in that it has failed to file any 2-A reports of sales as required by Rule 224 under Regulation A and has ignored requests by the Commission's staff for such reports.

III. *It is ordered,* Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given, that any persons having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place of said hearing will be promptly given by the Commission.

By the Commission.

AMALGAMATED AMERICAN OIL INC.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

FEBRUARY 6, 1957.

I. Amalgamated American Oil, Incorporated, 108 S. Third Street, Las Vegas, Nevada, 800 N. Broadway, Santa Ana, California, and 541 S. Spring Street, Los Angeles, California, filed with the Commission on August 8, 1955 a Notification on Form 1-A and an Offering Circular relating to a proposed offering of 300,000 shares of its $1 par value common stock at $1 per share, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A thereunder.

II. The Commission has cause to believe that the terms and conditions of Regulation A have not been complied with by the subject corporation in that it has failed to file any Form 2-A reports of sales as required by Rule 224 under Regulation A and has ignored requests by the Commission's staff for such reports.

III. *It is ordered,* Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given, that any persons having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own notion may, set the matter down for hearing at a place designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place of said hearing will be promptly given by the Commission.

By the Commission.

UNITED STATES TARIFF COMMISSION

[Investigation 58]

BICYCLES

INVESTIGATION AND PUBLIC HEARING

A public hearing will be held by the United States Tariff Commission in the Hearing Room, Tariff Commission Building, 8th and E Streets, N. W., Washington, D. C., beginning at 10 a. m., e. s. t., on April 9, 1957, in Investigation No. 58 under section 7 of the Trade Agreements Extension Act of 1951, as amended, with respect to bicycles described in the notice of the institution of this investigation which was previously given (22 F. R. 683).

Requests to appear. All parties interested will be given an opportunity to be present, to produce evidence, and to be heard at the hearing. Parties desiring to appear at this public hearing should notify the Secretary of the Tariff Commission in writing at its office in Washington, D. C., at least three days in advance of the date set for the hearing.

Issued: February 7, 1957.

By order of the Commission.

[SEAL] DONN N. BENT, *Secretary.*

[F. R. Doc. 57-1065; Filed, Feb. 11, 1957; 8:48 a. m.]

WHISKEY

INVESTIGATION INSTITUTED

Pursuant to a resolution approved by the Committee on Finance of the United States Senate on February 6, 1957, the United States Tariff Commission, on the 7th day of February 1957, instituted an investigation under the provisions of section 332 of the Tariff Act of 1930, as amended, of the whiskey industry of the United States.

The resolution directs the Commission to report the results of its investigation to the Senate Finance Committee and to set forth in the report the facts affecting the relative competitive position of foreign-owned and domestically-owned whiskey distilleries, including the impact of trade practices, methods of distribution, and imports on American-owned distilleries.

A public hearing at which all interested parties will be given opportunity to be present, to produce evidence, and to be heard will be held in connection with this investigation. The time and place of such hearing will be announced at a future date.

Issued: February 7, 1957.

By order of the Commission.

[SEAL] DONN N. BENT, *Secretary.*

INTERSTATE COMMERCE COMMISSION

[Sec. 5a Application 63]

EASTERN TANK CARRIERS

AGREEMENT

FEBRUARY 7, 1957.

The Commission is in receipt of the above-entitled and numbered application for approval of an agreement under the provisions of section 5a of the Interstate Commerce Act.

Filed: February 4, 1957, by: John C. Wisener, Jr., Attorney-in-Fact, 624 Schaff Bldg., 1505 Race Street, Philadelphia 2, Pa.

Agreement involved: An agreement between and among common carriers by motor vehicle relating to rates, ratings, classifications, rules, regulations and practices governing the transportation of commodities, in bulk, in tank vehicles in interstate or foreign commerce between points in official and southern territories, also points in Texas, Kansas, Missouri, Iowa, and Minnesota, and procedures for the joint initiation, consideration, and establishment thereof.

The complete application may be inspected at the office of the Commission in Washington, D. C.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 20 days from the date of this notice. As provided by the general rules of practice of the Commission, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing.

By the Commission, Division 2.

[SEAL] HAROLD D. MCCOY, *Secretary.*

PART 52—PROCESSED FRUITS AND VEGETABLES, PROCESSED PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS

SUBPART—UNITED STATES STANDARDS FOR GRADES OF CANNED PINEAPPLE[1]

On October 19, 1956, a notice of proposed rule making was published in the FEDERAL REGISTER (21 F. R. 8059) regarding a proposed revision of the United States Standards for Grades of Canned Pineapple (7 CFR 52.1711—52.1725). The provisions of the following standards are the same as those contained in the notice except for changes in Table II, and in degrees of trimming in § 52.1724 as applicable to Grade B sliced pineapple and the scoring of half sliced pineapple.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice, the following United States Standards for Grades of Canned Pineapple are hereby promulgated pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087 et seq., as amended; 7 U. S. C. 1621 et seq.):

PRODUCT DESCRIPTION, STYLES, AND GRADES

Sec.
52.1711 Product description.
52.1712 Styles of canned pineapple.
52.1713 Grades of canned pineapple.

LIQUID MEDIA, FILL OF CONTAINER, AND DRAINED WEIGHTS

52.1714 Liquid media and Brix measurements for canned pineapple.
52.1715 Fill of container for canned crushed pineapple.
52.1716 Recommended fill of container for other than canned crushed pineapple.
52.1717 Drained weights for canned crushed pineapple.
52.1718 Recommended minimum drained weights for canned pineapple other than canned crushed pineapple.

COUNT AND SIZE SLICES AND HALF SLICES

52.1719 Recommended counts and sizes of slices and half slices.

FACTORS OF QUALITY

52.1720 Ascertaining the grade.
52.1721 Ascertaining the rating for the factors which are scored.
52.1722 Color.
52.1723 Uniformity of size and shape.
52.1724 Absence of defects.
52.1725 Character.

LOT CERTIFICATION TOLERANCES

52.1726 Tolerances for certification of officially drawn samples.

SCORE SHEET

52.1727 Score sheet for canned pineapple.

AUTHORITY: §§ 52.1711 to 52.1727 issued under sec. 205, 60 Stat. 1090, as amended; 7 U. S. C. 1624.

PRODUCT DESCRIPTION, STYLES, AND GRADES

§ 52.1711 *Product description.* "Canned pineapple" means canned pineapple as such product is defined in the standard of identity for canned pineapple (21 CFR 27.50) issued pursuant to the Federal Food, Drug, and Cosmetic Act.

§ 52.1712 *Styles of canned pineapple.*—(a) *Sliced, slices.* "Sliced" or "slices" consist of whole circular slices cut across the axis of the peeled, cored fruit cylinders.

(b) *Half sliced, half slices.* "Half sliced" or "half slices" consist of semicircular halves of slices. A unit that is approximately one-half slice is considered to be a half slice.

(c) *Broken sliced, broken slices.* "Broken sliced" or "broken slices" consist of arc-shaped portions cut or broken from slices, which portions are not uniform in size or shape.

(d) *Tidbits.* "Tidbits" consist of sectors cut from slices. Tidbits are reason-

(Continued on p. 877)

ably uniform in size and shape; they are predominantly from 5/16-inch to 1/2-inch thick; and, except for an occasional unit, each sector is not larger than one-sixth of the slice from which cut. Tidbits are considered "small tidbits" or "large tidbits" if they conform to the following approximate dimensions:

(1) *Small tidbits.*

Length of outside arc	More than 5/8 inch but not more than 3/4 inch.
Thickness	More than 5/16 inch but not more than 1/2 inch.
Length (measured along the radius from the inside arc to the outside arc).	More than 1 1/16 inch but not more than 1 1/4 inches.

(2) *Large tidbits.*

Length of outside arc	More than 3/4 inch but not more than 2 inches.
Thickness	More than 5/16 inch but not more than 1/2 inch.
Length (measured along the radius from the inside arc to the outside arc).	More than 1 1/16 inch but not more than 1 3/4 inches.

(e) *Chunks.* "Chunks" consist of short, thick pieces cut from thick slices or from peeled, cored fruit. Chunks may or may not be symmetrical or uniform in shape and size. Predominantly, the units have a thickness greater than 1/2-inch, a width greater than 9/16-inch, but a longest dimension (along any edge) not greater than 1 1/2 inches. Chunks which are symmetrical are considered "symmetrical chunks."

(f) *Cubes, diced.* "Cubes" or "diced" consist of cube-shaped pieces cut from slices or from peeled, cored fruit. Except for an occasional unit, the longest dimension (along any edge) of each unit is not greater than 9/16-inch.

(g) *Spears, fingers.* "Spears" or "fingers" consist of long, slender pieces cut parallel to the core axis from peeled, cored fruit cylinders. The units are not larger than one-sixth of the cylinder from which they are cut, and they are not less than 2 1/2 inches long.

(h) *Crushed.* "Crushed" consists of shredded or finely cut pieces of fruit flesh.

§ 52.1713 *Grades of canned pineapple.* (a) "U. S. Grade A" or "U. S. Fancy" is the quality of sliced, tidbits, chunks, cubes, spears, or crushed canned pineapple that possesses a good color; that is practically uniform in size and shape for the applicable style; that is practically free from defects; that possesses a good character; that possesses a good flavor and odor; that is not excessively tart; and that for those factors which are scored in accordance with the scoring system outlined in this subpart the total score is not less than 90 points.

(b) "U. S. Grade B" or "U. S. Choice" is the quality of sliced, tidbits, chunks, cubes, spears, or crushed canned pineapple that possesses a reasonably good color; that is reasonably uniform in size and shape for the applicable style; that is reasonably free from defects; that possesses a reasonably good character; that possesses a fairly good flavor and odor; that is not excessively tart; and that for those factors which are scored in accordance with the scoring system outlined in this subpart the total score is not less than 80 points.

(c) "U. S. Grade C" or "U. S. Standard" is the quality of half sliced or broken sliced canned pineapple that possesses a good, reasonably good, or fairly good color; that, in the style of half slices, is practically uniform, reasonably uniform, or fairly uniform in size and shape; that, in the style of broken slices, is not uniform in size and shape; that is practically free, reasonably free, or fairly free from defects; that possesses a good, reasonably good, or fairly good character; that possesses a good or fairly good flavor and odor; that is not excessively tart; and that for those factors which are scored in accordance with the scoring system outlined in this subpart the total score is not less than 70 points.

(d) "Substandard" is the quality of canned pineapple that fails to meet the applicable requirements of U. S. Grade A or U. S. Fancy, U. S. Grade B or U. S. Choice, or U. S. Grade C or U. S. Standard and is the quality of canned pineapple that may or may not meet the minimum standard of quality for canned pineapple issued pursuant to the Federal Food, Drug, and Cosmetic Act. Canned pineapple that is excessively tart is also "Below Standard in Quality—Good Food—Not High Grade" or "Below Standard in Quality—Excessively tart."

LIQUID MEDIA, FILL OF CONTAINER, AND DRAINED WEIGHTS

§ 52.1714 *Liquid media and Brix measurements for canned pineapple.* "Cut-out" requirements for liquid media in canned pineapple are not incorporated in the grades of the finished product since sirup or any other liquid medium, as such, is not a factor of quality for the purposes of these grades. The "cut-out" Brix measurements, as applicable, for the respective designations are as follows:

(1) *All styles other than crushed canned pineapple.*

Designations	*Brix measurement*
"Extra-heavy sirup"	22° or more but not more than 35°.
"Heavy sirup"	18° or more but less than 22°.
"Light sirup"	14° or more but less than 18°.
"In water"	Packed in water.
"In pineapple juice" or "In unsweetened pineapple juice".	Packed in pineapple juice.
"In clarified juice"	Packed in clarified juice.

(2) *Crushed canned pineapple.*

Designations	*Brix measurement*
"Extra-heavy sirup" or "Extra heavily sweetened".	22° or more but not more than 35°.
"Heavy sirup" or "Heavily sweetened".	18° or more but less than 22°.
"Light sirup" or "Lightly sweetened".	14° or more but less than 18°.
"Unsweetened" or "In pineapple juice".	Packed in pineapple juice.
"In clarified juice"	Packed in clarified juice.

§ 52.1715 *Fill of container for canned crushed pineapple.* The standard of fill of container for canned crushed pineapple is a fill of not less than 90 percent of the total capacity of the container. Canned crushed pineapple that does not meet this requirement is "Below Standard in Fill."

§ 52.1716 *Recommended fill of container for other than canned crushed pineapple.* The recommended fill of container for canned pineapple is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purposes of these grades. It is recommended that each container of canned pineapple of all styles other than crushed style be as full of pineapple as practicable without impairment of quality and that the product and packing medium occupy not less than 90 percent of the volume of the container.

§ 52.1717 *Drained weights for canned crushed pineapple.* (a) *General.* Minimum drained weights for canned crushed pineapple are not incorporated in the grades of the finished product since drained weight, as such, is not a factor of quality for the purposes of these grades; however, minimum drained weights for canned crushed pineapple other than "heavy pack" or "solid pack" are a standard of quality, and minimum drained weights for canned crushed "heavy pack" and "solid-pack" pineapple are a standard of identity, under the Federal Food, Drug, and Cosmetic Act. Canned crushed pineapple other than "heavy pack" or "solid pack" which is less than 63 percent of the net weight of the contents of the container is:

Below Standard in Quality.
Good Food—Not High Grade.
(or)
Below Standard in Quality.
Contains excess liquid.

(b) *Method for ascertaining the drained weight of canned crushed pineapple.* Pour the contents of the can on a round sieve made with No. 8 woven-wire cloth complying with the specifications for such cloth in Table I of "Standard Specifications for Sieves," published March 1, 1940, in L. C. 584 of the United States Department of Commerce, National Bureau of Standards. Use a sieve 8 inches in diameter for containers of less than 3 pounds net contents and a sieve 12 inches in diameter for larger containers. Incline the sieve, without shifting the contents, to facilitate draining. Allow to drain for 2 minutes from the time the contents of the container are poured on the sieve. Immediately transfer the drained pineapple to a clean, dry, tared pan by inverting the sieve over the pan in one moderately rapid motion, and determine the weight of the drained pineapple.

TABLE I—MINIMUM DRAINED WEIGHTS FOR CANNED CRUSHED PINEAPPLE

	Other than "heavy pack" or "solid pack"	"Heavy pack" crushed	"Solid pack" crushed
Any container size	Drained fruit: Not less than 63 percent by weight of contents	Drained fruit: Not less than 73 percent but less than 78 percent by weight of contents	Drained fruit: Not less than 78 percent by weight of contents

§ 52.1718 *Recommended minimum drained weights for canned pineapple other than canned crushed pineapple—*(a) *General.* The minimum drained weight recommendations for the various styles of canned pineapple in Table II or Table III are not incorporated in the grades of the finished product since drained weight, as such, is not a factor of quality for the purposes of these grades.

(b) *Method for ascertaining drained weight in canned pineapple other than canned crushed pineapple.* The drained weight of canned pineapple other than canned crushed pineapple is determined by emptying the contents of the container upon a United States Standard No. 8 circular sieve of proper diameter containing 8 meshes to the inch (0.0937-inch ±3 percent, square openings) so as to distribute the product evenly, inclining the sieve slightly to facilitate drainage, and allowing to drain for two minutes. The drained weight is the weight of the sieve and pineapple less the weight of the dry sieve. A sieve 8 inches in diameter is used for the equivalent of No. 3 size cans (404 x 414) and smaller, and a sieve 12 inches in diameter is used for containers larger than the equivalent of the No. 3 size can.

(c) *Compliance with recommended drained weights in canned pineapple other than canned crushed pineapple.* Compliance with the recommended drained weights for canned pineapple other than canned crushed pineapple is determined by averaging the drained weights from all the containers which are representative of a specific lot and such lot is considered as meeting the recommendations if the following criteria are met:

(1) The average of the drained weights from all of the containers meets the recommended drained weight;

(2) One-half or more of the containers meet the recommended drained weight; and

(3) The drained weights from the containers which do not meet the recommended drained weight are within the range of variability for good commercial practice.

TABLE II—RECOMMENDED MINIMUM DRAINED WEIGHTS FOR SLICES, HALF SLICES, AND BROKEN SLICES

Container designation	Container size overall dimensions		Slices	Half slices	Broken slices
	Width	Height			
	Inches	*Inches*	*Ounces*	*Ounces*	*Ounces*
300 x 204	3	2 9/16	4	----	----
No. 1 Flat	3 7/16	2 4/16	5 1/4	5	----
No. 1¼	4 1/16	2 7-3/16	9 1/4	9	----
No. 1 Tall	3 1/16	4 1 9/16	10 3/4	----	----
No. 2	3 5/16	4 5/16	12 3/4	12 1/2	12 1/4
No. 2½	4 1/16	4 1/16	18 1/4	18	18
No. 10	6 5/16	7	61 1/2	----	62 1/4

TABLE III—RECOMMENDED MINIMUM DRAINED WEIGHTS FOR CHUNKS, CUBES, SPEARS, AND TIDBITS

Container designation	Container size, overall dimensions		Chunks	Cubes	Spears	Tidbits
	Width	Height				
	Inches	*Inches*	*Ounces*	*Ounces*	*Ounces*	*Ounces*
300 x 204	3	2 5/16	4	----	----	4
No. 1 Flat	3 5/16	2 4/16	5	----	----	5
8 Z Tall	2 15/16	3 4/16	5	----	----	5
211 Cylinder	2 5/16	4 5/16	7 3/4	----	8 1/4	7 3/4
No. 1¼	4 5/16	2 7-3/16	9 1/4	9 1/4	----	9 1/4

No. 2½	4 5/16	4 1/16	18 1/4	18 1/4	18 1/4	18 1/4
No. 10	6 5/16	7	65 3/4	71 1/4	----	65 3/4

COUNT AND SIZE OF SLICES AND HALF SLICES

§ 52.1719 *Recommended counts and sizes of slices and half slices.* The recommended minimum number of slices and half slices, together with the recommended approximate thickness and approximate diameter for the respective counts per container, are shown in Table IV for the most common container sizes for these styles. Compliance with the recommended minimum slices in No. 10 cans only is ascertained by averaging the slices from all the containers which are representative of a specific lot and such lot is considered as meeting the recommendations: *Provided*, That in any single container the count of slices in "Small" slices, that average approximately 57 to 60 count, shall be not less than 54; in "Small" slices, that average approximately 64 count, shall be not less than 60; in "Medium" slices shall be not less than 48; and in "Large" slices shall be not less than 27.

TABLE IV

Container designation	Slices minimum per can	Half slices minimum per can	Approximate thickness of slices and half slices	Approximate diameter of slices and half slices	Approximate diameter of core holes (inches)	Size of slice designation
			Inches	*Inches*		
No. 1 Tall	10	----	5/16	2½	1 inch	Small.
300 x 204	4	----	5/16	2½	1 3/16 to 1 3/8	
No. 10	64	----	5/16	2½	1 inch	
No. 10	57	----	5/16	2½	1 3/16 to 1 3/8	
No. 1 Flat	4	8	5/16	2 15/16	1 3/16 to 1 3/8	Medium.
No. 2	10	20	5/16	2 15/16	1 3/16 to 1 3/8	
No. 10	50	----	5/16	3½	1 3/16 to 1 3/8	
No. 1¼	4	8	7/16	3½	1 3/16 to 1 3/8	Large.
No. 2½	8	16	7/16	3½	1 3/16 to 1 3/8	
No. 10	28	----	7/16	3½	1 3/16 to 1 3/8	

FACTORS OF QUALITY

§ 52.1720 *Ascertaining the grade—*(a) *General.* In addition to considering other requirements outlined in the standards the following quality factors are evaluated:

(1) *Factors not rated by score points in canned pineapple.* (i) Flavor and odor;

(ii) Tartness.

(2) *Factors rated by score points in canned pineapple.*

The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

	Points
(i) Color	30
(ii) Uniformity of size and shape	30
(iii) Absence of defects	30
(iv) Character	10
Total score	100

(b) *Definition of flavor and odor—*(1) *Good flavor and odor.* "Good flavor and odor" means that the canned pineapple possesses a distinct and normal flavor for the variety; is characteristic of properly ripened and properly matured pineapple that has been properly prepared and processed; and is free from objectionable flavors and objectionable odors of any kind.

(2) *Fairly good flavor and odor.* "Fairly good flavor and odor" means that the canned pineapple may be lacking in good flavor and odor but is free from objectionable flavors and objectionable odors of any kind.

(c) *Definition of tartness; excessively tart.* "Excessively tart" means that more than 1.35 grams of acid, calculated as anhydrous citric acid, is present in 100 milliliters of the pineapple liquid as defined and determined in accordance with paragraphs (d) and (e) of this section.

(d) *Definition of acid.* "Acid", in all styles of canned pineapple, means grams of acid, calculated as anhydrous citric acid, as contained in 100 milliliters of the liquid drained from the product 15 days or more after the pineapple is canned.

(e) *Method for determination of acidity.* Total acidity of the drained liquid is determined by the following method:

(1) Measure with a pipette 10 milliliters of the unfiltered drained liquid into a 250-milliliter Erlenmeyer flask.

(2) Add 25 milliliters of freshly boiled, distilled water and 0.3 milliliter of 1-percent phenolphthalein solution.

(3) Titrate with one-tenth normal sodium hydroxide solution to a faint, permanently pink coloration.

(4) Multiply the number of milliliters of one-tenth normal sodium hydroxide required by 0.064 to calculate the number of grams of anhydrous citric acid per 100 milliliters of drained liquid.

§ 52.1721 *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "18 to 20 points" means 18, 19, or 20 points).

§ 52.1722 *Color—*(a) *(A) classification.* Sliced, half sliced, broken sliced, tidbits, chunks, cubes, spears, or crushed canned pineapple that possesses a good color may be given a score of 27 to 30 points. Half sliced or broken sliced canned pineapple that scores 27 to 30 points shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a partial limiting rule). "Good color" means that the color of the pineapple units or mass is bright and is characteristic of properly ripened and properly matured pineapple of similar varietal characteristics; and that there may be slight variations in shades of such characteristic color in the units, within each unit, or within the mass, and that white radiating streaks may be present: *Provided*, That such variations do not materially affect the appearance of the product.

(b) *(B) classification.* Sliced, half sliced, broken sliced, tidbits, chunks, cubes, spears, or crushed canned pineapple that possesses a reasonably good color may be given a score of 24 to 26 points. Half sliced or broken sliced canned pineapple that scores 24 to 26 points shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a partial limiting rule); and other styles of canned pineapple that fall into this classification shall not be graded above U. S. Grade B or U. S. Choice, regardless of the total score for the product (this is a limiting rule). "Reasonably good color" means that the color of the pineapple units or mass may be no more than slightly dull but is characteristic of properly matured pineapple of similar varietal characteristics; and that there may be marked variations in shades of such characteristic color in the units, within each unit, or within the mass, and that white radiating streaks may be present: *Provided*, That such variations do not seriously affect the appearance of the product.

(c) *(C) classification.* Half sliced or broken sliced canned pineapple that possesses a fairly good color may be given a score of 21 to 23 points. Half sliced or broken sliced canned pineapple that scores in this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly good color" means that the color of the pineapple units may be dull but is characteristic of properly matured pineapple of similar varietal characteristics; and that there may be marked variations in shades of such characteristic color in the units or within each unit or white radiating streaks may be present which variations may seriously affect the appearance of the product.

(d) *(SStd) classification.* Canned pineapple that for any reason is off color or that fails to meet the applicable requirements of paragraph (b) or (c) of this section may be given a score of 0 to 20 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.1723 *Uniformity of size and shape—*(a) *General.* The factor of uniformity of size and shape is not based on any detailed requirements and is not scored for the style of crushed pineapple; the other three factors (color, absence of defects, and character) are scored and the total is multiplied by 100 and divided by 80, dropping any fractions to determine the total score for canned crushed pineapple.

(b) *Radial axis.* "Radial axis" in the case of slices and half slices means the measurement along the radius from the inside arc to the outside arc.

(c) *Length.* In the case of tidbits and chunks, "length" means the measurement along the radius from the inside arc to the outside arc; and in the case of spears, "length" means the longitudinal measurement of the spear.

(d) *Sieve with 5/16-inch square openings.* "Sieve with 5/16-inch square openings" means the meshes of a sieve designated as 5/16-inch in Table I of "Standard Specifications for Sieves," published March 1, 1940, in L. C. 584 of the United States Department of Commerce, National Bureau of Standards.

(e) *(A) classification.* Sliced, half sliced, tidbits, chunks, cubes, or spears of canned pineapple that are practically uniform in size and shape may be given a score of 18 to 20 points. Half sliced canned pineapple that scores 18 to 20 points shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a partial limiting rule). "Practically uniform in size and shape" has the following meanings with respect to the following styles of canned pineapple:

(1) *Sliced.* (i) The diameter of the slice with the longest diameter does not exceed the diameter of the slice with the shortest diameter by more than 1/16 inch.

(ii) The thickness of the slice with the widest thickness at the circumference does not exceed the thickness of the slice with the most narrow thickness at the circumference by more than 3/32 inch.

(iii) The maximum radial axis of any slice does not exceed the minimum radial axis of the same slice by more than 1/8 inch.

(iv) The drained weight of the largest slice is not more than 1.4 times the weight of the smallest slice.

(2) *Small tidbits.* (i) Not more than 7½ percent of the drained weight may consist of units which may fail to conform to any one or more of the following dimensions:

Length of outside arc.	More than ¾ inch but not more than ¾ inch.
Thickness	More than 5/16 inch but not more than ½ inch.
Length	More than 1 5/16 inch but not more than 1¼ inches.

(ii) Not more than 7½ percent of the drained weight may consist of units each of which weighs less than three-fourths as much as the average weight of all the untrimmed tidbits.

(3) *Large tidbits.* (i) Not more than 7½ percent of the drained weight may consist of units which may fail to conform to any one or more of the following dimensions:

Length of outside arc.	More than ¾ inch but not more than 1¾ inches.
Thickness	More than 5/16 inch but not more than ½ inch.
Length	More than 1 5/16 inch but not more than 1¼ inches.

(ii) Not more than 7½ percent of the drained weight may consist of units each of which weighs less than three-fourths as much as the average weight of all the untrimmed tidbits.

(4) *Chunks.* (i) None of the units may have a longest dimension (along any edge) greater than 1½ inches.

(ii) Not more than 10 percent of the drained weight consists of pieces weighing less than 3/16 ounce each.

(5) *Symmetrical chunks.* (i) None of the units may have a longest dimension (along any edge) greater than 1½ inches.

(ii) Not less than an aggregate of 90 percent of the drained weight consists of pieces weighing 3/16 ounce or more each and exceed at least one of the following dimensions:

Length of outside arc	5/16 inch.
Thickness	½ inch.
Length	1 5/16 inch.

(6) *Cubes.* Not more than an aggregate of 10 percent of the drained weight may consist of:

(i) units of such size that they pass through the meshes of a sieve with 5/16-inch square openings; and

(ii) Pieces weighing more than 3/32 ounce each.

(7) *Spears.* (i) The units are of substantially equal length.

(ii) Not more than 10 percent, by count, of the units or not more than one unit in a container of less than 10 units, may be less than ¾ inch or more than 1¾ inches in the longest edge dimension other than the longitudinal measurement of the spear.

(iii) The drained weight of the largest spear is not more than 1.4 times the weight of the smallest spear.

(8) *Half sliced.* (i) The diameter of the half slice with the longest diameter does not exceed the diameter of the half slice with the shortest diameter by more than 1/16 inch.

(ii) The thickness of the half slice with the widest thickness at the circumference does not exceed the thickness of the half slice with the most narrow thickness at the circumference by more than 3/32 inch.

(iii) The drained weight of the largest half slice is not more than 1.75 times the weight of the smallest half slice (except for an occasional broken piece due to splitting or an occasional whole slice not quite completely cut through).

(f) (*B*) *classification.* Sliced, half sliced, tidbits, chunks, cubes, or spears of canned pineapple that are reasonably uniform in size and shape may be given a score of 16 or 17 points. Half sliced canned pineapple that scores 16 or 17 points shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a partial limiting rule); other styles of canned pineapple that fall into this classification shall not be graded above U. S. Grade B or U. S. Choice, regardless of the total score for the product (this is a limiting rule). "Reasonably uniform in size and shape" has the following meanings with respect to the following styles of canned pineapple:

(1) *Sliced.* (i) The diameter of the slice with the longest diameter does not exceed the diameter of the slice with the shortest diameter by more than 1/8 inch.

(ii) The thickness of the slice with the widest thickness at the circumference does not exceed the thickness of the slice with the most narrow thickness at the circumference by more than 1/8 inch.

(iii) The maximum radial axis of any slice does not exceed the minimum radial axis of the same slice by more than ¼ inch.

(iv) The drained weight of the largest slice is not more than 1.4 times the weight of the smallest slice.

(2) *Small tidbits.* (i) Not more than 12½ percent of the drained weight may consist of units which may fail to conform to any one or more of the following dimensions:

Length of outside arc.	More than 3/8 inch but not more than ¾ inch.
Thickness	More than 5/16 inch but not more than ½ inch.
Length	More than 11/16 inch but not more than 1¼ inches.

(ii) Not more than 15 percent of the drained weight may consist of units each of which weighs less than three-fourths as much as the average weight of all the untrimmed tidbits.

(3) *Large tidbits.* (i) Not more than 12½ percent of the drained weight may consist of units which may fail to conform to any one or more of the following dimensions:

Length of outside arc	More than ¾ inch but not more than 1¾ inches.
Thickness	More than 5/16 inch but not more than ½ inch.
Length (measured along the radius).	More than 11/16 inch but not more than 1¼ inches.

(ii) Not more than 15 percent of the drained weight may consist of units each of which weighs less than three-fourths as much as the average weight of all the untrimmed tidbits.

(4) *Chunks.* (i) None of the units may have a longest dimension (along any edge) greater than 1½ inches.

(ii) Not more than 15 percent of the drained weight consists of pieces weighing less than 3/16 ounce each.

(5) *Symmetrical chunks.* (i) None of the units may have a longest dimension (along any edge) greater than 1½ inches.

(ii) Not less than 80 percent of the drained weight may consist of units which exceed at least one of the following dimensions:

Length of outside arc	9/16 inch.
Thickness	½ inch.
Length	11/16 inch.

(iii) Not more than 15 percent of the drained weight consists of pieces weighing less than 3/16 ounce each.

(6) *Cubes.* (i) Not more than 10 percent of the drained weight may consist of units of such size that they pass through the meshes of a sieve with 5/16-inch square openings.

(ii) Not more than 15 percent of the drained weight may consist of pieces weighing more than 3/32-ounce each.

(7) *Spears.* (i) The units are of reasonably uniform length.

(ii) Not more than 20 percent, by count, of the units or not more than one unit in a container of less than 5 units, may be less than ¾ inch or more than 1¾ inches in the longest edge dimension other than the longitudinal measurement of the spear.

(iii) The drained weight of the largest spear is not more than 1.4 times the weight of the smallest spear.

(8) *Half sliced.* (i) The diameter of the half slice with the longest diameter does not exceed the diameter of the half slice with the shortest diameter by more than 1/8 inch.

(ii) The thickness of the half slice with the widest thickness at the circumference does not exceed the thickness of the half slice with the most narrow thickness at the circumference by more than 1/8 inch.

(iii) The drained weight of the largest half slice is not more than 1.75 times the weight of the smallest half slice (except for an occasional broken piece due to splitting or an occasional whole slice not quite completely cut through).

(g) (*C*) *classification.* Half sliced canned pineapple that is fairly uniform in size and shape and broken sliced canned pineapple that is not uniform in size and shape may be given a score of 14 or 15 points. Half sliced and broken sliced canned pineapple that scores in this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule).

(1) "Fairly uniform in size and shape" for half sliced canned pineapple means that the units fail to meet the requirements of paragraph (e) (8) (i) and (ii) of this section or of paragraph (f) (8) (i) and (ii) of this section, but the drained weight of the largest half slice is not more than 1.75 times the weight of the smallest half slice (except for an occasional broken piece due to splitting or an occasional whole slice not quite completely cut through).

(2) "Not uniform in size and shape" for broken sliced canned pineapple means that:

(i) Not more than 10 percent of the drained weight may consist of pieces having an arc of less than 90°;

(ii) Not more than 5 percent of the drained weight may consist of: (*a*) Pieces that measure in thickness less than 5/16 inch or more than 1 inch; or (*b*) pieces that measure less than ¾ inch in width as measured from the outer edge to the inner edge; and

(iii) Not more than 5 percent of the drained weight may consist of broken slices having an outside diameter differing by as much as ⅜ inch from that of those present in greatest proportion by weight.

(h) (*SStd*) *classification.* Canned pineapple of the applicable styles which fail to meet in some respects paragraph (e), (f), or (g) of this section may be given a score of 0 to 13 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule); and, for the applicable styles, may also be "Below Standard in Quality—Good Food—Not High Grade" or "Below Standard in Quality" for the following reasons:

(1) *Slices.* "Mixed sizes" for failure to comply with paragraph (e) (1) (iv) or (f) (1) (iv) of this section.

(2) *Tidbits.* "Mixed sizes" for failure to comply with paragraph (f) (2) (ii) or (3) (ii) of this section.

(3) *Chunks.* "Irregular small pieces" for failure to comply with paragraph (f) (4) (ii) of this section.

(4) *Cubes.* "Irregular small pieces" for failure to comply with paragraph (f) (6) (i) of this section; or "mixed sizes" for failure to comply with paragraph (f) (6) (ii) of this section.

(5) *Spears.* "Mixed sizes" for failure to comply with paragraph (e) (7) (iii) or (f) (7) (iii) of this section.

(6) *Half sliced.* "Mixed sizes" for failure to comply with paragraph (e) (8) (iii) or (f) (8) (iii) of this section.

(7) *Broken sliced.* "Small broken pieces" or "thick broken pieces," as the case may be, for failure to comply with paragraph (g) (2) (i) or (ii) of this section; or "mixed sizes" for failure to comply with paragraph (g) (2) (iii) of this section.

§ 52.1724 *Absence of defects—(a) General.* The factor of absence of defects refers, for the applicable style, to the degree of freedom from trimmed units, blemished units, mashed units; and from any other defects including specks, in crushed style, that cannot be weighed which detract from the appearance or edibility of the product.

(b) *Definitions of defects—(1) Insignificantly trimmed.* "Insignificantly trimmed" means any trimming that is noticeable but of lesser degree than slightly trimmed.

(2) *Slightly trimmed.* In slices or half slices, "slightly trimmed" means that the portion trimmed away approximates 3 percent to not more than 5 percent of the apparent physical bulk of the perfectly formed unit and if such trimming materially affects the normal circular shape of the outer or inner edge of the unit.

(3) *Excessively trimmed.* (i) In slices or half slices, "excessively trimmed" means that the portion trimmed away exceeds 5 percent of the apparent physical bulk of the perfectly formed unit and if such trimming destroys the normal circular shape of the outer or inner edge of the unit.

(ii) In broken slices, spears, or tidbits, "excessively trimmed" means that the normal shape of the unit is destroyed by trimming.

(4) *Blemishes—(i) "Blemishes" (or "blemished").* "Blemishes" (or "blemished") include:

(*a*) Any of the following, if in excess of 1/16 inch in the longest dimension on the exposed surface of the unit: Eyes, pieces of shell, brown spots.

(*b*) Deep fruit eyes.

(*c*) Bruised portions.

(*d*) Other abnormalities that it is possible to detect in good commercial practice before sealing in the containers.

(ii) *Serious blemishes.* "Serious blemishes" (or "seriously blemished") means that the blemish seriously affects the appearance or edibility of the unit.

(iii) *Blemishes in crushed pineapple.* In crushed pineapple, each fragment of crushed pineapple bearing a blemish is segregated and the aggregate weight of such fragments is used to ascertain compliance with the allowances.

(5) *Mashed.* A "mashed" unit in the styles of sliced, half sliced, broken sliced, spears, chunks, and tidbits means a unit that has lost its normal shape as evidenced by marks of mechanical injury.

A unit that has lost its normal shape because of ripeness and which bears no mark of mechanical injury shall not be considered as mashed.

(c) (*A*) *classification.* Sliced, half sliced, broken sliced, tidbits, chunks, cubes, spears, or crushed canned pineapple that is practically free from defects may be given a score of 18 to 20 points. Half sliced or broken sliced canned pineapple that scores 18 to 20 points shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a partial limiting rule). "Practically free from defects" means that the canned pineapple is practically free from any defects not specifically mentioned including specks, in crushed style, that cannot be weighed that affect the appearance or edibility of the product; and, in addition, has the following meanings with respect to the following styles of canned pineapple:

(1) *Sliced.* (i) Not more than occasional unit may be insignificantly or slightly trimmed, but none may be excessively trimmed;

(ii) Not more than a total of 5 percent, by count, of the units may be blemished or seriously blemished; or one unit in a container is permitted to be blemished or seriously blemished if such unit exceeds the allowance of 5 percent, by count: *Provided,* That in all containers comprising the sample such blemished units do not exceed an average of 5 percent of the total number of units; and

(iii) Not more than one unit in containers of 25 units or less, and not more than 3 units in containers of more than 25 units, may be mashed.

(2) *Tidbits.* (i) Not more than 5 percent of the drained weight may consist of units that are excessively trimmed;

(ii) Not more than a total of 5 percent, by count, of the units may be blemished or seriously blemished; but not more than 2½ percent, by count, may be seriously blemished; and

(iii) Not more than 3 of the units in containers of less than 150 units, or not more than 2 percent of the units in containers of 150 or more, may be mashed.

(3) *Chunks.* (i) Not more than a total of 5 percent, by count, of the units may be blemished or seriously blemished; but not more than 2½ percent, by count, may be seriously blemished; and

(ii) Not more than 3 of the units in container of less than 70 units, or not more than 5 percent of the units in containers of 70 units or more, may be mashed.

(4) *Cubes.* (i) Not more than a total of 2 percent of the drained weight may be blemished or seriously blemished; but not more than 1 percent of the drained weight may be seriously blemished.

(5) *Spears.* (i) Not more than an occasional unit may be insignificantly or slightly trimmed, but none may be excessively trimmed;

(ii) Not more than a total of 5 percent, by count, of the units may be blemished or seriously blemished; or one unit in a container is permitted to be blemished or seriously blemished if such unit exceeds the allowance of 5 percent, by count: *Provided,* That in all containers comprising the sample such blemished units do not exceed an average of 5 percent of the total number of units; and

(iii) Not more than one unit per container may be mashed.

(6) *Crushed.* (i) Not more than ½ percent of the drained weight may consist of fragments bearing blemishes, including seriously blemished fragments.

(7) *Half sliced.* (i) Not more than an occasional unit may be insignificantly or slightly trimmed, but none may be excessively trimmed;

(ii) Not more than a total of 5 percent, by count, of the units may be blemished or seriously blemished; or one unit in a container is permitted to be blemished or seriously blemished if such unit exceeds the allowance of 5 percent, by count: *Provided,* That in all containers comprising the sample such blemished units do not exceed an average of 5 percent of the total number of units; and

(iii) Not more than one unit in containers of 25 units or less, and not more than 3 units in containers of more than 25 units, may be mashed.

(8) *Broken sliced.* (i) Not more than 5 percent, by count, of the units may be excessively trimmed;

(ii) Not more than a total of 5 percent, by count, of the units may be blemished or seriously blemished; and

(iii) Not more than 5 percent, by count, of the units may be mashed.

(d) (*B*) *classification.* Sliced, half sliced, broken sliced, tidbits, chunks, cubes, spears, or crushed canned pineapple that is reasonably free from defects may be given a score of 16 or 17 points. Half sliced or broken sliced canned pineapple that scores 16 or 17 points shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a partial limiting rule); and other styles of canned pineapple that fall into this classification shall not be graded above U. S. Grade B or U. S. Choice, regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that the canned pineapple is reasonably free from any defects not specifically mentioned including specks, in crushed style, that cannot be weighed that affect the appearance or edibility of the product; and, in addition, has the following meanings with respect to the following styles of canned pineapple:

(1) *Sliced.* (i) Not more than a total of 20 percent, by count, of the units may be slightly or excessively trimmed: *Provided,* That not more than 7½ percent, by count, of the units may be excessively trimmed, but in any container having not more than 10 units, one unit may be excessively trimmed; and in any container having more than 10 units but not more than 27 units, two units may be excessively trimmed;

(ii) Not more than 12½ percent, by count, of the units may be blemished, but in any container having not more than 5 units, one unit may be blemished; in containers having more than 5 units but not more than 10 units, two units may be blemished; and in containers having more than 10 units but not more than 32 units, four units may be blemished; and

(iii) Not more than one unit in containers of 25 units or less, and not more than 3 units in containers of more than 25 units, may be mashed.

(2) *Tidbits.* (i) Not more than 15 percent of the drained weight may consist of units that are excessively trimmed;

(ii) Not more than a total of 12½ percent, by count, of the units may be blemished or seriously blemished; but not more than 6¼ percent, by count, may be seriously blemished; and

(iii) Not more than 3 of the units in containers of less than 150 units, or not more than 2 percent of the units in containers of 150 units or more, may be mashed.

(3) *Chunks.* (i) Not more than a total of 12½ percent, by count, of the units may be blemished or seriously blemished, but not more than 6¼ percent, by count, may be seriously blemished; and

(ii) Not more than 3 of the units in containers of less than 70 units, or not

more than 5 percent of the units in containers of 70 units or more, may be mashed.

(4) *Cubes.* (i) Not more than a total of 12½ percent, by count, of the units may be blemished or seriously blemished, but not more than 6¼ percent, by count, may be seriously blemished.

(5) *Spears.* (i) Not more than a total of 20 percent, by count, of the units may be insignificantly, slightly, or excessively trimmed; but not more than 15 percent, by count, of the units may be excessively trimmed.

(ii) Not more than 12½ percent, by count, of the units may be blemished, but in any container having not more than 5 units, one unit may be blemished; in containers having more than 5 units but not more than 10 units, two units may be blemished; and in containers having more than 10 units but not more than 32 units, four units may be blemished; and

(iii) Not more than one unit per container may be mashed.

(6) *Crushed.* (i) Not more than 1¼ percent of the drained weight may consist of fragments bearing blemishes, including seriously blemished fragments.

(7) *Half sliced.* (i) Not more than a total of 20 percent, by count, of the units may be slightly or excessively trimmed: *Provided,* That not more than 7½ percent, by count, of the units may be excessively trimmed, but in any container having not more than 10 units, one unit may be excessively trimmed; and in any container having more than 10 units but not more than 27 units, two units may be excessively trimmed;

(ii) Not more than a total of 8 percent, by count, of the units may be blemished or seriously blemished; or one unit in a container is permitted to be blemished or seriously blemished if such unit exceeds the allowance of 8 percent, by count: *Provided,* That in all containers comprising the sample such blemished units do not exceed an average of 8 percent of the total number of units; and

(iii) Not more than one unit in containers of 25 units or less, and not more than 3 units in containers of more than 25 units, may be mashed.

(8) *Broken sliced.* (i) Not more than 10 percent, by count, of the units may be excessively trimmed;

(ii) Not more than 8 percent, by count, of the units may be blemished or seriously blemished; and

(iii) Not more than 5 percent, by count, of the units may be mashed.

(e) (*C*) *classification.* Half sliced or broken sliced canned pineapple that is fairly free from defects may be given a score of 14 or 15 points. Half sliced or broken sliced canned pineapple that scores in this classification shall not be graded above U. S. Grade *C* or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that half sliced or broken sliced canned pineapple is fairly free from any defects not specifically mentioned that affect the appearance or edibility of the product; and, in addition, has the following meanings with respect to, and applies only to, the following styles:

(1) *Half sliced.* (i) Not more than 7½ percent, by count, of the units may be excessively trimmed, but in any container having not more than 10 units, one unit may be excessively trimmed; and in any container having more than 10 units but not more than 27 units, two units may be excessively trimmed;

(ii) Not more than 12½ percent, by count, of the units may be blemished but in any container having not more than 5 units, one unit may be blemished; in containers having more than 5 units but not more than 10 units, two units may be blemished; and in containers having more than 10 units but not more than 32 units, four units may be blemished; and

(iii) Not more than one unit in containers of 25 units or less, and not more than 3 units in containers of more than 25 units, may be mashed.

(2) *Broken sliced.* (i) Not more than 15 percent, by count, of the units may be excessively trimmed;

(ii) Not more than 12½ percent, by count, of the units may be blemished but in any container having more than 10 units but not more than 32 units, four units may be blemished; and

(iii) Not more than 5 percent, by count, of the units may be mashed.

(f) (*SStd*) *classification.* Canned pineapple of the applicable styles which fail to meet in some respects paragraph (c), (d), or (e) of this section may be given a score of 0 to 13 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule); and, for the applicable styles, may also be "Below Standard in Quality—Good Food—Not High Grade" or "Below Standard in Quality" for the following reasons:

(1) *Sliced.* (i) "Excessively trimmed" for failure to comply in part with paragraph (d) (1) (i) of this section;

(ii) "Blemished" or "contains blemished pieces" for failure to comply with paragraph (d) (1) (ii) of this section; or

(iii) "Mashed units" or "contains mashed units" for failure to comply with paragraph (c) (1) (iii) or (d) (1) (iii) of this section.

(2) *Tidbits.* (i) "Excessively trimmed" for failure to comply with paragraph (d) (2) (i) of this section;

(ii) "Blemished" or "contains blemished pieces" for failure to comply in part with paragraph (d) (2) (ii) of this section; or

(iii) "Mashed units" or "contains mashed units" for failure to comply with paragraph (c) (2) (iii) or (d) (2) (iii) of this section.

(3) *Chunks.* (i) "Blemished" or "contains blemished pieces" for failure to comply in part with paragraph (d) (3) (i) of this section; or

(ii) "Mashed units" or "contains mashed units" for failure to comply with paragraph (c) (3) (ii) or (d) (3) (ii) of this section.

(4) *Cubes.* (i) "Blemished" or "contains blemished pieces" for failure to comply in part with paragraph (d) (4) (i) of this section.

(5) *Spears.* (i) "Excessively trimmed" for failure to comply in part with paragraph (d) (5) (i) of this section;

(ii) "Blemished" or "contains blemished pieces" for failure to comply with paragraph (d) (5) (ii) of this section; or

(iii) "Mashed units" or "contains mashed units" for failure to comply with paragraph (c) (5) (iii) or (d) (5) (iii) of this section.

(6) *Crushed.* (i) "Blemished" or "contains blemished pieces" for failure to comply with paragraph (d) (6) (i) of this section.

(7) *Half sliced.* (i) "Excessively trimmed" for failure to comply in part with paragraph (d) (7) (i) or with (e) (1) (i) of this section;

(ii) "Blemished" or "contains blemished pieces" for failure to comply with paragraph (e) (1) (ii) of this section; or

(iii) "Mashed units" or "contains mashed units"[1] for failure to comply with paragraph (c) (7) (iii) or (d) (7) (iii) or (e) (1) (iii) of this section.

(8) *Broken sliced.* (i) "Excessively trimmed" for failure to comply with paragraph (e) (2) (i) of this section;

(ii) "Blemished" or "contains blemished pieces" for failure to comply with paragraph (e) (2) (ii) of this section; or

(iii) "Mashed units" or "contains mashed units" for failure to comply with paragraph (c) (8) (iii) or (d) (8) (iii) or (e) (2) (iii) of this section.

§ 52.1725 *Character*—(a) *General.* The factor of character refers to the degree of ripeness and maturity, the texture of the fruit, and the degree of freedom from core material.

(b) *Ascertaining proportion of core.* "Core" means core material which may be definitely identified as hard and characteristic of the center structure of pineapple. In ascertaining the proportion of core, identify and separate any core material cleanly from each of the units in the container, weigh the aggregate of such core material, and calculate the weight of the core material in relation to the drained fruit.

(c) (*A*) *classification.* Sliced, half sliced, broken sliced, tidbits, chunks, cubes, spears, or crushed canned pineapple that possesses a good character may be given a score of 27 to 30 points. Half sliced or broken sliced canned pineapple that scores 27 to 30 points shall not be graded above U. S. Grade *C* or U. S. Standard, regardless of the total score for the product (this is a partial limiting rule). "Good character" has the following meanings with respect to the following styles of canned pineapple:

(1) *Sliced; half sliced; broken sliced.* The units are of practically uniform ripeness, are at least reasonably firm with the fruitlets appearing as a compact structure, are reasonably free from porosity; and not more than 0.4 ounce of core is contained in 1 pound of drained fruit.

(2) *Tidbits; cubes; spears; crushed.* The units are of practically uniform ripeness, the fruitlets appear as a compact structure, the units are reasonably free from porosity; and not more than 0.4 ounce of core is contained in 1 pound of drained fruit.

(3) *Chunks.* The units are of practically uniform ripeness, the fruitlets appear as a compact structure, the units

are reasonably free from porosity, and the units are practically free from any core material.

(d) (*B*) *classification.* Sliced, half sliced, broken sliced, tidbits, chunks, cubes, spears, or crushed canned pineapple that possesses a reasonably good character may be given a score of 24 to 26 points. Half sliced or broken sliced canned pineapple that scores 24 to 26 points shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a partial limiting rule); and other styles of canned pineapple that fall into this classification shall not be graded above U. S. Grade B or U. S. Choice, regardless of the total score for the product (this is a limiting rule). "Reasonably good character" has the following meanings with respect to the following styles of canned pineapple:

(1) *Sliced; half sliced; broken sliced.* The units are of reasonably uniform ripeness, the fruitlets are reasonably compact in structure, the slices are fairly free from porosity; and not more than 1.1 ounces of core is contained in 1 pound of drained fruit.

(2) *Tidbits; cubes; spears; crushed.* The units are of reasonably uniform ripeness, the fruitlets are reasonably compact in structure, the units are fairly free from porosity; and not more than 1.1 ounces of core is contained in 1 pound of drained fruit.

(3) *Chunks.* The units are of reasonably uniform ripeness, the fruitlets are reasonably compact in structure, the units are fairly free from porosity; and not more than 1.1 ounces of core is contained in 1 pound of drained fruit.

(e) (*C*) *classification.* Half sliced or broken sliced canned pineapple that possesses a fairly good character may be given a score of 21 to 23 points. Half sliced or broken sliced canned pineapple that scores in this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly good character" has the following meaning with respect to, and applies only to, the following styles:

(1) *Half sliced; broken sliced.* The units are of fairly uniform ripeness, the fruitlets are fairly compact in structure, the units are fairly free from porosity; and not more than 1.1 ounces of core is contained in 1 pound of drained fruit.

(f) (*SStd*) *classification.* Canned pineapple that fails to meet the applicable requirements of paragraph (d) or (e) of this section may be given a score of 0 to 20 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule). Any style of canned pineapple in which more than 1.1 ounces of core is contained in 1 pound of drained fruit is also "Below Standard in Quality—Good Food—Not High Grade" or "Below Standard in Quality—Poorly cored" or "Below Standard in Quality—Excessive core."

LOT CERTIFICATION TOLERANCES

§ 52.1726 *Tolerances for certification of officially drawn samples.* (a) When certifying samples that have been officially drawn and which represent a specific lot of canned pineapple the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if (1) such containers meet all of the applicable grade requirements of the factors of quality that are not rated by score points; (2) all containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification; and (3) with respect to those factors which are rated by score points:

(i) Not more than one-sixth of the containers fails to meet the grade indicated by the average of such total scores;

(ii) None of the containers falls more than 4 points below the minimum score for the grade indicated by the average of such total scores;

(iii) None of the containers falls more than one grade below the grade indicated by the average of such total scores; and

(iv) The average score of all containers for any factor subject to a limiting rule is within the score range of that factor for the grade indicated by the average of the total scores of the containers comprising the sample.

SCORE SHEET

§ 52.1727 *Score sheet for canned pineapple.*

Size and kind of container

PART 52—PROCESSED FRUITS AND VEGETABLES, PROCESSED PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS

SUBPART—UNITED STATES STANDARDS FOR GRADES OF CANNED PINEAPPLE JUICE[1]

On October 19, 1956, a notice of proposed rule making was published in the FEDERAL REGISTER (21 F. R. 8066) regarding a proposed revision of the United States Standards for Grades of Canned Pineapple Juice (7 CFR 52.1761—52.1771). The provisions of the following standards are the same as those published in the notice.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice, the following United States Standards for Grades of Canned Pineapple Juice are hereby promulgated pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087 et seq., as amended; 7 U. S. C. 1621 et seq.).

PRODUCT DESCRIPTION, STYLES, AND GRADES

Sec.
52.1761 Product description.
52.1762 Styles of canned pineapple juice.
52.1763 Grades of canned pineapple juice.

FILL OF CONTAINER

52.1764 Fill of container.

FACTORS OF QUALITY

52.1765 Ascertaining the grade.
52.1766 Ascertaining the rating for the factors which are scored.
52.1767 Color.
52.1768 Absence of defects.
52.1769 Flavor.

EXPLANATIONS AND METHODS OF ANALYSES

SCORE SHEET

52.1772 Score sheet for canned pineapple juice.

AUTHORITY: §§ 52.1761 to 52.1772 issued under sec. 205, 60 Stat. 1090, as amended; 7 U. S. C. 1624.

PRODUCT DESCRIPTION, STYLES, AND GRADES

§ 52.1761 *Product description.* "Canned pineapple juice" means such product as defined in the standard of identity for canned pineapple juice (21 CFR 27.54) issued pursuant to the Federal Food, Drug, and Cosmetic Act.

§ 52.1762 *Styles of canned pineapple juice.* (a) Style I, Unsweetened.
(b) Style II, Sugar added.

[1] Compliance with the provisions of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

§ 52.1763 *Grades of canned pineapple juice.* (a) "U. S. Grade A" or "U. S. Fancy" is the quality of canned pineapple juice that possesses a very good color, is practically free from defects, possesses a very good flavor, and scores not less than 85 points when scored in accordance with the scoring system outlined in this subpart.

(b) "U. S. Grade C" or "U. S. Standard" is the quality of canned pineapple juice that possesses a good color, is fairly free from defects, possesses a good flavor, and scores not less than 70 points when scored in accordance with the scoring system outlined in this subpart.

(c) "Substandard" is the quality of canned pineapple juice that fails to meet the requirements of U. S. Grade C or U. S. Standard; and is the quality of canned pineapple juice that may or may not meet the minimum standard of quality for canned pineapple juice issued pursuant to the Federal Food, Drug, and Cosmetic Act.

FILL OF CONTAINER

§ 52.1764 *Fill of container.* The standard of fill of container for canned pineapple juice is a fill of not less than 90 percent of the total capacity of the container. Canned pineapple juice that does not meet this requirement is "Below Standard in Fill."

FACTORS OF QUALITY

§ 52.1765 *Ascertaining the grade*—(a) *General.* In addition to considering other requirements outlined in the standards the following quality factors are evaluated:

(1) *Factors rated by score points in canned pineapple juice.* The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

	Points
(i) Color	20
(ii) Absence of defects	40
(iii) Flavor	40
Total score	100

§ 52.1766 *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "17 to 20 points" means 17, 18, 19, or 20 points).

§ 52.1767 *Color*—(a) (*A*) *classification.* Canned pineapple juice that possesses a very good color may be given a score of 17 to 20 points. "Very good color" means that the canned pineapple juice possesses a bright, typical color characteristic of canned pineapple juice made from freshly pressed pineapple juice from properly matured and properly ripened pineapple, and which pineapple juice has been properly processed.

(b) (*C*) *classification.* If the canned pineapple juice possesses a good color, a score of 14 to 16 points may be given. Canned pineapple juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Good color" means that the canned pineapple juice possesses a characteristic color which may be slightly dull or may be light amber but is not off color.

(c) (*SStd*) *classification.* Canned pineapple juice that fails to meet the requirements of paragraph (b) of this section may be given a score of 0 to 13 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.1768 *Absence of defects*—(a) *General.* The factor of absence of defects refers to the degree of freedom from specks and other objectionable particles and to the quantity of finely divided "insoluble solids" that may be present.

(b) (*A*) *classification.* Canned pineapple juice that is practically free from defects may be given a score of 34 to 40 points. "Practically free from defects" means that the canned pineapple juice does not contain specks or other objectionable particles that affect the appearance or palatability of the juice and that the canned pineapple juice may contain not less than 5 percent nor more than 26 percent finely divided "insoluble solids" when determined in accordance with the method outlined in this subpart.

(c) (*C*) *classification.* If the canned pineapple juice is fairly free from defects, a score of 28 to 33 points may be given. Canned pineapple juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that the canned pineapple juice may contain specks or other objectionable particles that do not materially affect the appearance or palatability of the juice and that the canned pineapple juice may contain not less than 5 percent nor more than 30 percent finely divided "insoluble solids" when determined in accordance with the method outlined in this subpart.

(d) (*SStd*) *classification.* Canned pineapple juice that fails to meet the requirements of paragraph (c) of this section may be given a score of 0 to 27 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule). Canned pineapple juice that contains less than 5 percent or more than 30 percent finely divided "insoluble solids," when determined in accordance with the method outlined in this subpart, is also "Below Standard in Quality—Good Food—Not High Grade."

§ 52.1769 *Flavor*—(a) (*A*) *classification.* Canned pineapple juice that possesses a very good flavor may be given a score of 34 to 40 points. "Very good flavor" means a fine, distinct canned pineapple juice flavor, characteristic of canned pineapple juice made from properly matured and properly ripened pineapple, and which pineapple juice is free from any caramelized flavor and that the canned pineapple juice meets the following requirements:

(1) *Brix.* Not less than 12.0 degrees.

(2) *Acid.* Not more than 1.10 grams of acid per 100 milliliters of the juice.

(3) *Brix-acid ratio.* Not less than 12 to 1.

(b) (*C*) *classification.* If the canned pineapple juice possesses a good flavor, a score of 28 to 33 points may be given. Canned pineapple juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Good flavor" means a good, normal canned pineapple juice flavor that may be slightly caramelized but is free from objectionable flavor or off flavor of any kind and that the canned pineapple juice meets the following requirements:

(1) *Brix.* Not less than 10.5 degrees.

(2) *Acid.* Not more than 1.35 grams of acid per 100 milliliters of the juice.

(3) *Brix-acid ratio.* Not less than 12 to 1.

(c) (*SStd*) *classification.* If the canned pineapple juice fails to meet the requirements of paragraph (b) of this section, if the canned pineapple juice has the flavor of fruit not properly matured or not properly ripened, or if the canned pineapple juice is definitely unpalatable, a score of 0 to 27 points may be given. Canned pineapple juice that falls into this classification shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule). Canned pineapple juice that fails to meet any one of the requirements of paragraph (b) of this section with respect to Brix or Acid or Brix-acid ratio is also "Below Standard in Quality—Good Food—Not High Grade."

EXPLANATIONS AND METHODS OF ANALYSES

§ 52.1770 *Explanation of terms and analyses*—(a) *Brix.* "Brix" in canned pineapple juice means the soluble solids content as determined by the method prescribed in the "Official Methods of Analysis of the Association of Official Agricultural Chemists," "Solids—By Means of Spindle—Official."

(b) *Acid.* "Acid" in canned pineapple juice means the grams of acid, calculated as anhydrous citric acid, contained in 100 milliliters of the juice. Total acidity of the juice is determined by the following method:

(i) Measure with a pipette 10 milliliters of the unfiltered drained liquid into a 250-milliliter Erlenmeyer flask.

(2) Add 25 milliliters of freshly boiled, distilled water and 0.3 milliliter of 1-percent phenolphthalein solution.

(3) Titrate with one-tenth normal sodium hydroxide solution to a faint, permanently pink coloration.

(4) Multiply the number of milliliters of one-tenth normal sodium hydroxide required by 0.064 to calculate the number of grams of anhydrous citric acid per 100 milliliters of drained liquid.

(c) Finely divided "insoluble solids". The quantity of "finely divided 'insoluble solids' " is determined as follows:

(i) Measure 50 milliliters of thoroughly stirred pineapple juice into a cone-shaped graduated tube of the long-cone type, measuring approximately 4 3/16 inches from tip to top calibration and having a capacity of 50 milliliters.

(ii) Place the tube in a suitable centrifuge, the approximate speed of which is related to diameter of swing in accordance with Table I of this subpart. The word "diameter" means the over-all distance between the tips of opposing centrifuge tubes in operating position.

(iii) The milliliter reading at the top of the layer of "insoluble solids," after centrifuging 3 minutes, is multiplied by two to obtain the percentage of "insoluble solids."

TABLE I

Diameter:	Approximate revolutions per minute
10 inches	1,609
10½ inches	1,570
11 inches	1,534
11½ inches	1,500
12 inches	1,468

18½ inches	1,182
19 inches	1,167
19½ inches	1,152
20 inches	1,137

LOT CERTIFICATION TOLERANCES

§ 52.1771 *Tolerances for certification of officially drawn samples.* (a) When certifying samples that have been officially drawn and which represent a specific lot of canned pineapple juice the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if, (1) such containers meet all of the applicable grade requirements of the factors of quality that are not rated by score points; (2) all containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification; and (3) with respect to those factors which are rated by score points:

(i) Not more than one-sixth of the containers fails to meet the grade indicated by the average of such total scores;

(ii) None of the containers falls more than 4 points below the minimum score for the grade indicated by the average of such total scores;

(iii) None of the containers falls more than one grade below the grade indicated by the average of such total scores; and

(iv) The average score of all containers for any factor subject to a limiting rule is within the score range of that factor for the grade indicated by the average of the total scores of the containers comprising the sample.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[945.303 Amdt. 1]

PART 945—TOMATOES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

Findings. (a) Pursuant to Marketing Agreement No. 125 and Order No. 45 (7 CFR Part 945) regulating the handling of tomatoes grown in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Florida Tomato Committee, established pursuant to said marketing agreement and order, and upon other available information, it is hereby found that the amendment to the limitation of shipments, as hereinafter provided, will tend to effectuate the declared policy of the act.

(b) It is hereby found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (i) the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, (ii) more orderly marketing in the public interest, than would otherwise prevail, will be promoted by regulating the shipment of tomatoes, in the manner set forth below, on and after the effective date of this amendment, (iii) compliance with this amendment will not require any special preparation on the part of handlers which cannot be completed by the effective date, (iv) reasonable time is permitted, under the circumstances, for such preparation, (v) information regarding the committee's recommendations has been made available to producers and handlers in the production area, and (vi) this amendment relieves restrictions on the handling of tomatoes grown in the production area.

Order, as amended. The provisions of § 945.303 (b) (2) (22 F. R. 757) are hereby amended by deleting all of such subparagraph. Subparagraphs (3), (4), (5), (6), (7), (8), (9) and (10) of § 945.303 (b) are hereby renumbered, respectively, (2), (3), (4), (5), (6), (7), (8), and (9).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 7, 1957, to become effective February 7, 1957.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 40-2]

PART 40—SCHEDULED INTERSTATE AIR CARRIER CERTIFICATION AND OPERATION RULES

TRAINING PROGRAMS AND PROFICIENCY CHECKS; USE OF AIRCRAFT SIMULATORS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 8th day of February 1957.

Part 40 of the Civil Air Regulations currently requires certain pilot proficiency checks to be accomplished twice a year by each pilot serving as pilot in command in air carrier service. The objective of these checks is to insure that the pilot maintains a high standard of proficiency in the piloting and navigation of the airplane types to be flown by him. The proficiency checks must be given by an authorized representative of the Administrator of Civil Aeronautics or a check pilot of the carrier concerned. In addition to the normal airplane maneuvers, these checks include certain

critical maneuvers which are encountered from time to time in air carrier service such as take-offs and landings with inoperative engines, missed approaches, instrument letdowns, and various emergency procedures.

The Administrator, with the approval of the Board, has for several years approved many maneuvers required in the proficiency checks to be accomplished in synthetic trainers which accurately simulate the flight characteristics and the performance of the aircraft, to which a pilot is assigned, through all ranges of normal and emergency operations. This approval has been based in part upon an air carrier's use of the synthetic trainer in its pilot training program, and the pilot's satisfactory demonstration in actual flight of ability to perform at least 4 basic maneuvers, as follows: Flight at minimum speeds, approach to lowest approved minimums, landing under circling approach conditions, and simulated engine failure(s) during take-off.

The Board foresees, however, that the increasing complexity of aircraft, with concomitant need for devices to simulate the flight characteristics of large modern transport aircraft, will be further accentuated as turbo-prop and turbo-jet aircraft are procured. As a result, more intensive training of pilots and crews will be necessary to insure that they are proficient in the operation of these larger and faster aircraft with their corresponding new operating problems, and this training can be accomplished only at considerably increased costs. In anticipation of this problem, certain carriers are preparing to acquire simulators before the aircraft are put into service. This action is predicated on the assumption that essential training can be conducted in part in aircraft simulators more effectively, safely, and economically than in an aircraft, and with considerable saving in time.

The fundamental characteristics of the aircraft simulators in use and under consideration should be made clear in order that interested persons will clearly understand the nature of the device the Board is discussing in this amendment. The Board has in mind that the aircraft simulator shall be a full scale mock-up of the cockpit interior of a particular type aircraft with normal crew stations, plus accommodations for necessary additional persons such as check airmen, instructors, or observers. It shall also include suitable course and altitude recorders. It shall be capable of accurately reproducing the engine and flight performance, control loading, instrument indication, and control movements of the specific model aircraft during the execution of all normal and anticipated emergency maneuvers. Of great importance is the requirement that the device shall be designed to permit presentation of malfunction of aircraft, aircraft engines, propellers, appliances, systems, and other components, and appropriate procedures to cope with such emergencies. Capabilities, as outlined above, will permit intensive training and checking in normal and abnormal flight conditions, various flight procedures, navigational problems, and essential crew coordination.

Accordingly, the Board published on June 13, 1956, (21 F. R. 4294) a notice of proposed rule making as Civil Air Regulations Draft Release No. 56–16 "Training Programs and Proficiency Checks (Use of Aircraft Simulators)" in which certain proposals were made with respect to the use of aircraft simulators. The Board indicated that it was of the opinion that the advantages of the trainers were so apparent that their controlled introduction into air carrier training procedures on a wider basis was in the public interest and should be encouraged. In summary, the Board found that aircraft simulators have been proven as a valuable aid in improving the effectiveness of pilot training for instrument and equipment proficiency. The promise of further improvement in training is, in fact, so great that it appears desirable to reduce the number of in-flight proficiency checks that pilots are required to take. Simulators are particularly suited to instruction in and practice of numerous emergency procedures which cannot satisfactorily be accomplished in flight, and permit special emphasis on the coordination of crew duties; they offer a laboratory for experimentation in techniques and procedures which might be time-consuming or hazardous in flight; they will permit training to be conducted with more safety as a result of the reduction of frequency of aircraft operations under simulated emergency conditions; their use will result in the reduction of traffic congestion and noise in large terminal areas; and they will reduce substantially the total cost of pilot training programs.

The board also indicated that, in determining the most appropriate method to realize the full possibilities of aircraft simulators, it could not lose cognizance of its responsibility to assure the highest degree of safety in air transportation even while taking this opportunity to encourage sound technical and economic development of air carrier operations. It is the Board's opinion, therefore, that the broadened use of aircraft simulators in air carrier training programs should be permitted in accordance with these basic principles:

A. The use of simulators shall be permissive with the air carriers.

B. The air carrier shall be required to show that the aircraft simulator meets prescribed standards and shall establish within its training program an approved course of training in such an aircraft simulator. It is anticipated that the training shall consist of at least several hours covering all items currently contained in the flight proficiency checks.

C. When a pilot in command satisfactorily completes each 12 months an approved course of training in an aircraft simulator which the air carrier shows meets the prescribed standards, each such pilot need accomplish only one proficiency check in flight each 12 months.

D. The Board shall review the experience gained under these regulations to determine the effectiveness of the procedures permitted thereby.

In response to Draft Release No. 56–16, the Board received from interested persons comment favorable to the Board's basic objective of permitting broadened use of aircraft simulators by air carriers. There was, however, some diversity of opinion with respect to the specific proposals to amend the operating parts. In the Board's proposal the major change from current practice was to substitute an approved simulator course for one of the two proficiency checks required to be accomplished in flight annually. Certain air carrier spokesmen indicated that they considered this an improper mixing of the training and checking functions, and stated that the regulation should simply permit the accomplishment of one of the required checks in a simulator. Furthermore, these persons also considered that it was not necessary for the Administrator to approve a particular portion of an air carrier's training program (i. e., simulator curriculum). On the other hand, pilot spokesmen expressed concern that successful utilization of aircraft simulators would be realized only through very close supervision by the Administrator, with review by the pilots, of procedures and qualifications of instructors and check personnel.

In Draft Release No. 56–16, the Board also asked for separate comment with respect to the desirability of including in the Civil Air Regulations certain specific standards for aircraft simulator equipment (Draft Release No. 56–16, Appendix A) which would be used as a basis for approval by the Administrator.

The Board has carefully studied the various views presented and is of the opinion that, at least in the initial stages of expanded simulator use by air carriers, the Administrator should approve the aircraft simulator training program of each air carrier. This procedure will be consistent with the present policy whereby the Administrator makes rules, compliance with which is mandatory, for the conduct of the proficiency checks required by the Civil Air Regulations. The Board will, however, review the experience gained under this regulation and propose any changes which, in the light of such experience, may be in the public interest.

The Board is also of the opinion, in view of the comment received, and other information, that the detailed description of the systems or conditions being simulated, and the degree of simulation, should not be prescribed in the Civil Air Regulations but should be controlled by the Administrator through the medium of the appropriate Civil Aeronautics Manual. The Board considers, however, that the broad, basic standards which describe the characteristics and function of an acceptable aircraft simulator should be included in the regulations.

Interested persons have been afforded an oportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 40 of the Civil Air Regulations (14 CFR Part 40, as amended) effective March 15, 1957.

By amending § 40.302 (b) by adding a new subparagraph (3) to read as follows:

§ 40.302 *Pilot checks.* • • •

(b) *Proficiency check.* • • •

(3) Subsequent to the initial pilot proficiency check, a pilot in command need accomplish in flight only one of the proficiency checks required by subparagraph (1) of this paragraph during each 12 months if he satisfactorily completes within such 12 months an approved course of training in an aircraft simulator. The interval between completion of the proficiency check in flight and the simulator training course shall be not less than 4 or more than 8 months. The air carrier shall show that the flight characteristics, performance, instrument reaction, and control loadings of the applicable aircraft are accurately simulated in the aircraft simulator through all ranges of normal and emergency operations in accordance with subdivisions (i) through (vii) of this subparagraph:

(i) The simulator shall represent a full-scale mock-up of the cockpit interior, including normal flight crew stations and accommodations for the instructor or check airman.

(ii) The effect of changes on the basic forces and moments shall be introduced for all combinations of drag and thrust normally encountered in flight. The effect of changes in airplane attitude, power, drag, altitude, temperature, gross weight, center of gravity location, and configuration shall be included.

(iii) In response to control movement by a flight crew member, all instrument indications involved in the simulation of the applicable airplane shall be entirely automatic in character unless otherwise specified. The rate of change of simulator instrument readings and of control forces shall correspond to the rate of change which would occur on the applicable airplane under actual flight conditions, for any given change in the applied load on the controls, in the applied power or in aircraft configuration. Control forces and degree of actuating control travel shall correspond to that which would occur in the airplane under actual flight conditions.

(iv) Through the medium of instrument indication, it shall be possible to use the simulator for the training and checking of a pilot in the operational use of controls and instruments on the applicable airplane model during the simulated execution of ground operation, take-off, landing, normal flight, unusual attitudes, navigation problems, and instrument approach procedures. In addition, the simulator shall be designed so that malfunction of aircraft engines, propellers, and primary systems may be presented and corrective action taken by the crew to cope with such emergencies.

(v) Suitable course and altitude recorders shall be included.

(vi) Communication and navigation aids of the applicable airplane shall be simulated for on-the-ground and in-flight operations.

(vii) Other aircraft systems and components shall be simulated to the extent found necessary by the Administrator.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs. 601, 52 Stat. 1007, as amended, 49 U. S. C. 551)

Adopted: February 8, 1957.

Effective: March 15, 1957.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[Civil Air Regs., Amdt. 41–9]

PART 41—CERTIFICATION AND OPERATION RULES FOR SCHEDULED AIR CARRIER OPERATIONS OUTSIDE THE CONTINENTAL LIMITS OF THE UNITED STATES

TRAINING PROGRAMS AND PROFICIENCY CHECKS; USE OF AIRCRAFT SIMULATORS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 8th day of February 1957.

Part 41 of the Civil Air Regulations currently requires certain pilot proficiency checks to be accomplished twice a year by each pilot serving as pilot in command in air carrier service. The objective of these checks is to insure that the pilot maintains a high standard of proficiency in the piloting and navigation of the airplane types to be flown by him. The proficiency checks must be given by an authorized representative of the Administrator of Civil Aeronautics or a check pilot of the carrier concerned. In addition to the normal airplane maneuvers, these checks include certain critical maneuvers which are encountered from time to time in air carrier service such as take-offs and landings with inoperative engines, missed approaches, instrument letdowns, and various emergency procedures.

The Administrator, with the approval of the Board, has for several years approved many maneuvers required in the proficiency checks to be accomplished in synthetic trainers which accurately simulate the flight characteristics and the performance of the aircraft, to which a pilot is assigned; through all ranges of normal and emergency operations. This approval has been based in part upon an air carrier's use of the synthetic trainer in its pilot training program, and the pilot's satisfactory demonstration in actual flight of ability to perform at least 4 basic maneuvers, as follows: Flight at minimum speeds, approach to lowest approved minimums, landing under circling approach conditions, and simulated engine failure(s) during take-off.

The Board foresees, however, that the increasing complexity of aircraft, with concomitant need for devices to simulate the flight characteristics of large modern transport aircraft, will be further accentuated as turbo-prop and turbo-jet aircraft are procured. As a result, more intensive training of pilots and crews will be necessary to insure that they are proficient in the operation of these larger and faster aircraft with their corresponding new operating problems, and this training can be accomplished only at considerably increased costs. In anticipation of this problem, certain carriers are preparing to acquire simulators before the aircraft are put into service. This action is predicated on the assumption that essential training can be conducted in part in aircraft simulators more effectively, safely, and economically than in an aircraft, and with considerable saving in time.

The fundamental characteristics of the aircraft simulators in use and under consideration should be made clear in order that interested persons will clearly understand the nature of the device the Board is discussing in this amendment. The Board has in mind that the aircraft simulator shall be a full scale mock-up of the cockpit interior of a particular type aircraft with normal crew stations, plus accommodations for necessary additional persons such as check airmen, instructors, or observers. It shall also include suitable course and altitude recorders. It shall be capable of accurately reproducing the engine and flight performance, control loading, instrument indication, and control movements of the specific model aircraft during the execution of all normal and anticipated emergency maneuvers. Of great importance is the requirement that the device shall be designed to permit presentation of malfunction of aircraft, aircraft engines, propellers, appliances, systems, and other components, and appropriate procedures to cope with such emergencies. Capabilities, as outlined above, will permit intensive training and checking in normal and abnormal flight conditions, various flight procedures, navigational problems, and essential crew coordination.

Accordingly, the Board published on June 13, 1956 (21 F. R. 4294), a notice of proposed rule making as Civil Air Regulations Draft Release No. 56–16 "Training Programs and Proficiency Checks (Use of Aircraft Simulators)" in which certain proposals were made with respect to the use of aircraft simulators. The Board indicated that it was of the opinion that the advantages of the trainers were so apparent that their controlled introduction into air carrier training procedures on a wider basis was in the public interest and should be encouraged. In summary, the Board found that aircraft simulators have been proven as a valuable aid in improving the effectiveness of pilot training for instrument and equipment proficiency. The promise of further improvement in training is, in fact, so great that it appears desirable to reduce the number of in-flight proficiency checks that pilots are required to take. Simulators are particularly suited to instruction in and practice of numerous emergency procedures which cannot satisfactorily be accomplished in flight, and permit special emphasis on the coordination of crew duties; they offer a laboratory for experimentation in techniques and procedures which might be time-consuming or hazardous in flight; they will permit training to be conducted with more safety as a result of the reduction of frequency of aircraft operations under simulated emergency

conditions; their use will result in the reduction of traffic congestion and noise in large terminal areas; and they will reduce substantially the total cost of pilot training programs.

The Board also indicated that, in determining the most appropriate method to realize the full possibilities of aircraft simulators, it could not lose cognizance of its responsibility to assure the highest degree of safety in air transportation even while taking this opportunity to encourage sound technical and economic development of air carrier operations. It is the Board's opinion, therefore, that the broadened use of aircraft simulators in air carrier training programs should be permitted in accordance with these basic principles:

A. The use of simulators shall be permissive with the air carriers.

B. The air carrier shall be required to show that the aircraft simulator meets prescribed standards and shall establish within its training program an approved course of training in such an aircraft simulator. It is anticipated that the training shall consist of at least several hours covering all items currently contained in the flight proficiency checks.

C. When a pilot in command satisfactorily completes each 12 months an approved course of training in an aircraft simulator which the air carrier shows meets the prescribed standards, each such pilot need accomplish only one proficiency check in flight each 12 months.

D. The Board shall review the experience gained under these regulations to determine the effectiveness of the procedures permitted thereby.

In response to Draft Release No. 56–16, the Board received from interested persons comment favorable to the Board's basic objective of permitting broadened use of aircraft simulators by air carriers. There was, however, some diversity of opinion with respect to the specific proposals to amend the operating parts. In the Board's proposal the major change from current practice was to substitute an approved simulator course for one of the two proficiency checks required to be accomplished in flight annually. Certain air carrier spokesmen indicated that they considered this an improper mixing of the training and checking functions, and stated that the regulation should simply permit the accomplishment of one of the required checks in a simulator. Furthermore, these persons also considered that it was not necessary for the Administrator to approve a particular portion of an air carrier's training program (i. e., simulator curriculum). On the other hand, pilot spokesmen expressed concern that successful utilization of aircraft simulators would be realized only through very close supervision by the Administrator, with review by the pilots, of procedures and qualifications of instructors and check personnel.

In Draft Release No. 56–16, the Board also asked for separate comment with respect to the desirability of including in the Civil Air Regulations certain specific standards for aircraft simulator equipment (Draft Release No. 56–16, Appendix A) which would be used as a basis for approval by the Administrator.

The Board has carefully studied the various views presented and is of the opinion that, at least in the initial stages of expanded simulator use by air carriers, the Administrator should approve the aircraft simulator training program of each air carrier. This procedure will be consistent with the present policy whereby the Administrator makes rules, compliance with which is mandatory, for the conduct of the proficiency checks required by the Civil Air Regulations. The Board will, however, review the experience gained under this regulation and propose any changes which, in the light of such experience, may be in the public interest.

The Board is also of the opinion, in view of the comment received and other information, that the detailed description of the systems or conditions being simulated, and the degree of simulation, should not be prescribed in the Civil Air Regulations, but should be controlled by the Administrator through the medium of the appropriate Civil Aeronautics Manual. The Board considers, however, that the broad, basic standards which describe the characteristics and function of an acceptable aircraft simulator should be included in the regulations.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 41 of the Civil Air Regulations (14 CFR Part 41, as amended) effective March 15, 1957.

By amending § 41.53 by designating the existing paragraph as paragraph (a) and adding a new paragraph (b) to read as follows:

§ 41.53 *Periodic flight checks and instruction.* • • •

(b) Subsequent to the initial pilot proficiency check, a pilot in command need accomplish in flight only one of the proficiency checks required by paragraph (a) of this section during each 12 months if he satisfactorily completes within such 12 months an approved course of training in an aircraft simulator. The interval between completion of the proficiency check in flight and the simulator training course shall be not less than 4 nor more than 8 months. The air carrier shall show that the flight characteristics, performance, instrument reaction, and control loadings of the applicable aircraft are accurately simulated in the aircraft simulator through all ranges of normal and emergency operations in accordance with subparagraphs (1) through (7) of this paragraph:

(1) The simulator shall represent a full-scale mock-up of the cockpit interior, including normal flight crew stations and accommodations for the instructor or check airman.

(2) The effect of changes on the basic forces and moments shall be introduced for all combinations of drag and thrust normally encountered in flight. The effect of changes in airplane attitude, power, drag, altitude, temperature, gross weight, center of gravity location, and configuration shall be included.

(3) In response to control movement by a flight crew member, all instrument indications involved in the simulation of the applicable airplane shall be entirely automatic in character unless otherwise specified. The rate of change of simulator instrument readings and of control forces shall correspond to the rate of change which would occur on the applicable airplane under actual flight conditions, for any given change in the applied load on the controls, in the applied power or in aircraft configuration. Control forces and degree of actuating control travel shall correspond to that which would occur in the airplane under actual flight conditions.

(4) Through the medium of instrument indication, it shall be possible to use the simulator for the training and checking of a pilot in the operational use of controls and instruments on the applicable airplane model during the simulated execution of ground operation, take-off, landing, normal flight, unusual attitudes, navigation problems, and instrument approach procedures. In addition, the simulator shall be designed so that malfunction of aircraft engines, propellers, and primary systems may be presented and corrective action taken by the crew to cope with such emergencies.

(5) Suitable course and altitude recorders shall be included.

(6) Communication and navigation aids of the applicable airplane shall be simulated for on-the-ground and in-flight operations.

(7) Other aircraft systems and components shall be simulated to the extent found necessary by the Administrator.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs. 601, 52 Stat. 1007, as amended, 49 U. S. C. 551)

Adopted: February 8, 1957.

Effective March 15, 1957.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[Civil Air Regs., Amdt. 42-8]

PART 42—IRREGULAR AIR CARRIER AND OFF-ROUTE RULES

TRAINING PROGRAMS AND PROFICIENCY CHECKS, USE OF AIRCRAFT SIMULATORS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 8th day of February 1957.

Part 42 of the Civil Air Regulations currently requires certain pilot proficiency checks to be accomplished twice a year by each pilot serving as pilot in command in air carrier service. The objective of these checks is to insure that the pilot maintains a high standard of proficiency in the piloting and navigation of the airplane types to be flown by him. The proficiency checks must be given by an authorized representative of the Administrator of Civil Aeronautics or a check pilot of the carrier concerned.

In addition to the normal airplane maneuvers, these checks include certain critical maneuvers which are encountered from time to time in air carrier service such as take-offs and landings with inoperative engines, missed approaches, instrument letdowns, and various emergency procedures.

The Administrator, with the approval of the Board, has for several years approved many maneuvers required in the proficiency checks to be accomplished in synthetic trainers which accurately simulate the flight characteristics and the performance of the aircraft, to which a pilot is assigned, through all ranges of normal and emergency operations. This approval has been based in part upon an air carrier's use of the synthetic trainer in its pilot training program, and the pilot's satisfactory demonstration in actual flight of ability to perform at least 4 basic maneuvers, as follows: Flight at minimum speeds, approach to lowest approved minimums, landing under circling approach conditions, and simulated engine failure(s) during take-off.

The Board foresees, however, that the increasing complexity of aircraft with concomitant need for devices to simulate the flight characteristics of large modern transport aircraft, will be further accentuated as turbo-prop and turbo-jet aircraft are procured. As a result, more intensive training of pilots and crews will be necessary to insure that they are proficient in the operation of these larger and faster aricraft with their corresponding new operating problems, and this training can be accomplished only at considerably increased costs. In anticipation of this problem, certain carriers are preparing to acquire simulators before the aircraft are put into service. This action is predicated on the assumption that essential training can be conducted in part in aircraft simulators more effectively, safely, and economically than in an aircraft, and with considerable saving in time.

The fundamental characteristics of the aircraft simulators in use and under consideration should be made clear in order that interested persons will clearly understand the nature of the device the Board is discussing in this amendment. The Board has in mind that the aircraft simulator shall be a full scale mock-up of the cockpit interior of a particular type aircraft with normal crew stations, plus accommodations for necessary additional persons such as check airmen, instructors, or observers. It shall also include suitable course and altitude recorders. It shall be capable of accurately reproducing the engine and flight performance, control loading, instrument indication, and control movements of the specific model aircraft during the execution of all normal and anticipated emergency maneuvers. Of great importance is the requirement that the device shall be designed to permit presentation of malfunction of aircraft, aircraft engines, propellers, appliances, systems, and other components, and appropriate procedures to cope with such emergencies. Capabilities, at outlined above, will permit intensive training and checking in normal and abnormal flight conditions, various flight procedures, navigational problems, and essential crew coordination.

Accordingly, the Board published on June 13, 1956 (21 F. R. 4294), a notice of proposed rule making as Civil Air Regulations Draft Release No. 56–16 "Training Programs and Proficiency Checks (Use of Aircraft Simulators)" in which certain proposals were made with respect to the use of aircraft simulators. The Board indicated that it was of the opinion that the advantages of the trainers were so apparent that their controlled introduction into air carrier training procedures on a wider basis was in the public interest and should be encouraged. In summary, the Board found that aircraft simulators have been proven as a valuable aid in improving the effectiveness of pilot training for instrument and equipment proficiency. The promise of further improvement in training is, in fact, so great that it appears desirable to reduce the number of in-flight proficiency checks that pilots are required to take. Simulators are particularly suited to instruction in and practice of numerous emergency procedures which cannot satisfactorily be accomplished in flight, and permit special emphasis on the coordination of crew duties; they offer a laboratory for experimentation in techniques and procedures which might be time-consuming or hazardous in flight; they will permit training to be conducted with more safety as a result of the reduction of frequency of aircraft operations under simulated emergency conditions; their use will result in the reduction of traffic congestion and noise in large terminal areas; and they will reduce substantially the total cost of pilot training programs.

The Board also indicated that, in determining the most appropriate method to realize the full possibilities of aircraft simulators, it could not lose cognizance of its responsibility to assure the highest degree of safety in air transportation even while taking this opportunity to encourage sound technical and economic development of air carrier operations. It is the Board's opinion, therefore, that the broadened use of aircraft simulators in air carrier training programs should be permitted in accordance with these basic principles:

A. The use of simulators shall be permissive with the air carriers.

B. The air carrier shall be required to show that the aircraft simulator meets prescribed standards and shall establish within its training program an approved course of training in such an aircraft simulator. It is anticipated that the training shall consist of at least several hours covering all items currently contained in the flight proficiency checks.

C. When a pilot in command satisfactorily completes each 12 months an approved course of training in an aircraft simulator which the air carrier shows meets the prescribed standards, each such pilot need accomplish only one proficiency check in flight each 12 months.

D. The Board shall review the experience gained under these regulations to determine the effectiveness of the procedures permitted thereby.

In response to Draft Release No. 56–16, the Board received from interested persons comment favorable to the Board's basic objective of permitting broadened use of aircraft simulators by air carriers. There was, however, some diversity of opinion with respect to the specific proposals to amend the operating parts. In the Board's proposal the major change from current practice was to substitute an approved simulator course for one of the two proficiency checks required to be accomplished in flight annually. Certain air carrier spokesmen indicated that they considered this an improper mixing of the training and checking functions, and stated that the regulation should simply permit the accomplishment of one of the required checks in a simulator. Furthermore, these persons also considered that it was not necessary for the Administrator to approve a particular portion of an air carrier's training program (i. e., simulator curriculum). On the other hand, pilot spokesmen expressed concern that successful utilization of aircraft simulators would be realized only through very close supervision by the Administrator, with review by the pilots, of procedures and qualifications of instructors and check personnel.

In Draft Release No. 56–16, the Board also asked for separate comment with respect to the desirability of including in the Civil Air Regulations certain specific standards for aircraft simulator equipment (Draft Release No. 56–16, Appendix A) which would be used as a basis for approval by the Administrator.

The Board has carefully studied the various views presented and is of the opinion that, at least in the initial stages of expanded simulator use by air carriers, the Administrator should approve the aircraft simulator training program of each air carrier. This procedure will be consistent with the present policy whereby the Administrator makes rules, compliance with which is mandatory, for the conduct of the proficiency checks required by the Civil Air Regulations. The Board will, however, review the experience gained under this regulation and propose any changes which, in the light of such experience, may be in the public interest.

The Board is also of the opinion, in view of the comment received, and other information, that the detailed description of the systems or conditions being simulated, and the degree of simulation, should not be prescribed in the Civil Air Regulations but should be controlled by the Administrator through the medium of the appropriate Civil Aeronautics Manual. The Board considers, however, that the broad, basic standards which describe the characteristics and function of an acceptable aircraft simulator should be included in the regulations.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends

Part 42 of the Civil Air Regulations (14 CFR Part 42, as amended) effective March 15, 1957.

By amending § 42.44 (a) by adding a new subparagraph (4) to read as follows:

§ 42.44 *Recent flight experience requirements for flight crew members.* * * *

(a) *Pilots.* * * *

(4) Subsequent to the initial pilot equipment and instrument checks required by subparagraphs (2) and (3), respectively, of this paragraph, a pilot in command need accomplish in flight within each 12 months only one of the required equipment checks and only one of the required instrument checks, if he satisfactorily completes within such 12 months an approved course of training in an aircraft simulator. The interval between completion of the proficiency check in flight and the simulator training course shall be not less than 4 nor more than 8 months. The air carrier shall show that the flight characteristics, performance, instrument reaction, and control loadings of the applicable aircraft are accurately simulated in the aircraft simulator through all ranges of normal and emergency operations in accordance with subdivisions (i) through (vii) of this subparagraph:

(i) The simulator shall represent a full-scale mock-up of the cockpit interior, including normal flight crew stations and accommodations for the instructor or check airman.

(ii) The effect of changes on the basic forces and moments shall be introduced for all combinations of drag and thrust normally encountered in flight. The effect of changes in airplane attitude, power, drag, altitude, temperature, gross weight, center of gravity location, and configuration shall be included.

(iii) In response to control movement by a flight crew member, all instrument indications involved in the simulation of the applicable airplane shall be entirely automatic in character unless otherwise specified. The rate of change of simulator instrument readings and of control forces shall correspond to the rate of change which would occur on the applicable airplane under actual flight conditions, for any given change in the applied load on the controls, in the applied power or in aircraft configuration. Control forces and degree of actuating control travel shall correspond to that which would occur in the airplane under actual flight conditions.

(iv) Through the medium of instrument indication, it shall be possible to use the simulator for the training and checking of a pilot in the operational use of controls and instruments on the applicable airplane model during the simulated execution of ground operation, take-off, landing, normal flight, unusual attitudes, navigation problems, and instrument approach procedures. In addition, the simulator shall be designed so that malfunction of aircraft engines, propellers, and primary systems may be presented and corrective action taken by the crew to cope with such emergencies.

(v) Suitable course and altitude recorders shall be included.

(vi) Communication and navigation aids of the applicable airplane shall be simulated for on-the-ground and in-flight operations.

(vii) Other aircraft systems and components shall be simulated to the extent found necessary by the Administrator.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs 601, 52 Stat. 1007, as amended, 49 U. S. C. 551)

Adopted: February 8, 1957.

Effective: March 15, 1957.

By the Civil Aeronautics Board.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6560]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

STEPHEN F. WHITMAN & SON, INC.

Subpart—*Discriminating in price under section 2, Clayton Act, as amended*—Price discrimination under 2 (a):

§ 13.725 *Cumulative quantity discounts and schedules;*

§ 13.770 *Quantity rebates or discounts.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 2, 38 Stat. 730, as amended; 15 U. S. C. 13) [Cease and desist order, Stephen F. Whitman & Son, Inc., Philadelphia, Pa., Docket 6560, Jan. 18, 1957]

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a Philadelphia manufacturer of assorted chocolates and confections, including its prestige "Whitman's Sampler" package, with nationwide distribution, with discriminating in price in violation of section 2 (a) of the Robinson-Patman Act through use of an annual cumulative quantity discount system under which individual outlets of chain retail stores were allowed discounts based on the aggregate annual purchases of the entire chain, thus qualifying them for the maximum 10 percent discount, while many independents, selling a greater quantity than the individual outlets with which they competed, got no discount at all or at best no more than 2, 3, or 4 percent.

Following entry of an agreement containing a consent order, the hearing examiner made his initial decision and order to cease and desist which became, on January 18, the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That the respondent Stephen F. Whitman & Son, Inc., a corporation, its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the sale and distribution of its assorted chocolates and confections, or any other related products, in commerce as "commerce" is defined in the aforesaid Clayton Act, do forthwith cease and desist from:

Discriminating in price by means of an annual cumulative quantity discount system, or by using the combined purchases of the various outlets of a chain or group purchaser as a basis for determining any such discount, or by any other means, which results in selling to any one purchaser at net prices higher than the net prices charged to any other purchaser who, in fact, competes with a purchaser paying the higher price in the resale of any of respondent's products of like grade and quality, when such discount results in a discrimination in price.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondent herein shall within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with the order to cease and desist.

Issued: January 31, 1957.

By the Commission.

[SEAL] ROBERT M. PARRISH, *Secretary.*

[F. R. Doc. 57-1085; Filed, Feb. 12, 1957; 8:47 a. m.]

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

PART 1—REGULATIONS FOR THE ENFORCEMENT OF THE FEDERAL FOOD, DRUG, AND COSMETIC ACT

PART 9—COLOR CERTIFICATION

PART 85—SEAFOOD INSPECTION

PART 130—NEW DRUGS

PART 146—GENERAL REGULATIONS FOR THE CERTIFICATION OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

PART 164—CERTIFICATION OF DRUGS COMPOSED WHOLLY OR PARTLY OF INSULIN

PART 290—REGULATIONS FOR THE ENFORCEMENT OF THE FEDERAL IMPORT MILK ACT

AMENDMENTS ESTABLISHING UNIFORM PERIODS OF TIME FOR WHICH SPECIFIED RECORDS MUST BE KEPT

Pursuant to the authority vested in the Secretary of Health, Education, and Welfare by the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 701, 52 Stat. 1055; 21 U. S. C. 371), and the Federal Import Milk Act (sec. 3, 44 Stat. 1102; 21 U. S. C. 143), and delegated to the Commissioner of Food and Drugs (20 F. R. 1996; 21 F. R. 6581), the following amendments are ordered:

1a. In § 1.13 *Food; exemptions from labeling requirements,* paragraph (b) (2) is amended to read as follows:

(2) In case such person is not such operator, such shipment or delivery is made to such establishment under a written agreement, signed by and containing the post-office addresses of such person and such operator, and containing such specifications for the processing, labeling, or repacking, as the case may be, of such food in such establishment as will insure, if such specifications are followed, that such food will not be adulterated or misbranded within the meaning of the act upon completion of such processing, labeling, or repacking. Such person and such operator shall each keep a copy of such agreement until 2 years after the final shipment or delivery of such food from such establishment, and shall make such copies available for inspection at any reasonable hour to any officer or employee of the Department who requests them.

b. In § 1.107 *Drugs and devices; exemptions,* paragraph (a) (2) is amended to read as follows:

(2) In case such person is not such operator, such shipment or delivery is made to such establishment under a written agreement, signed by and containing the post-office addresses of such person and such operator, and containing such specifications for the processing, labeling, or repacking, as the case may be, of such drug or device in such establishment as will insure, if such specifications are followed, that such drug or device will not be adulterated or misbranded within the meaning of the act upon completion of such processing, labeling, or repacking. Such person and such operator shall each keep a copy of such agreement until 2 years after the final shipment or delivery of such drug or device from such establishment, and shall make such copies available for inspection at any reasonable hour to any officer or employee of the Department who requests them.

c. In § 1.204 *Cosmetic; labeling requirements; exemptions,* paragraph (a) (2) is amended to read as follows:

(2) In case such person is not such operator, such shipment or delivery is made to such establishment under a written agreement, signed by and containing the post-office addresses of such person and such operator, and containing such specifications for the processing, labeling, or repacking, as the case may be, of such cosmetic in such establishment as will insure, if such specifications are followed, that such cosmetic will not be adulterated or misbranded within the meaning of the act upon completion of such processing, labeling, or repacking. Such person and such operator shall each keep a copy of such agreement until 2 years after the final shipment or delivery of such cosmetic from such establishment, and shall make such copies available for inspection at any reasonable hour to any officer or employee of the Department who requests them.

2. In § 9.12 *Records of distribution,* paragraph (a) is amended to read as follows:

(a) The person to whom a certificate is issued shall keep complete records showing the disposal of all the coal-tar color from the batch covered by such certificate. Upon the request of any officer or employee of the Food and Drug Administration, or of any other officer or employee of the United States acting on behalf of the Secretary of Health, Education, and Welfare, such person, at all reasonable hours until at least 2 years after disposal of all such color, shall make such records available to any such officer or employee, and shall accord to such officer or employee full opportunity to make inventory of stocks of such color on hand and otherwise to check the correctness of such records.

3a. In § 85.9 *Processing* (Subpart A—Inspection of Processed Shrimp), paragraph (g) is amended to read as follows:

(g) The packer shall keep for at least 2 years all shipping records covering shipments from each lot, and upon request shall furnish such records to any inspector of the Administration.

b. In § 85.24 *Processing* (Subpart B—Inspection of Canned Oysters), paragraph (e) is amended to read as follows:

(e) The packer shall keep for at least 2 years all shipping records covering shipments from each lot, and upon request shall furnish such records to any inspector of the Administration.

4. In § 130.3 *New drugs for investigational use* * * *, paragraphs (a) (4) and (b) (5) are amended to read as follows:

(a) * * *

(4) Such person retains in his files the statement referred to in subparagraph (3) of this paragraph, together with complete records showing the date, quantity, and batch or code mark (if any) of each such shipment and delivery, until 2 years after a new-drug application becomes effective for such drug, or if an application does not become effective, until 2 years after shipment and delivery of such drug for investigational use is discontinued. Upon the request of any officer or employee of the Department at reasonable times, he makes the records referred to in this subparagraph and in subparagraph (3) of this paragraph available for inspection, and upon written request he submits such records, or copies thereof, to the New Drug Branch for examination.

* * * * *

(b) * * *

(5) Such importer retains in his files the statement referred to in subparagraph (4) of this paragraph, together with complete records showing the date, quantity, and batch or code mark (if any) of each such shipment and delivery and the disposition thereof until 2 years after a new-drug application becomes effective for such drug, or if an application does not become effective, until 2 years after disposition by such importer of all lots of such drug to which such statements and records relate. Upon the request of any officer or employee of the Department at reasonable times, he makes the records referred to in this subparagraph and in subparagraph (4) of this paragraph available for inspection, and upon written request he submits such records, or copies thereof, to the New Drug Branch for examination.

5. Section 146.1 *Definitions and interpretations* is amended by adding the following new paragraph:

(y) At the option of the person having control of records required to be kept by any sections in this part, photostatic or other permanent reproductions may be substituted for such records after the first 2 years of the holding period.

6. In § 164.8 *Records of distribution,* paragraph (b) is amended to read as follows:

(b) Upon the request of any officer or employee of the Food and Drug Administration or of any other officer or employee of the United States, acting on behalf of the Secretary, the person to whom a certificate is issued, at all reasonable hours within 2 years after disposal of all the batch covered by such certificate, shall make such records available to any such officer or employee, and shall accord to such officer or employee full opportunity to make inventory of stocks of such batch on hand and otherwise to check the correctness of such records.

7. Section 290.17 is amended to read as follows:

§ 290.17 *Pasteurization; equipment and methods.* All dairy farms and plants at which any milk or cream is pasteurized for shipment or transportation into the United States shall employ adequate pasteurization machinery of a type easily cleaned and of sanitary construction capable of holding every portion of the milk or cream at the required temperature for the required time. Such pasteurizing machinery shall be properly equipped with accurate time and temperature recording devices, which shall be kept at all times in good working order. The temperature at the time of heating and holding must invariably be recorded on thermograph charts, initialed, numbered, and dated by the official having jurisdiction over such farms and plants. All thermograph charts shall be held for a period of 2 years unless within that period they have been examined and released by such authorized agents as are designated by the Secretary.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since the purpose of the order is to relieve present requirements of the regulations by shortening the time for which some records must be kept, by allowing substitution of reproductions of other records after the initial 2-year holding period, by specifying with particularity the period of time for which other records must be kept, and by making uniform, so far as practicable, the length of time for which records must be kept under the Federal Food, Drug, and Cosmetic Act and the Federal Import Milk Act.

Effective date. This order shall become effective upon publication in the FEDERAL REGISTER.

(Sec. 701, 52 Stat. 1055 as amended; 21 U. S. C. 371. Interpret or apply sec. 3, 44 Stat. 1102; 21 U. S. C. 143)

Dated: February 4, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

[F. R. Doc. 57-1077; Filed, Feb. 12, 1957; 8:45 a. m.]

PART 37—FISH; DEFINITIONS AND STANDARDS OF IDENTITY; STANDARDS OF FILL OF CONTAINER

ORDER ACTING ON PROPOSAL TO ADOPT DEFINITION AND STANDARD OF IDENTITY AND STANDARDS OF FILL OF CONTAINER FOR CANNED TUNA FISH

In the matter of adopting a definition and standard of identity and standards of fill of container for canned tuna fish:

A notice of proposed rule making was published in the FEDERAL REGISTER of August 28, 1956 (21 F. R. 6492), setting forth a proposal to adopt a definition and standard of identity and standards of fill of container for canned tuna fish. Comments and suggestions were received from a number of interested persons. After due consideration of the comments and suggestions received, the information furnished by the petitioner, and other relevant and reliable information, it is concluded that it will promote honesty and fair dealing in the interest of consumers to adopt, with minor modifications, the proposed definitions and standards of identity and fill of container for canned tuna fish published in the FEDERAL REGISTER of August 28, 1956 (supra).

Therefore, pursuant to the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055 as amended 70 Stat. 919; 21 U. S. C. 341, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (20 F. R. 1996; 21 F. R. 6581): *It is ordered,* That the following new part be added to Chapter I.

Sec.

37.1 Canned tuna; definition and standard of identity; label statement of optional ingredients.

37.3 Canned tuna; fill of container; label statement of substandard fill.

AUTHORITY: §§ 37.1 and 37.3 issued under sec. 701, 52 Stat. 1055 as amended; 21 U. S. C. 371. Interpret or apply sec. 401, 52 Stat. 1046; 21 U. S. C. 341.

§ 37.1 *Canned tuna; definition and standard of identity; label statement of optional ingredients.* (a) Canned tuna is the food consisting of processed flesh of fish of the species enumerated in paragraph (b) of this section, prepared in one of the optional forms of pack specified in paragraph (c) of this section, conforming to one of the color designations specified in paragraph (d) of this section, in one of the optional packing media specified in paragraph (e) of this section, and may contain one or more of the seasonings and flavorings specified in paragraph (f) of this section. It is packed in hermetically sealed containers and so processed by heat as to prevent spoilage. It is labeled in accordance with the provisions of paragraph (h) of this section.

(b) The fish included in the class known as tuna fish are:

Thunnus thynnus	Bluefin tuna.[1]
Thunnus maccoyii	Southern bluefin tuna.[1]
Thunnus orientalis	Oriental tuna.[2]
Thunnus germo	Albacore.[3]
Parathunnus mebachi	Big-eyed tuna.[4]
Neothunnus macropterus.	Yellowfin tuna.[2]
Neothunnus rarus	Northern bluefin tuna.[2]
Katsuwonus pelamis	Skipjack.[2]
Euthynnus alletteratus	Little tunny.[2]
Euthynnus lineatus	Little tunny.[2]
Euthynnus yaito	Kawakawa.[2]

[1] "A Comparison of the Bluefin Tunas, Genus Thunnus, from New England, Australia, and California," by H. C. Godsil and Edwin K. Holmberg, State of California, Department of Natural Resources, Division of Fish and Game, Bureau of Marine Fisheries, Fish Bulletin No. 77 (1950).

[2] "Contributions to the Comparative Study of the So-called Scombroid Fishes," by Kamakichi Kishinouye, Journal of the College of Agriculture, Imperial University of Tokyo, Vol. VIII, No. 3 (1923).

[3] "A Systematic Study of the Pacific Tunas," by H. C. Godsil and Robert D. Byers, State of California, Department of Natural Resources, Division of Fish and Game, Bureau of Marine Fisheries, Fish Bulletin No. 60 (1944).

[4] "A Descriptive Study of Certain Tuna-Like Fishes," by H. C. Godsil, State of California, Department of Fish and Game, Fish Bulletin No. 97.

The description of each species will be found in the text to which reference is made.

(c) The optional forms of processed tuna consist of loins and other striated muscular tissue of the fish. The loin is the longitudinal quarter of the great lateral muscle freed from skin, scales, visible blood clots, bones, gills, viscera, and from the nonstriated part of such muscle, which part (known anatomically as the median superficial muscle), is highly vascular in structure, dark in color because of retained blood, and granular in form. Canned tuna is prepared in one of the following forms of pack, the identity of which is determined in accordance with the methods prescribed in § 37.3 (b).

(1) Solid or solid pack consists of loins freed from any surface tissue discolored by diffused hemolyzed blood, cut in transverse segments to which no free fragments are added. In containers of 1 pound or less of net contents, such segments are cut in lengths suitable for packing in one layer. In containers of more than 1 pound net contents, such segments may be cut in lengths suitable for packing in one or more layers of equal thickness. Segments are placed in the can with the planes of their transverse cut ends parallel to the ends of the can. A piece of a segment may be added if necessary to fill a container. The proportion of free flakes broken from loins in the canning operation shall not exceed 18 percent.

(2) Chunk, chunks, chunk style consists of a mixture of pieces of tuna in which the original muscle structure is retained. The pieces may vary in size, but not less than 50 percent of the weight of the pressed contents of a container is retained on a ½-inch-mesh screen.

(3) Flake or flakes consist of a mixture of pieces of tuna in which more than 50 percent of the weight of the pressed contents of the container will pass through a ½-inch-mesh screen, but in which the muscular structure of the flesh is retained.

(4) Grated consists of a mixture of particles of tuna that have been reduced to uniform size, that will pass through a ½-inch-mesh screen, and in which the particles are discrete and do not comprise a paste.

(5) Any of the specified forms of pack of canned tuna may be smoked. Canned smoked tuna shall be labeled in accordance with the provisions of paragraph (h) (5) of this section.

(d) Canned tuna, in any of the forms of pack specified in paragraph (c) of this section, falls within one of the following color designations, measured by visual comparison with matte surface neutral reflectance standards corresponding to the specified Munsell units of value, determined in accordance with paragraph (g) of this section.

(1) *White.* This color designation is limited to the species Thunnus germo (albacore), and is not darker than Munsell value 6.3.

(2) *Light.* This color designation includes any tuna not darker than Munsell value 5.3.

(3) *Dark.* This color designation includes all tuna darker than Munsell value 5.3.

(4) *Blended.* This color designation may be applied only to tuna flakes specified in paragraph (c) (3) of this section, consisting of a mixture of tuna flakes of which not less than 20 percent by weight meet the color standard for either white tuna or light tuna, and the remainder of which fall within the color standard for dark tuna. The color designation for blended tuna is determined in accordance with paragraph (g) of this section.

(e) Canned tuna is packed in one of the following optional packing media:

(1) Any edible vegetable oil other than olive oil, or any mixture of such oils not containing olive oil.

(2) Olive oil.

(3) Water.

(f) Canned tuna may be seasoned or flavored with one or more of the following:

(1) Salt.

(2) Purified monosodium glutamate.

(3) Hydrolyzed protein.

(4) Hydrolyzed protein with reduced monosodium glutamate content.

(5) Spices or spice oils or spice extracts.

(6) Vegetable broth in an amount not in excess of 5 percent of the volume capacity of the container, such broth to consist of a minimum of 0.5 percent by weight of vegetable extractives and to be prepared from two or more of the following vegetables: Beans, cabbage, carrots, celery, garlic, onions, parsley, peas, potatoes, green bell peppers, bell peppers, spinach, and tomatoes.

(7) Garlic.

(g) For determination of the color designations specified in paragraph (d) of this section, the following method shall be used: Recombine the separations of pressed cake resulting from the method prescribed in § 37.3 (b). Pass the combined portions through a sieve fitted with woven-wire cloth of ¼-inch mesh which complies with the specifications for such wire cloth set forth in "Standard Specifications for Sieves," published March 1, 1940, in L. C. 584 of the U. S. Department of Commerce, National Bureau of Standards. Mix the sieved material and place a sufficient quantity into a 307 x 113 size container (bearing a top seam and having a false bottom approximately ½-inch deep and painted flat black inside and outside) so that after tamping and smoothing the surface of the sample the material will be ⅛-inch to ¼-inch below the top of the container. Within 10 minutes after sieving through the ¼-inch mesh woven-wire cloth, determine the Munsell value of sample surface.

(1) Determine the Munsell value of the sample surface so prepared. The following method may be used, employing an optical comparator, consisting of a lens and prism system which brings two beams of light, reflected from equal areas of sample surface and standard surface, respectively, together, within an eyepiece, so as to show an equally divided optical field. The scanned areas of sample and standard surface are not smaller than 2 square inches. Light reaching the eye is rendered sufficiently diffuse, by design of eyepiece and comparator, so that detail of the sample surface will remain undefined, to a degree such as to avoid visual confusion in observation of a match of over-all intensity of reflected light. The eyepiece contains a color filter centering at a wavelength between 550 mμ and 560 mμ. The filter does not pass appreciable visible radiation of wavelengths below 540 mμ or above 570 mμ. The passed wavelength band is of a monochromaticity sufficient to cause a sample and a neutral standard of equal reflectance to appear of the same hue. The comparator is rigidly mounted on a vertical stand attached to a base in which arrangement is provided for securely and accurately positioning two cans of size 307 x 113 in the two fields of view. Mounted on the base are two shaded lamps, which direct the center of their beams of light at about a 45° angle to the plane of the sample and standard surfaces. The lamps are so positioned that light from one bears mainly upon the sample surface and light from the other mainly on the standard surface, and are so placed in relation to sample and standard that no shadows, as from the can rims, appear in the fields of view. The lamps are strong enough to furnish adequate and convenient illumination through eyepiece and filter. Means is provided to alter the light intensity of one lamp in relation to the other, as may conveniently be achieved by using a 100-watt tungsten filament bulb in one lamp and using, in the other, a similar 150-watt bulb connected with the power source through a suitable rheostat. The stand is equipped with nonglossy black curtains on the side of the observer, to exclude variation in extraneous light reflected from the person of the observer.

(2) To adjust the comparator, place a pair of matte surface standards of Munsell value 5.3, mounted as described in subparagraph (4) of this paragraph, in position in the comparator base, and adjust the intensity of the variable lamp until the two halves of the optical field, viewed through the eyepiece, are of equal brightness. Then remove one of the standards and replace it with the prepared sample. Without altering any other adjustment, observe through the eyepiece whether the sample appears lighter or darker than the standard. In case of examination of albacore designated "white," conduct the procedure using standards of Munsell value 6.3.

(3) The standards with which comparisons are made are essentially neutral matte-finish standards, equivalent in luminous reflectance of light of 555 mμ wavelength to 33.7 percent of the luminous reflectance of magnesium oxide (for Munsell value 6.3) and 22.6 percent of the luminous reflectance of magnesium oxide (for Munsell value 5.3), as given by the relationship between Munsell value and luminous reflectance derived by a subcommittee of the Optical Society of America and published in the "Journal of the Optical Society of America," Volume 33, page 406 (1943).

(4) These standards shall be cut in circles 3¼ inches in diameter and shall be mounted in 307 x 113 size containers, bearing a top seam and painted flat black inside and outside, so that the surfaces of the standards are 3/16 inch below the top of the containers in which they are mounted.

(5) In the case of blended tuna, the foregoing method shall be varied by first separating the tuna flakes of the two different colors before passing them through the ¼-inch mesh sieve, then proceeding with each portion separately for the determination of its color value, employing, if necessary, a sample container with false bottom greater than ½ inch deep.

(h) (1) The specified names of the canned tuna for which definitions and standards of identity are prescribed by this section, except where water is the packing medium or where the tuna is smoked, are formed by combining the designation of form of pack with the color designation of the tuna; for example, "Solid pack white tuna," "Grated dark tuna," etc. In the case of blended tuna, there shall be used both applicable color designations of the blended flakes, in precedence determined in accordance with the predominating portion found in the container; for example, "Blended white and dark tuna flakes," "Blended dark and light tuna flakes."

(2) The specified name of canned tuna when water is used as the packing medium is formed as described in subparagraph (1) of this paragraph, followed by the words "in water"; for example, "Grated light tuna in water."

(3) When the packing medium is vegetable oil or olive oil, the label shall bear the name of the optional packing medium used, as specified in paragraph (e) of this section, preceded by the word "in" or the words "packed in." In case of the optional ingredient specified in paragraph (e) (1) of this section, the name or names of the oil used may be stated, or the general term "vegetable oil" may be used.

(4) In case solid pack tuna is packed in olive oil, the designation "Tonno" may also appear.

(5) In case any of the specified forms of canned tuna are smoked, the word "smoked" shall appear as a part of the name on the label; for example, "Smoked light tuna flakes."

(6) Where the canned tuna contains one or more of the ingredients listed in paragraph (f) of this section, the label shall bear the statement "Seasoned with _____," the blank being filled in with the name or names of the ingredient or ingredients used, except that if the ingredient designated in paragraph (f) (6) of this section is used the blank shall be filled with the term "vegetable broth"; and if the ingredient designated in paragraph (f) (5) of this section is used alone, the label may alternatively bear either the statement "spiced" or the statement "with added spice"; and if salt is the only seasoning ingredient used the label may alternatively bear any of the statements "salted," "with added salt," "salt added."

(7) Wherever the name of the food appears on the label so conspicuously as to be easily seen under customary conditions of purchase, the names of the optional ingredients used as specified by subparagraphs (3) and (6) of this paragraph shall immediately and conspicuously precede or follow such name without intervening written, printed, or graphic matter, except that the common name of the species of tuna fish used may so intervene, but the species name "albacore" may be employed only for canned tuna of that species which meets the color designation "white," as prescribed by paragraph (d) (1) of this section.

§ 37.3 *Canned tuna; fill of container; label statement of substandard fill.* (a) The standard of fill of container for canned tuna is a fill such that the average weight of the pressed cake from 24 cans, as determined by the method prescribed by paragraph (b) of this section, is not less than the minimum value specified for the corresponding can size and form of tuna ingredient in the following table:

I. Can size and form of tuna ingredient	II. Minimum value for weights of pressed cake (average of 24 cans)
	Ounces
211 x 109:	
Solid	2.25
Chunks	1.98
Flakes	1.98
Grated	2.00
307 x 113:	
Solid	4.47
Chunks	3.92
Flakes	3.92
Grated	3.96
401 x 206:	
Solid	8.76
Chunks	7.68
Flakes	7.68
Grated	7.76
603 x 408:	
Solid	43.2
Chunks	37.9
Flakes	37.9
Grated	38.3

If the can size in question is not listed, calculate the value for column II as follows: From the list select as the comparable can size that one having nearest the water capacity of the can size in question, multiply the value listed in column II for the same form of tuna ingredient by the water capacity of the can size in question and divide by the water capacity of the comparable can size. Water capacities are determined by the general method provided in § 10.2 (a) of this chapter. For the purposes of this section, cans of dimensions 211 x 109 shall be deemed to have a water capacity at 68° F. of 3.55 avoirdupois ounces of water; cans of dimensions 307 x 113, a water capacity of 7.05 avoirdupois ounces of water; cans of dimensions 401 x 206, a water capacity of 13.80 avoirdupois ounces of water; and cans of dimensions 603 x 408, a water capacity of 68.15 avoirdupois ounces of water.

(b) The methods referred to in paragraph (a) of this section for determining the weight of the pressed cake and referred to in § 37.1 (c) (1) for determining the percent of free flakes and the percent of pieces that pass through a ½-inch-mesh sieve are as follows:

(1) Have each of the 24 cans and contents at a temperature of 75° F. within ±5° F. Test each can in turn as follows:

(2) Cut out the top of the can (code end), using a can opener that does not remove nor distort the double seam.

(3) With the cut top held on the can contents, invert the can, and drain the free liquid by gentle finger pressure on the cut lid so that most of the free liquid drains from the can.

(4) With the cut lid still in place, cut out the bottom of the can with the can opener, then turn the can upright and remove the cut can top (code end). Scrape off any adhering tuna particles into the tuna mass in the can.

(5) Place the proper size of press cylinder as provided in paragraph (c) (1) of this section in a horizontal position on a table; then, using the cut bottom of the can as a pusher, gently force the can contents from the can into the cylinder so that the flat side of the can contents lies in contact with the bottom of the cylinder. Remove the bottom of the can that was used as the pusher and scrape any adhering particles from the can body and bottom of the can, and put them in the cylinder.

(6) Place the cylinder plunger on top of the can contents in the cylinder. Remove the eyebolt and put the cylinder and plunger in position on the press (paragraph (c) (3) of this section).

(7) Begin the operation of the press, and as soon as liquid is observed coming from the cylinder start timing the operation. Apply pressure to the plunger slowly and at a uniform rate, so that a full minute is used to reach a pressure of 384 pounds per square inch of plunger face in contact with the can contents. Hold this pressure for 1 additional minute and then release the pressure and disengage the plunger from the press shaft. Tip the press cylinder so that any free liquid is drained out.

(8) Remove press cylinder with plunger from the press, insert eyebolt in plunger and withdraw it from the cylinder. Loosen the pressed cake from the cylinder with a thin blade and remove the entire pressed cake as gently as possible, to keep the mass in a single cake during this operation. Place the pressed cake and any pieces that adhered to the plunger and cylinder in a tared receiving pan and determine the weight of the pressed material.

(9) For cans larger than 401 x 206, cut out the top of the can and drain off free liquid from the can contents as in operations described in subparagraphs (2) and (3) of this paragraph. Determine the gross weight of the can and remaining contents. Using a tared core cutter as provided for in paragraph (c) (2) of this section, cut vertically a core of the drained material in the can. Determine the weight of the core. With a thin spatula transfer the core to the pressing cylinder for 401 x 206 cans. Determine the weight of the pressed cake as in the operations described in subparagraphs (5) through (8) of this paragraph. Remove the remaining drained contents of the can, reserving the contents for the determination of free flakes (subparagraph (11) of this paragraph), weigh the empty can, and calculate the weight of the total drained material. Calculate the weight of pressed cake on the entire can basis by multiplying the weight of the pressed cake of the core by the ratio of the weight of the drained contents of the can to the weight of the core before pressing.

(10) Repeat the determination of weight of pressed cake on the remainder of the 24 cans and determine the average weight of pressed cake for the purpose of paragraph (a) of this section.

(11) Determination of free flakes: If the optional form of tuna ingredient is solid pack, determine the percent of free flakes. Any flakes resulting from the operations described in this subparagraph or in other parts of this paragraph are to be weighed as free flakes. Only fragments that were broken in the canning procedure are considered to be free flakes. If the can is of such size that its entire drained contents were pressed as described in subparagraphs (1) to (8), inclusive, of this paragraph, examine the pressed cake carefully for free flakes. Using a spatula, scrape free flakes gently from the outside of the cake. Weigh the aggregate free flakes that were broken from the loin segments in the canning procedure and calculate their percentage of the total weight of pressed cake. If the can is of such size that a core was cut for pressing as described in subparagraph (9) of this paragraph, make the examination for free flakes on a weighed portion of the drained material remaining after the core was removed. The weight of the portion examined should approximately equal the weight of the core before pressing. Calculate the weight of the free flakes that were broken from the loins in the canning procedure as a percentage of the weight of the portion examined.

(12) Determination of particle size: If the optional form of tuna ingredient is chunks, flakes, or grated, the press-cake resulting from the operations described in subparagraphs (1) to (9), inclusive, of this paragraph is gently separated by hand, care being taken to avoid breaking the pieces. The separated pieces are evenly distributed over the top sieve of the screen separation equipment described in paragraph (c) (4) of this section. Beginning with the top sieve, lift and drop each sieve by its open edge three times. Each time, the open edge of the sieve is lifted the full distance permitted by the device. Combine and weigh the material remaining on the three top sieves (1½-inch, 1-inch, ½-inch screens), and determine the combined percentage retention by weight in relation to the total weight of the pressed cake.

(c) (1) The press cylinder and plunger referred to in paragraph (b) of this section are made of stainless steel. The press cylinders are made with a lip to facilitate drainage of the liquid. Plungers have a threaded center hole, about half as deep as the thickness of the plunger, for receiving a ringbolt to assist in removing the plunger from the press cylinder. Dimensions for press cylinders and plungers are as follows:

For can size 211 x 109

Press cylinder:
Inside depth, approximately 3¾ inches.
Inside diameter, 2.593 inches.
Wall thickness, approximately ⅜ inch.
Plunger:
Thickness, approximately 1 inch.
Diameter, 2.568 inches.

For can size 307 x 113

Press cylinder:
Inside depth, approximately 4 inches.
Inside diameter, 3.344 inches.
Wall thickness, approximately ⅜ inch.
Plunger:
Thickness, approximately 1¼ inches.
Diameter, 3.319 inches.

For can size 401 x 206

Press cylinder:
Inside depth, approximately 4⅛ inches.
Inside diameter, 3.969 inches.
Wall thickness, approximately ½ inch.
Plunger:
Thickness, approximately 1¼ inches.
Diameter, 3.944 inches.

For can sizes where the diameter is greater than 401, the core cutter described in subparagraph (2) of this paragraph shall be used and the resulting core pressed in the press cylinder for can size 401 x 206. For can sizes differing from those specified in this subparagraph, special press cylinders and plungers may be used. Special press cylinders have inside diameters 1/10-inch less than the outside diameters, at the double seam, for the can sizes for which the cylinders are used; plunger diameters are 0.025-inch less than the inside diameters of the press cylinders.

(2) The core cutter referred to in paragraphs (b) (9) and (11) and subparagraph (1) of this paragraph is made from a previously sealed 300 x 407 can. The cover, including the top seam, is cut out. The edge is smoothed and sharpened. A small hole to permit passage of air is made in the bottom.

(3) The hydraulic press referred to in paragraph (b) (6) to (10), inclusive, of this section is made by so mounting a hydraulic jack in a strong frame that it will press horizontally against the center of the plunger in the press cylinder used. The frame is so braced that it does not change shape when pressure is applied. The gauge on the hydraulic jack is so calibrated that it will indicate, for the plunger being used, when the plunger is pressing against the contents of the press cylinder with a pressure of 384 pounds per square inch of plunger face.

(4) The sieving device referred to in paragraph (b) (12) of this section consists of three sieves, each approximately 1 foot square, loosely mounted, one above the other, in a metal frame. The mesh in the top sieve complies with the specifications for 1½-inch woven-wire cloth as set forth in "Standard Specifications for Sieves," as published March 1, 1940, in L. C. 584 of the U. S. Department of Commerce, National Bureau of Standards. The meshes in the sieves below comply with similar specifications for 1-inch and ½-inch woven-wire cloth as set forth in the same publication. The sides of each sieve are formed, in a raised rim, from ¾-inch x ⅛-inch metal strap. The frame has tracks made of ⅜-inch angle metal to support each sieve under each side. The tracks are so positioned as to permit each sieve a free vertical travel of 1¾ inches.

(d) If canned tuna falls below the applicable standard of fill of container prescribed in paragraph (a) of this section, the label shall bear the general statement of substandard fill provided in § 10.3 (b) of this chapter, in the manner and form therein specified.

Any person who will be adversely affected by the foregoing order may at any time prior to the thirtieth day from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, shall specify with particularity the provisions of the order deemed objectionable and the grounds for the objections, and shall request a public hearing on the objections. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. The definition and standard of identity (§ 37.1) promulgated by this order shall become effective one year after its publication in the FEDERAL REGISTER, and the standard of fill of container (§ 37.3) promulgated by this order shall become effective 90 days after its publication in the FEDERAL REGISTER, except in each case any provisions that may be stayed by the filing of exceptions thereto. Notice of the filing of objections, or lack thereof, will be announced by publication in the FEDERAL REGISTER.

(Sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 371)

Dated: February 7, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

[F. R. Doc. 57-1079; Filed, Feb. 12, 1957; 8:46 a. m.]

PART 164—CERTIFICATION OF BATCHES OF DRUGS COMPOSED WHOLLY OR PARTLY OF INSULIN

CERTIFICATION OF MASTER LOTS

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (secs. 506, 701, 52 Stat. 1055, as amended 70 Stat. 919; 55 Stat. 851; 21 U. S. C. 356, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (20 F. R. 1996), the regulations for the certification of batches of drugs composed wholly or partly of insulin (21 CFR Part 164) are amended as indicated below:

1. In § 164.1 *Definitions and interpretations of terms*, paragraph (h) is amended to read as follows:

(h) Except as provided in § 164.3 (c), the term "batch" means a quantity of a drug, in labeled packages, of uniform composition and intended for administration without further change, in which the sole insulin-containing ingredient is a single dilution (which has been mixed in one container so as to be homogeneous) of:

* * * * *

2. Section 164.3 *Certifications* is amended by redesignating paragraph (c) as (d) and inserting a new paragraph (c) between paragraph (b) and redesignated paragraph (d), as follows:

(c) Upon the request of the manufacturer, the Commissioner shall certify as a "batch" a master lot, which has been approved in accordance with § 164.2 (j), as safe and efficacious for use in preparation of an insulin-containing drug, subject to the conditions on the effectiveness of such certifications as are set forth in § 164.4 (a) (1) and (b) (5).

3. In § 164.4 *Conditions on the effectiveness of certificates*, paragraph (b) is amended by changing the period at the end of subparagraph (4) to "; or" and adding the following new subparagraph:

(5) With respect to a master lot of insulin, 5 years after date of issue if the master lot is a solution, or 10 years after date of issue if the master lot is a solid.

4. Section 164.10 *Fees* is amended by changing paragraph (b) (1) (ii) to read as follows:

(ii) $25 if the master lot or mixture has been previously certified by the Commissioner in accordance with § 164.3 (c).

Notice and public procedure are not necessary prerequisites to the promulgation of this order, since it provides relief of the affected industry from a prohibition of section 502 (k) of the Federal Food, Drug, and Cosmetic Act by providing for the certification of an article of commerce, namely, master lots of insulin, as defined in § 164.1 (g) of the regulations providing for the certification of insulin.

Effective date. This order shall become effective on the thirtieth day following the date of its publication in the FEDERAL REGISTER.

(Sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 371. Interpret or apply secs. 502, 506, 52 Stat. 851; 21 U. S. C. 352, 356)

Dated: February 7, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

[F. R. Doc. 57-1078; Filed, Feb. 12, 1957; 8:45 a. m.]

TITLE 24—HOUSING AND HOUSING CREDIT

Subtitle A—Office of the Administrator, Housing and Home Finance Agency

PART 2—DISPOSITION OF ATOMIC ENERGY COMMISSION PROPERTIES

FINDING OF REASONABLE POSSIBILITY OF DISPOSAL OF REAL PROPERTY AT RICHLAND, WASH.

§ 2.2 *Finding of reasonable possibility of disposal of real property at Richland, Washington.* Pursuant to section 51 of the Atomic Energy Community Act of 1955 (69 Stat. 476, 42 U. S. C. 2341), and Executive Order 10657, approved February 14, 1956, and after consultations with the Atomic Energy Commission, I hereby find that there is a reasonable possibility that the Government-owned real property at Richland, Washington, can be disposed of in accordance with the provisions of Chapter 5 of the said Atomic Energy Community Act of 1955.

(Sec. 111, 69 Stat. 483, 42 U. S. C. 2305. E. O. 10657, 21 F. R. 1063. Interprets or applies sec. 51, 69 Stat. 476; 42 U. S. C. 2341)

Effective as of the 11th day of February 1957.

ALBERT M. COLE,
Housing and Home Finance Administrator.

[F. R. Doc. 57-1152; Filed, Feb. 12, 1957; 8:55 a. m.]

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 526—INDUSTRIES OF A SEASONAL NATURE

SUBSTITUTION OF COON CERTIFIED CONCRETE FOR NORTH MOUNTAIN CRUSHED STONE CO.

The determination that the northern branch of the crushed stone industry is an industry of a seasonal nature within the meaning of section 7 (b) (3) of the Fair Labor Standards Act of 1938 (52 Stat. 1063; 29 U. S. C. 207 (b) (3)) issued on July 8, 1940 (5 F. R. 2526), was enlarged on September 24, 1940 (5 F. R. 3770) to include the plant of North Mountain Crushed Stone Company in Luzerne County, Pennsylvania. The ownership of this plant has, since that time, been transferred to a firm doing business as Coon Certified Concrete.

Notice was published in the FEDERAL REGISTER on November 15, 1956 (21 F. R. 8891), that a prima facie case had been shown for amending the determination by substituting Coon Certified Concrete for North Mountain Crushed Stone Com-

pany. Interested persons were given 15 days from such date to file objections and requests for hearing on this preliminary determination.

No objection or request for hearing has been received within the said 15 days.

Accordingly, I find that the ownership of the plant of North Mountain Crushed Stone Company has been transferred to the firm of Coon Certified Concrete and pursuant to authority contained in section 7 (b) (3) of the Fair Labor Standards Act of 1938 (52 Stat. 1063, as amended; 29 U. S. C. 207 (b) (3)), and General Order No. 45–A (15 F. R. 3290), the order of September 24, 1940, and supplemental determination No. 7 for this industry as contained in § 526.101 (29 CFR Part 526), is hereby amended by substituting such plant of Coon Certified Concrete for that of North Mountain Crushed Stone Company.

(Sec. 7, 52 Stat. 1063, as amended; 29 U. S. C. 207)

This determination shall become effective 30 days after publication in the FEDERAL REGISTER.

Signed at Washington, D. C. this 7th day of February 1957.

NEWELL BROWN,
Administrator.

[F. R. Doc. 57-1105; Filed, Feb. 12, 1957; 8:51 a. m.]

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1387]

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF THE BUREAU OF PUBLIC ROADS AS ADMINISTRATIVE SITES. PARTIALLY REVOKING EXECUTIVE ORDER NO. 5582 OF MARCH 8, 1931

By virtue of the authority vested in the President by section 2380 of the Revised Statutes (43 U. S. C. 711), section 1 of the act of June 25, 1910 (36 Stat. 847; 43 U. S. C. 141) and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Subject to valid existing rights, the following-described public lands in Alaska are hereby withdrawn as follows and reserved for use of the Bureau of Public Roads, Department of Commerce, as administrative sites:

[Fairbanks 012347]

a. From sale or disposal:

A tract of land adjoining the present Alaska Road Commission administrative site contained in U. S. Survey 2778, located on the Richardson Highway at Big Delta, described as follows:

Beginning at corner No. 1, U. S. Survey No. 2778, thence N. 74° 53' E., 150.02 feet;

On a curve to the right, with a radius of 5,579.58 feet, long chord bearing and distance being S. 11°04'57" E., 204.36 feet to a point which is 150 feet left and at right angle from P. C. Station 2064 +15.6 Richardson Highway;

S. 10°02' E., 468.97 feet;

S. 79°58' W., 153.18 feet to corner No. 2, U. S. Survey 2778;

N. 10°02' W., 660.00 feet to point of beginning.

The tract described, containing 2.34 acres, is a portion of the lands withdrawn for townsite purposes by Public Land Order No. 808 of February 27, 1952.

[Anchorage 020553]

b. From all forms of appropriation under the public land laws, including the mining and mineral-leasing laws:

SEWARD MERIDIAN

T. 20 N., R. 8 E.,
Sec. 28, SW¼NE¼ and E½SE¼NW¼.

The areas described aggregate 60 acres.

2. Public Land Order No. 808 of February 27, 1952, is hereby modified to the extent necessary to permit the use of the lands in paragraph 1 (a) by the Bureau of Public Roads, Department of Commerce. Executive Order No. 5582 of March 8, 1931, which reserved lands for purposes of investigation, examination, and classification, is hereby revoked so far as it affects the lands described in paragraph 1 (b) of this order.

HATFIELD CHILSON,
Assistant Secretary of the Interior.

FEBRUARY 7, 1957.

[F. R. Doc. 57-1080; Filed, Feb. 12, 1957; 8:46 a. m.]

PROPOSED RULE MAKING

INTERSTATE COMMERCE COMMISSION

[49 CFR Part 325]

DESTRUCTION OF RECORDS OF CARRIERS BY WATER

NOTICE OF PROPOSED RULE MAKING

JANUARY 31, 1957.

Notice is hereby given pursuant to provisions of section 4 (a) of the Administrative Procedure Act that revised regulations to govern the destruction of records of carriers by water which are set forth below in tentative form are to be prescribed by the Commission. Any interested person may on or before March 1, 1957 file with the Commission's Secretary written views or arguments to be considered in this connection, and may request oral argument thereon. After consideration of representations so received and with such changes as may seem warranted because of them, an order will be entered making the revised regulations effective after due notice to carriers which will be subject thereto.

The proposed revised regulations are to be issued under authority contained in sections 313 (g) and 317 (d) of the Interstate Commerce Act, as amended (54 Stat. 944, 948; 49 U. S. C. 913, 917).

By the Commission, Division 2.

[SEAL] HAROLD D. McCOY,
Secretary.

§ 325.1 *Introduction.* The regulations in this part specify the records and documents which may be destroyed and prescribe the length of time the same shall be preserved, but mention of a record or document hereinafter imposes no requirement that it shall be installed if its purpose is otherwise being adequately served. Compliance with the regulations in this part will not exempt a carrier from statutory requirements, other than provisions of the Interstate Commerce Act, for retention of records or documents for periods longer than those prescribed in this part.

§ 325.2 *Authority to destroy records.* (a) *General authority.* Carriers by water may destroy records or documents named or described in the regulations in this part after they have been preserved for the prescribed periods of time. Permanent records are those which may not be destroyed without special authority.

(b) *Special authority.* A carrier proposing to destroy records or documents which are not named or described in the regulations in this part, or which if named or described have not been retained for the period required by the regulations, may request special authority to destroy them. Applications for such special authority shall describe in detail the records or documents to be destroyed and shall explain why their continued retention is unnecessary.

§ 325.3 *Photographic copies.* (a) Certain records and documents may be preserved on microfilm and the film retained in lieu of the original record or document, subject to the following limitations:

(1) The records listed in § 325.7 with a permanent retention period may not be destroyed after being photographed for preservation unless special authority is first secured as provided in § 325.2 (b).

(2) All records and documents listed in § 325.7 other than those excluded in subparagraph (1) of this paragraph, may be destroyed after they have been suitably photographed for preservation.

(b) To be acceptable in lieu of original records, photographic copies must meet the following minimum requirements:

(1) Photographic copies shall be no less readily accessible than the original record or document as normally filed or preserved would be, and suitable means or facilities shall be available to locate, identify, read, or reproduce such photographic copies. Photographic copies shall be preserved until the end of the period prescribed for the original records or documents.

(2) Any significant characteristic, feature, or other attribute of the original record or document, which photography in black and white will not preserve, shall be clearly indicated before the photograph is made.

(3) The reverse side of printed forms need not be copied if nothing has been added to the printed matter common to all such forms, but an identified specimen of such form shall be on the film for reference.

(4) Film used for photographing copies shall be of permanent record type meeting in all respects the minimum specifications of the National Bureau of Standards, and all processes recommended by the manufacturer shall be observed to protect it from deterioration or accidental destruction.

§ 325.4 *Supervision of destruction.* Within six months after the effective date of the regulations in this part or within six months after becoming subject to this provision, each carrier shall appoint an officer or other responsible employee to supervise the destruction of records and documents. Such appointment shall be by formal corporate act or, if the carrier is not incorporated, by such formal act as would be necessary to execute a contract binding on the carrier.

§ 325.5 *Record of destroyed records.* The supervising officer or other designated employee shall maintain a record of all carrier records and documents which have been destroyed pursuant to the regulations in this part, except those the retention of which is optional with the carrier. The record shall be available for inspection in the office of the supervising officer and shall be in such detail that the destroyed records or documents may be identified and the time, place, and method of destruction can be established. If the destruction is by accident or at the hand of someone not subject to the carrier's control, then the record shall include a statement of the relevant circumstances.

§ 325.6 *Carriers going out of business.* The records and documents relating to operations of a carrier subject to the regulations in this part may be destroyed without regard to the prescribed periods of retention after carrier status is abandoned for purposes of the Interstate Commerce Act: *Provided however,* (a) If the carrier is a corporation being dissolved by act of the authority which created it, the records may not be destroyed until dissolution is otherwise complete, and (b) if the carrier is not incorporated or is being kept alive for purposes other than carrier operations, records relating to former carrier operations may not be destroyed until all transactions relating to such operations are completed.

§ 325.7 *Prescribed periods of retention.* The following list describes the purpose for which a record is necessary and the prescribed periods shall be observed even if a record by some other name serves the described purpose. If identical copies of the same document serve more than one such described purpose, only one copy is required to be retained by the regulations in this part.

Item	Description of Records, etc.	Period to be retained
	GENERAL AND FINANCIAL	
1	Minute books of directors', executive committee's, stockholders', and other meetings.	Permanent.
2	Code and cipher books, file copies of	Permanent.
3	Capital stock records:	
	(a) Capital stock ledger	Permanent.
	(b) Capital stock certificates, records of or stubs of	Permanent.
	NOTE: If the information shown on the stubs is recorded in permanent records, the stubs are required to be retained only for a period of three years.	
	(c) Stock transfer register	Permanent.
	(d) Memoranda and bills of sale or of transfer of capital stock	2 years.
	(e) Capital stock subscription notices and requests for allotment	1 year.
	(f) Canceled capital stock certificates. (See item 6.)	
4	Long-term debt records:	
	(a) Registers of bonds and certificates	Permanent.
	(b) Records or stubs of bonds and certificates	Permanent.
	NOTE: If the information shown on the stubs is recorded in permanent records, the stubs are required to be retained only for a period of three years.	
	(c) Memoranda and bills of sale or of transfer of registered bonds and certificates.	2 years.
	(d) Records of interest coupons paid and unpaid	3 years after payment.
	(e) Funded debt subscription notices and requests for allotment	1 year.
	(f) Canceled or unissued bonds, and certificates, and paid interest coupons. (See item 6.)	
5	Corporate elections:	
	(a) Proxies of holders of voting securities	2 years.
	(b) Lists of holders of voting securities presented at meetings	6 years.
	(c) Qualification oaths of judges of election	Optional.
	(d) Qualification oaths of directors	Optional.
	(e) Ballots cast and tabulations of vote	2 years.
	(f) Judges' reports of election results	2 years.
6	Retired stock certificates, bonds, notes, interest coupons, receiver's and trustee's certificates, and temporary certificates; taken up and canceled.	Optional.
7	Ledgers:	
	(a) General and auxiliary ledgers and indexes thereto, except as provided for elsewhere in these regulations.	Permanent.
	(b) Trial balance sheets of general and auxiliary ledgers	4 years.
8	Record of securities owned, in treasury, or with custodians	Permanent.
9	General and auxiliary journals	Permanent.
10	General and auxiliary cash books, except cash books at agencies provided for in item 97 (a).	Permanent.
	NOTE: If any receipts or payments are entered in the aggregate in the general cash book and are detailed only on loose sheets, such loose sheets constitute an auxiliary cash book when no other permanent record of the items thereon is made.	
11	(a) General journal entries	Permanent.
	(b) Supporting papers not otherwise provided for	6 years.
12	Records summarizing the results of auxiliary (outside) or holding company operations for entry in general books.	6 years.
	NOTE: Ledgers, journals, abstracts, reports, vouchers, tickets, etc., shall be retained for the same periods as are provided for similar documents elsewhere in these regulations.	
13	Corporate identity:	
	(a) Incorporation and other historical records	Permanent.
	(b) Charters and franchises with supporting details	Until legally required to release.
14	Contracts and agreements:	
	(a) Contracts, leases, and agreements	3 years after expiration or cancelation.
	(b) Card or book records of contracts, leases, and agreements made, and expirations and renewals.	3 years after expiration o cancelation.
15	(a) Tax records, copies of schedules and returns to taxing authorities for tax purposes.	6 years.
	(b) Records of appeals, tax bills, and statements	6 years after settlement.
16	Copies of applications to and authorities from regulating bodies for the issuance of stocks, bonds, and other securities.	Permanent.
17	Records of expired or canceled fidelity and indemnity bonds, including the bonds.	3 years.
18	Insurance records:	
	(a) Records pertaining to the payment of insurance premiums and to insurance recoveries.	3 years.
	(b) Inspectors' reports of condition of insured property	2 years.
	(c) Insurance policies	Optional.
	(d) Schedules of risks covered by self insurance	3 years.
19	Treasurer's records:	
	(a) Statements from depositaries of funds received, disbursed, and transferred.	3 years.
	(b) Daily or other periodical statements of the receipt and disbursement of funds. (See note under item 10.)	3 years.
	(c) Ledgers, journals, and other records of outstanding vouchers, checks, drafts, etc., issued and not presented.	3 years.
	(d) Bank deposit books, and stubs, ledgers, or records of checks	Optional.
	(e) Copies of deposit slips	Optional.
20	Miscellaneous records pertaining to agents' accounts:	
	(a) General office records or ledgers of agents' accounts showing debits and credits from various sources.	6 years.
	(b) General office records relating to extension of credit for transportation and other charges.	2 years after discontinuance of credit arrangement.
	(c) Statements of corrections in agents' accounts	3 years.
21	Reports of examinations, audits, and transfers by special accountants, traveling auditors, time inspectors, weight inspectors, etc., and supporting papers.	3 years.
22	Records pertaining to verification of treasurer's cash or securities.	2 years.
	REVENUES	
30	Freight revenue records:	
	(a) Details of settlements with agents and others, and with carriers.	6 years.
	(b) Record of unsettled freight bills, freight bills in suspense, etc.	1 year after disposition.
	(c) Tracers and supporting papers concerning unsettled freight bills.	Until settled.
31	Passenger revenue records:	
	(a) Details of settlements with agents and others, and with other carriers.	6 years.
	(b) Records and reports of passenger associations and bureaus.	3 years.
32	Line service revenue records, other than freight and passenger revenues, detailing settlements with agents and others, and with other carriers.	3 years.
33	Records of revenues from operations other than line service, detailing settlements with agents and others, and with other carriers.	3 years.
34	Cash fare collection journals, ledgers, and records.	2 years.

Item	Description of Records, etc.	Period to be retained
	TRAFFIC	
60	Tariffs and other rate authorities: (a) Tariffs, classifications, division sheets, and related circulars affecting the transportation of persons or property, in the general files of the traffic or other department in which the complete official file is maintained. (b) Tariffs, classifications, division sheets, and related circulars in other departments and at agencies, if copies of the same issues are preserved in tariffs, etc., are preserved in the general files referred to in item 60a. (c) Special or reduced rate orders, and supporting papers, covering the involvement of passengers. (d) Tariffs, and receipts from agents and others for tariffs, classifications, division sheets, and related circulars. (e) Copies of concurrences and powers of attorney filed with the Interstate Commerce Commission and with other regulating bodies. (f) Written requests on carrier from persons and companies for quotations of rates and copies of carrier's quotations. (g) Authorities for the transportation of property, free or at reduced rates, and supporting correspondence. (h) Correspondence and working papers in connection with the making of rates and compilation of tariffs, classifications, division sheets, and related circulars affecting the transportation of persons or property.	2 years after expiration or cancelation. Optional after expiration or cancelation. 2 years after expiration or cancelation. Optional. 2 years after cancelation. Optional. 3 years. 3 years after cancelation of tariff, etc.
61	Diversion of freight: (a) Records pertaining to the diversion or reconsignment of freight. (b) Records, letters, and correspondence in connection with diversions or reconsignments.	2 years. 2 years.
62	Ticket records: (a) Copies of orders on printing houses for ticket stock. (b) Record of ticket stock received, issued, and destroyed. (c) Requisitions and receipts for tickets and cash fare receipts furnished agent, purser, and stewards. (d) Used and canceled passenger tickets, chair tickets, stateroom tickets, meal tickets or checks, prepaid orders for same tickets, and storage checks; the reports of which, showing their sale or issue, have been audited. (See item 80b.) (e) Unissued or unused tickets if a complete record is kept in accordance with item 62d. (f) Inventories of tickets in hands of agents. (g) Records and reports of tickets redeemed.	2 years. 2 years. 2 years. Optional. 2 years. 2 years.
	PURCHASES AND STORES	
70	Bids, offers, copies of orders and correspondence pertaining to the purchase or sale of material and supplies.	3 years.
71	Material and supplies: (a) Records of material and supplies on hand and detail papers of inventories. (b) Records and reports of material and supplies received and issued. (c) Requisitions and receipts for material and supplies issued, the totals of which have been transcribed into other records for retention.	3 years. 3 years. 1 year.
	TRANSPORTATION	
80	Passes and free tickets: (a) Copies of orders on printing houses for pass stock. (b) Records of pass stock received, distributed, and destroyed. (c) Requests for passes; copies or stubs of requests for passes, and receipts for same. (d) Records of passes issued. (e) Records of passes received from other carriers. (f) Stubs of trip passes. (g) Pass identification slips. (h) Records of annual or term passes honored. (i) Records of free passenger-fare tickets collected. (j) Void passes and free passenger-fare tickets issued. (k) Records of free passenger-fare tickets issued. (l) Pursers' and stewards' reports of passes collected or honored. (m) Reports of trip passes issued.	1 year. 1 year. 3 years. 3 years. 3 years. 3 years. 1 year. 1 year. 1 year. 3 years. 1 year. 1 year.
81	Pursers' and stewards' reports: (a) Reports of cash collections. (b) Reports of cash collections if not transcribed to records covered by item 34.	Optional. 2 years.
	(c) Reports of tickets collected or honored and of passengers carried. (d) Reports of passes collected or honored. (See item 80l.) (e) Reports of baggage handled. (f) Reports of freight and other traffic handled. (g) Balance sheets and supporting papers.	2 years. 2 years. 2 years. 2 years.
82	Operating department records pertaining to the movement of ships, lighters, and barges.	3 years.
	EXPENDITURES	
40	Labor distributions and summaries: (a) Records showing the detailed distribution of labor expenditures charged to all accounts, including memoranda and memorandum recapitulation sheets, except as otherwise provided in item 43. (b) Work orders, job tickets, and other papers covering the application of labor, the details of which have been transcribed into other records for retention.	4 years. 2 years.
41	Payroll records: (a) Payrolls and summaries. (b) Receipts and memoranda pertaining to deductions from payrolls. (c) Records of wages, salaries, certificates issued for wages, discharge tickets, time tickets, and other evidences of earnings or services rendered by employees, except as otherwise provided in item 40. (d) Canceled pay checks drawn in favor of "bearer" in payment of wages for which receipt is shown on payrolls or other records retained by carrier.	6 years. Optional. 3 years. Optional.
42	Material distributions and summaries: (a) Records, such as cards, sheets, other records and memoranda showing the detailed distribution of labor, material, supplies, and supplies chargeable to all accounts, including memorandum recapitulation sheets. (b) Work orders, job tickets, and other papers covering the application of labor and of materials and supplies, the details of which have been transcribed into other records for retention.	4 years. 2 years.
43	Vouchers: (a) Register of audited vouchers payable and indexes thereto. (b) Paid drafts, paid checks, and receipts for cash paid out, except as otherwise provided in item 50c. (c) All vouchers or accounts payable and supporting papers. (See item 45). (d) Stubs of bank check books. (e) Lists containing authorities for payment of specific vouchers. (f) Records of drafts issued by claim agents, terminal and station agents, and others. (g) Record or index of vouchers to be made, with notations of dates of issue.	15 years. 10 years. 6 years. 3 years. 2 years. 1 year. Optional.
44	Bills collectible: (a) Register of bills collectible (or accounts receivable bills) and indexes thereto. (b) Copies of bills issued for collection, and supporting papers which do not accompany the original bills. (c) Copies of detailed receipts for rental of vessels to others under charter, contract, or oral agreement. (d) Periodical statements of unsettled accounts, except trial balance sheets. (e) Record or index of bills to be issued, with notations of dates of issue.	15 years. 4 years. 2 years after expiration of agreement. Optional. Optional.
45	Real estate and equipment records: (a) Deeds and contracts. (b) Records and memoranda of the cost or the inventory value of real property and equipment. (c) Records and memoranda showing in detail all the items pertaining to expenditures for real property and equipment. (d) Records and memoranda pertaining to depreciation, retirements, and replacements of equipment and other property; also historical records of equipment and other property. (e) Receipted pay checks, certificates issued for wages, time tickets, and other evidences of payment for services rendered by employees in connection with real property and equipment, if full information concerning other records retained to support the distribution of the charge is shown on payrolls or other records retained in accordance with reference to item 40c.	Permanent. Permanent. Permanent but only 3 years if transferred to permanent records. Permanent. 2 years.
46	Special authorities for expenditures: (a) Estimates and special authorities for expenditures for maintenance and improvement. (b) Detail records and memoranda pertaining to such estimates, if summarized in records covered by item 46a.	Optional if expenditures are detailed in permanent records. Optional.
	CLAIMS	
50	Claim records: (a) Claim register, card or book indexes, and other records in connection with loss and damage, personal injury, fire, and other claims. (b) Correspondence, loss and damage, personal injury, fire, and other claims, and others for particulars in respect to claims. (c) All papers substantiating overcharge and damage, personal injury, fire, and other claims, whether such papers are filed separately or attached to vouchers. (See item 43b.) (d) Claim jackets if all information thereon appears in records covered by item 50b.	6 years. 6 years. 3 years after settlement or rejection. Optional.
51	Claim investigation records: (a) Reports and statements regarding personal injuries, when not necessary to support claims or vouchers. (b) Tracers, reports, and other records pertaining to unclaimed, over, short, damaged, and refused freight, when not necessary to support claims.	3 years. 1 year.
52	Road orders incident to disposal of damaged, refused, and unclaimed freight.	3 years.

Item	Description of Records, etc.	Period to be retained
	TRANSPORTATION—continued	
83	Ship records: (a) Ship's log. (b) Ship's articles. (c) Passenger and room list. (d) Correspondence in connection with reservations. (e) Accident reports. (f) Pursers' and stewards' berth and chair checks.	Permanent. 6 years. 6 years. 1 year. 3 years. Optional.
	AGENCIES	
90	Freight records: (a) Reports of freight forwarded and received. (b) Transfer records of freight received from and delivered to connecting carriers. (c) Records of freight received and freight delivered.	3 years. 3 years. 3 years.
91	Freight waybills and freight bills: (a) Original local waybills and freight bills, and audited copies thereof. (b) Original interline waybills and freight bills received from other carriers. (c) Copies of all interline waybills and freight bills made to other carriers. (d) Copies of interline waybills moving between points on other lines to which the carrier is intermediate. (e) Reports of undercharges and overcharges (correction notices). (f) Company freight waybills. (g) Copies of waybills and freight bills furnished to joint traffic associations, bureaus, and similar agencies, if such copies contain no information other than that appearing on the original waybills and freight bills or in other records. (h) Memoranda or slips on which are listed waybills and freight bills sent to the audit office, if such memoranda or slips are not used in auditing the accounts.	2 years. 2 years. 2 years. 2 years. 2 years. 2 years. Optional.
92	Bills of lading and releases: (a) Copies of bills of lading. (b) Shippers' order-notify bills of lading taken up and canceled. (c) Contracts covering transportation and storage risks of carriers. (d) Shipping tickets. (e) Dray tickets.	2 years. 2 years. 4 years. 2 years. 2 years.
93	Baggage records: (a) Baggage waybills and manifests. (b) Records of baggage handled. (c) Used and canceled baggage checks (not excess baggage). (d) Excess baggage checks (including c. o. d.), excess baggage book coupons, and excess baggage permits; the reports of which have been audited. (e) Record of baggage check stock received, issued, or destroyed. (f) Unused baggage checks, if record is kept in accordance with item 93e. (g) Receipts from agents, pursers, stewards, baggage masters, and others; for valuable letters and packages.	2 years. 2 years. Optional. Optional. 2 years. Optional. Optional.
94	Agents' reports: (a) Reports of ticket sales. (b) Baggage reports. (c) Reports of miscellaneous collections.	2 years. 2 years. 2 years.
95	Remittances: Agents', pursers', and stewards' remittance slips, bank deposit slips, and supporting papers, not provided for elsewhere.	2 years.
96	Agents' balance sheets and supporting papers.	3 years.
97	Other records at stations, wharf offices, pursers' and stewards' offices, and other agencies: (a) Cash books. (b) All others.	6 years. 3 years.
98	Instructions to agents and others: (a) Books and circulars of instructions to agents and others in the general file of the department in which the complete official file is maintained. (b) Surplus copies of books and circulars of instructions and copies in other departments and at agencies, if copies of the same issues are preserved in the general file referred to in item 98a.	3 years after expiration or cancellation. Optional.
99	Duplicate copies of reports, records, and documents retained in agency files, the retention of which is not provided for elsewhere.	Optional.
	STATISTICS	
100	Reports to Interstate Commerce Commission and other regulating bodies: (a) Annual financial, operating, and statistical reports, file copies of, and supporting records and papers. NOTE: If the figures for the above-mentioned reports are assembled on memorandum sheets, such sheets constitute a part of the supporting papers and should be retained accordingly. (b) Periodical reports of operating revenues, expenses, and income, file copies of, and supporting records and papers. (c) Accident reports, file copies of, and supporting records and papers.	6 years. 3 years. 3 years.
101	Annual reports or statements to stockholders, file copies of.	Permanent.
102	Statistical statements, statistical records, and supporting papers showing tonnage, revenues, and expenses not covered by item 100.	3 years.
103	Reports of tonnage, revenue, and receipts used only for preparing statements of estimated revenues or expenses or the movement of traffic.	Optional.
104	Tabulating cards used in the compilation of statistics and other data, when the results are transcribed to other records covered by these regulations.	1 year.
111	Audit reports of public accountants.	3 years.
112	Duplicate copies of records and documents listed in these regulations, if all information on such duplicates is contained on the originals or other copies retained.	Optional.
113	Records of employees, including applications for employment, reports and certificates of examinations, service records, efficiency tests, employees' rosters, and other similar records.	1 year.
114	Provident department records, such as employees' relief, hospital, insurance, and savings departments, other than records pertaining to the receipt and disbursement of funds. NOTE: The records pertaining to the receipt and disbursement of funds must be retained for the same periods as are provided for similar records in item 19b.	1 year.
115	Data relating to records destroyed.	Permanent.
116	Correspondence and records thereof relating to the subjects listed in these regulations, not otherwise provided for.	For the period prescribed for the record to which the correspondence relates.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATIONS OF LANDS

The Bureau of Land Management has filed an application, Serial No. Fairbanks 010504, for the withdrawal of the lands described below, from all forms of appropriation under the public land laws including the mining laws, but not including the mineral leasing law nor the Materials Act. The applicant desires the land for public recreation purposes.

For a period of 60 days from the date of publication of this notice, persons having cause may present their objec-

tions in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Box 480, Anchorage, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

MOON LAKE CAMPGROUND

Unsurveyed land located near milepost 1338, Alaska Highway, Latitude 63°23' N., Longitude 143°30' W., more particularly described as follows:

Beginning at a point on the centerline of the Alaska Highway at milepost 1338;
Thence southeasterly along the centerline of the Alaska Highway 4.4 chains;
Thence N. 16° E. 16.60 chains to MC 3 located at high water line of Moon Lake;
Thence by meander of lake shore,
S. 73° W. 0.71 chains,
N. 84° W. 1.55 chains,
N. 78° W. 2.16 chains,
N. 72° W. 2.96 chains,
N. 62° W. 2.86 chains to MC 4,
Thence S. 16° W. 16.15 chains to a point on the centerline of the Alaska Highway;
Thence southeasterly along the centerline of said highway 5.6 chains to the point of beginning.
The tract as described contains 14.85 acres.

RETREAT CAMPGROUND

Unsurveyed land located between Steese Highway and Chatanika River, Longitude 147°16' West, Latitude 65°11'49'' North, more particularly described as follows:

Beginning at a point on the centerline of the Steese Highway 2½ chains easterly of Milepost 36;
Thence northerly at right angles to said centerline 100 feet to Corner 1 which bears N. 50° 30' E. 3.98 chains from Milepost 36;
Thence,
N. 70° 30' W. 10.00 chains;
N. 60° W. 3.35 chains;
N. 20° W. 1.80 chains to left limit Chatanika River;
Thence by meander upstream:
N. 70° 30' E. 1.29 chains;
N. 68° E. 1.35 chains;
N. 72° E. 1.58 chains;
N. 46° E. 9.00 chains;
N. 59° E. 4.12 chains;
N. 66° E. 1.03 chains;
S. 86° E. 1.84 chains;
S. 89° E. 1.67 chains;
S. 75° E. 1.87 chains;
S. 76° E. 2.36 chains;
S. 65° E. 1.73 chains;
S. 63° E. 1.49 chains;
S. 60° 30' E. 1.05 chains to meander corner;
Thence S. 8° E. 13.39 chains to a point on the centerline of the Steese Highway;
Thence S. 82° W. along the centerline of said highway 15.18 chains to the point of beginning.
The tract as described contains 34.3 acres.

CHATANIKA RIVER BRIDGE CAMPGROUND

Unsurveyed land located on the west side of the Steese Highway at the Chatanika River bridge, Longitude 147°15' West, Latitude 65°12' North, more particularly described as follows:

Beginning at a point on the centerline of the Steese Highway at the north end of the Chatanika River bridge,
Thence N. 29° W. along the centerline of said Highway 10 chains;
Thence West 10 chains;
Thence South 8.72 chains to the right limit or north bank of the Chatanika River;
Thence East 14.8 chains along said bank to the point of beginning.
The tract as described contains 9.4 acres.

MILE 47 STEESE CAMPGROUND

Unsurveyed land near Milepost 47 Steese Highway between the highway and Chatanika River, Longitude 146°58' West, Latitude 65°13'30'' North, more particularly described as follows:

Beginning at a point from which Milepost 47, Steese Highway bears N. 75° 30' E. 13.20 chains,
Thence South 2.30 chains to high water line of Chatanika River
Thence by meander westerly along river—West, 0.50 chains.
N. 42° W. 1.51 chains, West 2.26 chains,
S. 29° 30' W. 1.23 chains,
S. 61° 30' W. 2.25 chains,
S. 41° W. 1.50 chains,
S. 62° W. 2.43 chains,
N. 33° W. 1.42 chains,
N. 53° W. 5.40 chains,
N. 80° 30' W. 2.00 chains,
S. 80° 30' W. 2.00 chains to MC 2,
Thence North 5.70 chains,
E. 9.38 chains,
S. 53° 30' E. 6.65 chains,
S. 75° E. 2.60 chains,
N. 80° E. 1.15 chains to point of beginning.
The tract as described contains 7.8 acres.

TOLOVANA CAMPGROUND

Unsurveyed land located at Elliot Highway crossing of Tolovana River, Longitude 148°17' West, Latitude 65°10' North, more particularly described as follows:

Beginning at a point on the centerline of the Elliot Highway at the south end of the bridge crossing of the Tolovana River; thence southerly along said centerline 9.68 chains;
S. 61° W. 5.95 chains;
N. 28° 30' W. 19.50 chains;
N. 70° 30' E. 7.20 chains to a point on the centerline of the Elliot Highway;
Thence southerly along said centerline 6.05 chains to the point of beginning.
The tract as described contains 8.8 acres.

BEDROCK CREEK CAMPGROUND

Unsurveyed land along Steese Highway near Central at Bedrock Creek, Longitude 145°03' West, Latitude 65°35' North, more particularly described as follows:

Beginning at a point on the centerline of the Steese Highway at its crossing of Bedrock Creek;
S. 53° W. along said centerline 7.02 chains,
N. 23° W. 20.80 chains,
N. 67° E. 17.70 chains,
S. 23° E. 18.39 chains to a point on the centerline of the Steese Highway;
Thence southwesterly along the centerline of said Highway approximately 11 chains to the point of beginning.
The tract as described contains 15.4 acres.

DEADMAN LAKE CAMPGROUND

Unsurveyed land near Milepost 1250, Alaska Highway, Longitude 141°30' West, Latitude 62°53' North, more particularly described as follows:

Beginning at point of mean high water Deadman Lake;
Thence N. 45° E. 8.00 chains to point from which milepost 1250 Alaska Highway bears S. 65° E. 1.33 miles;
Thence N. 45° W. 20.00 chains;
Thence S. 45° W. 8.00 chains to point on Deadman Lake;
Thence by meander southeasterly along lakeshore approximately 21.00 chains to point of beginning.
The tract as described contains 20 acres.

TOK RIVER CAMPGROUND

Unsurveyed land located at crossing of the Alaska Highway over the Tok River, Longitude 142°59' W., Latitude 63°20'12'' N., more particularly described as follows:

Beginning at center of E. end of Tok River Bridge on Alaska Highway, thence:
S. 75° 45' E. 5 chains along centerline of Highway.
N. 10° 15' E. 5.4 chains to bank of Tok River
Thence by meander:
N. 81° W. 5.8 chains,
N. 88° W. 1.17 chains,
S. 75° W. 0.41 chains,
S. 37° 30' W. 0.91 chains,
S. 16° W. 4 chains
S. 75° 45' E. 3 chains parallel to centerline of Alaska Highway to point of beginning.
The tract as described contains 4.1 acres.

CLEARWATER CAMPGROUND

Unsurveyed land located on Clearwater Creek Longitude 145°32' W., Latitude 64°03'30'' N. in the vicinity of Big Delta, more particularly described as follows:

Beginning at Station 0 (also corner No. 1 U. S. Survey No. 2840).
Thence North 5 chains to Station 1,
Thence East 19 chains to Station 2,
Thence South 23 chains parallel with portion of west boundary RR. Remington Trade and Manufacturing Site, Fairbanks No. 010433 to Station 3,
Thence West 22.38 chains to Station 4,
Thence N. 12.03 chains to Station 5 (also Corner 2, U. S. Survey No. 2840).
Thence N. 29° 30' E. 6.86 chains to point of beginning.
The tract as described contains 48.14 acres.

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

The Department of Air Force has filed an application, Serial No. Fairbanks 014046, for the withdrawal of the lands described below, from all forms of appropriation under the public land laws, including the mining and mineral leasing laws. The applicant desires the land for radio station purposes.

For a period of 60 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Box 480, Anchorage, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

FAIRBANKS MERIDIAN

That portion of the W½ of the W½ of Section 32, Township 1 North, Range 1 West described by metes and bounds as follows:

Starting at the common corner of Sections 30, 29, 31, and 32 thence 900 feet south following the section line between Sections 32 and 31 to the point of beginning.
Thence 1,000 feet east on a line parallel to the Section line between Sections 29 and 32.
Thence 2,400 feet south following a line parallel to the Section line common to Sections 31 and 32.
Thence 1,000 feet west on a line parallel to the Section line common to Sections 29 and 32.
Thence 2,400 feet north following the section line common to Sections 31 and 32 to the point of beginning.
The area described contains approximately 55.1 acres.

ROGER R. ROBINSON,
Operations Supervisor.

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners and learning periods for certificates issued under general learner regulations (§§ 522.1 to 522.12) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Apparel Industry Learner Regulations (29 CFR 522.20 to 522.24, as amended March 1, 1956, 21 F. R. 1349).

The following learner certificates were issued for normal labor turnover purposes and, except as otherwise indicated below, 10 percent of the total number of factory production workers were authorized for employment.

Barnesville Manufacturing Co., Inc., 315–319 South Gardner Street., Barnesville, Ohio; effective 1–28–57 to 1–27–58 (ladies' pajamas).

Belton Shirt Co., Inc., Belton, S. C.; effective 1–23–57 to 1–22–58 (men's sport shirts).

Chetopa Manufacturing Co., Inc., Chetopa, Kans.; effective 1–23–57 to 1–22–58 (work pants, waistband overalls).

Eastwill Sportswear Co., Inc., Greenwood, S. C.; effective 2–2–57 to 2–1–58 (men's sport shirts).

The Garment Manufacturing Co., Inc., Hicks Street, Lawrenceville, Va.; effective 2–6–57 to 2–5–58; five learners (children's wearing apparel).

Hollywood Maxwell Co., East Union Street, Minden, La.; effective 1–25–57 to 1–24–58; 10 learners (brassieres).

L'Attice Elastic Foundations, Inc., 81 Fair Street, Hackensack, N. J., effective 1–22–57 to 1–21–58; four learners (brassieres and girdles).

Maury Manufacturing Co., Inc., P. O. Box 31, Mt. Pleasant, Tenn.; effective 1–25–57 to 1–24–58 (sport shirts).

Meyers & Son Manufacturing Co., Inc., Corner First and Jefferson Streets, Madison, Ind., effective 2–1–57 to 10–2–57 (men's one piece work suits) (replacement certificate).

Modelrite Dress Co., 147 Chestnut Street, Dunmore, Pa.; effective 1–28–57 to 1–27–58; 10 learners (women's dresses, housecoats).

N & W Industries, Inc., 736 South President Street, Jackson, Miss., effective 2–9–57 to 2–8–58 (work pants and shirts).

Orangeburg Garment Co., Inc., Walhalla, S. C.; effective 2–3–57 to 2–2–58 (cotton wash dresses and housecoats).

Reliance Manufacturing Co., Plantation Factory, Montgomery, Ala.; effective 2–19–57 to 2–18–58 (dungarees, hobby jeans, khaki).

Reliance Manufacturing Co., Freedom Factory, Edwards St. at Tuscon Ave., Hattiesburg, Miss.; effective 2–12–57 to 2–11–58 (men's and boys' pajamas).

Reliance Factory, Factory No. 20, Slater, Mo.; effective 1–26–57 to 1–25–58 (men's and boys' sport shirts).

Rival Dress Co., Inc., 110 West Blaine Street, McAdoo, Pa.; effective 2–7–57 to 2–6–58 (ladies cotton dresses).

The Roswell Co., Roswell, Ga.; effective 2–7–57 to 2–6–58 (men's work pants).

Williamson-Dickie Manufacturing Co., P. O. Box 448, Uvalde, Tex.; effective 2–5–57 to 2–4–58 (men's shirts, jackets).

The following learner certificates were issued for plant expansion purposes. The number of learners authorized is indicated:

Moryart Shirt Manufacturing Co., Inc., 838 County Club, Prescott, Ariz.; effective 1–28–57 to 7–27–57; 40 learners (men's sport shirts).

Rhea Manufacturing Co., Colquitt Division, Colquitt, Ga.; effective 1–25–57 to 7–24–57; five learners. Learners may not be employed at special minimum wage rates in the production of separate skirts (dresses, blouses, etc.).

Wilson Bros., 1008 West Sample Street, South Bend, Ind.; effective 1–25–57 to 7–24–57; 50 learners for plant expansion purposes engaged in the manufacture of shirts and pajamas only (sport shirts, pajamas, dress shirts).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.43, as amended March 1, 1956, 21 F. R. 629).

Barber Hosiery Mills, Inc., 1078 S. Main St., Mount Airy, N. C.; effective 1–25–57 to 1–24–58; 5 percent of the total number of factory production workers for normal labor turnover purposes (seamless).

Belmont Hosiery Mills, Inc., Belmont, N. C.; effective 2–1–57 to 1–31–58; 5 percent of the total number of factory production workers for normal labor turnover purposes (seamless).

Belmont Knitting Co., Belmont, N. C.; effective 1–30–57 to 1–29–58; 5 percent of the total number of factory production workers for normal labor turnover purposes (seamless).

Van Raalte Co., Inc., Blue Ridge, Ga.; effective 1–25–57 to 1–24–58; five learners for normal labor turnover purposes (seamless).

Knitted Wear Industry Learner Regulations (29 CFR 522.30 to 522.35, as amended March 1, 1956, 21 F. R. 581).

Chatham Knitting Mills, Inc., Chatham, Va.; effective 1–23–57 to 1–22–58; two learners for normal labor turnover purposes (knitted outerwear).

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.12, as amended February 28, 1955, 20 F. R. 645).

The following learner certificates were issued to the companies listed below manufacturing miscellaneous products. The effective and expiration dates, learner rates, occupations, learning periods, and the number or proportion of learners authorized to be employed are as indicated:

Doro Apparel Corp., Pottsville Street, Wiconisco, Pa.; effective 1–29–57 to 7–28–57; not less than 85 cents an hour for the first 160 hours and 90 cents an hour for the remaining 160 hours of the 320-hour learning period, for the occupation of sewing machine operator; authorizing the employment of five learners for normal labor turnover purposes (belts, shoulder pads).

Haspel, Inc., Tylertown, Miss.; effective 1–28–57 to 7–27–57; not less than 85 cents an hour for the first 280 hours and not less than 90 cents an hour for the remaining 200 hours of the 480-hour learning period, for the occupations of sewing machine operator, final pressing and hand sewing; authorizing the employment of 50 learners for plant expansion purposes (men's and boys' summer suits).

Maderic Mica Co., Rumney, N. H.; effective 1–25–57 to 7–24–57; not less than 80 cents an hour for the first 160 hours and 85 cents an hour for the remaining 160 hours of the 320-hour learning period, for the occupation of mica trimmer; authorizing the employment of five learners for plant expansion purposes (trimmed mica of strategic grade).

Palm Beach Co., Danville, Ky.; effective 2–1–57 to 7–31–57; not less than 85 cents an hour for the first 280 hours and 90 cents an hour for the remaining 200 hours of the 480-hour learning period, for the occupations of sewing machine operator, final presser and sewer; authorizing the employment of 5 percent of the total number of factory production workers for normal labor turnover purposes (men's coats).

Studio Quilting Service, 7438 West Harrison Street, Forest Park, Ill.; effective 1–29–57 to 7–28–57; not less than 85 cents an hour for the 240-hour learning period, for the occupation of sewing machine operator; authorizing the employment of two learners for normal labor turnover purposes (quilting service).

The following special learner certificates were issued in Puerto Rico to the companies hereinafter named. The effective and expiration dates, learner rates, occupations, learning periods, and the number or proportion of learners authorized to be employed, are as indicated:

Barry Corp., 263 Carpenter Road (Interior), Hato Rey, P. R.; effective 1–10–57 to 3–16–57; not less than 51 cents an hour for the first 240 hours and 59 cents an hour for the remaining 240 hours of the 480-hour learning period, for the occupation of sewing machine operators; authorizing the employment of 10 learners for supplemental expansion purposes (fabric gloves).

Caribe Aircraft Radio Corp., P. O. Box 578, Coamo, P. R.; effective 1–14–57 to 7–13–57; not less than 65 cents an hour for the first 240 hours and 75 cents an hour for the second 240 hours of the 480-hour learning period, for the occupation of assembly of electronic equipment; authorizing the employment of 50 learners for expansion purposes (electronic equipment).

R.; effective 1–21–57 to 7–20–57; not less than 45 cents an hour for the first 240 hours and 50 cents an hour for the remaining 240 hours of the 480-hour learning period, for the occupation of sewing machine operators; authorizing the employment of 25 learners for expansion purposes (men's pajamas).

Testor Balsa Co., Bayamon-Catano Road, Bayamon, P. R.; effective 1–14–57 to 7–13–57; not less than 40 cents an hour for the first 240 hours and 45 cents for the remaining 240 hours of the 480-hour learning period; for the occupations of sanders, double cut off, jigsawyers, slicers, inspectors, table sawyers; authorizing the employment of 10 learners for expansion purposes (virgin balsa wood for the hobby industry).

Each learner certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be annulled or withdrawn in the manner provided in Part 528 and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 1st day of February 1957.

MILTON BROOKE,
Authorized Representative of the Administrator.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

SALES OF CERTAIN COMMODITIES

FEBRUARY 1957 MONTHLY SALES LIST

Pursuant to the policy of Commodity Credit Corporation issued October 12, 1954 (19 F. R. 6669) and subject to the conditions stated therein, the commodities listed below are available for sale in the quantities stated and on the price basis set forth. The Commodity Credit Corporation will entertain offers from prospective buyers for the purchase of any such commodity.

Applicable interest rates on sales made in February under the Export Credit Sales Announcement GSM 1 are as follows:

For periods up to and including 6 months, 3⅛ percent per annum.

For periods over 6 months up to and including 18 months, 4⅛ percent per annum.

For periods over 18 months up to and including 36 months, 4⅞ percent per annum.

The Commodity Credit Corporation reserves the right, before making any sale, to define or limit export areas. Announcements containing the contractual terms and conditions of sale for the respective commodities will be furnished upon request. For ready reference a number of these announcements are identified by code number in the following list. Commodity Credit Corporation also reserves the right to amend, from time to time, any of its announcements, which amendments shall be applicable to and be made a part of the sales contracts thereafter entered into.

FEBRUARY 1957 MONTHLY SALES LIST

NOTICE TO BUYERS

On sales for which the buyer is required to submit proof to CCC of exportation, the buyer (1) shall be regularly engaged in the business of buying or selling commodities and, for this purpose, shall maintain a bona fide business office in the United States, its territories, or possessions and therein have a person, principal or resident agent, upon whom service or judicial process may be had, and (2) shall submit a financial statement, bank advice, surety bond or other evidence of financial responsibility as may be required by CCC.

Commodity and approximate quantity available (subject to prior sale)	Sales price or method of sale
Dairy Products	Domestic: Prices (except for restricted use) apply "in store" at storage locations of products. Domestic: Price for restricted use is basis delivered to delivery point named in offer. CCC will convert to "in store" price by deducting lowest domestic rail freight rate, except that no deduction for freight will be made if the "in store" location and the delivery point named in offer are in the same city. Export: Prices are basis f. a. s. port or f. o. b. point of export. CCC will convert to "in store" price by deducting lowest export rail freight rate. Available through Cincinnati and Portland CSS Commodity Offices for domestic sale for unrestricted use and domestic sale for animal and poultry feed, and through the Livestock and Dairy Division, CSS, USDA, Washington 25, D. C., for other sales.
Butter (in carloads only), as available.	Domestic, unrestricted use: 63.25 cents per pound, New York, New Jersey, Pennsylvania, New England and other States bordering the Atlantic Ocean and Gulf of Mexico. All other States 62.5 cents per pound. Domestic, restricted use: Under Da–111 and supplements. For use as an extender for cocoa butter in the manufacture of chocolate, 39 cents per pound. Export, unrestricted use: Under LD–7. 39 cents per pound.
Nonfat dry milk (in carloads only), spray—roller, as available.	Domestic, unrestricted use: Spray process, U. S. Extra Grade— In barrels and drums—17.0 cents per pound. In bags—16.15 cents per pound. Roller process, U. S. Extra Grade— In barrels and drums—15.25 cents per pound. In bags—14.40 cents per pound. Domestic, restricted use (animal and poultry feed): Delivered under the terms and conditions of Announcement LD–14 and supplements. In barrels and drums—11.5 cents per pound. In bags—10.65 cents per pound. Export, unrestricted use: Under LD–5 and amendments. Spray process, U. S. Extra Grade— In barrels and drums 9.9 cents per pound. In bags—9.05 cents per pound. Roller process, U. S. Extra Grade— In barrels and drums 8.15 cents per pound. In bags—7.55 cents per pound. Export, restricted use (animal and poultry feed): Under LD–23 and amendment. Roller process—Competitive bid on not more than 7 million pounds. Bids received each week (by close of business on Friday) will be considered for acceptance on the first business day of the following week.
Cheddar cheese—cheddars, flats, twins, and rindless blocks (standard moisture basis in carloads only) 152 million pounds.	Domestic: 38 cents per pound, for New York, New Jersey, Pennsylvania, New England, and other States bordering the Atlantic and Pacific Oceans and Gulf of Mexico. All other States 37 cents per pound. Export: Under LD–5 and amendments. 22 cents per pound. Cheese prices are subject to usual adjustments for moisture content.
Cotton linters	Domestic or export: Competitive bid and under the terms and conditions of Announcement NO-CL-7, as amended, in carlot quantities on an "as is, where is" basis. Catalogs showing quantities, qualities and locations may be obtained for a nominal fee from the New Orleans CSS Commodity Office.
Cotton, upland	Domestic: Competitive bid and under the terms and conditions of Announcement NO–C–5, as amended, but not less than the higher of (1) 105 percent of the current support price plus reasonable carrying charges, or (2) the domestic market price as determined by CCC. Export: Competitive bid and under the terms and conditions of Announcement CN–RX–2 (Revision 1) and NO–C–8, as amended.
Cotton, extra long staple	Domestic: Competitive bid and under the terms and conditions of Announcement NO–C–6, as amended, but not less than the higher of (1) 105 percent of the current support price plus reasonable carrying charges, or (2) the domestic market price as determined by CCC. Export: Competitive bid and under the terms and conditions of Announcement NO–C–6, as amended. Catalogs for upland and extra long staple cotton showing quantities, qualities, and locations may be obtained for a nominal fee from the New Orleans CSS Commodity Office.
Peanuts	Domestic (for crushing) or export: Competitive bid on limited quantities as may be announced by any of the peanut Cooperative Associations. Domestic sales subject to terms and conditions of CCC Peanut Form 34 (1955). Export sales subject to terms and conditions of CCC Peanut Form 50 (1955) as amended. Available Dallas CSS Commodity Office.
Wool, sborn, 62 million pounds	Domestic or export: Limited quantities (not more than 6¼ million pounds in February) on competitive bid each Tuesday under terms and conditions as announced. Additional quantities at prices basis exwarehouse where stored as determined by the Boston CSS Commodity Office, reflecting not less than 103 percent of the 1954 schedule of loan rates per pound plus an allowance for sales commission, Boston basis, adjusted for net freight on wool stored outside the Boston storage area.
Wheat, bulk	Domestic: Commercial wheat-producing area: Market price, basis in store,[1] but not less than the 1956 applicable loan rate, plus (1) 33 cents per bushel if received by truck, or (2) 28 cents per bushel if received by rail or barge. Examples of the foregoing minimum price per bushel (exrail or barge): Chicago, No. 1 RW $2.59. Minneapolis, No. 1 DNS $2.62. Kansas City, No. 1 HW $2.59. Noncommercial wheat-producing area: Market price, basis in store,[1] but not less than 133 percent of applicable 1956 county loan rate plus (1) 33 cents per bushel if received by truck, or (2) 28 cents per bushel if received by rail or barge. The minimum price for all spring wheat, including durum, will be basis loan rate point of production; if point of production not determinable, basis Minneapolis.

See footnotes at end of table.

Commodity and approximate quantity available (subject to prior sale)	Sales price or method of sale
Wheat, bulk	Export (as wheat): Under Announcement GR-261 revised, as amended, for application to barter contracts only, at prices determined daily, and under Announcement GR-212 revised, as amended, for specific offerings as announced. Disposals under special export program under Announcement GR-345.[3] Available Dallas, Chicago, Minneapolis, Kansas City, and Portland CSS Commodity Offices for domestic or export sale, except under GR-345 at Dallas, Chicago, and Portland only.
Corn, bulk	Domestic: Commercial corn-producing area: Market price, basis in store,[1] but not less than the 1956 applicable loan rate basis point of production plus 20 cents per bushel. Examples of the foregoing minimum price per bushel, including average paid-in freight: Chicago, No. 3 yellow, $1.89. Minneapolis, No. 3 yellow, $1.90. Kansas City, No. 3 yellow, $1.88. Portland, No. 3 yellow, $2.05. Noncommercial corn-producing area: Market price basis in store,[1] but not less than 121 percent of the applicable 1956 loan rate, plus 20 cents per bushel. Available Chicago, Dallas, Kansas City, Minneapolis, and Portland CSS Commodity Offices. Nonstorable corn is also available at the above offices. Export: Competitive bid basis as announced by the Portland and Chicago CSS Commodity Offices.
Oats, bulk	Domestic: Market price, basis in store,[1] but not less than the 1956 applicable loan rate basis point of production plus 15 cents per bushel. Examples of the foregoing minimum price per bushel including average paid-in freight: Chicago, No. 3 oats or better, $0.93. Minneapolis, No. 3 oats or better, $0.88. Available Minneapolis, Chicago, Kansas City, Portland, and Dallas CSS Commodity Offices. Export: Competitive bid as announced by the Chicago, Portland, and Dallas CSS Commodity Offices.[2]
Barley, bulk	Domestic: Market price basis in store,[1] but not less than the 1956 applicable loan rate plus (1) 24 cents per bushel if received by truck, or (2) 21 cents per bushel if received by rail or barge. Example of the foregoing minimum price per bushel (exrail or barge): Minneapolis No. 2 barley, $1.45 Available Minneapolis, Chicago, Kansas City, Portland, and Dallas CSS Commodity Offices. Export: Competitive bid as announced by the Chicago and Portland CSS Commodity Offices.[2]
Rye, bulk	Domestic: Market price, basis in store [1] but not less than the 1956 applicable loan rate, plus (1) 28 cents per bushel if received by truck, or (2) 23 cents per bushel if received by rail or barge. Example of the foregoing minimum price per bushel (exrail or barge): Minneapolis No. 2 or better, $1.73 Available Minneapolis, Chicago, Kansas City, Portland, and Dallas CSS Commodity Offices. Export: Competitive bid as announced by the Chicago and Portland CSS Commodity Offices.[2]
Grain sorghums, bulk	Domestic: Market price, basis in store,[1] but not less than the 1956 applicable loan rate plus (1) 48 cents per cwt. if received by truck, or (2) 39 cents per cwt. if received by rail or barge. Example of the foregoing minimum price per cwt. (exrail or barge): Kansas City No. 2 or better, $2.81. Available Dallas, Portland, and Kansas City CSS Commodity Offices. Export: Competitive bid as announced by Dallas and Portland CSS Commodity Offices.[2]
Rice, milled (as available)	Domestic: For feed, other brokens: Competitive bid under DL-BR-1/56 as announced by Dallas CSS Commodity Office. Unrestricted use and for export, other brokens: Competitive bid under DL-BR-1/56. (Minimum price, $6.01 per cwt. in sacks, $5.86 bulk) as announced by Dallas CSS Commodity Office. Special export: Competitive bid on U. S. No. 5 or better under DL-MR-400 as announced by Dallas CSS Commodity Office.[2]
Gum rosin (in galvanized metal drums averaging 517 pounds net).	Special export on "as is" basis: Competitive bid under terms and conditions of DL-MR-53 as announced by Dallas CSS Commodity Office. Domestic or export: Offer and acceptance, "as is" in the stated quantities on the designated storage yards, subject to the prices, terms and conditions of Announcement TB-21 (revised) and supplements issued not more often than weekly by the American Turpentine Farmers' Association Cooperative, Valdosta, Ga. Special export: Competitive bid for not to exceed 49,000 drums of rosin "as is", in storage, subject to Announcement TB-21 (revised) and supplements thereto.
Gum turpentine (bulk in tanks)	Domestic or export: Offer and acceptance, "as is" in the stated quantities in the designated storage tanks, subject to the prices, terms and conditions of Announcement TB-21 (revised) and supplements issued not more often than weekly by the American Turpentine Farmers' Association Cooperative, Valdosta, Ga.

[1] At the processor's plant or warehouse but with any prepaid storage and outhandling charges for the benefit of the buyer.

[2] In those counties in which grain is stored in CCC bin sites, delivery will be made f. o. b. buyer's conveyance at bin site without additional cost; sales will also be made in store approved warehouses in such county and adjacent counties at the same price, provided the buyer makes arrangements with the warehousemen for storage documents.

[3] Sales of grains other than wheat made under Title I, Public Law 480, may be made on terms and conditions of GR-301 revised. Other commodities under the announcement indicated.

COMMITTEE FOR RECIPROCITY INFORMATION

CONSULTATIONS WITH CERTAIN CONTRACTING PARTIES TO THE GENERAL AGREEMENT ON TARIFFS AND TRADE REGARDING QUANTITATIVE RESTRICTIONS ON IMPORTS FOR BALANCE-OF-PAYMENTS REASONS IMPOSED UNDER ARTICLE XII OF THE GENERAL AGREEMENT

SUBMISSION OF INFORMATION TO THE COMMITTEE FOR RECIPROCITY INFORMATION

Closing date for submission of written statements: March 29, 1957 regarding certain contracting parties, and July 31, 1957 regarding certain other contracting parties.

The Contracting Parties to the General Agreement on Tariffs and Trade intend to enter into consultations wtih certain contracting parties to the General Agreement which are applying import restrictions under Article XII of said Agreement (61 Stat. (pt. 5) A34). Article XII relates to the use by a contracting party of quantitative import restrictions to safeguard its external financial position and balance-of-payments, but these restrictions must be progressively relaxed as conditions improve and must be eliminated altogether when conditions no longer justify their use.

The consultations, to be conducted in Geneva, will begin in June 1957 with the following contracting parties: Sweden, Denmark, Italy, Kingdom of the Netherlands, Norway, Greece, Austria, Germany, and France, and in October 1957 with the following contracting parties: Turkey, Finland, Brazil, Australia, Union of South Africa, Japan, United Kingdom, Federation of Rhodesia and Nyasaland, Ceylon, Pakistan and New Zealand. Such consultations will take place separately with each contracting party.

The consultations will afford the opportunity for the contracting parties to review with each consulting contracting party its financial situation and, in this context, to discuss the possibilities for further relaxation of the level of import restrictions and the moderation of particular policies and practices that have proved especially burdensome for the exporters of other countries. The discussions will cover four principal topics: (1) The present and prospective foreign exchange position of the country; (2) the means that might be used to correct the country's foreign exchange difficulties and make it possible to relax or eliminate its import restrictions; (3) the country's system of import restrictions and its administration; (4) the effects of the country's import restrictions on the trade of other countries and on its own industries (which are incidentally afforded protection by the restrictions maintained for foreign exchange reasons).

American traders, business firms, labor organizations and other individuals or associations which have an interest in export trade to one or more of the consulting countries may, as a result of their own experience, have information pertinent to topics 3 and 4 above, that will be useful to the United States Government. Accordingly, the United States Government desires to supplement its preparations for the consultations by obtaining information and views from interested persons relevant to the matters covered in topics 3 and 4.

The following list includes examples of the type of information that interested persons may wish to furnish in response to this invitation:

1. Information indicating discrimination in the treatment of goods available from the United States as compared with the treatment afforded similar goods from other countries with convertible currencies;

2. Information indicating that trade is being restrained by complex or arbitrary licensing procedures or lack of adequate information available to traders regarding import regulations;

3. Information indicating that reasonable access to a traditional foreign market has not been restored for a particular commodity even though the country concerned has substantially relaxed its restrictions on imports in general;

4. Information indicating that the long-standing application of import restrictions by a country on a particular product has been accompanied by the growth of uneconomic output of that product within the country;

5. Information indicating that loss of foreign markets as a result of import restrictions has been responsible for a contraction of production or employment in an industry in the United States.

In order to enable adequate consideration of views and information submitted, it is requested that all responses be submitted by March 29, 1957 regarding those countries expected to consult in June, 1957 and by July 31, 1957 for those consulting in October, 1957. Any additional information coming to the attention of the trade after these dates may be submitted to the Committee and it will be considered to the extent time permits.

All communications on this matter, in fifteen copies, should be addressed to: The Secretary, Committee for Reciprocity Information, Tariff Commission Building, Washington, D. C. Views may be submitted in confidence, if desired. If any interested party considers that his views cannot be adequately expressed to the Committee for Reciprocity Information in a written statement, consideration will be given to a request for oral presentation before the Committee for Reciprocity Information.

By direction of the Committee for Reciprocity Information this 12th day of February 1957.

EDWARD YARDLEY,
Secretary, Committee for
Reciprocity Information.

FEDERAL POWER COMMISSION

[Docket No. G-9281]

WESTERN NATURAL GAS CO.

ORDER CONVENING HEARING

By its order issued in this proceeding on January 27, 1956, the Commission instituted an investigation of respondent, Western Natural Gas Company, under the provisions of the Natural Gas Act to determine whether, with respect to any transportation or sale of natural gas, subject to the jurisdiction of the Commission, made or proposed to be made by respondent, any of the rates, charges, or classifications demanded, observed, charged, or collected, or any rules, regulations, practices, or contracts affecting such rates, charges, or classifications are unjust, unreasonable, unduly discriminatory, or preferential. In its said order, the Commission provided that a hearing be held in this proceeding upon a date to be fixed by further order.

This proceeding is one of sixteen complaint cases simultaneously filed under the provisions of section 5 (a) of the Natural Gas Act. In each such proceeding, by order issued January 27, 1956, the Commission initiated a general investigation of the jurisdictional rates of respondent.

Actual field investigations in these cases have been commenced by the staff. To aid in expediting and supplementing these investigations, some of the respondents in these sixteen proceedings, including respondent here, entered into a cooperative effort at the suggestion of the staff to brief and analyze all independent producer rate schedules on file with the Commission through June 30, 1956, covering all areas in the United States, except the Appalachian area, where the coverage will be representative but not complete. The objective of this cooperative effort is to make field-price data available for verification and sponsorship by the staff and other parties in interest.

The task of compiling such data has been under way for some time, but its proportions are such as to make it now appear that it cannot be concluded until around April 1, 1957. It is manifestly desirable that these data be available to all parties, including the staff, before the staff completes its presentation in this case. It is likewise desirable that all of these cases go forward as expeditiously as circumstances permit. Since the status of the staff investigation here will permit it, we have, therefore, determined to order the commencement of hearings in this proceeding at this time to enable the staff to present its evidence with respect to cost of service and to form and level of rates, and to permit cross-examination with respect thereto. Further hearings to afford the staff an opportunity to present field-price evidence and to afford respondent and other parties hereto an opportunity to present evidence shall be deferred pending further order of the Commission.

The Commission orders:

(A) A public hearing be held on March 11, 1957, at 10 a. m., e. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C. concerning the matters involved and the issues presented in this proceeding as more particularly set forth in the Commission's order instituting investigation herein issued on January 27, 1956.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 6, 1957.

By the Commission.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1062; Filed, Feb. 12, 1957; 8:47 a. m.]

[Docket No. G-9291 etc.]

SINCLAIR OIL & GAS CO. ET AL.

ORDER AMENDING ORDER INSTITUTING INVESTIGATION, CONSOLIDATING PROCEEDINGS, AND FIXING DATE OF HEARING

In the matters of Sinclair Oil & Gas Company, et al., Docket Nos. G-9291 and G-9292; Sinclair Oil & Gas Company, et al., Docket Nos. G-9716, G-9717, G-9718, G-10011, G-10293, G-11343, G-11344, and G-11345.

By order issued January 27, 1956, in the proceedings in Docket Nos. G-9291 and G-9292, the Commission instituted an investigation of Sinclair Oil & Gas Company (Sinclair) for the purpose of enabling the Commission to determine whether, with respect to any transportation or sale of natural gas, subject to the jurisdiction of the Commission, made or proposed to be made by the respondent, Sinclair, any of the rates, charges, or classifications demanded, observed, charged, or collected, or any rules, regulations, practices, or contracts affecting such rates, charges, or classifications are unjust, unreasonable, unduly discriminatory, or preferential. The said order of January 27, 1956, provided, inter alia, that a public hearing be held in these proceedings upon a date to be fixed by further order of the Commission.

The proceedings in Docket Nos. G-9291 and G-9292 are included in the sixteen complaint cases simultaneously filed under the provisions of section 5 (a) of the Natural Gas Act. In each such proceeding, by order issued January 27, 1956, the Commission initiated a general investigation of the jurisdictional rates of respondent.

Actual field investigations in these cases have been commenced by the staff. To aid in expediting and supplementing these investigations, some of the respondents in these sixteen proceedings, including respondent here, entered into a cooperative effort at the suggestion of the staff to brief and analyze all independent producer rate schedules on file with the Commission through June 30,

1956, covering all areas in the United States, except the Appalachian area, where the coverage will be representative but not complete. The objective of this cooperative effort is to make field-price data available for verification and sponsorship by the staff and other parties in interest.

The task of compiling such data has been under way for some time, but its proportions are such as to make it now appear that it cannot be concluded until around April 1, 1957. It is manifestly desirable that these data be avilable to all parties, including the staff, before the staff completes its presentation in this case. It is likewise desirable that all of these cases go forward as expeditiously as circumstances permit. Since the status of the staff investigation here will permit it, we have, therefore, determined to order the commencement of hearings in this proceeding at this time to enable the staff to present its evidence with respect to cost of service and to form and level of rates and to permit cross-examination with respect thefeto. Further hearings to afford the staff an opportunity to present field-price evidence and to afford respondent and other parties hereto an opportunity to present evidence shall be deferred pending further order of the Commission.

The Commission's records show that certain gas rate schedules on file with the Commission, namely, Sinclair, et al., FPC Gas Rate Schedule Nos. 60 through 75 and 82, are filed on behalf of four co-owner independent producers, Sinclair, H. D. S. Eastern Corporation, Alban Oil & Gas Corporation, and Fifty-First Street Associates, Inc., each of which is a signatory to each of said rate schedules.

In each of the eight other proceedings hereinabove designated [1] the Commission has heretofore issued its order suspending proposed increases in rates and charges for sales of natural gas in interstate commerce by either Sinclair or Sinclair, et al.,[2] for resale. The sales and deliveries of gas involved in the eight designated suspension dockets are made to Frank C. Henderson Trust No. 2, Elizabeth P. Henderson Trust No. 2, Natural Gas Pipeline Company of America, Phillips Petroleum Company, and Texas Eastern Transmission Corporation. Such sales and deliveries of gas by Sinclair and Sinclair, et al., embrace questions of law and fact interrelated with those inherent in the matters involved and the issues presented in the proceedings in Docket Nos. G-9291 and G-9292.

The Commission finds:

(1) It is appropriate in the premises, in order to effectuate the purposes of the Natural Gas Act and to aid in the enforcement of the provisions thereof, that the order instituting investigation of respondent, Sinclair Oil & Gas Company, issued in the proceedings in Docket Nos. G-9291 and G-9292 on January 27, 1956, be amended to include as respondents those signatory party sellers heretofore designated who participate as co-owners with Sinclair in sales of natural gas in interstate commerce for resale.

(2) It is appropriate and in the public interest in carrying out the provisions of the Natural Gas Act and good cause exists to consolidate all of the above-designated proceedings for the purpose of hearing.

The Commission orders:

(A) Paragraphs (A) and (B) of the Order Instituting Investigation in the proceedings in Docket Nos. G-9291 and G-9292, issued on January 27, 1956, be and the same are hereby amended to read as follows:

(A) An investigation of respondents, Sinclair Oil & Gas Company, H. D. S. Eastern Corporation, Alban Oil & Gas Corporation, and Fifty-First Street Associates, Inc., be and it hereby is instituted under the provisions of the Natural Gas Act for the purpose of enabling the Commission to determine whether, with respect to any transportation or sale of natural gas, subject to the jurisdiction of the Commission, made or proposed to be made by such respondents, any of the rates, charges, or classifications demanded, observed, charged, or collected; or any rules, regulations, practices, or contracts affecting such rates, charges, or classifications are unjust, unreasonable, unduly discriminatory, or preferential.

(B) If the Commission, after a hearing has been had, shall find that any of the respondents' rates, charges, classifications, rules, regulations, practices, or contracts, subject to the jurisdiction of the Commission, are unjust, unreasonable, unduly discriminatory, or preferential, the Commission will thereupon determine and fix by order or orders just and reasonable rates, charges, classifications, rules, regulations, practices, or contracts to be thereafter observed and in force.

(B) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by the Natural Gas Act, including, particularly, sections 4, 5, 14, 15, and 16 thereof, and the Commission's rules and regulations (18 CFR Chapter I), the proceedings in the above-designated Docket Nos. G-9291, G-9292, G-9716, G-9717, G-9718, G-10011, G-10293, G-11343, G-11344, and G-11345 be and the same hereby are consolidated for the purpose of hearing.

(C) A public hearing be held commencing February 25, 1957, at 10 a. m., e. s. t., in a hearing room of the Federal Power Commission, 441 G Street, NW., Washington, D. C., concerning the matters involved and the issues presented in the consolidated proceedings designated in paragraph (B) above.

(D) Interested state commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 6, 1957.

By the Commission.

TENNESSEE GAS TRANSMISSION CO.

NOTICE OF MOTION TO AMEND CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY AND DATE OF HEARING

FEBRUARY 6, 1957.

Take notice that Tennessee Gas Transmission Company (Tennessee) a Delaware corporation with its principal place of business at Commerce Building, Houston, Texas, on October 23, 1956 filed an application for a certificate of public convenience and necessity seeking authorization to increase the volume deliverable to the municipality of Holly Springs, Mississippi. Although the application was filed and has been designated as an original application, in conformity with its title, as docket No. G-11277,[1] it is, in effect, a motion to amend the authorizations heretofore granted by the Commision and it is being so treated and handled.

Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7, 15 and 16 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on the 26th day of February 1957, at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by the application; *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing. Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 18, 1957. Failure of any party to appear at and participate in the hearing shall be deemed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

PACIFIC NORTHWEST PIPELINE CORP. AND MOUNTAIN FUEL SUPPLY CO.

NOTICE OF CONTINUANCE OF HEARING

FEBRUARY 6, 1957.

Upon consideration of the motion filed February 5, 1957 by Pacific Northwest Pipeline Corporation for continuance of the hearing now scheduled for February 12, 1957 in the above-designated matters;

[1] Notice of application as an original application was published in the FEDERAL REGISTER (21 F. R. 10321) on December 22, 1956.

Notice is hereby given that the hearing in these matters is postponed to commence at 10 a. m., e. s. t., April 15, 1957, in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C.

[Docket No. G-11907]

TIDEWATER OIL CO.

ORDER SUSPENDING PROPOSED CHANGE IN RATES

Tidewater Oil Company (Tidewater) on January 16, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales subject to the jurisdiction of the Commission. The proposed change which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of Change, dated January 14, 1957.

Purchaser: Texas Gas Transmission Corporation.

Rate schedule designation: Supplement No. 9 to Tidewater's FPC Gas Rate Schedule No. 37.

Effective date: [1] February 15, 1957.

In support of the proposed increase, Tidewater states that the contract was negotiated after arms length bargaining and that the favored nations provision contained within the contract protects the seller who executes a long term contract by enabling the seller to receive the benefit of any increase in the commodity value of his gas reserves during the term of the contract.

The increased rate and charge proposed in the aforesaid filing has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders: (A) Pursuant to the authority contained in section 4 and 15 of the Natural Gas Act and the Commission's rules and regulations (18 CFR Chapter I) a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed change in rates and charges; and pending such hearing and decision thereon, the above-designated supplement be and the same hereby is suspended and the use thereof deferred until July 16, 1957, and until such further time as it is made effective in the manner presented by the Natural Gas Act.

[1] The stated effective date is the first day after expiration of the required thirty days notice, or the effective date proposed by Tidewater, if later.

(B) Neither the supplement hereby suspended nor the rate schedule sought to be altered shall be changed until this proceeding has been disposed of, or until the period of suspension has expired, unless otherwise ordered by the Commission.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 7, 1957.

By the Commission:

[SEAL] J. H. GUTRIDE, *Secretary.*

HASSIE HUNT TRUST

ORDER SUSPENDING PROPOSED CHANGE IN RATES

Hassie Hunt Trust (Hunt) on January 11, 1957 tendered for filing a proposed change in its presently effective rate schedule for sales subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of Change, undated.

Purchaser: Texas Gas Transmission Corporation.

Rate schedule designation: Supplement No. 5 to Hunt's FPC Gas Rate Schedule No. 8.

Effective date: [1] February 15, 1957.

In support of the proposed increase, Hunt states that the contract is an entirety and the various provisions regarding price provide for only one complete payment for all of the gas intended to be delivered. Hunt further states that the contract was negotiated after arms length bargaining, and that the favored nations provision contained within the contract protects the seller who executes a long term contract by enabling a seller to receive the benefit of any increase in the commodity value of his gas reserves during the term of the contract.

The increased rate and charge proposed in the aforesaid filing has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders: (A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's rules and regulations (18 CFR, Chapter I) a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed change in rates and charges; and, pending such hearing and decision thereon, the above-designated supplement be and the same hereby is suspended and the use thereof deferred until July 15, 1957, and until such further time as it is made effective in the manner presented by the Natural Gas Act.

(B) Neither the supplement hereby suspended nor the rate schedule sought to be altered shall be changed until this proceeding has been disposed of, or until the period of suspension has expired, unless otherwise ordered by the Commission.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 7, 1957.

By the Commission.

[SEAL] J. H. GUTRIDE, *Secretary.*

[F. R. Doc. 57-1098; Filed, Feb. 12, 1957; 8:50 a. m.]

[1] The stated effective date is the first day after expiration of the thirty days notice, or the effective date proposed by Hunt, if later.

HOUSING AND HOME FINANCE AGENCY

Office of the Administrator

DIRECTOR, ADMINISTRATIVE MANAGEMENT, REGION II (PHILADELPHIA)

REDELEGATION OF AUTHORITY TO EXECUTE LEGENDS ON BONDS, NOTES AND OTHER OBLIGATIONS

The Director, Administrative Management, Region II, Philadelphia, Housing and Home Finance Agency, is hereby authorized within such Region to execute, on behalf of the Housing and Home Finance Administrator, in instances where necessary or appropriate, any legend appearing on any bond, note or other obligation being acquired by the Federal Government from a local public agency on account of a loan to such local public agency pursuant to Title I of the Housing Act of 1949, as amended (63 Stat. 414-421, as amended, 42 U. S. C., 1952 ed. and Sup. I 1450-1460), which legend indicates the Federal Government's acceptance of the delivery of the particular bond, note or other obligation and its payment therefor on the date specified in the particular legend.

(Reorg. Plan No. 3 of 1947, 61 Stat. 954 (1947); Reorg. Order 1, 19 F. R. 9303-5 (Dec. 29, 1954); 62 Stat. 1283 (1948), as amended by 64 Stat. 80 (1950), 12 U. S. C., 1952 ed. 1701c; Delegation of Authority, 20 F. R. 556 (Jan. 25, 1955)

This delegation supersedes the delegation effective February 15, 1955 (20 F. R. 1231, February 26, 1955).

Effective as of the 30th day of December 1956.

[SEAL] DAVID M. WALKER, *Regional Administrator, Region II.*

[F. R. Doc. 57-1106; Filed, Feb. 12, 1957; 8:52 a. m.]

DIRECTOR, ADMINISTRATIVE MANAGEMENT, REGION II AND ADMINISTRATIVE CLERK, REGION II (PHILADELPHIA)

REDELEGATION OF AUTHORITY TO EXECUTE CERTAIN CONTRACTS WITH RESPECT TO ADMINISTRATIVE MATTERS

The Director, Administrative Management, Region II (Philadelphia, Pennsylvania), Housing and Home Finance Agency, is hereby authorized, and the Administrative Clerk in such Region is hereby authorized, to take the following action with respect to administrative matters within such Region:

Execute contracts and agreements for supplies, equipment, and services (except purely personal services) necessary for the operation and maintenance of field offices in the Region.

(Reorg. Plan No. 3 of 1947, 61 Stat. 954 (1947); 62 Stat. 1283 (1948), as amended by 64 Stat. 80 (1950), 12 U. S. C. 1952 ed. 1701c; Delegation of Authority effective August 14, 1953 (18 F. R. 6812); continuation of delegations of authority effective December 23, 1954 (19 F. R. 9305)

This delegation supersedes the delegation effective February 28, 1956 (21 F. R. 1918, March 28, 1956).

Effective as of the 30th day of December 1956.

[SEAL] DAVID M. WALKER,
Regional Administrator,
Region II.

INTERSTATE COMMERCE COMMISSION

[Notice 151]

MOTOR CARRIER APPLICATIONS

FEBRUARY 8, 1957.

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers and by brokers under sections 206, 209, and 211 of the Interstate Commerce Act and certain other procedural matters with respect thereto. (FEDERAL REGISTER, Volume 21, pages 7339, 7340, § 1.241, September 26, 1956.)

All hearings will be called at 9:30 o'clock a. m., United States Standard Time, unless otherwise specified.

APPLICATIONS ASSIGNED FOR ORAL HEARING OR PRE-HEARING CONFERENCE

MOTOR CARRIERS OF PROPERTY

No. MC 200 (Sub No. 191), filed December 26, 1956, RISS & COMPANY, INC., Riss Bldg., 15 West Tenth St., Kansas City, Mo. Applicant's representative: Ivan E. Moody, same address as applicant. For authority to operate as a *common carrier*, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, serving the site of the General Motors Euclid Division Plant near Darrowville (Summit County), Ohio, as an off-route point in connection with applicant's authorized regular route operations (1) between Cleveland, Ohio and Deerfield, Ohio, over Ohio Highway 14 and (2) between Lodi, Ohio and Ebensburg, Pa., over U. S. Highway 224. Applicant is authorized to conduct operations in Colorado, Connecticut, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Massachusetts, Michigan, Missouri, Nebraska, New Jersey, New York, Ohio, Oklahoma, Pennsylvania, Texas, Virginia, West Virginia, and the District of Columbia.

HEARING: March 6, 1957, in Room 255, New Post Office Bldg., Columbus, Ohio, before Joint Board No. 117.

No. MC 2130 (Sub No. 50), filed December 17, 1956, COUCH MOTOR LINES, INC., 1401 Abbie St., Shreveport, La. Applicant's representative: Robert L. Garrett, Commercial Bldg., Shreveport, La. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities* except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, livestock, and those requiring special equipment, (1) between Memphis, Tenn., and applicant's authorized regular and alternate route operations, serving all points on U. S. Highway 61 south of Baton Rouge, La., to the New Orleans, La., Commercial Zone as defined by the Commission, being approximately one (1) mile west of the Jefferson-St. Charles parish line, which crosses U. S. Highway 61, and all points within five (5) miles of each side of said highway as intermediate and off-route points; and (2) between Baton Rouge, La., and points in the New Orleans, La., Commercial Zone as defined by the Commission, as follows: from Baton Rouge over U. S. Highway 190, across the Mississippi River bridge to junction Louisiana Highway 1, thence over Louisiana Highway 1 via Port Allen, La., to Donaldsonville, La., thence over Louisiana Highway 18 to the boundary of the New Orleans, La., Commercial Zone as defined by the Commission, being the St. Charles-Jefferson parish line (formerly Louisiana Highway 30 from Baton Rouge to the New Orleans, La., Commercial Zone boundary), serving all intermediate points, and points within five (5) miles on each side of said route as off-route points. Applicant is authorized to conduct operations in Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, New York, North Carolina, South Carolina, Tennessee, and Virginia.

NOTE: Applicant states that by the instant application it seeks to eliminate the restriction reflected in Certificate No. MC 2130, sheet 8, and Certificate No. MC 2130 (Sub No. 45), as to the authority east and south of Baton Rouge, La., on the two routes hereinabove described and points within five (5) miles of each side of said routes or highways, to the boundary of the New Orleans, La., Commercial Zone as now defined by the Commission, which Commercial Zone boundary crosses both highways and routes. The operations proposed would be on applicant's authorized regular and alternate route operations in Arkansas, Louisiana, Mississippi, and Tennessee.

HEARING: March 27, 1957, at the Jung Hotel, New Orleans, La., before Examiner Allen W. Hagerty.

No. MC 2589 (Sub No. 15), filed January 28, 1957, C. A. B. Y. TRANSPORTATION COMPANY, a Corporation, 3141 St. Clair Avenue, Cleveland, Ohio. Applicant's representative: Milton C. Portmann, Union Commerce Building, Cleveland 14, Ohio. For authority to operate as a *common carrier*, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk and commodities requiring special equipment, serving the site of the new Euclid Division Plant of the General Motors Corporation located near Darrowville, Summit County, Ohio, as an off-route point in connection with applicant's authorized regular route operations between Cleveland, Ohio, and Rochester, N. Y., and between Cleveland, Ohio, and Youngstown, Ohio. Applicant is authorized to transport the commodities specified in New York, Ohio, and Pennsylvania.

HEARING: March 6, 1957, in Room 255, New Post Office Bldg., Columbus, Ohio, before Joint Board No. 117.

No. MC 3027 (Sub No. 5), filed December 13, 1956, EASTERN STATE TRANSPORTATION CO. INC., 1423 West 59th St., Chicago, Ill. Applicant's representative: McCarthy, Witry, Lyon & McCarthy, 111 West Washington St., Chicago 2, Ill. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Compressed gases*, in cylinders and in manifold tube semi-trailers, and *empty containers or other such incidental facilities* (not specified) used in transporting the above commodity, between Edgewood, Md., and Hillside, N. J., and points within 25 miles of Hillside, and Elkton, Va. Applicant is authorized to conduct operations in Virginia, Maryland, Pennsylvania, New Jersey, New York, Connecticut, and Massachusetts.

HEARING: March 25, 1957, in Room 852, U. S. Custom House, 610 South Canal St., Chicago, Ill., before Examiner Edward Kobernusz.

No. MC 8989 (Sub No. 165), filed January 23, 1957, HOWARD SOBER, INC., 2400 West St. Joseph St., Lansing 4, Mich. Applicant's representative: Albert F. Beasley, Investment Bldg., 15th & K Sts., NW., Washington 5, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Construction machinery and equipment*, as described by the Commission, *dumping and hauling vehicles* (off-highway type), and *attachments and parts* of all such machinery, equipment and vehicles moving with the units being transported, in haulaway, towaway or driveaway service, from points in the Chicago, Ill., Commercial Zone as defined by the Commission, (including Melrose Park, Ill.), Libertyville, Ill., and Milwaukee, Wis., and points within 5 miles of each, to points in the United States and the Territory of Alaska. Applicant is authorized to conduct driveaway and truckaway service throughout the United States.

HEARING: March 19, 1957, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Examiner William T. Croft.

No. MC 11184 (Sub No. 10), filed January 28, 1957, McDANIEL FREIGHT LINES, INCORPORATED, 414 North Walnut St., Crawfordsville, Ind. Applicant's representative: Ferdinand Born, 708 Chamber of Commerce Bldg., Indianapolis 4, Ind. For authority to operate as a *common carrier*, over a regular route, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between Terre Haute, Ind., and Fairbanks, Ind., from Terre Haute over Indiana Highway 63 to Fairbanks, and return over the same route, serving the plant site of the Indiana-Michigan Electric Company located west of Fairbanks, Ind., and the properties of the Ayrshire Collieries Corporation located in Curry Township of Sullivan County, Ind., as off-route points. Applicant is authorized to transport similar commodities in Indiana.

HEARING: February 26, 1957, at the U. S. Court Rooms, Indianapolis, Ind., before Joint Board No. 72.

No. MC 20793 (Sub No. 25), filed January 28, 1957, WAGNER TRUCKING CO., INC., Jobstown, N. J. Applicant's representative: G. Donald Bullock, Box 146, Wyncote, Pa. For authority to operate as a *common carrier*, over irregular routes, transporting: *Brick*, from Richland Township, Bucks County, Pa., to points in Connecticut on and west of U. S. Highway 5. Applicant is authorized to conduct operations in Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, and the District of Columbia.

HEARING: April 2, 1957, at 346 Broadway, New York, N. Y., before Examiner Charles H. Riegner.

No. MC 20894 (Sub No. 1) filed January 14, 1957, P. CALLAHAN, INC., 2126 E. Tioga Street, Philadelphia 34, Pa. Applicant's representative: Thomas C. Egan, 1224-32 Philadelphia National Bank Bldg., Philadelphia 7, Pa. For authority to operate as a *common carrier*, over irregular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment, between the site of the plant of Atlantis Sales Corporation and R. T. French Company in Souderton, Montgomery County, Pa., on the one hand, and, on the other, points in New Jersey and those in the New York, N. Y., Commercial Zone, as defined by the Commission. Applicant is authorized to conduct operations in New Jersey and Pennsylvania.

HEARING: April 4, 1957, at the Penn Sherwood Hotel, 3900 Chestnut Street, Philadelphia, Pa., before Examiner Charles H. Riegner.

No. MC 24115 (Sub No. 7), filed January 11, 1957, D. H. KESSMAN, Box 95, Hamel, Ill. Applicant's representative: Mack Stephenson, 208 East Adams St., Springfield, Ill. For authority to operate as a *common carrier*, over irregular routes, transporting: *Vinegar*, in bulk, in tank vehicles, from Danville, Ill., to points in Indiana, Michigan, and Ohio.

Applicant is authorized to transport the same commodity from points within 2 miles of Alton, Ill. (not including Alton), to Terre Haute and Indianapolis, Ind., Bettendorf, Iowa, and St. Louis, Mo.

HEARING: March 25, 1957, at the U. S. Court Rooms and Federal Bldg., Springfield, Ill., before Examiner Mack Myers.

No. MC 28439 (Sub No. 72), filed January 7, 1957, DAILY MOTOR EXPRESS, INC., Pitt & Penn Streets, Carlisle, Pa. Applicant's representative: James E. Wilson, Continental Building, Fourteenth at K Northwest, Washington 5, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Blowers, compressors, condensers, drilling machines*, and *power units*, from Athens, Pa., Phillipsburg, N. J., and Painted Post, N. Y., to points in the United States.

HEARING: March 18, 1957, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Examiner T. Kinsey Carpenter.

No. MC 29566 (Sub No. 47), filed January 28, 1957, SOUTHWEST FREIGHT LINES, INC., 1400 Kansas Avenue, Kansas City, Kans. For authority to operate as a *common carrier*, over irregular routes, transporting: *Meats, meat products* and *meat by-products*, as defined by the Commission, from Wichita, Kans., to points in Alabama, Florida, Georgia, North Carolina, South Carolina, and Virginia. Applicant is authorized to transport the commodities specified in Arkansas and Iowa.

HEARING: April 2, 1957, at the Hotel Lassen, Wichita, Kans., before Examiner Mack Myers.

No. MC 29647 (Sub No. 21), filed January 24, 1957, CHARLTON BROS. TRANSPORTATION COMPANY, INC., 552 Jefferson St., P. O. Box 1097, Hagerstown, Md. Applicant's representative: Spencer T. Money, Mills Bldg., Washington, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Fire brick*, on pallets, *fire brick*, loose, *fire clay*, in sacks, on pallets, *high temperature bonding mortar*, in sacks or drums, on pallets, *plastic fire brick*, in cartons, on pallets, from Jennings, Md., to Chester, Columbia, Fairless, Manheim, Morrisville, Phoenixville and Royersford, Pa., Claymont and Wilmington, Del., and *empty containers or other such incidental facilities* (not specified) used in transporting the specified commodities on return. Applicant is authorized to conduct operations in Maryland, West Virginia, and Pennsylvania.

HEARING: March 15, 1957, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Joint Board No. 199.

No. MC 30091 (Sub No. 37), filed January 13, 1957, L. F. MILLER AND F. D. MILLER, Partnership, doing business as MILLER & MILLER MOTOR FREIGHT LINES, 501 Indiana Avenue, (P. O. Box 2370), Wichita Falls, Tex. Applicant's representative: Herbert L. Smith, Perry-Brooks Bldg., Austin 1, Tex. For authority to operate as a *common carrier*, over a regular route, transporting: *General commodities including Class A and B explosives*, and except commodities of unusual value, household goods as defined by the Commission, commodities in bulk and those requiring special equipment, between Hereford, Tex., and Denver, Colo.: from Hereford over Texas Highway 51 to junction with U. S. Highway 87 at or near Hartley, Tex., and thence over U. S. Highway 87 to Denver, and return over the same route, serving the intermediate points of Raton, N. Mex., and Trinidad, Walsenburg, Pueblo and Colorado Springs, Colo. Applicant is authorized to transport similar commodities in Texas and Oklahoma.

HEARING: April 1, 1957, at the Baker Hotel, Dallas, Tex., before Joint Board No. 89. It is contemplated that continued hearings will be held at Plainview or Lubbock, Tex., and at Denver, Colo., upon the completion of the taking of testimony at Dallas.

No. MC 30451 (Sub No. 15), filed January 16, 1957, THE LUPER TRANSPORTATION COMPANY, a corporation, 404 East 21st Street, Wichita, Kans. Applicant's representative: James F. Miller, 500 Board of Trade Building, 10th & Wyandotte, Kansas City 5, Mo. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Meats, meat products, and meat by-products*, and *articles distributed by meat-packing houses*, as defined by the Commission, from Wichita, Kans., to Alexandria, Shreveport, and New Orleans, La., and points in the Alexandria, Shreveport, and New Orleans, La., Commercial Zones, as defined by the Commission, and *empty containers or other such incidental facilities* (not specified) used in transporting the commodities specified in this application on return. Applicant is authorized to conduct operations in Arkansas, Kansas, Louisiana, Missouri, New Mexico, Oklahoma, Tennessee, and Texas.

NOTE: Applicant has irregular route authority in Docket No. MC 30451 (Sub No. 13), dated December 23, 1953, to transport Meats, meat products, and meat by-products, dairy products, and articles distributed by packing houses, from Wichita, Kans., to points in Louisiana, except those in the Alexandria, Shreveport, and New Orleans Commercial Zones, as defined by the Commission. Duplication with present authority to be eliminated.

HEARING: April 1, 1957, at the Hotel Lassen, Wichita, Kans., before Examiner Mack Myers.

No. MC 30837 (Sub No. 212), filed December 13, 1956, KENOSHA AUTO TRANSPORT CORPORATION, 4519—76th Street, Kenosha, Wis. For authority to operate as a *common carrier*, over irregular routes, transporting: *Motor truck seat cabs*, from Springfield, Ohio, to Oshkosh, Wis. Applicant is authorized to conduct operations in Illinois and Indiana.

HEARING: March 25, 1957, in Room 852, U. S. Custom House, 610 South Canal St., Chicago, Ill., before Examiner Edward Kobernusz.

No. MC 31600 (Sub No. 416), filed January 14, 1957, P. B. MUTRIE MOTOR TRANSPORTATION, INC., Calvary Street, Waltham, Mass. Applicant's representative: H. C. Ames, Jr., 216 Transportation Bldg., Washington, D. C. For authority to operate as a *common carrier*,

over irregular routes, transporting: *Synthetic latex*, in bulk, in tank vehicles, from Cambridge, Mass., to Chicago, Ill. Applicant is authorized to conduct operations in Massachusetts, New York, and Pennsylvania.

HEARING: March 22, 1957, at the New Post Office & Court House Bldg., Boston, Mass., before Examiner Charles H. Riegner.

No. MC 37716 (Sub No. 16), filed December 11, 1956, THE C & D MOTOR DELIVERY COMPANY, 1035 Flint Street, Cincinnati 14, Ohio. Applicant's representative: Herbert Baker, 50 West Broad Street, Columbus 15, Ohio. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, (1) between Cincinnati, Ohio and St. Louis, Mo., from Cincinnati over applicant's authorized regular routes to Brownstown, Ind., thence over U. S. Highway 50 to St. Louis, and return over the same route, serving no intermediate points; (2) between Indianapolis, Ind., and Decatur, Ill., from Indianapolis over U. S. Highway 36 to junction U. S. Highway 150, thence over applicant's authorized regular routes to Decatur, and return over the same route, serving no intermediate points; (3) between Indianapolis, Ind., and Peoria, Ill., from Indianapolis over U. S. Highway 136 to junction U. S. Highway 150, thence over U. S. Highway 150 to Morton, Ill., thence over applicant's authorized regular routes to Peoria, and return over the same route, serving no intermediate points; (4) between Louisville, Ky., and Decatur, Ill., from Louisville over U. S. Highway 150 to junction U. S. Highway 50, thence over U. S. Highway 50 to Flora, Ill., thence over U. S. Highway 45 to Effingham, Ill., thence over Illinois Highway 32 to Sullivan, Ill., thence over Illinois Highway 121 to Decatur, and return over the same route, serving no intermediate points; (5) between Louisville, Ky., and Ashland, Ky., from Louisville over U. S. Highway 60 to Frankfort, Ky., thence over U. S. Highway 421 to Lexington, Ky., thence over U. S. Highway 60 to Ashland, and return over the same route, serving no intermediate points; (6) between Charleston, W. Va., and Dayton, Ohio, from Charleston over West Virginia Highway 17 to junction West Virginia Highway 2, thence over West Virginia Highway 2 to Point Pleasant, W. Va., thence over U. S. Highway 35 to Xenia, Ohio, thence over applicant's authorized regular routes to Dayton, and return over the same route, serving no intermediate points; and (7) between Cincinnati, Ohio and Chattanooga, Tenn., from Cincinnati over U. S. Highway 27 to junction U. S. Highway 70, thence over applicant's authorized regular routes to Chattanooga, and return over the same route, serving no intermediate points. Applicant is authorized to conduct operations in Illinois, Indiana, Kentucky, Missouri, Ohio, Tennessee, and West Virginia.

NOTE: Duplicating authority to be eliminated.

HEARING: April 8, 1957, in Room 255, New Post Office Bldg., Columbus, Ohio, before Examiner Mack Myers.

No. MC 50404 (Sub No. 50), filed January 7, 1957, THE MAXWELL CO., 2200 Glendale-Milford Road, P. O. Box 37, Cincinnati, Ohio. Applicant's representative: Herbert Baker, 50 West Broad St., Columbus 15, Ohio. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Lacquer thinner*, in bulk, in tank vehicles, between points in Greene County, Ohio, on the one hand, and, on the other, points in Delaware and Madison Counties, Ind. Applicant is authorized to transport similar commodities in Indiana and Ohio.

HEARING: April 1, 1957, in Room 255, New Post Office Bldg., Columbus, Ohio, before Joint Board No. 60.

No. MC 50404 (Sub No. 51), filed January 7, 1957, THE MAXWELL CO., 2200 Glendale-Milford Road, Cincinnati, Ohio. Applicant's representative: Herbert Baker, 50 West Broad St., Columbus 15, Ohio. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Resin Plasticizers*, in bulk, in tank vehicles, from Akron, Ohio to points in Clark and Floyd Counties, Ind., and Jefferson County, Ky.

HEARING: April 1, 1957, in Room 255, New Post Office Bldg., Columbus, Ohio, before Joint Board No. 208.

No. MC 52657 (Sub No. 498), filed January 30, 1957, ARCO AUTO CARRIERS, INC., 91st Street and Perry Avenue, Chicago 20, Ill. Applicant's representative: G. W. Stephens, 121 W. Doty Street, Madison, Wis. S. Highway 10 to the junction of U. S. Highway 10A, thence over U. S. Highway 10A to the junction of Idaho Highway 53, thence over Idaho Highway 53 to the junction of Washington Highway 2H, thence over Washington Highway 2H to Spokane, Wash., thence over U. S. Highway 10 to the junction of U. S. Highway 395, thence over U. S. Highway 395 to Pasco, thence over U. S. Highway 410 to Prosser, thence over Washington Highway 3A to Union Gap, thence over U. S. Highway 410 to Yakima, thence over U. S. Highway 97 to Ellensburg, thence over U. S. Highway 10 to Seattle, Wash., thence over U. S. Highway 99 to Portland, Oreg., and return over the same route, serving all intermediate points, and the off-route points of Richland, Grandview, Sunnyside, Granger, Zillah, Buena, Sawyer, Donald, Selah, Renton, Kent, Auburn, Sumner, Puyallup, Longview and Castle Rock, Wash.; (3) between Toppenish, Wash., and Portland, Oreg., from Toppenish over U. S. Highway 97 to Maryhill, thence over U. S. Highway 830 to Vancouver, thence over U. S. Highway 99 to Portland, and return over the same route, serving no intermediate points, and as an alternate route for operating convenience only. Applicant is authorized to conduct operations in Montana, North Dakota and Washington.

HEARING: March 28, 1957, in Room 400 U. S. Court House, 5th & Madison St., Seattle, Wash., before Examiner Harold W. Angle.

No. MC 66277 (Sub No. 2), filed December 26, 1956, ARROW FREIGHT LINES, INC., 312 Bay Street, Springfield, Mass. For authority to operate as a *contract carrier*, over irregular routes, transporting: *New household furnishings*, and *new furniture*, uncrated, between West Springfield, Mass., and points in Massachusetts within ten miles of West Springfield, on the one hand, and, on the other, points in Rhode Island and Maine. Applicant is authorized to transport the commodities specified in Massachusetts, New Hampshire, New York, New Jersey, and Vermont.

HEARING: March 27, 1957, at the U. S. Court Rooms, Hartford, Conn., before Examiner Charles H. Riegner.

No. MC 69271 (Sub No. 3), filed December 26, 1956, McARDLE & CASAZZA TRUCKING CO., INC., 374 South Pearl St., Albany, N. Y. Applicant's representative: William D. Traub, 60 East 42nd St., New York 17, N. Y. For authority to operate as a *common carrier*, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods, as defined by the Commission, commodities in bulk, and commodities requiring special equipment, serving the off-route points of Mechanicville, Schuylerville, Saratoga Springs, and Ballston Spa, N. Y., in connection with applicant's regular-route operations between Albany, N. Y., and Waterford, N. Y., over New York Highway 32, in No. MC 69271.

HEARING: March 21, 1957, at the Federal Building, Albany, N. Y., before Examiner Charles H. Riegner.

No. MC 66900 (Sub No. 17), filed January 28, 1957, HOUFF TRANSFER, INCORPORATED, Weyers Cave, Va. Applicant's representative: Glenn F. Morgan, 1006–1008 Warner Bldg., Washington 4, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, from points in that part of Pennsylvania on and south of U. S. Highway 22 and on and east of U. S. Highway 111 to points in Virginia within 80 miles of Staunton, Va., including Staunton, but excepting Roanoke, Va. Applicant is authorized to conduct operations in Maryland, Ohio, Pennsylvania, Virginia, West Virginia, and the District of Columbia.

NOTE: Applicant states as follows: Applicant now holds authority from the above described Pennsylvania area to Staunton, Va., and points within 50 miles of Staunton; also between Staunton and points within 80 miles of Staunton, except Roanoke, Va. The purpose of this application is to remove the need to operate into the 50 mile area when the traffic is moving to points in the 80 mile area. Applicant is presently serving the 80 mile area via the 50 mile area.

HEARING: March 21, 1957, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Examiner T. Kinsey Carpenter.

For authority to operate as a *contract carrier*, over irregular routes, transporting: *Toilet paper, facial tissue, paper towels, paper napkins, paper containers, paper plates, sanitary napkins, wrapping paper* and *paper bags*, from Long Island City, N. Y., to points in Nassau and Suffolk Counties, N. Y.; and *returned shipments* of the commodities specified on return movements. RESTRICTION: Applied-for authority to be limited to shipments having a prior movement by rail.

HEARING: April 3, 1957, at 346 Broadway, New York, N. Y., before Examiner Charles H. Riegner.

MOTOR CARRIERS OF PASSENGERS

No. MC 3971 (Sub. No. 6), filed January 30, 1957, CONRAD C. WILSON AND FRED A. WILSON, doing business as ZANE TRANSIT LINES, 1507 Augusta St., Zanesville, Ohio. Applicant's representative: James E. Wilson, Continental Bldg., 14th and K Streets NW., Washington 5, D. C. For authority to operate as a *common carrier*, over regular routes,

transporting: *Passengers and their baggage*, and *express, mail* and *newspapers* in the same vehicle with passengers, between Athens, Ohio and Huntington, W. Va., from Athens over U. S. Highway 33 to Mason, W. Va., thence over West Virginia Highway 62 to Point Pleasant, W. Va., and thence over West Virginia Highway 2 to Huntington, W. Va., and return over the same routes, serving all intermediate points. Applicant is authorized to conduct operations in Ohio.

HEARING: April 2, 1957, in Room 255, New Post Office Bldg., Columbus, Ohio, before Joint Board No. 61.

No. MC 28680 (Sub No. 9), filed January 11, 1957, JORDAN BUS COMPANY, Jordan Terminal Bldg., Hugo, Okla. Applicant's representative: Joe G. Wolfe, 520 Hales Bldg., Oklahoma City, Okla. For authority to operate as a *common carrier*, over regular routes, transporting: *Passengers and their baggage, express*, and *mail*, in the same vehicle with passengers, between Oklahoma City, Okla., and Healdton, Okla., from Oklahoma City over U. S. Highway 62–277 to Blanchard, thence over Oklahoma Highway 76 to Lindsay, thence over Oklahoma Highway 76 to junction Oklahoma Highway 29, thence over Oklahoma Highway 29 to the junction of Oklahoma Highway 76, thence over Oklahoma Highway 76 to Healdton, and return over the same route, serving all intermediate points between Blanchard and Healdton, including Blanchard; (2) between Oklahoma City, Okla., and Healdton, Okla., from Oklahoma City over U. S. Highway 62–277 to Blanchard, thence over Oklahoma Highway 76 to Lindsay, thence over Oklahoma Highway 19 to Maysville, thence over Oklahoma Highway 74 to Elmore City, thence over Oklahoma Highway 29 to junction of Oklahoma Highway 76, thence over Oklahoma Highway 76 to Healdton, and return over the same route, serving all intermediate points between Blanchard and Healdton, including Blanchard. Applicant is authorized to perform similar operations in Oklahoma, Texas, and Arkansas.

HEARING: April 1, 1957, at the Federal Bldg., Oklahoma City, Okla., before Joint Board No. 88.

No. MC 29957 (Sub No. 64), filed September 4, 1956 (Correction), CONTINENTAL SOUTHERN LINES, INC., 425 Bolton Avenue, P. O. Box 4407, Alexandria, La. Applicant's representative: Grove Stafford, P. O. Box 1711, Alexandria, La. That portion of the notice of filing of the application requesting authority "to junction U. S. Highway 190 near Mandeville, La., thence over U. S. Highway 190 to Covington, La." was in error. The correct route description reads: "to junction Louisiana Highway 25, near Mandeville, La., sometimes called Mandeville Junction, thence over Louisiana Highway 25 to Covington, La."

HEARING: Remains as assigned March 11, 1957, at the Jung Hotel, New Orleans, La., before Joint Board No. 164.

No. MC 89221 (Sub No. 3), filed January 22, 1957, JOHN A. ROSSI, FRANK L. ROSSI, ALICE M. ROSSI AND DOMENICK ROSSI, a partnership, doing business as HARFORD MOTOR COACH COMPANY 2739 Greenmount Avenue, Baltimore 18, Md. Applicant's representative: Robert E. Goldstein, 24 West 40th Street, New York 18, N. Y. For authority to operate as a *common carrier*, over regular routes, transporting: *Passengers, baggage of passengers, express, mail* and *newspapers* in the same vehicle with passengers, (1) between Baltimore, Md., and Cape May, N. J.: From Baltimore, over U. S. Highway 40 to Malaga, N. J., thence over New Jersey Highway 47 to Millville, N. J., thence over New Jersey Highway 49 to Tuckahoe, N. J., thence over New Jersey Highway 50 to its junction with U. S. Highway 9 at Seaville, N. J., thence over Garden State Parkway Interchange Road No. 20 to Garden State Parkway, thence over Garden State Parkway to its junction with U. S. Highway 9 in Lower Township, Cape May County, N. J., thence over U. S. Highway 9 to Cape May, N. J., and return over the same route; and (2) between Burleigh, N. J., and points in Lower Township, Cape May County, N. J.: From the junction of Garden State Parkway Interchange Road No. 6 and Cape May County Road 585 at Burleigh, over Cape May County Road 585 via North Wildwood, Wildwood and Wildwood Crest, to the junction of Cape May County Road 585 and U. S. Highway 9 at Lower Township, Cape May County, N. J., and return over the same route. RESTRICTION: Applied-for authority to be restricted to traffic moving between points on the portions of the highways specified in Maryland and Delaware, on the one hand, and, on the other, points on the portions of the highways specified in New Jersey south and east of, but not including, Malaga, N. J. Applicant is authorized to transport passengers and their baggage in charter operations in Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, West Virginia, and the District of Columbia.

HEARING: April 1, 1957, in Room 709, U. S. Appraisers' Stores Bldg., Gay and Lombard Sts., Baltimore, Md., before Joint Board No. 283.

No. MC 99601 (Sub No. 1), filed January 10, 1957, LEE WALL, doing business as SUPERIOR-LINCOLN STAGE LINES, 901 South 13th St., Lincoln, Nebr. Applicant's representative: J. Max Harding, 901 South 13th Street, Lincoln, Nebr. For authority to operate as a *common carrier*, over regular routes, transporting: *Passengers and their baggage, express, mail* and *newspapers*, in the same vehicle with passengers, (1) between Lincoln, Nebr., and Superior, Nebr., from Lincoln over U. S. Highway 77 to the junction of Nebraska Highway 33, thence over Nebraska Highway 33 to Crete, thence over Nebraska Highway 82 to Wilber, thence over Nebraska Highway 41 to the junction of Nebraska Highway 15, thence over Nebraska Highway 15 to Fairbury, thence over Nebraska Highway 3 to the junction of Nebraska Highway 14, thence over Nebraska Highway 14 to Nelson, thence over Nebraska Highway 14 to Superior, and return over the same route, serving all intermediate points; (2) between Fairbury, Nebr., and Beatrice, Nebr., from Fairbury over Nebraska Highway 3 to Beatrice, and return over the same route, serving all intermediate points; (3) between Beatrice, Nebr., and junction of U. S. Highway 77 and Nebraska Highway 33 from Beatrice over U. S. Highway 77 to the junction of U. S. Highway 77 and Nebraska Highway 33, and return over the same route, serving no intermediate points, as an alternate route for operating convenience only in connection with Routes 1 and 2 above. RESTRICTION: Applicant shall not transport passengers, baggage of passengers, mail, express, and newspapers (1) solely between Beatrice and Lincoln, Nebr., or (2) solely between points both of which are intermediate between Beatrice and the junction of U. S. Highway 77 and Nebraska Highway 33; or (3) solely between Beatrice or Lincoln, Nebr., on the one hand, and, on the other, points intermediate between Beatrice and the junction of U. S. Highway 77 and Nebraska Highway 33.

NOTE: This application is filed to obtain a Certificate of Public Convenience and Necessity authorizing continuance of interstate operations conducted under the second proviso of section 206 (a) (1) of the Interstate Commerce Act, supported by intrastate Certificate on file with this Commission. If and when the instant application is granted, the second proviso filing should be dismissed.

HEARING: March 25, 1957, at the Nebraska State Railway Commission, Capitol Bldg., Lincoln, Nebr., before Joint Board No. 93.

No. MC 114325 (Sub No. 2), filed January 28, 1957, NORTH JERSEY TRANSIT, 1060 Broad St., Newark 2, N. J. Applicant's representative: William Ryan, 1060 Broad St., Newark 2, N. J. For authority to operate as a *common carrier*, over regular routes, transporting: *Passengers and their baggage, mail, newspapers* and *express packages of freight*, in the same vehicle with passengers, (1) from the "Green", Morristown, N. J. to Morris Avenue to Washington Avenue to Madison Avenue (Route 24), via Madison Avenue (Route 24) to Madison, N. J., via Madison Avenue and Main Street to Main Street, Chatham, N. J., via Main Street (Route 24), Morris Turnpike, thence via Morris Turnpike through Summit-Short Hills, N. J. to junction Route 24 and Millburn Avenue, Millburn, N. J., via Millburn Avenue, through Millburn and Maplewood, N. J. to junction Millburn Avenue and Vaux Hall Road, via Vaux Hall Road through Union, N. J., to junction Vaux Hall Road and Route 22, Union, N. J., via Route 22 to junction Highway U. S. 1 in Newark, N. J., via Highway U. S. 1, to connection with New Jersey Turnpike, Newark, N. J., via New Jersey Turnpike to Lincoln Tunnel Approach, Secaucus, N. J., via underpass, to Lincoln Tunnel, to Manhattan Borough, New York City, N. Y. Also from Chatham, N. J., via Main Street, to River Road, thence via River Road to Morris Avenue to Broad Street, Summit, N. J., via Broad Street to Morris Avenue to junction with Route 24 and Millburn Avenue. Return over same routes from New York City to Morristown, N. J., provided however, that no service is proposed between the junction of Vaux Hall Road and Route 22 in Union, N. J. and New York City, N. Y. (2) Also from junction of Vaux Hall Road, Route 22 and Garden State Parkway to Route S3 thence over S3 to Route 3 to approaches to Lincoln Tunnel underpass and approaches and via Lincoln Tunnel to Manhattan Borough, New York City, N. Y. and return over the said route; (3) In addition to the above authority, in connection with the above-described routes, operations between the junction of New Jersey Turnpike at Interchange 14, Newark, N. J. over the Turnpike extension, Newark Bay Bridge, Jersey City Express Way to the junction with U. S. Highway 1 in Jersey City, N. J. and thence through the Holland Tunnel to Manhattan Borough,, New York City, N. Y., with return over the same route; (4) between the intersection of Broad Street and Springfield Avenue, Summit, N. J., in connection with applicant's other applied-for routes between New York, N. Y. and the territory hereinbefore set forth in New Jersey, via Springfield Avenue, through New Providence, Murray Hill, Berkeley Heights, Gillette, Stirling, Millington, N. J., on Valley Road to its junction with King George Road to Lyons, N. J., and the Veterans Administration Hospital in Lyons, thence to Basking Ridge, N. J., via Route 527, and thence to Bernardsville, N. J. via Route 527 and Route 202 and also unnamed highways, and return over the same routes; namely, from Bernardsville over unnamed highways, Route 202 and 527 to Basking Ridge, thence retracing the aforesaid route above-named to Lyons, thence via Valley Road and Springfield Avenue to its junction with Broad Street, Summit, N. J.; (5) also, operations with closed doors between the junction of Morris Avenue, Route 24, and Broad Street at the intersection of Millburn Avenue, Springfield, N. J., over Route 24 to its junction with Route 22 and thence via Route 22 as above-indicated to New York, N. Y., and return over the same route; (6) The same authority applied for under section (3); namely, the route to downtown New York, N. Y., is also herein applied for under authority applied for under paragraphs (4) and (5) of this prayer of this application; (7) for operating convenience only, it is also proposed that closed door operations be permitted between the junction of Millburn Avenue and Route 24 to junction with Route 22, Union, N. J.

HEARING: March 18, 1957, at the New Jersey Board of Public Utility Commissioners State Office Bldg., Raymond Blvd., Newark, N. J., before Joint Board No. 3.

No. MC 114820 (Sub No. 1), filed December 26, 1956, JOHN HOELTING AND ROBERT BOENTE, doing business as HOELTING-BOENTE BUS COMPANY, 520 W. Main St., Carlinville, Ill. For authority to operate as a *common carrier*, over irregular routes, transporting: *Passengers*, in charter operations, beginning and ending at Carlinville, Ill., and extending to points in Missouri and Indiana.

MOTOR CARRIERS OF PASSENGERS

No. MC 116066 (Sub No. 2), filed November 26, 1956, GEORGE WASHINGTON RICKETTS, R. F. D. 1, Federalsburg, Md. Applicant's representative: Francis W. McInerny, Commonwealth Bldg., 1625 K Street, NW., Washington 6, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Passengers*, in special operations, between Bridgeville and Greenwood, Del., and points within five (5) miles of each, on the one hand, and, on the other, Federalsburg, Md., and points within five (5) miles of Federalsburg. Issues originally published in the December 19, 1956, issue of the FEDERAL REGISTER. The hearing previously assigned in the application was cancelled upon the filing of verified statements on behalf of applicant.

No. MC 116338, filed December 6, 1956, GRANT BALL, South Millbrook, N. Y. Applicant's representative: John J. Brady, Jr., 75 State St., Albany 7, N. Y. For authority to operate as a *common carrier*, over irregular routes, transporting: *Passengers and their baggage*, in round trip charter operations beginning and ending at Millbrook, N. Y., and extending to points in Massachusetts, Connecticut, Vermont, Rhode Island, New Hampshire and New Jersey, during the season extending from September 10 to June 15 inclusive.

APPLICATIONS UNDER SECTIONS 5 AND 210a (b)

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers under sections 5 (2) and 210a (b) of the Interstate Commerce Act and certain other procedural matters with respect thereto. (FEDERAL REGISTER, Volume 21, page 7339, § 1.240, September 26, 1956.)

MOTOR CARRIERS OF PROPERTY

No. MC-F 6494, published in the January 16, 1957, issue of the FEDERAL REGISTER on page 339. Amendment filed February 4, 1957, to show transaction as one for *control and merger* in lieu of *control*. The operating rights set forth in the original publication should be corrected to read: "* * * between La Grange, Ga., on the one hand, and, on the other, points in Alabama, and between La Grange, Ga., on the one hand, and, on the other, points in Georgia."

No. MC-F 6504. Authority sought for purchase by DAHLEN TRANSPORT OF IOWA, INC., 875 North Prior Avenue, St. Paul, Minn., of the operating rights and property of JOHN W. DAHLEN, doing business as DAHLEN TRANSPORT COMPANY, 875 North Prior Avenue, St. Paul, Minn., and for acquisition by JOHN W. DAHLEN and EDNA A. DAHLEN, both of St. Paul, of control of such rights and property through the purchase. Applicant's representatives: Gerald L. Phelps and John R. Sims, Jr., both of Munsey Bldg., Washington 4, D. C. Operating rights sought to be transferred: *Petroleum products*, in bulk, in tank vehicles, as a *common carrier* over irregular routes from Clear Lake, Iowa, and points within five miles thereof, to certain points in Minnesota. Vendee holds no authority from this Commission, but JOHN W. DAHLEN and EDNA A. DAHLEN are affiliated with DAHLEN TRANSPORT, INC., which is authorized to operate as a *common carrier* in Minnesota. Application has not been filed for temporary authority under section 210a (b).

No. MC-F 6505. Authority sought for control by BOLIN DRIVE-A-WAY CO., 26400 Lakeland Blvd., Cleveland, Ohio, of CENTRAL CAR CARRIERS, INC., 380 Hopkins Street, Buffalo, N. Y., and for acquisition by GLEN O. BOLIN, RHEA I. BOLIN and MARY E. RICE, all of Cleveland, of control of CENTRAL CAR CARRIERS, INC., through the acquisition by BOLIN DRIVE-A-WAY CO. Applicant's representative: Horace L. Taylor, Vice President and General Manager of Bolin Drive-A-Way Co., 26400 Lakeland Blvd., Cleveland 32, Ohio. Operating rights sought to be controlled: *Automobiles*, in truckaway service, as a *common carrier* over irregular routes, from Buffalo, N. Y., Detroit, Mich., and a point on U. S. Highway 24 just north of Toledo, Ohio, where the Michigan-Ohio State line crosses U. S. Highway 24, to New York, N. Y., and Mamaroneck, N. Y., Stroudsburg and Scranton, Pa., and points within 20 miles of Scranton, and points, in Bergen, Hudson, and Passaic Counties, N. J.; *new automobiles, automobile chassis, automobile bodies*, and *parts and accessories* when moving in connection therewith, and *automobile show equipment and paraphernalia, farm and garden tractors*, and *parts and accessories* when moving in connection therewith, from Willow Run, Washtenaw County, Mich., to certain points in New York, Pennsylvania and New Jersey; *new automobiles*, in secondary movements, in driveaway service, during the season of open navigation on the Great Lakes, from Buffalo, N. Y., to points in Connecticut, Massachusetts, New Jersey, New York, and Vermont; *new automobiles*, in secondary movements, in truckaway service, during the season of open navigation on the Great Lakes, from Buffalo, N. Y., to points in Connecticut, Massachusetts, New Jersey, New York, Pennsylvania, and Vermont; *automobiles, trucks, chassis, bodies and display paraphernalia and accessories* when moving in connection therewith, in initial movements, in truckaway and driveaway service, from points in Washtenaw County, Mich., to points in Maine, New Hampshire, and Rhode Island, restricted to traffic originating at points in Washtenaw County, Mich.; *automobiles, trucks, chassis, bodies*, and display paraphernalia and accessories when moving in connection therewith, in secondary movements, in truckaway and driveaway service, from Buffalo, N. Y., to points in Maine, New Hampshire, and Rhode Island, restricted to traffic originating at points in Washtenaw County, Mich.; *new automobiles* and *automobile chassis*, in initial movements, in truckaway and driveaway service, and *new automobile bodies*, and *automobile show equipment and paraphernalia* in connection therewith, from points in Washtenaw County, Mich., to points in Connecticut, Massachusetts, New Jersey, New York, and Vermont, and Philadelphia, Pa., and points within 25 miles of Philadelphia. BOLIN DRIVE-A-WAY CO. is authorized to operate as a *common carrier* in all States in the United States and the District of Columbia. Application has not been filed for temporary authority under section 210a (b).

No. MC-F 6506. Authority sought by VIKING FREIGHT COMPANY, 614 South Sixth Street, St. Louis, Mo., to merge the operating rights and property of COOK TRUCK LINES, INC., 25 East Virginia Avenue, Memphis, Tenn., and for acquisition by ELMER WEILBACHER and C. F. WEILBACHER, both of St. Louis, and LEO A. WEILBACHER, of Columbia, Ill., of control of such rights through the transaction. Applicant's representative: B. W. LaTourette, 1230 Boatmen's Bank Bldg., St. Louis 2, Mo. Operating rights sought to be merged: *General commodities*, with certain exceptions including household goods and commodities in bulk, as a *common carrier* over regular routes including routes between Memphis, Tenn., and Nashville, Tenn., Calhoun City, Clarksdale and Meridian, Miss., between Philadelphia, Miss., and New Orleans, La., between Paris, Tenn., and Como and Bruceton, Tenn., between Atwood and Dover, Tenn., and Nashville, Tenn., between Clarksdale, Miss., and Greenville and Jackson, Miss., between Yazoo City, Miss., and Tutwiler, Miss., and between New Orleans, La., and Meridian, Miss., serving certain intermediate and off-route points; numerous alternate routes for operating convenience only; *petroleum and petroleum products in containers*, from New Orleans, La., to Houston, Aberdeen and Centreville, Miss., serving certain intermediate and off-route points; *canned goods*, between Laurel, Miss., and Biloxi, Miss., serving the intermediate point of Gulfport, Miss.; *canned goods, masonite*, and *mason and masonite supplies*, between Laurel, Miss., and Baton Rouge, La., serving the intermediate point of Columbia, Miss., and the off-route points of Bogalusa and Covington, La.; *cotton*, over irregular routes, from Carthage, Newton and Taylorsville, Miss., to New Orleans, La. VIKING FREIGHT COMPANY is authorized to operate as a *common carrier* in Missouri, Illinois, Arkansas, Tennessee, Indiana, Ohio, Kentucky, Oklahoma and Texas. Application has not been filed for temporary authority under section 210a (b).

By the Commission.

[SEAL] HAROLD D. MCCOY, *Secretary*.

[No. 32089 (Sub. No. 1)]

CALIFORNIA INTRASTATE FREIGHT RATES AND CHARGES AS RELATED TO EX PARTE NO. 206 INCREASES

At a Session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D. C., on the 31st day of January A. D. 1957.

It appearing that in Ex Parte No. 206, Increased Freight Rates, Eastern and Western Territories, 1956 (decided December 17, 1956) the Commission authorized carriers subject to the Interstate Commerce Act, parties thereto, to make certain emergency increases in their freight rates and charges for interstate application in Eastern and Western Territories and between points in those territories and Southern Territory, and that increases under such authorizations have been made;

It further appearing that a petition dated December 28, 1956, has been filed on behalf of The Atchison, Topeka and Santa Fe Railway Company and other common carriers by railroad, listed in Appendix A thereof, averring that the Public Utilities Commission of California has failed to authorize or permit increases in rates and charges on intrastate traffic upon their railroads in California corresponding to those authorized by this Commission and made by petitioners for application on interstate traffic in Ex Parte No. 206, supra, thereby resulting in undue and unreasonable advantage, preference and prejudice as between persons and localities in intrastate commerce, on the one hand, and interstate commerce, on the other hand, and in undue, unreasonable, and unjust discrimination against interstate and foreign commerce, in violation of section 13 of the Interstate Commerce Act;

It further appearing that there have been brought in issue by the said peti-

OREN M. SIZER, doing business as SIZER GRAIN SERVICE, 407 Fourth Avenue, SE., Rochester, Minn. Applicant's representative: Claude J. Jasper, One Main St., Madison 3, Wis. For authority to operate as a *common carrier*, over irregular routes, transporting: *Frozen packing-house by-products* and *frozen poultry by-products* not for human consumption and for animal consumption only, from Omaha, Nebr., Sioux City, Waterloo, Council Bluffs, Des Moines, Cedar Rapids, Atlantic, Estherville, and Fort Dodge, Iowa, St. Joseph, Kansas City, and Anderson, Mo., Denver, Colo., and South St. Paul, St. Paul, St. James, Austin, and Albert Lea, Minn., to points in South Dakota, Minnesota, Wisconsin, the Upper Peninsula of Michigan, and Illinois, and *empty containers or other such incidental facilities* (not specified) used in transporting the commodities specified in this application from the above-designated destination points to the above-specified origin points.

NOTE: The destination points referred to above are restricted to *fur farms*.

No. MC 113533 (Sub No. 10), filed January 30, 1957, L. B. VINCENT GARDELLA, doing business as GARDELLA'S REFRIGERATED EXPRESS, 1951 East Ferry, Detroit, Mich. Applicant's representative: Wilhelmina Boersma, 2850 Penobscot Building, Detroit 26, Mich. For authority to operate as a *common carrier*, over irregular routes, transporting: *Meat, meat products* and *meat byproducts*, from North Walpole, N. H., to Marion, Ohio. Applicant is authorized to conduct operations in Connecticut, Massachusetts, Michigan, New Jersey, New York, Pennsylvania, and Rhode Island.

No. MC 114046 (Sub No. 3), filed December 6, 1956, LEONARD WEST, 308 Wolcott Avenue, Iron Mountain, Mich. Applicant's representative: Michael D. O'Hara, Spies Building, Menominee, Mich. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Malt beverages*, from St. Louis, Mo., to Republic, Mich., and St. Ignace, Mich., and *empty containers or other such incidental facilities* (not specified) used in transporting the commodities specified in this application, on return. Applicant is authorized to transport similar commodities in and through the States of Michigan, Illinois, Missouri, and Wisconsin.

MOTOR CARRIERS OF PASSENGERS

No. MC 116066 (Sub No. 2), filed November 26, 1956, GEORGE WASHINGTON RICKETTS, R. F. D. 1, Federalsburg, Md. Applicant's representative: Francis W. McInerny, Commonwealth Bldg., 1625 K Street, NW., Washington 6, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Passengers*, in special operations, between Bridgeville and Greenwood, Del., and points within five (5) miles of each, on the one hand, and, on the other, Federalsburg, Md., and points within five (5) miles of Federalsburg. Issues originally published in the December 19, 1956, issue of the FEDERAL REGISTER. The hearing previously assigned in the application was cancelled upon the filing of verified statements on behalf of applicant.

No. MC 116338, filed December 6, 1956, GRANT BALL, South Millbrook, N. Y. Applicant's representative: John J. Brady, Jr., 75 State St., Albany 7, N. Y. For authority to operate as a *common carrier*, over irregular routes, transporting: *Passengers and their baggage*, in round trip charter operations beginning and ending at Millbrook, N. Y., and extending to points in Massachusetts, Connecticut, Vermont, Rhode Island, New Hampshire and New Jersey, during the season extending from September 10 to June 15 inclusive.

APPLICATIONS UNDER SECTIONS 5 AND 210a (b)

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers under sections 5 (2) and 210a (b) of the Interstate Commerce Act and certain other procedural matters with respect thereto. (FEDERAL REGISTER, Volume 21, page 7339, § 1.240, September 26, 1956.)

MOTOR CARRIERS OF PROPERTY

No. MC–F 6494, published in the January 16, 1957, issue of the FEDERAL REGISTER on page 339. Amendment filed February 4, 1957, to show transaction as one for *control and merger* in lieu of *control*. The operating rights set forth in the original publication should be corrected to read: "* * * between La Grange, Ga., on the one hand, and, on the other, points in Alabama, and between La Grange, Ga., on the one hand, and, on the other, points in Georgia."

No. MC–F 6504. Authority sought for purchase by DAHLEN TRANSPORT OF IOWA, INC., 875 North Prior Avenue, St. Paul, Minn., of the operating rights and property of JOHN W. DAHLEN, doing business as DAHLEN TRANSPORT COMPANY, 875 North Prior Avenue, St. Paul, Minn., and for acquisition by JOHN W. DAHLEN and EDNA A. DAHLEN, both of St. Paul, of control of such rights and property through the purchase. Applicant's representatives: Gerald L. Phelps and John R. Sims, Jr., both of Munsey Bldg., Washington 4, D. C. Operating rights sought to be transferred: *Petroleum products*, in bulk, in tank vehicles, as a *common carrier* over irregular routes from Clear Lake, Iowa, and points within five miles thereof, to certain points in Minnesota. Vendee holds no authority from this Commission, but JOHN W. DAHLEN and EDNA A. DAHLEN are affiliated with DAHLEN TRANSPORT, INC., which is authorized to operate as a *common carrier* in Minnesota. Application has not been filed for temporary authority under section 210a (b).

No. MC–F 6505. Authority sought for control by BOLIN DRIVE-A-WAY CO., 26400 Lakeland Blvd., Cleveland, Ohio, of CENTRAL CAR CARRIERS, INC., 380 Hopkins Street, Buffalo, N. Y., and for acquisition by GLEN O. BOLIN, RHEA I. BOLIN and MARY E. RICE, all of Cleveland, of control of CENTRAL CAR CARRIERS, INC., through the acquisition by BOLIN DRIVE-A-WAY CO. Applicant's representative: Horace L. Taylor, Vice President and General Manager of Bolin Drive-A-Way Co., 26400 Lakeland Blvd., Cleveland 32, Ohio. Operating rights sought to be controlled: *Automobiles*, in truckaway service, as a *common carrier* over irregular routes, from Buffalo, N. Y., Detroit, Mich., and a point on U. S. Highway 24 just north of Toledo, Ohio, where the Michigan-Ohio State line crosses U. S. Highway 24, to New York, N. Y., and Mamaroneck, N. Y., Stroudsburg and Scranton, Pa., and points within 20 miles of Scranton, and points, in Bergen, Hudson, and Passaic Counties, N. J.; *new automobiles, automobile chassis, automobile bodies*, and *parts and accessories* when moving in connection therewith, and *automobile show equipment and paraphernalia, farm and garden tractors*, and *parts and accessories* when moving in connection therewith, from Willow Run, Washtenaw County, Mich., to certain points in New York, Pennsylvania and New Jersey; *new automobiles*, in secondary movements, in driveaway service, during the season of open navigation on the Great Lakes, from Buffalo, N. Y., to points in Connecticut, Massachusetts, New Jersey, New York, and Vermont; *new automobiles*, in secondary movements, in truckaway service, during the season of open navigation on the Great Lakes, from Buffalo, N. Y., to points in Connecticut, Massachusetts, New Jersey, New York, Pennsylvania, and Vermont; *automobiles, trucks, chassis, bodies and display paraphernalia and accessories* when moving in connection therewith, in initial movements, in truckaway and driveaway service, from points in Washtenaw County, Mich., to points in Maine, New Hampshire, and Rhode Island, restricted to traffic originating at points in Washtenaw County, Mich.; *automobiles, trucks, chassis, bodies*, and display paraphernalia and accessories when moving in connection therewith, in secondary movements, in truckaway and driveaway service, from Buffalo, N. Y., to points in Maine, New Hampshire, and Rhode Island, restricted to traffic originating at points in Washtenaw County, Mich.; *new automobiles* and *automobile chassis*, in initial movements, in truckaway and driveaway service, and *new automobile bodies*, and *automobile show equipment and paraphernalia* in connection therewith, from points in Washtenaw County, Mich., to points in Connecticut, Massachusetts, New Jersey, New York, and Vermont, and Philadelphia, Pa., and points within 25 miles of Philadelphia. BOLIN DRIVE-A-WAY CO. is authorized to operate as a *common carrier* in all States in the United States and the District of Columbia. Application has not been filed for temporary authority under section 210a (b).

No. MC–F 6506. Authority sought by VIKING FREIGHT COMPANY, 614 South Sixth Street, St. Louis, Mo., to merge the operating rights and property of COOK TRUCK LINES, INC., 25 East Virginia Avenue, Memphis, Tenn., and for acquisition by ELMER WEILBACHER and C. F. WEILBACHER, both of St. Louis, and LEO A. WEILBACHER, of Columbia, Ill., of control of such rights through the transaction. Applicant's representative: B. W. LaTourette, 1230 Boatmen's Bank Bldg., St. Louis 2, Mo. Operating rights sought to be merged: *General commodities*, with certain exceptions including household goods and commodities in bulk, as a *common carrier* over regular routes including routes between Memphis, Tenn., and Nashville, Tenn., Calhoun City, Clarksdale and Meridian, Miss., between Philadelphia, Miss., and New Orleans, La., between Paris, Tenn., and Como and Bruceton, Tenn., between Atwood and Dover, Tenn., and Nashville, Tenn., between Clarksdale, Miss., and Greenville and Jackson, Miss., between Yazoo City, Miss., and Tutwiler, Miss., and between New Orleans, La., and Meridian, Miss., serving certain intermediate and off-route points; numerous alternate routes for operating convenience only; *petroleum and petroleum products in containers*, from New Orleans, La., to Houston, Aberdeen and Centreville, Miss., serving certain intermediate and off-route points; *canned goods*, between Laurel, Miss., and Biloxi, Miss., serving the intermediate point of Gulfport, Miss.; *canned goods, masonite*, and *mason and masonite supplies*, between Laurel, Miss., and Baton Rouge, La., serving the intermediate point of Columbia, Miss., and the off-route points of Bogalusa and Covington, La.; *cotton*, over irregular routes, from Carthage, Newton and Taylorsville, Miss., to New Orleans, La. VIKING FREIGHT COMPANY is authorized to operate as a *common carrier* in Missouri, Illinois, Arkansas, Tennessee, Indiana, Ohio, Kentucky, Oklahoma and Texas. Application has not been filed for temporary authority under section 210a (b).

By the Commission.

[No. 32089 (Sub. No. 1)]

CALIFORNIA INTRASTATE FREIGHT RATES AND CHARGES AS RELATED TO EX PARTE NO. 206 INCREASES

At a Session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D. C., on the 31st day of January A. D. 1957.

It appearing that in Ex Parte No. 206, Increased Freight Rates, Eastern and Western Territories, 1956 (decided December 17, 1956) the Commission authorized carriers subject to the Interstate Commerce Act, parties thereto, to make certain emergency increases in their freight rates and charges for interstate application in Eastern and Western Territories and between points in those territories and Southern Territory, and that increases under such authorizations have been made;

It further appearing that a petition dated December 28, 1956, has been filed on behalf of The Atchison, Topeka and Santa Fe Railway Company and other common carriers by railroad, listed in Appendix A thereof, averring that the Public Utilities Commission of California has failed to authorize or permit increases in rates and charges on intrastate traffic upon their railroads in California corresponding to those authorized by this Commission and made by petitioners for application on interstate traffic in Ex Parte No. 206, supra, thereby resulting in undue and unreasonable advantage, preference and prejudice as between persons and localities in intrastate commerce, on the one hand, and interstate commerce, on the other hand, and in undue, unreasonable, and unjust discrimination against interstate and foreign commerce, in violation of section 13 of the Interstate Commerce Act;

It further appearing that there have been brought in issue by the said peti-

tion rates and charges made or imposed by authority of the State of California;

And it further appearing that the Public Utilities Commission of California on January 17, 1957, filed an answer to petitioners' petition:

It is ordered, That, in response to the said petition, an investigation be, and it is hereby, instituted, and that a hearing be held therein for the purpose of receiving evidence from the respondents hereinafter designated and any other interested parties to determine whether the rates and charges of the common carriers by railroad, or any of them, operating in the State of California, for the intrastate transportation of property, made or imposed by authority of the State of California, cause or will cause, by reason of the failure of such rates and charges to include increases corresponding to those permitted by the Commission for interstate traffic in Ex Parte No. 206, supra, any undue or unreasonable advantage, preference, or prejudice, as between persons or localities in intrastate commerce, on the one hand, and interstate or foreign commerce, on the other hand, or any undue, unreasonable, or unjust discrimination against interstate or foreign commerce in violation of section 13 of the Interstate Commerce Act, with the exception of certain commodity and class rates as shown in Appendix A set forth below, and to determine what rates and charges, if any, or what maximum or minimum, or maximum and minimum, rates and charges shall be prescribed to remove the unlawful advantage, preference, prejudice, or discrimination, if any, that may be found to exist;

It is further ordered, That all common carriers by railroad operating within the State of California, which are subject to the jurisdiction of this Commission, be, and they are hereby, made respondents to this proceeding, that a copy of this order be served upon each of the said respondents, and that the State of California be notified of the proceeding by sending copies of this order and of said petition by registered mail to the Governor of the said State, and to the Public Utilities Commission of California at San Francisco, Calif.;

It is further ordered, That notice of this proceeding be given to the public by depositing a copy of this order in the office of the Secretary of the Commission at Washington, D. C., for public inspection and by filing a copy with the Director, Division of the Federal Register, Washington, D. C.;

And it is further ordered, That this proceeding be assigned for hearing at such time and place as the Commission may hereafter designate.

By the Commission, Division 2:

[SEAL] HAROLD D. McCOY, *Secretary.*

APPENDIX A—COMMODITY AND CLASS RATES WHICH PETITIONERS, FOR COMPETITIVE AND OTHER REASONS, DO NOT DESIRE TO INCREASE AS THE RESULT OF ITS PETITION DATED DECEMBER 28, 1956

(1) Commodity rates on refined petroleum products in tank cars, taking Column 1-A rates in Pacific Southcoast Freight Bureau Tariff No. 252-D, and now referenced "(X)";

(2) Class and commodity rates now in Pacific Southcoast Freight Bureau Tariff No. 255-F;

(3) The following rates, charges and provisions of Pacific Southcoast Freight Bureau Tariff No. 294:

Item 180, paragraph (b) only;
Items 210, 270, 710, 730, 740 and 760;
All class rates in Section 1 of said tariff;
Items 1700 to 1723, inclusive; 1725; 1730 to 1834, inclusive; 1840, 1850, 1860, 1870 to 1900, inclusive; 1920 to 1955, inclusive; 1970, except rate of 61½ cents; 1980, 1990, 2010, 2030 to 2055, inclusive; 2060, except rate of 48½ cents; 2070 to 2090, inclusive; 2095; 2100; 2110; 2120; 2130, and 2140.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3556]

SOUTHERN CO. ET AL.

NOTICE OF FILING OF APPLICATION-DECLARATION REGARDING ISSUE AND SALE OF COMMON STOCK BY PARENT, PURSUANT TO RIGHTS OFFERING, AND ISSUE AND SALE OF COMMON STOCK BY SUBSIDIARIES AND ACQUISITION THEREOF BY PARENT

FEBRUARY 7, 1957.

In the matter of The Southern Company, Alabama Power Company, Georgia Power Company; File No. 70-3556.

Notice is hereby given that The Southern Company ("Southern"), a registered holding company, and Alabama Power Company ("Alabama"), and Georgia Power Company ("Georgia"), both public-utility subsidiaries of Southern, have jointly filed an application-declaration with this Commission pursuant to the provisions of the Public Utility Holding Company Act of 1935 ("act") and the rules and regulations promulgated thereunder. Applicants-declarant have designated sections 6 (a), 6 (b), 7, 9 (a), 10, 12 (c), and 12 (f) of the act and Rules U-42, U-43 and U-50 as applicable to the proposed transactions.

All interested persons are referred to the application-declaration on file in the offices of the Commission for a statement of the transactions therein proposed, which are summarized as follows:

Southern proposes to issue and sell 1,507,304 shares of its authorized but unissued common stock, par value $5 per share ("Additional Common Stock"), and to offer to the holders of its outstanding common stock the right to subscribe for such shares on the basis of one share of Additional Common Stock for each 13 shares of common stock held on the record date. Rights to subscribe will be evidenced by transferable registered Subscription Warrants and no fractional shares of Additional Common Stock are to be issued. Southern will provide facilities through its subscription agent so that rights (not exceeding 12) may be sold or purchased.

The offer of the Additional Common Stock will be underwritten. Southern proposes publicly to invite bids and such invitation will request prospective underwriters, among other things, to agree to purchase any shares not subscribed for as a result of the offering to stockholders and to buy shares purchased by Southern, if any, in connection with stabilizing activities referred to below.

The subscription price per share at which the company proposes to offer the Additional Common Stock to its common stockholders and to underwriters will be determined by Southern. Prospective underwriters who have qualified to bid on the shares of Additional Common stock will be notified of the price per share at least 20 hours prior to the time for the submission of bids. Such price will not be more than the last reported sale price on the New York Stock Exchange prior to the fixing thereof and not less than such last reported sale price less 15 percent.

Southern proposes, if it considers it necessary or desirable, to effect transactions which stabilize or maintain the market price of its common stock for the purpose of facilitating the offering and distribution of the Additional Common Stock. In connection therewith, Southern may, during the period commencing with the first business day prior to the date when the price per share is to be determined and continuing until the acceptance of a bid for the Additional Common Stock from underwriters, purchase not in excess of 150,730 shares of its stock through regular brokerage channels.

Southern proposes to apply the proceeds from the sale of the Additional Common Stock to the purchase during 1957 at $100 per share of up to 92,500 additional shares of common stock to be issued by Alabama and up to 197,500 additional shares of common stock to be issued by Georgia. Alabama and Georgia propose to use the proceeds from the sales of their stock to provide a portion of the funds required to complete their initial aggregate $2,000,000 investment in the capital stock of Southern Electric Generating Company, to finance improvements, extensions and additions to their respective utility plants, and, in the case of Georgia, to pay off any bank loans of up to $11,000,000 which may be made in connection with its contemplated purchase of the assets of Georgia Power and Light Company and a transmission line of Florida Power Corporation.

No State commission and no Federal commission, other than this Commission, has jurisdiction over the issuance and sale of the Additional Common Stock by Southern. Applications for authorization to issue and sell additional shares of the common stocks of Alabama and Georgia have been made to the Alabama Public Service Commission and the Georgia Public Service Commission which have jurisdiction over the issuance of securities by public utility companies operating in their respective states.

Notice is further given that any interested persons may, not later than February 27, 1957, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon.

Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said application-declaration, as filed or as amended, may be granted or permitted to become effective as provided by Rule U-23 of the rules and regulations promulgated under the act, or the Commission may grant exemption from its rules as provided in Rules U-20 (a) and U-100, or take such other action as it may deem appropriate.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

KURSCHNER UND RAUCHWARENFABRIK, A. G.

In re: Debt owing to Kurschner und Rauchwarenfabrik, A. G., F-34-1096.

Under the authority of Title II of the International Claims Settlement Act of 1949, as amended (69 Stat. 562), Executive Order 10644, November 7, 1955 (20 F.R. 8363), Department of Justice Order No. 106-55, November 23, 1955 (20 F. R. 8993), and pursuant to law, after investigation, it is hereby found and determined:

1. That the property described as follows: That certain debt or other obligation of the New York Trust Company, 100 Broadway, New York, N. Y., arising out of an account in the name of Kurschner und Rauchwarenfabrik, A. G., Kiraly Ucca 35, Budapest VII, Hungary, maintained by the aforesaid company together with any and all rights to demand, enforce and collect the same,

is property within the United States which was blocked in accordance with Executive Order 8389, as amended, and remained blocked on August 9, 1955, and which is, and as of September 15, 1947, was, owned directly or indirectly by Kurschner und Rauchwarenfabrik, A. G., Budapest, Hungary, a national of Hungary as defined in said Executive Order 8389, as amended.

2. That the property described herein is not owned directly by a natural person.

There is hereby vested in the Attorney General of the United States the property described above, to be administered, sold, or otherwise liquidated, in accordance with the provisions of Title II of the International Claims Settlement Act of 1949, as amended.

It is hereby required that the property described above be paid, conveyed, transferred, assigned and delivered to or for the account of the Attorney General of the United States in accordance with directions and instructions issued by or for the Assistant Attorney General, Director, Office of Alien Property, Department of Justice.

The foregoing requirement and any supplement thereto shall be deemed instructions or directions issued under Title II of the International Claims Settlement Act of 1949, as amended. Attention is directed to section 205 of said Title II (69 Stat. 562) which provides that:

Any payment, conveyance, transfer, assignment, or delivery of property made to the President or his designee pursuant to this title, or any rule, regulation, instruction, or direction issued under this title, shall to the extent thereof be a full acquittance and discharge for all purposes of the obligation of the person making the same; and no person shall be held liable in any court for or in respect of any such payment, conveyance, transfer, assignment, or delivery made in good faith in pursuance of and in reliance on the provisions of this title, or of any rule, regulation, instruction, or direction issued thereunder.

Executed at Washington, D. C., on February 7, 1957.

For the Attorney General.

[SEAL] DALLAS S. TOWNSEND, *Assistant Attorney General, Director, Office of Alien Property.*

HUNGARIAN RUBBER GOODS FACTORY LTD.

In re: Debt owing to Hungarian Rubber Goods Factory Ltd. (Ungarische Gummiwaarenfabriks Aktiengesellschaft); F34-1127.

Under the authority of Title II of the International Claims Settlement Act of 1949, as amended (69 Stat. 562), Executive Order 10644, November 7, 1955 (20 F. R. 8363), Department of Justice Order No. 106-55, November 23, 1955 (20 F. R. 8993), and pursuant to law, after investigation, it is hereby found and determined:

1. That the property described as follows: That certain debt or other obligation of Guaranty Trust Company of New York, 140 Broadway, New York 15, N. Y., arising out of a deposit account entitled "Hungarian Rubber Goods Factory Ltd.", maintained at the aforesaid bank, together with any and all rights to demand, enforce and collect the same,

is property within the United States which was blocked in accordance with Executive Order 8389, as amended, and remained blocked on August 9, 1955, and which is, and as of September 15, 1947, was, owned directly or indirectly by Hungarian Rubber Goods Factory Ltd., Budapest, Hungary, a national of Hungary as defined in Executive Order 8389, as amended.

2. That the property described herein is not owned directly by a natural person.

There is hereby vested in the Attorney General of the United States the property described above, to be administered, sold, or otherwise liquidated, in accordance with the provisions of Title II of the International Claims Settlement Act of 1949, as amended.

It is hereby required that the property described above be paid, conveyed, transferred, assigned and delivered to or for the account of the Attorney General of the United States in accordance with directions and instructions issued by or for the Assistant Attorney General, Director, Office of Alien Property, Department of Justice.

The foregoing requirement and any supplement thereto shall be deemed instructions or directions issued under Title II of the International Claims Settlement Act of 1949, as amended. Attention is directed to section 205 of said Title II (69 Stat. 562) which provides that:

Any payment, conveyance, transfer, assignment, or delivery of property made to the President or his designee pursuant to this title, or any rule, regulation, instruction, or direction issued under this title, shall to the extent thereof be a full acquittance and discharge for all purposes of the obligation of the person making the same; and no person shall be held liable in any court for or in respect of any such payment, conveyance, transfer, assignment, or delivery made in good faith in pursuance of and in reliance on the provisions of this title, or of any rule, regulation, instruction, or direction issued thereunder.

Executed at Washington, D. C., on February 7, 1957.

For the Attorney General.

[Vesting Order SA-158]

HUNGARIAN RUBBER GOODS FACTORY LTD.

Re: Debt owing to Hungarian Rubber Goods Factory Ltd. (Ungarische Gummiwaarenfabriks Aktiengesellschaft); F34-1127.

Under the authority of Title II of the International Claims Settlement Act of 1949, as amended (69 Stat. 562), Executive Order 10644, November 7, 1955 (20 F. R. 8363), Department of Justice Order No. 106-55, November 23, 1955 (20 F. R. 8993), and pursuant to law, after investigation, it is hereby found and determined:

1. That the property described as follows: That certain debt or other obligation of The Meyercord Co., Chicago, Illinois, arising out of the licensing of a United States Patent, No. 1,597,602, by Hungarian Rubber Goods Factory Ltd. to Charles F. Traung of San Francisco, California, who subsequently assigned his interest in the agreement to The Meyercord Co., together with any and all rights to demand, enforce and collect the same,

is property within the United States which was blocked in accordance with Executive Order 8389, as amended, and remained blocked on August 9, 1955, and which is, and as of September 15, 1947, was, owned directly or indirectly by Hungarian Rubber Goods Factory Ltd., Budapest, Hungary, a national of Hungary as defined in Executive Order 8389, as amended.

2. That the property described herein is not owned directly by a natural person.

There is hereby vested in the Attorney General of the United States the property

described above, to be administered, sold, or otherwise liquidated, in accordance with the provisions of Title II of the International Claims Settlement Act of 1949, as amended.

It is hereby required that the property described above be paid, conveyed, transferred, assigned and delivered to or for the account of the Attorney General of the United States in accordance with directions and instructions issued by or for the Assistant Attorney General, Director, Office of Alien Property, Department of Justice.

The foregoing requirement and any supplement thereto shall be deemed instructions or directions issued under Title II of the International Claims Settlement Act of 1949, as amended. Attention is directed to section 205 of said Title II (69 Stat. 562) which provides that:

Any payment, conveyance, transfer, assignment, or delivery of property made to the President or his designee pursuant to this title, or any rule, regulation, instruction, or direction issued under this title, shall to the extent thereof be a full acquittance and discharge for all purposes of the obligation of the person making the same; and no person shall be held liable in any court for or in respect of any such payment, conveyance, transfer, assignment, or delivery made in good faith in pursuance of and in reliance on the provisions of this title, or of any rule, regulation, instruction, or direction issued thereunder.

Executed at Washington, D. C., on February 7, 1957.

For the Attorney General.

[SEAL] DALLAS S. TOWNSEND,
Assistant Attorney General,
Director, Office of Alien Property.

VOLUME 22 NUMBER 31

Washington, Thursday, February 14, 1957

THE NATIONAL ARCHIVES OF THE UNITED STATES 1934

UNIVERSITY OF MICHIGAN

FEB 20 1957

MAIN PERIODICAL ROOM

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[945.303, Amdt. 2]

PART 945—TOMATOES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

Findings. (a) Pursuant to Marketing Agreement No. 125 and Order No. 45 (7 CFR Part 945) regulating the handling of tomatoes grown in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Florida Tomato Committee, established pursuant to said marketing agreement and order, and upon other available information, it is hereby found that the amendment to the limitation of shipments, as hereinafter provided, will tend to effectuate the declared policy of the act.

(b) It is hereby found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (i) the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, (ii) more orderly marketing in the public interest, than would otherwise prevail, will be promoted by regulating the shipment of tomatoes, in the manner set forth below, on and after the effective date of this amendment, (iii) compliance with this amendment will not require any special preparation on the part of handlers which cannot be completed by the effective date, (iv) reasonable time is permitted, under the circumstances, for such preparation, (v) information regarding the committee's recommendations has been made available to producers and handlers in the production area, and (vi) this amendment relieves restrictions on the handling of tomatoes grown in the production area.

Order, as amended. The provisions of § 945.303 (b) (1) (22 F. R. 757) are hereby amended to read as follows:

(1) During the period from February 11, 1957, through March 9, 1957, no person shall handle any tomatoes for shipment outside the production area unless such tomatoes are of a diameter greater than 2⅛ inches (size 7 x 7 and larger) and meet the requirements of U. S. Combination, or better, grade, except that tomatoes which are of a diameter greater than 2$^{9}/_{32}$ inches (6 x 7 and larger) may be handled if they meet the requirements of the U. S. No. 2, or better, grade.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 11, 1957.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 3]

PART 600—DESIGNATION OF CIVIL AIRWAYS

ALTERATIONS

The civil airway alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Panel, and are adopted to become effective when indicated in order to promote safety. Compliance with the notice procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 600 is amended as follows:

1. Section 600.102 is amended by changing caption to read: *"Amber civil airway No. 2 (Daggett, Calif., to Point Barrow, Alaska)"*, and by changing all the portion before Good Springs, Nev., nondirectional radio beacon to read: "From the Daggett, Calif., radio range

station via the Good Springs, Nev., nondirectional radio beacon;".

2. Section 600.113 *Amber civil airway No. 13 (Washington, D. C., to New York, N. Y.)*, is revoked.

3. Section 600.114 *Amber civil airway No. 14 (Washington, D. C., to New York, N. Y.)*, is revoked.

4. Section 600.115 *Amber civil airway No. 15 (Washington, D. C., to New York, N. Y.)*, is revoked.

5. Section 600.119 *Amber civil airway No. 19 (Washington, D. C., to New York, N. Y.)*, is revoked.

6. Section 600.313 is added to read:

§ 600.313 *Red civil airway No. 113 (Hawaiian Islands).* From the Makapuu Point, Oahu, T. H., nondirectional radio beacon to the intersection of a line bearing 62° True from the Makapuu Point nondirectional radio beacon with the north course of the Maui, T. H., radio range.

7. Section 600.6001 *VOR civil airway No. 1 (Charleston, S. C., to New York, N. Y.)*, is amended by changing the last sentence to read: "Those portions of this airway between the point of intersection of the Coyle, N. J., omnirange 203° True and the Woodstown, N. J., omnirange 106° True radials and the point of intersection of the Colts Neck, N. J., omnirange 073° True and the Coyle, N. J., omnirange 031° True radials lying more than 3 miles either side of the center line, and those portions in conflict with the Patuxent Restricted Area (R–43) and the Warren Grove Restricted Area (R–26), are excluded."

8. Section 600.6003 *VOR civil airway No. 3 (Key West, Fla., to Presque Isle, Maine)* is amended by changing the portion which reads: "Lawrenceville, Va., omnirange station; intersection of the Lawrenceville omnirange 035° True and the Flat Rock omnirange 171° True radials, excluding the portion which overlaps the Camp Pickett restricted area (R–44);" to read: "point of intersection of the Raleigh omnirange 008° True and the South Boston, Va., omnirange 081° True radials;"

9. Section 600.6006 *VOR civil airway No. 6 (Oakland, Calif., to New York, N. Y.)* is amended by changing the portion which reads: "Moline, Ill., omnirange station including a south alternate" to read: "Moline, Ill., omnirange station, including an east alternate via the intersection of the Pueblo omnirange 018° True and the Kiowa omnirange 167° True radials;"

10. Section 600.6007 *VOR civil airway No. 7 (Miami, Fla., to Green Bay, Wis.)*, is amended by changing all after the Chicago Heights, Ill., omnirange station to read: "Chicago Heights, Ill., omnirange station, including an east alternate via the intersection of the Lafayette omnirange 353° True and the Chicago Heights omnirange 143° True radials; intersection of the Chicago Heights omnirange 356° True and the Milwaukee omnirange 135° True radials; Milwaukee, Wis., omnirange station, including an east alternate via the intersection of the Chicago Heights omnirange 013° True and the Milwaukee omnirange 135° True radials; to the Green Bay, Wis., omnirange station. The portions of this airway above 19,000 feet above mean sea level, which lie within the Tyndall AFB Restricted Area (R–336) and the Tyndall AFB Warning Area (W–337), are excluded daily between sunset and sunrise."

11. Section 600.6008 *VOR civil airway No. 8 (Long Beach, Calif., to Washington, D. C.)* is amended by changing the portion which reads: "Moline, Ill., omnirange station, including a south alternate;" to read: "Moline, Ill., omnirange station, including a south alternate via the intersection of the Iowa City omnirange 093° True and the Moline omnirange 230° True radials;"

12. Section 600.6009 *VOR civil airway No. 9 (New Orleans, La., to Milwaukee, Wis.)* is amended by changing all after the Naperville, Ill., omnirange station to read: "Naperville, Ill., omnirange station; point of intersection of the Janesville, Wis., omnirange 098° True and the Milwaukee omnirange 192° True radials; to the Milwaukee, Wis., omnirange station, including a west alternatee via the intersection of the Naperville omnirange tion, including a west alternate via the 317° True and the Milwaukee omnirange 207° True radials."

13. Section 600.6012 *VOR civil airway No. 12 (Santa Barbara, Calif., to Philadelphia, Pa.)* is amended by changing the portion which reads: "Appleton, Ohio, omnirange station, including a north alternate via the intersection of the Dayton omnirange 060° True and the Appleton omnirange 279° True radials; Wheeling, W. Va., omnirange station, including a north alternate via the point of intersection of the Mansfield, Ohio, omnirange 121° True and the Wheeling omnirange 281° True radials;" to read: "Appleton, Ohio, omnirange station, including a north alternate via the intersection of the Dayton omnirange 060° True and the Appleton omnirange 277° True radials; Wheeling, W. Va., omnirange station, including a north alternate via the point of intersection of the Mansfield, Ohio, omnirange 121° True and the Wheeling omnirange 282° True radials;"

14. Section 600.6019 *VOR civil airway No. 19 (El Paso, Tex., to Great Falls, Mont.)* is amended by changing the portion which reads: "Kiowa, Colo., omnirange station;" to read: "Kiowa, Colo., omnirange station, including an east alternate via the intersection of the Iowa City omnirange 093° True and the Moline omnirange 230° True radials;"

15. Section 600.6026 *VOR civil airway No. 26 (Cherokee, Wyo., to Cleveland, Ohio)* is amended by changing the portion which reads: "Minneapolis, Minn., omnirange station, including a south alternate via the intersection of the Redwood Falls omnirange 076° True and the Minneapolis omnirange 194° True radials; Eau Claire, Wis., omnirange station, including a south alternate;" to read: "Minneapolis, Minn., omnirange station; Eau Claire, Wis., omnirange station, including a south alternate from the Redwood Falls omnirange station to the Eau Claire omnirange station via the point of intersection of the Redwood Falls omnirange 076° True and the Minneapolis omnirange 194° True radials;"

16. Section 600.6047 *VOR civil airway No. 47 (Louisville, Ky., to Detroit, Mich.)* is amended by changing the portion which reads: "Dayton, Ohio, omnirange station, including a west alternate via the intersection of the Cincinnati omnirange 004° True and the Dayton omnirange 227° True radials;" to read: "Dayton, Ohio, omnirange station, including a west alternate from the Cincinnati omnirange station to the Dayton omnirange station via the point of intersection of the Cincinnati omnirange 004° True radial with the Dayton ILS localizer southwest course and the point of intersection of the Dayton ILS localizer southwest course with the Dayton omnirange 202° True radial;"

17. Section 600.6063 *VOR civil airway No. 63 (Waco, Tex., to Milwaukee, Wis.)* is amended by changing all after the Burlington; Iowa, omnirange station to read: "Burlington, Iowa, omnirange station; intersection of the Burlington omnirange 015° True and the Janesville omnirange 239° True radials; Janesville, Wis., omnirange station; to the Milwaukee, Wis., omnirange station."

18. Section 600.6075 is amended to read:

§ 600.6075 *VOR civil airway No. 75 (Petersburg, W. Va., to Cleveland, Ohio).* From the point of intersection of the Morgantown, W. Va., omnirange 134° True and the Elkins, W. Va., omnirange 083° True radials via the Morgantown, W. Va., omnirange station; Wheeling, W. Va., omnirange station; to the Cleveland, Ohio, omnirange station.

19. Section 600.6084 is amended to read:

§ 600.6084 *VOR civil airway No. 84 (Shabbona, Ill., to Buffalo, N. Y.).* That airspace over United States territory from the point of intersection of the Moline, Ill., omnirange 068° True and the Wheeling omnirange 238° True radials via the Wheeling, Ill., omnirange station; Pullman, Mich., omnirange station; Lansing, Mich., omnirange station; Selfridge, Mich., omnirange station; London, Ont., omnirange station; to the Buffalo, N. Y., omnirange station.

20. Section 600.6092 *VOR civil airway No. 92 (Chicago, Ill., to Washington, D. C.)* is amended by changing the portion which reads: "From the Chicago Heights, Ill., omnirange station via the Goshen, Ind., omnirange station;" to read: "From the Joliet, Ill., omnirange station via the Chicago Heights, Ill., omnirange station; Goshen, Ind., omnirange station;"

21. Section 600.6093 is amended by changing the caption to read, "*VOR civil airway No. 93 (Baltimore, Md., to Presque Isle, Maine)*" and by changing all before the Allentown, Pa., omnirange station to read: "That airspace over United States territory from the Baltimore, Md., omnirange station via the intersection of the Baltimore omnirange 015° True and Allentown omnirange 228° True radials; Allentown, Pa., omnirange station;"

22. Section 600.6097 *VOR civil airway No. 97 (Miami, Fla., to Alexandria, Minn.)* is amended by changing the portion which reads: "Chicago Heights, Ill., omnirange station; intersection of the Chicago Heights omnirange 342° True and the Janesville omnirange 107° True radials; Janesville, Wis., omnirange station; Lone Rock, Wis., omnirange station, including a west alternate via the intersection of the Janesville omnirange 282° True and the Lone Rock omnirange 161° True radials;" to read: "to the Chicago Heights, Ill., omnirange station. From the point of intersection of the Janesville omnirange 098° True and the Milwaukee, Wis., omnirange 192° True radials via the Janesville, Wis., omnirange station; intersection of the Janesville omnirange 294° True and the Lone Rock omnirange 147° True radials; Lone Rock, Wis., omnirange station;"

23. Section 600.6099 *VOR civil airway No. 99 (Newport, Oreg., to Vancouver, British Columbia)* is amended by changing the portion which reads: "intersection of the Newberg omnirange 359° True and the Olympia omnirange 184° True radials;" to read: "intersection of the Newberg omnirange 355° True and the Olympia omnirange 195° True radials;"

24. Section 600.6100 is amended to read:

§ 600.6100 *VOR civil airway No. 100 (North Platte, Nebr., to Detroit, Mich.).* From the North Platte, Nebr., omnirange station via the Sioux City, Iowa, omnirange station; Waterloo, Iowa, omnirange station; intersection of the Waterloo omnirange 097° True and the Polo omnirange 297° True radials; to the Polo, Ill., omnirange station. From the Rockford, Ill., omnirange station via the Wheeling, Ill., omnirange station; intersection of the Wheeling omnirange 063° True and the Keeler omnirange 271° True radials; Keeler, Mich., omnirange station; point of intersection of the Litchfield, Mich., omnirange 050° True and the Salem omnirange 257° True radials; to the Salem, Mich., omnirange station. The portion of this airway below 1900 feet MSL which overlaps the Savanna restricted area (R–498) is excluded.

25. Section 600.6103 is amended to read:

§ 600.6103 *VOR civil airway No. 103 (Greensboro, N. C., to Cleveland, Ohio).* From the Greensboro, N. C., omnirange

station via the Roanoke, Va., terminal omnirange station; Elkins, W. Va., omnirange station; Wheeling, W. Va., omnirange station; point of intersection of the Wheeling omnirange 313° True and the Mansfield, Ohio, omnirange 100° True radials; point of intersection of the Mansfield, Ohio, omnirange 100° True and the Cleveland omnirange 150° True radials; to the Cleveland, Ohio, omnirange station.

26. Section 600.6107 *VOR civil airway No. 107 (Los Angeles, Calif., to Red Bluff, Calif.)* is amended by changing all before the Fillmore, Calif., omnirange station to read: "From the Long Beach, Calif., omnirange station via the intersection of the Long Beach omnirange 287° True and the Fillmore omnirange 163° True radials; Fillmore, Calif., omnirange station;"

27. Section 600.6123 is amended to read:

§ 600.6123 *VOR civil airway No. 123 (Washington, D. C., to Wilton, Conn.).* From the Washington, D. C., terminal omnirange station via the Baltimore, Md., LF radio range station; point of intersection of the Baltimore LF radio range north course and the Baltimore, Md., omnirange 045° True radial; point of intersection of the Baltimore omnirange 045° True and the Woodstown omnirange 269° True radials; Woodstown, N. J., omnirange station; point of intersection of the Woodstown omnirange 045° True and the Coyle, N. J., omnirange 354° True radials; point of intersection of the Idlewild, N. Y., omnirange 236° True radial and the La Guardia Airport, N. Y., ILS localizer south course; La Guardia Airport, N. Y., ILS localizer; to the Wilton, Conn., omnirange station. The portion of this airway which overlaps the Washington Prohibited Area (P–56) is excluded.

28. Section 600.6129 is amended to read:

§ 600.6129 *VOR civil airway No. 129 (Rockford, Ill., to Eau Claire, Wis.).* From the Rockford, Ill., omnirange station via the intersection of the Rockford omnirange 276° True and the Lone Rock omnirange 183° True radials; Lone Rock, Wis., omnirange station; La Crosse, Wis., omnirange station; to the Eau Claire, Wis., omnirange station.

29. Section 600.6155 is amended to read:

§ 600.6155 *VOR civil airway No. 155 (Raleigh, N. C., to Front Royal, Va.).* From the Raleigh, N. C., omnirange station via the Lawrenceville, Va., omnirange station; intersection of the Lawrenceville omnirange 035° True and the Flat Rock omnirange 171° True radials; Flat Rock, Va., omnirange station; Gordonsville, Va., omnirange station; point of intersection of the Washington, D. C., terminal omnirange 249° True and the Front Royal omnirange 140° True radials; to the Front Royal, Va., omnirange station. The portion of this airway which overlaps the Camp Pickett Restricted Area (R–44) is excluded.

30. Section 600.6171 is amended to read:

§ 600.6171 *VOR civil airway No. 171 (Louisville, Ky., to Lone Rock, Wis.).* From the Louisville, Ky., omnirange station via the Scotland, Ind., omnirange station; Terre Haute, Ind., omnirange station; Peotone, Ill., omnirange station; Joliet, Ill., omnirange station; Rockford, Ill., omnirange station; to the Lone Rock, Wis., omnirange station.

31. Section 600.6172 is amended to read:

§ 600.6172 *VOR civil airway No. 172 (Des Moines, Iowa, to Chicago, Ill.).* From the Des Moines, Iowa, omnirange station via the Cedar Rapids, Iowa, omnirange station; Polo, Ill., omnirange station; to the Chicago, Ill., International (O'Hare) Airport terminal omnirange station.

32. Section 600.6173 is amended to read:

§ 600.6173 *VOR civil airway No. 173 (Springfield, Ill., to Chicago, Ill.).* From the Springfield, Ill., omnirange station via the Roberts, Ill., omnirange station; point of intersection of the Roberts omnirange 008° True and the Joliet, Ill., omnirange 056° True radials; to the Chicago, Ill., Midway Airport terminal omnirange station.

33. Section 600.6177 is amended to read:

§ 600.6177 *VOR civil airway No. 177 (Chicago, Ill., to Janesville, Wis.).* From the Naperville, Ill., omnirange station to the Janesville, Wis., omnirange station.

34. Section 600.6187 *VOR civil airway No. 187 (Chicago, Ill., to Milwaukee, Wis.)* is revoked.

35. Section 600.6191 *VOR civil airway No. 191 (Walnut Ridge, Ark., to Milwaukee, Wis.)*, is amended by changing the portion which reads: "intersection of the Roberts omnirange 012° True and the Chicago Midway Airport terminal omnirange 198° True radials;" to read: "point of intersection of the Roberts omnirange 008° True and the Joliet, Ill., omnirange 056° True radials;"

36. Section 600.6193 is amended to read:

§ 600.6193 *VOR civil airway No. 193 (Fort Wayne, Ind., to Traverse City, Mich.).* From the Fort Wayne, Ind., omnirange station via the Keeler, Mich., omnirange station; Pullman, Mich., omnirange station; Grand Rapids, Mich., ILS outer marker; White Cloud, Mich., omnirange station; to the Traverse City, Mich., LF radio range station.

37. Section 600.6209 is amended to read:

§ 600.6209 *VOR civil airway No. 209 (Los Angeles, Calif., to Paso Robles, Calif.).* From the Long Beach, Calif., omnirange station via the intersection of the Long Beach omnirange 287° True and the Fillmore omnirange 163° True radials; Fillmore, Calif., omnirange station; to the Paso Robles, Calif., omnirange station.

38. Section 600.6217 is amended to read:

§ 600.6217 *VOR civil airway No. 217 (Chicago, Ill., to Green Bay, Wis.).* From the Chicago, Ill., International (O'Hare) Airport terminal omnirange station via the point of intersection of the Chicago Heights, Ill., omnirange 358° True and the Milwaukee omnirange 135° True radials; point of intersection of the Milwaukee omnirange 135° True radial and the Milwaukee (General Mitchell Field) ILS localizer front course; Milwaukee, Wis. (General Mitchell Field) ILS localizer; intersection of the Milwaukee (General Mitchell Field) ILS localizer back course and the Green Bay omnirange 165° True radial; to the Green Bay, Wis., omnirange station.

39. Section 600.6218 *VOR civil airway No. 218 (Chicago, Ill., to Flint, Mich.)* is amended by changing the portion which reads: "From the point of intersection of the Naperville omnirange 296° True and the Polo, Ill., 085° True radials" to read: "From the point of intersection of the Rockford, Ill., omnirange 132° True and the Naperville, Ill., omnirange 292° True radials."

40. Section 600.6219 *VOR civil airway No. 219 (Janesville, Wis., to Milwaukee, Wis.)* is revoked.

41. Section 600.6233 is amended to read:

§ 600.6233 *VOR civil airway No. 233 (Springfield, Ill., to Cedar Rapids, Iowa).* From the Springfield, Ill., omnirange station via the Peoria, Ill., omnirange station; Bradford, Ill., omnirange station; Moline, Ill., omnirange station; to the Cedar Rapids, Iowa, omnirange station.

42. Section 600.6255 is added to read:

§ 600.6255 *VOR civil airway No. 255 (Burlington, Iowa, to Janesville, Wis.).* From the Burlington, Iowa, omnirange station via the intersection of the Burlington omnirange 034° True and the Moline omnirange 199° True radials; Moline, Ill., omnirange station; Rockford, Ill., omnirange station; to the Janesville, Wis., omnirange station.

43. Section 600.6262 is added to read:

§ 600.6262 *VOR civil airway No. 262 (Bradford, Ill., to Chicago, Ill.).* From the Bradford, Ill., omnirange station via the Joliet, Ill., omnirange station; to the Chicago, Ill., Midway Airport terminal omnirange station.

44. Section 600.6263 is added to read:

§ 600.6263 *VOR civil airway No. 263.* [Unassigned].

45. Section 600.6264 is added to read:

§ 600.6264 *VOR civil airway No. 264 (Ontario, Calif., to Giant Rock, Calif.).* From the Ontario, Calif., omnirange station to the point of intersection of the Ontario omnirange 061° True and the Daggett, Calif., omnirange 160° True radials.

46. Section 600.625 is added to read:

§ 600.6265 *VOR civil airway No. 265.* [Unassigned].

47. Section 600.6266 is added to read:

§ 600.6266 *VOR civil airway No. 266 (South Boston, Va., to Lawrenceville, Va.).* From the South Boston, Va., omnirange station to the Lawrenceville, Va., omnirange station.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 452)

This amendment shall become effective 0001 e. s. t., March 14, 1957.

[SEAL] JAMES T. PYLE,
Administrator of Civil Aeronautics.

[F. R. Doc. 57–1118; Filed, Feb. 13, 1957; 8:45 a. m.]

[Amdt. 3]

PART 601—DESIGNATION OF CONTROL AREAS, CONTROL ZONES, AND REPORTING POINTS

ALTERATIONS

The control area, control zone and reporting point alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Panel, and are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 601 is amended as follows:

1. Section 601.102 is amended by changing the caption to read: *"Amber civil airway No. 2 control areas (Daggett, Calif., to Point Barrow, Alaska)."*

2. Section 601.113 *Amber civil airway No. 13 control areas (Washington, D. C., to New York, N. Y.)*, is revoked.

3. Section 601.114 *Amber civil airway No. 14 control areas (Washington, D. C., to New York, N. Y.)*, is revoked.

4. Section 601.115 *Amber civil airway No. 15 control areas (Washington, D. C., to New York, N. Y.)*, is revoked.

5. Section 601.119 *Amber Civil airway No. 19 control areas (Washington, D. C., to New York, N. Y.)*, is revoked.

6. Section 601.313 is added to read:

§ 601.313 *Red civil airway No. 113 control areas (Hawaiian Islands).* All of Red civil airway No. 113.

7. Section 601.1025 is amended to read:

§ 601.1025 *Control area extension (New Orleans, La.).* That airspace in the northwest quadrant of the New Orleans radio range lying within a 35 mile radius of the radio range station; in the southwest quadrant of the radio range bounded on the north by Green civil airway No. 6, on the west by Long. 91°05'00", on the south by Lat. 29°15'00" and on the east by Amber civil airway No. 5; in the southeast quadrant of the radio range bounded on the west by the south course of the New Orleans radio range, on the south and east by the United States shoreline and on the north by Red civil airway No. 30; that airspace northeast of New Orleans bounded by a line beginning at a point on the eastern boundary of Amber civil airway No. 5 at Lat. 31°15'00", thence southeast to Lat. 31°00'00", Long. 89°45'00", thence east to Lat. 31°00'00", Long. 89°00'00", thence north to Lat. 31°15'00", Long. 89°00'00", thence east to Lat. 31°15'00", Long. 88°00'00", thence south along Long. 88°00'00" to the north boundary of Green civil airway No. 6, thence west along the north boundary of Green 6 to Amber civil airway No. 5, thence north along the east boundary of Amber 5 to point of beginning at Lat. 31°15'00", excluding the airspace lying between VOR civil airway No. V–20 and V–20N bounded on the southwest by the northern shoreline of Lake Ponchartrain and on the northeast by the Biloxi, Miss., control area extention.

8. Section 601.1030 *Control area extension (Victorville, Calif.)*, is amended in first portion by changing the words which read: "and on the southeast by Amber civil airway No. 2" to read: "and on the southeast by VOR civil airway No. 21."

9. Section 601.1041 *Control area extension (Boise, Idaho)*, is amended by adding the following portion to present control area extension: "and that airspace northeast of Boise lying within a 25 mile radius of the Boise radio range station bounded on the southwest by Green civil airway No. 10."

10. Section 601.1050 *Control area extension (Bakersfield, Calif.)*, is amended by changing the words which read: "bounded on the northeast by VOR civil airway No. 137" to read: "bounded on the northeast by VOR civil airway No. 165".

11. Section 601.1071 *Control area extension (Burbank, Calif.)*, is amended in first portion by deleting the words which read: "on the southeast by Amber civil airway No. 2".

12. Section 601.1073 is amended to read:

§ 601.1073 *Control area extension (Fresno, Calif.).* The airspace west of Fresno lying within a 35 mile radius of the Fresno Air Terminal bounded on the east by VOR civil airway No. 23; the airspace between Bakersfield-Fresno-Modesto, Calif., bounded on the southwest by VOR civil airway No. 23, on the northwest by VOR civil airway No. 28, and on the northeast and southeast by a line beginning at a point at Lat. 38°20'00", Long. 120°22'00", extending to a point at Lat. 38°20'00", Long. 120°20'00", thence to a point at Lat. 37°50'00", Long. 120°00'00", thence to a point at Lat. 36°00'00", Long. 118°48'00", thence to the Bakersfield, Calif., omnirange station.

13. Section 601.1101 is amended to read:

§ 601.1101 *Control area extension (Madison, Wis.).* That airspace south of Madison bounded on the north by VOR civil airway No. 2, on the southeast by VOR civil airway No. 63 and on the southwest and west by VOR civil airway No. 97.

14. Section 601.1188 is amended to read:

§ 601.1188 *Control area extension (Milwaukee, Wis.).* The airspace within a 20 mile radius of General Mitchell Field, including the airspace south of Milwaukee bounded on the northeast and east by VOR civil airway No. 217, on the south by VOR civil airway 172 and on the west by VOR civil airway No. 9.

15. Section 601.1192 *Control area extension (Merced, Calif.)*, is amended by changing the portion which reads: "on the south by VOR civil airway No. 100," to read: "on the south by VOR civil airway No. 199,".

16. Section 601.1216 *Control area extension (New Orleans, La.)*, is amended by changing the name of the facility "Callender La., nondirectional radio beacon" to read: "Belle Chasse, La., nondirectional radio beacon".

17. Section 601.1237 is amended to read:

§ 601.1237 *Control area extension (Waco, Tex.).* That airspace in the west quadrant of the Waco radio range lying within a 40-nautical mile radius of the radio range station extending clockwise from Amber civil airway No. 4 to Blue civil airway No. 70 excluding the portion which overlaps restricted areas R–219 and R–343.

18. Section 601.1242 *Control area extension (Stockton, Calif.)*, is amended by deleting the words which read: "excluding the portion which overlaps the Antioch restricted area."

19. Section 601.1268 is amended to read:

§ 601.1268 *Control area extension (Sioux Falls, S. Dak.).* That airspace southeast of Sioux Falls within a 15 mile radius of the Sioux Falls omnirange station extending clockwise from the southern boundary of VOR civil airway No. 80 to the eastern boundary of VOR civil airway No. 15; that airspace within a 23 mile radius of the Sioux Falls omnirange station extending from the western boundary of VOR civil airway No. 15 south of Sioux Falls thence clockwise to the northern boundary of VOR civil airway No. 80.

24. Section 601.1418 is added to read:

§ 601.1418 *Control area extension (Hoquiam, Wash.).* That airspace centered on the 234° True radial of the Hoquiam omnirange, 10 miles in width at the omnirange station with each edge diverging at an angle of 5° with the centerline and extending to the eastern boundary of the Seattle Oceanic Control Area, excluding the portion which conflicts with Warning Area W–460 and excluding the portion above 14,500 feet which lies beneath and which conflicts with restricted area R–241.

21. Section 601.1419 is added to read:

§ 601.1419 *Control area extension (Newport, Oreg.).* That airspace centered on the 237° True radial of the Newport omnirange, 10 miles in width at the omnirange station with each edge diverging at an angle of 5° with the centerline and extending to the eastern boundary of the Seattle Oceanic Control Area, excluding the portion which conflicts with Warning Area W–242.

22. Section 601.1420 is added to read:

§ 601.1420 *Control area extension (North Bend, Oreg.).* That airspace centered on the 239° True radial of the North Bend omnirange, 10 miles in width at the omnirange station with each edge diverging at an angle of 5° with the

centerline and extending to the eastern boundary of the Oceanic Control Area.

23. Section 601.1421 is added to read:

§ 601.1421 *Control area extension (Goldsboro, N. C.).* That airspace within a 25 mile radius of the Seymour-Johnson AFB, Goldsboro, N. C., bounded on the east by VOR civil airway No. 157.

24. Section 601.1984 *Five mile radius zones* is amended by adding the following airport: Goldsboro, N. C.: Seymour-Johnson AFB.

25. Section 601.2037 is amended to read:

§ 601.2037 *San Angelo, Tex., control zone.* Within a 10 mile radius of Mathis Field and within a 5 mile radius of Goodfellow AFB, San Angelo, Tex., within 2 miles either side of the southeast course of the San Angelo radio range extending from the radio range station to a point 10 miles southeast within 2 miles either side of the northeast course of the radio range extending from the radio range station to a point 10 miles northeast, and within 2 miles either side of the 72° True radial of the San Angelo omnirange extending to a point 10 miles northeast of the omnirange station.

26. Section 601.2121 is amended to read:

§ 601.2121 *Rockford, Ill., control zone.* Within a 5 mile radius of the Greater Rockford Airport, within 2 miles either side of a line bearing 182° True extending from the Rockford radio range station to the Greater Rockford Airport, within 2 miles either side of the northwest course of the Rockford radio range extending from the radio range station to a point 10 miles northwest, within 2 miles either side of a line extending from the Greater Rockford Airport through the Rockford nondirectional radio beacon to a point 12 miles south of the nondirectional radio beacon, and within 2 miles either side of the 112° True and 292° True radials of the Rockford omnirange station extending from the 5 mile radius zone to a point 12 miles northwest of the omnirange station.

27. Section 601.4102 is amended by changing the caption to read: "*Amber civil airway No. 2 (Daggett, Calif., to Point Barrow, Alaska).*" and by deleting the reporting point which reads: "The intersection of the southwest course of the Long Beach, Calif., radio range and the south course of the Los Angeles, Calif., radio range;".

28. Section 601.4265 is amended to read:

§ 601.4265 *Red civil airway No. 65 (Los Angeles, Calif., to Hayfield Lake, Calif.).* The intersection of the south course of the Los Angeles, Calif., radio range and the southwest course of the Long Beach, Calif., radio range.

29. Section 601.4313 is added to read:

§ 601.4313 *Red civil airway No. 113 (Hawaiian Islands).* No reporting point designation.

30. Section 601.6019 is amended to read:

§ 601.6019 *VOR civil airway No. 19 control areas (El Paso, Tex., to Great Falls, Mont.).* All of VOR civil airway No. 19 including east alternates.

31. Section 601.6063 is amended to read:

§ 601.6063 *VOR civil airway No. 63 control areas (Waco, Tex., to Milwaukee, Wis.).* All of VOR civil airway No. 63.

32. Section 601.6075 is amended to read:

§ 601.6075 *VOR civil airway No. 75 control areas (Petersburg, West Virginia, to Cleveland, Ohio).* All of VOR civil airway No. 75.

33. Section 601.6084 is amended to read:

§ 601.6084 *VOR civil airway No. 84 control areas (Shabonna, Ill., to Buffalo, N. Y.).* All of VOR civil airway No. 84.

34. Section 601.6093 is amended to read:

§ 601.6093 *VOR civil airway No. 93 control areas (Baltimore, Md., to Presque Isle, Me.).* All of VOR civil airway No. 93.

35. Section 601.6103 is amended to read:

§ 601.6103 *VOR civil airway No. 103 control areas (Greensboro, N. C., to Cleveland, Ohio).* All of VOR civil airway No. 103.

36. Section 601.6123 is amended to read:

§ 601.6123 *VOR civil airway No. 123 control areas (Washington, D. C., to Wilton, Conn.).* All of VOR civil airway No. 123.

37. Section 601.6129 is amended to read:

§ 601.6129 *VOR civil airway No. 129 control areas (Rockford, Ill., to Eau Claire, Wisconsin).* All of VOR civil airway No. 129.

38. Section 601.6155 is amended to read:

§ 601.6155 *VOR civil airway No. 155 control areas (Raleigh, N. C., to Front Royal, Va.).* All of VOR civil airway No. 155.

39. Section 601.6171 is amended to read:

§ 601.6171 *VOR civil airway No. 171 control areas (Louisville, Ky., to Lone Rock, Wis.).* All of VOR civil airway No. 171.

40. Section 601.6172 is amended to read:

§ 601.6172 *VOR civil airway No. 172 control areas (Des Moines, Iowa, to Chicago, Ill.).* All of VOR civil airway No. 172.

41. Section 601.6177 is amended to read:

§ 601.6177 *VOR civil airway No. 177 control areas (Chicago, Ill., to Janesville, Wis.).* All of VOR civil airway No. 177.

42. Section 601.6187 *VOR civil airway No. 187 control areas (Chicago, Ill., to Milwaukee, Wis.)* is revoked.

43. Section 601.6193 is amended to read:

§ 601.6193 *VOR civil airway No. 193 control areas (Fort Wayne, Ind., to Traverse City, Mich.).* All of VOR civil airway No. 193.

44. Section 601.6219 *VOR civil airway No. 219 control areas (Janesville, Wis., to Milwaukee, Wis.)* is revoked.

45. Section 601.6233 is amended to read:

§ 601.6233 *VOR civil airway No. 233 control areas (Springfield, Ill., to Cedar Rapids, Iowa).* All of VOR civil airway No. 233.

46. Section 601.6255 is added to read:

§ 601.6255 *VOR civil airway No. 255 control areas (Burlington, Iowa, to Janesville, Wis.).* All of VOR civil airway No. 255.

47. Section 601.6262 is added to read:

§ 601.6262 *VOR civil airway No. 262 control areas (Bradford, Ill., to Chicago, Ill.).* All of VOR civil airway No. 262.

48. Section 601.6263 is added to read:

§ 601.6263 *VOR civil airway No. 263 control areas.* [Unassigned.]

49. Section 601.6264 is added to read:

§ 601.6264 *VOR civil airway No. 264 control areas (Ontario, Calif., to Giant Rock, Calif.).* All of VOR civil airway No. 264.

50. Section 601.6265 is added to read:

§ 601.6265 *VOR civil airway No. 265 control areas.* [Unassigned.]

51. Section 601.6266 is added to read:

§ 601.6266 *VOR civil airway No. 266 control areas (South Boston, Va., to Lawrenceville, Va.).* All of VOR civil airway No. 266.

52. Section 601.7001 *VOR Domestic reporting points* is amended by adding the following reporting points:

Roscoe Intersection: The intersection of the Appleton, Ohio, omnirange 085° True and the Mansfield, Ohio, omnirange 149° True radials.

Annawan Intersection: The intersection of the Iowa City, Iowa, omnirange 093° True radial, the Moline, Ill., omnirange 139° True radial and the Moline, Ill., ILS localiser back course.

Cedar Rapids, Iowa, omnirange station.

Rockford, Ill., omnirange station.

by revoking the following reporting points:

Adamsville Intersection: The intersection of the Appleton, Ohio, omnirange 085° True and the Mansfield, Ohio, omnirange 149° True radials.

Cedar Rapids Intersection: The intersection of the Polo, Ill., omnirange 268° True and the Iowa City, Iowa, omnirange 349° True radials (Cedar Rapids, Iowa, nondirectional radio beacon).

and by changing the following reporting point to read:

New Braunfels Intersection: The intersection of the San Antonio, Tex., omnirange 074° True and the Austin, Tex., omnirange 207° True radials.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective 0001 e. s. t., March 14, 1957.

[SEAL] JAMES T. PYLE,
Administrator of Civil Aeronautics.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 54303]

PART 1—CUSTOMS DISTRICTS AND PORTS

EXTENSION OF LIMITS OF CUSTOMS PORT OF PHILADELPHIA, PA.

FEBRUARY 7, 1957.

By virtue of the authority vested in the President by section 1 of the act of August 1, 1914, 38 Stat. 623 (19 U. S. C. 2), which was delegated to the Secretary of the Treasury by the President by Executive Order No. 10289, September 17, 1951 (3 CFR 1951 Supp., Chapter II), the limits of the customs port of entry of Philadelphia, Pennsylvania, the headquarters port of Customs Collection District No. 11 (Philadelphia), comprising the territory within the corporate limits of that city and Camden and Gloucester City, New Jersey, the territory described in Executive Order No. 7840, published in T. D. 49472, and the territory described in T. D. 53738, are hereby further extended to include the territory embracing Darby Township and Folcroft Borough, Delaware County, State of Pennsylvania, effective upon the date of publication of this Treasury decision in the FEDERAL REGISTER.

Section 1.1 (c), Customs Regulations, is amended by deleting "and" preceding "T. D. 53738," and by adding "and T. D. 54303" after that number, within the parentheses, opposite "PHILADELPHIA, PA." in the column headed "Ports of Entry" in District No. 11 (Philadelphia).

(R. S. 161; 5 U. S. C. 22. Interprets or applies sec. 1, 37 Stat. 434, sec. 1, 38 Stat. 623, as amended; 19 U. S. C. 1, 2)

[SEAL] DAVID W. KENDALL,
Acting Secretary of the Treasury.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter B—Food and Food Products

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

TOLERANCE FOR RESIDUES OF ETHYLENE OXIDE

A petition was filed with the Food and Drug Administration requesting the establishment of a tolerance for residues of ethylene oxide in or on whole spices.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purposes for which a tolerance is being established.

After consideration of the data submitted in the petition and other relevant material which show that the tolerance established in this order will protect the public health, and by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (2), 68 Stat. 512; 21 U. S. C. 346a (d) (2)) and delegated to the Commissioner of Food and Drugs by the Secretary (21 CFR 120.7 (g)), the regulations for tolerances for pesticide chemicals in or on raw agricultural commodities (21 CFR Part 120) are amended by adding the following new section:

§ 120.151 *Tolerance for residues of ethylene oxide.* A tolerance of 50 parts per million is established for residues of ethylene oxide in or on whole spices.

Any person who will be adversely affected by the foregoing order may, at any time prior to the thirtieth day from the effective date thereof, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by this order, specify with particularity the provisions of the order deemed objectionable and reasonable grounds for the objections, and request a public hearing upon the objections. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER.

(Sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 371. Interprets or applies sec. 408, 68 Stat. 511; 21 U. S. C. 346a)

Dated: February 8, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

PROPOSED RULE MAKING

FEDERAL POWER COMMISSION

[18 CFR Parts 101, 141]

[Docket No. R-159]

UNIFORM SYSTEM OF ACCOUNTS FOR PUBLIC UTILITIES AND LICENSEES AND ANNUAL REPORT FORM NO. 1 RESPECTING TREATMENT OF DEFERRED TAXES ON INCOME

NOTICE OF PROPOSED RULE MAKING

FEBRUARY 8, 1957.

1. Notice is hereby given of proposed rule making in the above entitled matters.

2. It is proposed to amend Parts 101 and 141 of the Commission's general rules and regulations (18 CFR, Chapter I, Subchapter C and D, Parts 101 and 141) entitled Uniform System of Accounts Prescribed for Public Utilities and Licensees subject to the Provisions of the Federal Power Act, as well as Annual Report Form No. 1, by adding new Accounts designated as §§ 101.259, 101.259-1, 101.259-2, 101.259-3, as well as §§ 101.507A and 101.507B and adding a Schedule entitled Reserve for Deferred Taxes on Income[1] to Annual Report Form No. 1 (§ 141.1), as shown by the accompanying proposals related to accounting and reporting for Federal income taxes resulting from accelerated amortization and liberalized depreciation.

3. In our notice, in the proceedings designated Docket No. R-126 published in FEDERAL REGISTER, June 27, 1953 (18 F. R. 3698), initial consideration was invited as to proposed amendments pertaining to accounting and reporting for Federal income taxes resulting from accelerated amortization applicable to both natural gas companies and public utilities and licensees. Our order No. 171 in Docket No. R-126, published in FEDERAL REGISTER, April 27, 1950 (19 F. R. 2450), reserved for future disposition the amendments to Uniform System of Accounts Prescribed for Public Utilities and Licensees and Annual Report Form No. 1, pertaining to accounting and reporting of Federal income taxes resulting from accelerated amortization. The accompanying proposals are intended to make such disposition, as well as provide for liberalized depreciation in both the Uniform System of Accounts prescribed for Public Utilities and Licensees and Annual Report Form No. 1.

4. The accompanying amendments to the Commission's Uniform System of Accounts prescribed for Public Utilities and Licensees, and the Schedule to be added to Annual Form No. 1, are proposed to be issued under the authority granted the Federal Power Commission by the Federal Power Act, particularly sections 3 (13), 4 (b) and (c), 301 (a), 304 (a), 309 and 311 thereof (49 Stat. 838, 839, 854, 855, 858, 859); (16 U. S. C. 796 (13), 797 (b) and (c), 825c (a), 825c (h) and 825j.)

5. Any interested person may submit to the Federal Power Commission, Washington 25, D. C., not later than April 1, 1957, data, views, comments, and suggestions, in writing, concerning the proposed accompanying amendments to the Uniform System of Accounts prescribed for Public Utilities and Licensees, and to the Annual Report Form No. 1. An

[1] Filed as part of the original document.

original and nine copies should be filed of any such submittals. The Commission will consider these written submittals before acting upon the proposed amendments.

[SEAL] J. H. GUTRIDE,
Secretary.

§ 101.259 *Reserve for deferred taxes on income.* The subaccounts below are provided for the use of Public Utilities and Licensees which (a) have filed with the Commission, copy of an order of other authorization by a state public service commission having jurisdiction, authorizing accounting for deferred taxes on income, (b) in the absence of necessity of authorization by a state public service commission having jurisdiction, have filed with the Commission a statement of proposed plan of accounting for deferred taxes on income, or (c) which have obtained authorization of the Commission for use of subaccount 259.3 relating to deferred tax accounting other than with respect to accelerated amortization or liberalized depreciation.

§ 101.259–1 *Reserve for deferred taxes on income—accelerated amortization.* (a) This account shall be credited and account 507–A, Provision for Deferred Taxes on Income, shall be debited with an amount equal to that by which taxes on income payable for the year are lower because of the use of accelerated (5-year) amortization of certified defense facilities in computing such taxes, as permitted by section 168 of the Internal Revenue Code of 1954 (section 124A of previous Internal Revenue Code), as compared to the depreciation deduction otherwise appropriate and allowable for tax purposes according to the straight line or other nonaccelerated depreciation method and appropriate service life expectancy for such property.

(b) This account shall be debited and account 507–B, Credits to Operations Arising from Taxes on Income Deferred in Prior Years—Credit, shall be credited with an amount equal to that by which taxes on income payable for the year are greater because of the use in prior years of accelerated (5-year) amortization of certified defense facilities instead of nonaccelerated depreciation otherwise appropriate for income tax purposes, and deferral of taxes in such prior years as described in paragraph (a) of this section. Such debit to this account and credit to account 507–B shall, in general, represent the effect on taxes payable for the current year of the unavailability of a depreciation deduction for tax purposes, or a reduced amount, with respect to any depreciable property for which accelerated amortization was used in prior years, as compared to the depreciation deduction which otherwise would be available and appropriate for such property, considering its service life expectancy, according to the depreciation method ordinarily used by the utility for similar property in computing depreciation for tax purposes by a nonaccelerated or nonliberalized depreciation method applied over the entire service life of the property.

(c) Records with respect to entries to this account, as described in this section, and the reserve balance, shall be so maintained as to show the factors of calculation and the separate amounts applicable to the facilities of each certification or authorization for accelerated amortization for tax purposes.

(d) The use of this account and the accounting described in this section are not mandatory for any utility, which in accordance with a consistent policy, elects not to follow deferred tax accounting even though accelerated amortization is used in computing taxes on income. If, however, deferred tax accounting is initiated with respect to any certified defense facilities, the accounting shall not be suspended or discontinued on the property covered by that certificate, without approval of the Commission, and shall be carried out fully as provided by the text of this account.

(e) The utility is restricted in its use of this account to the purposes set forth in this section. It shall not transfer the reserve or any portion thereof to surplus or make any use thereof except as provided in the text of this account without prior approval of the Commission. Any remaining deferred tax reserve balance with respect to any certified defense facility for which deferred tax accounting has been followed, after retirement of such facility or major part thereof, or expiration of the service life on which the deferred tax calculations were based, shall be reported to the Commission and disposed of as the Commission may authorize or direct.

§ 101.259–2 *Reserve for deferred taxes on income—liberalized depreciation.* (a) This account shall be credited and account 507A, Provision for Deferred Taxes on Income, shall be debited with an amount equal to that by which taxes on income payable for the year are lower because of the use of liberalized depreciation in computing such taxes, as permitted by section 167 of the Internal Revenue Code of 1954, as compared to the depreciation deduction otherwise appropriate and allowable for tax purposes for similar property of the same service life expectancy according to the straight line or other nonliberalized method of depreciation.

(b) This account shall be debited and account 507–B, Credits to Operations Arising from Taxes on Income Deferred in Prior Years—Credit, shall be credited with an amount equal to that by which taxes on income payable for the year are greater because of the use in prior years of liberalized depreciation for income tax purposes, and deferral of taxes in such prior years as described in paragraph (a) of this section. Such debit to this account and credit to account 507–B, shall, in general, represent the effect on taxes payable for the current year of the smaller amount of depreciation permitted for tax purposes for the current year with respect to any depreciable property for which liberalized depreciation was used in prior years, as compared to the depreciation deduction otherwise appropriate and available for similar property of the same service life expectancy according to the straight line or other nonliberalized depreciation method ordinarily used by the utility in computing depreciation for tax purposes.

(c) Records with respect to entries to this account, as decribed in this section, and reserve balance, shall be so maintained as to show the factors of calculation and the separate amounts applicable to the plant balances of each vintage year for each class, group, or unit as to which different liberalized depreciation methods and service life expectancies have been used.

(d) The use of this account and the accounting described in this section are not mandatory for any utility, which in accordance with a consistent policy, elects not to follow deferred tax accounting even though liberalized depreciation is used in computing taxes on income. If, however, deferred tax accounting is initiated with respect to any property the accounting shall not be discontinued on that property, without approval of the Commission, and shall be carried out fully as provided by the text of this account.

(e) The utility is restricted in its use of this account to the purposes set forth in this section. It shall not transfer the reserve or any portion thereof to surplus or make any use thereof except as provided in the text of this account without prior approval of the Commission. Any remaining deferred tax reserve balance with respect to any year's plant additions or subdivisions thereof for which liberalized depreciation accounting has been followed after retirement of said additions or major part thereof, or after expiration of the service life on which the depreciation calculations for tax purposes are based, shall be reported to the Commission and disposed of as the Commission may authorize or direct.

§ 101.259–3 *Reserve for deferred taxes on Income—Other.* (a) This account, when its use has been authorized or directed by the Commission for specific types of tax deferrals shall be credited and account 507–A, Provision for Deferred Taxes on Income, shall be debited with an amount equal to that by which taxes on income payable for the year are lower because of the current use in computing taxes on income of deductions, other than accelerated amortization or liberalized depreciation, which for general accounting purposes will not be fully reflected in the utility's determination of annual net income until subsequent years.

(b) This account, when its use has been authorized or directed by the Commission, shall be debited and account 507–B, Credits to Operations Arising from Taxes on Income Deferred in Prior Years—Credit, shall be credited with an amount equal to that by which taxes on income payable for the year are greater because of deferral of taxes on income in previous years, as provided by paragraph (a) of this section because of difference in timing for tax purposes of particular income deductions from that recognized by the utility for general accounting purposes, other than with respect to accelerated amortization or liberalized depreciation. Such debit to this account and credit to account 507–B shall, in general, represent the effect on taxes payable in the current year of the smaller deduction permitted for tax purposes as compared to the amount recognized in the utility's general accounts with respect to the item or class of items for which deferred tax accounting by the utility was authorized or directed by the Commission.

(c) Records with respect to entries to this account, as described in this section, and the reserve balance, shall be so maintained as to show the factors of calculation with respect to each annual amount of the item or class of items, other than accelerated amortization or liberalized depreciation, for which tax deferral accounting by the utility is authorized or directed by the Commission.

(d) The utility is restricted in its use of this account to the purposes set forth in this section. It shall not transfer the reserve or any portion thereof to surplus or make any use thereof except as provided in the text of this account, without prior approval of the Commission. Any remaining deferred tax reserve balance with respect to an amount for any prior year's tax deferral, the amortization of which or other recognition in the utility's income accounts has been completed, or other disposition made, shall be reported to the Commission and disposed of as the Commission may authorize or direct.

NOTE: In determining appropriate use of this account as a basis of request to the Commission for authorization of its use, consideration shall be given to the relative importance of the amount involved, and to other items in the utility's accounts where "prepaid tax accounting" may be appropriate such as (a) where the time of taking a deduction in computing taxes on income is such that the tax deduction must be delayed or applied to a series of future years as opposed to earlier recognition of such item in determination of income in the general accounts of the utility, or (b) where inclusion of an income item is required for tax purposes but is to be recognized in whole or in part in the utility's income accounts of a subsequent year or years.

§ 101.507A *Provision for deferred taxes on income.* This account shall be debited and the appropriate subdivision of account 259, Reserve for Deferred Taxes on Income, shall be credited with an amount equal to any deferral of taxes on income as provided by account 259 and the subaccounts thereunder. No entries shall be made to this account which are not provided for by the applicable subaccounts of account 259, Reserve for Deferred Taxes on Income. There shall not be netted against entries required to be made to this account any credit amounts appropriately includible in account 507–B, Credits to Operations Arising from Taxes on Income Deferred in Prior Years—Credit.

§ 101.507B *Credits to operations arising from taxes on income deferred in prior years—credit.* This account shall be credited and the appropriate subaccount of account 259, Reserve for Deferred Taxes, debited with an amount equal to the portion of taxes on income payable for the year that is attributable to a deferral of taxes on income in a prior year, in accordance with the plan of deferred tax accounting provided by account 259. No entries to this account shall be omitted if required according to the plan of deferred tax accounting as provided by the applicable subdivisions of account 259, Reserve for Deferred Taxes on Income. There shall not be netted against entries required to be made to this account any debit amounts appropriately includible in account 507–A, Provision for Deferred Taxes on Income.

Correction

In F. R. Document 57–994, appearing in the issue for Saturday, February 9, 1957, at page 849, make the following change: In paragraph 3, third sentence, the word "efficiency" should read "efficacy".

NOTICES

DEPARTMENT OF THE TREASURY

Fiscal Service, Bureau of Accounts

[Dept. Circ. 570, Rev. Apr. 20, 1943, 1957, Supp. 160]

NORTH AMERICAN FIRE AND MARINE REINSURANCE CORP.

TERMINATION OF AUTHORITY TO QUALIFY AS A REINSURING COMPANY ONLY ON FEDERAL BONDS

Notice is hereby given that the Certificate of Authority issued by the Secretary of the Treasury to North American Fire and Marine Reinsurance Corporation, New York, New York, under Treasury Department Circular No. 297, July 15, 1922, as amended, 31 CFR Part 223, to qualify as a reinsuring company only on recognizances, stipulations, bonds and undertakings permitted or required by the laws of the United States, has been terminated effective midnight December 31, 1956.

Pursuant to an Agreement of Merger, effective midnight December 31, 1956, approved by the Insurance Department of the State of New York, December 17, 1956, North American Fire and Marine Reinsurance Corporation was merged into North American Reinsurance Corporation (formerly North American Casualty and Surety Reinsurance Corporation) a New York corporation holding a certificate of authority as an acceptable surety on bonds in favor of the United States. The agreement of Merger provides that as of its effective date all rights, franchises and interests of the two corporations in and to every species of property, real, personal, and mixed, and things in action thereunto belonging, shall be deemed as transferred to and vested in North American Reinsurance Corporation, without any other deed or transfer; and simultaneously therewith North American Reinsurance Corporation shall be deemed to have assumed all of the liabilities of both corporations. It also provides that no action or proceeding pending at the effective date of the Agreement of Merger, to which either of the Corporations may be a party shall be abated or discontinued by reason of this merger, but the same may be prosecuted to final judgment in the same manner as if this merger had not taken place, or the Surviving Corporation may be substituted in place of either of the Corporations in which the action or proceeding may be pending. A copy of the Agreement of Merger, certified by the Deputy Superintendent of Insurance of the State of New York is on file in the Treasury.

An underwriting limitation of $2,049,000.00 has been established for the surviving corporation, North American Reinsurance Corporation.

[SEAL] W. RANDOLPH BURGESS,
Acting Secretary of the Treasury.

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

FEBRUARY 1, 1957.

The U. S. Coast Guard has filed an application, Serial No. Anchorage 026916, for the withdrawal of the lands described below, from all forms of appropriation under the public land laws, including mining and mineral leasing.

The applicant desires the land for dock and warehouse purposes.

For a period of 60 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Box 480, Anchorage, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

JUNEAU SUB-PORT AREA

Tract "A"

Starting at Corner No. 1 of the Army Engineers Dock boundary.
S. 9° 15' W., 126.50 feet along the Army boundary;
N.81° 43' W., 38.00 feet;
N. 8° 17' E., 79.00 feet;
N. 39° 16' W., 33.51 feet to a point on the Army boundary;
N. 48° 00' E., 71.00 feet along the Army boundary to Corner No. 16 of said boundary;
S. 23° 27' E., 34.50 feet to Corner No. 1, the place of beginning.

The tract as described contained approximately 0.14 acres.

Tract "B"

Beginning at a point of origin, Corner No. 4 of the boundary of the Army Engineers dock; thence N. 66° 40' E., approximately 40 feet to the SW corner of the existing Wharf No. 53 and the Point of Beginning;
Thence N. 23° 20' W., approximately 100 feet to the NW corner of said wharf;
Thence N. 66° 40' E., approximately 478 feet to a point on the boundary of Executive Order No. 9173;
Thence S. 23° 20' E., 60 feet along the boundary of said Executive Order to Corner No. 3 thereof;
Thence S. 66° 40' W., 372 feet along the Executive Order boundary to Corner No. 4 thereof;
Thence S. 23° 20' E., 40 feet along the Executive Order boundary to Corner No. 5 thereof, which is on the Army Engineers Dock boundary;
Thence S. 66° 40' W., approximately 106 feet along the Army Engineers Dock boundary to the point of beginning.

The tract as described contains approximately 0.755 acres.

L. T. MAIN,
Acting Operations Supervisor.

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND AND RESERVATION OF LANDS

FEBRUARY 8, 1957.

The Alaska Railroad has filed an application, Serial No. Anchorage 033517, for the withdrawal of the lands described below, from all forms of appropriation under the public land laws including mining and mineral leasing but excepting disposal of materials under Materials Act.

The applicant desires the land for tower for microwave communication system.

For a period of 60 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Box 480, Anchorage, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

PORTAGE AREA

A tract of land approximately 3,200 feet long and 720 feet wide, lying easterly of the main tract of The Alaska Railroad near Portage, Alaska, and more specifically described as follows:

Beginning at a point on the easterly side of The Alaska Railroad Reserve, Parcel No. 1, P. L. O. 571 which bears N. 9° 15' W., 600 feet from the northwesterly corner of Parcel No. 2, P. L. O. 571;
Thence northwesterly along the easterly boundary of Parcel No. 1, 1,250 feet to the southeasterly bank of Twentymile River;
Thence northeasterly, along the southeasterly bank of Twentymile River, 2,800 feet, more or less;
Thence S. 49° 21' 15" E., 720 feet, more or less;
Thence S. 40° 38' 45" W., 3,200 feet to the point of beginning.

The tract as described contains 46 acres.

ROGER R. ROBINSON,
Operations Supervisor.

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

FEBRUARY 1, 1957.

The Fish and Wildlife Service has filed an application, Serial No. Anchorage 033178, for the withdrawal of the lands described below, from all forms of appropriation under the public land laws, including mining and mineral leasing laws.

The applicant desires the land for a research station.

For a period of 60 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Box 480, Anchorage, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

JUNEAU AREA

Beginning at corner No. 1, which is identical to Corner No. 7 of U. S. Survey No. 1762.
From Corner No. 1, by metes and bounds,
South 88.62 feet to Corner No. 2;
West 415.38 feet to Corner No. 3;
N. 8° 21' W., 202.67 feet to Corner No. 4;
S. 89° 56' E., 444.81 feet to Corner No. 5;
South 111.38 feet to Corner No. 1, the place of beginning.

The tract as described contains 1.975 acres.

L. T. MAIN,
Acting Operations Supervisor.

[Document 17]

CALIFORNIA

RESTORATION ORDER UNDER FEDERAL POWER ACT; CORRECTION

FEBRUARY 8, 1957.

The notice of order providing for opening of public lands pursuant to determinations of the Federal Power Commission, listed under California Document No. 17, published in the FEDERAL REGISTER of Thursday, January 10, 1957, pages 224, 225 and 226 (F. R. Doc. 57-187) is corrected by deleting from paragraph 5b, the sentence, "The land is by this order opened to location under the United States Mining Laws without regard to the act of August 11, 1955, supra, beginning 10 a. m., local time, on May 10, 1957."

R. R. BEST,
State Supervisor.

[F. R. Doc. 57-1127; Filed, Feb. 13, 1957; 8:47 a. m.]

OREGON

RESTORATION ORDER UNDER FEDERAL POWER ACT

FEBRUARY 6, 1957.

Pursuant to Determination No. DA-428 Oregon, of the Federal Power Commission and in accordance with Order No. 541, section 25, of the Director, Bureau of Land Management, approved April 21, 1954 (19 F. R. 2473), as amended, it is ordered as follows:

1. The lands hereinafter described, so far as they are withdrawn and reserved for power purposes in Power Site Reserve No. 170, approved December 10, 1910, Power Site Classification No. 282, approved February 20, 1934, of Power Site Classification No. 381, approved December 20, 1946, are hereby restored to disposition under applicable public land laws subject to the provisions of section 24 of the Federal Power Act of June 20, 1920 (41 Stat. 1075; 16 U. S. C. 818), as amended; and subject to the condition that in the event the said lands are required for power purposes, any improvements or structures placed thereon which shall be found to interfere with such developments shall be removed or relocated as may be necessary to eliminate interference with power development at no cost to the United States, its permittees or licensees.

WILLAMETTE MERIDIAN, OREGON

T. 2 N., R. 40 E.,
Sec. 12: NE¼, E½NW¼.
T. 2 N., R. 41 E.,
Sec. 18: Lots 1, 2, SE¼NW¼.
Sec. 19: SE¼
Sec. 20: NW¼SW¼.

531.32 acres.

2. The lands described in paragraph 1 shall be subject to application by the State of Oregon for a period of 90 days from the date of publication of the order in the FEDERAL REGISTER for right of way for public highways or as a source of material for construction and maintenance of such highways, in accordance with and subject to the provisions of section 24 of the Federal Power Act, as amended, and the special stipulation provided in paragraph 1.

3. (a) All of the lands except NE¼ Sec. 12, T. 2 N., R. 40 E., and Lot 1, and SE¼NW¼ Sec. 18, T. 2 N., R. 41 E., have been classified for recreational purposes pursuant to the act of June 14, 1926 (44 Stat. 741), as amended by the act of June 4, 1954 (68 Stat. 173; 43 U. S. C. 869), under authority of section 7, of the act of June 28, 1934, as amended. This classification segregates the land from all appropriations including locations under the mining laws.

(b) The lands released from withdrawal by this order and classified for recreational purposes shall not become subject to the initiation of any rights or to any disposition under any other public land laws until it is so provided by an order of classification to be issued by an authorized officer opening the lands to application under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended, or other appropriate public land laws, with a ninety-one day preference right period for filing such applications by veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944 (58 Stat. 497; 43 U. S. C. 279-284), as amended.

4. The lands described as NE¼ Sec. 12, T. 2 N., R. 40 E., W. M., Lot 1, SE¼NW¼ Sec. 18, T. 2 N., R. 41 E., W. M., containing 225.53 acres, are approximately one-quarter mile east of the Wallowa River, about 2 miles downstream from Minam, Oregon. They are rough, mountainous, and rocky, with a shallow clay loam freely mixed with rock talus. The vegetative growth consists of scattered timber, browse, and native grasses with value for the grazing of livestock.

5. No application will be allowed under the Homestead, Desert Land, Small Tract, or other nonmineral public land laws unless the lands have already been classified as valuable or suitable for such type of application or shall be so classified upon consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified. Any disposition of the land shall be subject to the provisions and conditions of paragraph 1.

6. Subject to any existing valid rights and the requirements of applicable laws, the lands described in paragraph 4, are hereby opened to filing of applications, selections, and locations in accordance with the following:

(a) Applications and selections under the nonmineral public land laws may be presented to the Manager mentioned below, beginning on the date of the order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Desert Land, and Small Tract Laws by qualified veterans of World War II or the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; U. S. C. 279-284) as amended, presented prior to 10 a. m. on March 18, 1957, will be considered as simultaneously filed at that hour. Rights under such preference rights filed after that hour and before 10 a. m. on June 17, 1957, will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public land laws, other than those coming under paragraphs (1) and (2) above, presented prior to 10 a. m. on June 17, 1957, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

(b) The lands have been open to entry and location under the United States Mining Laws, pursuant to the act of August 11, 1955, (69 Stat. 683; 30 U. S. C. 621) and applications and offers under the mineral leasing laws.

7. Persons claiming veteran's preference rights under paragraph (2) above must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based on settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this order can be found in Title 43 of the Code of Federal Regulations.

8. Inquiry concerning the above lands should be addressed to Manager, Land Office, Bureau of Land Management, 1001 N. E. Lloyd Boulevard, P. O. Box 3861, Portland 8, Oregon.

ELTON M. HATTAN,
Acting State Supervisor.

CALIFORNIA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

FEBRUARY 6, 1957.

The U. S. Fish and Wildlife Service has filed an application, Serial No. Sacramento 052882, for the withdrawal of the lands described below, from all forms of appropriation except mineral leasing laws and the disposal of materials under the Materials Act of July 31, 1947 (61 Stat. 681, 43 U. S. C. 1185). The management, use and disposal of the forest and range resources will continue under the administration of the Bureau of Land Management in accordance with applicable laws and regulations.

The applicant desires the land be reserved in public ownership to provide assistance to the State of California for the protection, development and management of the wildlife resources. The area is known as the Biscar Reservoir Wildlife Area.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Room 801, California Fruit Building, 4th and J Streets, Sacramento, California.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

MOUNT DIABLO MERIDIAN

T. 31 N., R. 14 E.,
Sec. 4;
Sec. 9;
Sec. 10;
Sec. 11;
Sec. 13;
Sec. 24.
T. 31 N., R. 15 E.,
Sec. 17, SE¼SW¼;
Sec. 18, Lots 1–4, incl., W½NE¼, E½NW¼, NE¼SW¼;
Sec. 19, Lots 1–4, incl., SE¼NW¼, E½SW¼, SE¼;
Sec. 20, W½NE¼, E½NW¼, NE¼SW¼, S½SE¼.

The area described contains approximately 4,965.19 acres of public land in Lassen County.

R. R. BEST,
State Supervisor.

UTAH

WITHDRAWING LANDS IN AID OF LEGISLATION

By virtue of the authority vested in the Secretary of the Interior by section 4 of the act of March 3, 1927 (44 Stat. 1347; 25 U. S. C. 398d) and otherwise, it is ordered as follows:

Subject to existing valid rights, including the valid rights of Indians, the public lands in the following-described areas are hereby temporarily withdrawn from all forms of appropriation under the public land laws, including the mining and mineral-leasing laws, in aid of legislation to add such lands to the Navajo Indian Reservation:

SALT LAKE MERIDIAN

T. 38 S., R. 23 E.,
Secs. 13, 14, 15, 17, and 18;
Secs. 20 to 29, inclusive;
Secs. 33, 34, 35.
T. 38 S., R. 24 E.,
Secs. 13, 14, and 15;
Secs. 17 to 31, inclusive;
Secs. 33, 34, and 35.
T. 38 S., R. 25 E.,
Secs. 33, 34, and 35.
T. 39 S., R. 22 E.,
Sec. 13, E½;
Secs. 21, 22, 23, and 24;
Sec. 25, E½.
T. 39 S., R. 23 E.,
Secs. 1, 3, 4, and 5;
Secs. 8 to 15, inclusive;
Secs. 17 to 31, inclusive;
Secs. 33, 34, and 35.
T. 39 S., R. 24 E.,
Sec. 1;
Secs. 3 to 15, inclusive;
Secs. 17 to 31, inclusive;
Secs. 33, 34, and 35.
T. 39 S., R. 25 E.,
Secs. 4, 5, 6, 7, 8, and 18.

The areas described, including both public and nonpublic lands, aggregate approximately 73,600 acres.

FRED A. SEATON,
Secretary of the Interior.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

VALLEY LIVESTOCK COMMISSION CO. ET AL.

PROPOSED POSTING OF STOCKYARDS

The Director of the Livestock Division, Agricultural Marketing Service, United States Department of Agriculture, has information that the livestock markets named below are stockyards as defined in section 302 of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 202), and should be made subject to the provisions of the act.

Valley Livestock Commission Company, Rupert, Idaho.
Fairfield Livestock Commission Company, Fairfield, Iowa.
Kalona Sales Barn, Kalona, Iowa.
Low Moor Sales Company, Low Moor, Iowa.
Wapello Livestock Auction, Wapello, Iowa.
Traer Sales Company, Traer, Iowa.
Bryan Livestock Exchange, Bryan, Texas.
Clifton Livestock Commission Company, Clifton, Texas.
Gatesville Commission Company, Gatesville, Texas.
Mills County Commission Company, Goldthwaite, Texas.
Madison County Livestock Commission Company, Madisonville, Texas.
Ranger Livestock Commission Company, Ranger, Texas.

Notice is hereby given, therefore, that the said Director, pursuant to authority delegated under the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), proposes to issue a rule designating the stockyards named above as posted stockyards subject to the provisions of the act, as provided in section 302 thereof.

Any person who wishes to submit written data, views, or arguments concerning the proposed rule may do so by filing them with the Director, Livestock Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., within 15 days after publication hereof in the FEDERAL REGISTER.

Done at Washington, D. C., this 8th day of February 1957.

[SEAL] DAVID M. PETTUS,
Acting Director,
Livestock Division,
Agricultural Marketing Service.

ATOMIC ENERGY COMMISSION

[Docket Nos. F–40, F–41]

AEROJET-GENERAL NUCLEONICS AND AEROJET-GENERAL CORP.

NOTICE OF PROPOSED ISSUANCE OF AMENDMENT TO LICENSE AUTHORIZING TRANSFER OF FACILITY AND ISSUANCE OF LICENSE AUTHORIZING ACQUISITION OF FACILITY

Please take notice that the Atomic Energy Commission proposes to issue (1) the amendment to License R–6 set forth below authorizing transfer of title to the facility referred to therein and (2) a license authorizing acquisition of title to said facility as set forth below unless within 15 days after publication of this notice in the FEDERAL REGISTER a request for formal hearing is filed with the Commission in the manner prescribed by § 2.102 (b) of the Commission's rules of practice (10 CFR Part 2).

Amendment to license providing for transfer of utilization facility (Docket

No. F-40); *Amendment No. 1 to License No. R-6:*

License No. R-6 issued to Aerojet-General Nucleonics on October 19, 1956, is hereby amended to authorize Aerojet-General Nucleonics to transfer title to the reactor to the Aerojet-General Corporation, Azusa, California.

Nothing contained herein shall be deemed to authorize the transfer of possession or use of the reactor, or any right thereto.

Neither this amendment nor the transfer of title to the reactor pursuant to this amendment shall affect the responsibility of Aerojet-General Nucleonics for full compliance with the requirements of License No. R-6.

License for acquisition of utilization facility (Docket No. F-41):

Pursuant to section 104c of the Atomic Energy Act of 1954, as amended, and 10 CFR, Chapter I, Part 50, "Licensing of Production and Utilization Facilities", the Atomic Energy Commission hereby issues this license to Aerojet-General Corporation, Azusa, California, authorizing it to acquire from Areojet-General Nucleonics, San Ramon, California, title to the nuclear reactor subject to license No. R-6 issued on October 19, 1956, to Aerojet-General Nucleonics.

Nothing contained herein shall be deemed to authorize Aerojet-General Corporation to possess or use said nuclear reactor.

This license shall be deemed to contain and be subject to the conditions specified in § 50.54 of the regulations in 10 CFR, Part 50; and is subject to all applicable provisions of the Atomic Energy Act of 1954 and rules, regulations and orders of the Atomic Energy Commission now or hereinafter in effect.

Dated at Washington, D. C., this 7th day of February 1957.

For the Atomic Energy Commission.

H. L. PRICE,
Director,
Division of Civilian Application.

[Docket Nos. G-11024 etc.]

CONTINENTAL OIL CO. ET AL.

NOTICE OF HEARING

FEBRUARY 8, 1957.

In the matters of Continental Oil Company, Docket No. G-11024; The Atlantic Refining Company, Docket No. G-11034; Cities Service Production Company, Docket No. G-11046; Tidewater Oil Company, Docket No. G-11049.

The persons captioned above, hereinafter collectively referred to as Applicants, filed on September 5, 1956 in Docket No. G-11024, September 7, 1956 in Docket No. G-11034, and September 10, 1956 in Docket Nos. G-11046 and G-11049, respectively, separate applications for certificates of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the applications which are on file with the Commission and open for public inspection. Notice of these applications and their consolidation was issued on October 3, 1956 and published in the FEDERAL REGISTER on October 11, 1956 (21 F. R. 7783-84).

Each Applicant proposes to sell natural gas in interstate commerce from production of its 25 percent interest in 5 leases in West Cameron Area, 12 leases in East Cameron Area, and 7 leases in Vermilion Area, all offshore the coast of Cameron and Vermilion Parishes, Louisiana in the Gulf of Mexico, to Tennessee Gas Transmission Company for resale.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on February 28, 1957, at 10 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications.

[SEAL] J. H. GUTRIDE,
Secretary.

[Docket No. G-11520]

ARKANSAS LOUISIANA GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

FEBRUARY 8, 1957.

Take notice that Arkansas Louisiana Gas Company (Applicant), a Delaware corporation with its principal place of business at Shreveport, Louisiana, filed an application on November 23, 1956, pursuant to section 7 (a) of the Natural Gas Act, for an order directing Mississippi River Fuel Corporation (Mississippi) to establish physical connection of its natural gas facilities with those proposed to be constructed by Applicant, and to sell and deliver to Applicant its natural gas requirements for distribution and resale in the town of Coy, Lonoke County, Arkansas, as hereinafter described, all as more fully represented in the application which is on file with the Commission and open to public inspection.

Applicant proposes to interconnect its proposed distribution system in Coy with Mississippi's existing 3-inch transmission line which passes through the town of Coy en route to England, Arkansas. Mississippi sells gas to Applicant at present for distribution in England and a number of other communities in Arkansas, all of which, Applicant states, are isolated from its main interstate transmission system.

The town of Coy has a population of approximately 300 and is presently without natural gas service. Applicant estimates its annual and peak day requirements as follows:

Year of service	Annual Mcf	Peak day Mcf
1	8,110	[illegible]
2	10,160	[illegible]
3	11,780	[illegible]
4	12,100	[illegible]
5	12,450	[illegible]

Applicant states that it has been granted an indefinite term franchise for the distribution of natural gas by the town of Coy, and estimates that the cost of its proposed facilities will be $16,300 during the first year of service with a cost of $17,545 at the end of the fifth year. The project will be financed from funds on hand.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 12, 1957, at 10:00 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street, NW., Washington, D. C., concerning the matters involved in and the issues presented by such application.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 28, 1957.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1133; Filed, Feb. 13, 1957; 8:46 a. m.]

[Docket No. E-6727]

MINNESOTA POWER & LIGHT CO.

NOTICE OF APPLICATION

FEBRUARY 8, 1957.

Take notice that on February 1, 1957, an application was filed with the Federal Power Commission pursuant to Section 204 of the Federal Power Act by Minnesota Power & Light Company ("Applicant"), a corporation organized under the laws of the State of Minnesota and doing business in the State of Minnesota, with its principal business office at Duluth, Minnesota, seeking an order authorizing the issuance, by competitive bidding, of $12,000,000 principal amount of First Mortgage Bonds to be due 1987. Applicant's schedule calls for inviting bids for the purchase of said bonds on March 4, 1957, and receiving bids on March 11, 1957. If such schedule can be met and Applicant receives a bid acceptable to it and which is approved by the Commission, Applicant would issue said bonds on March 15, 1957, against receipt of the purchase price thereof. The proposed bonds would be issued under Applicant's Mortgage and Deed of Trust.

If, for any reason, Applicant is unable to meet the time schedule hereinbefore stated or if the schedule is met and Applicant receives no bid for the purchase of said bonds acceptable to it and approvable by the Commission, Applicant then would be required to borrow immediately from banks amounts sufficient to meet its obligations on March 15, 1957 and thereafter pending successful completion of financing. Applicant, therefore, also applies to the Commission for authority to borrow from Mellon National Bank and Trust Company, Pittsburgh, Pennsylvania, a principal amount not to exceed $8,000,000 against issuance by Applicant of promissory notes; it being understood that if Applicant issues and sells the bonds proposed above, it would make no bank borrowings in excess of the amounts permitted under section 204 (e) of the Federal Power Act without the Commission's approval. If Applicant is required to borrow from the Mellon Bank, it proposes to issue from time to time on various dates prior to January 1, 1958, and in various amounts, and deliver to said Mellon Bank notes which would aggregate not to exceed $8,000,000 principal amount including the $3,350,000 principal amount of notes to be outstanding at March 1, 1957. The notes Applicant proposes to issue, as described above, would bear interest at the prime commercial bank rate in effect at the time of issue, would be dated as and when funds are required by Applicant, might be prepaid at any time on ten days' notice without penalty, and would mature not later than one year from the date of issue. The proceeds from the financing to be made by Applicant, as proposed above, will be used to meet expenditures in connection with Applicant's construction program.

Any person desiring to be heard or make any protest with reference to said application should on or before the 25th day of February 1957, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file and available for public inspection.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1134; Filed, Feb. 13, 1957; 8:48 a. m.]

[Docket No. E-6728]

CONOWINGO POWER CO. AND PHILADELPHIA ELECTRIC CO.

NOTICE OF APPLICATION

FEBRUARY 8, 1957.

Take notice that on February 5, 1957, an application was filed with the Federal Power Commission pursuant to sections 203 and 204 of the Federal Power Act by Conowingo Power Company ("Conowingo") and Philadelphia Electric Company ("PECo"). Conowingo is a corporation organized under laws of the State of Maryland and doing business in said State with its principal business office at Elkton, Maryland. PECo is a corporation organized under the laws of the State of Pennsylvania and doing business in said State with its principal business office at Philadelphia, Pennsylvania. Conowingo and PECo seek an order authorizing the approval of the proposed issuance by Conowingo and of the proposed acquisition by PECo of non-interest bearing promissory notes payable on demand to the order of PECo in an aggregate maximum amount of $1,100,000 to evidence loans of money proposed to be made by PECo to Conowingo. The notes, in varying amounts, will be issued as cash is needed during the period March 1957 through May 1958 to assist Conowingo in financing the construction cost of additions and betterments to its electric utility plant.

Any person desiring to be heard or make any protest with reference to said application should on or before the 1st day of March, 1957, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file and available for public inspection.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1135; Filed, Feb. 13, 1957; 8:48 a. m.]

[Docket No. G-9892]

SOUTH GEORGIA NATURAL GAS CO.

NOTICE OF APPLICATION

FEBRUARY 8, 1957.

Take notice that South Georgia Natural Gas Company (Applicant), a Georgia corporation with its principal place of business at Thomasville, Georgia, filed an application on January 23, 1956 as supplemented on April 23, 1956, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of natural gas facilities to serve three additional industrial interruptible customers as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application now on file with the Commission and open to public inspection.

The following facilities are proposed by Applicant to initiate direct interruptible service: to National Container Corporation (National) for use in its Kraft Mill, located near Clyattville, Georgia; to Waverly Petroleum Products Company (Waverly) for use in its Fuller's Earth Plant presently being constructed near Meigs, Georgia; to Magnet Cove Barium Corporation (Magnet) for use in its Fuller's Earth Plant presently being constructed near Hinson, Florida:

1. A line tap on Applicant's existing 10-inch Albany-Ellaville Line together with approximately 3 miles of 6⅝-inch pipeline running from a point near Clyattville, Georgia, northeasterly from this tap to a proposed meter and regulating station at or near the plant of National.

2. A line tap on Applicant's existing 6-inch Quincy Line together with approximately 500 feet of 2⅜-inch pipe extending from this tap to a proposed meter and regulating station located at or near the Waverly plant.

3. A line tap on Applicant's existing 2-inch Floridin Company lateral near Havana, Florida, together with approximately 1½ miles of 2⅜-inch pipeline extending from this tap in a northerly direction to a proposed meter and regulating station at or near Magnet's plant.

Applicant also requests authority to construct and operate a new compressor station at its point to connection with Southern Natural Gas Company near Salem, Alabama. This proposed station would consist of two portable compressor units of 660 horespower, and would increase Applicant's total system sales capacity from about 25,000 Mcf per day to approximately 44,000 Mcf per day at 500 psig. the minimum delivery pressure to be supplied by Southern, as per contract.

The total cost of the proposed facilities is estimated by Applicant at $425,000 which includes a cost of $305,000 for the new Salem Compressor Station and which, Applicant states, will be financed from funds remaining in its Pipeline Construction Fund which amounts to $200,000; the balance through cash or a short-term loan.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 27, 1957.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1136; Filed, Feb. 13, 1957; 8:49 a. m.]

[Docket Nos. G-11082, G-11296]

IROQUOIS GAS CORP. AND NEW YORK STATE NATURAL GAS CORP.

NOTICE OF APPLICATIONS AND DATE OF HEARING

FEBRUARY 8, 1957.

Take notice that on September 14, 1956, Iroquois Gas Corporation (Iroquois) filed an application pursuant to section 7 of the Natural Gas Act for permission and approval to abandon, by sale, a natural gas transmission line in the State of New York, and to discontinue the service rendered by means of said line to New York State Electric and Gas Corporation (New York Electric).

Among other facilities, Iroquois states that it owns and operates a 6-inch natural gas transmission pipeline extending from a connection with the transmission line of New York State Natural Gas Corporation (New York Natural) at the Silver Springs delivery point in the town of Genessee Falls, Wyoming County, New York, eastward through parts of Wyoming and Livingston Counties, New York, to a point near the village of Dansville in Livingston County. Iroquois also states that it now delivers natural gas at wholesale to New York Electric for distribution in Dansville. In addition, several small communities between Genessee Falls and Dansville are pres-

ently served at retail from this Dansville line, through distribution systems owned by Iroquois. Iroquois further states that these facilities, including the distribution systems, are to be sold to New York Electric, who will continue the operations and service now rendered by these facilities, eliminating Iroquois as a middleman.

Iroquois alleges that it presently purchases gas from New York Natural at the Silver Springs delivery point under two separate service agreements. Under a service agreement dated May 13, 1953, Iroquois buys gas for its franchise territory east of the Silver Springs delivery point, namely, the eastern part of Genessee Falls and the area served by the Dansville line, in amounts of 400,000 Mcf per year and 3,000 Mcf per peak day. Purchases for the rest of Iroquois' system, including the western part of Genessee Falls, are made according to the terms of another service agreement dated November 10, 1947, which provides for volumes of gas varying from 2,400 Mcf per day to 6,000 Mcf per day, depending on the month of delivery.

New York Natural has consented to Iroquois' assignment to New York Electric of the service agreement between Iroquois and New York Natural, dated May 13, 1953, and has filed in Docket No. G–11296 for permission to abandon service to Iroquois and serve New York Electric instead. Iroquois, however, will continue to purchase gas from New York Natural for service west of the Silver Springs delivery point, according to the terms of the service agreement dated November 10, 1947.

Iroquois advises that the reason for the proposed sale is that New York Electric has requested a larger supply of gas to meet future needs, which would require additional transmission facilities, and that the investment required for these additional facilities is not economically feasible unless made by the owner of the retail distribution system at Dansville (New York Electric).

The facilities to be transferred will be sold at original cost less accrued depreciation to the time of actual transfer. As of June 30, 1956, Iroquois represents this amount to be $200,925.

In its application filed October 25, 1956, New York Natural requests:

(1) Permission to abandon the sale of natural gas to Iroquois for its Dansville line; and

(2) A certificate of public convenience to render similar service to New York Electric, proposed buyer of said line, for distribution in the same territory.

New York Natural states that it proposes to enter into a service agreement with New York Electric, providing for service in the territory that company will acquire from Iroquois. The proposed service agreement calls for deliveries of 800,000 Mcf annually and 8,000 Mcf on a peak day, whereas the currently effective contract between Iroquois and New York Natural provides for 400,000 Mcf per year and 3,000 Mcf on a peak day.

Both applications are on file with the Commission and open for public inspection.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 7, 1957, at 9:30 a. m., e. s. t., in a hearing room of the Federal Power Commission, 441 G Street, NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised it will not be necessary for Applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 26, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE, *Secretary.*

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-173, 54-191]

STANDARD GAS AND ELECTRIC CO. AND PHILADELPHIA CO.

ORDER APPROVING PLAN

FEBRUARY 4, 1957.

In the matters of Standard Gas and Electric Company, File No. 54-191; Philadelphia Company, Standard Gas and Electric Company, File No. 54-173.

Standard Gas and Electric Company ("Standard Gas"), a registered holding company, having filed, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act"), Step IV, as amended, of a plan ("Standard plan") providing for the liquidation of Standard Gas; and

The Commission having heretofore consolidated the proceeding on the Standard plan with the proceeding (File No. 54-173) relating to a plan and amendments thereto ("Philadelphia plan") providing for the simplification of the corporate structure of Philadelphia Company ("Philadelphia"), a subsidiary of Standard Gas and also a registered holding company; and

Step IV, as amended, of the Standard plan providing, among other things, for (a) the cancellation of certain existing tax cut-off agreements between Philadelphia on the one hand and Duquesne Light Company ("Duquesne"), a public-utility company and its subsidiaries on the other hand and the substitution of a new tax cut-off agreement therefor; and (b) the disposition of all of Standard Gas' indirect, and Philadelphia's direct, interest in Pittsburgh Railways Company ("Railways"), a non-utility subsidiary of Philadelphia, and a substantial part of Standard Gas' indirect and Philadelphia's direct interest in Duquesne; and

Standard Gas having requested that the order of the Commission approving Step IV, as amended, contain recitals in accordance with the meaning and requirements of sections 1081 through 1083 of the Internal Revenue Code and section 4382 (b) (2) thereof; and

Standard Gas having further requested that the Commission, pursuant to section 11 (e) of the act, apply to the United States District Court for the District of Delaware to enforce and carry out the terms and provisions of Step IV, as amended, of the Standard plan; and

Standard Gas and Duquesne having filed a request, as amended, that the Commission modify its prior order entered March 13, 1953, prohibiting any interlocking directors between Standard Gas and Duquesne; and

A public hearing having been duly held after appropriate notice with respect to Step IV, as amended, of the Standard plan, at which hearings all interested persons were afforded an opportunity to be heard, and the Commission having heard oral argument; and

The Commission having considered the entire record in this matter and having this day filed its findings and opinion herein, on the basis of such findings and opinion:

It is ordered, On the basis of the entire record herein and said findings and opinion, pursuant to section 11 (e) and other applicable provisions of the act, that Step IV, as amended, be, and hereby is, approved subject to the terms and conditions contained in Rule U-24 of the general rules and regulations promulgated under the act and to the following additional terms and conditions:

(1) That this order shall not become operative to authorize the consummation of any of the transactions proposed in Step IV, as amended, until the United States District Court for the District of Delaware shall, upon application thereto, enter an order enforcing the terms and provisions of Step IV, as amended.

(2) That Standard Gas and Philadelphia shall pay only such fees and expenses in connection with Step IV, as amended, and the proceedings relating thereto as the Commission may approve on appropriate application made to it.

(3) That jurisdiction be, and hereby is, specifically reserved with respect to:

(a) The selection and composition of the initial board of directors of Duquesne after it shall cease to be a subsidiary of the Standard Shares holding company system;

(b) The supervision of efforts to locate the stockholders to which securities are to be sold or distributed under the provisions of Step IV, as amended;

(c) The appropriateness of the accounting entires to be made by Standard Gas and Philadelphia in recording the transactions incident to the consummation of Step IV of the Standard plan; and

(d) The entertainment of such further proceedings, and the entry of such further orders and the taking of such further action as may be necessary or appropriate in connection with Step IV, as amended, the transactions incident thereto, and the consummation thereof.

It is further ordered, That the request of Standard Gas and Duquesne for modification of the March 13, 1953, order with respect to interlocking directors be, and the same hereby is, denied.

It is further ordered and recited, That all steps and transactions involved in the consummation of Step IV, as amended, of the Standard plan including particularly the transfers, conveyances, issuances, exchanges, sales, expenditures, distributions and receipts hereinafter described and recited in subparagraphs I through VIII below, are hereby authorized and approved and are necessary and appropriate to effectuate the provisions of section 11 (b) of the act, all in accordance with the meaning and requirements of Sections 1081 through 1083 of the Internal Revenue Code and section 4382 (b) (2) thereof, the stock and securities and other property to be transferred, conveyed, issued, exchanged, sold, distributed and received upon such transactions, and the expenditures to be made, being specified and itemized as follows:

I. The transfer and distribution by Philadelphia to Standard Gas as the holder of all the common stock of Philadelphia without the surrender by Standard Gas of any of its shares of common stock of Philadelphia of 547,678 shares of common stock of Railways, to be represented by Certificate No. NYU–125 registered in the name of Philadelphia, and of 496,000 shares of common stock of Duquesne, to be represented by Certificate No. PU33 registered in the name of Philadelphia.

II. The amendment of the Certificate of Incorporation of Standard Gas so as to change the par value of its outstanding common stock from $1 per share to 10 cents per share, thereby reducing the capital of Standard Gas from $2,162,607 to $216,260.70, and the issuance by Standard Gas from time to time thereafter of new certificates showing such new par value in exchange for certificates showing the par value of $1 per share.

III. The issuance and distribution by Standard Gas to the holders of its common stock, without surrender by said holders of any of their shares of common stock of Standard Gas, of transferable warrants evidencing the right to purchase whole shares of common stock of Railways on the basis of 1 share of Railways common stock for each 4 shares of Standard Gas common stock held or an aggregate of 540,651.75 shares of said Railways common stock.

IV. The execution and delivery by Standard Gas and Standard Shares of an agreement under which Standard Gas agrees to sell, and Standard Shares agrees to buy 7,026.25 shares of common stock of Railways not offered pursuant to said warrants and all shares of common stock of Railways offered pursuant to said warrants but not purchased by warrant holders.

V. The sale and transfer by Standard Gas, pursuant to said warrants and said agreement with Standard Shares, to the holders of said warrants and to Standard Shares of the entire 547,678 shares of common stock of Railways to be received by it from Philadelphia as above stated, to be represented by Certificates Nos. NYU–245 and NYU–246 registered in the name of Standard Gas or certificates issued against the split-up of the shares represented by said Certificate Nos. NYU–245 and NYU–246.

VI. The transfer and distribution by Standard Gas to the holders of its common stock, without the surrender by the holders of such common stock of Standard Gas of any of their shares of such common stock, of an aggregate of 540,651.75 shares of common stock of Duquesne, in the ratio of ¼ of a share of common stock of Duquesne for each share of common stock of Standard Gas held by such stockholders; said shares of common stock of Duquesne to be distributed by Standard Gas to be represented by Certificate No. NU 493 for 540,652 shares, to be registered in the name of Standard Gas, which, in accordance with Step IV, as amended, are to be transferred to the Distribution Agent referred to in said Step IV, as amended, and held in the form of a certificate or certificates registered in the name of such Distribution Agent or its nominee, the shares to be transferred and distributed by said Agent to holders of common stock of Standard Gas to be represented by certificates issued against, and upon transfer by said Agent or part of the shares represented by, such certificate or certificates so to be registered in the name of said Agent or its nominee, any fraction of a share of common stock of Duquesne distributable to any holder of common stock of Standard Gas to be represented by an Order Form as provided in said Step IV, as amended.

VII. The transfer and delivery by Standard Gas to said Distribution Agent of said 540,652 shares of common stock of Duquesne (to be represented by Certificate No. NU 493 registered in the name of Standard Gas) referred to in subparagraph VI above; the transfer of said certificates for said common stock of Duquesne to and the registration of such stock in the name of said Agent or its nominee; the transfer and delivery by said Agent to the holders of common stock of Standard Gas, subject to acknowledgment by them of receipt of notice to the extent provided in said Step IV, as amended, of said common stock of Duquesne in the ratio of ¼ of a share of Duquesne common stock for each share of common stock of Standard Gas held of record on the distribution record date as provided for by said Step IV, as amended; the issuance and delivery by said Agent to such holders of common stock of Standard Gas, in lieu of any fractional shares of common stock of Duquesne to which they would otherwise be entitled, of Order Forms in respect of fractional shares of Duquesne common stock as provided in said Step

IV, as amended; the transfer of the fractional interests in Duquesne common stock represented by such Order Forms upon the sale thereof by said Agent for the account of the holders of said Order Forms; the transfer and delivery by said Agent to the holders of Standard Gas common stock of shares of common stock of Duquesne to which they are entitled upon presentation (within the period provided in said Step IV, as amended) of Order Forms directing the purchase of the additional fractional interest required to aggregate a full share; the sale, transfer and delivery by said Agent, after the expiration of 30 days from the effective date of the distribution of Duquesne common stock under said Step IV, as amended, of shares of common stock of Duquesne held in respect of fractional interests; and the payment by said Agent to such holders of common stock of Standard Gas, at the time of delivery and transfer by it of shares of common stock of Duquesne as above provided and/or, as to shares of common stock of Duquesne previously held in respect of said Order Forms, after the expiration of 30 days from the effective date of the distribution of Duquesne common stock under Step IV, as amended, of any amounts paid or payable to said Agent as dividends upon the shares so delivered or upon the portions of the shares previously held in respect of said fractional interests, plus their pro rata share, if any, of the proceeds of sale of any shares held for such fractional interests and so sold, less any taxes which may have been imposed or paid thereon.

VIII. The sale, transfer and delivery by said Agent, on or after the cut-off date provided in said Step IV, as amended, of all certificates for shares of common stock of Duquesne then held by such Agent; and the delivery by said Agent of the cash received upon such sale or sales, together with all cash received by said Agent as dividends or otherwise upon any shares of common stock of Duquesne or received by said Agent upon the sale of shares of such common stock held in respect of fractional interests, (1) to Standard Gas or (2) in the event that Standard Gas shall have been liquidated and dissolved, to the Exchange or other Agent provided for by Standard Gas' pending plan for compliance with section 11 (b) of the said act (File No. 54–191) or any amendment thereof for distribution to the holders of common stock of Standard Gas who may be entitled to receive the residual assets of Standard Gas under said plan.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 57–1139; Filed, Feb. 13, 1957; 8:49 a. m.]

[File No. 70–3550]

NEW ENGLAND POWER CO. AND NEW ENGLAND ELECTRIC SYSTEM

ORDER AUTHORIZING ISSUANCE AND SALE AT COMPETITIVE BIDDING OF PRINCIPAL AMOUNT OF BONDS AND SHARES OF COMMON STOCK BY SUBSIDIARY OF A REGISTERED HOLDING COMPANY AND ACQUISITION OF COMMON STOCK FOR CASH BY PARENT REGISTERED HOLDING COMPANY

FEBRUARY 8, 1957.

New England Electric System ("NEES"), a registered holding company and its direct subsidiary New England Power Company ("NEPCO"), a public utility company have filed a joint application and amendments thereto pursuant to sections 6 (b), 9 (a) and 10 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder regarding the following proposed transactions:

NEPCO proposes to issue and sell $10,000,000 principal amount of Series G bonds pursuant to the competitive bidding requirements of Rule U-50. The terms and conditions relating to bids provide that each bid shall specify the coupon rate (which shall be a multiple of ⅛ of 1 percent and not in excess of 5 percent) and the price, exclusive of accrued interest, to be paid the company which price shall be not less than the principal amount nor more than 102¾ percent thereof. The new bonds will be issued under an Indenture of Trust and First Mortgage dated as of November 15, 1936, as amended and supplemented and as to be further amended by a Sixth Supplemental Indenture dated as of February 1, 1957.

At the present time NEPCO has outstanding 2,478,468 shares of common stock par value $20 a share having an aggregate par value of $49,569,360. These shares are all owned by NEES. NEPCO proposes to issue and NEES proposes to acquire 142,857 additional shares of common stock of NEPCO for a total cash consideration of $4,999,995 ($35 a share), this amount being $2,142,855 in excess of the aggregate par value of such shares.

The proceeds from the sale of the Series G bonds and from the sale of the additional common stock are to be applied to the payment of short-term note indebtedness incurred by NEPCO for capitalizable expenditures and the balance if any will be used to pay for other capitalizable expenditures or to reimburse NEPCO's treasury therefor.

The total expenses of NEPCO in connection with the issuance and sale of the Series G bonds are estimated not to exceed $60,000 and for the common stock $6,400. The fees and expenses of counsel for the underwriters are estimated at $9,350 and are to be paid by the underwriters.

The proposed issue and sale of securities by NEPCO have been approved by the Massachusetts Department of Public Utilities, the New Hampshire Public Utilities Commission, and the Vermont Public Service Commission. No State commission or Federal commission other than this Commission has jurisdiction in respect of the acquisition of the common stock of NEPCO by NEES.

Due notice having been given of the filing of said application (Holding Company Act Release No. 13362), and a hearing not having been requested of or ordered by the Commission, and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that the application be granted forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application be, and hereby is, granted forthwith, subject to the terms and conditions prescribed in Rule U-24 and Rule U-50.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

TITLE 7—AGRICULTURE

Subtitle A—Office of the Secretary of Agriculture

PART 11—SALES OF AGRICULTURAL COMMODITIES FOR FOREIGN CURRENCIES

SUBPART A—REGULATIONS GOVERNING THE FINANCING OF COMMERCIAL SALES OF SURPLUS AGRICULTURAL COMMODITIES FOR FOREIGN CURRENCIES

MISCELLANEOUS AMENDMENTS

Basis and purpose of Amendment 1. Section 11.4 (d) (7) of the regulations provides that demurrage and dispatch at point of discharge shall be for the account of the supplier except that the export sales contract may provide that net demurrage at point of discharge shall be for the account of the importer.

The purpose of Amendment 1 is to eliminate the prohibition against the importer earning dispatch in excess of demurrage at point of discharge under export sales contracts where ocean freight is financed as part of the commodity price.

Basis and purpose of Amendment 2. Section 11.7 (b) (3) of the regulations provides that application for reimbursement for supplemental payment under the direct reimbursement method of financing must be made within 180 days from the date of reimbursement for the initial payment by CCC.

The purpose of Amendment 2 is to require that any requests for reimbursement must be submitted to CCC within a period of 210 days after expiration of the specified delivery period or any extension thereof.

Basis and purpose of Amendment 3. Section 11.8 (d) (8) provides that drafts drawn by banking institutions on CCC shall be presented not later than 180 days after expiration of the delivery period specified in the applicable purchase authorization or any extension thereof granted by the Administrator.

The purpose of Amendment 3 is to increase the period of time for presentation to 210 days after expiration of the specified delivery period or any extension thereof.

Basis and purpose of Amendment 4. Section 11.9 (a) provides that drafts drawn on CCC and requests submitted to CCC for reimbursement shall be supported by certain required documents.

The purpose of Amendment 4 is to add a paragraph listing as a required document the signed original of CCC Form 329–3 "Statement of Transmittal of Ocean Bills of Lading".

Basis and purpose of Amendment 5. Section 11.9 (c) of the regulations prescribes the contents of CCC Form 329, "Supplier's Certificate".

The purpose of Amendment 5 is to amend paragraph 6 of the certificate to eliminate the certification that net dispatch earnings are for the account of the supplier, and to provide that information with respect to agents' commissions need not be filled in on any copies of the invoice-and-contract abstract (reverse side of CCC Form 329) furnished by the supplier to the importer.

Basis and purpose of Amendment 6. Section 11.10 (m) provides that banking institutions shall not finance the transaction unless the documentation bears the appropriate purchase authorization number and evidences delivery within the delivery period specified in the purchase authorization.

The purpose of Amendment 6 is to make it clear that the extent of the banking institution's responsibilities with respect to the delivery period specified in the purchase authorization, is to ascertain that the shipping documents evidence delivery within the prescribed period.

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

Agricultural Commodities for Foreign Currencies (21 F. R. 1431) are hereby amended as follows:

1. Paragraph (d) (7) of § 11.4 *Purchase authorizations* is hereby amended to read as follows:

(7) *Ocean freight financed as part of the commodity price.* Ocean freight will be financed as part of the commodity cost only to the extent specifically provided in the applicable purchase authorization. In the absence of a specific provision in the applicable purchase authorization, the cost of ocean freight will not be financed by CCC as part of the commodity price and must not be covered by the net invoice price. Discharge costs on shipments under any export sales contracts where ocean freight is being financed as part of the commodity price may be for the account of the vessel only when in accordance with trade custom.

2. Paragraph (b) (3) of § 11.7 *Methods of financing* is hereby amended to read as follows:

(3) Unless otherwise specifically provided in the purchase authorization, all requests for reimbursement supported by the required documentation shall be submitted to CCC not later than 210 days after expiration of the delivery period specified in the applicable authorization or any extension thereof granted by the Administrator.

3. Paragraph (d) (8) of § 11.8 *Letters of commitment to banking institutions* is hereby amended to read as follows:

(8) Unless otherwise specifically provided in the letter of commitment, drafts drawn by banking institutions on CCC shall be presented not later than 210 days after expiration of the delivery period specified in the applicable purchase authorization or any extension thereof granted by the Administrator.

4. a. Paragraph (a) of § 11.9 *Documentation* is hereby amended to add a subparagraph (8) to read as follows:

(8) Signed original of CCC Form 329–3 "Statement of Transmittal of Ocean Bills of Lading" showing that two non-negotiable copies (or photostats) of the on-board ocean bill of lading have been forwarded to the Administrator, Foreign Agricultural Service, Washington 25, D. C., as required by § 11.4 (d) (9).

b. Present subparagraph (8) is renumbered subparagraph (9).

5. Paragraph (c) of § 11.9 *Documentation* is hereby amended to read as follows:

(c) The supplier's certificate is as follows:

COMMODITY CREDIT CORPORATION FORM 329
(NOVEMBER 15, 1956)

SUPPLIER'S CERTIFICATE

The supplier hereby acknowledges notice that the sum indicated on the accompanying invoice as claimed to be due and owing under the terms of the underlying contract, is to be paid out of funds made available by the Commodity Credit Corporation under the Agricultural Trade Development and Assistance Act of 1954, as amended, and further certifies and agrees with CCC as follows:

(1) The supplier is entitled under said contract to the payment of the claimed sum, and he will promptly make appropriate refund to the CSS Office named in the purchase authorization for any breach by him of the terms of this certificate.

(2) Payment of damages for breach of said contract and of adjustment refunds arising out of the terms of the contract or the customs of the trade shall be made, in United States dollars, for the account of the party entitled to such payment and, unless otherwise provided in the purchase authorization, shall be remitted to the banking institution to which the supplier presented the documents covering the original transaction.

(3) The supplier is the producer, processor, or exporter of, or a regular dealer in, the commodity, or is the ocean carrier who furnished transportation under said contract, and has not employed any person to obtain said contract under any agreement for a commission, percentage, or contingent fee, except to the extent, if any, of the payment of a commission to a bona fide established commercial or selling agent employed by the supplier as disclosed on the reverse of this form.

(4) The supplier has not given or received and will not give or receive by way of side payment, "kickbacks", or otherwise, any benefit in connection with said contract except as is disclosed on the reverse of this form, or as is the result of the adjustments referred to in paragraph (2) above.

(5) Unless authorized by the applicable purchase authorization, the net invoice price does not contain any amount to cover the cost of ocean freight or insurance.

(6) If the applicable purchase authorization so authorizes and the export sales contract requires payment by the supplier of ocean freight, discharge costs are for the account of the vessel only if in accordance with trade customs.

(7) If the applicable purchase authorization so authorizes and the export sales contract requires payment by the supplier of insurance, the policies of insurance contain a provision requiring the underwriter to notify the CSS Office of any claim paid.

(8) If the supplier is the producer, or processor of a commodity, said contract is not a cost plus-a-percentage-of-cost contract.

(9) On the basis of information obtained from such sources as are available to the supplier, and to the best of his information and belief, the commodity was grown in the United States and, if processed, such processing was performed in the United States. (This certification is not required where the commodities exported were the identical commodities purchased from CCC.)

(10) On the basis of information obtained from such sources as are available to the supplier, and to the best of his information and belief, his sales price is no higher than the maximum specified in the applicable regulations of the U. S. Department of Agriculture or in the purchase authorization.

(11) The supplier has complied with the applicable requirements of said regulations, and has allowed all discounts, including discounts for quantity purchases and prompt payment, customarily allowed his other customers similarly situated.

(12) If the supplier is an ocean carrier, he shall not be deemed to certify to paragraph (2) in the case of c. & f. or c. i. f. transactions or to paragraph (5), (6), (7), (8), (9), (10), and (11) but instead certifies that the rate indicated on the reverse of this form for ocean transportation does not exceed the prevailing rate for similar freight contracts or the rate paid to the supplier for similar services by other customers similarly situated; that address commissions have not and will not be paid; that brokerage commissions in excess of 2½ percent of the freight charged have not and will not be paid; and that the names of all parties participating in the brokerage commission are shown on the charter party.

(13) The supplier has filed in the applicable portions of the invoice-and-contract abstract on the reverse hereof, certifies to the correctness of the information shown therein, and will furnish promptly to the CSS Office, upon request, such additional information in such form as the CSS Office may require concerning price or any other details of the contract.

_____
(Date)

_____
(Name of Supplier)

_____
(Authorized signature)

_____
(Title)

NOTE: Any amendments, deletions of applicable provisions, or substitutions will invalidate this certificate.

Before executing the supplier's certificate, the supplier shall fill in the invoice-and-contract abstract on the reverse side in accordance with the instructions printed on the form. The information required by the abstract is generally as follows:

(1) Invoice information, including the supplier's name and address, the importer's name and address, and detailed billing and shipping data.

(2) Information relating to agents' commissions paid or to be paid. This information with respect to agents' commissions need not be filled in on any copies of CCC Form 329 to be furnished by the supplier to the importer.

(3) Contract and price information expressed in dollars including a reconciliation of the contract and invoice prices applicable.

6. Paragraph (m) of § 11.10 *Responsibilities of banking institutions in connection with letters of commitment issued to them* is amended to read as follows:

(m) Section 11.13 contains provisions concerning use of the purchase authorization number, placement of orders, and delivery dates. Banking institutions financing transactions under letters of commitment are not required to assume responsibility for compliance with this section, but shall not finance the transactions unless the documentation bears the appropriate purchase authorization number and the shipping documents evidence delivery within the delivery period specified in the purchase authorization.

(Sec. 102, 68 Stat. 455; 7 U. S. C. 1702. E. O. 10560, 19 F. R. 5927, 3 CFR, 1954 Supp.)

Effective date. These amendments shall become effective upon publication

in the FEDERAL REGISTER as to purchase authorizations originally issued on and after the date of such publication. Purchase authorizations originally issued prior to such date of publication shall continue to be subject to the provisions of this subpart applicable thereto prior to these amendments unless these amendments are made applicable to such purchase authorizations by amendment or modification of such purchase authorizations.

Done at Washington, D. C., this 12th day of February 1957. Witness my hand and the seal of the Department of Agriculture.

[SEAL] TRUE D. MORSE, *Acting Secretary.*

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 52—PROCESSED FRUITS AND VEGETABLES, PROCESSED PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS

SUBPART—UNITED STATES STANDARDS FOR GRADES OF CANNED ASPARAGUS

Correction

In Federal Register Document 57-1017, published at page 805 in the issue for Saturday, February 9, 1957, paragraph (a) of § 52.2556 should read as follows:

§ 52.2556 *Definitions and explanations of terms*—(a) *Head.* Head in cut spears means the tip end which has been cut from an asparagus shoot which is ⅝ inch or more in length with respect to the green type and which is ⅜ inch or more in length with respect to green tipped and white and white types, or the upper portion of a spear which possesses a substantial amount of head material which has been cut from near the tip end and which is approximately the same length as the other cut units.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[970.303 Amdt. 3]

PART 970—IRISH POTATOES GROWN IN MAINE

LIMITATION OF SHIPMENTS

Findings. (a) Pursuant to Marketing Agreement No. 122 and Order No. 70 (7 CFR Part 970), regulating the handling of Irish potatoes grown in Maine, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Maine Potato Marketing Committee, established pursuant to said marketing agreement and order, and upon other available information, it is hereby found that the amendment to the limitation of shipments, as hereinafter provided, will tend to effectuate the declared policy of the act.

(b) It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (1) the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, (2) more orderly marketing in the public interest, than would otherwise prevail, will be promoted by regulating the shipment of potatoes, in the manner set forth below, on and after the effective date of this amendment, (3) compliance with this amendment will not require any special preparation on the part of handlers which cannot be completed by the effective date, (4) reasonable time is permitted, under the circumstances, for such preparation, (5) information regarding the committee's recommendations has been made available to producers and handlers in the production area, and (6) this amendment relieves restrictions on the handling of potatoes grown in the production area.

Order, as amended. The provisions of paragraph (b) (1) of § 970.303, as amended (21 F. R. 6911, 8232; 22 F. R. 544), are hereby amended by adding the following proviso at the end thereof: ": *Provided*, That beginning on February 18, 1957, potatoes of such long varieties that are in packs of 50 pounds, or more, may be shipped if such potatoes are at least 'fairly clean'."

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 12, 1957, to become effective February 18, 1957.

[SEAL] S. R. SMITH, *Director, Fruit and Vegetable Division, Agricultural Marketing Service.*

[F. R. Doc. 57-1213; Filed, Feb. 14, 1957; 8:55 a. m.]

[Tomato Reg., Amdt. 1]

PART 1065—TOMATOES

MISCELLANEOUS AMENDMENTS

Pursuant to the requirement contained in section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), § 1065.2 *Tomato Regulation No. 2* (22 F. R. 811) is hereby amended as follows:

1. Amend paragraph (a) *Import restrictions* to read as follows:

(a) *Import restrictions.* During the period from February 14, 1957, through March 9, 1957, and subject to CFR Part 1060 of this subchapter applicable to the importation of listed commodities and the requirements of this section, no person shall import any tomatoes unless such tomatoes are of a diameter greater than 2⅛ inches and meet the requirements of U. S. Combination, or better, grade except that tomatoes which are of a diameter greater than 2$^{2}/_{32}$ inches may be imported if they meet the requirements of the U. S. No. 2, or better, grade.

2. Delete paragraph (b), and renumber paragraphs (c), (d), (e), and (f) as paragraphs (b), (c), (d), and (e), respectively.

3. Amend newly renumbered paragraph (d) (6) (formerly (e) (6)), to read as follows:

(6) The following shipping point tolerances, applicable to the U. S. Combination, and the U. S. No. 2 grades, respectively, shall apply to all inspections performed on tomatoes prior to or upon entry into the United States:

(i) *U. S. Combination.* "At shipping point (or in shipments from outside the continental United States when inspected at points of entry) not more than a total of 10 percent, by count, for tomatoes in any lot which fail to meet the requirements of the U. S. No. 2 grade: *Provided*, That not more than one-tenth of this amount, or 1 percent, shall be allowed for tomatoes which are soft or affected by decay;" and

(ii) *U. S. No. 2.* "At shipping point (or in shipments from points outside the continental United States when inspected at points of entry) not more than a total of 10 percent, by count, for tomatoes in any lot which fail to meet the requirements of this grade: *Provided*, That not more than one-tenth of this amount, or 1 percent, shall be allowed for tomatoes which are soft or affected by decay."

4. Amend newly renumbered paragraph (e) (1) (formerly (f) (1)) to read as follows:

(e) *Definitions.* (1) The terms "U. S. Combination", and "U. S. No. 2" shall have the same meaning assigned these terms in the United States Standards for Fresh Tomatoes (21 F. R. 9559).

It is hereby found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendatory regulation beyond that herein specified (5 U. S. C. 1001 et seq.) in that (i) the requirements established by this amended import regulation are issued pursuant to section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), which makes such regulation mandatory; (ii) the same regulations are now in effect on domestic shipments of tomatoes under Marketing Agreement No. 125 and Order No. 45 (7 CFR 945.303; 22 F. R. 757, 812); (iii) compliance with this tomato import regulation should not require any special preparation by importers which cannot be completed by the effective date; (iv) this amendment imposes less severe restrictions on the importation of tomatoes than would be imposed by § 1065.2 Tomato Regulation No. 2 (22 F. R. 811) if it were not amended; and (v) the regulations hereby established for tomatoes that may be imported into the United States are equivalent or comparable to those imposed upon domestic tomatoes under the aforesaid marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c. Interprets or applies sec. 401, 68 Stat. 906, 1047; 7 U. S. C. 608e)

Dated: February 12, 1957.

[SEAL] S. R. SMITH, *Director, Fruit and Vegetable Division, Agricultural Marketing Service.*

PART 95—SANITARY CONTROL OF ANIMAL BYPRODUCTS (EXCEPT CASINGS), AND HAY AND STRAW, OFFERED FOR ENTRY INTO THE UNITED STATES

IMPORTATION OF CERTAIN CLOTH AND BURLAP FROM RINDERPEST OR FOOT-AND-MOUTH DISEASE COUNTRIES

Pursuant to the authority vested in the Secretary of Agriculture by section 2 of the act of February 2, 1903, as amended (21 U. S. C. 111), § 95.23 of the regulations governing the sanitary control of animal byproducts (except casings), and hay and straw, offered for entry into the United States (9 CFR 95.23) is hereby amended to read as follows:

§ 95.23 *Previously used meat covers; importations permitted subject to restrictions.* Cloth or burlap which has been used to cover fresh or frozen meats originating in any country designated in § 94.1 of this subchapter as a country in which rinderpest or foot-and-mouth disease exists, shall not be imported except under the following conditions:

(a) The cloth or burlap shall be consigned from the coast or border port of arrival to an establishment specifically approved for the purpose by the Chief of the Branch.

(b) The cloth or burlap shall be immediately moved from the coast or border port of arrival, or in case of I. T. or in-bond shipments from the interior port, to the establishment, in railroad cars or trucks, or in vessel compartments, with no other material contained therein, sealed with seals of the Department, which shall not be broken except by inspectors or other persons authorized by the Chief of Branch: *Provided, however*, That upon permission of the Chief of Branch, such cloth or burlap may be stored for a temporary period in approved warehouses at the port of arrival under bond and under the supervision of an inspector.

(c) The material shall be disinfected and otherwise handled at the establishment under the direction of an inspector in a manner approved by the Chief of Branch to guard against the dissemination of foot-and-mouth disease and rinderpest, and the material shall not be removed therefrom, except upon special permission of the Chief of Branch, until all of the conditions and requirements of this section have been complied with.

Previous regulations provided that cloth or burlap used to cover fresh or frozen meats originating in countries where rinderpest or foot-and-mouth disease exists, was prohibited entry into this country. Under this amendment this material may be imported under certain specified restrictions.

This amendment relieves certain restrictions on the importation of cloth and burlap and must be made effective immediately to be of maximum benefit to affected persons. Accordingly, pursuant to section 4 of the Administrative Procedure Act (5 U. S. C. 1003), it is found upon good cause that notice and other public procedure concerning this amendment are impracticable and contrary to the public interest, and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER. Such notice and hearing are not required by any other statute.

The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER.

(Sec. 2, 32 Stat. 792, as amended; 21 U. S. C. 111)

Done at Washington, D. C., this 11th day of February 1957.

M. R. CLARKSON, *Acting Administrator, Agricultural Research Service.*

[F. R. Doc. 57-1176; Filed, Feb. 14, 1957; 8:49 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 13]

PART 610—MINIMUM EN ROUTE IFR ALTITUDES

MISCELLANEOUS AMENDMENTS

The minimum en route IFR altitudes appearing hereinafter have been coordinated with interested members of the industry in the regions concerned insofar as practicable. The altitudes are adopted without delay in order to provide for safety in air commerce. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required. Part 610 is amended as follows: (Listed items to be placed in appropriate sequence in the sections indicated).

Section 610.102 *Amber Civil Airway 2* is amended to delete:

From San Pedro INT, Calif.; to Long Beach, Calif., LFR; MEA 4,000.

From Long Beach, Calif., LFR; to °La Habra INT, Calif.; MEA 3,000. °10,000—MCA La Habra INT, northeastbound.

From La Habra INT, Calif.; to Fairgrounds INT, Calif. Northeastbound, MEA 12,000; southeastbound MEA 4,000.

From Fairgrounds INT, Calif.; to Daggett, Calif. LFR; MEA 12,000.

Section 610.107 *Amber Civil Airway 7* is amended to read in part:

From Relay INT, Md.; to Lock Raven INT, Md.; MEA 2,000.

Section 610.113 *Amber Civil Airway 13* is amended to delete:

From Riverdale, Md., LF/RBN; to Baltimore, Md. LFR; MEA 1,500.

From Baltimore, Md., LFR; to INT. N course Baltimore and SW course Philadelphia, LFR; MEA 2,000.

From INT. N course Baltimore and SW course Philadelphia, LFR; to Philadelphia, Pa., LFR; MEA 1,800.

From Philadelphia, Pa., LFR; to N. Philadelphia, Pa., LFR; MEA 1,800.

From N. Philadelphia, Pa., LFR; to Newark, N. J., LFR; MEA 1,500.

Section 610.114 *Amber Civil Airway 14* is amended to delete:

From Riverdale, Md., LF/RBN; to Ellicott City INT, Md.; MEA 2,000.

From Ellicott City INT, Md.; to Westminister INT, Md.; MEA 2,000.

From Westminister INT, Md.; to Lancaster, Pa., LF/RBN; MEA 2,000.

From Willow Grove, Pa. LFR; to Belle Mead INT, N. J.; MEA 1,700.

From Belle Mead INT, N. J.; to Chatham, N. J., LF/RBN; MEA 2,000.

Section 610.115 *Amber Civil Airway 15* is amended to delete:

From Riverdale, Md., LF/RBN; to Baltimore, Md., LFR; MEA 1,500.

From Baltimore, Md. LFR; to Int. N course Baltimore and SW course Philadelphia, LFR; MEA 2,000.

From Int. N course Baltimore and SW course Philadelphia, LFR; to Philadelphia, Pa., LFR; MEA 1,800.

From Philadelphia, Pa., LFR; to Mt. Holly INT, N. J.; MEA 1,800.

From Mt. Holly INT, N. J.; to Freehold INT, N. J.; MEA 1,500.

From Freehold INT, N. J.; to Idlewild, N. Y., LFR; MEA 1,500.

Section 610.119 *Amber Civil Airway 19* is amended to delete:

From Riverdale, Md., LF/RBN; to Baltimore, Md., LFR; MEA 1,500.

From Baltimore, Md., LFR; to Int. N course Baltimore, Md., and SW course Philadelphia, LFR; MEA 2,000.

From Int. N course Baltimore, Md., and SW course Philadelphia, LFR; to Philadelphia, Pa., LFR; MEA 1,800.

From Philadelphia, Pa., LFR; to Mt. Holly INT, N. J.; MEA 1,500.

From Mt. Holly INT, N. J.; to Freehold INT, N. J.; MEA 1,500.

From Freehold INT, N. J.; to Flatbush INT, N. Y.; MEA 1,500.

From Flatbush INT, N. J.; to La Guardia, N. Y. LFR; MEA 2,500.

Section 610.210 *Red Civil Airway 10* is amended to read in part:

From Alvord INT, Tex.; to Dallas, Tex., LFR; MEA 2,200.

Section 610.222 *Red Civil Airway 22* is amended to read in part:

From U. S. Canadian Border; to Buffalo, N. Y., LFR; MEA 2,300.

Section 610.223 *Red Civil Airway 23* is amended to read in part:

From U. S. Canadian Border; to Buffalo, N. Y., LFR; MEA 2,300.

Section 610.313 *Red Civil Airway 113* is added to read:

From Makapuu Pt., T. H., LF/RBN; to Int. 062 T bearing from Makapuu Pt., LF/RBN and N course Maui, LFR; MEA 2,000.

Section 610.1001 *Direct Routes, U. S.* is amended by adding:

From Placerville INT, Calif.; to Sacramento, Calif., VOR; westbound only; MEA 7,000.
From Yosemite INT, Calif.; to Modesto, Calif., VOR; westbound only, MEA 8,000.
From Orange Cove INT, Calif.; to Fresno, Calif., VOR; westbound only, MEA 4,000.

Section 610.6003 *VOR Civil Airway 3* is amended to delete:

From Raleigh-Durham, N. C., VOR; to Lawrenceville, Va., VOR; MEA 1,800.
From Lawrenceville, Va., VOR; to Flat Rock, Va., VOR; MEA 1,500.

Section 610.6003 *VOR Civil Airway 3* is amended to read in part:

From Int. 016 T radial, Washington, D. C., TVOR & 104 T radial, Herndon, Va., VOR; to Hereford INT, Md.; MEA *5,000. *2,000—MOCA.

Section 610.6003 *VOR Civil Airway 3* is amended by adding:

From Raleigh, N. C., VOR; to Chase City INT, Va.; MEA *3,000. *2,000—MOCA.
From Chase City INT, Va.; to Flat Rock, Va., VOR; MEA *2,500. *2,000—MOCA.

Section 610.6006 *VOR Civil Airway 6* is amended to read in part:

From Iowa City, Iowa, VOR, via S alter.: to Moline, Ill., VOR via S alter.; MEA 2,100.
From Moline, Ill., VOR; to *Shabbona INT, Ill.; MEA 2,100. *3,500—MRA.
From Shabbona INT, Ill.; to Sugar Grove INT, Ill.; MEA 2,100.
From Sugar Grove INT, Ill.; to Naperville, Ill., VOR; MEA 2,000.

Section 610.6007 *VOR Civil Airway 7* is amended to delete:

From Chicago Heights, Ill., VOR; to City INT, Ill, MEA 2,000.
From City INT, Ill.; to *Lake Forest INT, Ill.; MEA **3,000. *3,600—MRA. **2,500—MOCA.
From Lake Forest INT, Ill.; to *Bristol INT, Wis.; MEA **3,000. *3,000—MRA. **2,000—MOCA.
From Bristol INT, Wis.; to *Wind Lake INT, Wis.; MEA **3,000. *3,000—MRA. **2,000—MOCA.
From Wind Lake INT, Wis.; to Milwaukee, Wis., VOR; MEA 2,300.

Section 610.6007 *VOR Civil Airway 7* is amended by adding:

From Chicago Hgts., Ill., VOR; to *Bull Head INT, Ill.; MEA 2,500. *2,500—MRA.
From Bull Head INT, Ill.; to *Papi INT, Ill.; MEA 2,500. *2,500—MRA.
From Papi INT, Ill.; to *Taylor INT, Wis.; MEA **4,500. *4,500—MCA Taylor INT, southbound. **2,000—MOCA.
From Taylor INT, Wis.; to Racine INT, Wis.; MEA *3,000. *2,000—MOCA.

Section 610.6217 *VOR Civil Airway 217* is amended to delete:

From Naperville, Ill., VOR; to *Lake Forest INT, Ill.; MEA **3,000. *3,500—MRA **2,500—MOCA.

From Lake Forest INT, Ill.; to *Bristol INT, Wis.; MEA **3,000. *3,000—MRA. **2,000—MOCA.

Bristol INT, Wis.; to Milwaukee, Wis. ILS loc.; MEA 2,000.

Section 610.6217 *VOR Civil Airway 217* is amended by adding:

From Chicago (O'Hare), Ill., TVOR; to Taylor INT, Wis.; MEA *3,000. *2,000—MOCA.

From Taylor INT, Wis.; to Racine INT, Wis.; MEA *3,000. *2,000—MOCA.

From Racine INT, Wis.; to *Oakwood INT, Wis.; MEA **3,000. *3,000—MRA. **2,100—MOCA.

From Oakwood INT, Wis.; to Milwaukee, Wis., ILS loc.; MEA 2,000.

Section 610.6218 *VOR Civil Airway 218* is amended to read in part:

From Sycamore INT, Ill.; to Naperville, Ill., VOR; MEA 2,000.

Section 610.6219 *VOR Civil Airway 219* is amended to delete:

From Janesville, Wis., VOR; to *New Berlin INT, Wis.; MEA **3,500. *3,500—MRA. **2,400—MOCA.

Section 610.6233 *VOR Civil Airway 233* is amended by adding:

From Moline, Ill., VOR; to Cedar Rapids, Iowa, VOR; MEA 2,200.

Section 610.6255 *VOR Civil Airway 255* is added to read:

From Burlington, Iowa, VOR; to Moline, Ill., VOR; MEA 2,300.

From Moline, Ill., VOR; to Thomson INT, Ill.; MEA 2,200.

From Thomson INT, Ill.; to Rockford, Ill., VOR; MEA 2,500.

From Rockford, Ill., VOR; to Janesville, Wis., VOR; MEA 2,500.

Section 610.6259 *VOR Civil Airway 259* is amended to read in part:

From Charlotte, N. C., VOR; to Maiden INT, N. C.; MEA 3,100.

From *Maiden INT, N. C.; to Tri-City, Tenn., VOR; MEA 8,000. *7,000—MCA Maiden INT, northwestbound.

Section 610.6262 *VOR Civil Airway 262* is added to read:

From Bradford, Ill., VOR; to Joliet, Ill., VOR; MEA 2,000.

From Joliet, Ill., VOR; to Chicago (Midway), Ill., TVOR; MEA 2,000.

Section 610.6264 *VOR Civil Airway 264* is added to read:

From *Ontario, Calif., VOR; to **Giant Rock INT, Calif.; MEA 14,000. *10,000—MCA Ontario VOR, eastbound. **14,000—MRA.

Section 610.6266 *VOR Civil Airway 266* is added to read:

From So. Boston, Va., VOR; to Lawrenceville, Va., VOR; MEA 1,800.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

These rules shall become effective March 14, 1957.

[SEAL] JAMES T. PYLE,
Administrator of Civil Aeronautics.

[F. R. Doc. 57-1120; Filed, Feb. 14, 1957; 8:45 a. m.]

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 662—CEMENT INDUSTRY IN PUERTO RICO

PART 700—CLAY AND CLAY PRODUCTS INDUSTRY IN PUERTO RICO

On December 7, 1956, pursuant to section 5 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), the Secretary of Labor by Administrative Order No. 472 (21 F. R. 9725) appointed, convened and gave notice of the hearings of Industry Committee No. 27-A for the Clay and Clay Products Industry in Puerto Rico and Industry Committee No. 27-B for the Cement Industry in Puerto Rico, among others. Each of these Committees was directed to recommend the minimum rates of wages to be paid under section 6 (c) of the act to employees in its industry who are engaged in commerce or in the production of goods for commerce.

Subsequent to an investigation and a hearing, conducted pursuant to the notice, each Committee filed with the Administrator a report containing its findings with respect to the matters referred to it. Accordingly, as authorized and required by section 8 of the act and General Order No. 45-A of the Secretary (15 F. R. 3290), (1) the recommendations of these Committees are hereby published in the following amendments to the Code of Federal Regulations, and (2) effective March 3, 1957, Parts 700 and 662 of Title 29, Code of Federal Regulations, are hereby amended to read as follows:

Sec.
700.1 Definition of the industry.
700.2 Wage rates.
700.3 Notices.

AUTHORITY: §§ 700.1 to 700.3 issued under section 8, 52 Stat. 1064, as amended; 29 U. S. C. 208. Interpret or apply section 5, 52 Stat. 1064, as amended; 29 U. S. C. 205.

§ 700.1 *Definition of the industry.* The clay and clay products industry in Puerto Rico, to which this part shall apply, is defined as follows: The quarrying or other extraction of common clay, shale, kaolin, ball clay, fire clay and other types of clay; and the manufacture of structural clay products, china, pottery, tile, and other ceramic products and refractories.

§ 700.2 *Wage rates.* (a) Wages at a rate of not less than 55 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the clay and clay products industry in Puerto Rico, who is engaged in commerce or in the production of goods for commerce and who is engaged in the vitreous and semi-vitreous china food utensils classification, which is defined as the manufacture of vitreous and semi-vitreous china table and kitchen articles for use in households and hotels, restaurants and other commercial institutions, for preparing, serving or storing food or drink, except that this classification does not include products in the hand-made art pottery classification, as defined herein.

(b) Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the clay and clay products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the hand-made art pottery classification, which is defined as the manufacture of hand-made art pottery.

(c) Wages at a rate of not less than $1.00 an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the clay and clay products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the structural clay and miscellaneous clay products classification, which is defined as the manufacture of structural clap products, sanitary ware, and all other products included in the clay and clay products industry, as defined in this part, except those included in the vitreous and semi-vitreous china food utensils classification and the hand-made art pottery classification, as defined herein.

§ 700.3 *Notices.* Every employer subject to the provisions of § 700.2 shall post in a conspicuous place in each department of his establishment where employees subject to the provisions of § 700.2 are working such notices of this part as shall be prescribed from time to time by the Administrator of the Wage and Hour Division of the United States Department of Labor and shall give such other notice as the Administrator may prescribe.

PART 662—CEMENT INDUSTRY IN PUERTO RICO

Sec.
662.1 Definition of the industry.
662.2 Wage rate.
662.3 Notices.

AUTHORITY: §§ 662.1 to 662.3 issued under section 8, 52 Stat. 1064, as amended; 29 U. S. C. 208. Interpret or apply section 5, 52 Stat. 1064, as amended; 29 U. S. C. 205.

§ 662.1 *Definition of the industry.* The cement industry in Puerto Rico, to which this part shall apply, is defined as follows: The manufacture of hydraulic cement including the extraction of raw materials therefor.

§ 662.2 *Wage rate.* Wages at a rate of not less than $1.00 an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the cement industry in Puerto Rico, as defined in § 662.1, who is engaged in commerce or in the production of goods for commerce.

§ 662.3 *Notices.* Every employer subject to the provisions of § 662.2 shall post in a conspicuous place in each department of his establishment where employees subject to the provisions of § 662.2 are working such notices of this part as shall be prescribed from time to time by the Administrator of the Wage and Hour Division of the United States Department of Labor, and shall give such other notice as the Administrator may prescribe.

Signed at Washington, D. C. this 11th day of February 1957.

NEWELL BROWN,
Administrator,
Wage and Hour Division.

[F. R. Doc. 57-1203; Filed, Feb. 14, 1957; 8:53 a. m.]

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans Administration

PART 3—VETERANS CLAIMS

INITIAL DETERMINATION AND ADJUDICATIVE ACTION

In § 3.123, the introductory paragraph preceding paragraph (a) is amended to read as follows:

§ 3.123 *Initial determinations and adjudicative action under section 31, Public Law 141, 73d Congress, as amended by section 12, Public Law 866, 76th Congress, and under paragraph 4, Part VII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12A).* Compensation will be payable only when it is determined that the disability or additional disability or death resulted from disease or injury, or an aggravation of an existing disease or injury, suffered as a result of training, hospitalization, medical or surgical treatment, or examination under authority of any of the laws granting monetary or other benefits to World War veterans. The term "hospitalization" as used in this section includes transportation of a patient who is being transported under the auspices, or by order of, the Veterans Administration to or from one of its hospitals (or between hospitals) whether by a Veterans Administration employee or by an agent or contractor engaged by the Veterans Administration. If the disability resulted from transportation while in a hospitalized status, compensation will be payable only where the injury or death proximately resulted from the carelessness, negligence, lack of proper skill, error in judgment, etc., of an employee of the Veterans Administration. The following principles will be observed:

• • • • •

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9, 38 U. S. C. 11a, 426, 707. Interpret or apply sec. 31, 48 Stat. 526, sec. 12, 54 Stat. 1197, sec. 2, 57 Stat. 43; 38 U. S. C. 501a, 501a-1, ch. 12A)

This regulation is effective February 15, 1957.

[SEAL] JOHN S. PATTERSON,
Deputy Administrator.

[F. R. Doc. 57-1199; Filed, Feb. 14, 1957; 8:53 a. m.]

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

DEPENDENCY AND INDEMNITY COMPENSATION

Immediately following § 4.421, a new centerhead and §§ 4.430 through 4.436 are added as follows:

BASIC REQUIREMENTS

§ 4.430 *Service-connected deaths on or after January 1, 1957.* Dependency and indemnity compensation is payable upon application therefor, to the widow, children, and parents of a person who dies on or after January 1, 1957:

(a) From disease or injury incurred or aggravated in line of duty while on

active duty or active duty for training; or

(b) From injury incurred or aggravated in line of duty while on inactive duty training; or

(c) From a disability compensable under laws administered by the Veterans Administration.

(Sec. 201, Pub. Law 881, 84th Cong.)

§ 4.431 *Claims*—(a) *General.* Except as provided in paragraphs (c) and (d) (1) of this section, a specific claim on the form prescribed by the Administrator of Veterans Affairs (VA Form VB 8–534 or VB 8–535) must be filed by the widow, child, mother, or father applying for dependency and indemnity compensation or by the claimant for accrued benefits. A claim for dependency and indemnity compensation filed by the widow, child, or parent will also be considered as a claim for any accrued compensation or pension due. See paragraph (d) of this section as to claim for child.

(b) *Informal claims.* An informal claim may be accepted subject to the requirements of § 3.27 of this chapter.

(c) *Claims filed with Social Security Administration.* An application on VA Form VB 8–4182 filed on or after January 1, 1957, with the Social Security Administration shall be considered a claim for dependency and indemnity compensation and to have been received in the Veterans Administration as of the date of receipt in the Social Security Administration. The receipt of such an application (or copy thereof) received in the Veterans Administration shall not preclude a request for any necessary evidence on VA Form VB 8–534 or VB 8–535 or otherwise. (Sec. 601, Pub. Law 881, 84th Cong.)

(d) *Claim for child.* (1) Where a child's entitlement to dependency and indemnity compensation arises by reason of termination of a widow's right to dependency and indemnity compensation, or by reason of attaining the age of 18 years, a claim will be required. See § 4.445 (a) (3) and (d) (1). (Sec. 209 (a), Pub. Law 881, 84th Cong.) The claim may consist of a statement in writing showing an intent to file claim for dependency and indemnity compensation or VA Form VB 8–4183 signed by the child or some person acting as next friend. If claim is made by a statement in writing and VA Form VB 8–4183 is considered necessary, the executed form will be considered evidence required to complete the claim. Where the award to the widow is terminated by reason of her death, a claim for the child which meets the requirements of this subparagraph will be considered a claim for any accrued dependency and indemnity compensation which may be payable.

(2) A claim filed by a widow who does not herself have title will be accepted as a claim for a child or children in her custody named in the claim. In such cases, if a determination of the widow's entitlement will be unduly delayed, and the child or children are in need and their entitlement is established, dependency and indemnity compensation shall be payable to the child or children at the rates specified where there is no widow: *Provided, however,* That if the total rate payable for children where there is no widow is greater than the rate which would be payable to the widow if entitlement were established, the award of dependency and indemnity compensation for the children shall not exceed the rate payable if there were a widow.

(3) When the claim of a widow is disallowed, including disallowance for failure to furnish evidence, and evidence adequate to establish entitlement of a child or children who were named in the widow's claim is furnished within 1 year from the date of request (requested either prior or subsequent to the disallowance of the widow's claim), the award for the child or children will be made as if the disallowed claim had been filed solely on their behalf; otherwise, payments may not be made for the child or children for any period prior to the date of receipt of a new claim (formal or informal).

(e) *Furnishing claim forms*—(1) *General.* Upon receipt of notice of death of a veteran, the appropriate application blank (VA Form VB 8–534 or VB 8–535) will be forwarded for execution by or on behalf of any dependent who has apparent entitlement to dependency and indemnity compensation. If the potential claim involves establishment of foster parentage, VA Form 8–524 will also be sent. If it is not indicated that any person would be entitled to receive dependency and indemnity compensation, but there is payable accrued disability compensation, disability pension, retirement pay, subsistence allowance, readjustment allowance, or education and training allowance, not paid during the veteran's lifetime, VA Form 8–614 or, where appropriate, VA Form VB 8–551, will be forwarded to the preferred claimant.

(2) *Death due to hospital treatment, etc.* The provisions of § 4.0 (b) (3) are applicable.

(3) *Child.* Where it is apparent that a child may be entitled to dependency and indemnity compensation in its own right following termination of a widow's entitlement (e. g., by remarriage or death) or because the child has attained the age of 18 years, and a written statement constituting a claim has not been filed, VA Form VB 8–4183 will be forwarded for execution by or on behalf of any child of record at the latest address shown in the file. The letter transmitting the application will contain notice that unless a claim is filed within 1 year from the date of the contingency on which the child's entitlement is based dependency and indemnity compensation may not be paid for any period prior to date of receipt of claim.

(f) *New and material evidence.* New and material evidence relating to the same factual basis as that of a finally disallowed claim for dependency and indemnity compensation shall be accepted as a claim in determining the commencing date of an award when such evidence or accompanying communication meets the requirements of an informal claim, except that when such new and material evidence results from the correction of the military or naval records of the proper service department by a board for correction of military (or naval) records under section 207 of the Legislative Reorganization Act of 1946, the commencing date of an award of dependency and indemnity compensation shall be the date on which such application was filed with the service department, subject to the requirements of § 4.445 (g).

(Sec. 501 (u), Pub. Law 881, 84th Cong.)

§ 4.431a *Evidence filed with or required by Social Security Administration.* (a) Evidence received in the Social Security Administration support of a claim filed on or after January 1, 1957, for benefits under Title II of the Social Security Act will be considered to have been received in the Veterans Administration as of the date of receipt in Social Security Administration. Where such evidence is needed in a claim for dependency and indemnity compensation, a copy of such evidence (or certification thereof) will be requested from Social Security Administration.

(b) A copy (or certification) of evidence filed in the Veterans Administration in support of a claim for dependency and indemnity compensation will be furnished Social Security Administration upon request from that agency.

(Sec. 601, Pub. Law 881, 84th Cong.)

§ 4.432 *Time limits*—(a) *Notice of time limit for filing evidence.* In the event the claimant's application is not complete at the time of original submission, the Veterans Administration will notify the claimant of the evidence necessary to complete the application and, if such evidence is not received within 1 year from the date of request therefor, dependency and indemnity compensation may not be paid by virtue of that application (par. 1 (a) (2), Part I, Veterans Regulations 2 (d) (38 U. S. C. ch. 12A) and sec. 209 (a) Pub. Law 881, 84th Cong.).

(b) *Failure to furnish claim or notice of time limit.* Failure to furnish a potential claimant any form or information concerning the right to file claim for dependency and indemnity compensation, or to furnish notice of the time limit for the submission of evidence, or to furnish notice of the time limit for the filing of an appeal will not extend the period allowed for these actions.

(c) *Computation of time limit.* In computing the time limit for the filing of claims or evidence requested by the Veterans Administration, the first day of the specified period will be excluded and the last day included. This rule will be applicable in cases in which the time limit expires on a workday. Where, under this rule, the time limit would expire on a nonworkday, the next succeeding workday will be included in the computation.

CROSS REFERENCE: *Appeals.* See §§ 3.328 to 3.333 of this chapter.

§ 4.433 *Service requirements.* Dependency and indemnity compensation is payable under Title II, Public Law 881, 84th Congress, based on service rendered by a "member of a uniformed service" as defined in this section. This definition

is applicable where death occurs on or after January 1, 1957, regardless of the dates when service was rendered.

(a) The term "member of a uniformed service" means a person appointed, enlisted, or inducted in a component of the Army, Navy, Air Force, Marine Corps, or Coast Guard (including a reserve component of a uniformed service), or in one of those services without specification of component, or as a commissioned officer of the Coast and Geodetic Survey or the Regular or Reserve Corps of the Public Health Service, and any person serving in the Army or Air Force under call or conscription. The term includes:

(1) A retired member of any of those services;

(2) A member of the Fleet Reserve or Fleet Marine Corps Reserve;

(3) A cadet at the United States Military Academy, a midshipman at the United States Naval Academy, and a cadet at the United States Coast Guard Academy or United States Air Force Academy;

(4) A member of the Reserve Officers' Training Corps, the Naval Reserve Officers' Training Corps, or the Air Force Reserve Officers' Training Corps, when ordered to annual training duty for 14 days or more, and while performing authorized travel to and from that duty; and

(5) Any person who suffers an injury or disease resulting in death while en route to or from, or at, a place for final acceptance or for entry upon active duty in the military or naval service:

(i) Who has been provisionally accepted for such duty; or

(ii) Who, under the Universal Military Training and Service Act, has been selected for active military or naval service; and has been ordered or directed to proceed to such place. The criteria contained in § 3.1 (n) (2) (ii) of this chapter are applicable.

The term does not include a temporary member of the Coast Guard Reserve. (Sec. 102 (2) and 102 (11) (E), Pub. Law 881, 84th Cong.)

(b) "Reserve component of a uniformed service" means:

(1) The Army Reserve,

(2) The Naval Reserve,

(3) The Marine Corps Reserve,

(4) The Air Force Reserve;

(5) The Coast Guard Reserve,

(6) The Reserve Corps of the Public Health Service,

(7) The National Guard of the United States, and

(8) The Air National Guard of the United States.

(Sec. 102 (3), Pub. Law 881, 84th Cong.)

§ 4.434 *Definitions of duty*—(a) *Active duty.* (1) Active duty means:

(i) Full-time duty performed by a member of a uniformed service in the active military or naval service, other than active duty for training,

(ii) Full-time duty as a commissioned officer in the Coast and Geodetic Survey, or in the Regular Corps of the Public Health Service, or in the Reserve Corps of the Public Health Service (other than for training purposes),

(iii) Service as a cadet at the United States Military, Air Force, or Coast Guard Academy, or as a midshipman at the United States Naval Academy, and

(iv) Authorized travel to or from such duty or service.

(Sec. 102 (4), Pub. Law 881, 84th Cong.)

(2) Where an individual is discharged or released on or after January 1, 1957, from a period of active duty, such individual shall be deemed to continue on active duty during the period of time immediately following the date of such discharge or release determined by the Secretary concerned to be required for him to proceed to his home by the most direct route, and in any event, until midnight of the date of such discharge or release (sec. 102 (12), Pub. Law 881, 84th Cong.).

(3) Any person described in § 4.433 (a) (5) who suffers an injury or disease resulting in death while en route to or from, or at, a place for final acceptance or entry upon active duty in the military or naval service shall be deemed to be on active duty when such incident occurs.

(b) *Active duty for training.* Active duty for training means:

(1) Full-time duty performed by a member of a reserve component of a uniformed service in the active military or naval service of the United States for training purposes,

(2) Full-time duty as a commissioned officer in the Reserve Corps of the Public Health Service for training purposes,

(3) Annual training duty performed for a period of 14 days or more by a member of the Reserve Officers' Training Corps, the Naval Reserve Officers' Training Corps, or the Air Force Reserve Officers' Training Corps, and

(4) Authorized travel to or from such duty.

The term does not include duty performed as a temporary member of the Coast Guard Reserve (sec. 102 (5), Pub. Law 881, 84th Cong.).

(c) *Inactive duty training.* Inactive duty training means any of the training, instruction, duty, appropriate duties, or equivalent training, instruction, duty, appropriate duties, or hazardous duty, performed with or without compensation by a member of a reserve component of a uniformed service prescribed by the appropriate Secretary pursuant to section 501 of the Career Compensation Act of 1949 or any other provision of law. The term does not include:

(1) Work or study performed by a member of a reserve component of a uniformed service in connection with correspondence courses of the Army, Navy, Air Force, Marine Corps, Coast Guard, or Public Health Service.

(2) Attendance at an educational institution in an inactive status under the sponsorship of the Army, Navy, Air Force, Marine Corps, Coast Guard, or Public Health Service, or

(3) Duty performed as a temporary member of the Coast Guard Reserve.

(Sec. 102 (6) (A), Pub. Law 881, 84th Cong.)

(d) *Travel status; training duty (death from injury incurred on or after January 1, 1957).* Any member of a reserve component of a uniformed service:

(1) Who, when authorized or required by competent authority, assumes an obligation to perform active duty for training or inactive duty training; and

(2) Who dies from an injury incurred on or after January 1, 1957, by him while proceeding directly to or returning directly from such active duty for training or inactive duty training, as the case may be;

shall be deemed to have been on active duty for training or inactive duty training, as the case may be. For the purposes of Title II, Public Law 881, 84th Congress, and section 303 of that act, the Veterans Administration will determine whether such member of a reserve component of a uniformed service was so authorized or required to perform such duty, and whether he died from injury so incurred. In making such determinations, there shall be taken into consideration the hour on which the member of a reserve component of a uniformed service began to so proceed or so return; the hour on which he was scheduled to arrive for, or on which he ceased to perform, such duty; the method of travel employed; his itinerary; the manner in which the travel was performed; and the immediate cause of death. Whenever any claim is filed alleging that the claimant is entitled to benefits by reason of this paragraph, the burden of proof shall be upon the claimant (sec. 102 (6) (B), Pub. Law 881, 84th Cong.).

(e) *National Guard.* A member of the National Guard or Air National Guard of the several States, Territories, or the District of Columbia, when performing training or duty under sections 92, 94, 97, 99, or 113 of the National Defense Act of June 3, 1916, as amended, shall, for the purpose of benefits provided, be considered a member of a reserve component of a uniformed service, and training or duty performed by such a member under those sections of that act shall be considered "active duty for training," or "inactive duty training," as appropriate (sec. 102 (6) (C), Pub. Law 881, 84th Cong.).

§ 4.435 *Character of discharge.* Dependency and indemnity compensation is not payable to the widow, children, or parents of any deceased person who died on or after January 1, 1957, after separation from service unless the deceased person was discharged or released from service under conditions other than dishonorable. See § 3.64 of this chapter as to determination of character of discharge (sec. 209 (c), Pub. Law 881, 84th Cong.).

§ 4.436 *Service connection and line of duty criteria.* The standards and criteria for determining incurrence or aggravation of a disease or injury in line of duty shall be those applicable under disability and death compensation laws administered by the Veterans Administration (sec. 207, Pub. Law 881, 84th Cong.).

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 11a, 426, 707. Interpret or apply sec. 209, Pub. Law 881, 84th Cong.)

This regulation is effective February 15, 1957.

[SEAL] JOHN S. PATTERSON,
Deputy Administrator.

[F. R. Doc. 57-1200; Filed, Feb. 14, 1957; 8:53 a. m.]

TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Department of Health, Education, and Welfare

PART 72—INTERSTATE QUARANTINE

SHIPMENT OF ETIOLOGIC AGENTS

Notice of proposed rule making having been published in the FEDERAL REGISTER on December 18, 1956 (21 F. R. 10015), and consideration having been given to all relevant matters presented, the amendment to this part set out below is hereby adopted. Such amendment shall become effective 30 days following publication in the FEDERAL REGISTER.

Subpart C—Shipment of Certain Things is amended by adding the following new section:

§ 72.25 *Etiologic agents.* (a) (1) For the purpose of this section, etiologic agent is defined as the causative agent of the following diseases and such others as may be prescribed from time to time by the Surgeon General: Anthrax, botulism, brucellosis, cholera, Colorado tick fever, Coxsackie diseases, diphtheria, encephalitis (arthropod-borne), glanders, leptospirosis, lymphocytic choriomeningitis, melioidosis, meningococcal meningitis, paratyphoid fever, plague, poliomyelitis, Q fever, rabies, relapsing fever, rickettsialpox, Rift Valley fever, Rocky Mountain spotted fever, schistosomiasis, scrub typhus, smallpox, tetanus, tuberculosis, tularemia, typhoid fever, typhus fever, and yellow fever.

(2) The provisions of this section shall not apply to specimens transmitted to laboratories for diagnostic purposes or to finished biological products for human or veterinary use bearing the U. S. Government license number of the manufacturer.

(b) A person shall not knowingly transport or cause to be transported in interstate traffic any etiologic agent unless:

(1) In the case of fluid materials or solid materials other than frozen, the containers of the etiologic agent are watertight and airtight and are enclosed in a second durable watertight and airtight container with the intervening space provided with sufficient absorbent material so placed as to absorb the entire contents in case of breakage, and each such double container is individually enclosed in a shipping container constructed of corrugated cardboard, fiber glass, wood, or other material of equivalent strength.

(2) In the case of frozen materials, the containers of the etiologic agent are watertight and airtight and are enclosed in a second durable watertight and airtight container or surrounded by sufficient absorbent material to absorb the contents in case of breakage; the package contains enough dry ice and sufficient insulation material to insure that the material will remain frozen for at least 24 hours longer than the expected time of delivery of the shipment to the consignee; and the container with its immediate surrounding material, dry ice and insulation is enclosed in a shipping container constructed of corrugated cardboard, fibre glass, wood, or other material of equivalent strength.

(3) (i) The total contents of a shipping container do not exceed one U. S. gallon.

(ii) All containers and closures are so designed and constructed of such materials that they are capable of withstanding without rupture or leakage of contents, all shocks, pressure changes, or other conditions ordinarily incident to transportation handling.

(4) The shipping documents and the manifest accompanying the shipment include statements that the shipment contains infectious material and identifies the etiologic agent involved. The shipment itself shall be appropriately labeled.

(5) The requirements of this paragraph are in addition to and not in lieu of any other packaging or labeling requirements for the interstate shipment of etiologic agents established by the Interstate Commerce Commission and Civil Aeronautics Board.

(c) In event of leakage or other indication of escape of an etiologic agent from a container in interstate traffic, the operator or person in charge of the conveyance or the premises where the leakage or escape occurs shall:

(1) Immediately notify the Surgeon General or his authorized representative.

(2) (i) If leakage or escape occurs on a conveyance, remove the conveyance from service and isolate it as soon as possible. Isolate the affected area until such time as the conveyance can be removed from service.

(ii) If leakage or escape occurs at a terminal, transfer point, or other location not on a conveyance, isolate the area known to be or suspected of being contaminated.

(3) Prevent removal of any luggage, cargo, or other items from the affected area or conveyance unless such removal is necessary for purposes of safety or the preservation of life, health, or property.

(4) Inform all passengers, carrier employees and other persons who were or may have been exposed to contamination or infection, of the hazards thereof and request that such persons remain isolated until appropriate measures can be taken to prevent the transmission of disease. In event any such person departs before appropriate decontamination procedures have been applied, notify the State or local health authorities having jurisdiction.

(5) Obtain names, home addresses and addresses of destination of all persons who may have been exposed to contamination or infection.

(6) Apply appropriate decontamination procedures and other measures as specified by the Surgeon General or his authorized representative.

(7) Except when necessary for purposes of safety or the preservation of life, health or property, or for purposes of decontamination, prevent persons from boarding the conveyance or entering the area until clearance is obtained from the Surgeon General or his authorized representative.

(d) Isolation of the conveyance or affected areas shall be continued pending completion of measures prescribed by the Surgeon General for preventing the spread of disease and until such time as clearance is obtained from the Surgeon General or his authorized representative.

(e) In the event of loss of a shipment of etiologic agents in transit, the carrier shall immediately notify the Surgeon General or his duly authorized representative of such loss and provide him with all available information concerning the nature of the shipment, circumstances surrounding its loss and such other information as he may require.

(Sec. 215, 58 Stat. 690; 42 U. S. C. 216. Interprets or applies sec. 361, 58 Stat. 703, 42 U. S. C. 264)

Dated: February 4, 1957.

[SEAL] L. E. BURNEY,
Surgeon General.

Approved: February 12, 1957.

M. B. FOLSOM,
Secretary.

WAREHOUSING OF DISTILLED SPIRITS

CONSOLIDATION OF PACKAGED SPIRITS

Correction

In Federal Register Document 57-833, appearing at page 721 of the issue for Tuesday, February 5, 1957, the following change should be made: The section referred to in paragraph 42 should read "225.1111".

DEPARTMENT OF AGRICULTURE

Agricultural Research Service

[7 CFR Part 301]

NORTH CAROLINA, SOUTH CAROLINA

NOTICE OF RESUMPTION OF PUBLIC HEARING ON QUARANTINING ON ACCOUNT OF DANGEROUS DISEASE OF CORN AND OTHER CROPS

On January 16, 1957, there was published in the FEDERAL REGISTER (22 F. R. 319) a notice of a public hearing to be held at Washington, D. C., on January 30, 1957, to consider a proposal, under section 8 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161), to quarantine the States of North Carolina and South Carolina because of the occurrence therein of a dangerous disease of corn and other crops caused by an introduced species of the genus Striga, commonly known as witchweed, and to restrict or prohibit the movement from said States, or from any locations therein designated as infected of (1) witchweed seeds and plants (Striga spp.); (2) soil as such or attached to articles or things; (3) hay; (4) nursery stock and other plants with roots attached; (5) bulbs, corms, tubers, and rhizomes; (6) root crops, the edible parts of which are grown underground; (7) used farm machinery and equipment; (8) construction and maintenance equipment; (9) trucks, wagons, cars, boats, and other means of conveyance; (10) used crates, boxes, bags, and other farm products containers; and (11) other articles of any character whatsoever that present a hazard of spread of witchweed.

A public hearing was begun on January 30, 1957, as aforesaid, and after the introduction of testimony recessed until further notice, in order to permit interested parties to present additional statements.

Notice is hereby given that said public hearing will be resumed before a representative of the Agricultural Research Service in Room 3106, South Agricultural Building, U. S. Department of Agriculture, 12th Street and Independence Avenue, SW., Washington, D. C., at 10:30 a. m., March 5, 1957, at which time any interested person may appear and be heard, either in person or by attorney, on the aforesaid proposal. Any interested person who desires to submit any additional written data, views, or arguments on the proposal may do so by filing the same with the Chief of the Plant Pest Control Branch, Agricultural Research Service, U. S. Department of Agriculture, Washington 25, D. C., on or before March 5, 1957, or with the presiding officer at the hearing.

Done at Washington, D. C., this 12th day of February 1957.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 130]

DRUGS EXEMPTED FROM PRESCRIPTION-DISPENSING REQUIREMENTS OF SECTION 503 (b) (1) (C) OF THE FEDERAL FOOD, DRUG, AND COSMETIC ACT

NOTICE OF PROPOSED RULE MAKING

Notice is given that the Commissioner of Food and Drugs, in accordance with the Federal Food, Drug, and Cosmetic Act (secs. 503 (b) (3), 505 (c), 701 (a); 65 Stat. 649, 52 Stat. 1052, 1055; 21 U. S. C. 353 (b) (3), 355 (c), 371 (a)) and the authority delegated to him by the Secretary of Health, Education, and Welfare (21 CFR 130.101 (b); 21 F. R. 5576) hereby offers an opportunity to all interested persons to submit their views in writing to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., within 30 days from the date of publication of this notice in the FEDERAL REGISTER on the proposed amendment set forth below:

It is proposed to amend paragraph (a) of § 130.102 *Exemption for certain drugs limited by new-drug applications to prescription sale* by adding the following new subparagraph:

(__) Neomycin sulfate preparations meeting all the following conditions:

(i) The neomycin sulfate is prepared with appropriate amounts of a suitable local anesthetic and with or without other drugs in a dosage form suitable for oral use in self-medication as a troche.

(ii) The neomycin sulfate and all other components of the preparation meet their professed standards of identity, strength, quality, and purity.

(iii) If the preparation is a new drug, an application pursuant to section 505 (b) of the act is effective for it.

(iv) The neomycin sulfate content does not exceed the equivalent of 5 milligrams of standard neomycin base per troche.

(v) The preparation is labeled with adequate directions for use in minor conditions in which it may be safely used without medical supervision.

(vi) The dosages recommended or suggested in the labeling provide for the use of not more than the equivalent of 5 milligrams of standard neomycin base every 3 hours for not more than 2 days.

(vii) The labeling bears, in juxtaposition with the dosage recommendations, clear warning statements against:

(*a*) Continued use if irritation persists or increases, unless directed by a physician.

(*b*) Use in the presence of fever, headache, nausea, or vomiting, unless directed by a physician, since these usually indicate a serious condition.

(*c*) Use for more than 2 days, unless directed by a physician.

The proposed amendment will remove the drugs mentioned therein from the prescription-dispensing requirements of the Federal Food, Drug, and Cosmetic Act (sec. 503 (b) (1) (C), 52 Stat. 1052, 65 Stat. 649; 21 U. S. C. 353 (b) (1) (C)). These drugs were previously limited by their new-drug applications to use under professional supervision because the scientific data establishing the toxic potential of the drugs and their intended use showed only that they were safe if used under professional supervision.

Pursuant to the regulations in § 130.101 (b) of this chapter (21 CFR 130.101 (b)), a petition has been submitted to remove the prescription restrictions from these drugs. Evidence now available through investigation and marketing experience shows that the drugs can be safely used by the laity in self-medication if they are used in accordance with the proposed labeling. The restriction to prescription sale is no longer necessary for the protection of the public health.

This action in removing the prior restriction limiting these drugs to prescription sale is taken under the authority of the Federal Food, Drug, and Cosmetic Act (secs. 503 (b) (3), 505 (c), 52 Stat. 1052, 65 Stat. 649; 21 U. S. C. 353 (b) (3), 355 (c)), which provides for and requires the removal of such restrictions if they are not necessary for the protection of the public health.

Dated: February 8, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner,
of Food and Drugs.

[F. R. Doc. 57-1178; Filed, Feb. 14, 1957; 8:49 a. m.]

[21 CFR Part 130]

DRUGS EXEMPTED FROM PRESCRIPTION-DISPENSING REQUIREMENTS OF SECTION 503 (b) (1) (C) OF THE FEDERAL FOOD, DRUG, AND COSMETIC ACT

NOTICE OF PROPOSED RULE MAKING

Notice is given that the Commissioner of Food and Drugs, in accordance with the Federal Food, Drug, and Cosmetic Act (secs. 503 (b) (3), 505 (c), 701 (a); 65 Stat. 649, 52 Stat. 1052, 1055; 21 U. S. C. 353 (b) (3), 355 (c), 371 (a)) and the authority delegated to him by the Secretary of Health, Education, and Welfare (21 CFR 130.101 (b); 21 F. R. 5576) hereby offers an opportunity to all interested persons to submit their views in writing to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., within 30 days from the date of publication of this notice in the FEDERAL REGISTER on the proposed amendment set forth below:

It is proposed to amend paragraph (a) of § 130.102 *Exemption for certain drugs limited by new-drug applications to prescription sale* by adding the following new subparagraph:

(16) Tuaminoheptane sulfate (2-aminoheptane sulfate) preparations meeting all the following conditions:

(i) The tuaminoheptane sulfate is prepared, with or without other drugs, in an aqueous vehicle suitable for administration in self-medication as nose drops, and containing no drug limited to prescription sale under the provisions of section 503 (b) (1) of the act.

(ii) The preparation is packaged with a style of container or assembly suited to self-medication by the recommended route of administration, and delivering not more than 0.1 milliliter of the preparation per drop.

(iii) The tuaminoheptane sulfate and all other components of the preparation met their professed standards of identity, strength, quality, and purity.

(iv) If the preparation is a new drug, an application pursuant to section 505 (b) of the act is effective for it.

(v) The tuaminoheptane sulfate content of the preparation does not exceed 10 milligrams per milliliter.

(vi) The preparation is labeled with adequate directions for use in the temporary relief of nasal congestion.

(vii) the dosages recommended or suggested in the directions for use do not exceed the equivalent: For adults, 5 drops of a 1 percent solution per nostril per dose, and 5 doses in a 24-hour period; for children 1 to 6 years of age, 3 drops of a 1 percent solution per nostril per dose, and 5 doses in a 24-hour period; for infants under 1 year of age, 2 drops of a 1 percent solution per nostril per dose, and 5 doses in a 24-hour period.

(viii) the labeling bears, in juxtaposition with the dosage recommendations:

(*a*) Clear warning statements against use of more than 5 doses daily, and against use longer than 4 days unless directed by a physician.

(*b*) A clear warning statement to the effect that frequent use may cause nervousness or sleeplessness, and that individuals with high blood pressure, heart disease, diabetes, or thyroid disease should not use the preparation unless directed by a physician.

The proposed amendment will remove the drug mentioned therein from the prescription-dispensing requirements of the Federal Food, Drug, and Cosmetic Act (secs. 503 (b) (1), (C), 52 Stat. 1052, 65 Stat. 649; 21 U. S. C. 353 (b) (1) (C)). The drug was previously limited by a new-drug application to use under professional supervision because the scientific data establishing the toxic potential of the drug and its intended use showed only that it was safe if used under professional supervision.

Pursuant to the regulations in § 130.101 (b) (21 CFR 130.101 (b); 21 F. R. 5577), a petition has been submitted to remove the prescription restrictions from this drug. Evidence now available through investigation and marketing experience shows that the drug can be safely used by the laity in self-medication if it is used in accordance with the proposed labeling. The restriction to prescription sale is no longer necessary for the protection of the public health.

This action in removing the prior restriction limiting the drug to prescription sale is taken under the authority of the Federal Food, Drug, and Cosmetic Act (secs. 503 (b) (3), 505 (c), 52 Stat. 1052, 65 Stat. 649; 21 U. S. C. 353 (b) (3), 355 (c)), which provides for and requires the removal of such restrictions if they are not necessary for the protection of the public health.

Dated: February 11, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

[Docket No. 11897; FCC 57-125]

TELEVISION BROADCAST STATIONS, TABLE OF ASSIGNMENTS; CHATTANOOGA, TENN.-ROME, GA.

ORDER EXTENDING TIME FOR FILING COMMENTS

In the matter of amendment of § 3.606, Table of Assignments, Television Broadcast Stations (Chattanooga, Tenn.-Rome, Ga.).

1. At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 6th day of February 1957;

2. The Commission has before it for consideration a petition filed February 1, 1957 by James H. Scarborough requesting the Commission to extend the time for filing comments in the above-entitled proceeding for a period of 30 days.

3. In support of his request petitioner alleges that as an individual and as Manager of the Chamber of Commerce of the City of Rome, Georgia, he is vitally interested in the retention and continuance of a local television station in Rome, that pursuant to a request by the Chamber of Commerce he has undertaken to ascertain by appropriate engineering studies and surveys whether methods can be found for assuring continued operation of a local Rome station and that it has been impossible to complete the necessary studies within the time allowed for filing comments in this proceeding.

4. The Commission is of the view that the public interest, convenience and necessity would be served by extending the time for filing comments in this proceeding.

5. In view of the foregoing: *It is ordered*, That the time for filing comments in the above-entitled proceeding is extended from February 1, 1957 to March 4, 1957, with replies thereto due 10 days thereafter.

Adopted: February 6, 1957.

Released: February 11, 1957.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

MID BRAZIL/UNITED STATES-CANADA FREIGHT CONFERENCE

NOTICE OF AGREEMENT FILED FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916, 39 Stat. 733, 46 U. S. C. 814:

Agreement No. 7630-4, between the member lines of the Mid Brazil/United States-Canada Freight Conference, modifies the basic conference agreement (No. 7630, as amended) (1) to provide that the failure of a member line to have a sailing for a period of six (6) or more consecutive months, instead of three (3) months as presently provided, shall be regarded as suspension of service for the purpose of determining the right to vote; (2) to provide that the sailing of a vessel of a member line shall constitute resumption of service for restoration of voting rights; and (3) to delete from the agreement the proviso that the Article dealing with the loss of voting rights shall not be effective until after the termination of the national emergency proclaimed by the President under the date of May 27, 1941.

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: February 11, 1957.

By order of the Federal Maritime Board.

AMERICAN EXPORT LINES, INC, ET AL.

NOTICE OF AGREEMENT FILED FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916, 39 Stat. 733, 46 U. S. C. 814:

Agreement No. 8350, between American Export Lines, Inc., and the carriers comprising Fern-Ville Mediterranean Lines-Fearnley & Eger and A. F. Klaveness & Co. A/S joint service provides for the creation of the Greece-Turkey-Syria Area Westbound Tobacco Conference covering the establishment and maintenance of rates, charges and practices for the transportation of tobacco from Greek, Turkish and Syrian ports to North Atlantic ports of the United States (Hampton Roads/Portland Range).

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: February 11, 1957.

By order of the Federal Maritime Board.

JAMES L. PIMPER,
Secretary.

FEDERAL POWER COMMISSION

[Docket Nos. G-8107, G-8108, G-8109]

TEXAS GAS CORP.[1]

NOTICE OF APPLICATIONS AND DATE OF HEARING

FEBRUARY 11, 1957.

Take notice that Texas Gas Corporation (Applicant), a Texas corporation with principal place of business at Houston, Texas, filed on December 9, 1954, in the above-entitled dockets, applications for certificates of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the applications which are on file with the Commission and open for public inspection.

Applicant operates certain natural gas facilities, as hereinafter described, which are necessary to the delivery by Applicant of natural gas sold in interstate commerce to Texas Eastern Transmission Corporation (Texas Eastern) by sellers other than the Applicant.

In Docket No. G-8107, under an agreement dated February 4, 1952, between Applicant and Texas Eastern, Applicant operates facilities for the movement of natural gas from the West Hamshire Field, Jefferson County, Texas, to the transmission lines of Texas Eastern. Such natural gas is purchased by Texas Eastern from Texas Eastern Production Corporation and Applicant processes and dehydrates the gas in its Winnie and Orange County plants for final delivery by Applicant to Texas Eastern.

In Docket No. G-8108, under an agreement dated March 10, 1953, between Applicant and Sun Oil Company, Applicant operates facilities for the movement of natural gas from the North Winnie and Stowell Fields, Chambers and Jefferson Counties, Texas, to the transmission lines of Texas Eastern. Such natural gas is purchased by Texas Eastern from Sun Oil Company and Applicant processes and dehydrates the gas in its Winnie and Orange County plants for final delivery by Applicant (after compression of the Stowell gas) to Texas Eastern. By a separate agreement dated March 10, 1953, between Applicant and Texas Eastern, Applicant is obligated to compress the North Winnie gas purchased by Texas Eastern from Sun Oil Company before delivering such gas to Texas Eastern.

In Docket No. G-8109, under an agreement dated March 17, 1953, between Applicant, Texas Eastern and Phillips Petroleum Company, Applicant operates facilities for the movement of natural gas from the North Port Neches Field, Orange County, Texas, to the transmission lines of Texas Eastern. Such natural gas is purchased by Texas Eastern from Phillips Petroleum Company and Applicant processes and dehydrates the gas in its Orange County plant for final delivery by Applicant to Texas Eastern.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations, and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on Wednesday, March 13, 1957, at 10:00 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however*, That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and

[1] Formerly McCarthy Chemical Company.

procedure (18 CFR 1.8 or 1.10) on or before February 26, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Secretary.

[Docket No. G-11712]

H. S. COLE, JR., ET AL.

ORDER SUSPENDING PROPOSED CHANGES IN RATES, AMENDMENT

FEBRUARY 5, 1957.

In the Order Suspending Proposed Changes in Rates, issued January 9, 1957, and Published in the FEDERAL REGISTER on January 16, 1957 (22 F. R. 324), under "Rate Schedule Designation" the words "Supplement No. 1 to Cole's FPC Gas Rate Schedule No. 3" should be corrected to read "Supplement No. 2 to Cole's FPC Gas Rate Schedule No. 3."

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1163; Filed, Feb. 14, 1957; 8:47 a. m.]

[Docket No. G-11926]

STANOLIND OIL & GAS CO.

ORDER SUSPENDING PROPOSED CHANGE IN RATES

Stanolind Oil & Gas Company (Stanolind), on January 14, 1957, tendered for filing a proposed change in its presently effective rate schedule for a sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of Change dated January 10, 1957.

Purchaser: Mississippi River Fuel Corporation.

Rate Schedule Designation: Supplement No. 6 to Stanolind's FPC Gas Rate Schedule No. 62.

Effective Date: [1] February 14, 1957.

In support of its proposed rate change, Stanolind has stated the increase is a part of the contract with the purchaser and has submitted no cost supporting data for the increase.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the said proposed increased rate and charge, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's general rules and regulations thereunder (18 CFR Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed increased rate and charge; and, pending such hearing and decision thereon, the above-designated supplement be and it is hereby suspended and the use thereof deferred until July 14, 1957, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(B) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(C) Interested state commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 11, 1957.

By the Commission.[2]

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1161; Filed, Feb. 14, 1957; 8:47 a. m.]

[1] The stated effective date is the first day after expiration of the required thirty days' notice, or the effective date proposed by Stanolind, if later.

[2] Commissioner Digby dissenting.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 11875, 11876; FCC 57M-117]

CHARLES W. DOWDY AND THOMAS D. PICKARD

ORDER CONTINUING HEARING

In re applications of Charles W. Dowdy, Tifton, Georgia, Docket No. 11875, File No. BP-10550; Thomas D. Pickard, Ashburn, Georgia, Docket No. 11876, File No. BP-10785; for construction permits.

The Hearing Examiner having under consideration an oral request from the applicants for a continuance;

It appearing that the hearing is currently scheduled to begin on February 14, 1957; and

It further appearing that the Broadcast Bureau does not oppose the request and that good cause has been shown;

It is ordered, This 8th day of February 1957, that the hearing scheduled for February 14 is continued to March 21, 1957.

[Docket No. 11899; FCC 57-122]

TELEVISION DIABLO, INC. (KOVR)

MEMORANDUM OPINION AND ORDER DESIGNATING APPLICATION FOR HEARING

In re application of Television Diablo, Inc. (KOVR), Stockton, California, Docket No. 11899, File No. BPCT-2187, for construction permit to change transmitter site, etc.

1. On November 8, 1956, the Commission granted the above-captioned application of Television Diablo, Inc. (KOVR), Channel 13, Stockton, California, for a construction permit to change transmitter site, etc. On December 3, 1956, Capital City TV Corporation (Capital City), licensee of television broadcast station KCCC-TV, Channel 40, Sacramento, California, filed its "Protest and Petition for Reconsideration" pursuant to sections 309 (c) and 405 of the Communications Act of 1934, as amended, directed against the Commission's action of November 8, 1956, granting the above-captioned application. The petitioner also requested reconsideration of the Commission's actions of like date returning the application tendered by Capital City for Channel 13 at Stockton, and denying Capital City's petition for comparative consideration of such application with the above-captioned application and with the pending application (BLCT-459) of KOVR for license. On January 2, 1957, the Commission, by Memorandum Opinion and Order (FCC 57-7) found that the protestant was a party in interest, and that it had specified with particularity, as required by section 309 (c) of the Communications Act, the facts upon which it had relied in support of its protest. Accordingly, on the latter date, the Commission postponed the effective date of the grant of the above-captioned application and designated the application for hearing "at a time and place, upon appropriate issues, and pursuant to hearing procedures, to be specified by further order of the Commission."

2. The protestant specifies thirteen issues upon which it requests a hearing. Inasmuch as we have found that the protestant has alleged sufficient facts in support of such issues, we are designating all of the issues specified for a full evidentiary hearing. Issues E, F and G raise questions concerning the loss of service which would allegedly result from the proposed move. Designation of these issues for evidentiary hearing does not constitute a determination by the Commission that the evidence to be adduced in support of these issues is material. Furthermore, the matters raised thereby also bear upon serious questions of law and policy, inter alia, whether the matters raised by these issues are grounds for setting aside the grant. Therefore, the parties should be prepared to address themselves to these matters in the proceeding.

3. Issues I and J, framed in terms of determining the impact of the grant upon operating, authorized or prospective UHF stations, are based upon factual allegations of economic injury to the protestant. The Commission has recently reasserted in WWSW, Inc., 14 Pike & Fischer RR 492, Perry County Broadcasting Company (FCC 56-1031) and Richard F. Lewis, Jr., Inc. (FCC 56-1055) the principles expressed in the Voice of Cullman case (6 Pike & Fischer RR 161), in which we refused a hearing on this type of issue. Therefore, although the Commission is designating these two issues for full evidentiary hearing in order to expedite this proceeding, this should not be construed as a determination that the matters raised by these issues, assuming the facts as alleged are proven, are grounds for setting aside the grant or that the competitive effect of the proposed move on the protestant's station is a relevant consideration.

4. The retention of issue L in the hearing should not be construed as action upon the petition for reconsideration filed by Capital City. That petition, insofar as it requests reconsideration of the Commission's actions returning Capital City's application for Stockton and refusing to afford such application comparative consideration with the above-captioned application and with the pending license application filed by KOVR (BLCT-459), will be treated in a separate Memorandum Opinion and Order at a later date. Capital City's request for reconsideration of the Commission's action granting the above-captioned application has been granted to the extent that a hearing has been ordered on its protest and is denial in all other respects.

5. In view of the foregoing: *It is ordered*, That pursuant to section 309 (c) of the Communications Act of 1934, as amended, the above-captioned application is designated for hearing at the offices of the Commission in Washington, D. C., on the following issues:

A. To determine (1) all of the facts and circumstances which led to Television Diablo's proposal herein to change the transmitter site of Station KOVR (TV); (2) those particular facts, circumstances and considerations which led to the selection of the specific site proposed; and (3) whether Television Diablo made a full and complete disclosure of these facts in its application herein, or whether it misrepresented or concealed material facts in connection therewith.

B. To determine all of the facts concerning Television Diablo's plans and intentions with regard to operation in, or identification of Station KOVR with Sacramento and its trade area and, whether Television Diablo made a full and complete disclosure of such facts in its application herein, or whether it misrepresented or concealed material facts in connection therewith.

C. To determine whether Television Diablo, in its various applications and other filings with the Commission, has made full and complete disclosure of, or has misrepresented or concealed material facts with respect to, its plans and intentions to operate KOVR (TV) as a Stockton station.

D. To determine, in the light of the evidence adduced under the foregoing issues, whether Television Diablo possesses the requisite character and other qualifications to be a permittee or licensee of a television broadcast station.

E. To determine the areas and populations which would lose service as a result of the proposed move of transmitter site of Station KOVR (TV), and the other television services available to such areas and populations.

F. To determine whether the operation of KOVR (TV) from the site proposed in the application would result in an increase or decrease of television service to Stockton and to the other areas and communities within the Stockton trade area.

G. To determine whether the change in transmitter site of Station KOVR is intended to, and would result in, closer identity of that station with Stockton and its trade area.

H. To determine whether a grant of the application of Television Diablo would contravene the requirements of § 3.607 of the Commission's rules, the principles of a fair, efficient and equitable distribution of television broadcast facilities specified in section 307 (b) of the act, and the principles upon which the assignment of television broadcast channels has been made by the Commission.

I. To determine whether a grant of the Television Diablo application would impair the ability of operating, authorized, or prospective UHF stations in the Sacramento and Stockton areas to effectively compete with other local TV stations, or whether the public would be deprived of the services of such UHF stations.

J. To determine the need, if any, for the service proposed herein by Television Diablo and whether such need outweighs the injury which might be caused to operating, authorized, or prospective UHF stations in the Sacramento and Stockton areas and to the public in said areas.

K. To determine the nature of the program service which has been rendered by Station KOVR and which is proposed to be rendered under its application, and whether such programming meets the needs and interests of audiences in Stockton and its trade areas.

L. To determine whether the grant to Television Diablo was improperly made, in violation of the requirements of the Communications Act and of the requirements established by the Supreme Court in Ashbacker v. FCC, concerning the need for comparative consideration of copending, mutually exclusive applications.

M. To determine whether, in the light of the facts adduced upon the foregoing issues, the public interests, convenience or necessity would be served by a grant of said application. The Commission is not adopting the issues specified by the protestant; therefore, the burden of proceeding with the introduction of evidence and the burden of proof as to each of the above issues shall be on the protestant.

It is further ordered, That the protestant and the Chief, Broadcast Bureau, are hereby made parties to the proceeding herein, and that:

(a) The hearing on the above issues shall commence at 10:00 a. m. on March 4, 1957, before an Examiner to be specified at a later date; and

(b) The appearances by the parties intending to participate in the above hearing shall be filed not later than February 25, 1957.

It is further ordered, That in recognition of the requirement of section 309 (c) that hearing and determination of cases arising thereunder shall be expedited by the Commission, the Examiner is directed to provide for the filing of Proposed Findings of Fact and Conclusions of Law as expeditiously as possible after the close of the hearing herein ordered.

Adopted: February 6, 1957.

Released: February 11, 1957.

[Docket No. 11928-11930; FCC 57-130]

WASHINGTON BROADCASTING CO. ET AL.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Washington Broadcasting Company, Manassas, Virginia, Docket No. 11928, File No. BP-10509; O. K. Broadcasting Corporation, Triangle, Virginia, Docket No. 11929, File No. BP-10654; Harold H. Hersch and Edward L. Weaver d/b as Prince William Broadcasting Company, Manassas, Virginia, Docket No. 11930, File No. BP-10849; For construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 6th day of February 1957;

The Commission having under consideration the above-captioned applications of the Washington Broadcasting Company, the O. K. Broadcasting Corporation and Harold H. Hersch and Edward L. Weaver, d/b as Prince William Broadcasting Company, each for a construction permit for a new standard broadcast station to operate on 1460 kilocycles with a power of 500 watts, daytime only, the Washington Broadcasting Company and the Prince William Broadcasting Company specifying Manassas as the station location, the O. K. Broadcasting Corporation specifying Triangle as the station location, both in the State of Virginia;

It appearing, that all of the applicants are legally, technically, financially and otherwise qualified, except as may appear from the issues specified below to operate their proposed stations, but that the proposed operations would result in mutually destructive interference and the proposed operation of the O. K. Broadcasting Corporation would be involved in objectionable interference with Station WOL, Washington, D. C. (1450 kc, 250 w, U); and

It further appearing, that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicants were advised by letter dated November 9, 1956, of the aforementioned interference and that the Commission was unable to conclude that a grant of any of the applications would be in the public interest; and

It further appearing, that a timely reply was received from each applicant, the Washington Broadcasting Company, also licensee of Station WOL, indicating in its reply that evidence would be offered with respect to the interference which would be caused to Station WOL by the proposed operation of the O. K. Broadcasting Corporation; and

It further appearing, that the Commission, after consideration of the replies, is of the opinion that a hearing is necessary;

It is ordered, That, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations which would receive primary service from the proposed operations and the availability of other primary service to such areas and populations.

2. To determine whether the proposed operation of the O. K. Broadcasting Corporation would cause interference to Station WOL, Washington, D. C., or any other existing standard broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

3. To determine, in light of section 307 (b) of the Communications Act of 1934, as amended, whether a grant of the Triangle, Virginia proposal or one of the Manassas, Virginia proposals, herein, would better provide a fair, efficient and equitable distribution of radio service.

4. To determine, in the event that one of the Manassas, Virginia proposals is favored under Issue 3, which of the operations proposed by the Washington Broadcasting Company and the Prince William Broadcasting Company for Manasses, Virginia, would better serve the public interest in the light of the evidence adduced under the foregoing issues and the record made with respect to the significant differences between the two applicants as to:

(a) The background and experience of each of the two above-named applicants to own and operate their proposed stations.

(b) The proposals of each of the two above-named applicants with respect to the management and operation of their proposed stations.

(c) The programming service proposed in each of the two above-mentioned applications.

5. To determine, in the light of the evidence adduced pursuant to the foregoing issues, which, if any, of the applications should be granted.

It is further ordered, That, to avail themselves of the opportunity to be heard, the Washington Broadcasting Company, the O. K. Broadcasting Corporation and the Prince William Broadcasting Company, pursuant to § 1.387 of the Commission's rules, in person or by attorney, shall within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

Released: February 11, 1957.

FEDERAL COMMUNICATIONS COMMISSION,

[Docket No. 11931; FCC 57-131]

ERWAY BROADCASTING CORP. (WAYE)

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Erway Broadcasting Corporation (WAYE), Dundalk, Maryland, Docket No. 11931, File No. BML-1679; for modification of license.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 6th day of February 1957;

The Commission having under consideration the above-captioned application of the Erway Broadcasting Corporation for a modification of the license of Station WAYE, Dundalk, Maryland, to change the station designation to Baltimore, Maryland, and to change studio location;

It appearing, that the applicant is legally, technically, financially and otherwise qualified, except as may appear from the issues specified below, to operate station WAYE as proposed, but that the proposed operation would not provide a signal of 25 mv/m over all the business and industrial areas of the City of Baltimore nor a signal of 5 mv/m over all the residential area of the city sought to be served as required by §§ 3.182 and 3.188 of the Commission's rules; and

It further appearing, that, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicant was advised by letter dated August 31, 1956, of the aforementioned deficiency and that the Commission was unable to conclude that a grant of the application would be in the public interest; and

It further appearing, that the applicant replied to the Commission's letter on December 10, 1956, and submitted spot measurements purporting to show that the proposed operation would provide adequate coverage to the city sought to be served, but that the measurements submitted do not adequately establish the fact that the proposal will provide the coverage required by the Technical Standards; and

It further appearing, that the commission, after consideration of the above, is of the opinion that a hearing is necessary;

It is ordered, That, pursuant to section 309 (b) of the Comunications Act of 1934, as amended, the said application is designated for hearing, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine whether the operation as proposed would be in compliance with the Commission's Rule and Technical Standards with particular reference to adequate coverage of the city sought to be served.

2. To determine, in the light of the evidence adduced pursuant to the foregoing issues, whether a grant of the application would serve the public interest.

It is further ordered, That, to avail itself of the opportunity to be heard, Erway Broadcasting Corporation, pursuant to § 1.387 of the Commission's rules, in person or by attorney, shall within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

Released: February 11, 1957.

[Docket No. 11932; FCC 57-126]

NEW JERSEY EXCHANGES, INC. (KEC738)

MEMORANDUM OPINION AND ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In the matter of the application of New Jersey Exchanges, Inc. (KEC738), Docket No. 11932, File No. 2379-C2-P-56; for a construction permit to establish a new station for two-way communications in the Domestic Public Land Mobile Radio Service at Ridgewood, New Jersey.

1. The Commission has before it for consideration (a) a protest and petition for reconsideration filed on January 7, 1957, pursuant to sections 309 (c) and 405 of the Communications Act of 1934, as amended, by Telephone Secretarial Service, Inc. (hereinafter called Protestant), licensee of station KEA263, a two-way facility licensed in the Domestic Public Land Mobile Radio Service at Newark, New Jersey, protesting the Commission's action of December 5, 1956, granting without hearing the above-entitled application of New Jersey Exchanges, Inc. (hereinafter called Applicant) for a construction permit to provide a two-way communications service in the Domestic Public Land Mobile Radio Service in the Ridgewood, New Jersey area; (b) an opposition to the said protest and petition timely filed by Applicant on January 14, 1957; and (c) a reply to the opposition timely filed on January 18, 1957.

2. *Preliminary statement.* On June 13, 1956, Applicant applied for a construction permit for the two-way communications service mentioned in paragraph 1 above. A construction permit was issued on December 5, 1956, and public notice of this action was issued on December 10, 1956 (Report No. 352, Mimeograph #39544). Prior to the grant of the above-captioned application, the Protestant filed an informal opposition thereto on August 29, 1956. A letter dated December 5, 1956, was sent to the Protestant advising it that, although consideration had been given to its opposition, the Applicant's application had been granted without hearing on December 5, 1956.

3. *Protestant's protest.* In support of its protest, Protestant asserts that it is a party in interest within the meaning of section 309 (c) of the Communications Act, since Applicant's transmitter is to be located in Clifton, New Jersey with the control point in Ridgewood, New Jersey, placing the transmitter site "barely 10 miles from that of" Protestant, which site "lies in the heart of the Paterson-Clifton-Passaic area from which Protestant now derives more than one-third of its business"; that about half of Protestant's subscribers and mobile units are closer to Clifton than to Newark; that the community of Ridgewood and the area to the north of Ridgewood is largely residential in character and would not provide Applicant with sufficient customers to operate on the basis proposed; that the Applicant, therefore, must seek his customers from adjacent industrial and commerical centers of Paterson-Clifton-Passaic, in which area a large portion of Protestant's subscribers are located; that Protestant has the capacity to serve subscribers in Ridgewood and surrounding areas "more efficiently and at less cost than" Applicant; that Applicant's proposed service is directly competitive with Protestant's service and Applicant's service would reduce Protestant's revenue and limit its expansion; and that there is no need for a second like service in this area, and a grant of Applicant's application would jeopardize the reliable and efficient service the public now has in this area. Protestant further states that Applicant is not financially qualified; that the proposed service will be inadequate; and that Applicant has made no showing of need for the new facility.

4. Protestant requests that the application be designated for hearing upon the following issues:

(1) To determine whether or not the Applicant is financially qualified to establish and operate the proposed service;

(2) To determine the nature and extent of service proposed by the Applicant, including the rates, charges, practices, classifications, regulations and facilities pertaining thereto;

(3) To determine whether the equipment, staff and facilities proposed by Applicant are adequate to render a satisfactory service to the public;

(4) To determine whether or not there is a public need and demand for the proposed service;

(5) To determine the effect the proposed service would have on the service now rendered to the public in the area involved; and whether the proposed service would impair overall service in the area to the injury of the public;

(6) To determine in the light of the foregoing issues, and any additional issues the Commission may prescribe, whether the public interest, convenience and necessity would be served by a grant of the application.

5. *The opposition to the protest.* Applicant asserts that the protest was filed late, since it was not filed within 30 days of the date of grant of the above-captioned application. Applicant urges that, since section 309 (c) provides that "such grant shall remain subject to protest as hereinafter provided for a period of thirty days", and the protest here was not filed until January 7, 1957, more than 30 days from the date of grant and the mailing of a notice thereof to the Protestant, the protest was filed late. Applicant cites the case of Valley Broadcasting Co. vs. FCC, 237 F. 2d 784, for the proposition that a timely protest under section 309 (c) must be filed within 30 days of the Commission's grant. The remainder of the opposition, in summary, is a general denial of the matters alleged in the protest and urges that Protestant has not stated facts sufficient to show that a grant of the protested construction permit would not be in the public interest. Applicant argues that its grant should not be set aside because it has commenced construction. Applicant also asserts that the petition for reconsideration is defective in non-compliance with § 1.390 (a) of our rules.

6. *Disposition of the plea that the protest was not timely filed.* We must reject, as being without merit, the contention that the instant protest was not timely filed. While the grant of the protested application was made on December 5, 1956, and a notice of such action was also mailed to the Protestant on the same date, the Protestant cannot be charged with actual notice of the event on that date. We do not interpret the 30 day time limitation provided in section 309 (c) to mean that such period is to be computed from the date of the Commission's action granting an authorization. Rather, we have held that the computation of the 30 day period should begin with the date on which the Commission releases its Public Notice of the action taken. Such interpretation will accord an affected party the full 30 day statutory period. (See In re Applications of Salinas Broadcasting Corp., etc., 9 R. R. 192.) Thus, computing the 30 day period from the date of our Public Notice, December 10, 1956, we find that the 30 day period expired on January 9, 1957, and the protest was timely filed. The Valley Broadcasting Co. case, supra, cited by Applicant, is not in point since it was conceded by the parties to that proceeding that the 30 days allowed under section 309 (c) expired on November 21, 1955, and no issue was either presented or decided relative to when the computation of such period should start to run.

7. *Disposition of the protest.* In the light of the fact that Protestant is a licensee of a facility like that proposed by Applicant, which facility, it is alleged, will be in direct competition with that of Protestant, and that Protestant has alleged that economic injury will result from the grant complained of, we are of the view that the Protestant is a party in interest within the meaning of section 309 (c) of the Communications Act of 1934, as amended (Sanders vs FCC, 309 U. S. 470).

8. The suggested issue (1) in the protest will be adopted as written; issues (2) and (3) will be combined, since both involve the same subject matter; issues (4) and (5) will be combined and reworded, since both deal with the question of need for the service in the area in question; and issue (6), which is conclusionary in nature, will be rewritten to include the issues set forth hereinafter.

9. We are unable to find any justification for continuing Applicant's grant pending disposition of this case. Our disposition hereof makes further consideration of the petition for reconsideration moot.

10. Accordingly, in the light of our conclusions in paragraphs 7, 8 and 9 above, and in order to carry out the intent of Congress with respect to section 309 (c) of our act;

11. *It is ordered*, That, this matter is designated for hearing upon the following issues:

(a) To determine the nature and extent of service proposed by Applicant, including the rates, charges, practices, classifications, regulations, personnel and facilities pertaining thereto.

(b) To determine the nature and extent of service now rendered by Protestant, including the rates, charges, practices, classifications, regulations, personnel and facilities pertaining thereto.

(c) To determine the area and population presently covered by the service offered by Protestant.

(d) To determine the area and population to be covered by the service proposed by Applicant.

(e) To determine the need for the proposed service of Applicant, and the nature and extent of any benefits to the

public which will accrue because of Applicant's proposed service.

(f) To determine whether any disadvantages to the public will accrue because of Applicant's proposed service.

(g) To determine whether or not the Applicant is financially qualified to establish and operate the proposed service.

(h) To determine, in the light of the evidence adduced on all the foregoing issues, whether the public interest, convenience or necessity will be served by a grant of the subject application.

12. *It is further ordered*, That, the effective date of the Commission's action of December 5, 1956, granting the above-captioned application is postponed pending a final decision by the Commission with respect to the evidentiary hearing herein provided; and

13. *It is further ordered*, That, the hearing herein, upon the issues specified in paragraph 11 above, shall be held at the Commission's offices in Washington, D. C., on a date, and before an Examiner, to be announced in a subsequent order; and

14. *It is further ordered*, That, the burden of proof on issues (a), (d), (e), (g) and (h) are placed on the applicant, and the burden of proof on issues (b), (c), and (f) are placed on the protestant; and

15. *It is further ordered*, That, the Protestant, and the Chief, Common Carrier Bureau, are made parties to the proceeding herein; and

16. *It is further ordered*, That, the parties desiring to participate herein shall file their appearances not later than February 26, 1957.

Adopted: February 6, 1957.

Released: February 11, 1957.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 57-1210; Filed, Feb. 14, 1957; 8:54 a. m.]

[Docket No. 11933; FCC 57-135]

WATCHTOWER BIBLE AND TRACT SOCIETY OF NEW YORK, INC., AND TELE-BROADCASTERS OF NEW YORK, INC.

MEMORANDUM OPINION AND ORDER DESIGNATING MATTER FOR ORAL ARGUMENT

In the matter of Watchtower Bible and Tract Society of New York, Inc. (Assignor), and Tele-Broadcasters of New York, Inc. (Assignee), Docket No. 11933, File No. BAL-2434; for consent to the assignment of license of Station WBBR, Brooklyn, New York.

1. The Commission has before it for consideration (a) a "Protest filed on behalf of Charles River Broadcasting Company," filed on January 10, 1957, by Charles River Broadcasting Company, licensee of Stations WCRB and WCRB-FM, Waltham, Massachusetts, and directed against the Commission's action of December 12, 1956 granting without hearing the above-entitled application;[1] (b) separate oppositions thereto filed on January 22, 1957 by Watchtower Bible and Tract Society of New York, Inc., and Tele-Broadcasters of New York, Inc., respectively; (c) a "Protest and Petition for Reconsideration," filed on January 11, 1957, by Debs Memorial Radio Fund, Inc., licensee of Stations WEVD and WEVD-FM, New York, N. Y., and directed against the Commission's grant of the above-entitled application; (d) separate oppositions thereto filed on January 22, 1957 by Watchtower Bible and Tract Society of New York, Inc., and Tele-Broadcasters of New York, Inc., respectively; and (e) a reply to said oppositions filed on January 28, 1957 by Debs Memorial Radio Fund, Inc.

2. The above application requests Commission consent to the proposed assignment of license of Station WBBR, Brooklyn, New York, from Watchtower Bible and Tract Society of New York, Inc., to Tele-Broadcasters of New York, Inc. All of the stock of the assignee is owned by Tele-Broadcasters, Inc., a Delaware corporation. Station WBBR shares the use of its assigned frequency of 1330 kilocycles with Stations WEVD, New York, N. Y., licensed to Debs Memorial Radio Fund, Inc., and WHAZ, Troy, New York, licensed to Rensselaer Polytechnic Institute. Under the licenses of these stations, each is entitled to the following proportion of time on the shared frequency: WEVD 24/35ths; WBBR 2/7ths; and WHAZ 5/100ths. Station WBBR was first licensed on January 31, 1924 and was assigned to a frequency of 1300 kilocycles under the allocation of November 11, 1928, which frequency was shifted to 1330 kilocycles under the NARBA reallocation of March 29, 1941. On October 23, 1947, WCRB was granted a construction permit to operate on 1330 kilocycles with a power of 500 watts, daytime only. This was later raised to one kilowatt, daytime only. Subsequently, Charles River filed an application (BP-8885) to change the facilities of Station WCRB from 1330 kilocycles, one kilowatt, daytime only, to unlimited time, utilizing a directional antenna, day and night. By letter of March 10, 1954, the Commission advised the applicant that the proposed nighttime operation of WCRB would be subject to excessive interference from Stations WEVD, WHAZ and WBBR; that the interference from WBBR would be particularly severe; and that a problem was therefore raised under the Commission's "10% rule" (now § 3.28 (c) of the Commission's rules) which prohibits a grant of a construction permit for facilities which will receive excessive interference. In reply to this letter, the applicant submitted additional engineering data purporting to show that the interference would not be as severe as anticipated by the Commission, and stated that WCRB's program format of fine music warranted a grant despite engineering deficiencies. After consideration of this reply, the Commission granted the application (BP-8885) on June 9, 1954. Prior to the grant of the above-entitled application, pleadings objecting thereto were filed by the protestants herein, Debs Memorial Radio Fund, Inc., and Charles River Broadcasting Company. Said pleadings were given careful consideration by the Commission in connection with its review of the application. However, on the basis of all of the information before it, the Commission found that the public interest would be served by a grant of the above application.

3. In its protest, Charles River alleges, in substance, that it is an aggrieved party who is adversely affected by the grant of the above application; that WCRB suffers electrical interference from WBBR; that the license of WBBR was issued for a non-commercial purpose, religious in policy and educational in content; that the assignment of license of WBBR to Tele-Broadcasters of New York, Inc., allows strict commercial operation of WBBR, not contemplated by the license heretofore granted to said station; that "protestant has been denied a right given to it by law to compete for the right to better use 1330 kilocycles"; and that the instant assignment was a device used by the parties to "circumvent the law," and avoid the necessity of Tele-Broadcasters filing an application for new facilities.

4. In their oppositions to the Charles River protest, the applicants allege, in substance, that Charles River is not a party in interest to the above-entitled proceedings; that under section 310 (b) of the Communications Act, the pendency of the instant application does not give Charles River a right to apply for new or modified facilities on 1330 kc; that the assignor could have at any time operated Station WBBR commercially; that no engineering data has been submitted in support of protestant's claim of electrical interference; and that such claim is not pertinent to an assignment proceeding.

5. In its protest, Debs Memorial Radio Fund, Inc., alleges, in substance, that although it is a non-profit organization, it sells some time on WEVD and seeks and obtains advertising revenues in order to meet expenses incurred in presenting cultural, educational and discussion programs; that heretofore, Station WBBR has been operated by the Watchtower Bible and Tract Society (the governing body of the Jehovah's Witnesses in the United States) on a non-commercial basis; that the assignee, Tele-Broadcasters of New York, Inc., proposes to operate WBBR on a commercial basis, and the station will then compete with WEVD for sales revenue, in addition to competing for news, program sources and talent; that in the past, with Stations WHAZ and WBBR, both being operated on a non-commercial basis, said stations and WEVD have been able to work out a satisfactory agreement for sharing time on their assigned frequency of 1330 kc; that the operation of WBBR by Tele-Broadcasters of New York, Inc., on a commercial basis presents a threat to WEVD's hours of operation because every additional hour of time which Tele-Broadcasters of New York, Inc., can obtain at the expense of WEVD can be used for profit; and that in view of the foregoing, protestant will suffer economic injury and its interests will be adversely affected by the grant of the above-entitled application.

6. Debs further alleges, in substance, that the assignee was not shown to be financially qualified, in that the assignee's parent company, Tele-Broadcasters, Inc., was not shown to be financially qualified to purchase and operate WBBR, and to purchase and operate Station KALI, Pasadena, California, which the Commission recently authorized it to do; that the sale-purchase contract between the assignor and assignee contains a provision to the effect that the balance of the purchase price (which is to be paid by the buyer in quarterly installments over a ten-year period) will become immediately due and payable, in the event that the purchaser surrenders any of the hours presently allocated to WBBR on the shared frequency, which provision, it is alleged, violates the Commission's policies and is contrary to the public interest in that it affords an opportunity for the assignor to coerce and restrict the assignee after the assignment has taken place, and the assignor would thus retain rights in the station's license; that under its proposed program schedule of 33 hours per week, 72.5 percent commercial, the assignee will have available only 23.83 hours per week in which to sell time, and will be compelled to overcommercialize and load those hours with spot announcements in order to meet operating expenses and obligations under the contract of sale; that in view of the fact that WBBR has no prior record of earnings, the Commission should have required the assignee to submit estimated figures of expenses and revenues from the proposed commercial operation of the station; that the grant of the application will be detrimental to the listening public in WEVD's service area, in that the assignee will have an incentive for future raids on WEVD's hours; and that the Commission should have considered the extent to which WEVD's programs would have to be modified or terminated as the result of such raids.

7. Debs further alleges, in substance, that the above-entitled application was filed on the same day as the application (BAPL-119) for Commission consent to the sale of Station WARE, Ware, Massachusetts, by a subsidiary of Tele-Broadcasters, Inc.; that the said applications contained representations to the effect that WARE was being sold in order to obtain funds for the purchase of WBBR; that it was not shown that New York City had any lack of the programming proposed by the assignee for WBBR, and no need of the public was shown to be related to the transaction which was to be accomplished by selling another station; that a question is thus raised as to whether the transactions involve "trafficking in licenses," which would disqualify the applicant; and that the Commission did not adequately consider the pre-grant objections filed by WEVD.

8. In their oppositions to the Debs protest, the applicants allege, in substance, that by reason of the share-time agreement, Station WEVD is unable to compete with Station WBBR since both stations are never on the air at the same time; that Debs has not established with the particularity required by section 309 (c) of the Communications Act that it is a party in interest to the above-entitled proceeding; and that since WBBR has always been authorized to operate commercially, WEVD and WBBR have always been potential "competitors" and this situation will not be changed by the protested assignment. In its reply, Debs urges that it is a party in interest.

9. To establish standing to protest under section 309 (c) of the Communications Act, a protestant must show that it is a "party in interest" to the action protested, within the meaning of said section. The only such showing contained in the protest filed by Charles River consists of the bare conclusionary allegation that Charles River is "an aggrieved party who is adversely affected by the granting of [the above-entitled] assignment of the radio facilities of WBBR * * * ." In our view, this statement does not constitute a showing sufficient to establish the standing required by the statute. To establish standing as a "party in interest," it is incumbent upon the protestant to alleged with particularity facts showing the manner in which the subject assignment will adversely affect it or cause it to be aggrieved. It is true that Charles River has alleged, as a substantive matter, that its standard broadcast station, WCRB, suffers electrical interference from Station WBBR. As is indicated in paragraph "2" herein, the alleged interference has existed since 1954. Charles River has neither alleged nor shown that such interference will be increased or otherwise affected by the grant of the above application. Consequently, upon careful consideration of its protest, we are constrained to conclude that Charles River has failed to show that it is a "party in interest," and we are, therefore, unable to find that it has standing, under section 309 (c) of the Act. In re James Robert Meachem, 12 Pike and Fischer RR 1427; In re A. A. Schmidt, et al., FCC 57-105, decided January 30, 1957.

10. Notwithstanding our findings that Charles River has failed to show standing to protest under section 309 (c) of the Communications Act, in this case as well as in all other instances, the Commission will consider any facts brought to its attention which bear on the question whether its grant was improperly made or would otherwise not be in the public interest. There is, however, no merit to the protestant's contention that the instant assignment of license gives it a right to compete "for the right to better use" the facility being assigned. In fact, section 310 (b) of the Communications Act provides that, "in acting [upon an assignment application] the Commission may not consider whether the public interest, convenience and necessity might be served by the transfer, assignment or disposal of the permit or license to a person other than the proposed transferee or assignee." As to the protestant's claim that the subject assignment is a device to "circumvent the law" by avoiding the necessity of the assignee making application for new facilities, it is clear that, contrary to the protestant's contention, the license currently held by Station WBBR does not differ in character from the license of any other standard broadcast station, and specific provision for the assignment of such licenses is contained in the section of the Communications Act referred to above.

11. Turning to the protest and petition for reconsideration filed by Debs Memorial Radio Fund, Inc., pursuant to sections 309 (c) and 405 of the Communications Act, in light of the facts alleged therein, we find that the protestant is a "party in interest" within the meaning of section 309 (c) of the act, and a "person aggrieved or whose interests are adversely affected" by the Commission's grant of the above-entitled application, within the meaning of section 405 of the act. Granik, et al., v. FCC, 98 U. S. App. D. C., 247, 234 F. 2d 682; FCC v. Sanders, 309 U. S. 470; In re General Times Television Corporation, 13 Pike and Fischer RR 1049; Camden Radio, Inc., v. FCC, 94 U. S. App. D. C., 312, 220 F. 2d 191. We find further that the protestant has specified with particularity the facts upon which it relies to show that the Commission's grant was not in the public interest. In view of these findings, a question is presented as to the type of hearing which is required with respect to the protestant's issues. In this connection, section 309 (c) of the Communications Act of 1934, as amended, provides, in substance, that where a sufficient protest is filed, the Commission

> shall designate the protested application for hearing upon issues relating to all matters specified in the protest as grounds for setting aside the grant, except with respect to such matters as to which the Commission, after affording protestant an opportunity for oral argument, finds, for reasons set forth in the decision, that, even if the facts alleged were to be proven, no grounds for setting aside the grant are presented.

12. The instant protest contains allegations of fact and conclusions drawn therefrom by the protestant. The facts alleged are, in substance, the same as facts which were alleged in pleadings filed by the protestant prior to the Commission's grant of the above-entitled application. Upon consideration of

[1] On January 14, 1957, the Commission received (a) a letter, dated January 10, 1957, from Richard L. Kaye, Vice President of Charles River Broadcasting Company; and (b) a letter, also dated January 10, 1957, from Theodore Jones, President of Charles River Broadcasting Company. Both letters refer to the "protest" filed by the protestant's attorney and discuss some of the matters referred to in said protest. At the same time, the letters refer to certain new matters. Neither letter bears any indication that it was served upon the applicants or their attorneys, as required by section 309 (c) of the Communications Act. In addition, the letter from Mr. Kaye is unverified. In view of these deficiencies, the Commission is prohibited by the above section of the Communications Act from considering the letters as a part of the formal protest. Nevertheless, we have examined the allegations contained in said letters and we find nothing therein which would change our decision in this case, even if we were free to consider the letters as a part of the protest.

these facts, the Commission then found that a grant of the application would be in the public interest. We have given further careful consideration to the facts alleged in the protest and are not convinced at this point that, even if these facts were proven, grounds are presented for setting aside our grant. As we pointed out in our letter to the protestant, dated December 12, 1956, Commission records fail to indicate the existence of any application or proceeding to enlarge the operating time of WBBR, and the assignee has represented to the Commission that it does not contemplate making any demand upon Station WEVD to relinquish any of the time presently used by it. Consequently, since there is no proposal before us to change the operating time allocated to Stations WEVD and WBBR, there is no occasion at this time for us to conjecture as to the possible effects of such a change. With respect to the financial qualifications of the proposed assignee, information submitted in the application indicates that the assignee will have available to it $70,000 in cash, derived from the sale of Station WARE, Ware, Massachusetts, by Tele-Broadcasters, Inc., which amount would appear to be more than adequate to meet the $30,000 down payment required under the contract of purchase with the assignor, and to provide initial operating capital. Taking into account all of the relevant information available to the Commission, we do not accept the protestant's conclusion that the applicants should have submitted additional financial data beyond that called for by the application form, nor do we accept protestant's conclusion that the purchase of Station KALI, Pasadena, California, by Tele-Broadcasters, Inc., impairs the financial qualifications of Tele-Broadcasters of New York, Inc., to purchase and operate Station WBBR. In addition, we are unable to agree with protestant's conclusions that the assignee will be compelled to over-commercialize Station WBBR; that the contract of sale results in the retention by the assignor of rights in the license of said station; or that the sale of Station WARE, Ware, Massachusetts, to obtain funds to purchase WBBR constitutes "trafficking in licenses." Accordingly, oral argument will be ordered herein as on demurrer.

13. A final question is presented as to whether we should stay the effective date of our grant of the above-entitled application. In this connection, section 309 (c) of the Communications Act provides as follows:

> • • • pending hearing and decision the effective date of the Commission's action to which protest is made shall be postponed to the effective date of the Commission's decision after hearing, unless the authorization involved is necessary to the maintenance or conduct of an existing service, or unless the Commission affirmatively finds for reasons set forth in the decision that the public interest requires that the grant remain in effect, in which event the Commission shall authorize the applicant to utilize the facilities or authorization in question pending the Commission's decision after hearing.

The applicants herein have made no showing as to why a stay should be denied, and there is no information before us which would indicate that the grant in question is "necessary to the maintenance or conduct of an existing service," or which would warrant us in finding affirmatively that the "public interest requires that the grant remain in effect." Consequently, the effective date of our grant of the above-entitled application must be postponed.

14. In view of the foregoing: *It is ordered*, That, the protest of Charles River Broadcasting Company is dismissed; that the petition for reconsideration filed by Debs Memorial Radio Fund, Inc., under section 405 of the Communications Act is granted to the extent provided for herein and denied in all other respects; that pursuant to section 309 (c) of the Communications Act of 1934, as amended, the above-entitled application is designated for oral argument at the offices of the Commission in Washington, D. C., on the question whether, if the facts alleged in the protest of Debs Memorial Radio Fund, Inc., were proven, grounds have been presented for setting aside the grant of said application; and that the effective date of the grant of the above-entitled application is postponed pending a final determination by the Commission in the proceedings ordered below.

15. *It is further ordered*, That, Debs Memorial Radio Fund, Inc., and the Chief, Broadcast Bureau are hereby made parties to the proceeding herein and that:

(a) The oral argument shall commence at 10:00 a. m. on the 25th day of February 1957, and shall be held before the Commission en banc;

(b) The parties intending to participate in the oral argument shall file their appearances not later than the 18th day of February 1957;

(c) The parties to the proceedings have until the date of oral argument to file briefs or memoranda of law.

It is further ordered, That, in the event the assignment herein has been consummated, the parties to the above-entitled application shall have until March 8, 1957 to reassign the license of Station WBBR to Watchtower Bible and Tract Society of New York, Inc.

Adopted: February 6, 1957.

Released: February 11, 1957.

INTERSTATE COMMERCE COMMISSION

FOURTH SECTION APPLICATIONS FOR RELIEF

FEBRUARY 12, 1957.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 33256: *Sulphur—New Orleans, La., group to Massachusetts and Pennsylvania.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on sulphur (brimstone), other than crude, carloads from New Orleans, La., and grouped origins to North Brookfield, and Taunton, Mass., and Pottsboro, Pa.

Grounds for relief: Circuitous routes in part west of the Mississippi River.

FSA No. 33259: *Paving compounds—Between Southern Points and Points in Official Territory.* Filed by St. Louis-San Francisco Railway Company, Agent, for interested rail carriers. Rates on paving and paving joint compounds, carloads (1) between specified points in southern territory including Ohio and Mississippi River Crossings south and east of St. Louis, Mo., and (2) between specified points in southern territory, on the one hand and specified points in Illinois territory, on the other.

Grounds for relief: Circuitous routes in part west of the Mississippi River.

FSA No. 33260: *Logs—Myrtle, Va., to High Point, N. C.* Filed by O. W. South, Jr., Agent, for interested carriers. Rates on logs, carloads from Myrtle, Va., to High Point, N. C.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 147 to Agent C. A. Spaninger's tariff I. C. C. 1297.

FSA No. 33261: *Asphalt—Casper and Cody, Wyo., to Utah Points.* Filed by Chicago, Burlington & Quincy Railroad Company, for interested rail carriers. Rates on asphalt (asphaltum), natural, by-product or petroleum, straight or mixed carloads, from Casper and Cody, Wyo., to Salt Lake City, Utah, and other specified points in Utah.

Grounds for relief: Circuitous routes.

Tariff: Supplement 29 to Chicago, Burlington & Quincy Railroad Company's tariff I. C. C. 20402.

By the Commission.

[SEAL] HAROLD D. MCCOY,
Secretary.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

ADMINISTRATIVE OFFICER ET AL.; AREA I

NOTICE OF DESIGNATION, AMENDMENT

Effective January 28, 1957, the Federal Register Document No. 56-5244, appearing on page 4934 of Volume 21, Number 128 published July 3, 1956, as amended by Federal Register Document Number 56-6009 appearing on page 5629 of Volume 21, Number 144, published July 26, 1956, is hereby amended to read:

1. Under authority conferred by Director's Order No. 615, June 12, 1956 and Amendments No. 1 dated July 2, 1956 and No. 2 dated October 22, 1956, the Acting Area Administrator and the Area Administrative Officer are authorized to enter into contracts for construction, equipment, supplies (including the rental of equipment) or services, irrespective of amount,[1] and leases of space in real estate.

2. Also pursuant to the above order, the following classes of employees of Area 1 are hereby authorized to enter into procurement contracts, with monetary limitations on individual transactions as indicated. Purchases of capitalized equipment will be limited to designated Area office personnel.

	Special purpose leases (buildings)	Equipment rental agreements	4-140 purchase orders	SF-44 purchases	Imprest funds
Acting Area Administrative Officer, Area Property and Supply Officer, and Acting Area Property and Supply Officer	$10,000	$10,000	$10,000	$500	$50
Washington State Supervisor, Calif. State Supervisor, Assistant to the Calif. State Supervisor, and Oregon State Supervisor		500	500	500	50
District Range Managers and District Foresters		500	500	500	50
Manager Land Office, Los Angeles; Assistant Manager Land Office, Los Angeles; Manager Land Office, Sacramento			1 200	50	25
Office Cadastral Engineer, Sacramento			500	500	50
Cadastral Engineers (in field)			500	500	50

[1] To be used only for purchases of routine office supplies from General Services Administration. Such purchases are subject to the availability of California State Office funds, quarterly apportionments, and such other limitation as may be imposed by the State Supervisor.

T. M. TYRRELL,
Acting Area Administrator, Area 1, Bureau of Land Management.

[Classification Order No. 109]

[California No. 44]

CALIFORNIA

SMALL TRACT CLASSIFICATION; AMENDMENT

FEBRUARY 5, 1957.

Pursuant to authority delegated to me by the California State Supervisor, Bureau of Land Management, under Part II, Document 4, California State Office, dated November 19, 1954 (19 F. R. 7697), I hereby amend Small Tract Classification Order No. 109, California No. 44, dated October 22, 1946, to permit lease and sale of the following described lands for residence and/or business purposes:

MOUNT DIABLO BASE AND MERIDIAN

T. 25 S., R. 43 E.,
Sec. 5, N½SE¼SW¼SE¼, S½SE¼SW¼SE¼.

R. G. SPORLEDER,
Officer-in-Charge, Southern Field Group, Los Angeles, California.

[F. R. Doc. 57-1159; Filed, Feb. 14, 1957; 8:46 a. m.]

[Classification No. 521]

CALIFORNIA

SMALL TRACT CLASSIFICATION

FEBRUARY 5, 1957.

1. Pursuant to authority delegated to me by the California State Supervisor, Bureau of Land Management, under Part II, Document 4, California State Office, dated November 19, 1954 (19 F. R. 7697), I hereby classify the following described public lands, totaling 2,267.90 acres in San Bernardino County, California, as suitable for lease and sale for residence purposes under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended:

SAN BERNARDINO BASE AND MERIDIAN

T. 9 N., R. 1 W.,
Sec. 19, NE¼, W½, N½SE¼, SW¼SE¼.
Sec. 20, N½SW¼, SE¼.
T. 9 N., R. 2 W.,
Sec. 15, SE¼, SE¼SW¼, SE¼NE¼SW¼, SE¼SW¼SW¼, SE¼NE¼, SE¼SW¼NE¼, E½NE¼NE¼.
Sec. 22, E½, E½NW¼, E½W½NW¼, SW¼SW¼NW¼.
Sec. 23, N½.
Sec. 24, E½, NW¼.

2. Classification of the above-described lands by this order segregates them from all appropriations, including locations under the mining laws, except as to applications under the mineral leasing laws.

3. The lands classified by this order shall not become subject to application under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended, until it is so provided by an order to be issued by an authorized officer, opening the lands to application or bid with a preference right to veterans of World War II and of the Korean conflict and other qualified persons entitled to preference under the act of September 27, 1944 (58 Stat. 497; 43 U. S. C. 279-284), as amended.

4. All valid applications filed prior to February 5, 1957, will be granted, as soon as possible, the preference right provided for by 43 CFR 257.5 (a).

R. G. SPORLEDER,
Officer-in-Charge, Southern Field Group, Los Angeles, California.

[F. R. Doc. 57-1160; Filed, Feb. 14, 1957; 8:46 a. m.]

[1] Where the amount involved is in excess of $25,000, five working days advance notice to the Office of the Secretary is required in accordance with the Secretary's memoranda of March 2, 1954 and October 17, 1955.

SECURITIES AND EXCHANGE COMMISSION

[File No. 24D-1278]

CALIFORNIA-UTAH PETROLEUM & URANIUM CO.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

FEBRUARY 11, 1957.

I. California-Utah Petroleum & Uranium Company, a Utah corporation, 230 Atlas Building, Salt Lake City, Utah, having filed with the Commission on May 28, 1954, a notification on Form 1-A and offering circular, and subsequently having filed amendments thereto relating to an offering of 1,000,000 shares of its 10¢ par value common stock at 10¢ per share for an aggregate of $100,000 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof, and Regulation A promulgated thereunder; and

II. The Commission having reasonable cause to believe that the terms and conditions of Regulation A have not been complied with in the following respects:

A. The offering circular omits to state material facts necessary in order to make the statements made, in light of the circumstances under which they are made, not misleading in that the offering circular fails to disclose the status of assessment work, if any, performed on the company's 217 mining claims. The use of such offering circular without appropriate disclosure in this matter would operate as a fraud and deceit upon the purchasers.

B. The company has failed to file reports of sales on Form 2-A as is required by Rule 224 under Regulation A.

III. *It is ordered*, Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it is hereby, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for a hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place of said hearing will be promptly given by the Commission.

By the Commission.

SPERRY RAND CORP.

NOTICE OF APPLICATION FOR UNLISTED TRADING PRIVILEGES, AND OF OPPORTUNITY FOR HEARING

FEBRUARY 11, 1957.

In the matter of application by the Cincinnati Stock Exchange for Unlisted Trading Privileges in Sperry Rand Corporation, Common Stock; File No. 7-1850.

The above named stock exchange, pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 promulgated thereunder, has made application for unlisted trading privileges in the specified security, which is listed and registered on the New York Stock Exchange.

Upon receipt of a request, on or before February 27, 1957 from any interested person, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person making the request and the position he proposes to take at the hearing. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington 25, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application and other information contained in the official file of the Commission pertaining to the matter.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Commodity Stabilization Service and Commodity Credit Corporation, Department of Agriculture

Subchapter D—Regulations Under Soil Bank Act

PART 485—SOIL BANK

SUBPART—ACREAGE RESERVE PROGRAM

SUPPLEMENT III

The regulations governing the 1956 acreage reserve part of the Soil Bank Program, 21 F. R. 4379, 4847, 5205, 5259, 5685, 5959, 6879, 7611, 7612 and 9365 (hereinafter referred to as "the regulations"), are hereby further supplemented as follows:

1. The regulations are hereby amended to make eligible for participation in the 1956 Acreage Reserve Program producers on farms which received allotments as "new farms", or, in the case of rice, producers who received allotments as "new producers", who have filed 1956 acreage reserve agreements which have been approved by the county committee: *Provided*, That, this supplement shall not be applicable unless the producer in filing the agreement acted in good faith without knowledge that the agreement was contrary to the regulations.

2. The regulations are hereby amended to eliminate the maximum and minimum acreage requirements with respect to producers who have filed 1956 acreage reserve agreements under which they agreed to place in the acreage reserve less than the minimum or more than the maximum acreage specified in § 485.108 of the regulations and whose agreements have been approved by the county committee: *Provided*, That, the requirement that the acreage which may be placed in the acreage reserve may not exceed the farm allotment for the commodity, or, in the case of corn, the farm Soil Bank corn base, shall in no case be eliminated: *And provided further*, That, this supplement shall not be applicable unless the producer in filing the agreement acted in good faith without knowledge that the agreement was contrary to the regulations.

3. With respect to producers specified in 1 and 2 above, the final date for filing 1956 acreage reserve agreements is hereby extended. However, new agreements will not be required to be executed; instead, the existing agreements will be honored, provided such agreements comply with all the other terms and conditions of the regulations.

4. 1956 acreage reserve agreements which are not in conformity with the regulations may be corrected or reformed only in accordance with instructions issued by the Administrator of Commodity Stabilization Service (copies of such instructions will be available in the office of the county committee).

(Sec. 124, Pub. Law 540, 84th Cong.)

PART 485—SOIL BANK

SUBPART—ACREAGE RESERVE PROGRAM

MISCELLANEOUS AMENDMENTS

The regulations governing the 1957 Acreage Reserve part of the Soil Bank Program, 21 F. R. 10449, as amended in 22 F. R. 494, are hereby further amended as follows:

1. The following sentence is added at end of § 485.211 (a) (3): "Producers on a farm who wish to participate only if they may place acreage in excess of the applicable maximum acreage specified in subparagraphs (1) or (2) of this paragraph in the program, and who so indicate in writing to the county committee on or before the applicable final date for filing agreements specified in § 485.212 (b), will be permitted to participate in the program under the same circumstances and to the same extent as provided above in this subparagraph."

2. Section 485.212 (b) (4) is amended by adding the following at the end thereof: "If the producers have indi-

cated in writing to the county committee their desire to participate if they are permitted to place acreage in the program in excess of the maximum specified in § 485.211 (a) (1) or (2), and the allocation made to the county is sufficient to permit such acreage to be placed in the acreage reserve, the operator shall be notified as specified above in this subparagraph. In order to place such acreage in the acreage reserve, the producers must, except as provided in subparagraph (5) of this paragraph, file an agreement with the county committee not later than ten days after the date that the notice to the operator was postmarked."

3. Section 485.212 (b) (1) (i) and (ii) is amended by deleting the words "of 1954, 1955, or 1956," and inserting in lieu thereof the words "during the period 1947–1956, inclusive,".

4a. Section 485.219 (a) (1) is amended by deleting the words "The operator", in the second sentence and inserting in lieu thereof the words "Any producer", and by deleting the words "operator" in the fourth sentence and inserting in lieu thereof the word "producer."

b. Section 485.219 (a) (2) is amended to read as follows:

(2) In the case of tobacco, any producer may at the time the agreement is filed request in writing a reconsideration of the rate of compensation per acre determined to be applicable to land on the farm which is at least equal to the productivity for such commodity of the average land on the farm normally devoted to the production of such commodity. If a request for reconsideration is not made at the time the agreement is filed, the rate specified in the agreement shall be final.

c. Section 485.219 (b) is amended by deleting the word "operator" wherever it appears and inserting in lieu thereof the word "producer", and by deleting the phrase ", at the aforementioned county office,".

5a. Section 485.226 (a) is amended by adding the following sentence at the end thereof: "A rice producer may not participate in the acreage reserve program if any part of his preliminary producer allotment is voluntarily released pursuant to the provisions of the acreage allotment regulations governing the release and reapportionment of allotments."

b. Section 485.226 (b) is amended by inserting after the word farms in the fifth line the following: "or, in the case of rice, preliminary producer allotments voluntarily released by producers".

6. Appendix 3 to the regulations is amended by changing the county rate of compensation per acre for corn in Mississippi and Wayne Counties, Missouri, from $35.00 and $29.00 to $37.00 and $33.00 respectively.

(Sec. 124, Pub. Law 540, 84th Cong.)

Issued at Washington, D. C., this 12th day of February 1957.

[Amdt. 3]

PART 485—SOIL BANK

SUBPART—ACREAGE RESERVE PROGRAM

AGREEMENT

The regulations governing the 1957 acreage reserve part of the Soil Bank Program 21 F. R. 10449, as amended in 22 F. R. 494 and F. R. Doc. 57-1232, *supra*, (hereinafter referred to as "the regulations") are hereby further amended as provided herein.

Section 485.212 (c) (2) of the regulations provides, in part, that in any case where an agreement for wheat is entered into on Form CSS–800–1 (Soil Bank), "Acreage Reserve Agreement 1957, (Winter Wheat)", and the farm is entitled to a 1957 allotment for a commodity other than wheat, the producers who signed the agreement may terminate it by filing written notice of such termination with the county committee not later than 15 days after the date of mailing by the county office of notice of the establishment of the last of the 1957 allotments for the farm. Some such agreements were terminated by producers because of their understanding that the option to terminate would expire if not exercised within 15 days following the mailing of a preliminary notice of the farm allotment for corn. The amendment set forth below is for the purpose of giving producers who terminated agreements on the basis of such misunderstanding an opportunity to reinstate their agreements.

Section 485.212 (c) (2) is hereby amended by adding the following at the end thereof: "Any producer who, pursuant to the foregoing provisions of this subparagraph, terminated his agreement not later than 15 days after the date of mailing of the preliminary notice on Form CSS–308 Corn (1957) of the farm allotment for corn may reinstate his agreement by filing a new Form CSS–800–1 within 15 days after the date of mailing by the county office to the farm operator of official notice on Form CSS–308A Corn (1957) of the farm allotment for corn, or within 15 days after the issuance of this amendment, whichever is later, subject to the following conditions:

(i) A producer shall not be eligible to file a new Form CSS–800–1 if action was taken on the farm, subsequent to termination of the original agreement, which would have constituted a violation of the original agreement if it had not been terminated.

(ii) Except for the dates and the correction of any errors, the new Form CSS–800–1 shall in all respects be identical to the original agreement.

(iii) All of the provisions of the regulations which are applicable to agreements on Form CSS–800–1 (Soil Bank), "Acreage Reserve Agreement 1957, (Winter Wheat)", and to agreements entered into before December 20, 1956, shall be applicable to such reinstated agreements. Any provisions of the regulations which are applicable only to agreements entered into on or after December 20, 1956, shall not be applicable to such reinstated agreements."

(Sec. 124, Pub. Law 540, 84th Cong.)

Issued at Washington, D. C., this 12th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary.

TITLE 7—AGRICULTURE

Chapter III—Agricultural Research Service, Department of Agriculture

PART 301—DOMESTIC QUARANTINE NOTICES

SUBPART—SWEETPOTATOES

NOTICE OF QUARANTINE

On December 29, 1956, there was published in the FEDERAL REGISTER (21 F. R. 10516) a notice of rule making con-

cerning an amendment of Sweetpotato Quarantine No. 30 (7 CFR 301.30). After due consideration of all relevant matters presented, and under the authority of sections 8 and 9 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161, 162), the Administrator of the Agricultural Research Service hereby amends the said quarantine to read as follows:

§ 301.30 *Notice of quarantine.* (a) The Administrator of the Agricultural Research Service has determined that it is necessary to quarantine Hawaii and Puerto Rico to prevent the spread to other parts of the United States of the sweetpotato scarabee (Euscepes postfasciatus Fairm.) and the sweetpotato stem borer (Omphisa anastomosalis Guen.), dangerous insect infestations new to and not widely prevalent or distributed within or throughout the United States, and that it is necessary also to quarantine the Virgin Islands of the United States to prevent the spread to other parts of the United States of the sweetpotato scarabee.

(b) Under the authority conferred by section 8 of the Plant Quarantine Act of August 20, 1912, as amended (7 U. S. C. 161), and after public hearing as required thereunder, the Administrator of the Agricultural Research Service therefore has quarantined Hawaii, Puerto Rico, and the Virgin Islands of the United States to prevent the spread of the sweetpotato scarabee (Euscepes postfasciatus Fairm.) and the sweetpotato stem borer (Omphisa anastomosalis Guen.).

(c) No variety of sweetpotatoes (Ipomoea batatas Poir.) shall be shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved by any person from Hawaii, Puerto Rico, or the Virgin Islands of the United States into or through any other State, Territory, or District of the United States: *Provided*, That the prohibitions of this section shall not prohibit the movement of sweetpotatoes in either direction between Puerto Rico and the Virgin Islands of the United States; nor prohibit the movement of sweetpotatoes by the United States Department of Agriculture for scientific or experimental purposes; nor prohibit the movement from Puerto Rico or the Virgin Islands of the United States of sweetpotatoes which the Chief of the Plant Quarantine Branch may authorize under permit or certificate to such northern ports of the United States as he may designate in such permit or certificate, conditioned upon the fumigation of such sweetpotatoes under the supervision of an inspector of said Branch either in Puerto Rico or the Virgin Islands of the United States or at the designated port of arrival, in a manner approved by the said Chief; nor prohibit the movement from Hawaii of sweetpotatoes which the Chief of the Plant Quarantine Branch may authorize under permit or certificate to such ports of the United States as he may designate in such permit or certificate, conditioned upon the fumigation of such sweetpotatoes in Hawaii under the supervision of an inspector of said Branch, in a manner approved by the said Chief: *Provided further*, That whenever the Chief of the Plant Quarantine Branch shall find that facts exist as to pest risk involved in the movement of sweetpotatoes or any classification thereof to which this subpart applies, making it safe to modify, by making less stringent, the requirements contained therein, he shall set forth and publish such finding in administrative instructions specifying the manner in which the subpart should be made less stringent, whereupon such modification shall become effective. As used in this section, the term "State, Territory, or District of the United States" means "Alaska, Hawaii, Puerto Rico, the Virgin Islands of the United States, or the continental United States."

This amendment shall be effective February 16, 1957, and shall supersede the quarantine effective February 12, 1954.

This amendment is a relieving of restrictions in that it authorizes for the first time the movement from Hawaii of sweetpotatoes which the Chief of the Plant Quarantine Branch may authorize under permit or certificate to such ports of the United States as he may designate in the permit or certificate, provided the sweetpotatoes have been fumigated in Hawaii in an approved manner under the supervision of an inspector of the Plant Quarantine Branch.

Since this amendment relieves restrictions, it is within the exception in section 4 (c) of the Administrative Procedure Act (5 U. S. C. 1003 (c)) and may properly be made effective less than 30 days after its publication in the FEDERAL REGISTER.

(Secs. 8, 9, 37 Stat. 318, as amended; 7 U. S. C. 161, 162)

Done at Washington, D. C., this 13th day of February 1957.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Services.

[F. R. Doc. 57-1262; Filed, Feb. 15, 1957; 8:57 a. m.]

Chapter VII—Commodity Stabilization Service (Farm Marketing Quotas and Acreage Allotments), Department of Agriculture

[Amdt. 1]

PART 721—CORN

SUBPART—REGULATIONS PERTAINING TO FARM ACREAGE ALLOCATIONS FOR 1957 CROP

CORN PLANTED FOR WILDLIFE FEED ON A FISH AND WILDLIFE SERVICE FARM

The purpose of this amendment is to modify the definition of "corn acreage" so that the acreage planted to corn under a contract with the fish and Wildlife Service which was not or will not be harvested is excluded when determining "corn acreage" for a farm.

Section 721.811 (o), of the 1957 corn farm acreage allocation regulations is hereby amended by adding at the end thereof the following new sentence: "Any acreage planted to corn for wildlife feed on a Fish and Wildlife Service farm under a written contract which was or will be entered into prior to planting with the Fish and Wildlife Service and which is prior to planting approved by the county and State committees shall be excluded from corn acreage if the acreage of corn is not harvested."

(Sec. 375, 52 Stat. 66, 7 U. S. C. 1375. Interprets or applies secs. 301, 329, 52 Stat. 38, 52; 7 U. S. C. 1301, 1329)

Done at Washington, D. C., this 12th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary.

[F. R. Doc. 57-1234; Filed, Feb. 15, 1957; 8:48 a. m.]

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

SUBCHAPTER E—DETERMINATION OF SUGAR COMMERCIALLY RECOVERABLE

[Sugar Determination 837.2]

PART 837—PUERTO RICO

1956–57 AND SUBSEQUENT CROPS

Pursuant to the provisions of section 302 (a) of the Sugar Act of 1948, as amended (herein referred to as "act"), the following determination is hereby issued:

§ 837.2 *Sugar commercially recoverable from sugarcane in Puerto Rico for the 1956–57 and subsequent crops.* The amount of sugar commercially recoverable upon which payment under the act may be made with respect to sugarcane of the 1956–57 and each subsequent crop, which is grown on any farm in Puerto Rico and marketed (or processed by the producer) for the extraction of sugar or liquid sugar, shall be the quantity of sugar, 96° basis, not in excess of the corresponding crop proportionate share for the farm as established pursuant to section 302 of the act, which is recoverable from such sugarcane by the mill or mills at which such sugarcane is ground, as determined in accordance with the applicable provisions of the determination of fair and reasonable prices for the corresponding crop issued pursuant to section 301 of the act. The quantity of sugar, 96° basis, for each crop thereby obtained shall be converted to raw value in accordance with section 101 (h) of the act on the basis of the annual average polarization of the sugar produced from sugarcane of each crop by the mill or mills at which such sugarcane is processed.

This determination supersedes, effective with the 1956–57 crop, the "Determination of Sugar Commercially Recoverable from Sugarcane in Puerto Rico" issued February 10, 1945.

STATEMENT OF BASES AND CONSIDERATIONS

Determinations of amounts of sugar commercially recoverable from sugar beets and sugarcane marketed (or processed by the producer) not in excess of the proportionate share for the farm, are required to establish the amounts of sugar upon which payments under the act may be made. Accordingly, determinations were issued for each of the Puerto Rican sugarcane crops of 1937–38 through 1943–44 and a determination issued on February 10, 1945, was applicable to the 1944–45 and each subsequent crop. For each of the crops 1937–38 through 1943–44, the amount of sugar commercially recoverable was determined by use of the formulas specified in the corresponding crop fair price determination, issued under section 301 (c) (2) of the act as the basis for computing settlements between sugarcane producers and processors. However, since the 1944–45 fair price determination merely extended for such crop the provisions of the 1943–44 determination without repeating the formulas for computing sugar recoverability, the determination of sugar commercially recoverable for the 1944–45 and each succeeding crop continued in effect the formulas contained in the 1943–44 fair price determination.

This determination eliminates the reference to the 1943–44 fair price determination and substitutes therefor a reference to the effective fair price determination for each corresponding crop year. Computing sugar recoveries for any crop in accordance with the currently applicable provisions of the corresponding fair price determination will reflect any changes which may be made effective in this regard for any particular crop. This determination shall apply to the 1956–57 and subsequent crops until revoked or modified.

Accordingly, I hereby find and conclude that the aforestated determination will effectuate the purposes of section 302 (a) of the act.

(Sec. 403, 61 Stat. 932; 7 U. S. C. 1153. Interprets or applies sec. 302, 61 Stat. 930 as amended; 7 U. S. C. 1132)

Issued this 12th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary.

[F. R. Doc. 57-1235; Filed, Feb. 15, 1957; 8:49 a. m.]

[Sugar Determination 878.9]

PART 878—SUGARCANE; VIRGIN ISLANDS

FAIR AND REASONABLE PRICES FOR 1957 CROP

Pursuant to the provisions of section 301 (c) (2) of the Sugar Act of 1948, as amended (herein referred to as "act"), after investigation, and due consideration of the evidence obtained at the public hearing held in Christiansted, St. Croix, Virgin Islands, on October 30, 1956, the following determination is hereby issued:

§ 878.9 *Fair and reasonable prices for the 1957 crop of Virgin Islands sugarcane.* A producer of sugarcane in the Virgin Islands who is also a processor of sugarcane (herein referred to as "processor"), shall have paid, or contracted to pay, for sugarcane of the 1957 crop grown by other producers and processed by him, in accordance with the following requirements:

(a) *Definitions.* For the purpose of this section, the term:

(1) "Raw sugar" means raw sugar 96° basis.

(2) "Settlement period" means the two-week period in which sugarcane is delivered by the producer to the processor. The first such period shall start on Monday of the week grinding commences and successive periods shall start at two-week intervals thereafter.

(3) "Average price of raw sugar" means the simple average of the daily spot quotations of raw sugar of the New York Coffee and Sugar Exchange (domestic contract), adjusted to a duty-paid basis by adding to each daily quotation the United States duty prevailing on Cuban raw sugar on that day, for the settlement period, except that, if the Director of the Sugar Division determines that for such period such average price does not reflect the true market value of raw sugar because of inadequate volume or other factors, he may designate the average price to be effective under this determination, which he determines will reflect the true market value of raw sugar.

(4) "F. O. B. mill price" means the average price of raw sugar less the actual costs incurred for ocean freight and unloading at port of destination, and the sum of .17 cent per pound in lieu of all other selling and delivery expenses.

(5) "Yield of raw sugar" means the yield of raw sugar, 96° basis, per 100 pounds of sugarcane determined for each settlement period in accordance with the following procedure:

(i) A representative sample of not less than six stalks of sugarcane shall be taken from each producer's truckload or partial load and the juice shall be extracted by a laboratory power mill. Correlating factors shall be established between the laboratory power mill juice and the factory crusher juice brix and sucrose not less than once weekly during a continuous 8-hour period. While establishing these correlating factors, the "cush-cush" or juice screenings shall be returned to the milling process at a point after the first crusher, that is, before the second or third or any subsequent mill. The correlating factors then shall be applied to the laboratory mill analysis of brix and sucrose to bring the laboratory mill analysis to the equivalent of factory crusher juice analysis.

(ii) Application shall then be made of the formula, $R=(S-0.3\ B)\ F$, where:

R=Yield of raw sugar.
S=Polarization of the crusher juice obtained from the sugarcane of each producer.
B=Brix of the crusher juice obtained from the sugarcane of each producer.
F=Yield factor which is determined as follows:

(a) Determine the "tentative recovery of raw sugar" for each producer delivering sugarcane during the settlement period, from the product of the formula $(S-0.3\ B)$, and the number of hundredweights of sugarcane; and

(b) Divide the pounds of raw sugar, 96° basis, produced during the settlement period at the mill by the sum of the "tentative recoveries of raw sugar" for all producers to obtain the yield factor, F.

(b) *Payment for sugarcane.* The payment for sugarcane delivered by the producer to the processor during a settlement period shall be calculated on the basis of the f. o. b. mill price for that portion of the raw sugar determined by applying the following applicable percentage to the yield of raw sugar from the producer's sugarcane:

Pounds of raw sugar per 100 pounds of sugarcane:	Percentage
6.0	59.0
7.0	60.0
8.0	61.0
9.0	62.0
10.0	63.0
11.0	64.0
12.0	65.0

Intermediate points within the scale are to be interpolated to the nearest one-tenth point. Points below 6 pounds or above 12 pounds of raw sugar are to be in proportion to the immediately preceding interval.

(c) *Molasses payment.* The processor shall pay the producer for each 100 pounds of sugarcane delivered an amount computed by applying the following applicable percentage to the net proceeds derived from the sale of blackstrap molasses produced per 100 pounds of sugarcane for the 1957 crop:

Pounds of raw sugar per 100 pounds of sugarcane:	Percentage
6.0	86.0
7.0	80.0
8.0	74.0
9.0	68.0
10.0	62.0
11.0	56.0
12.0	50.0

Intermediate points within the scale are to be interpolated to the nearest one-tenth point. Points below 6 pounds or above 12 pounds of raw sugar are to be in proportion to the immediately preceding interval.

(d) *Transportation allowances to producers.* The processor shall make an allowance to the producer equal to 50 percent of the rate, as agreed upon between the parties, for loading sugarcane at the farm and for its transportation to the mill.

(e) *Reporting requirement.* The processor shall submit in duplicate to the Caribbean Area Agricultural Stabilization and Conservation Office, Santurce, Puerto Rico, for approval a certified statement of the actual deductions made in determining the f. o. b. mill price of raw sugar and the net proceeds from blackstrap molasses.

(f) *Subterfuge.* The processor shall not reduce returns to the producer below those determined herein through any subterfuge or device whatsoever.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination establishes the fair and reasonable price requirements which must be met, as one of the conditions for payment under the act, by a producer who processes sugarcane of the 1957 crop grown by other producers.

(b) *Requirements of the act.* Section 301 (c) (2) of the act provides as a condition for payment, that the producer on the farm who is also directly or indirectly a processor of sugarcane, as may be determined by the Secretary, shall

have paid, or contracted to pay under either purchase or toll agreements, for sugarcane grown by other producers and processed by him at rates not less than those that may be determined by the Secretary to be fair and reasonable after investigation and due notice and opportunity for public hearing.

(c) *1957 price determination.* The 1957 price determination continues the provisions of the 1956 determination except for a change in the definition of "F. o. b. mill price." This change specifies a fixed deduction in lieu of actual costs for all items of selling and delivery expenses for raw sugar, except ocean freight and unloading at destination.

A public hearing was held in Christiansted, St. Croix, Virgin Islands, on October 30, 1956, at which interested persons were afforded the opportunity to testify with respect to fair and reasonable prices for the 1957 crop. The witness for the Virgin Islands Corporation stated that the Corporation proposed to purchase and install facilities for the bulk shipment of 1957 crop raw sugar. This witness pointed out that the operation would reduce selling and delivery expenses and would benefit the growers as well as the Corporation. He recommended that in view of this change in the method of shipping sugar, which requires substantial capital investment, that selling and delivery expenses, except ocean freight and unloading of sugar at destination, be fixed at a flat rate of $3.40 per ton of sugar. The witness also recommended that the Corporation be permitted to burn its own cane in carts after it has been weighed, since the burning decreases the amount of trash which would otherwise enter the mill, thereby improving factory operations. He pointed out that it was impractical to reweigh the cane after burning to determine the net weight.

A representative of small growers testified that although there was no objection to the burning of sugarcane, he did not favor the method followed by the Corporation in determining the weight of the cane prior to burning rather than after burning. The witness indicated that an adjustment of ½ to 1 percent in weight should be made on such burned cane. He stated that he was in agreement with the proposal of the Corporation for the establishment of fixed charges covering lighterage and other selling and delivery expenses.

A large grower testified that he was in favor of the Corporation burning its cane and since it was his belief that it was impractical to accurately determine the net weight of the cane burned in carts, an arbitrary adjustment of about 2 percent in weight should be made. The witness stated that he was in favor of the proposed bulk sugar handling operation and that growers should bear their proportionate share of selling and delivery costs.

Consideration has been given to the recommendations made at the public hearing, to the results of investigations, to the financial position of producers and the processor, and to other pertinent factors. Financial reports of the Virgin Islands Corporation, which is the largest grower and only processor of sugarcane in the Islands, show that while a small profit was realized on 1956 sugarcane growing operations, a substantial loss was incurred on milling operations. The net result was that losses for 1956 were substantial, although not as great as losses in recent years. In view of these continuing annual losses on sugar operations, the standards customarily considered in price determinations cannot be applied in the usual manner. However, the sharing relationship specified in this determination provides returns to producers which compare favorably with those obtained by sugarcane producers in other offshore areas.

The recommendation that a fixed deduction for selling and delivery expenses, in lieu of actual expenses, be used in calculating the f. o. b. mill price of raw sugar has been adopted. A fixed rate per pound of sugar is specified in lieu of actual expenses for certain hauling and loading services to be performed by the Corporation in the shipment of bulk sugar and for other selling and delivery expenses. The handling of sugar in bulk is expected to result in a cost savings to the processor. The amount of the fixed rate deduction will benefit growers in comparison to actual selling and delivery expenses incurred on sugar in bags in prior years.

No provision is made in this determination with respect to a determination of the net weight of processors' sugarcane which may be burned in carts. Inasmuch as settlement is customarily made on the weight of sugarcane as delivered it would not appear equitable to make weight adjustments on the processors' sugarcane subsequent to delivery and not make weight adjustments on the sugarcane delivered by other producers. In view of the large number of growers in relation to the amount of cane processed and the expense of making net weight determinations, it does not appear feasible at this time to require a net weight determination on all sugarcane. Since the burning of sugarcane removes substantial quantities of trash which would otherwise be carried into the processing operation and have an adverse effect on sugarcane recoveries, the practice of burning sugarcane should be continued even though it may not be feasible to determine the net weight of sugarcane after it is burned.

Accordingly, I hereby find and conclude that the foregoing price determination is fair and reasonable and will effectuate the price provisions of the Sugar Act of 1948, as amended.

(Sec. 403, 61 Stat. 932; 7 U. S. C. Sup. 1153. Interprets or applies sec. 301, 61 Stat. 929; 7 U. S. C. Sup. 1131)

Issued this 12th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Navel Orange Reg. 106]

PART 914—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 914.406 *Navel Orange Regulation 106*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 14, as amended (7 CFR Part 914; 21 F. R. 4707), regulating the handling of navel oranges grown in Arizona and designated part of California, effective September 32, 1953, under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Navel Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The Navel Orange Administrative Committee held an open meeting on February 14, 1957, after giving due notice thereof, to consider supply and market conditions for navel oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such navel oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date hereof.

(b) *Order.* (1) The quantity of navel oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., February 17, 1957, and ending at 12:01 a. m., P. s. t., February 24, 1957, is hereby fixed as follows:

(i) District 1: 369,600 cartons;
(ii) District 2: 369,600 cartons;
(iii) District 3: Unlimited movement;
(iv) District 4: Unlimited movement.

(2) All navel oranges handled during the period specified in this section are subject also to all applicable size restrictions which are in effect pursuant to this part during such period.

(3) As used in this section, "handled," "District 1," "District 2," "District 3," "District 4," and "carton" have the same meaning as when used in said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 15, 1957.

[SEAL] FLOYD F. HEDLUND,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[Orange Reg. 310]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.829 *Orange Regulation 310*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of all Florida oranges, including Temple oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of all oranges, including Temple oranges, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including the effective time hereof, are identical with the aforesaid recommendation and order; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after an open meeting of the Growers Administrative Committee on February 12, 1957, such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time hereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of all oranges, including Temple oranges, and compliance with this section will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

(b) *Order.* (1) Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order; and terms relating to grade, standard pack, and standard box, as used herein, shall have the same meaning as is given to the respective term in the United States Standards for Florida Oranges and Tangelos (§§ 51.1140 to 51.1186 of this title).

(2) During the period beginning at 12:01 a. m., e. s. t., February 18, 1957, and ending at 12:01 a. m., e. s. t., March 4, 1957, no handler shall ship:

(i) Any oranges, including Temple oranges, grown in the State of Florida, which do not grade at least U. S. No. 1 Bronze;

(ii) Any oranges, except Temple oranges, grown in the State of Florida, which are of a size smaller than 2⅝ inches in diameter, which shall be the largest measurement at a right angle to a straight line running from the stem to the blossom end of the fruit, except that a tolerance of 10 percent, by count, of oranges smaller than such minimum diameter shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances, specified in the United States Standards for Florida Oranges and Tangelos (§§ 51.1140 to 51.1186 of this title): *Provided,* That in determining the percentage of oranges in any lot which are smaller than 2⅝ inches in diameter, such percentage shall be based only on those oranges in such lot which are of a size 2 13/16 inches in diameter and smaller; or

(iii) Any Temple oranges, grown in the State of Florida, which are of a size smaller than 2⅝ inches in diameter, which shall be the largest measurement at a right angle to a straight line running from the stem to the blossom end of the fruit, except that a tolerance of 10 percent, by count, of Temple oranges smaller than such minimum diameter shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the United States Standards for Florida Oranges and Tangelos (§§ 51.1140 to 51.1186 of this title).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 13, 1957.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 57-1256; Filed, Feb. 15, 1957; 8:55 a. m.]

[Grapefruit Reg. 258]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.830 *Grapefruit Regulation 258*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of all Florida grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of all grapefruit, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after an open meeting of the Growers Administrative Committee on February 12, 1957, such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this regulation, including the effective time hereof, are identical with the aforesaid recom-

mendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this regulation effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of all grapefruit, and compliance with this regulation will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

(b) *Order.* (1) Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order; and terms relating to grade, standard pack, and standard box, as used herein, shall have the same meaning as is given to the respective term in the United States Standards for Florida Grapefruit (§§ 51.750 to 51.790 of this title); and the term "mature" shall have the same meaning as set forth in section 601.16 Florida Statutes, chapters 26492 and 28090, known as the Florida Citrus Code of 1949, as supplemented by section 601.17 (chapters 25149 and 28090) and also by section 601.18, as amended June 2, 1955 (chapter 29760).

(2) During the period beginning at 12:01 a. m., e. s. t., February 18, 1957, and ending at 12:01 a. m., e. s. t., March 4, 1957, no handler shall ship:

(i) Any seeded grapefruit, grown in the State of Florida, which are not mature and do not grade at least U. S. No. 1 Bronze;

(ii) Any seeded grapefruit, grown in the State of Florida, which are of a size smaller than $3^{15}/_{16}$ inches in diameter, measured midway at a right angle to a straight line running from the stem to the blossom end of the fruit, except that a tolerance of 10 percent, by count, of seeded grapefruit smaller than such minimum size shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances, specified in the revised United States Standards for Florida Grapefruit (§§ 51.750 to 51.790 of this title).

(iii) Any seedless grapefruit, grown in Regulation Area I, which are not mature and do not grade at least U. S. No. 1 Bronze;

(iv) Any seedless grapefruit, grown in Regulation Area II, which are not mature and do not grade at least U. S. No. 1 Bronze: *Provided,* That not to exceed 40 percent, by count, of such grapefruit may be damaged, but not seriously damaged, by scars; or

(v) Any seedless grapefruit, grown in the State of Florida, which are of a size smaller than $3^{9}/_{16}$ inches in diameter, measured midway at a right angle to a straight line running from the stem to the blossom end of the fruit, except that a tolerance of 10 percent, by count, of seedless grapefruit smaller than such minimum size shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances, specified in the revised United States Standards for Florida Grapefruit (§§ 51.750 to 51.790 of this title).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

[Tangerine Reg. 186]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.831 *Tangerine Regulation 186*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of Florida tangerines, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of tangerines, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after an open meeting of the Growers Administrative Committee on February 12, 1957, such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time hereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such tangerines; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of tangerines, and compliance with this section will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

(b) *Order.* (1) Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order; and terms relating to grade and standard pack, as used herein, shall have the same meaning as is given to the respective term in the United States Standards for Florida Tangerines (§§ 51.1810–51.1836 of this title).

(2) During the period beginning at 12:01 a. m., e. s. t., February 18, 1957, and ending at 12:01 a. m., e. s. t., March 4, 1957, no handler shall ship:

(i) Any tangerines, grown in the State of Florida, that do not grade at least U. S. No. 1; or

(ii) Any tangerines, grown in the State of Florida, that are of a size smaller than $2^{2}/_{16}$ inches in diameter, which shall be the largest measurement at a right angle to a straight line running from the stem to the blossom end of the fruit, except that a tolerance of 10 percent, by count, of tangerines smaller than such minimum diameter shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the United States Standards for Florida Tangerines (§§ 51.1810 to 51.1836 of this title).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 13, 1957.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[Lemon Reg. 674]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.781 *Lemon Regulation 674*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 20 F. R. 8451; 21 F. R. 4393), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on February 13, 1957; such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., February 17, 1957, and ending at 12:01 a. m., P. s. t., February 24, 1957, is hereby fixed as follows:

(i) District 1: 4,650 cartons;

(ii) District 2: 93,000 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 14, 1957.

[SEAL] FLOYD F. HEDLUND,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

PLATS AND PLANS

In order (a) to include standard reproduction and blueprint paper as a material suitable for preparation of plat and plans sheets, (b) to permit use of the ozalid process in preparation of plats and plans, (c) to provide that other acceptable materials and processes for the preparation of plats and plans may be approved by the Director, Alcohol and Tobacco Tax Division, and (d) to make uniform in the various parts the language and requirements for the preparation of plats and plans, 26 CFR Parts 182, 195, 198, 220, 221, 225, 230, 235, and 240 are amended as follows:

PARAGRAPH 1. 26 CFR Part 182 is amended by changing § 182.207 to read as follows:

§ 182.207 *Preparation.* Every plat and plan shall be drawn to scale. Each sheet thereof shall bear a distinctive title, enabling ready identification, and each sheet of the plat shall show the cardinal points of the compass. The minimum scale of any plat shall be not less than 1/50 inch per foot. Each sheet of the plat and plan shall be numbered, the first sheet being designated number 1 and the other sheets numbered in consecutive order. The dimensions of plat and plan sheets shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing: *Provided,* That the assistant regional commissioner may authorize the use of larger sheets if they are folded to the 15- by 20-inch size and can be filed by the top margin (20-inch dimension) in such a manner that they may be used without removal from the file and will not unfold when the file is suspended in a cabinet. Plats and plans shall be submitted on sheets of tracing cloth, sensitized linen, or standard reproduction or blueprint paper, and may be original drawings, or reproductions made by the "ditto process", the ozalid process, or by lithoprint, if such reproductions are clear and distinct. The Director may approve other materials and methods which he finds are equally acceptable.

PAR. 2. 26 CFR Part 195 is amended by changing § 195.96 to read as follows:

§ 195.96 *Preparation.* Every plat and plan shall be drawn to scale. Each sheet thereof shall bear a distinctive title, enabling ready identification, and each sheet of the plat shall show the cardinal points of the compass. The minimum scale of any plat shall be not less than 1/50 inch per foot. Each sheet of the plat and plan shall be numbered, the first sheet being designated number 1 and the other sheets numbered in consecutive order. The dimensions of plat and plan sheets shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing: *Provided,* That the assistant regional commissioner may authorize the use of larger sheets if they are folded to the 15- by 20-inch size and can be filed by the top margin (20-inch dimension) in such a manner that they may be used without removal from the file and will not unfold when the file is suspended in a cabinet. Plats and plans shall be submitted on sheets of tracing cloth, sensitized linen, or standard reproduction or blueprint paper, and may be original drawings, or reproductions made by the "ditto process", the ozalid process, or by lithoprint, if such reproductions are clear and distinct. The Director may approve other materials and methods which he finds are equally acceptable.

PAR. 3. 26 CFR Part 198 is amended by changing § 198.96 to read as follows:

§ 198.96 *Preparation.* Every plat and flow plan shall be drawn to scale. Each sheet thereof shall bear a distinctive title, enabling ready identification, and each sheet of the plat shall show the cardinal points of the compass. The minimum scale of any plat shall be not less than 1/50 inch per foot. Each sheet of the plat and flow plan shall be numbered, the first sheet being designated number 1 and the other sheets numbered in consecutive order. The dimensions of plat and flow plan sheets shall be 15 by 20 inches, outside measurement,

with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing: *Provided*, That the assistant regional commissioner may authorize the use of larger sheets if they are folded to the 15- by 20-inch size and can be filed by the top margin (20-inch dimension) in such a manner that they may be used without removal from the file and will not unfold when the file is suspended in a cabinet. Plats and flow plans shall be submitted on sheets of tracing cloth, sensitized linen, or standard reproduction or blueprint paper, and may be original drawings, or reproductions made by the "ditto process", the ozalid process, or by lithoprint, if such reproductions are clear and distinct. The Director may approve other materials and methods which he finds are equally acceptable.

PAR. 4. 26 CFR Part 220 is amended by changing § 220.211 to read as follows:

§ 220.211 *Preparation.* Every plat and plan shall be drawn to scale. Each sheet thereof shall bear a distinctive title, enabling ready identification, and each sheet of the plat shall show the cardinal points of the compass. The minimum scale of any plat shall be not less than 1/50 inch per foot. Each sheet of the plat and plan shall be numbered, the first sheet being designated number 1 and the other sheets numbered in consecutive order. The dimensions of plat and plan sheets shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing: *Provided*, That the assistant regional commissioner may authorize the use of larger sheets if they are folded to the 15- by 20-inch size and can be filed by the top margin (20-inch dimension) in such a manner that they may be used without removal from the file and will not unfold when the file is suspended in a cabinet. Plats and plans shall be submitted on sheets of tracing cloth, sensitized linen, or standard reproduction or blueprint paper, and may be original drawings, or reproductions made by the "ditto process", the ozalid process, or by lithoprint, if such reproductions are clear and distinct. The Director may approve other materials and methods which he finds are equally acceptable.

(68A Stat. 631; 26 U. S. C. 5178)

PAR. 5. 26 CFR Part 221 is amended by changing § 221.216 to read as follows:

§ 221.216 *Preparation.* Every plat and plan shall be drawn to scale. Each sheet thereof shall bear a distinctive title, enabling ready identification, and each sheet of the plat shall show the cardinal points of the compass. The minimum scale of any plat shall be not less than 1/50 inch per foot. Each sheet of the plat and plan shall be numbered, the first sheet being designated number 1 and the other sheets numbered in consecutive order. The dimensions of plat and plan sheets shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing: *Provided*, That the assistant regional commissioner may authorize the use of larger sheets if they are folded to the 15- by 20-inch size and can be filed by the top margin (20-inch dimension) in such a manner that they may be used without removal from the file and will not unfold when the file is suspended in a cabinet. Plats and plans shall be submitted on sheets of tracing cloth, sensitized linen, or standard reproduction or blueprint paper, and may be original drawings, or reproductions made by the "ditto process", the ozalid process, or by lithoprint, if such reproductions are clear and distinct. The Director may approve other materials and methods which he finds are equally acceptable.

(68A Stat. 631; 26 U. S. C. 5178)

PAR. 6. 26 CFR Part 225 is amended by changing § 225.221 to read as follows:

§ 225.221 *Preparation.* Every plat and plan shall be drawn to scale. Each sheet thereof shall bear a distinctive title, enabling ready identification, and each sheet of the plat shall show the cardinal points of the compass. The minimum scale of any plat will not be less than 1/50 inch per foot. Each sheet of the plat and plan shall be numbered, the first sheet being designated number 1, and the other sheets numbered in consecutive order. The dimensions of plat and plan sheets shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing: *Provided*, That the assistant regional commissioner may authorize the use of larger sheets if they are folded to the 15- by 20-inch size and can be filed by the top margin (20-inch dimension) in such a manner that they may be used without removal from the file and will not unfold when the file is suspended in a cabinet. Plats and plans shall be submitted on sheets of tracing cloth, sensitized linen, or standard reproduction or blueprint paper, and may be original drawings, or reproductions made by the "ditto process", the ozalid process, or by lithoprint, if such reproductions are clear and distinct. The Director may approve other materials and methods which he finds are equally acceptable.

(68A Stat. 643; 26 U. S. C. 5231)

PAR. 7. 26 CFR Part 230 is amended by changing § 230.96 to read as follows:

§ 230.96 *Preparation.* Every plat and plan shall be drawn to scale. Each sheet thereof shall bear a distinctive title, enabling ready identification, and each sheet of the plat shall show the cardinal points of the compass. The minimum scale of any plat will not be less than 1/50 inch per foot. Each sheet of the plat and plan shall be numbered, the first sheet being designated number 1 and the other sheets numbered in consecutive order. The dimensions of plat and plan sheets shall be 15 by 20 inches, outside measurement, with a clear margin of at least one inch on each side of the drawing, lettering, and writing: *Provided*, That the assistant regional commissioner may authorize the use of larger sheets if they are folded to the 15- by 20-inch size and can be filed by the top margin (20-inch dimension) in such a manner that they may be used without removal from the file and will not unfold when the file is suspended in a cabinet. Plats and plans shall be submitted on sheets of tracing cloth, sensitized linen, or standard reproduction or blueprint paper, and may be original drawings, or reproductions made by the "ditto process", the ozalid process, or by lithoprint, if such reproductions are clear and distinct. The Director may approve other materials and methods which he finds are equally acceptable.

PAR. 8. 26 CFR Part 235 is amended by changing § 235.211 to read as follows:

§ 235.211 *Preparation.* Every plat and plan shall be drawn to scale. Each sheet thereof shall bear a distinctive title, enabling ready identification, and each sheet of the plat shall show the cardinal points of the compass. The minimum scale of any plat will not be less than 1/50 inch per foot. Each sheet of the plat and plan shall be numbered, the first sheet being designated number 1, and the other sheets numbered in consecutive order. The dimensions of plat and plan sheets shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing: *Provided*, That the assistant regional commissioner may authorize the use of larger sheets if they are folded to the 15- by 20-inch size and can be filed by the top margin (20-inch dimension) in such a manner that they may be used without removal from the file and will not unfold when the file is suspended in a cabinet. Plats and plans shall be submitted on sheets of tracing cloth, sensitized linen, or standard reproduction or blueprint paper, and may be original drawings, or reproductions made by the "ditto process", the ozalid process, or by lithoprint, if such reproductions are clear and distinct. The Director may approve other materials and methods which he finds are equally acceptable.

PAR. 9. 26 CFR Part 240 is amended by changing § 240.271 to read as follows:

§ 240.271 *Preparation.* The plat of a bonded wine cellar shall be drawn to scale. Each sheet thereof shall bear a distinctive title, enabling ready identification, and shall show the cardinal points of the compass. The minimum scale of any plat shall be not less than 1/50 inch per foot. Each sheet of the plat shall be numbered, the first sheet being designated number 1 and the other sheets numbered in consecutive order. The dimensions of plat sheets shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing: *Provided*, That the assistant regional commissioner may authorize the use of larger sheets if they are folded to the 15- by 20-inch size and can be filed by the top margin (20-inch dimension) in such a manner that they may be used without removal from the file and will not unfold when the file is suspended in a cabinet. Plats shall be submitted on sheets of tracing cloth, sensitized linen, or standard reproduction or blueprint paper, and may be original drawings, or reproductions made by the "ditto process", the ozalid process, or by lithoprint, if such reproductions are clear and distinct. The Director may approve other materials and methods which he finds are equally acceptable.

Because this Treasury decision is liberalizing in effect and noncontroversial in character, it is hereby found unnecessary to issue the Treasury decision with notice and public procedure thereon under section 4 (a), or subject to the effective date limitation of section 4 (c), of the Administrative Procedure Act, approved June 11, 1946. Accordingly, this Treasury decision shall be effective on the date of publication in the FEDERAL REGISTER.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954.

(68A Stat. 917; 26 U. S. C. 7805)

[SEAL] RUSSELL C. HARRINGTON,
Commissioner of Internal Revenue.

Approved: February 12, 1957.

DAN THROOP SMITH,
Deputy to the Secretary of the Treasury.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 203—BRIDGE REGULATIONS

MISSOURI RIVER

Pursuant to the provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U. S. C. 499), § 203.596 is hereby prescribed to govern the operation of drawbridges across the Missouri River during the off-navigation season from December 1 to March 1 of each year and § 203.560 (g), is hereby amended to provide for the operation of the Dakota County bridge at Sioux City, Iowa, and the Chicago and North Western Railway Company bridge at Pierre, South Dakota, on advance notice during the navigation season, as follows:

§ 203.560 *Mississippi River and its tributaries and outlets; bridges where constant attendance of draw tenders is not required.* * * *

(g) *Ohio River and Upper Mississippi River.* * * *

(7) Missouri River, Nebr. and Iowa; Dakota County bridge between Sioux City, Iowa, and South Sioux City, Nebr. Between March 2 and November 30, at least 2 hours' advance notice required. Between December 1 and March 1, the regulations in § 203.596 shall govern the operation of this bridge.

(8) Missouri River, S. Dak.; Chicago and North Western Railway Company bridge at Pierre. Between March 2 and November 30, at least 4 hours' advance notice required. Between December 1 and March 1, the regulations in § 203.596 shall govern the operation of this bridge.

§ 203.596 *Missouri River; bridges.* (a) The owners of or agencies controlling drawbridges over the Missouri River will not be required to keep draw tenders in attendance during the winter months from December 1 to March 1.

(b) Whenever a vessel, unable to pass under a closed bridge, desires to pass through the draw during the winter months from December 1 to March 1, at least 24 hours' advance notice of the time opening is required shall be given by telephone or otherwise, to the authorized representative of the owner or agency controlling the bridge.

(c) Upon receipt of such notice, the authorized representative of the owner or agency controlling the bridge, in compliance therewith, shall arrange for the prompt opening of the draw at the time specified in the notice for the passage of the vessel.

(d) The owner of or agency controlling the bridge shall, if no draw tender is in attendance as above provided, keep conspicuously posted on both the upstream and downstream sides of the bridge, in a manner that it can be easily read at any time, a copy of the regulations of this section together with a notice stating exactly how the representative, specified in paragraph (b) of this section may be reached.

(e) The operating machinery of the draws shall be maintained in a serviceable condition and the draws opened and closed at least once each month to assure that the machinery is in proper order for satisfactory operation.

[Regs., February 1, 1957, 823.01 (Missouri River)—ENGWO] (Sec. 5, 28 Stat. 362; 33 U. S. C. 499)

[SEAL] HERBERT M. JONES,
Major General, U. S. Army,
The Adjutant General.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 1001]

[Docket No. AO-267-A1]

LIMES GROWN IN FLORIDA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO PROPOSED AMENDMENTS TO MARKETING AGREEMENT AND ORDER

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of this recommended decision of the Deputy Administrator, Agricultural Marketing Service, United States Department of Agriculture, with respect to proposed amendments to the marketing agreement and Order No. 101 (7 CFR Part 1001), hereinafter referred to as the "order", regulating the handling of limes grown in Florida, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), hereinafter referred to as the "act." Interested parties may file written exceptions to this recommended decision with the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington 25, D. C., not later than the close of business of the tenth day after publication thereof in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary statement. The public hearing, on the record of which the proposed amendments to the order are formulated, was initiated by the Agricultural Marketing Service as a result of proposals submitted by the Florida Lime Administrative Committee, the administrative agency established pursuant to the order. In accordance with the applicable provisions of the aforesaid rules of practice and procedure, a notice that such public hearing would be held on December 10, 1956, in the Auditorium, Redlands Farm Labor Camp, Homestead (Modello), Florida, was published in the FEDERAL REGISTER (21 F. R. 9328) on November 29, 1956.

Material issues. The material issues presented on the record of the hearing were concerned with amending the marketing agreement and order to:

(1) Permit only a grower or producer having a proprietary interest in 10 or more bearing lime trees to participate in nominations of grower members and alternate members of the committee;

(2) Authorize the committee to hold simultaneous meetings of groups of its members at two or more places through the use of appropriate telephone communication with loud speaker receivers;

(3) Change the time for the preparation and mailing of the annual report to read "as soon as practicable after the close of each fiscal year";

(4) Change the provisions pertaining to assessments and accounting to permit the carryover of surplus assessment funds for use as a reserve to finance certain order operations;

(5) Authorize the committee, when necessary, to exempt from the regulatory, assessment, and inspection provisions of the order, shipments of limes made in furtherance of a marketing research project of the committee;

(6) Authorize the establishment of pack specifications, and of regulations requiring all limes handled to be packed in accordance with such specifications and for the containers to be identified by labels, stamps, or other appropriate means;

(7) Continue to exempt limes shipped under minimum quantity exemption provisions from assessments and inspection, but not from regulation requirements; and

(8) Require handlers, at the request of the committee, to report the destina-

tion, by State, zone, or market area, of each lot of limes handled.

Findings and conclusions. The findings and conclusions on the material issues, all of which are based upon the evidence adduced at the hearing and the record thereof, are as follows:

(1) The current definition of "grower" defines such term as any person who produces limes for market and who has a proprietary interest therein. It was proposed to amend the current definition of grower to permit only a grower or producer having a proprietary interest in 10 or more bearing lime trees to participate in the nomination of grower members and alternate members of the committee.

It is concluded from the evidence that it would be in the best interest of commercial growers or producers of Florida limes to amend § 1001.8 *Grower*, of the order, as hereinafter set forth.

It is apparent from the testimony that the industry intends that the local administration of the order primarily should be by the growers who are engaged in the production on a commercial scale of limes for market. It was pointed out that there are thousands of homes in the general area of South Miami and Homestead, Florida, many of which are located on lots subdivided from former lime groves. These homes usually have a few lime trees remaining as backyard plantings, and there are many other homes in both urban and rural areas in Southern Florida where the owners have planted a few lime trees and other subtropical fruit trees in the backyards for ornamental or aesthetic purposes, and for home use of the fruit.

Under the present definition of grower, thousands of these home owners qualify as producers of limes and may participate in nomination meetings if they desire. They far outnumber the recognized commercial producers of limes in the production area. The production of limes by these home owners, however, is insignificant when compared to the total production of limes by all producers. Such home owners have little, if any, financial interest in the commercial production of limes, and, therefore, they are affected very little by the provisions of the marketing agreement and order. Nevertheless, they could, if they should so desire, dominate the program by outvoting recognized commercial lime producers in nomination meetings.

It is not usually the intent of the owners of these so-called "backyard trees" to produce limes for market. This can reasonably be concluded from the fact that a few trees will only yield a small number of bushels of limes a year (estimated in the case of "backyard growers" to be about a bushel per tree per year), and the bearing habit of lime trees is such that limes mature over practically the entire year. Moreover, the owners of these "backyard trees" usually do not cultivate, fertilize, spray, or perform other cultural practices that would be necessary to produce limes of a desired marketable quality. The lime production of the "backyard grower" is intended primarily for home use and possibly occasional gifts to friends.

Furthermore, should the owner of a few lime trees desire to market limes from such trees, he could normally do so free from assessment, regulation, and inspection under the provisions of the marketing agreement and order. Any person is now permitted to handle not in excess of one bushel of limes to any other person during any one day, with a maximum of 10 bushels per week, free from such restrictions. In view of the relatively small production of nine trees, the fact that most are intended for home use, and the further fact that the production of a lime tree extends over a full calendar year, there should seldom be occasion for commercial sales, and such sales should normally be in quantities of a bushel or less. Thus, a "backyard" grower should usually be able to sell from his production, such as to a retailer, free from any of the indicated restrictions, insofar as he is concerned. Of course, sale by any person in excess of the exempted quantities would be subject to regulation.

There was considerable discussion at the hearing as to whether the proposed restricted definition of "grower," insofar as participation in nominations is concerned, should also be made applicable to eligibility for grower member or alternate member representation on the committee. In other words, whether lime growers should be precluded from nominating and the Secretary from selecting, a "backyard" grower to represent them. It was testified, without opposition, that such preclusion need not and should not be extended to such a point. It was stated that such a happening would not normally be expected to occur, but there was a possibility that there might arise a situation of a "backyard" grower who had such outstanding qualifications that his selection to the committee might be most desirable and the growers should not be precluded from nominating him to a position on the committee in that event. It was further testified that the potentially objectionable situation arising from the present definition should be obviated by the proposed restriction with respect to participating in nominations.

Therefore, it is concluded that in view of the foregoing circumstances, it would be in keeping with the best interests of producers and consumers of limes, if producers of 10 or more bearing lime trees, only were permitted to participate in nomination meetings.

(2) The present provisions (§ 1001.30 (b)) of the order pertaining to procedure for holding meetings authorize the committee, in addition to voting at assembled meetings, to vote by telegraph, telephone, or other means of communication, provided, that votes cast in such manner are confirmed promptly in writing. The authority to vote by telephone is necessary to make administratively feasible the operation of the order for Florida limes. The production of limes in Florida is concentrated in two separate districts which are a considerable distance apart. Up to this time, assembled meetings have generally been held at the committee headquarters at Homestead in District 1, which district has seven of the nine members of the committee. This has entailed a considerable hardship on the two members from District 2 in attending such meetings and has, at times, resulted in delay in taking needed actions. The lime industry, like other fresh produce industries, is a dynamic one where climatic, marketing, and other conditions often change or fluctuate rapidly. In order to contribute to orderly marketing and to serve the best interests of lime producers, it must, therefore, be possible for the committee to take prompt action on its regulatory and other functions under this marketing program. Since travel between the two districts for the attendance of meetings requires a great deal of time, telephone voting is particularly necessary after emergency situations such as hurricanes, high winds, or frost damage. Telephone voting, would also be beneficial at times when matters, such as the original issuance or modification of quality or maturity regulations, have to be disposed of between regular assembled meetings of the committee, which are usually held about once a month. The situation is such that telephone meetings of the presently proposed nature should be permitted to be held when the committee deems such type of meetings to be desirable.

It was testified that the present procedure of the committee for telephone voting is inadequate, since it does not permit discussions of or the modifications of any proposal that is put to vote. It was proposed that loud speaker receivers be used with telephones, to permit committee members to meet in two or more designated places, so that each member may participate in discussions and take into consideration any information that other committee members may wish to make known to the entire committee. Such procedure would also permit greater participation of the industry where prompt action by the committee is required, since industry representatives could attend the group meetings and make known to the committee their respective thoughts concerning the matters under consideration. This is, of course, not possible where the present telephone vote is used. In view of the foregoing circumstances, it is concluded that the provisions of the order pertaining to meetings should be amended as hereinafter set forth.

(3) The present provisions (§1001.32) of the order require that the committee shall, prior to March 31 of each fiscal year, prepare and mail an annual report to the Secretary and to each handler and grower who requests a copy. The provisions further stipulate that the annual report shall contain at least: (a) A complete review of the regulatory operations during the fiscal year; (b) an appraisal of the effect of such regulatory operations; and (c) any recommendations for changes in the program.

It was testified that since the fiscal year also ends on March 31, in order for the committee to comply with the present deadline, it is forced to include only minimum requirements and some analyses included are necessarily based upon incomplete information and estimates. This is necessitated because

limes are shipped during each month of the year, and limes are still being shipped during March. The committee must also depend on other agencies in the State of Florida for data on shipments and other statistical data, and, therefore, such information is not immediately available to the committee. A complete summary of shipments and other data is not available to the committee until a time later than the close of the fiscal year. It is, therefore, impossible for the committee to prepare and submit a complete report on its functions before the close of the fiscal year.

It is, therefore, concluded that the provisions of the order should be amended as hereinafter set forth to require that annual reports be submitted as soon as practicable after the close of each fiscal year.

(4) Present provisions (§ 1001.42) of the order provide that if, at the end of a fiscal year, the assessments collected are in excess of the expenses incurred, each person entitled to a proportionate refund of the excess assessment shall be credited with such refund against the operations of the following fiscal year, and that any handler may demand payment of such a refund, and the refund shall be paid him. Since handlers may demand and receive payment of excess committee funds at the end of each year, the committee cannot build up a normal operating reserve or contingency fund from which it may draw during periods when income is not adequate to cover expenses.

Although some limes may be picked at any time of the year, the peak lime production and shipment occurs in the late summer and fall. The fiscal year starts on April 1, and, therefore, the committee must operate during April, May, June, and July on very little assessment income. This means, that for all practical purposes, the committee incurs approximately one-third of its yearly expenses before any substantial income is received.

The present provisions of the order authorize the committee to borrow funds not in excess of 10 percent of its estimated yearly expenses and to accept from handlers the payment of assessments in advance. However, the authorization for borrowing is inadequate in view of the expenditures that may be necessary before income is obtained. An operating reserve is an important instrument for the continued effective operation of the order over a period of years. The State of Florida is very susceptible to hurricanes at a time before the major portion of the crop is harvested and to frost damage at the time of bloom and fruit set. The anticipated lime crop for any year may also be reduced by such other factors as high winds not amounting to a hurricane and by drought. The assessment rates under the program are set at the beginning of the season for a crop of an estimated volume of shipments. Should crop failure or partial crop failure reduce the crop so that assessment income falls below expenses, it would be necessary for handlers in light of the reduced crop to cover the deficit. When the handlers have already made returns to growers, it would be very difficult for them to obtain from such growers the additional funds required to meet the increase in assessment that would be necessary. It would also constitute an extra burden on the industry to increase the assessment rate after disasters such as these have occurred.

Because of the hazards incident to the production of limes, and the difficulties thus expected to be encountered in financing operations of the program during some years, it would be desirable to establish an operating reserve for use during any such year. Evidence presented at the hearing was to the effect that nearly all of the production of limes is marketed year after year by the same handlers and that it would be equitable to all handlers, and far less burdensome to them, to contribute to the establishment of such an operating reserve during years of normal production rather than to be required to pay a high rate of assesssment occasioned by a deficit during a year when the crop is materially reduced. It was testified that the proposed reserve fund should be built up to the desirable amount as rapidly as possible, since a material reduction of the crop could occur at any time. Discretion should be used, however, so as not to impose excessively high assessments. It was indicated that it would be appropriate, and in keeping with the desires of the industry, to include in the annual budget a specific amount for the reserve fund as well as to use any other excess assessment funds available at the end of a fiscal year for this purpose. In order that such reserve funds not be accumulated beyond a reasonable amount, it was proposed that a limit of approximately one fiscal year's expense be provided. It was shown that such an amount should be sufficient to cover any foreseeable need since some income from assessment may be expected during any year. After the reserve has been built up to that amount, excess assessment income should thereafter be returned to the handlers entitled to refunds in accordance with the current provisions of the order. However, in keeping with the need for the reserve fund, whenever any portion of it is used, the full amount withdrawn should be returned to the reserve as soon as assessment income is available for this purpose.

It was also testified that, in addition to the aforementioned uses, the reserve fund should be used, with the approval of the Secretary, to cover costs of liquidation of the program in the event the order is terminated, as well as to cover necessary operational costs, such as for salaries and other necessary expenses, during any period when the order, or any of its provisions, should be suspended. It is possible, of course, that the program may be terminated at the end of a fiscal year, or during a year when the production of limes is relatively light. In such circumstances, it would be burdensome to handlers to require payment of an assessment to cover the liquidation costs. It was advanced at the hearing that all handlers receive benefits from the program's operation and, even if a handler ceases handling limes before the full period of its operation, it would be appropriate and equitable for such handler to share in the expense of liquidation. Should the order provisions be suspended, it is likely such suspension would occur during a period when lime production has been seriously curtailed. It would seem reasonable and proper, therefore, to use the reserve funds to defray any expense of liquidation or any necessary cost of operation during a period of suspension. It is anticipated, of course, that the committee will endeavor to minimize costs in this regard so far as reasonably practicable consistent with the efficient performance of its responsibilities.

Upon termination of the order, any funds in the reserve which are not used to defray the necessary expenses of liquidation should, to the extent practicable, be returned to the handlers from whom such funds were collected. It is apparent, from the evidence of record, that it may not be possible to make an exact distribution of any such funds. Should the order be terminated after many years of operation, and there have been several withdrawals and redeposits in the reserve, the precise equities of handlers may be difficult to ascertain and any requirement that there be a precise accounting of the remaining funds could involve such costs as to nearly equal the monies to be distributed. Therefore, it would be desirable and necessary to permit the unexpended reserve funds to be disposed of in any manner that the Secretary may determine to be appropriate in such circumstances.

A proposal, incident to the establishment of a reserve, would eliminate the committee's authority to borrow up to 10 percent of estimated expenses and to accept advance payments of assessments from handlers of limes.. However, the industry desires to retain the authority to accept advance payments as a supplementary source of operating funds to cover operating expenses during the early portion of a marketing year. Advances by handlers are entirely voluntary, and the amounts are credited against the subsequent assessment obligations which accrue against them. It is concluded from the testimony introduced in the hearing, that the industry does not desire to retain the committee's authority to borrow funds not to exceed 10 percent of the estimated yearly expenses. It was testified, as heretofore explained, that the borrowing of funds is an inadequate method of financing the committee because of the low limitation and the length of time the committee must function before assessment income is sufficient to cover the costs of operating the program.

In view of the foregoing circumstances, it is, therefore, concluded that the committee's authority to borrow funds should be deleted from the marketing agreement and order and that § 1001.42 thereof should be amended as hereinafter set forth to permit excess assessment to be placed in a reserve and used in the manner heretofore described.

(5) The present provisions (§ 1001.45) of the order provide for the establishment of marketing research and develop-

ment projects designed to assist, improve, or promote the marketing, distribution, and consumption of limes. Present provisions also require that any person who handles limes shall pay the committee his pro rata share of the expenses of the committee based upon the quantity of limes he handles during the fiscal year, that all limes handled shall meet the requirements of regulations applicable to limes in effect at the time of handling, and that each handler who handles limes shall cause each lot of limes to be inspected by the Federal-State Inspection Service and to be certified as meeting applicable requirements of regulations then in effect.

It was testified that the types of marketing research that the committee may desire to engage in in the future would probably involve the experimental handling of limes, and limes handled in such manner because of the nature of the study may not meet the requirements of regulations in effect. The committee presently has no authority to issue exemptions from regulations for marketing research purposes, and, therefore, if the committee desires to engage in a study such as testing various lime shipping containers not permitted to be used under the container regulation then in effect; such regulation would have to be amended to authorize such shipments. The committee may well desire to engage in other experimental shipments of limes such as shipping limes of various stages of maturity or of various grades and packs, some of which may differ from regulation requirements.

Since the limes shipped for experimental purposes may not meet regulation requirements, it was further testified that the committee should also have authority to exempt such shipments from the inspection requirements, when necessary. The certification that limes meet all applicable requirements of regulations in effect obviously could not be obtained for some types of lime shipments under research projects similar to those mentioned. On the other hand, authority to require some types of experimental shipments to meet regulation and inspection requirements is needed since such requirements would, when desirable and necessary, serve as a control, in that the grade, size, quality, or maturity of all limes shipped in connection with the research projects may thereby be held comparable, and the effects of some other variable such as container could be more accurately measured.

Authority should also be provided to exempt, when necessary, shipments of limes from the assessment provisions of the program. It was testified that the committee itself may desire to become a handler of limes shipped for test purposes, and, in such instance, it would merely be a case of "taking money from one pocket and placing it in another." Also, research projects may require considerable cooperation and expense on the part of those handlers cooperating in such studies, and, therefore, the committee does not feel that, in every instance, test shipments should be subject to assessments.

It is, therefore, concluded that the order should be amended, as hereinafter set forth, to permit the committee to exempt shipments of limes for research purposes from any or all of the provisions of §§ 1001.41 (relating to assessments), 1001.52 (relating to regulation), and 1001.55 (relating to inspection and certification). Such authority should be limited, so that such exemptions would be available only when necessary to carry out the particular research project in connection with which the exempted shipment would be made.

(6) The present provisions (§ 1001.52) of the order with respect to the issuance of regulations, provide that the Secretary may, upon recommendation of the committee, regulate essentially in the manner hereinafter specified, the handling of limes. Such regulations may: (1) prohibit during specified periods the handling of limes which do not meet grade, size, and quality (including internal quality and juice content) standards as shall be prescribed; (2) prescribe minimum standards of quality for limes and limit the handling thereof to those meeting such standards; and (3) fix the size, capacity, weight, dimensions, or pack of containers used in the handling of limes.

It was testified that the Secretary, upon recommendation of the committee, should have the additional authority to establish and prescribe pack specifications; and, as an incident to such specifications, the authority to prescribe the grade and designation thereof, type of pack, packing arrangement, and sizes of limes, including tolerances, and require that all limes handled shall be packed in accordance with such pack specifications and shall be identified by appropriate labels, seals, stamps, tags, or other appropriate means of identification (with such specifications marked thereon), affixed to or imprinted on the containers by the handler under the supervision of the committee or an inspector of the Federal-State Inspection Service.

Evidence presented at the hearing shows that, prior to the time the order was made effective, it was the general practice of most shippers of limes to pack and ship, under separate house labels, several qualities of limes. That is, the limes handled by a particular shipper, were graded and packed according to house grades which he had adopted as his standards of quality. It was customary to identify the containers of limes so graded with an appropriate label showing designations such as "Extra Fancy," "Fancy," "No. 1," "No. 2," "Choice," or with other meaningful terms. After the order became effective, the shippers of limes generally discontinued the practice of using house specifications for the grading and packing of limes. While this result was not intended under the program operations, the majority of shippers presently grade and pack limes only so as to meet the minimum requirements of regulations effective under the order. Most shippers request inspection from the Federal-State Inspection Service to show only that their limes meet the minimum requirements of the regulations. The pack may contain limes of a "No. 1" or "Combination" grade, but if the minimum requirement of the regulation is "No. 2," the inspection certificate in the majority of cases will show only that the limes meet the minimum requirements of the regulation, because that is the type of inspection generally requested.

Because of the type of inspection requested by lime shippers, the buyers and receivers in the trade are dependent on shippers to inform them as to the grade or quality of limes they purchase. Moreover, even if inspection certificates show the correct grade of each lot of limes, such certificates are not generally available to buyers and receivers because of the size of most lime orders and the method of shipment. A particular lot of limes may be delivered to a number of different dealers located in a number of cities, and it is impossible for one inspection certificate to be available to all of the dealers. Because of the lack of evidence as to the quality of limes offered for sale, a handler may represent to a prospective buyer a quality different than is actually the case. In view of the confusion as to the grade of limes the shippers are quoting for sale, buyers often use the lowest price offered to beat down the price of other shippers they are dealing with. Buyers may state that they can purchase limes meeting regulation requirements at, for example, 25 cents per carton cheaper from another shipper although that shipper may be offering limes which, while meeting the minimum requirements of the regulation, are of a poorer quality. The result is that competition in the marketing of limes has deteriorated to the point that price often has become the major competitive factor. Since shippers now normally are not selling by grade, and, therefore, have no incentive to pay producers according to the quality of limes they deliver, the growers who produce good quality limes are forced to take the same market price as that obtained for poorer quality fruit. It is probable that the long-run effect of such practice on the lime industry will be a lessening of efforts to produce premium quality limes, which would adversely affect demand; and growers returns will tend to be lower than they would be with the proper designation of grades, sizes, and packs, so as to build up the confidence of buyers and the trade.

It was advanced at the hearing that under the present practices, without pack specifications and compulsory labeling, the growers' share of the final selling price of limes may be reduced in another manner. It was alleged that some buyers, under the present conditions, for example, may buy limes equivalent to a "Combination" grade from shippers and represent such limes as being of "No. 1" quality in selling them to retailers. Therefore, the buyer is collecting the price differential for quality that normally should go to the producer. Pack specifications, with labeling as to grades and sizes of limes, should also contribute to enforcement of the regulatory provisions of the marketing agreement and order. It should make it much easier for the committee to ascertain whether certain lots of limes are of the required grade or size if they are required to be labeled.

It was testified that if authorization is provided to establish the pack specification regulations, it should not work any hardship on the handlers of limes to comply with such requirements. Handlers should incur, at the most, the expense of printing new labels or the cost of having pack specifications printed on present supplies of labels. The proponents of the pack specification regulations contemplate that such regulations may be effected by handlers registering with the committee, in accordance with rules and regulations prescribed by it, a label for each pack specification that is prescribed. This would enable handlers to comply with the regulation without any change in the labels currently in use. It was emphasized, however, that this would be in the nature of an experiment and that the purposes of the regulation may not be accomplished through the proposed registration of labels. Thus, authority should be provided to require handlers to identify on such labels the particular pack specification of each lot of limes handled. If this authority were not available, some handlers may attempt to mark their packs of limes with minimum regulation requirements only. This might result in a situation whereby such handlers may claim that the packs are of better quality than marked and force down prices on packs marked with a better grade. Also, the possibility exists under such circumstances that some handlers might offer the better quality as an inducement to purchasers to buy from them. However, in such situations, the producer would receive only the returns for the minimum grade marked on the container, when he actually should receive returns for the better quality.

It was testified that the committee should also have authority, with respect to pack specifications, to regulate Key limes separately from Persian limes. It seems clear that these two types of limes differ enough from each other to make the separate regulation authority necessary for the equitable operation of the regulatory provisions of the program.

In view of the foregoing circumstances, it is, therefore, concluded that the amendment of the order, as hereinafter set forth, to provide for the establishment of pack specification regulations, with corresponding labeling, should tend to establish and maintain orderly marketing conditions for limes.

(7) Present provisions of the marketing agreement and order provide, among other things, that any person may, without regard to the assessment, regulation, and inspection and certification provisions contained in, or issued pursuant to, §§ 1001.41, 1001.52, and 1001.55, handle limes in such minimum quantities or types of shipments, or for such specified purposes as the committee, with the approval of the Secretary, may prescribe. It was proposed in the notice of hearing that all limes so handled should be required to comply with the regulatory provisions of the order, but it was not proposed to make such minimum quantity shipments subject to the assessment and inspection provisions.

Pursuant to the authority contained in existing § 1001.56 the committee, on July 19, 1955, after giving due notice to the industry of its meeting for consideration of the recommendation of rules governing shipments of limes not subject to regulation, recommended, and the Secretary issued, rules exempting shipments of limes in specified minimum quantities from assessment, regulation, and inspection provisions of the order. Subsequently, the committee recommended and the Secretary issued an amendment of such rules, effective September 5, 1956 (21 F. R. 6637). Such amended rules provide that any handler may handle limes totaling not more than one bushel to any one person during any one day exempt from the provisions of §§ 1001.41, 1001.52, and 1001.55: *Provided*, That the total quantity of limes so handled by a handler shall not exceed 10 bushels during any week.

It was alleged at the hearing that the requirement that these exempt shipments must comply with the quality and other restrictions of the regulation issued would be an aid to the enforcement work of the committee in that all limes would then be required to conform to the regulations. However, it was not shown that the proposed requirement could be effectively enforced. In instances where quality regulations are in effect, and the committee in the course of investigations finds a small quantity of limes in a market that fail to conform to the regulation, the handler of such limes easily could claim that he purchased the limes a number of days prior to that time and that, at the time of purchase, they met requirements of then current quality regulations. Since limes tend to deteriorate in distribution channels, it would be extremely difficult, in the absence of inspection, for the committee to determine what the quality of such limes may have been when first handled and thereby refute such claim. It is concluded, therefore, that the proposal should not be adopted.

(8) The committee proposed that the present provisions (§ 1001.60 (a)) of the order, which require that each handler shall furnish specified types of reports at such times as may be designated, should be amended to include information as to the destination, by State, zone, or market area, of each lot of limes handled, and the identification of the carrier transporting such fruit.

At the present time the committee has no available information on the distribution of limes except as to quantities disposed of within the production area and out of such area. Research projects now intended or under way have been seriously handicapped because of the complete absence of distribution information. Such information would be particularly valuable to the committee in carrying out market development type projects where it might be desirable to delineate present markets, so that development activities can be directed toward underdeveloped markets.

The requirement that handlers furnish such information to the committee, upon request, would greatly facilitate the collection of distribution data. It was testified that the requirement will not be a particular burden on lime handlers, since they are already required to submit other information on limes handled. Furthermore, the committee presently has found copies of inspection certificates acceptable, in lieu of other types of reports, since they contain much of the information desired. Should handlers provide the inspection agency with the desired destination information, and it was shown on the inspection certificate, no further report in this regard would be required. However, the authority to require handlers to furnish presently required information and the additional proposed information is needed in the event, at some future time, the inspection certificates are not found to be an acceptable source of such information. The requirement that the handler show only the State, zone, or market area would preclude the handler giving confidential information on the identity of his customers.

It was testified that the term State is intended to include any State within the United States; zone is intended to cover a grouping of States or a designated part of the United States; and market area means, for example, the New York area including metropolitan areas served by the trade located in such market area. But authority should be provided for the implementation of the proposed provision requiring the additional information, in the event the terms State, zone, or market area need further refinement. Such authority is available under the current provision that each handler shall furnish the committee, in such manner and at such times as it may prescribe, such other information as may be necessary to enable the committee to perform its duties with respect to the marketing agreement and order.

In view of the foregoing, it is therefore concluded that subparagraph (3) of paragraph (a) of § 1001.60 *Reports*, should be amended as hereinafter set forth.

General findings. (1) The marketing agreement, as hereby proposed to be amended, and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The marketing agreement, as hereby proposed to be amended, and the order, as hereby proposed to be amended, will regulate the handling of limes grown in the production area in the same manner as, and are applicable only to persons in the respective classes of commercial and industrial activities specified in, the marketing agreement and order upon which hearings have been held;

(3) The marketing agreement, as hereby proposed to be amended, and the order, as hereby proposed to be amended, are limited in their application to the smallest regional production area that is practicable consistently with carrying out the declared policy of the act;

(4) There are no differences in the production and marketing of limes grown in the production area covered by

the said marketing agreement, as proposed to be amended, and order, as proposed to be amended, that make necessary different terms and provisions applicable to different parts of such area; and

(5) All handling of limes, as defined in said marketing agreement, as proposed to be amended, and order, as proposed to be amended, is in the current of interstate or foreign commerce, or directly burdens, obstructs, or affects such commerce.

Rulings on proposed findings and conclusions. December 21, 1956, was fixed as the latest date for the filing of briefs with respect to the facts presented in evidence at the hearing and the conclusions which should be drawn therefrom. No such documents were filed within the prescribed time.

Recommended amendments to the marketing agreement and order. The following amendments to the marketing agreement and order are recommended as the detailed means by which the aforesaid conclusions may be carried out:

1. Change the period at the end of § 1001.8 *Grower* to a colon and add the following proviso: "*Provided*, That as used in § 1001.22 the term grower shall include only those who have a proprietary interest in the production of 10 or more bearing lime trees."

2. Delete paragraph (b) of § 1001.30 *Procedure* and substitute therefor the following:

(b) The committee may provide for simultaneous meetings of groups of its members assembled at two or more designated places: *Provided*, That such meetings shall be subject to the establishment of telephone communication between all such groups and the availability of loud speaker receivers for each group so that each member may participate in the discussions and other actions the same as if the committee were assembled in one place.

3. Delete from § 1001.32 *Annual report* the words "prior to March 31 of each fiscal year" and substitute therefor the words "as soon as practicable after the close of each fiscal year."

4. Delete the last sentence in paragraph (b) of § 1001.41 *Assessments* and substitute therefor the following: "In order to provide funds for the administration of the provisions of this part, the committee may accept the payment of assessments in advance."

5. Delete paragraph (a) of § 1001.42 *Accounting* and insert, in lieu thereof, the following:

(a) If, at the end of a fiscal year, the assessments collected are in excess of expenses incurred, such excess shall be accounted for as follows:

(1) Except as provided in subparagraph (2) of this section, each person entitled to a proportionate refund of the excess assessment shall be credited with such refund against the operation of the following fiscal year unless such person demands repayment thereof, in which event it shall be paid to him: *Provided*, That any sum paid by a person in excess of his pro rata share of the expenses during any fiscal year may be applied by the committee at the end of such fiscal year to any outstanding obligations due the committee from such person.

(2) The Secretary, upon recommendation of the committee, may determine that it is appropriate for the maintenance and functioning of the committee that some of the funds remaining at the end of a fiscal year which are in excess of the expenses necessary for committee operations during such period may be carried over into following periods as a reserve. Such reserve may be established at an amount not to exceed approximately one fiscal year's operational expenses; and such reserve may be used to cover the necessary expenses of liquidation, in the event of termination of this part, and to cover the expenses incurred for the maintenance and functioning of the committee during any fiscal year when there is a crop failure, or during any period of suspension of any or all of the provisions of this part. Such reserve may also be used by the committee to finance its operations, during any fiscal year, prior to the time that assessment income is sufficient to cover such expenses; but any of the reserve funds so used shall be returned to the reserve as soon as assessment income is available for this purpose. Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

6. Add, after the first sentence in § 1001.45 *Marketing research and development*, the following: "The committee may, to the extent necessary to carry out the projects established pursuant to this section, exempt the handling of limes from any or all of the requirements contained in, or issued pursuant to, §§ 1001.41, 1001.52, and 1001.55."

7. Add, after subparagraph (3) of paragraph (a) of § 1001.52 *Issuance of regulations*, the following new subparagraph (4).

(4) Establish and prescribe pack specifications for the grading and packing of any variety or varieties of limes and require that all limes handled shall be packed in accordance with such pack specifications, and shall be identified by appropriate labels, seals, stamps, or tags, affixed to the containers by the handler under the supervision of the committee or an inspector of the Federal-State Inspection Service, showing the particular pack specifications of the lot.

8. Amend subparagraph (3) of paragraph (a) of § 1001.60 *Reports* to read as follows:

(3) The date of each such disposition, the destination, by State, zone, or market area, of each lot of limes handled, and identification of the carrier transporting such fruit;

Dated: February 13, 1957.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator,
Marketing Services.

[Docket No. 11877]

TABLE OF ASSIGNMENTS; TELEVISION BROADCAST STATIONS (VANCOUVER, WASH.)

ORDER EXTENDING TIME FOR FILING COMMENTS

In the matter of amendment of § 3.606 *Table of assignments*, Television Broadcast Stations (Vancouver, Washington).

1. The Commission has before it for consideration a petition filed February 8, 1957, by Storer Broadcasting Company requesting the Commission to extend the time for filing reply comments in the above-entitled proceeding for a period of 10 days or until February 21, 1957.

2. In support of its request petitioner alleges that the comments of KVAN, Inc. were filed Friday, February 1, 1957 but were not received by petitioner's attorney until Monday, February 4, 1957; that no copies were served upon petitioner at its home office in Miami Beach, Florida; that the comments of KVAN, Inc. raise several engineering and technical questions which will require analysis by petitioner's engineering department at Miami Beach and that, since petitioner's engineering department did not receive the KVAN comments until Wednesday, February 6, 1957, and since further communications between petitioner's Washington counsel and its engineering department at Miami Beach will be necessary before a comprehensive reply can be prepared, it will be impossible to file a reply to the KVAN comments within the time allowed in this proceeding.

3. The Commission is of the view that the public interest, convenience and necessity would be served by extending the time for filing reply comments in this proceeding.

4. In view of the foregoing, *It is ordered*, That the time for filing reply comments in the above-entitled proceeding is extended from February 11, 1957 to February 21, 1957.

Adopted: February 13, 1957.

Released: February 13, 1957.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 125]

LABEL STATEMENTS CONCERNING DIETARY PROPERTIES OF FOOD PURPORTING TO BE OR REPRESENTED FOR SPECIAL DIETARY USES

NOTICE OF PROPOSAL TO AMEND LABEL STATEMENT REGULATIONS CONCERNING NIACIN AND RIBOFLAVIN

In the matter of amending the regulations prescribing label statements concerning dietary properties of food purporting to be or represented for special dietary uses:

Notice is hereby given that the hereinafter stated proposals to amend the regulations prescribing label statements concerning the dietary properties of foods purporting to be or represented for special dietary uses are made on the initiative of the Commissioner of Food and Drugs pursuant to the authority vested in the Secretary of Health, Education, and Welfare by the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 403 (j), 701; 52 Stat. 1048, 1055, as amended 70 Stat. 919; 21 U. S. C. 343 (j), 371) and delegated by him to the Commissioner of Food and Drugs (20 F. R. 1996, 21 F. R. 6581). All interested persons are invited to present their views in writing regarding these proposals and to submit such comments in quintuplicate prior to the thirtieth day following publication of this notice in the FEDERAL REGISTER. Such comments should be addressed to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, Health, Education, and Welfare Building, 330 Independence Avenue SW., Washington 25, D. C.

The proposals are to amend § 125.3 *Label statements relating to vitamins* in the following respects:

1. To delete the word "or" after the item "Vitamin D" and the parenthetical expression "(vitamin B_2, vitamin G)" following the item "Riboflavin" as they appear in the list in paragraph (a) (1), and to add to this list, after the item "Riboflavin," the words "or Niacin or niacinamide,". As amended, this list will read as follows:

Vitamin A or its precursors,
Vitamin B_1 (thiamine),
Vitamin C (ascorbic acid),
Vitamin D,
Riboflavin, or
Niacin or niacinamide,

2. To change paragraph (b) (5) so that as changed it will read:

(5) For riboflavin, 0.5 milligram for an infant, 0.75 milligram for a child, 1.0 milligram for an adult.

3. To add to paragraph (b) a new subparagraph (6) as follows:

(6) For niacin or niacinamide 2.5 milligrams for an infant, 5.0 milligrams for a child less than 6 years old, 7.5 milligrams for a child 6 or more years old, 10 milligrams for an adult.

Dated: January 18, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

DEPARTMENT OF LABOR

Wage and Hour Division

[29 CFR Part 694]

[Administrative Order 477]

SPECIAL INDUSTRY COMMITTEE No. 4 FOR THE VIRGIN ISLANDS

APPOINTMENTS TO INVESTIGATE CONDITIONS AND RECOMMEND MINIMUM WAGES; NOTICE OF HEARING

Pursuant to authority under the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.) and Reorganization Plan No. 6 of 1950 (5 U. S. C. 611), I hereby appoint, convene, and give notice of the hearing of Industry Committee No. 4 for the Virgin Islands to be composed of the following representatives:

For the public:
James C. Hill, Chairman, Pelham Manor, New York.
Henry W. de Lagarde, St. Thomas, Virgin Islands.
For the employees:
Raymond Pedro, St. Croix, Virgin Islands.
Ithiel Melchior, St. Thomas, Virgin Islands.
For the employers:
Morris F. de Castro, St. Thomas, Virgin Islands.
Gordon Skeoch, St. Croix, Virgin Islands.

I hereby refer to this industry committee the question of the minimum wage rate or rates to be paid under section 6 (c) of the act to employees in the Virgin Islands who are engaged in commerce or in the production of goods for commerce. The industry committee shall investigate conditions in the industries in the Virgin Islands and the committee, or any authorized sub-committee thereof, shall hear such witnesses and receive such evidence as may be necessary or appropriate to enable the committee to perform its duties and functions under the act.

The committee will meet in executive session to make appropriate decisions concerning its proceedings at 10 a. m. and commence its hearings at 2 p. m. on March 18, 1957, in the Legislative Chamber, Charlotte Amalie, St. Thomas, Virgin Islands. Upon completion of its proceedings on St. Thomas, the committee will adjourn to the Federal Court Room, Christiansted, St. Croix, where the hearing will be resumed at 10 a. m. on March 25, 1957.

In order to reach as rapidly as is economically feasible the objective of the minimum wage of $1.00 an hour prescribed in paragraph (1) of section 6 (a) of the act, the committee will recommend to the Administrator the highest minimum rate or rates of wages which it determines, having due regard to economic and competitive conditions, will not substantially curtail employment in each industry in the Virgin Islands and will not give any industry in the Virgin Islands a competitive advantage over any industry in the United States outside of Puerto Rico and the Virgin Islands. Where the committee finds that a higher minimum wage may be determined for employees engaged in certain activities or in the manufacture of certain products in an industry than may be determined for other employees in that industry the committee shall recommend such reasonable classifications within that industry as it determines to be necessary for the purpose of fixing for each classification the highest minimum wage rate that can be determined for it under the principles set forth herein which will not substantially curtail employment in such classification and will not give a competitive advantage to any group in the industry. No classification shall be made, however, and no minimum wage rate shall be fixed solely on a regional basis or on the basis of age or sex. In determining whether there should be classifications within an industry, in making such classifications, and in determining the minimum wage rates for such classifications, the committee shall consider, among other relevant factors, the following: (1) Competitive conditions as affected by transportation, living, and production costs; (2) wages established for work of like or comparable character by collective labor agreements negotiated between employers and employees by representatives of their own choosing; and (3) wages paid for work of like or comparable character by employers who voluntarily maintain minimum wage standards in the industry.

The Administrator shall prepare an economic report containing such data as he is able to assemble pertinent to the matters referred to the committee. Copies of these reports may be obtained at the National and Puerto Rican Offices of the United States Department of Labor as soon as they are completed and prior to the hearing. The committee will take official notice of the facts stated in the economic report to the extent they are not refuted by evidence received at the hearing.

The procedure of this industry committee will be governed by Title 29 of the Code of Federal Regulations, Part 511, as revised and amended on October 6, 1956 (21 F. R. 7669). As a prerequisite to participation as witnesses or parties these regulations require, among other things, that interested persons shall file a prehearing statement, containing certain specified data, not later than March 8, 1957.

Signed at Washington, D. C., this 11th day of February 1957.

JAMES P. MITCHELL,
Secretary of Labor.

[F. R. Doc. 57-1253; Filed, Feb. 15, 1957; 8:54 a. m.]

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Classification Order 523]

CALIFORNIA

SMALL TRACT CLASSIFICATION

FEBRUARY 8, 1957.

1. Pursuant to authority delegated to me by the California State Supervisor, Bureau of Land Management, under Part II, Document 4, California State Office, dated November 19, 1954 (19 F. R. 7697), I hereby classify the following described public land, totaling 40 acres, in San Bernardino County, California, as suitable for lease and sale for residence purposes under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended:

SAN BERNARDINO BASE AND MERIDIAN

T. 4 N., R. 1 E.
Sec. 23, SE¼SW¼

2. Classification of the above-described land by this order segregates it from all appropriations, including locations under the mining laws, except as to applications under the mineral leasing laws.

3. The land classified by this order shall not become subject to application under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended, until it is so provided by an order to be issued by an authorized officer, opening the land to application or bid with a preference right to veterans of World War II and of the Korean conflict and other qualified persons entitled to preference under the act of September 27, 1944 (58 Stat. 497; 43 U. S. C. 279–284), as amended.

4. All valid applications filed prior to February 8, 1957, will be granted, as soon as possible, the preference right provided for by 43 CFR 257.5 (a).

R. G. SPORLEDER,
Officer in Charge,
Southern Field Group,
Los Angeles, California.

MINNESOTA

NOTICE OF FILING OF PLAT OF SURVEY AND ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

FEBRUARY 12, 1957.

Plats of survey of the lands described below, accepted November 29, 1954, will be officially filed in the Eastern States Land Office, Bureau of Land Management, Department of the Interior, Washington 25, D. C., effective at 10:00 a. m., on the 35th day after the date of this notice:

5th Principal Meridian, Minnesota
T. 124 N., R. 30 W., sec. 13, Lot 5
T. 136 N., R. 40 W., sec. 16, Lots 14,15

The plats represent the survey of islands which were not included in the original surveys of the townships.

It is presumed that title to Lots 14 and 15, sec. 16, T. 136 N., R. 40 W., passed to the State of Minnesota, upon the acceptance of the plat of survey, November 29, 1954, under its school land grant made by the act of February 26, 1857 (11 Stat. 166).

No application for Lot 5, Sec. 13, T. 124 N., R. 30 W., may be allowed under the homestead or small tract or any other nonmineral public land laws unless the land has been classified as valuable or suitable for such type of application or shall be so classified upon consideration of an application.

At the hour specified on the abovementioned effective date, the land in Sec. 13 T. 124 N., R. 30 W., shall become subject to application, petition, location or selection, under applicable laws, subject to valid existing rights, the provisions of existing withdrawals and the 91 day preference right filing period for veterans and others entitled to preference under the Act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended.

All inquiries relating to the land should be addressed to the Acting Manager, Eastern States Land Office, Bureau of Land Management, Department of the Interior, Washington 25, D. C.

H. K. SCHOLL,
Acting Manager.

MILK IN GREATER WHEELING, W. VA. MARKETING AREA

DETERMINATION OF SUPPLY-DEMAND ADJUSTMENT

Determination pursuant to § 1002.55 (7 CFR 1002.55) of the order regulating the handling of milk in the Greater Wheeling, West Virginia, marketing area.

Pursuant to the authority delegated to me (19 F. R. 35), I hereby determine the supply-demand adjustment pursuant to § 975.61 (b) (7 CFR 975.61 (b)) of the order regulating the handling of milk in the Cleveland, Ohio, marketing area, to be equivalent to the price adjustment for the corresponding month described in the proviso of § 1002.51 (a) (7 CFR 1002.51 (a)), specifically, the "'supply-demand adjustment' effective in the calculation of the Class I price for the preceding month under the terms of the order, as amended, regulating the handling of milk in the Stark County, Ohio, marketing area (Order No. 63, Part 963 of this chapter),", which Order No. 63 is now inoperative.

Done at Washington, D. C., this 13th day of February 1957.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator for Marketing Service.

[F. R. Doc. 57-1261; Filed, Feb. 15, 1957; 8:57 a. m.]

MILK IN CLARKSBURG W. VA. MARKETING AREA

DETERMINATION OF SUPPLY-DEMAND ADJUSTMENT

Determination pursuant to § 1009.55 (7 CFR 1009.55) of the order regulating the handling of milk in the Clarksburg, West Virginia, marketing area.

Pursuant to the authority delegated to me (19 F. R. 35), I hereby determine the supply-demand adjustment pursuant to § 975.61 (b) (7 CFR 975.61 (b)) of the order regulating the handling of milk in the Cleveland, Ohio, marketing area, to be equivalent to the price adjustment for the corresponding month described in the proviso of § 1009.51 (a) (7 CFR 1009.51 (a)), specifically, the "'supply-demand adjustment' effective in the calculation of the Class I price for the preceding month under the terms of the order, as amended, regulating the handling of milk in the Stark County, Ohio, marketing area (Order No. 63, Part 963 of this chapter),", which Order No. 63 is now inoperative.

Done at Washington, D. C., this 13th day of February, 1957.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator for Marketing Service.

Commodity Stabilization Service

SUPPLY OF VALENCIA TYPE PEANUTS FOR 1957–58 MARKETING YEAR

NOTICE OF PROPOSED DETERMINATIONS

Pursuant to section 358 (c) of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1358 (c)), the Secretary of Agriculture is preparing to determine whether the supply of Valencia type peanuts for the 1957–58 marketing year will be insufficient to meet the estimated demand for cleaning and shelling purposes. Section 358 (c) of the act, as amended, reads in part as follows:

Notwithstanding any other provision of law, if the Secretary of Agriculture determines, on the basis of the average yield per acre of peanuts by types during the preceding five years, adjusted for trends in yields and abnormal conditions of production affecting yields in such five years, that the supply of any type or types of peanuts for any marketing year, beginning with the 1951–52 marketing year, will be insufficient to meet the estimated demand for cleaning and shelling purposes at prices at which the Commodity Credit Corporation may sell for such purposes peanuts owned or controlled by it, the State allotments for those States producing such type or types of peanuts shall be increased to the extent determined by the Secretary to be required to meet such demand but the allotment for any State may not be increased under this provision above the 1947 harvested acreage of peanuts for such State. The total increase so determined shall be apportioned among such States for distribution among farms producing peanuts of such type or types on the basis of the average acreage of peanuts of such type or types in the three years immediately preceding the year for which the allotments are being determined. The additional acreage so required shall be in addition to the national acreage allotment, the production from such acreage shall be in addition to the national marketing quota, and the increase in acreage allotted under this provision shall not be considered in establishing future State, county, or farm acreage allotments.

Prior to determining whether the supply of Valencia type peanuts for the 1957–58 marketing year will be insufficient to meet the estimated demand for cleaning and shelling, consideration will be given to any data, views and recommendations relating thereto which are presented at a hearing to be held on March 5, 1957, at 9:30 a. m., e. s. t., Room 2W, Administration Building, U. S. Department of Agriculture, Washington, D. C., or which are submitted in writing to the Director, Oils and Peanut Division, Commodity Stabilization Service, United States Department of Agriculture, Washington 25, D. C. All written submissions must be postmarked not later than March 5, 1957.

Done at Washington, D. C., this 13th day of February, 1957.

[SEAL] CLARENCE L. MILLER,
Associate Administrator,
Commodity Stabilization Service.

Commodity Stabilization Service and Commodity Credit Corporation

SOIL BANK; ACREAGE RESERVE PROGRAM

NOTICE OF EXTENSION OF GRAZING PERIOD ON CERTAIN LANDS

By an announcement published in 22 F. R. 480, the Secretary of Agriculture, pursuant to section 103 (a) of the Soil Bank Act (70 Stat. 188, 189) and § 485.214 (c) of the regulations governing the 1957 acreage reserve part of the Soil Bank Program, 21 F. R. 10449 and 22 F. R. 494, consented to the grazing of land designated as acreage reserve on farms in certain counties named therein for the period from January 1, 1957, through January 31, 1957.

Notice is hereby given that the period for grazing such lands is hereby extended to cover the period from February 1, 1957, through February 28, 1957, or through such earlier date as the producer may be notified in writing by the county Agricultural Stabilization and Conservation Committee.

(Sec. 124, Pub. Law 540, 84th Cong.)

Issued at Washington, D. C., this 12th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary.

FISH

TARIFF-RATE QUOTA

FEBRUARY 12, 1957.

The tariff-rate quota for the calendar year 1957 on certain fish dutiable under paragraph 717 (b), Tariff Act of 1930, as modified pursuant to the General Agreement on Tariffs and Trade (T. D. 51802).

In accordance with the proviso to item 717 (b) of Part I, Schedule XX, of the General Agreement on Tariffs and Trade (T. D. 51802), it has been ascertained that the average aggregate apparent annual consumption in the United States of fish, fresh or frozen (whether or not packed in ice), filleted, skinned, boned, sliced, or divided into portions, not specially provided for: Cod, haddock, hake, pollock, cusk, and rosefish, in the three years preceding 1957, calculated in the manner provided for in the cited agreement, was 249,170,904 pounds. The quantity of such fish that may be imported for consumption during the calendar year 1957 at the reduced rate of duty established pursuant to that agreement is, therefore, 37,375,636 pounds.

[SEAL] RALPH KELLY,
Commissioner of Customs.

DEPARTMENT OF COMMERCE

Civil Aeronautics Administration

[Amdt. 13]

FLIGHT OPERATIONS AND AIRWORTHINESS DISTRICT OFFICES

FUNCTIONS, LOCATIONS AND SPECIALTIES

In accordance with the public information requirements of the Administrative Procedure Act, the description of Functions and Locations of Field Offices of the Civil Aeronautics Administration is hereby amended. The purpose of this amendment is to publish revised titles for district offices formerly entitled Aviation Safety District Offices, to publish revised titles for personnel assigned to such district offices, and to publish revised addresses for certain district offices.

Section 22 as published on September 14, 1954, in 19 F. R. 5957, and as amended on June 27, 1956, in 21 F. R. 4684, is revised to read as follows:

SEC. 22. *Flight Operations and Airworthiness District Offices*—(a) *Functions.* Flight Operations and Airworthiness District Offices, each staffed with a supervisor and inspectors, serve as contact points with the general public and the aviation industry. The offices are responsible for the initial handling of all matters dealing with: aeronautical competency of airmen, air agencies, and air carriers; manufacture, repair, alteration and maintenance of aircraft and components; compliance with rules and standards governing flight operations; investigation of accidents and violations; promotion of safe flying; and maintenance of close liaison with state and local enforcement agencies.

(b) *Locations and specialties.* In the following tables the specialty column includes all specialties found at a particular office location. Although Engineering Flight Test Inspectors are assigned to a few district offices for the purpose of having administrative headquarters, the public can make initial engineering contact at any Flight Operations and Airworthiness District Office.

"(G)" indicates that there is assigned to the office a General Safety Inspector who specializes in flight operations and airworthiness activities relating to: air agencies, general operators (operators of aircraft other than scheduled air carriers, irregular air carriers operating aircraft having a maximum certificated gross takeoff weight of more than 12,500 pounds, and commercial operators certificated under Part 45 of the Civil Air Regulations); general airmen (all persons who hold or are eligible for airman certificates other than airline transport pilot, airport control tower operator, dispatcher, or aircrewman); and other general aviation activities.

"(C)" indicates that there is assigned to the office an Air Carrier Safety Inspector who specializes in flight operations and airworthiness activities relating to air carrier operations (operations of scheduled air carriers, irregular air carriers operating aircraft having a maximum certificated gross takeoff weight of more than 12,500 pounds, and commercial operators certificated under Part 45 of the Civil Air Regulations); air carrier aircraft in service (aircraft used in air carrier operations described herein); air carrier airmen (persons who hold or are candidates of such certificates as airline transport pilot, airport control tower operator, dispatcher, or aircrewman); and other air carrier matters.

"(M)" indicates that there is assigned to the office a Manufacturing Inspector who specializes in manufacturing inspection, including matters pertaining to the type, production, and original airworthiness inspections of new or modified aircraft, engines, propellers, and components.

"(E)" indicates that there is assigned to the office an Engineering Flight Test Inspector who specializes in rendering engineering assistance in the evaluation of aircraft and equipment designs and redesigns, and in the evaluation of aircraft repairs and alterations.

All inspectors are generally familiar with, and can furnish information and advice on, the flight operations and airworthiness matters outside their area of specialization.

FEDERAL POWER COMMISSION

[Docket No. G-3670]

ED HOLLYFIELD ET AL.

NOTICE OF HEARING

FEBRUARY 12, 1957.

Ed Hollyfield, Eulalie M. Nobles and Adele McFarlane (Applicants), individuals with their principal place of business at 305 Armstrong Building, El Dorado, Arkansas, filed on September 29, 1954, an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing Applicants to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicants produce natural gas from the Maggie Patton Unit Well No. 1, Claiborne Parish, Louisiana, which they sell to United Gas Pipe Line Company for resale in interstate commerce.

Due notice of the filing of the application has been given, including publication thereof in the FEDERAL REGISTER on December 14, 1954 (19 F. R. 8548). Said notice fixed January 4, 1955, as the last day for filing protests or petitions for leave to intervene in the above-entitled proceeding.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on Thursday, February 28, 1957, at 10:00 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1221; Filed, Feb. 15, 1957; 8:45 a. m.]

[Docket No. G-11406]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

FEBRUARY 12, 1957.

Take notice that Northern Natural Gas Company (Applicant), a Delaware corporation with principal place of business at 2223 Dodge Street, Omaha, Nebraska, filed in Docket No. G-11406 on November 1, 1956, an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to construct and operate, as an integral part of its existing natural gas system, certain natural gas facilities as hereinafter described which are necessary to the delivery and sale of natural gas in interstate commerce by Applicant, and, to sell and deliver natural gas in interstate commerce on an interruptible basis pursuant to a contract dated August 7, 1956, to the Joint Independent Consolidated School District No. 15 (School District) of Dakota and Scott Counties, Minnesota, for use in the consolidated school located in Dakota County.

The facilities proposed to be constructed and operated by Applicant consist of a side tap, and a measuring and regulating station to be used in delivering gas to the recently completed school, which has dual fuel burning equipment and will use oil as standby fuel. The facilities will be located on Applicant's 24-inch line in Dakota County, near Minneapolis, at a point approximately 1,000 feet east of the school. School District will construct, own and operate the necessary facilities from the outlet of Applicant's measuring station.

Applicant estimates annual sales to School District at 10,100 Mcf and the maximum daily demand at 112 Mcf The application states that the proposed sale will not require any increase in Applicant's delivery capacity and will not adversely affect Applicant's ability to serve the firm requirements of its utility customers.

Applicant has estimated the cost of constructing and installing the necessary facilities required to provide the proposed service at $3,000, which will be financed from cash on hand.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 12, 1957, at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 25, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Secretary.

[Project No. 1267]

GREENWOOD COUNTY, S. C.

NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE

FEBRUARY 12, 1957.

Public notice is hereby given that Greenwood County, South Carolina, has filed application under the Federal Power Act (16 U. S. C. 791a–825r) for amendment of the license for water-power Project No. 1267, located on the Saluda River in Greenwood, Laurens and Newberry Counties, South Carolina, to show the maximum normal reservoir elevation of 440.0 feet instead of 441.5 feet, to change the annual charge provision to conform to present Commission regulations and for Commission approval and inclusion in the license of certain exhibits showing the project boundary.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 25, 1957: Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3463]

OHIO POWER CO.

ORDER GRANTING APPLICATION REGARDING ACQUISITION OF COMMON STOCK OF NEWLY FORMED SUBSIDIARY COMPANY

FEBRUARY 12, 1957.

Ohio Power Company ("Ohio"), a public utility subsidiary company of American Gas and Electric Company, a registered holding company, has filed an application and an amendment thereto with this Commission pursuant to sections 9 (a) and 10 of the Public Utility Holding Company Act of 1935 ("act") concerning a proposed transaction which is summarized as follows:

Ohio proposes to acquire 1,000 shares of the capital stock, $1 par value, being all of the capital stock proposed to be issued, of Captina Operating Company ("Captina"), a West Virginia corporation, at a purchase price of $1 per share.

Ohio has entered into a Memorandum Agreement under date of December 20, 1956 with Pittsburgh Consolidation Coal Company ("Pitt"), Olin Mathieson Chemical Corporation ("Olin"), Revere Copper and Brass Incorporated ("Revere") and Wheeling Electric Company ("Wheeling"), providing generally for the construction of what is, initially, to be a three-225,000 KW unit power plant near Cresap, West Virginia. Two units of this plant are to be owned by Olin Revere Generating Corporation ("Generating"), a wholly-owned subsidiary of Olin Revere Metals Corporation ("Metals"), all the voting securities of which are to be jointly owned by Olin and Revere. The other unit is to be owned by Ohio. Generating presently proposes to use its units to supply energy to Metals for the reduction of aluminum, and to Olin for fabrication of aluminum, at facilities to be located near Clarington, Ohio. Generating, if requested, may also deliver energy to Revere at some future time for fabrication of aluminum. In addition, Generating will make excess capacity of its two units available to Ohio in consideration of appropriate demand charges. The Memorandum Agreement further provides that Captina will operate the entire generating plant for Ohio and Generating.

It is presently contemplated that Captina will supervise the operation, on behalf of Ohio and Generating, of the generating plant which is to be known as the Kammer Plant, and that Ohio and Generating will reimburse Captina for all its expenses in its operation of the Kammer Plant in proportion to the power and energy used by each. In addition, Generating will pay Captina a fee of ½ mill per kilowatt hour generated as provided for in the Memorandum Agreement.

No State commission or any Federal commission other than this Commission has jurisdiction over the proposed transaction.

The costs of Federal tax stamps relating to Captina's issuance of 1,000 shares of capital stock, estimated at $1.10, will be paid by Captina. No legal or other fees, commissions or other expenses are to be paid or incurred by Ohio, or any associate company, in connection with the proposed transaction, except that routine services incident to the transaction will be performed by American Gas and Electric Service Corporation, the service corporation for the American Gas and Electric System.

Due notice having been given of the filing of said amended application in the manner prescribed by Rule U-23 (Holding Company Act Release No. 13371) and no hearing having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the Act and the rules promulgated thereunder are satisfied, and no adverse findings are necessary; and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said amended application be granted forthwith; provided, however, that our action herein should not be construed as relieving Captina of any obligation imposed on it by section 13 of the act:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act that said amended application be and the same hereby is, granted forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 57-1224; Filed, Feb. 15, 1957; 8:46 a. m.]

[File No. 70-3551]

SOUTHERN CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE REGARDING PARTIAL GUARANTEE OF CERTAIN LOANS

FEBRUARY 12, 1957.

The Southern Company ("Southern"), a registered holding company, has filed a declaration with this Commission pursuant to sections 6 (a) and 7 of the Pub-

lic Utility Holding Company Act of 1935 ("act") regarding certain proposed transactions which are summarized as follows:

Southern, subject to obtaining the necessary regulatory approval, has undertaken to execute an agreement to guarantee 8 percent of a proposed borrowing of $15,000,000 by Power Reactor Development Company ("PRDC"). The remaining 92 percent of the borrowing is to be guaranteed by 12 other companies.

PRDC is a non-profit company which is presently engaged in constructing a fast breeder atomic reactor at Lagoona Beach, Michigan, in order to determine the soundness and economy of producing, by means of such a reactor, steam to be used in generating electric energy for public utility service. Southern and its public utility subsidiaries, which are interested in the research and developmental activities of PRDC, have a direct representation in this project through Southern Services, Inc., the mutual service company of the Southern system, which is one of the 21 member companies of PRDC.

In order to make provisions for the financing of its project, PRDC has obtained commitments for contributions totaling $23,540,000 from interested companies including the four public utility subsidiaries of Southern. To secure additional funds PRDC has also made arrangements, as indicated above, for the borrowing of $15,000,000 from five New York banks acting as Trustees for various pension trusts. The Loan Agreement, under which these borrowings are to be effected, conditions the granting of any loans upon their being guaranteed as to principal and interest. Southern and 12 other companies, which are members of PRDC, have accordingly undertaken to enter into a separate Guaranty Agreement with the aforementioned banks which agreement provides for the guarantee by these companies, in specified percentages, of any borrowings by PRDC under the Loan Agreement. Southern desires authority to enter into said Guaranty Agreement and to make the guarantees therein provided for.

The Loan Agreement provides, among other things, that notes shall be issued representing the borrowings and that each note shall be dated as of the date of the borrowing, shall mature on July 1, 1970, and shall bear interest at the rate of 4.35 percent per annum until maturity. PRDC will effect the borrowings at quarterly intervals during 1957 and 1958. Repayments of the loans are to be made by semi-annual payments of $1,000,000 each in the years 1964 to 1969, inclusive, and by two payments of $1,500,000 each in 1970.

It is currently expected that PRDC will be able to meet its liabilities for repayment of principal and interest under the Loan Agreement from its operating revenues or from other resources and without recourse against the guarantors. However, should any payment be required of Southern on account of such guarantee, such payment will not constitute a loan or advance by Southern to PRDC but will be accounted for by Southern as an expense.

No State commission and no Federal commission other than this Commission has jurisdiction over the proposed transaction.

The fees and expenses to be paid by the company in connection with the proposed guarantee are for the compensation of its counsel, Messrs. Winthrop, Stimson, Putnam & Roberts, and it is estimated they will not exceed $1,000.

Due notice having been given of the filing of the declaration in the manner prescribed by Rule U-23 (Holding Company Act Release No. 13366) and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the Act and the rules promulgated thereunder are satisfied, and it appearing to the Commission that the estimated fees and expenses are not unreasonable, provided they do not exceed the amounts estimated, and that the declaration should be permitted to become effective:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act, that said declaration be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 57-1225; Filed, Feb. 15, 1957; 8:46 a. m.]

[File No. 70-3552]

DELAWARE POWER & LIGHT CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE REGARDING PARTIAL GUARANTEE OF CERTAIN LOANS

FEBRUARY 12, 1957.

Delaware Power & Light Company ("Delaware"), a public utility company and a registered holding company has filed a declaration and an amendment thereto pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act") regarding certain proposed transactions which are summarized as follows:

Delaware, subject to obtaining the necessary regulatory approvals, has undertaken to enter into an agreement to guarantee 1.20 percent of a proposed borrowing of $15,000,000 by Power Reactor Development Company ("PRDC"). Similar commitments have been made by 12 other companies for the guarantee of the remaining 98.8 percent of the borrowings. PRDC is a non-profit company which is presently engaged in constructing a fast breeder atomic reactor at Lagoona Beach, Michigan, in order to determine the soundness and economy of producing, by means of such a reactor, steam to be used in generating electric energy for public utility service. Delaware, which is interested in the research and development activities of PRDC, is one of the 21 member companies of PRDC.

In order to make provisions for the financing of its project, PRDC has obtained commitments for contributions totaling $23,540,000 from interested companies including a commitment from Delaware to contribute $300,000 over a five-year period. To secure additional funds, PRDC has also made arrangements as indicated above, for the borrowing of $15,000,000 from five New York banks acting as trustees for various pension trusts. The Loan Agreement under which these borrowings are to be effected, conditions the granting of any loans upon their being guaranteed as to principal and interest. Delaware, 11 other member companies of PRDC, and The Southern Company, a registered holding company, have accordingly undertaken to enter into a separate Guaranty Agreement with the aforementioned banks which agreement provides for the guarantee by these companies, in specified percentages, of any borrowings made by PRDC under the Loan Agreement. Delaware desires authority to enter into said Guaranty Agreement and to make the guarantees therein provided for.

The Loan Agreement provides, among other things, that notes shall be issued representing the borrowings and that each note shall be dated as of the date of the borrowing, shall mature on July 1, 1970, and shall bear interest at the rate of 4.35 percent per annum until maturity. PRDC will effect the borrowings at quarterly intervals during 1957 and 1958. Repayments of the loans are to be made by semi-annual payments of $1,000,000 each in the years 1964 to 1969, inclusive and by two payments of $1,500,000 each in 1970.

It is currently expected that PRDC will be able to meet its liabilities for repayment of principal and interest under the Loan Agreement from its operating revenues or from other resources and without recourse against the guarantors. However, should any payment be required of Delaware on account of such guarantee, such payment will not constitute a loan or advance by Delaware but will be accounted for by Delaware as an expense.

The proposed guarantee by Delaware has been approved by The Public Service Commission of Delaware. No other State commission or Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

No fees, commissions or expenses will be paid or incurred directly or indirectly in connection with the proposed guarantee.

Due notice having been given of the filing of the declaration in the manner prescribed by Rule U-23 (Holding Company Act Release No. 13365) and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied and that the declaration should be permitted to become effective:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act, that said declaration as amended be, and the same hereby is, permitted to become effective forthwith, subject to

the terms and conditions prescribed in Rule U-24.

By the Commission.

[File No. 1-3679]

KROY OILS LTD.

ORDER SUMMARILY SUSPENDING TRADING

FEBRUARY 12, 1957.

In the matter of trading on the American Stock Exchange in the 20 cent par value Capital Stock of Kroy Oils Limited, File No. 1-3697.

I. The 20 cent par value Capital Stock of Kroy Oils Limited, an Alberta corporation (hereinafter called "registrant"), is listed and registered on the American Stock Exchange, a national securities exchange (hereinafter called "the exchange").

II. The Commission on November 2, 1956, issued its order and notice of hearing under section 19 (a) (2) of the Securities Exchange Act of 1934 (hereinafter called "the act") to determine at a hearing to be held on November 20, 1956, whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding twelve months, or to withdraw, the registration of the Capital Stock of registrant on the exchange for failure to comply with section 13 of the act and the rules and regulations adopted thereunder, in that the Commission has reason to believe that a current report for the month of May, 1956, on Form 8-K, filed by registrant with the Commission was false and misleading in certain respects set forth in said order. On February 1, 1957, the Commission issued its order summarily suspending trading of said securities on the exchange pursuant to section 19 (a) (4) of the act for the reasons set forth in said order to prevent fraudulent, deceptive or manipulative acts or practices for a period of ten days from February 3, 1957, to February 12, 1957, inclusive.

III. On November 7, 1956, counsel representing registrant requested a postponement of the hearing under section 19 (a) (2) of the act in order to enable him to prepare for the hearing. Pursuant to this request, the Commission on November 7, 1956, issued its order postponing the date of said hearing to November 26, 1956. Said hearing has commenced but has not yet been concluded by Commission order or decision.

IV. The Commission has reason to believe that the false report filed by registrant as alleged in the order and notice of hearing referred to in paragraph II and the relationship between registrant and Great Sweet Grass Oils Limited, also subject to an order issued concurrently herewith under section 19 (a) (4) of the act, and also subject to an order and notice of hearing under section 19 (a) (2) of the act, which hearing has been consolidated with the hearing referred to in paragraph III, are such as to cause widespread confusion and uncertainty in the market for registrant's shares. Under the circumstances recited in this order, the Commission is of the opinion that it would be impossible for the investing public to reach an informed judgment at this time as to the value of registrant's securities or for trading in such securities to be conducted in an orderly and equitable manner.

V. The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on the exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion that such suspension is necessary in order to prevent fraudulent, deceptive, or manipulative acts or practices with the result that it will be unlawful under section 15 (c) (2) of the act and the Commission's Rule X-15C2-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of, such security otherwise than on a national securities exchange.

It is ordered, Pursuant to section 19 (a) (4) of the act that trading in said securities on the American Stock Exchange be summarily suspended in order to prevent fraudulent, deceptive, or manipulative acts or practices for a period of ten days from February 13, 1957 to February 22, 1957, inclusive.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

GUIDON CORP.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

FEBRUARY 12, 1957.

I. The Guidon Corporation, a Maryland corporation, with principal offices located at Elkton, Maryland, having filed with the Commission on July 6 and 15, 1954, a Notification on Form 1-A and an Offering Circular, and subsequently having filed amendments thereto, relating to a proposed offering of 10,000 shares of $10 par common stock at $10 per share, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A promulgated thereunder; and

II. The Commission having reasonable cause to believe that the terms and conditions of Regulation A have not been complied with in that the company has failed to file reports of sales on Form 2-A as required by Rule 224 of Regulation A, and has ignored requests by the Commission's staff for such reports:

III. *It is ordered*, Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 1-3827]

GREAT SWEET GRASS OILS LTD.

ORDER SUMMARILY SUSPENDING TRADING

FEBRUARY 12, 1957.

In the matter of trading on the American Stock Exchange in the $1.00 par value Capital Stock of Great Sweet Grass Oils Limited; File No. 1-3827.

I. The $1.00 par value Capital Stock of Great Sweet Grass Oils Limited (hereinafter called "registrant") is listed and registered on the American Stock Exchange, a national securities exchange (hereinafter called "the exchange").

II. The Commission on October 19, 1956, issued its order and notice of hearing under section 19 (a) (2) of the Securities Exchange Act of 1934 (hereinafter called "the act"), and on October 24, 1956, issued its amended order and notice of hearing under the act to determine at a hearing to be held November 13, 1956, whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding twelve months, or to withdraw, the registration of the Capital Stock of registrant on the exchange for failure to comply with section 13 of the act and the rules and regulations thereunder, in that the Commission had reason to believe that the reports filed by registrant on Form 8-K and Form 10-K were false and misleading in certain respects set forth in said orders. On October 31, 1956, the Commission issued its second amended order and notice of hearing under section 19 (a) (2) of the act restating the allegations in the original and amended orders and including allegations that the Commission had reason to believe that the registrant's current report on Form 8-K for the month of December 1955, and amendments thereto, and that registrant's annual report on Form 10-K for its fiscal year ended December 31, 1955, and amendments thereto, were false and misleading in additional respects set forth in said order. On November 16, 1956, the Commission issued its third amended order

the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 57-1226; Filed, Feb. 15, 1957; 8:46 a. m.]

[File No. 1-3679]

KROY OILS LTD.

ORDER SUMMARILY SUSPENDING TRADING

FEBRUARY 12, 1957.

In the matter of trading on the American Stock Exchange in the 20 cent par value Capital Stock of Kroy Oils Limited, File No. 1-3697.

I. The 20 cent par value Capital Stock of Kroy Oils Limited, an Alberta corporation (hereinafter called "registrant"), is listed and registered on the American Stock Exchange, a national securities exchange (hereinafter called "the exchange").

II. The Commission on November 2, 1956, issued its order and notice of hearing under section 19 (a) (2) of the Securities Exchange Act of 1934 (hereinafter called "the act") to determine at a hearing to be held on November 20, 1956, whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding twelve months, or to withdraw, the registration of the Capital Stock of registrant on the exchange for failure to comply with section 13 of the act and the rules and regulations adopted thereunder, in that the Commission has reason to believe that a current report for the month of May, 1956, on Form 8-K, filed by registrant with the Commission was false and misleading in certain respects set forth in said order. On February 1, 1957, the Commission issued its order summarily suspending trading in said securities on the exchange for a period of ten days from February 13, 1957 to February 22, 1957, inclusive, pursuant to section 19 (a) (4) of the act.

III. The Commission has reason to believe that the current report for the month of May, 1956, on Form 8-K, filed by registrant with the Commission was false and misleading in certain respects set forth in said order. On February 1, 1957, the Commission issued its order summarily suspending trading in said securities on the exchange for a period of ten days from February 13, 1957 to February 22, 1957, inclusive.

IV. The Commission has reason to believe that the current report for the month of May, 1956, on Form 8-K, filed by registrant with the Commission was false and misleading in certain respects set forth in said order. On February 1, 1957, the Commission issued its order summarily suspending trading in said securities on the exchange for a period of ten days from February 13, 1957 to February 22, 1957, inclusive.

and notice of hearing under section 19 (a) (2) of the act restating the allegations in the original and amended orders and including allegations that the Commission had reason to believe that the registrant's current report on Form 8-K for the month of August 1955, was false and misleading in certain respects set forth in said order, and that the Form 8-K report for the month of December 1955, and the Form 10-K report for the fiscal year ended December 31, 1955 were false and misleading in additional respects set forth in said order. On February 1, 1957, the Commission issued its order summarily suspending trading pursuant to section 19 (a) (4) of the act in said securities on the exchange for the reasons set forth in said order to prevent fraudulent, deceptive and manipulative acts or practices from February 3, 1957 to February 12, 1957, inclusive.

III. On November 7, 1956, counsel representing registrant requested a postponement of the hearing under section 19 (a) (2) of the act in order to enable him to prepare for the hearing. Pursuant to this request, the Commission on November 7, 1956, issued its order postponing the date of said hearing to November 26, 1956. Said hearing has commenced but has not yet been concluded by Commission order or decision.

IV. The Commission has reason to believe that the false reports filed by registrant as alleged in the orders and notices of hearing referred to in paragraph II and the relationship between registrant and Kroy Oils Limited, also subject to an order issued concurrently herewith under section 19 (a) (4) of the act, and also subject to an order and notice of hearing under section 19 (a) (2) of the act, which hearing has been consolidated with the hearing referred to in paragraph III, are such as to cause widespread confusion and uncertainty in the market for registrant's shares. Under the circumstances recited in this order, the Commission is of the opinion that it would be impossible for the investing public to reach an informed judgment at this time as to the value of registrant's securities or for trading in such securities to be conducted in an orderly and equitable manner.

V. The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on the exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion that such suspension is necessary in order to prevent fraudulent, deceptive, or manipulative acts or practices, with the result that it will be unlawful under section 15 (c) (2) of the act and the Commission's Rule X-15C2-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of, such security otherwise than on a national securities exchange.

It is ordered, Pursuant to section 19 (a) (4) of the act that trading in said securities on the American Stock Exchange be summarily suspended in order to prevent fraudulent, deceptive, or manipulative acts or practices for a period of ten days from February 13, 1957, to February 22, 1957, inclusive.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

SMALL BUSINESS ADMINISTRATION

[Declaration of Disaster Area 121]

KENTUCKY

DECLARATION OF DISASTER AREA

Whereas, it has been reported that on or about January 29, 1957, because of the disastrous effects of flood, damage resulted to residences and business property located in certain areas in the State of Kentucky;

Whereas, the Small Business Administration has investigated and has received other reports of investigations of conditions in the areas affected;

Whereas, after reading and evaluating reports of such conditions, I find that the conditions in such areas constitute a catastrophe within the purview of the Small Business Act of 1953, as amended;

Now, therefore, as Administrator of the Small Business Administration, I hereby determine that:

1. Applications for disaster loans under the provisions of section 207 (b) (1) of the Small Business Act of 1953, as amended, may be received and considered by the Offices below indicated from persons or firms whose property situated in the following counties (including any areas adjacent to said counties) suffered damage or other destruction as a result of the catastrophe above referred to:

Counties of: Perry, Harlan, Whitley, Pike, Leslie, Clay, Letcher, Johnson, Breathitt, Martin, Bell, Knox, Knott, Floyd, Lee, Owsley, Jackson, Magoffin, and Estill.

Offices: Small Business Administration Regional Office, Federal Reserve Bank Building, 713 Superior Avenue, Cleveland 1, Ohio; Small Business Administration Branch Office, Federal Building, Suite 413, Sixth and Broadway, Louisville 2, Kentucky.

2. Special field offices to receive and process such applications will be established in Hazard, Barbourville and Pikeville, Kentucky.

3. Applications for disaster loans under the authority of this Declaration will not be accepted subsequent to July 31, 1957.

Dated: January 31, 1957.

[Order. 142-57]

ESTABLISHMENT OF OFFICE OF ADMINISTRATIVE PROCEDURE

Establishment of Office of Administrative Procedure. 1. There is hereby established in the Department of Justice an Office of Administrative Procedure which shall be a component of and under the administrative supervision of the Office of Legal Counsel.

Director. 2. The Office shall be headed by a Director who will act in an advisory capacity in carrying out the purposes of the Office.

Purposes of the Office. 3. With a view to achieving improvements in administrative procedures within the Executive departments and agencies of the Federal Government, the Office shall:

(a) Carry on continuous studies of the adequacy of the procedures by which Federal departments and agencies determine the rights, duties, and privileges of persons;

(b) Initiate cooperative effort among the departments and agencies and their respective bars to develop and adopt so far as practicable uniform rules of practice and procedure;

(c) Collect and publish facts and statistics concerning the procedures of the departments and agencies;

(d) Assist departments and agencies in the formulation and improvement of their administrative procedures.

Cooperation by Departments and Agencies, the Bar, and other interested persons. 4. The Director, in consultation with the Attorney General, is authorized to make appropriate arrangements for securing the cooperation and advice of representatives of the departments and agencies, the bar, and other interested persons in connection with the performance of his duties.

Reports. 5. The Director shall render an annual report for circulation to the departments and agencies, and such other reports as the Attorney General may from time to time request.

Dated: February 6, 1957.

HERBERT BROWNELL, JR.,
Attorney General.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 4]

PART 601—DESIGNATION OF CONTROL AREAS, CONTROL ZONES, AND REPORTING POINTS

CONTROL AREA EXTENSION
(WILMINGTON, N. C.)

The control area alteration appearing hereinafter has been coordinated with the civil operators involved, the Navy and the Air Force, and is adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required. Part 601 is amended as follows:

1. Section 601.1150 is amended to read:

§ 601.1150 *Control area extension (Wilmington, N. C.).* That area within tangent lines drawn from the circumference of a circle 5 miles in radius centered on the Wilmington, N. C., omnirange station to a circle 25 miles in radius centered on Gateway Intersection (the intersection of the east course of

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

CFR SUPPLEMENTS

(As of January 1, 1957)

The following Supplements are now available:

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter B—Food and Food Products

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

TOLERANCES FOR RESIDUES OF DDT

A petition was filed with the Food and Drug Administration requesting the establishment of tolerances of 7 parts per million for residues of DDT in the fat of cattle, hogs, and sheep.

The tolerance of 7 parts per million for DDT in beef fat was requested to permit feeding of beef cattle with field corn forage that had been treated with DDT for corn-borer control. No tolerance was requested for DDT in or on corn forage, on the basis that it is not moved off the farm and does not come within jurisdiction of the Federal Food, Drug, and Cosmetic Act. The tolerance for DDT in beef fat was requested to permit, in addition, use of DDT in "back rubbers," a device used to combat flies on beef cattle. Evidence in the petition indicates that this tolerance can be met if the above uses are employed according to good agricultural practice. Residues of DDT in the fat can be reduced by placing the animals on feed free of DDT before slaughter.

Residue studies indicate that if beef cattle are fed corn forage on which any DDT applications in addition to the two early cornborer applications have been made, or if they are fed ensilage made from corn treated with DDT, or if they are sprayed with or dipped in DDT, residues of DDT in the beef fat in excess of the 7 parts per million tolerance are likely to result. DDT residues are found in the fat, rather than in muscle tissue of meat animals.

Residue studies have indicated that application of DDT in any manner to the feed of dairy cows or to the dairy cows themselves results in residues of DDT in milk. No tolerance has been established for residues of DDT in milk.

The tolerances of 7 parts per million for DDT in the fat of hogs and sheep were requested to permit the dipping or spraying of these animals to combat certain vermin. Instructions for use in the petition indicate that treated hogs and sheep should be held at least 30 days before slaughter.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purposes for which tolerances are being established.

After consideration of the data submitted in the petition and other relevant material which show that the tolerances established in this order will protect the public health, and by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (2) 68 Stat. 512; 21 U. S. C. 346a (d) (2)) and delegated to the Commissioner of Food and Drugs by the Secretary (21 CFR 120.7 (g)), the regulations for tolerances for pesticide chemicals in or on raw agricultural commodities (21 CFR Part 120; 21 F. R. 5717), are amended by changing § 120.147 *Tolerances for residues of DDT* to read as follows:

§ 120.147 *Tolerances for residues of DDT.* Tolerances of 7 parts per million for residues of DDT (a mixture of 1,1,1-trichloro-2,2-*bis* (*p*-chlorophenyl) ethane and 1,1,1-trichloro-2-(*o*-chlorophenyl)-2-(*p*-chlorophenyl) ethane are established in or on the following raw agricultural commodities: The fat of meat from cattle, hogs, and sheep; sweetpotatoes (from postharvest use).

Any person who will be adversely affected by the foregoing order may, at any time prior to the thirtieth day from the effective date thereof, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by this order, specify with particularity the provisions of the order deemed objectionable and reasonable grounds for the objections, and request a public hearing upon the objections. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER.

(Sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 371. Interprets or applies sec. 408, 68 Stat. 511; 21 U. S. C. 346a)

Dated: February 13, 1957.

[SEAL] JOHN L. HARVEY,
Commissioner of Food and Drugs.

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 672—CONSTRUCTION, BUSINESS SERVICE, MOTION PICTURE, AND MISCELLANEOUS INDUSTRY IN PUERTO RICO

PART 678—STONE, GLASS, AND RELATED PRODUCTS INDUSTRY IN PUERTO RICO

On December 7, 1956, pursuant to section 5 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), the Secretary of Labor by Administrative Order No. 472 (21 F. R. 9725) appointed, convened and gave notice of the hearings of Industry Committee No. 27–C for the Stone, Glass, and Related Products Industry in Puerto Rico and Industry Committee No. 27–D for the Construction, Business Service, Motion Picture, and Miscellaneous Industry in Puerto Rico, among others. Each of these Committees was directed to recommend the minimum rates of wages to be paid under section 6 (c) of the act to employees in its industry who are engaged in commerce or in the production of goods for commerce.

Subsequent to an investigation and a hearing, conducted pursuant to the notice, each Committee filed with the Administrator a report containing its findings with respect to the matters referred to it. Accordingly, as authorized and required by section 8 of the act and General Order No. 45–A of the Secretary (15 F. R. 3290), (1) the recommendations of these committees are hereby published in the following amendments to the Code of Federal Regulations, and (2) effective March 7, 1957, Parts 672 and 678 of Title 29, Code of Federal Regulations, are hereby amended to read as follows:

PART 678—STONE, GLASS, AND RELATED PRODUCTS INDUSTRY IN PUERTO RICO

Sec.
678.1 Definition of the industry.
678.2 Wage rates.
678.3 Notices.

AUTHORITY: §§ 678.1 to 678.3 issued under sec. 8, 52 Stat. 1064, as amended; 29 U. S. C. 208. Interpret or apply sec. 5, 52 Stat. 1064, as amended; 29 U. S. C. 205.

§ 678.1 *Definition of the industry.* The stone, glass, and related products industry in Puerto Rico, to which this part shall apply, is defined as follows: The mining, quarrying, or other extraction and the further processing of all minerals (other than clays, metal ores, chemical and fertilizer minerals, coal, petroleum, or natural gases) and the manufacture of products from such minerals, including, but without limitation, glass and glass products; dimension and cut stone; crushed stone, sand and gravel; abrasives; lime, concrete, gypsum, mica, plaster, and asbestos products; and the manufacture of products from bone, horn, ivory, shell, and similar natural materials: *Provided, however,* That the definition shall not include any product or activity included in the button, buckle, and jewelry industry; the chemical, petroleum, rubber, and related products industry; the electrical, instrument, and related products industry; the jewel cutting and polishing industry; the metal, machinery, transportation equipment, and allied products industry; the clay and clay products industry; the cement industry; or the construction, business service, motion picture, and miscellaneous industry, as defined in the wage orders for those industries in Puerto Rico.

§ 678.2 *Wage rates.* (a) Wages at a rate of not less than $1.00 an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the concrete pipe, glass and glass products, hot asphaltic plant mix, ready-mixed concrete, and concrete block and tile classification, which is defined as the manufacture of concrete pipe or conduit, glass and glass products, hot asphaltic plant mix, ready-mixed concrete, and concrete blocks and tiles.

(b) Wages at a rate of not less than 90 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the abrasive products classification which is defined as the manufacture of abrasive products including abrasive grinding wheels of natural or synthetic materials; abrasive sticks, stones, bricks, paper, and cloth; abrasive grains, natural or manufactured; and buffing and polishing wheels.

(c) Wages at a rate of not less than 62 cents an hour shall be paid under sec-

tion 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the mica classification which is defined as the processing of mica and the manufacture of mica parts for radio, television, and other electronic tubes, or for other products.

(d) Wages at a rate of not less than 70 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the general classification which is defined as all products and activities included in the stone, glass, and related products industry in Puerto Rico, as defined in § 678.1, except those included in the concrete pipe, glass and glass products, hot asphaltic plant mix, ready-mixed concrete, and concrete block and tile classification, the abrasive products classification, and the mica classification, as defined herein.

§ 678.3 *Notices.* Every employer subject to the provisions of § 678.2 shall post in a conspicuous place in each department of his establishment where employees subject to the provisions of § 678.2 are working such notices of this part as shall be prescribed from time to time by the Administrator of the Wage and Hour Division of the United States Department of Labor, and shall give such other notice as the Administrator may prescribe.

PART 672—CONSTRUCTION, BUSINESS SERVICE, MOTION PICTURE, AND MISCELLANEOUS INDUSTRY IN PUERTO RICO

Sec.
672.1 Definition of the industry.
672.2 Wage rates.
672.3 Notices.

AUTHORITY: §§ 672.1 to 672.3 issued under sec. 8, 52 Stat. 1064, as amended; 29 U. S. C. 208. Interpret or apply sec. 5, 52 Stat. 1064, as amended; 29 U. S. C. 205.

§ 672.1 *Definition of the industry.* The construction, business service, motion picture, and miscellaneous industry in Puerto Rico, to which this part shall apply, is defined as follows: The design, construction, reconstruction, alteration, repair and maintenance of buildings, structures, and other improvements; the assembling at the construction site and the installation of machinery and other facilities in or upon buildings, structures, and other improvements; the dismantling, wrecking, or other demolition of buildings, structures, and other improvements; the activity carried on by any business or nonprofit enterprise performing real estate, professional, advertising, education or research activities, or engaged in the furnishing of other facilities or services to industrial or commercial establishments or to the consumer; the production of photographs and blueprints; the production and distribution of motion pictures and all activities incidental thereto; and all activities which are not included in the definition of other industries in Puerto Rico for which wage orders have been issued: *Provided, however,* That the definition shall not include any activity carried on by an establishment primarily engaged in another industry for its own use, or any activity included in the definition of any industry in Puerto Rico for which a wage order has been issued.

§ 672.2 *Wage rates.* (a) Wages at a rate of not less than 70 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the construction, business service, motion picture, and miscellaneous industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the construction classification which is defined as the design, construction, reconstruction, alteration, repair and maintenance of buildings, structures, and other improvements; the assembling at the construction site and the installation of machinery and other facilities in or upon buildings, structures, and other improvements; the dismantling, wrecking, or other demolition of buildings, structures, and other improvements: *Provided, however,* That this classification shall not include any activity carried on by an establishment primarily engaged in another industry for its own use.

(b) Wages at a rate of not less than 85 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the construction, business service, motion picture, and miscellaneous industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the janitorial and custodial service and motion picture classification which is defined as the activity carried on by any business performing office cleaning, floor waxing, other janitorial services, disinfecting and exterminating, custodial and watchman services, and related services to industrial or commercial establishments or to the consumer; and the production and distribution of motion pictures and all activities incidental thereto.

(c) Wages at a rate of not less than $1.00 an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the construction, business service, motion picture, and miscellaneous industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the business service and miscellaneous classification which is defined as the activity carried on by any business or nonprofit enterprise performing real estate, professional, advertising, education or research activities, or engaged in the furnishing of other facilities or services to industrial or commercial establishments or to the consumer, except activities included in the janitorial and custodial service and motion picture classification and the construction classification, as defined herein; and all activities which are not included in the definition of other industries in Puerto Rico for which wage orders have been issued: *Provided, however,* That this classification shall not include any activity within the definition of any industry in Puerto Rico for which a wage order has been issued.

§ 672.3 *Notices.* Every employer subject to the provisions of § 672.2 shall post in a conspicuous place in each department of his establishment where employees subject to the provisions of § 672.2 are working such notices of this part as shall be prescribed from time to time by the Administrator of the Wage and Hour Division of the United States Department of Labor, and shall give such other notice as the Administrator may prescribe.

Signed at Washington, D. C., this 13th day of February 1957.

NEWELL BROWN,
Administrator,
Wage and Hour Division.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1388]

[71850]

ALASKA

EXCLUDING CERTAIN LANDS FROM TONGASS NATIONAL FOREST AND RESTORING THEM FOR PURCHASE AS HOMESITE

By virtue of the authority vested in the President by section 1 of the act of June 4, 1897 (30 Stat. 34, 36; 16 U. S. C. 473), and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

The following-described tract of public land in Alaska, occupied as a homesite, and identified by surveys of which plats and field notes are on file in the Bureau of Land Management, is hereby excluded from the Tongass National Forest, Alaska, and restored, subject to valid existing rights, for purchase as a homesite under section 10 of the act of May 14, 1898, as amended by the act of May 26, 1934 (48 Stat. 809; 48 U. S. C. 461):

Homesite No. 809, located on Clover Passage, to be identified as U. S. Survey No. 3524; approximately 3.30 acres; latitude 55°29' N., longitude 131°46' W.

HATFIELD CHILSON,
Assistant Secretary of the Interior.

FEBRUARY 13, 1957.

[F. R. Doc. 57-1270; Filed, Feb. 18, 1957; 8:45 a. m.]

[Public Land Order 1389]

[Fairbanks 011607]

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF BUREAU OF PUBLIC ROADS AS TANGLE LAKES ADMINISTRATIVE SITE

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Alaska are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining but not the mineral-leasing laws or the act of July 31, 1947 (61 Stat. 681; 69 Stat. 367; 30 U. S. C. 601–604) as amended, and reserved for use of the Bureau of Public Roads, Department of Commerce, as the Tangle Lakes Administrative Site:

Beginning at a point on the centerline of the Denali Highway, Station 1139 +00 from which B. L. M. Bronze Marker W. C. M. C. 1, Tract 2, Lot 4, U. S. S. 3298 bears S. 7°17' W., 137.6 feet, thence—

S. 72°11' W., 401.1 feet along centerline of Denali Highway, Sta. 1143+01.1;
N. 17°49' W., 150.0 feet;
N. 47°11' E., 1378.54 feet;
S. 42°49' E., 420.0 feet to a point on the left bank of Tangle River;
Southwesterly, 445.0 feet along left bank to its intersection with the north boundary of a 100 foot Denali Highway right of way;
S. 17°49' E., 100.0 feet to center line of Denali Highway;
S. 72°11' W., 660.0 feet along center line to point of beginning.

The tract described contains 12.98 acres.

HATFIELD CHILSON,
Assistant Secretary of the Interior.

FEBRUARY 13, 1957.

[F. R. Doc. 57-1271; Filed, Feb. 18, 1957; 8:46 a. m.]

[Public Land Order 1390]

ARIZONA

RESERVING LANDS WITHIN NATIONAL FORESTS FOR USE OF FOREST SERVICE AS RECREATIONAL AREAS

By virtue of the authority vested in the President by the act of June 4, 1897 (30 Stat. 34, 36; 16 U. S. C. 473) and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands within the national forests hereinafter designated are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining but not the mineral-leasing laws, or the act of July 31, 1947 (61 Stat. 681; 69 Stat. 367; 30 U. S. C. 601–604) as amended, and reserved for use of the Forest Service, Department of Agriculture, as recreational areas as indicated:

Proposed Recreation Area No. 4:
T. 19 N., R. 8 E.,
Sec. 1, S½N½NW¼, NW¼SE¼NW¼, SW¼NW¼, and NW¼SW¼.
The area described contains 130 acres.

This order shall take precedence over but not otherwise affect the existing reservation of the lands for national forest purposes.

HATFIELD CHILSON,
Assistant Secretary of the Interior.

FEBRUARY 13, 1957.

[F. R. Doc. 57-1272; Filed, Feb. 18, 1957; 8:46 a. m.]

[Public Land Order 1391]

UTAH

RESERVING LANDS WITHIN NATIONAL FORESTS FOR USE OF FOREST SERVICE AS ADMINISTRATIVE SITES

By virtue of the authority vested in the President by the act of June 4, 1897 (30 Stat. 34, 36; 16 U. S. C. 473) and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands within the national forests hereinafter designated, are hereby withdrawn from all forms of appropriation under the public land laws, including the mining but not the mineral-leasing laws or the act of July 31, 1947 (61 Stat. 681; 69 Stat. 367; 30 U. S. C. 601–604) as amended, and reserved for use of the Forest Service, Department of Agriculture, as administrative sites as indicated:

UTAH 012532—UINTA SPECIAL MERIDIAN

UINTA NATIONAL FOREST

West Ford Administrative Site:
T. 1 N., R. 11 W.,
Sec. 29, SW¼SW¼SE¼ and SE¼SE¼SW¼;
Sec. 32, NW¼NW¼NE¼, NE¼NE¼NW¼, W½NE¼NW¼, and E½NW¼NW¼.
The areas described aggregate 80 acres.
Currant Creek Administrative Site:
T. 1 S., R. 11 W.,
Sec. 23, SW¼SW¼SE¼ and SE¼SE¼SW¼;
Sec. 26, W½NW¼NE¼ and E½NE¼NW¼.
The areas described aggregate 60 acres.

UTAH 016603—SALT LAKE MERIDIAN

MANTI-LASAL NATIONAL FOREST

Joe's Valley Administrative Site:
T. 17 S., R. 6 E.,
Sec. 31, lots 5, 6, 11, and 12.
The areas described aggregate 112.12 acres.

This order shall take precedence over but not otherwise affect the existing reservation of the lands for national forest purposes.

FEBRUARY 13, 1957.

HATFIELD CHILSON,
Assistant Secretary of the Interior.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 51]

U. S. STANDARDS FOR ITALIAN TYPE TOMATOES FOR CANNING[1][2]

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the issuance of United States Standards for Italian Type Tomatoes for Canning pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. et seq., as amended; 7 U. S. C. 1621 et seq.).

All persons who desire to submit written data, views or arguments for consideration in connection with the proposed standards should file the same with the Chief, Fresh Products Standardization and Inspection Branch, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, South Building, Washington 25, D. C., not later than 30 days after publication hereof in the FEDERAL REGISTER.

The proposed standards are as follows:

GENERAL

Sec.
51.2976 General.

GRADES

51.2977 U. S. No. 1.
51.2978 U. S. No. 2.

CULLS

51.2979 Culls.

MINIMUM SIZE

51.2980 Minimum size.

DEFINITIONS

51.2981 Firm.
51.2982 Well colored.
51.2983 Fairly well formed.
51.2984 Damage.
51.2985 Fairly well colored.
51.2986 Serious damage.

AUTHORITY: §§ 51.2976 to 51.2986 issued under sec. 205, 60 Stat. 1090, as amended; 7 U. S. C. 1624.

GENERAL

§ 51.2976 *General.* These standards are applicable only to Italian type tomatoes which are to be processed as whole tomatoes.

GRADES

§ 51.2977 *U. S. No. 1.* "U. S. No. 1" consists of tomatoes whic hare firm, well colored, fairly well formed and free from mold and decay and free from damage caused by growth cracks, sunscald, freezing injury, disease, insects or mechanical or other means. (See § 51.2980).

§ 51.2978 *U. S. No. 2.* "U. S. No. 2" consists of tomatoes which are firm, fairly well colored and free from serious damage by any cause. (See § 51.2980).

CULLS

§ 51.2979 *Culls.* "Culls" are tomatoes which fail to meet the requirements of either of the foregoing grades.

MINIMUM SIZE

§ 51.2980 *Minimum size.* The minimum size may be fixed by agreement between buyer and seller. Tomatoes below any specified minimum size shall be classed as culls. Size should be expressed in terms of diameter measured in inches and fractions of inches. Diameter is the greatest dimension of the tomato measured at right angles to a line running from the stem end to the blossom end.

DEFINITIONS

§ 51.2981 *Firm.* "Firm" means that the tomato is not soft, puffy, shriveled or watersoaked.

§ 51.2982 *Well colored.* "Well colored" means that 90 percent or more of the outer surface of the flesh of the tomato has a red color characteristic of a well ripened tomato.

§ 51.2983 *Fairly well formed.* "Fairly well formed" means that the tomato is not decidedly flattened, lop-sided, angular or otherwise decidedly misshapen.

§ 51.2984 *Damage.* "Damage" means any defect which materially affects the edible or processing quality of the tomato. The following shall be considered as damage:

(a) Any defect of the side wall of the tomato which more than slightly affects the appearance of the outer surface or necessitates trimming to the extent that an opening through the wall results; or,

(b) Any defect affecting the stem end or blossom end of the tomato which when removed will cause a loss of more than 5 percent of the total weight of the tomato exclusive of the peel.

§ 51.2985 *Fairly well colored.* "Fairly well colored" means that at least two-thirds of the outer surface of the flesh of the tomato has red color characteristic of a fairly well ripened tomato: *Provided*, That a tomato having a lighter shade of red color shall be considered fairly well colored if it has a sufficient amount of red to be equivalent in color to that of a tomato which has two-thirds of its surface with color characteristic of a fairly well ripened tomato.

§ 51.2986 *Serious damage.* "Serious damage" means any defect which seriously affects the edible or processing quality of the tomato, or which when removed will cause a loss of more than 10 percent of the total weight of the tomato exclusive of the peel.

Dated: February 14, 1957.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator,
Marketing Services.

[F. R. Dec. 57-1298; Filed, Feb. 18, 1957; 8:50 a. m.]

[1] Packing of the product in conformity with the requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

[2] This is the first issue of these standards.

[7 CFR Part 1013]

[Docket No. AO-279]

MILK IN PLATTE VALLEY, NEBR., MARKETING AREA

NOTICE OF EXTENSION OF TIME FOR FILING EXCEPTIONS TO RECOMMENDED DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and orders (7 CFR Part 900), notice is hereby given that the time for filing exceptions to the recommended decision with respect to a proposed marketing agreement and a proposed order regulating the handling of milk in the Platte Valley, Nebraska, marketing area, which was issued January 24, 1957, (22 F. R. 569), is hereby extended to February 23, 1957.

Dated: February 14, 1957.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 11798; FCC 57-149]

TELEVISION BROADCAST STATIONS

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606, Table of Assignments, Television Broadcast Stations (Bozeman-Helena, Montana).

1. On July 25, 1956, the Commission issued a Notice of Proposed Rule Making in this matter proposing to amend the Television Table of Assignments by shifting Channel 12 from Helena, Montana to Bozeman, Montana, or, alternatively, to shift the educational reservation in Bozeman from VHF Channel 9 to UHF Channel 22. The proposals are summarized as follows:

City	Channel No.	
	Present	Proposed
Bozeman, Mont.	*9, 22−	*9, 12, 22 (or) 9, *22−
Helena, Mont.	10+, 12	10+ (or) 10+, 12

2. Upon its review of the comments submitted by interested parties and further consideration of this matter, the Commission on November 2, 1956, issued a Notice of Further Proposed Rule Making inviting comments on a third proposal to assign a VHF channel to Bozeman by shifting Channel 6 from Butte as follows:

City	Channel No.	
	Delete	Add
Butte, Mont.	6+	28
Bozeman, Mont.		6+

3. Comments have been filed by Peoples Forum of the Air, Inc., opposing the shifting of Channel 12 from Helena to Bozeman; Montana State College and the Joint Council on Educational Television (JCET), opposing the deletion of the educational reservation in Bozeman; and Copper Broadcasting Company (KOPR) and Arthur W. Schwieder, opposing the shifting of Channel 6 from Butte to Bozeman. No comments other than Penn Engineering's original petition were filed supporting any of the proposals.

4. Penn Engineering, in its petition for rule making requesting the shift of Channel 12 from Helena to Bozeman, noted that applications had not then been filed for stations on either Channel 10 or 12 in Helena and represented that it would file an application for a station on Channel 12 if it were shifted to Bozeman. Petitioner alleged that Channel 12 in Bozeman would meet all assignment standards. Penn Engineering submitted that operation on UHF Channel 22 in Bozeman would not be feasible in view of the fact that some 800 VHF-only sets were in the area to receive transmissions of a community antenna system.

5. Peoples Forum of the Air opposes the deletion of Channel 12 from Helena in order to make it available for Bozeman. It notes that although no applications for stations in Helena were on file at the time Penn Engineering's request for rule making was advanced, two applications are now pending for the two VHF channels assigned to Helena. Peoples Forum maintains that Helena should retain both VHF channels in light of its much greater size and importance; that as the State Capital Helena is of primary importance as an origination source for television programs; and that there is a need and demand for two stations in this community. Peoples Forum argues that since Bozeman is situated in a valley and only 800 VHF sets are outstanding in the area, operation on UHF Channel 22 would be feasible.

6. Montana State College and JCET oppose deletion of the educational reservation on Channel 9 in Bozeman. The College, which is the largest public educational institution in Montana, with a student enrollment of 3,200 and a budget of $7,000,000, represents that it plans to apply for an educational station within the next two years. The College has been planning to use Channel 9 in its educational and extension program and urges that the loss of the reservation would seriously affect its ability to fulfill its obligations. Montana State maintains that the extended coverage that would be necessary to reach the greatest number of people in Montana would not be possible on a UHF channel, noting that it plans to build a high-powered station with a transmitter on Old Baldy Mountain where it would be able to serve a major part of the State's population, providing service to the two largest cities, Billings and Great Falls. After a training period during the 1956-57 academic year on a closed circuit basis, the College anticipates filing an application. It presently has on hand several thousand dollars worth of studio equipment and has already spent $35,000 on remodeling and reconstructing its studio facilities.

7. Copper Broadcasting Company and Arthur W. Schwieder oppose the deletion of Channel 6 from Butte in order to make it available in Bozeman. They note that Butte now has one station in operation and that three applications are pending for the remaining VHF channel. They urge that a need and demand for additional service in Butte has been demonstrated and that Butte, with a population of 33,251, is larger than either Helena or Bozeman and that Silver Bow County in which Butte is situated has a population of 42,400 as compared with only 24,540 for Lewis and Clark County (Helena) and 21,902 for Gallatin County (Bozeman).

8. Three proposals have been advanced for obtaining a VHF Channel in Bozeman: shifting Channel 12 from Helena; shifting Channel 6 from Butte, and unreserving educational Channel 9 in Bozeman. Upon a review of the comments submitted in this proceeding and further consideration, we have concluded that the public interest would not be served by the adoption of any of these proposals. Montana State College has demonstrated an active interest in retaining Channel 9 in Bozeman for educational use. It has undertaken preliminary steps for making use of this frequency and has already expended considerable sums in preparation for educational television; and it represents that it will submit an application in the relatively near future. The College has constructed studios and has purchased closed circuit equipment in preparing for future operations. Under these circumstances we do not believe that the educational reservation on Channel 9 in Bozeman should be deleted at this time.

9. At the time we proposed in our Notice of Further Proposed Rule Making to shift Channel 6 from Butte to Bozeman no applications had been submitted for this frequency. However, since that time three applications have been filed. In view of this indication of need and demand for the facility in Butte, which is much greater in size than Bozeman, we do not believe that Channel 6 should be shifted from Butte to Bozeman.

10. Nor do we believe that the public interest would be served by shifting Channel 12 from Helena, the State Capital of Montana, to Bozeman. When Penn Engineering submitted its request for rule making, no applications had been filed for either of the Helena VHF channels. Now, however, there is a need and demand expressed for facilities in Helena as evidenced by applications for both channels. We do not believe that Channel 12 should be deleted from the larger City of Helena in order to make it available for Bozeman.

11. In view of the foregoing: *It is ordered*, That the petition of Penn Engineering Company, Inc., is denied, and this proceeding is terminated.

Adopted: February 13, 1957.

Released: February 14, 1957.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

DEPARTMENT OF COMMERCE

Federal Maritime Board

STONE FORWARDING CO., INC., AND TRANS-MARINE CO.

NOTICE OF AGREEMENT FILED FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15, Shipping Act, 1916 (39 Stat. 733; 46 U. S. C. 814):

Agreement No. 8206 between Stone Forwarding Co., Inc., Houston, Texas, and Trans-Marine Co., New Orleans, Louisiana, is a cooperative working arrangement between the parties under which they perform freight forwarding services for each other.

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement, and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: February 13, 1957.

By order of the Federal Maritime Board.

GEO. A. VIEHMANN,
Assistant Secretary.

LLOYD BRASILEIRO ET AL.

NOTICE OF AGREEMENT FILED WITH THE BOARD FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916 (39 Stat. 733, 46 U. S. C. 814):

Agreement No. 8205, between Lloyd Brasileiro (Patrimonio Nacional) and Cia. Argentina de Navegacion Dodero, S. A., Dampskibsselskabet Torm, Flota Mercante del Estado, International Freighting Corporation, Inc., Mississippi Shipping Company, Inc., Moore-McCormack Lines, Inc., The Northern Pan-America Line, A/S, and the parties comprising the following joint services—Brodin Line, Holland Interamerica Line, Ivaran Lines, and the Norton Line, all of which are members of the Brazil/United States-Canada Freight Conference, providing that Lloyd Brasileiro shall be entitled to carry per sailing the average number of bags of coffee per sailing which Brazil exports annually on vessels of all of the member lines of said conference from Paranagua, Santos, Rio de Janeiro, Angra dos Reis and Victoria to United States Atlantic and Gulf ports and Eastern Canadian ports, and setting forth the basis on which Lloyd Brasileiro will be compensated by the other parties to the agreement should its carryings on its first 48 sailings per annum fall below such average. The agreement also sets forth the manner in which any payments due Lloyd Brasileiro and any expense incurred in carrying out the agreement will be contributed by each of the parties. The agreement upon approval will continue in force until March 31, 1957, and from year to year thereafter on the condition that Lloyd Brasileiro remains a member of said conference. The agreement may be terminated by the giving of six months written notice.

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: February 13, 1957.

REPORT OF APPOINTMENT AND STATEMENT OF FINANCIAL INTERESTS

FEBRUARY 13, 1957.

Pursuant to section 302 (a) of Executive Order 10647, the following information on a WOC appointee in the Department of the Interior is furnished for publication in the FEDERAL REGISTER:

Name of appointee: Joe Hall.

Name of employing agency: Department of the Interior, Office of Oil and Gas.

The title of the appointee's position: Domestic Petroleum Programming Specialist.

The name of the appointee's private employer: Phillips Petroleum Company, Bartlesville, Oklahoma.

The statement of "financial interests" for the above appointee is set forth below.

This appointment was approved by the Secretary of the Interior on January 24, 1957.

THOMAS H. TELLIER,
Personnel Officer.

Statement of Financial Interests

In accordance with the requirements of section 302 (b) of Executive Order 10647, I am filing the following statement for publication in the FEDERAL REGISTER:

(1) Names of any corporation of which I am, or had been within 60 days preceding my appointment on January 24, 1957, as Domestic Petroleum Programming Specialist, Office of Oil and Gas, United States Department of the Interior, an officer or director:

None.

(2) Names of any corporations in which I own, or did own within 60 days preceding my appointment, any stocks, bonds, or other financial interests:

Phillips Petroleum Company.

(3) Names of any partnerships in which I am associated, or had been associated within 60 days preceding my appointment:

None.

(4) Names of any other businesses which I own, or owned within 60 days preceding my appointment

None.

Dated: January 31, 1957.

JOE HALL.

[Docket No. G-10396 etc.]

AMERICAN LOUISIANA PIPE LINE CO. ET AL.

NOTICE OF CONTINUANCE OF HEARING

FEBRUARY 13, 1957.

In the matters of American Louisiana Pipe Line Company, Docket No. G-10396; Gulf Refining Company, Docket No. G-10400; Panhandle Eastern Pipe Line Company, Docket No. G-11061.

Upon consideration of the telegraphic request filed February 7, 1957 by Counsel for American Louisiana Pipe Line Company and the concurrence of Counsel for Natural Gas Distributors, Inc., Milwaukee Gas Light Company, Wisconsin Natural Gas Company, Wisconsin Michigan Power Company, Wisconsin Fuel and Light Company and Madison Gas and Electric Company for postponement of the hearing now scheduled to resume on February 19, 1957 in the above-designated matters, and the objection to said requests filed February 7, 1957 by Counsel for Panhandle Eastern Pipe Line Company;

Notice is hereby given that the hearing in this matter is hereby postponed to be held at 10:00 a. m., e. s. t., on March 5, 1957 in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1275; Filed, Feb. 18, 1957; 8:46 a. m.]

[Docket No. G-11129]

UNITED GAS PIPE LINE CO.

NOTICE OF APPLICATION AND DATE OF HEARING

FEBRUARY 13, 1957.

Take notice that United Gas Pipe Line Company (Applicant), a Delaware corporation with principal place of business at 1525 Fairfield Avenue, Shreveport, Louisiana, filed on September 24, 1956, an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on filed with the Commission and open for public inspection.

Applicant proposes to construct and operate, as an integral part of its existing natural gas system, certain natural gas facilities as hereinafter described which are necessary to the transportation and delivery in interstate commerce of natural gas to be sold by Applicant on an interruptible basis to Container Corporation of America (Container Corporation) pursuant to a requirements contract dated July 5, 1956 for use as fuel in Container Corporation's pulp and paper mill, presently under construction near Brewton, Alabama, which will manufacture bleached pulp wood for the production of food cartons.

The facilities proposed to be constructed and operated by Applicant consist of:

Approximately 40.1 miles of 8 inch lateral transmission line together with check meter station and sales meter and regulator station extending in a northeasterly direction from points of interconnection with Applicant's existing 12 and 16 inch looped transmission lines in S5, T3S, R4E, Baldwin County, Alabama, to the site of Container Corporation's plant which is located southwest of Brewton in S1, T1N, R9E, Escambia County, Alabama.

The estimated cost of construction of the proposed facilities is $1,140,419 which will be financed out of current working funds. Container Corporation will reimburse Applicant the total cost of the facilities up to $1,400,000 in monthly payments from July 1957 to June 1964. The estimated maximum daily gas requirement of the proposed project at 14.9 psia is 6,000 Mcf and the estimated annual gas requirement of said project for each of the first three full years at 14.9 psia as 1,750,000 Mcf.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on Thursday, March 14, 1957 at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 28, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1281; Filed, Feb. 18, 1957; 8:47 a. m.]

[Docket No. G-11980]

TENNESSEE GAS TRANSMISSION CO.

ORDER SUSPENDING PROPOSED TARIFF AND OTHER REVISED TARIFF SHEETS AND PROVIDING FOR HEARING

Tennessee Gas Transmission Company (Tennessee), on January 14, 1957, pursuant to section 4 of the Natural Gas Act and the Commission's general rules and regulations, particularly Part 154 thereof (18 CFR Part 154), tendered for filing its FPC Gas Tariff, Seventh Revised Volume No. 1, and Third Revised Sheet No. 1 and First Revised Sheets Nos. 10, 11, 25, 36, and 37 to its FPC Gas Tariff, Fourth Revised Volume No. 2. The tariff changes contained in the tendered filing effect a general increase in rates and charges for transportation services and sales in interstate commerce of natural gas for resale for ultimate public consumption, subject to the jurisdiction of the Commission under the Natural Gas Act. Tennessee requests that the increased rates and charges be allowed to become effective as of February 14, 1957.

The tariff changes proposed by Tennessee involve an estimated annual increase in rates and charges approximating $24,077,000, or 12.7 percent, based upon Tennessee's operations during the 12 months ended October 31, 1956, as adjusted, above the rates which were permitted to become effective as of December 15, 1954, subject to an undertaking to assure refund of excess charges, by order of the Commission issued December 28, 1954. Tennessee Gas Transmission Company, Docket No. G-5259. Hearings upon the system cost of service phase of Docket No. G-5259 have been concluded and the matters raised therein are pending before the Presiding Examiner for decision. As yet no hearings have been held on the zoning issue raised in Docket No. G-5259. Tennessee's proposed increase of January 14, 1957, thus, is in addition to the $8,816,000 increase it seeks in Docket No. G-5259.

The proposed rates and charges are based upon claimed increases in salary and wages, taxes, cost of purchased gas, cost of capital and depreciation expense. More specifically, the major adjustments include:

(a) An adjustment of $8,885,011 to Account 100.1, Gas Plant in Service, to reflect the lag in transferring costs to that account from Account 100.3, Construction Work in Progress.

(b) An increase of $1,014,000 in the cost of gas purchased, to reflect asserted changes in supply sources, prices, and volumes, although it appears no adjustment is made for the total quantities of natural gas purchased.

(c) A $540,146 increase in salaries and wages.

(d) An increase in ad valorem taxes of $1,301,213, of which $900,701 appears to be based upon estimates of taxes for the year 1957.

(e) An increase of $4,967,000 annually in depreciation expense, Tennessee proposing an increase in the composite depreciation rate applicable to its properties from 3 percent to 3½ percent, which may in whole or in part be improper.

(f) Return of $47,023,854 based upon a claimed rate of return of 6.6 percent upon an average net rate base of $712,482,639, an amount $4,275,000 in excess of the amount which would be produced by the 6 percent rate of return heretofore consistently claimed by Tennessee in prior rate cases.

(g) Claimed income tax allowance of $35,579,100 of which Federal income taxes are estimated to be $34,932,800 and state income taxes as $646,000 (1.85 percent of Federal income taxes) based upon a rate of return of 6.6 percent and giving effect to a 3½ percent book and tax depreciation rate for transmission properties. If income taxes are computed upon the basis of a 6 percent rate of return and a 3 percent book depreciation rate on transmission properties, giving effect to a 3½ percent tax depreciation rate, it appears that they would be $10,200,000 less than the allowance claimed. Further it appears that the Federal income taxes related to the proposed change in rate of return alone amounts to $4,715,000 and to the proposed change in book depreciation rate of transmission properties amounts to about $5,200,000.

It appears that the bulk of requested increase is attributable to (1) adjustment to purchased gas costs, (2) proposed change in rate of return, and (3) proposed change in book depreciation rate, each of which represents a change from past practices which may not be justified.

Additionally, Tennessee proposed a change in the method it has used in allocating costs between zones. Such change may be unduly discriminatory and preferential. Briefly, the changed method (a) assigns production costs directly on a volume basis; (b) segregates the remaining costs between demand and commodity; (c) assigns one-half of the demand and commodity costs to existing rate zones based upon the relationship of present demand commodity components of revenue (excluding purchased gas costs from the commodity revenues); and (d) assigns the remaining half of the demand and commodity costs to existing rate zones based upon the demand and commodity miles of transportation for all sales made within the zones. As noted previously, the question of appropriate zone rates is pending in Docket No. G-5259.

The increased rates and charges proposed in Tennessee's FPC Gas Tariff, Seventh Revised Volume No. 1 and in Third Revised Sheet No. 1 and First Revised Sheets Nos. 10, 11, 25, 36, and 37 to Tennessee's FPC Gas Tariff, Fourth Revised Volume No. 2, have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory or preferential or otherwise unlawful.

The Commision finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing pursuant to the authority contained in section 4 of the Natural Gas Act, concerning the lawfulness of the rates, charges, classifications and services of Tennessee's FPC Gas Tariff, Seventh Revised Volume No. 1, and Tennessee's FPC Gas Tariff, Fourth Revised Volume No. 2, as proposed to be amended by Third Revised Sheet No. 1 and First Revised Sheets Nos. 10, 11, 25, 36, and 37, and that said tariff and tariff sheets be suspended as hereinafter ordered and the use thereof be deferred pending hearing and decision thereon, except as they may become effective as provided by the Natural Gas Act.

The Commission orders:

(A) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 4, 15 and 16 of the Natural Gas Act, and the Commission's general rules and regulations, including rules of practice and procedure (18 CFR Chapter I), a public hearing be held at a time and place to be fixed by further order of the Commission, concerning the lawfulness of the rates, charges, classifications and services, or any of them, subject to the jurisdiction of the Commission, of Tennessee's FPC Gas Tariff, Seventh Revised Volume No. 1, and Tennessee's FPC Gas Tariff, Fourth Revised Volume No. 2, as proposed to be amended by Third Revised Sheet No. 1 and First Revised Sheets Nos. 10, 11, 25, 36, and 37.

(B) Pending such hearing and decision thereon, Tennessee's proposed FPC Gas Tariff, Seventh Revised Volume No. 1, and Third Revised Sheet No. 1, and First Revised Sheets Nos. 10, 11, 25, 36, and 37 of Tennessee's FPC Gas Tariff, Fourth Revised Volume No. 2, be and the same are hereby suspended and their use deferred until July 14, 1957, and until such further time as they may be made effective in the manner prescribed by the Natural Gas Act.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Issued: February 13, 1957.

By the Commission.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1276; Filed, Feb. 18, 1957; 8:46 a. m.]

[Docket No. G-11981]

TENNESSEE NATURAL GAS LINES, INC.

ORDER SUSPENDING REVISED TARIFF SHEETS AND PROVIDING FOR HEARING

On January 15, 1957, Tennessee Natural Gas Lines, Inc. (Tennessee Natural), tendered for filing Ninth Revised Sheet No. 4 and Fifth Revised Sheets Nos. 6 and 7 to its FPC Gas Tariff, Original Volume No. 1, proposing an annual rate increase of $490,500, based on sales for the year ending December 31, 1956, to Nashville Gas Company, its affiliate and only wholesale customer. The proposed increase is in addition to the increased rates in effect subject to refund under Docket No. G-5472.

Tennessee Natural states that the proposed increase is due principally to the recent filing for a proposed rate increase by Tennessee Gas Transmission Company (Tennessee Gas), its sole supplier, as well as increased plant investment. A rate of return of 6½ percent and associated income taxes are claimed by Tennessee Natural. It requests that the increase become effective concurrently with the effective date requested by Tennessee Gas for its increase, namely, February 14, 1957.

The Commission on February 13, 1957, ordered a hearing in Docket No. G-11980 concerning the lawfulness of the increased rates proposed by Tennessee Gas, and pending such hearing and decision thereon such proposed increased rates have been suspended until July 14, 1957, unless otherwise ordered by the Commission, and until such further time thereafter as the proposed rate increase by Tennessee Gas may be made effective in the manner prescribed by the Natural Gas Act. Tennessee Natural proposed rate increase is almost entirely dependent upon and can be supported only by relying upon the effectiveness of the revised rates of its supplier, and should therefore be suspended pending determination of said effectiveness.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the rates, charges, classifications and services contained in Tennessee Natural's FPC Gas Tariff, Original Volume No. 1, as proposed to be amended by Ninth Revised Sheet No. 4 and Fifth Revised Sheets Nos. 6 and 7, and the said proposed tariff sheets and the rates contained therein be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 4, 5, 15 and 16 of the Natural Gas Act, and the Commission's regulations under the Natural Gas Act, including rules of practice and procedure (18 CFR Chapter I), a public hearing be held at a time and date to be fixed by notice from the Secretary of this Commission, concerning the lawfulness of the rates, charges, classifications and services, subject to the jurisdiction of the Commission, contained in Tennessee Natural's FPC Gas Tariff, Original Volume No. 1, as proposed to be amended by Ninth Revised Sheet No. 4 and Fifth Revised Sheets Nos. 6 and 7.

(B) Pending such hearing and decision thereon, the proposed rates and charges contained in the revised tariff sheets referred to in (A) above hereby are suspended and their use deferred until July 14, 1957, unless otherwise ordered by the Commission, and until such further time thereafter as they may be made effective in the manner prescribed by the Natural Gas Act.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 13, 1957.

By the Commission.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1277; Filed, Feb. 18, 1957; 8:47 a. m.]

[Docket No. G-11982]

ALABAMA-TENNESSEE NATURAL GAS CO.

ORDER SUSPENDING PROPOSED REVISED TARIFF SHEETS AND PROVIDING FOR HEARING

Alabama-Tennessee Natural Gas Company (Alabama-Tennessee) on January 14, 1957, submitted for filing Third Revised Sheet No. 5 and Second Revised No. 10 to its FPC Gas Tariff, First Revised Volume No. 1, proposing increases in

rates and charges aggregating approximately $184,000, or 8 percent per annum, based on estimated sales for the 12-month period ending July 31, 1957. The proposed increases are in addition to the increased rates in effect subject to refund under Docket No. G-5471.

Alabama-Tennessee states that the proposed increases are for the sole purpose of passing on to its wholesale customers their proportional part of the proposed rate increase recently tendered for filing by its sole supplier Tennessee Gas Transmission Company (Tennessee). The data submitted by Alabama-Tennessee in support of its proposed increase indicated that it is in part also based on claimed increases in costs other than purchased gas costs. Alabama-Tennessee also proposes that its tendered filing become effective as of February 14, 1957, or such other date coinciding with the date on which Tennessee's proposed rate increase is permitted to become effective.

By order issued February 13, 1957, in Docket No. G-11980, the Commission has ordered a hearing concerning the lawfulness of the increased rates proposed by Tennessee, and pending such hearing and decision thereon, has suspended and deferred the use of Tennessee's proposed increased rates until July 14, 1957, unless otherwise ordered by the Commission, and until such further time thereafter that such proposed increased rates may be made effective in the manner prescribed by the Natural Gas Act. Alabama-Tennessee's proposed increases are almost entirely dependent upon and can be supported, only by relying upon the effectiveness of the rate increase of its supplier, and should therefore be suspended pending determination of said effectiveness.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the rates, charges, classifications, and services contained in Alabama-Tennessee's FPC Gas Tariff, First Revised Volume No. 1, as proposed to be amended by Third Revised Sheet No. 5 and Second Revised Sheet No. 10, and that said proposed revised tariff sheets and the rates contained therein be suspended and the use thereof deferred as hereinafter provided.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by sections 4, 5, 15, and 16 of the Natural Gas Act, and the Commission's regulations under the Natural Gas Act, including rules of practice and procedure (18 CFR Chapter I), a public hearing be held, at a time and date to be fixed by notice from the Secretary of this Commission, concerning the lawfulness of the rates, charges, classifications, and services, contained in Alabama-Tennessee's FPC Gas Tariff, First Revised Volume No. 1, as proposed to be amended by Third Revised Sheet No. 5 and Second Revised Sheet No. 10.

(B) Pending such hearing and decision thereon, Alabama-Tennessee's proposed Third Revised Sheet No. 5 and Second Revised Sheet No. 10 to its FPC Gas Tariff, First Revised Volume No. 1, hereby are suspended, and their use deferred until July 14, 1957, unless otherwise ordered by the Commission, and until such further time thereafter as they may be made effective in the manner prescribed by the Natural Gas Act.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 13, 1957.

By the Commission.

[SEAL] J. H. GUTRIDE, *Secretary.*

[F. R. Doc. 57-1278; Filed, Feb. 18, 1957; 8:47 a. m.]

[Docket No. G-11983]

LAKE SHORE PIPE LINE CO.

ORDER SUSPENDING PROPOSED REVISED TARIFF SHEETS AND PROVIDING FOR HEARING

Lake Shore Pipe Line Company (Lake Shore) on January 14, 1957, tendered for filing Seventh Revised Sheet No. 4, Ninth Revised Sheet No. 5, Seventh Revised Sheet No. 6, Ninth Revised Sheet No. 7, Fourth Revised Sheet No. 8-B, and First Revised Sheet No. 8-H to its FPC Gas Tariff, Original Volume No. 1, proposing increases in its rates and charges aggregating approximately $192,700, or 11.5 percent per annum based on sales for the year ending December 31, 1956. The proposed increases are in addition to the increased rates in effect subject to refund under Docket No. G-5473.

Lake Shore states that the proposed increases are due primarily to the recent proposed rate increase tendered for filing by its sole supplier, Tennessee Gas Transmission Company (Tennessee). Lake Shore proposes that the tariff changes contained in the tendered filing become effective as of February 14, 1957.

By order issued February 13, 1957, in Docket No. G-11980, the Commission has ordered a hearing concerning the lawfulness of the increased rates proposed by Tennessee, and pending such hearing and decision thereon, has suspended and deferred the use of Tennessee's proposed increased rates until July 14, 1957, unless otherwise ordered by the Commission, and until such further time thereafter that such proposed increased rates may be made effective in the manner prescribed by the Natural Gas Act. Lake Shore's proposed increases can be supported only by relying upon the effectiveness of the rate increase of its supplier, and should therefore be suspended pending determination of said effectiveness.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the rates, charges, classifications, and services contained in Lake Shore's FPC Gas Tariff, Original Volume No. 1, as proposed to be amended by the revised tariff sheets listed above and that said proposed revised tariff sheets and the rates contained therein be suspended and the use thereof deferred as hereinafter provided.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by sections 4, 5, 15, and 16 of the Natural Gas Act, and the Commission's regulations under the Natural Gas Act, including rules of practice and procedure (18 CFR Chapter I), a public hearing be held, at a time and date to be fixed by notice from the Secretary of this Commission, concerning the lawfulness of the rates, charges, classifications, and services, contained in Lake Shore's FPC Gas Tariff, Original Volume No. 1, as proposed to be amended by the aforementioned revised tariff sheets.

(B) Pending such hearing and decision thereon, Lake Shore's proposed Seventh Revised Sheet No. 4, Ninth Revised Sheet No. 5, Seventh Revised Sheet No. 6, Ninth Revised Sheet No. 7, Fourth Revised Sheet No. 8-B, and First Revised Sheet No. 8-H, to its FPC Gas Tariff, Original Volume No. 1, hereby are suspended and their use deferred until July 14, 1957, unless otherwise ordered by the Commission, and until such further time thereafter as they may be made effective in the manner prescribed by the Natural Gas Act.

(C) Interested state commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 13, 1957.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[Notice 152]

MOTOR CARRIER APPLICATIONS

FEBRUARY 15, 1957.

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers and by brokers under sections 206, 209, and 211 of the Interstate Commerce Act and certain other procerural matters with respect thereto. (FEDERAL REGISTER, Volume 21, pages 7339, 7340, § 1.241, September 26, 1956.)

All hearings will be called at 9:30 o'clock a. m., United States Standard Time, unless otherwise specified.

APPLICATIONS ASSIGNED FOR ORAL HEARING OR PRE-HEARING CONFERENCE

MOTOR CARRIERS OF PROPERTY

No. MC 8989 (Sub No. 166), filed February 7, 1957, HOWARD SOBER, INC., 2400 West St. Joseph Street, Lansing, Mich. Applicant's attorney: Albert F. Beasley, Investment Bldg., 15th and K Streets NW., Washington 5, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Motor vehicles, automobiles, trucks, tractors, chassis, buses, cabs, bodies, parts, tools,* and *accessories* moving with motor vehicles, trucks, tractors, chassis, buses, bodies, and cabs, in secondary movements, in truckaway service, between points in Maryland, Virginia, West Virginia, North Carolina, Tennessee, and the District of Columbia. Applicant is authorized to conduct operations throughout the United States.

HEARING: March 28, 1957, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Examiner William T. Croft.

No. MC 8989 (Sub No. 167), filed February 7, 1957, HOWARD SOBER, INC., 2400 West St. Joseph Street, Lansing, Mich. Applicant's attorney: Albert F. Beasley, Investment Bldg., 15th and K Streets NW., Washington 5, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Commercial motor vehicles, chassis, buses, bodies, cabs, parts, tools,* and *accessories*, moving with motor vehicles, chassis, buses, bodies, and cabs, in initial movements, in truckway service, from Lansing, Mich., to points in Arizona, California, Colorado, Idaho, Iowa, Minnesota, Montana, Nevada, New Mexico, North Carolina, Oregon, South Carolina, Utah, Washington, and Wyoming, and the City of Memphis, Tenn. Applicant is authorized to conduct operations throughout the United States.

HEARING: March 27, 1957, at the Offices of the Interstate Commerce Commission, Washington, D. C. before Examiner William T. Croft.

No. MC 9895 (Sub No. 91), filed February 8, 1957, R. B. "DICK" WILSON, INC., P. O. Box 838, Denver, Colo. Applicant's attorney: Marion F. Jones, 526 Denham Bldg., Denver 2, Colo. For authority to operate as a *common carrier*, over irregular routes, transporting: *Liquid gilsonite,* and *its products and by-products,* in bulk, in tank vehicles, between points in Arizona, Colorado, Wyoming, New Mexico, Utah, Nebraska, Kansas, Oklahoma, and those in South Dakota in and west of Perkins, Meade, Pennington, Washabaugh, and Shannon Counties.

HEARING: March 5, 1957, at the New Customs House, Denver, Colo., before Examiner James C. Cheseldine.

No. MC 47171 (Sub No. 78), filed January 22, 1957, COOPER MOTOR LINES, INC., P. O. Box 2030, 301 Hammet St. Ext., Greenville, S. C. Applicant's attorney: Eugene T. Liipfert, 2001 Massachusetts Ave. NW., Washington 6, D. C. For authority to operate as a *common carrier*, over regular and irregular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment, in connection with carrier's application in No. MC 47171 (Sub No. 77), whereby it seeks to convert the major portion of its authority to a regular route operation, (1) between the Virginia-North Carolina State Line and Columbus, Ga.; from Gaffney, S. C., over South Carolina Highway 11 to Campobello, S. C., thence over U. S. Highway 176 to Spartanburg, S. C.; from Chesnee, S. C., over U. S. Highway 221 to junction U. S. Highway 221 and South Carolina Highway 72; from Winnsboro, S. C., over South Carolina Highway 34 to Newberry, S. C.; from Liberty, S. C., over U. S. Highway 178 to Pickens, S. C.; from Clemson, S. C., over U. S. Highway 76 to Anderson, S. C.; from Westminster, S. C., over South Carolina Highway 183 to Walhalla, S. C.; from Anderson, S. C., over South Carolina Highway 81 to junction South Carolina Highway 81 and South Carolina Highway 28 near McCormick, S. C.; from Athens, Ga., over U. S. Highway 29 to Atlanta, Ga.; from Atlanta, Ga., over U. S. Highway 278 to Cedartown, Ga., thence over U. S. Highway 27 to Rome, Ga., thence over U. S. Highway 411 to junction U. S. Highway 411 and U. S. Highway 41, thence over U. S. Highway 41 to Atlanta, Ga. (also from junction U. S. Highway 41 and Georgia Highway 3 over Georgia Highway 3 to Atlanta, Ga.); from Atlanta, Ga., over U. S. Highway 41 to Griffin, Ga., thence over U. S. Highway 19 to Butler, Ga., thence over Georgia Highway 96 and U. S. Highway 80, thence over U. S. Highway 82 to Albany, Ga.; (3) between the Virginia-North Carolina State Line and Savannah, Ga.; from the Virginia-North Carolina State Line over U. S. Highway 17 to Charleston, S. C.; from junction U. S. Highway 301 and U. S. Highway 158 over U. S. Highway 158 to junction U. S. Highway 158 and U. S. Highway 17; from McColl, S. C., over South Carolina Highway 381 to Clio, S. C., thence over South Carolina Highway 9 to Pageland, S. C., thence

over South Carolina Highway 151 to McBee, S. C.; from Hamer, S. C., over unnumbered highway to Little Rock, S. C., thence over South Carolina Highway 9 to Nichols, S. C., thence over U. S. Highway 76 to Marion, S. C., thence over U. S. Highway 501 to junction U. S. Highway 501 and South Carolina Highway 41A, thence over South Carolina Highway 41A to junction South Carolina Highway 41A and South Carolina Highway 41; from junction U. S. Highway 378 and South Carolina Highway 41 over U. S. Highway 378 to junction U. S. Highway 378 and South Carolina Highway 51, thence over South Carolina Highway 51 to Florence, S. C.; from Hemingway, S. C., over South Carolina Highway 261 to Kingstree, S. C.; from Sumter, S. C., over U. S. Highway 521 to junction U. S. Highway 521 and South Carolina Highway 261 (near Boykin, S. C.), thence over South Carolina Highway 261 to junction South Carolina Highway 261 and U. S. Highway 76; (4) between Spartanburg, S. C., and Rock Hill, S. C.; from junction U. S. Highway 29 and South Carolina Highway 5 over South Carolina Highway 5 (near Blacksburg, S. C.) to Rock Hill, S. C.; (5) between Spartanburg, S. C., and Darlington, S. C.; from Lancaster, S. C., over U. S. Highway 521 to Camden, S. C.; from Union, S. C., over South Carolina Highway 49 to Robat, S. C.; from Darlington, S. C., over South Carolina Highway 340 to junction South Carolina Highway 340 and South Carolina Highway 403, thence over South Carolina Highway 403 to Timmonsville, S. C., thence over South Carolina Highway 53 to junction South Carolina Highway 53 and South Carolina Highway 341, thence over South Carolina Highway 341 to Olanta, S. C., thence over U. S. Highway 301 to Turberville, S. C., thence over South Carolina Highway 58 to Lynchburg, S. C., thence over U. S. Highway 76 to Mayesville, S. C., thence over South Carolina Highway 154 to junction South Carolina Highway 154 and Alternate U. S. Highway 15, thence over U. S. Highway 15A to Elliot, S. C., thence over South Carolina Highway 341 to Bethune, S. C.; from Bishopville, S. C., over U. S. Highway 15 to junction U. S. Highway 15 and unnumbered highway, thence over unnumbered highway to Lamar, S. C.; (6) between Spartanburg, S. C., and Columbia, S. C.; from junction South Carolina Highway 9 and U. S. Highway 176 over U. S. Highway 176 to Union, S. C., thence over South Carolina Highway 215 to Columbia, S. C.; (7) between Greenwood, S. C., and Charleston, S. C.; from Greenwood, S. C., over U. S. Highway 178 to junction U. S. Highway 178 and U. S. Highway 78; (8) between Greenville, S. C., and Augusta, Ga.; from Greenville, S. C., over U. S. Highway 25 to Augusta, Ga.; from Greenwood, S. C., over U. S. Highway 221 to McCormick, S. C.; from Hodges, S. C., over South Carolina Highway 185 to junction South Carolina Highway 185 and South Carolina Highway 203, thence over South Carolina Highway 203 to Abbeville, S. C., thence over South Carolina Highway 28 to Augusta, Ga.; from junction U. S. Highway 29 and South Carolina Highway 20 over South Carolina Highway 20 to Belton, S. C., thence over U. S. Highway 178 to Donalds, S. C., thence over South Carolina Highway 184 to Due West, S. C., thence over South Carolina Highway 20 to Abbeville, S. C.; (9) between McCormick, S. C., and Columbia, S. C.; from McCormick, S. C., over U. S. Highway 378 to Columbia, S. C.; from Saluda, S. C., over South Carolina Highway 39 to Ridge Spring, S. C., thence over South Carolina Highway 23 to Edgefield, S. C.; and return over the same routes, serving the termini and intermediate points on the above-described regular routes in South Carolina and Georgia; the off-route points of Brunson, Cordova, Eastover, Elloree, Eutawville, Furman, Gilbert, Greeleyville, Hampton, Irmo, Jackson, Lando, Miley, Millettville, New Zion, Ninety Six, Pomaria, Rion, Salley, and Wilson, S. C., and those points in South Carolina other than regular route points, north and west of South Carolina Highway 72, restricted to traffic originating and terminating north of the Virginia-North Carolina State Line, or in Charleston, Georgetown, Horry, Berkeley, Dorchester, Colleton, Beaufort and Jasper Counties, S. C., the intermediate points of Greensboro, Salisbury, Kannapolis, Concord, Charlotte, Gastonia, Rockingham, Rich Square, Rocky Mount, Fuqua-Varina, Lillington, Dunn and Fayetteville, N. C.; and the off-route points of Marion, Morganton, Durham, Roanoke Rapids, Greenville, Snow Hill, Kinston, Smithfield, Warsaw and Clinton, N. C., restricted to traffic originating north of the Virginia-North Carolina State Line; (10) between New York, N. Y., and the Virginia-North Carolina State Line; from Elizabeth, N. J., over New Jersey Highway 27 to Princeton, N. J., thence over New Jersey Highway 539 to junction New Jersey Highway 539 and U. S. Highway 1; from New York, N. Y., over New York Highway 24 to the New York-New Jersey State Line, thence over New Jersey Highway 3 to junction New Jersey Highway 3 and U. S. Highway 46; from junction U. S. Highway 1 and U. S. Highway 46 over U. S. Highway 46 to junction U. S. Highway 46 and New Jersey Highway 23, thence over New Jersey Highway 23 to Montclair, N. J.; from junction New Jersey Highway 3 and New Jersey Highway 17 over New Jersey Highway 17 to Hohokus, N. J.; from junction U. S. Highway 1 and New Jersey Highway 4 over New Jersey Highway 4 to junction New Jersey Highway 4 and New Jersey Highway 17; from New Brunswick, N. J., over New Jersey Highway 18 to junction New Jersey Highway 18 and New Jersey Highway 28, thence over New Jersey Highway 28 to Somerville, N. J.; from South Amboy, N. J., over New Jersey Highway 35 to Asbury Park, N. J., thence over New Jersey Highway 33 to Freehold, N. J., thence over New Jersey Highway 9 to junction New Jersey Highway 9 and U. S. Highway 1; from junction U. S. Highway 1 and New Jersey Highway 501 over New Jersey Highway 501 to junction New Jersey Highway 501 and New Jersey Highway 440, thence over New Jersey Highway 440 to the New Jersey-New York State Line, thence over New York Highway 440 to Staten Island, N. Y.; from junction New Jersey Highway 27 and New Jersey Highway 531 over New Jersey Highway 531 to junction New Jersey Highway 531 and New Jersey Highway 509, thence over New Jersey Highway 509 to junction New Jersey Highway 509 and U. S. Highway 22, thence over U. S. Highway 22 to junction U. S. Highway 22 and U. S. Highway 1; from junction New Jersey Highway 509 and New Jersey Highway 28 over New Jersey Highway 28 to Elizabeth, N. J.; from Philadelphia, Pa., over Pennsylvania Highway 291 to Chester, Pa.; from Philadelphia, Pa., over U. S. Highway 30 to Downington, Pa.; from Washington, D. C., over Virginia Highway 350 to junction Virginia Highway 350 and U. S. Highway 1; from Norfolk, Va., over U. S. Highway 17 to the Virginia-North Carolina State Line, and return over the same routes, serving the intermediate points of New York, N. Y., Trenton and Camden, N. J., Philadelphia and Bristol, Pa., Wilmington and Cheswold, Del., Baltimore, Md., Washington, D. C., Richmond, Norfolk, Suffolk, Fredericksburg, Petersburg, Franklin, South Boston and Danville, Va., and Biglerville and York, Pa., Cumberland, Md., Roanoke, Victoria, Lynchburg, Farmville, Lester Manor, Warrenton, Madison Heights, Culpeper, Smithfield, and Windsor, Va., points in New Jersey and New York within 25 miles of New York, N. Y., and points in Pennsylvania on and south of U. S. Highway 30 within 25 miles of Philadelphia, as off-route points, restricted to traffic moving to and from authorized points in South Carolina or Georgia, and from the above-described points only to authorized points in North Carolina. IRREGULAR ROUTES: (11) between Atlanta, Columbus, Macon, Albany, Augusta, and Savannah, Ga., on the one hand, and, on the other, all points and places in Georgia other than those located on authorized regular routes; (12) between points in Charleston, Georgetown, Horry, Berkeley, Dorchester, Colleton, Beaufort, and Jasper Counties, S. C.

NOTE: This application supplements and is coordinated with application in No. MC 47171 (Sub No. 77) as amended, filed July 3, 1956, and republished in the August 1, 1956 issue at page 5759. Any duplication of authority sought in the applications will be eliminated at the hearing and should be construed as seeking but one operating right. These applications are directly related to and will be processed concurrently with No. MC-F 6330, published in the July 18, 1956 issue at page 5396, Ryder System, Inc.—Control—Cooper Motor Lines, Inc.

HEARING: May 20, 1957, at the Offices of the Interstate Commerce Commission, Washington, D. C., on a consolidated record with No. MC-47171 Sub 77 and No. MC-F 6330, before Examiner Robert H. Murphy.

For authority to operate as a *contract carrier*, over irregular routes, transporting: *Packaged cement*, from Maryneal, Tex., to points in New Mexico.

HEARING: April 15, 1957, at the Baker Hotel, Dallas, Tex., before Joint Board No. 33, or, if the Joint Board waives its right to participate, before Examiner Gerald F. Colfer.

No. MC 116392, filed January 22, 1957, LEONEL PLOURDE, Caribou, Maine. Applicant's representative: George L. Bowles, 402 Clapp Memorial Bldg., Portland, Maine. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Commercial fertilizer*, in bags, and *fertilizer materials*, from North Weymouth, Mass. and Hermone, Maine, to points in Aroostook County, Maine on and north of a line commencing at the International Boundary between the United States and Canada at or near Maple Grove, Maine and extending west along Maine Highway 163 to Ashland, Maine, and on and east of Maine Highway 11 from Ashland to the International Boundary between the United States and Canada.

HEARING: March 29, 1957, at the New Post Office & Court House Bldg., Boston, Mass., before Joint Board No. 69.

MOTOR CARRIERS OF PASSENGERS

No. MC 1504 (Sub No. 136), filed January 25, 1957, ATLANTIC GREYHOUND CORPORATION, 1100 Kanawha Valley Bldg., Charleston, W. Va. Applicant's attorney: Jack R. Turney, Jr., 2001 Massachusetts Ave. NW., Washington 6, D. C. For authority to operate as a *common carrier*, over regular routes, transporting: *Passengers and their baggage*, and *express, mail*, and *newspapers*, in the same vehicle with passengers, (1) between Fort Jackson, S. C., and junction U. S. Highway 76 and unnumbered highway, known as Wildcat Road, from Fort Jackson over South Carolina Highway 760 to junction unnumbered highway, known as Wildcat Road, thence over said Wildcat Road to junction U. S. Highway 76, and return over the same route, serving all intermediate points, and (2) between Fort Jackson, S. C., and junction U. S. Highway 76 and South Carolina Highway 760, over South Carolina Highway 760, serving all intermediate points, together with *MOTION TO DETERMINE* in this proceeding whether applicant's existing authority includes the authority sought and *TO DISMISS THE APPLICATION* upon grounds applicant already has authority sought. Applicant is authorized to conduct operations in Florida, Georgia, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Virginia, West Virginia, and the District of Columbia.

NOTE: Applicant's attorney states: "Applicant has been conducting the proposed operations for many years and has construed its present authority to include the right to do so. This is a precautionary application to continue to serve Fort Jackson, S. C."

HEARING: April 1, 1957, at the U. S. Court Rooms, Columbia, S. C., before Joint Board No. 177, or if the Joint Board waives its right to participate, before Examiner T. Kinsey Carpenter.

No. MC 95603 (Sub No. 2), filed January 22, 1957, ERNEST T. VOCELL, JR. AND JOSEPH T. VOCELL, doing business as VOCELL BUS COMPANY, Boston Rd., Billerica, Mass. Applicant's representative: Joseph A. Kline, 185 Devonshire St., Boston, Mass. For authority to operate as a *common carrier*, over irregular routes, transporting: *Passengers*, in special-service round-trip operations between the points of Winchester, Woburn, Burlington, Billerica, Wilmington, Tewksbury, Lowell, Chelmsford, and Dracut, Mass., on the one hand, and, on the other, the points of Pelham, Derry, Nashua, and Hudson, N. H. Applicant is authorized to conduct operations in Massachusetts and New Hampshire, and states that in regular service it is authorized to serve substantially all the origin points named herein. Applicant further states that these proposed special operations will be limited to passengers participating in Beano and Bingo games.

HEARING: April 1, 1957, at the New Post Office & Court House Bldg., Boston, Mass., before Joint Board No. 20.

No. MC 99422 (Sub No. 1), filed November 1, 1956, CHARLES A. STURGES, JR., doing business as TRANS-PECOS LINES, P. O. Box 877, Pecos, Tex. Applicant's attorney: Charles D. Mathews, 1020 Brown Bldg., Austin 1, Tex. For authority to operate as a *common carrier*, over regular routes, transporting: *Passengers and their baggage*, and *express, mail*, and *newspapers*, in the same vehicle with passengers, (1) from Pecos, Tex., to Presidio, Tex., as follows: from Pecos over Texas Highway 17 to Fort Davis, Tex., thence over Texas Highway 118 to Alpine, Tex., thence over U. S. Highway 67, via Marfa, Tex., to Presidio, and return over the same route, serving all intermediate points; and (2) from Odessa, Tex., to Alpine, Tex., as follows: from Odessa over Texas Highway 51 to McCamey, and thence over U. S. Highway 67 to Alpine, and return over the same routes, serving all intermediate points.

NOTE: Applicant is performing operations between Pecos, Tex., and Presidio, Tex., via Fort Davis, Alpine, and Marfa, Tex., over Texas Highways 17 and 118 and U. S. Highway 67, under the second proviso of section 206 (a) under MC 99422, and proposes to cancel the filing upon the granting of the proposed application.

HEARING: March 29, 1957, at the Baker Hotel, Dallas, Tex., before Joint Board No. 77, or, if the Joint Board waives its right to participate, before Examiner Lucian A. Jackson.

CLARIFICATION AND CORRECTION

No. MC 115665 (Sub No. 1), REPUBLISHED, filed January 5, 1956, published in March 7, 1956 issue FEDERAL REGISTER, page 1476, F. H. TOMPKINS, JR., doing business as BOX BAR TRANSPORTATION, P. O. Box 31, Aztec, N. Mex. Applicant's attorney: Donovan N. Hoover, P. O. Box 897, Santa Fe, N. Mex. For authority to operate as a *common carrier*, over irregular routes. Through inadvertence the summary of the authority sought in this application was not accurately set forth in the prior publication. The authority sought in the application, as amended February 23, 1956, is:

Water and *hydraulic fracturing fluids*, and *crude oil*, in bulk, in tank vehicles, between points in that part of Utah bounded on the north by the north boundary of Grand and Emery Counties to junction of north Emery County Line with U. S. Highway 50 and 6, thence the area on south and west of U. S. Highway 50 and 6 to its junction with U. S. Highway 89 and that area on and east of U. S. Highway 89 to the Utah-Arizona State line, that portion of Arizona on and east of U. S. Highway 89 and on and north of U. S. Highway 66 to the Arizona-New Mexico State Line, the counties of San Juan, Sandoval, Rio Arriba and McKinley, State of New Mexico, and the counties of Rio Blanco, Garfield, Mesa, Delta, Montrose, Ouray, San Miguel, Dolores, San Juan, Montezuma, Archuleta, Conejos, Costilla, Alamosa, Rio Grande, Mineral, Hinsdale, Saguache, Gunnison, Chaffee, Pitkin, Eagle, Park, Fremont, Custer, Huerfano, Las Animas, Pueblo, Teller, El Paso, and La Plata, State of Colorado.

Division 1 of the Commission in the report of January 4, 1957, authorized the issuance of a certificate to applicant as follows:

Water and *hydraulic fracturing fluids*, in bulk, in tank vehicles, between points in the following described territory: Points in San Juan, Rio Arriba, Sandoval, and McKinley Counties, N. Mex., points in Arizona on and north of U. S. Highway 66 from the New Mexico-Arizona State line through Holbrook to junction with U. S. Highway 89 at a point 4 miles east of Flagstaff, and those on, east and north of U. S. Highway 89 from the aforesaid junction through Marble Canyon to the Arizona-Utah State line, points in Utah on and east of U. S. Highway 89 from the Arizona-Utah State line through Panguitch to Salina, those on, south and east of Utah Highway 10 from Salina through Castle Dale to the northern boundary of Emery County, and those south of the northern boundaries of Emery and Grand Counties, Utah from the aforesaid junction with Utah Highway 10 to the Utah-Colorado State line, and points in Colorado on and south of U. S. Highway 50 from the Utah-Colorado State line through Grand Junction and Gunnison to junction with U. S. Highway 285 at a point 5 miles west of Salida, and those on and west of U. S. Highway 285 from the aforesaid junction through Alamosa to the Colorado-New Mexico State line.

An appropriate certificate will be issued to perform the service authorized by Division 1 after the elapse of 30 days from the date of this publication provided no protests and petitions for further hearing are received during such period.

APPLICATIONS IN WHICH HANDLING WITHOUT ORAL HEARING IS REQUESTED

MOTOR CARRIERS OF PROPERTY

No. MC 37563 (Sub No. 8), filed January 7, 1957, TILLAMOOK-PORTLAND AUTO FREIGHT, INC., 2703 Third St., Tillamook, Oreg. For authority to operate as a *common carrier*, over a regular route, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between Portland, Oreg., and junction of new Oregon Highway 6 and Oregon Highway 6, from Portland over U. S. Highway 26 to junction of new Oregon Highway 6 three miles northwest of North Plains, Oreg., thence over new Oregon Highway 6 to junction with Oregon Highway 6 between Gales Creek and Glenwood, and return over the same route, serving no intermediate points, as an alternate route for operating convenience only in connection with applicant's authorized regular route between Portland and Tillamook over Oregon Highway 6. Applicant is authorized to transport similar commodities in Oregon.

No. MC 92983 (Sub No. 200), filed February 8, 1957, ELDON MILLER, INC., 330 East Washington St., Iowa City, Iowa. For authority to operate as a *common carrier*, over irregular routes transporting: *Spent sulphuric acid*, in bulk, in tank vehicles, from Sugar Creek, Mo., to the site of the Sunflower Ordinance Works near De Soto, Kansas. Applicant is authorized to transport similar commodities in Kansas, Missouri, Nebraska, Iowa, Wisconsin, Minnesota, Illinois, Oklahoma, Kentucky, Louisiana, Texas, Mississippi, West Virginia, Ohio, Indiana, Arkansas, Colorado, North and South Dakota, Tennessee, Alabama, and Georgia.

No. MC 102616 (Sub No. 633), filed February 4, 1957, COASTAL TANK LINES, INC., Grantley Rd., York, Pa. Applicant's attorney: Harold G. Hernly, 1624 Eye St., NW., Washington 6, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Industrial lubricating oil*, in bulk, in tank vehicles, from Pittsburgh, Pa. to Portsmouth, Ohio. Applicant is authorized to conduct operations in Maryland, Pennsylvania, West Virginia, Delaware, Virginia, New Jersey, New York, Ohio, and the District of Columbia.

No. MC 113312 (Sub No. 6), filed November 5, 1956, LESTER F. MEYER, doing business at PIONEER BULK CARRIERS, 10 Clayton Blvd., Smyrna, Del. Applicant's representative: G. A. Bruestle, S. E. Cor. Broad & Spring Garden Streets, Philadelphia 23, Pa. For authority to operate as a *common carrier*, over irregular routes, transporting: *Sul-*

phate of ammonia, in bulk, in dump vehicles, from Bristol, Pa., to Centreville, Md., and Laurel and Smyrna, Del. Issues originally published in the February 13, 1957, issue of the FEDERAL REGISTER. The hearing previously assigned in the application was cancelled upon the filing of verified statements on behalf of applicant.

No. MC 114004 (Sub No. 12) filed January 23, 1957, ARKANSAS TRUCKING CO., INC., P. O. Box 1715, 832 Basline Rd., Little Rock, Ark. Applicant's attorney: Ed E. Ashbaugh, 902 Wallace Bldg., Little Rock, Ark. For authority to operate as a *common carrier*, over irregular routes, transporting: *Trailers designed to be drawn by passenger automobiles*, in truckaway service, in initial movements, from Camden, Ark. and points within a ten (10) mile radius of Camden, to points in Arizona, California, Connecticut, Idaho, Illinois, Iowa, Maine, Maryland, Massachusetts, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Dakota, Oregon, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Washington, Wisconsin, Wyoming, and those in Michigan, except Flint, Detroit, and Mt. Clemons, Mich. Applicant is authorized to transport the named commodity from Jacksonville and New Port, Ark. and points within nine miles of Newport to points in the United States.

No. MC 116375, filed January 11, 1957, CHARLES BUCKEL, 1290 I Street, Springfield, Oreg. Applicant's attorney: William B. Adams, Pacific Bldg., Portland 4, Oreg. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Lumber*, from points in Lane and Linn Counties, Oreg., to points in Nevada.

No. MC 116419, filed February 1, 1957, ALBERT CAPONE TRUCKING, INC., 186 Front St., New York 38, N. Y. Applicant's representative: Charles H. Trayford, 155 East 40th Street, New York 16, N. Y. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Record changer machines*, and parts of and *speakers* for record changer machines, and *solder*, from steamship piers in the New York, N. Y. Commercial Zone as defined by the Commission, to plant site of British Industries Corporation, Port Washington, L. I., N. Y.

APPLICATIONS FOR BROKERAGE LICENSE

No. MC 12635 (Sub No. 1), filed November 29, 1956, D. T. O'NEAL, doing business as O'NEAL TRAVEL SERVICE, 812 Olive Street, 286 Arcade Bldg., St. Louis 1, Mo. For a license (BMC 5) authorizing operations as a *broker* at St. Louis, Mo., in arranging for transportation in interstate or foreign commerce, by motor vehicle and by rail service and joint motor vehicle and rail service, of *groups of passengers*, in charter service, in round-trip all expense tours, beginning and ending at St. Louis, Mo., and extending to points in Illinois, Indiana and Missouri.

NOTE: Applicant states he arranges one-day group tours for schools, scouts, clubs and other organizations, and that most of the tours are arranged for school children in the St. Louis, Mo., area and are personally conducted.

No. MC 12653, filed January 7, 1957, STEPHEN J. WILSON, Fort Plain, R. D. #1, N. Y. For a license (BMC 5) authorizing operations as a broker at Fort Plain, N. Y., in arranging for the transportation, in interstate or foreign commerce, by motor vehicle and by joint arrangements between motor and rail lines and/or water carriers, of *passengers* and *groups of passengers* and their *baggage*, in the same vehicle, in special or charter service, in round-trip sightseeing tours, beginning and ending at points in that part of New York State on and east of a line beginning at Clayton, N. Y. on the St. Lawrence River and extending along New York Highway 12 through Utica to Binghamton, and on and north of a line beginning at Binghamton and extending along New York Highway 7 to junction U. S. Highway 20, thence along U. S. Highway 20 to the New York-Massachusetts state line, and extending to points in the United States.

APPLICATIONS UNDER SECTIONS 5 AND 210a (b)

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers under sections 5 (2) and 210a (b) of the Interstate Commerce Act and certain other procedural matters with respect thereto. (FEDERAL REGISTER, Volume 21, page 7339, § 1.240, September 26, 1956.)

MOTOR CARRIERS OF PROPERTY

No. MC-F 6503. Authority sought for control by OLD DOMINION FREIGHT LINE, 903 Catherine Street, Richmond, Va., of BOTTOMS-FISKE TRUCK LINES, INC., Westchester Drive, High Point, N. C., and for acquisition by L. F. CONGDON, also of Richmond, of control of BOTTOMS-FISKE TRUCK LINES, INC., through the acquisition by OLD DOMINION FREIGHT LINE. Applicant's representative: Francis W. McInerny, 504 Commonwealth Bldg., Washington 6, D. C. Operating rights sought to be controlled: *General commodities*, with certain exceptions including household goods and commodities in bulk, as a *common carrier* over regular routes between Charlotte, N. C., and Martinsville and Norfolk, Va., between Weldon, N. C., and Emporia, Va., between Durham, N. C., and Murfreesboro, N. C., between Greensboro, N. C., and Franklin, Va., and between Charlotte, N. C., and Greenville, S. C. (the last-named route restricted to truckload lots only), serving certain intermediate and off-route points; alternate route for operating convenience only between High Point, N. C., and Madison, N. C. OLD DOMINION FREIGHT LINE is authorized to operate as a *common carrier* in Virginia. Application has not been filed for temporary authority under section 210a (b).

No. MC-F 6507. Authority sought for purchase by BRASWELL MOTOR FREIGHT LINES, INC., 201 Raynolds Blvd., El Paso, Texas, of the operating rights of J. V. BRASWELL, doing business as BRASWELL MOTOR FREIGHT LINES, 201 Raynolds Blvd., El Paso, Texas, and for acquisition by J. V. BRASWELL, also of El Paso, of control of such rights through the purchase. Applicants' representatives: T. S. Christopher and M. Ward Bailey, both of 907 Continental Life Bldg., Fort Worth, Texas. Operating rights sought to be transferred: *General commodities*, with certain exceptions excluding household goods and including commodities in bulk, as a *common carrier* over regular routes, between San Antonio, Tex., and Los Angeles, Calif., and between junction Arizona Highways 84 and 87 west of Picacho, and junction U. S. Highway 80 and Arizona Highway 84, east of Gila Bend, serving certain intermediate and off-route points; alternate route for operating convenience only between Las Cruces, N. Mex., and El Paso, Tex.; *general commodities*, with certain exceptions including household goods and commodities in bulk, between Dallas, Tex., and El Paso, Tex., between Weatherford, Tex., and Ranger, Tex., between San Antonio, Tex., and Van Horn, Tex., and between Houston, Tex., and San Antonio, Tex., serving certain intermediate and off-route points; alternate routes for operating convenience only between Houston, Tex., and the junction of U. S. Highway 90 and Texas Farm Road 102, about three miles east of Columbus, Tex., and between Dallas, Tex., and Fort Worth, Tex.; *general commodities*, with certain exceptions including neither household goods nor commodities in bulk, between Houston, Tex., and Dallas, Tex., serving all intermediate points. Vendee is authorized to operate as a *common carrier* in California, Arizona, New Mexico, and Texas. Application has not been filed for temporary authority under section 210a (b).

No. MC-F 6508. Authority sought for purchase by LEWIS CARTAGE LIMITED, 1531 Keele Street, Toronto, Ontario, Canada, of a portion of the operating rights of P. J. GARVEY CARTING & STORAGE, INC., 86 East North Street, Buffalo, N. Y., and for acquisition by HELEN L. MOORE, also of Toronto, of control of such rights through the purchase. Applicants' representative: Kenneth T. Johnson, Bank of Jamestown Bldg., Jamestown, N. Y. Operating rights sought to be transferred: *General commodities*, with certain exceptions including household goods and commodities in bulk, as a *common carrier* over irregular routes between points in Buffalo, N. Y., and between Buffalo and Depew, N. Y., on the one hand, and, on the other, ports of entry on the boundary of the United States and Canada, at Buffalo and Niagara Falls, N. Y. Vendee is authorized to operate as a *contract carrier* in New York, Pennsylvania, and Ohio. Application has not been filed for temporary authority under section 210a (b).

No. MC-F 6509. Authority sought for control by JAMES F. BLACK, 3618 Pulaski Highway, Baltimore, Md., of COLONY MOTOR TRANSPORTATION, 3641 Pulaski Highway, Baltimore, Md., and PARKVILLE TRUCKING CO., INC., 3618 Pulaski Highway, Baltimore, Md. Applicant's representative: Dale C. Dillon, 1825 Jefferson Place NW., Washington 6, D. C. Operating rights sought to be controlled: (COLONY MOTOR TRANSPORTATION) *General commodities*, with certain exceptions including household goods and commodities in bulk, as a *common carrier* over irregular routes between New York, N. Y., and certain points in New Jersey on the one hand, and, on the other, Philadelphia, Pa., and New York, N. Y., and points in New York within 50 miles of New York, N. Y., and between New York, N. Y., and certain points in New Jersey on the one hand, and, on the other, Providence and Westerly, R. I., New Castle and Wilmington, Del., Baltimore, Md., Washington, D. C., Boston, Mass., and points in Massachusetts within 25 miles of Boston, points in New Jersey and Connecticut, and those in that part of Pennsylvania east of the Susquehanna River. PARKVILLE TRUCKING CO., INC., holds no authority from the Interstate Commerce Commission but has applied, in MC-FC 59517, for the purchase of the following authority issued or authorized to JAMES F. BLACK, doing business as PARKVILLE TRUCKING COMPANY: *Green animal hides, slaughterhouse offal*, and *dead animals* and *empty containers* for the above-specified commodities, as a *common carrier* over irregular routes, between points in Delaware, Maryland, New Jersey, Pennsylvania, Virginia, and the District of Columbia; *animal hides*, from Baltimore, Md., to Endicott, N. Y.; *chemicals in bulk*, from Baltimore, Md., to Coatesville, Marcus Hook and Philadelphia, Pa., Linden, N. J., and Washington, D. C., and from Linden and Jersey City, N. J., and Marcus Hook and Chester, Pa., to Baltimore, Md.; *sulphuric acid*, in bulk, in tank vehicles, between Baltimore, Md., on the one hand, and, on the other, points on Long Island, N. Y., and points in New Jersey; *glass sand*, in bulk, from Graddelli, N. J., and Cleveland, Ohio, and points within five miles of Cleveland, to Baltimore, Md.; *alum*, in bulk and in burlap bags, between Baltimore, Md., on the one hand, and, on the other, York, Pa., points in Virginia on and east of U. S. Highway 1, all points in Delaware, and those in New Jersey except Warners, N. J.; *salt*, from Ludlowville, Silver Springs and Watkins Glen, N. Y., to points in Delaware, Maryland, Virginia, and the District of Columbia; *alum*, in bulk, from Baltimore, Md., to Batavia, Brockport, Fairport, Leroy, and Westfield, N. Y., and points in Ohio; *hydrofluosilicic acid*, in bulk, in tank vehicles, from Carneys Point, N. J., to Baltimore, Md.; *silica gel catalyst*, in bulk, in covered-hopper vehicles, from Baltimore, Md., to Delaware City, Del., Westville, N. J., and Yorktown, Va. JAMES F. BLACK holds no authority from this Commission except as described above. Application has not been filed for temporary authority under section 210a (b).

No. MC-F 6512. Authority sought for purchase by MARION TRUCKING COMPANY, INC., 1620 Factory Avenue, Marion, Ind., of a portion of the operating rights and certain property of KILE'S MOTOR EXPRESS, INC., 28 East Pearl Street, Batesville, Ind., and for acquisition by RALPH MARCUCCILLI and THOMAS MARCUCCILLI, both of Marion, and S. G. WRIGHT, Upland, Ind., of control of such rights and property through the purchase. Applicants' representatives: Robert C. Smith, 512 Illinois Bldg., Indianapolis 4, Ind., Ferdinand Born, 708 Chamber of Commerce Bldg., Indianapolis, Ind., and James E. Wilson, Continental Bldg., 14th at K Streets NW., Washington 5, D. C. Operating rights sought to be transferred: *General commodities*, with certain exceptions including household goods and commodities in bulk, as a *common carrier* over regular routes between Indianapolis, Ind., and Cincinnati, Ohio, serving all intermediate and certain off-route points; alternate route for operating convenience only between Penntown, Ind., and Cincinnati, Ohio. Vendee is authorized to operate under the second proviso of section 206 (a) (1) of the Interstate Commerce Act as a *common carrier* in the State of Indiana. Application has not been filed for temporary authority under section 210a (b).

NOTE: This application directly related to Form BMC 78 application of MARION TRUCKING COMPANY, INC., Marion, Ind., received February 14, 1957, and assigned Docket No. MC 97183 Sub 10, which will be published in a forthcoming issue of the FEDERAL REGISTER.

No. MC-F 6513. Authority sought for purchase by SANDERS MOTOR FREIGHT, INCORPORATED, 44 Liberty Street, Oakland, Md., of a portion of the operating rights of BOYER TRANSPORTATION COMPANY, INCORPORATED, Knoxville, Md., and for acquisition by FRANCIS W. SANDERS, also of Oakland, of control of such rights through the purchase. Applicants' representative: H. Charles Ephraim, 1001 15th Street NW., Washington 5, D. C. Operating rights sought to be transferred: *General commodities*, with certain exceptions including household goods and excluding commodities in bulk, as a *common carrier* over regular routes between Petersville, Md., and Washington, D. C., between Washington, D. C., and Petersville, Md., and between Petersville, Md., and Baltimore, Md., serving certain intermediate and off-route points; *milk*, between Knoxville, Md., and junction Virginia Highways 287 and 7, and from Halltown, W. Va., to Washington, D. C., serving certain intermediate and off-route points; *equipment used on dairy farms, empty milk cans*, and *butter*, from Washington, D. C., to Halltown, W. Va., serving certain intermediate and off-route points; *general commodities*, with certain exceptions including household goods and excluding commodities in bulk, over irregular routes between points in that part of Maryland, Virginia, and West Virginia within ten miles of Petersville, Md., including Petersville; *ice, lubricating oil and grease, fruit, fertilizer, agricultural commodities, poultry, livestock, lime, crushed stone, flour, cracker meal, coal, petroleum products*, in containers, *scrap paper, junk metal, furniture, house furnishings, automobile accessories, furniture*, and *bakery products*, from, to or between points and areas, varying with the commodity transported, in West Virginia, Pennsylvania, Maryland, Virginia, New Jersey, Delaware, and the District of Columbia. Vendee is authorized to operate as a *common carrier* in West Virginia, Maryland, Pennsylvania, Virginia and the District of Columbia. Application has been filed for temporary authority under section 210a (b).

No. MC-F 6515. Authority sought for purchase by THOMAS WOODWORTH, SR., 2110 Lake Street, Kalamazoo, Mich., of the operating rights and property of THOMAS E. GRIFFIN, doing business as GREAT LAKES TRUCKING COMPANY, 855 South Telegraph Road, Monroe, Mich. Applicants' representative: Axelrod, Goodman & Steiner, 39 South LaSalle Street, Chicago 3, Ill. Operating rights sought to be transferred: *Wax paper, panel boards*, finished or unfinished, and *raw material used in the manufacture thereof*, as a *contract carrier* over regular routes between Detroit, Mich., and Toledo, Ohio, serving the intermediate point of Monroe, Mich., and off-route points within ten miles of Detroit; *paper* and *paper products*, over irregular routes, between Monroe, Mich., on the one hand, and, on the other, points in Ohio. Vendee holds no authority from the Interstate Commerce Commission, but is affiliated, through stock ownership, with GRAFF TRUCKING COMPANY, INC., which is authorized to operate as a *common carrier* in Michigan, Kentucky, Missouri, Iowa, Ohio, Indiana, Illinois, and Wisconsin. Application has been filed for temporary authority under section 210a (b).

MOTOR CARRIERS OF PASSENGERS

No. MC-F 6511. Authority sought for purchase by THE OHIO BUS LINE COMPANY, Room 451, 309 Vine Street, Cincinnati 2, Ohio, of the operating rights of OXFORD COACH LINES, INC., 119 West High Street, Oxford, Ohio, and for acquisition by THE CINCINNATI TRANSIT COMPANY, also of Cincinnati, of control of such rights through the purchase. Applicants' representative: Ben Gettler, 1505 Fountain Square Bldg., Cincinnati 2, Ohio. Operating rights sought to be transferred: *Passengers and their baggage*, and *newspapers, express* and *mail* in the same vehicle with passengers, as a *common carrier* over regular routes between Oxford, Ohio, and Dayton, Ohio, between junction Oxford State Road and Yankee Road and junction Waneta Avenue and Yankee Road, and between Oxford, Ohio, and Middletown, Ohio, serving all intermediate points. Vendee is authorized to operate as a *common carrier* in Ohio and Indiana. Application has not been filed for temporary authority under section 210a (b).

By the Commission.

[SEAL] HAROLD D. McCOY, *Secretary*.

FOURTH SECTION APPLICATIONS FOR RELIEF

FEBRUARY 14, 1957.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 33272: *Coal—Illinois, Indiana, and Kentucky mines to Webster City, Iowa.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on bituminous fine coal, carloads, from mines in Illinois, Indiana and western Kentucky to Webster City, Iowa.

Grounds for relief: Competition with gas and circuitous routes.

Tariff: Supplement 48 to Atchison, Topeka and Santa Fe Railway Company's tariff I. C. C. 14708 and other schedules listed in exhibit 1 of the application.

FSA No. 33273: *Grain—Illinois and Missouri to Norfolk, Va.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on barley, corn, oats, rye and wheat, carloads from Alton, Ill., other specified points in Illinois and St. Louis, Mo., to Norfolk, Va., for export.

Grounds for relief: Circuitous routes.

Tariff: Supplement 90 to Agent Hinsch's tariff I. C. C. 4403.

FSA No. 33274: *Starch—Illinois Territory to Southeast.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on starch, in bulk, carloads from specified points in Illinois, Indiana, Iowa, and Missouri to specified ports in Florida, Georgia, and South Carolina.

Grounds for relief: Market competition with imported starch and related commodities and circuitous routes.

Tariff: Supplement 26 to Agent Raasch's tariff I. C. C. 855.

FSA No. 33275: *All freight—Chicago, Ill., and group to Deland Freight Agency, Fla.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on merchandise, in mixed carloads from Chicago, Ill., and group points to Deland Freight Agency, Fla.

Grounds for relief: Motor-truck competition and circuitous routes.

Tariff: Supplement 33 to Agent Raasch's tariff I. C. C. 789.

FSA No. 33276: *All freight—Chicago, Ill., and group to Florida.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on merchandise, mixed carloads from Chicago, Ill., and grouped points to Daytona Beach, Melbourne and New Smyrna Beach, Fla.

Grounds for relief: Motor truck competition and circuity.

Tariff Supplement 33 to Agent Raasch's tariff I. C. C. 789.

FSA No. 33277: *All freight—Chicago, Ill., and group to Birmingham, Ala.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on merchandise, in mixed carloads, from Chicago, Ill., and group to Birmingham, Ala.

Grounds for relief: Motor truck competition and circuity.

Tariff: Supplement 33 to Agent Raasch's tariff I. C. C. 789.

FSA No. 33278: *All freight—From Barrington, Ill., to Southern Points.* Filed by R. G. Raasch, Agent, for interested carriers. Rates on merchandise, in mixed carloads from Barrington, Ill., to Birmingham, Ala., Atlanta, Ga., and Jacksonville, Fla.

Grounds for relief: Motor-truck competition and circuity.

Tariff: Supplement 33 to Agent Raasch's tariff I. C. C. 789.

FSA No. 33279: *Scrap Iron and Steel in Official Territory.* Filed by O. E. Schultz, Agent, for interested rail carriers. Rates on scrap iron and steel in carloads of varying minimum weights from specified points in New Jersey and New York to points in Pennsylvania, Ohio, and West Virginia.

Grounds for relief: Short-line distance formula and circuity.

Tariff: Agent H. R. Hinsch's tariff I. C. C. 4766.

By the Commission.

[SEAL] HAROLD D. McCOY,
Secretary.

DEPARTMENT OF JUSTICE

Office of Alien Property

OTTO KRATZ ET AL.

NOTICE OF INTENTION TO RETURN VESTED PROPERTY

Pursuant to section 32 (f) of the Trading With the Enemy Act, as amended, notice is hereby given of intention to return, on or after 30 days from the date of publication hereof, the following property, subject to any increase or decrease resulting from the administration thereof prior to return, and after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., Property, and Location

Otto Kratz, New York, New York, $553.12 in the Treasury of the United States.

Walter Kratz, Louisville, Kentucky, $553.12 in the Treasury of the United States.

Ilse (Kratz) Behr, Louisville, Kentucky, $553.12 in the Treasury of the United States.

Lotte Kratz, London, England, $553.12 in the Treasury of the United States.

Ernst Kratz, Amsterdam, Holland, $553.12 in the Treasury of the United States.

Trude (Levy) Simon, Oruro, Bolivia, $553.12 in the Treasury of the United States.

Paul Kratz, Milan, Italy, $553.12 in the Treasury of the United States.

Claim No. 59011; Vesting Order No. 14476.

Executed at Washington, D. C., on February 12, 1957.

For the Attorney General.

[SEAL] PAUL V. MYRON,
Deputy Director,
Office of Alien Property.

TITLE 7—AGRICULTURE

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

Subchapter I—Determination of Prices

[Sugar Determination 877.9]

PART 877—SUGARCANE: PUERTO RICO

1956–57 CROP

Pursuant to the provisions of section 301 (c) (2) of the Sugar Act of 1948, as amended (herein referred to as "act"), after investigation, and due consideration of the evidence presented at the public hearing held in Santurce, Puerto Rico, on October 25 and 26, 1956, the following determination is hereby issued:

§ 877.9 *Fair and reasonable prices for the 1956–57 crop of Puerto Rican sugarcane.* A producer of sugarcane in Puerto Rico who is also a processor of sugarcane (herein referred to as "processor"), shall have paid, or contracted to pay, for sugarcane of the 1956–57 crop grown by other producers and processed by him, in accordance with the following requirements:

(a) *Definitions.* For the purpose of this section, the term:

(1) "Raw sugar" means raw sugar, 96° basis.

(2) "Sugar yield period" means the 2-week, 4-week, or any other period, as may be elected by the processor to determine the yield of raw sugar. The period adopted by the processor shall be used uniformly throughout the grinding season, except that, in instances where a processor begins or ends grinding on a day which does not correspond with the beginning or ending of the sugar yield period the number of odd days on which grinding occurs prior to the beginning of the sugar yield period shall be added to the next regular full sugar yield period and the number of odd days on which grinding occurs after the ending of the sugar yield period shall be added to the immediately preceding full sugar yield period.

(3) "Price of raw sugar" means the daily spot quotation of raw sugar of the New York Coffee and Sugar Exchange (domestic contract), adjusted to a duty-paid basis by adding the U. S. duty prevailing on Cuban raw sugar, except, that if the Director of the Sugar Division determines that such price does not reflect the true market value of raw sugar, he may designate the price to be effective under this determination, which he determines will reflect the true market value of raw sugar.

(4) "Inferior varieties of sugarcane" means sugarcane of the Saccharum Spontaneum or Saccharum Sinense variety (including sugarcane of the Japanese, Uba, Kavangerie, Zuinga, Caledonia, Coimbatore 213 and Coimbatore 281 varieties).

(5) "Yield of raw sugar" means the yield of raw sugar, 96° basis, per 100 pounds of net surgarcane determined for the sugar yield period in accordance with the formula set forth in Schedule A set forth below.

(6) "Net sugarcane" means (1) the gross weight of the sugarcane delivered to the mill determined to contain a quantity of trash not in excess of 5 percent of the gross weight, or (2) the gross weight of the sugarcane delivered to the mill less the quantity of trash determined to be in excess of 5 percent of such gross weight.

(7) "Trash" means green or dried leaves, loose sugarcane tops, attached sugarcane tops, soil, stones and all other extraneous material.

(b) *Payment for sugarcane.* (1) The payment for net sugarcane delivered by the producer (colono) to the processor shall be made as agreed upon by the producer and the processor, either by the delivery to the producer of his share of raw sugar or by the payment to the producer of the money value of his share of raw sugar. In instances where raw sugar is delivered to the producer, the processor shall deliver such sugar packed in the customary bags or, if delivered in bulk, the processor shall also pay to the producer an allowance per 100 pounds of bulk sugar for non-use of bags equal to the average bag discount sustained by the processor on the processor's own bulk sugar of the 1956–57 corp.

(2) For each 100 pounds of net sugarcane (including inferior varieties of sugarcane) having a yield of raw sugar of 9 pounds or more, the payment shall be not less than the quantity of raw sugar determined by applying the following applicable percentage to the yield of raw sugar of the producer's net sugarcane:

Title 46	
Chapter II:	
Part 281 (proposed)	1040

Pounds of raw sugar per 100 pounds of net sugarcane:	*Percentage*
9.0	63.0
9.5	63.5
10.0	64.0
10.5	64.5
11.0	65.0
11.5	65.5
12.0	66.0
12.5	66.5
13.0	67.0
13.5 and over	67.5

Intermediate points within the above scale are to be interpolated to the nearest one-tenth point.

(3) For each 100 pounds of net sugarcane (including inferior varieties of sugarcane) having a yield of raw sugar less than 9 pounds, the payment shall be not less than the quantity determined by subtracting 3½ pounds of raw sugar from the yield of raw sugar of the producer's net sugarcane.

(4) If settlement with the producer is made in cash, the processor shall pay to the producer the money value of his share of raw sugar determined on the basis of the simple average price of raw sugar for the period March 1, 1957 through February 28, 1958, converted to an f. o. b. mill price by subtracting the admissible deductions for selling and delivery expenses on raw sugar listed in Schedule B set forth below.

(c) *Molasses payment.* For each ton of net sugarcane delivered, the processor shall pay to the producer an amount equal to the product of (1) 66 percent of the net proceeds per gallon of blackstrap molasses sold of the 1956–57 crop in excess of five cents per gallon, and (2) the average production of blackstrap molasses per ton of net sugarcane of the 1956–57 crop processed at each mill. A processor operating more than one mill may compute the net proceeds on the basis of the average gross proceeds from the sales of molasses produced at all mills operated by such processor. Admissible deductions for selling and delivery expenses to be used in calculating molasses net proceeds are listed in Schedule C set forth below.

(d) *Determination of net sugarcane and sampling charges.* The net sugarcane of each producer (including the processor) which is delivered to the mill each day shall be determined as follows: A representative of the processor shall jointly with a representative designated by the producers or producer organizations in any mill area, examine the sugarcane deliveries and estimate whether the deliveries contain a quantity of trash (1) not in excess of 5 percent of the gross weight, or (2) in excess of 5 percent of the gross weight. In the absence of a designated representative of producers in any mill area, the processor representative shall nevertheless make such estimations. As to the deliveries of sugarcane of any producer which are estimated to contain trash not in excess of 5 percent, the gross weight of the sugarcane delivered shall be the net weight. As to the deliveries of sugarcane of any producer estimated to contain quantities of trash in excess of 5 percent, the net weight shall be determined by taking a representative sample within the range of 100 to 200 pounds of the sugarcane from one or more of the deliveries deemed to be representative and separate therefrom all trash. The weight of the trash which is removed from the sample of sugarcane shall be expressed as a percentage of the gross weight of the sample. If such percentage exceeds 5 percent, that percentage in excess of 5 percent shall be applied to the gross weight of the sugarcane delivery from which the sample was taken to determine the net weight of such sugarcane, and the same percentage shall be applied to the gross weight of other deliveries of sugarcane delivered by that producer during the same day which are estimated to contain a trash content reasonably similar to the delivery from which the sample was taken. The processor may charge the producer 66 percent of the actual cost, but not to exceed $2.64, for each sample taken to cover the cost of sampling sugarcane and measuring the actual quantity of trash. With respect to the sample taken as provided in this paragraph, the processor may make a separate determination of the weight of soil and stones contained in such sample taken of a producer's sugarcane and may charge the producer 5 cents per ton of net sugarcane delivered during the day which is represented by the sample for each one percent, fractions in proportion, by which the weight of soil and stones is in excess of one percent of the gross weight of the sample.

(e) *Services and allowances to producers.* (1) When payment is made to the producer by the delivery of raw sugar, the processor shall store and insure all such sugar through December 31, 1957, free of charge to the producer.

(2) When payment is made to the producer by the delivery of raw sugar, the processor shall share with the producer on a pro rata basis all ocean shipping facilities available to the processor.

(3) Allowances made to producers by the processor for the 1955–56 crop shall be made for the 1956–57 crop at the rates which were effective under comparable conditions in 1955–56; the costs of services which were borne by the processor for the 1955–56 crop, shall be borne for the 1956–57 crop: *Provided*, That nothing in this subparagraph shall be construed as prohibiting modification of practices which may be necessary because of unusual circumstances, any modifications to be subject to approval of the Caribbean Area Agricultural Stabilization and Conservation Office, Santurce, Puerto Rico (herein referred to as the "Area Office").

(f) *Reporting requirements.* (1) The processor shall submit to the Area Office, a list of those producers with whom settlement will be made in cash and those with whom settlement will be made in sugar, together with a statement as to the sugar yield period which will be used during the grinding season.

(2) The processor shall submit in duplicate to the Area Office not later than August 1, 1958, statements verified by a certified public accountant of the deductions made in determining the f. o. b. mill price of sugar and the net proceeds from molasses.

(g) *Compliance date.* The processor shall comply with the provisions of paragraph (d) of this section and shall submit the reports required by paragraph (f) (1) of this section within 15 days after the date this section is published in the FEDERAL REGISTER.

(h) *Subterfuge.* The processor shall not reduce returns to the producer below those determined herein through any subterfuge or device whatsoever.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination establishes the fair and reasonable price requirements which must be met, as one of the conditions for payment under the act, by a producer who processes sugarcane of the 1956–57 crop grown by other producers.

(b) *Requirements of the act.* Section 301 (c) (2) of the act provides as a condition for payment, that the producer on the farm who is also directly or indirectly a processor of sugarcane, as may be determined by the Secretary, shall have paid, or contracted to pay under either purchase or toll agreements, for sugarcane grown by other producers and processed by him at rates not less than those that may be determined by the Secretary to be fair and reasonable after investigation and due notice and opportunity for public hearing.

(c) *1956–57 price determination.* The 1956–57 determination differs from the 1955–56 determination in the following major respects: (1) The definition of "sugar yield period" provides that the processor shall elect the period to be used and shall use such period uniformly throughout the season; (2) the processor is required to submit to the Area Office a statement as to the sugar yield period which is being used; (3) the formula for determining "yield of raw sugar" has been restated and a factor has been included which tends to correct the formula for the effects of extraneous material delivered with sugarcane; (4) definitions are included for "net sugarcane" and "trash"; (5) the method is prescribed for determining the quantity of trash delivered with sugarcane and the charges to producers for sampling sugarcane for trash are specified; (6) the processor may, at his option, sample sugarcane for soil and stones and make a charge to producers for such extraneous matter in excess of one percent; (7) in instances where payment for sugarcane is made by the delivery to the producer of raw sugar in bulk, the processor is also required to pay the producer an allowance for nonuse of bags equal to the average bag discount sustained on the sale of the processor's sugar; and (8) the 8.7 cents per hundredweight allowance for certain items of admissible selling and delivery

expenses has been reduced to 7.0 cents on sugar shipped in bulk.

A public hearing was held in Santurce, Puerto Rico on October 25 and 26, 1956 at which interested persons were afforded the opportunity to testify with respect to fair and reasonable prices for 1956–57 crop sugarcane. At this hearing or in a supplemental brief, the representatives of the Puerto Rico Grower-Processor Committee recommended that adjustments be provided for both hand and mechanically loaded sugarcane containing trash in excess of 6 percent; that inasmuch as shipment of sugar in bulk results in savings in handling and delivery expenses, provision be made for the equitable sharing of such savings between the processor and producers; and that there be no change in the sugar yield periods specified in the 1955–56 price determination nor in the provisions of that determination relating to the delivery point of sugarcane.

A representative of one processor recommended that the regulations of the Department of Agriculture and of the Puerto Rican Government, relating to the trash problem, be modified so that they would complement and supplement each other; stated that he did not believe the regulation issued by the Sugar Board of Puerto Rico, relating to penalties on trash delivered with sugarcane, was a solution to the trash problem; and recommended that trash penalties be applied to both mechanically loaded and hand loaded sugarcane. A representative of another processor described the methods followed by his company in sampling sugarcane for trash and recommended that trash penalties apply to both mechanically loaded and hand loaded sugarcane. A representative of a third processor stated that on the basis of 1955 crop operations there was a conflict between rulings of the Sugar Board and provisions of the fair price determination; that the mill had sustained considerable damage to its milling equipment from the rocks and soil delivered with sugarcane; and recommended that restrictive measures be developed to correct the sugarcane trash problem; that such regulations be made equally applicable to hand loaded and mechanically loaded sugarcane; that a trash tolerance of 6 or 7 percent be permitted; and that the sampling of sugarcane for trash be conducted at the mill.

Consideration has been given to the recommendations made at the public hearing, to an analysis of the returns, costs, and profits of processing and producing sugarcane as obtained by a field cost survey for prior years and recast for the 1956–57 crop in terms of price, production, and income conditions likely to prevail, to the results of investigations and to other pertinent factors. An examination of all factors indicates that the basic sharing relationship between producers and the processor as provided in the 1955–56 price determination is equitable for the 1956–57 crop under anticipated conditions. However, this determination contains provisions applicable to (1) the delivery of sugarcane containing excessive quantities of trash; (2) the expenses incident to the shipment of sugar in bulk; and (3) certain other requirements which affect settlement practices.

Prior to 1954, all sugarcane in Puerto Rico was harvested and loaded by hand and the percentage of trash delivered with sugarcane was low and relately uniform. However, in that year one processor began to load sugarcane by mechanical methods. Representatives of the Department at the hearing on fair and reasonable prices, held in Puerto Rico in the fall of 1954, called to the attention of the industry that changing methods of loading could create a problem arising from variable quantities of trash delivered with sugarcane. Industry representatives at that time, because of limited experience with mechanized harvesting operations, apparently were not concerned with the problem and recommended that it not be covered by the 1954–55 determination. In view of the custom of not sampling sugarcane and because of the large number of small growers in Puerto Rico, it was recognized that the institution of compulsory sampling would be a very expensive procedure and that time would be required in which to develop a practical and efficient method to cope with the problem. Moreover, because of limited experience with the trash problem, there was no data upon which to evaluate the effects of trash on sugar recovery, nor to appraise the extent to which adjustments in the settlement formula were necessary to adequately redistribute the over-all yield of sugar when trash and clean cane were ground jointly. It is generally recognized that extraneous material in sugarcane adversely affects the recovery of sugar, although there is some question as to the level at which trash actually has a measurable effect. Therefore, in making adjustments in the sugar yield formula care must be exercised so that such adjustments will not result in inequitable distribution of sugar among the growers and the processor. Accordingly, the Department believed it desirable to proceed cautiously until the industry had had more experience with the problem.

During the next two harvesting seasons other producers began to use mechanical loaders. The Department conducted surveys during 1955 and 1956 for the purpose of determining a feasible method of sampling sugarcane and to determine what adjustments would be appropriate in the sugar yield formula as a result of the introduction of excessive quantities of trash into the milling operations.

In the 1955–56 determination, provision was made for the settlement of sugarcane based upon deductions for the trash content. Information obtained during the last two years indicates that in many instances sugarcane containing excessive quantities of trash had been delivered. Although producers believed that excessive trash was generally attributable to mechanized loading operations, observation has shown that hand loaded sugarcane also contained excessive quantities of trash during those years. There is also evidence that relatively trash-free sugarcane can be delivered regardless of the method of loading, except under extremely wet weather conditions.

Certain growers in one mill area brought to the attention of the Sugar Board of Puerto Rico that mechanically loaded sugarcane containing excessive quantities of trash was affecting the recovery of sugar at the mill, which they believed to be detrimental with respect to the settlement for their sugarcane. In an effort to meet the problem the Sugar Board, pursuant to the Sugar Act of Puerto Rico, issued a ruling which provided for the determination of net weight of mechanically loaded sugarcane containing trash in excess of 5 percent, and for adjusting the settlement formula for calculating the yield of sugar from sugarcane. Determination of the net weight of such sugarcane as specified in the ruling was based upon (1) field samples of sugarcane taken under wet and dry conditions; (2) a tolerance of 5 percent of the gross weight; and (3) an averaging of all trash determinations taken during a settlement period for each producer both above and below the specified tolerance. The ruling further provided that a correction factor be applied to such sugarcane in a manner so as to effect a redistribution of sugar yields between those producers delivering mechanically loaded sugarcane in excess of the tolerance and other producers. Penalties against the producer were also provided in cases where the quantity of soil and stones exceeded one percent of the gross weight of mechanically loaded sugarcane. The above ruling was in effect for the 1954–55 and 1955–56 crops. Since this ruling did not conform with the settlement provisions of the fair price determinations for those crops, some processors were placed in an unfavorable position.

Subsequent to the hearing on fair and reasonable prices for the 1956–57 sugarcane crop, the Department communicated with the Grower-Processor Committee of Puerto Rico by letter, outlining its views generally regarding the actions which it believed should be taken in the 1956–57 crop determination with respect to the problem of trash delivered with sugarcane. The committee has submitted no objections to the proposals as contained in that letter.

The 1956–57 determination requires that settlement with producers be based upon net sugarcane and specifies that representatives of the processor and producers shall examine the deliveries of sugarcane to estimate which deliveries contain quantities of trash of 5 percent or less and which deliveries contain trash in excess of 5 percent. As to the deliveries of any producer estimated to contain quantities of trash of 5 percent or less, the gross weight will be considered to be the net weight. As to the deliveries of any producer estimated to contain quantities of trash in excess of 5 percent, one or more of such deliveries deemed to be representative shall be sampled to determine the actual quantities of trash, and the net weight will be computed by subtracting the weight of trash in excess of 5 percent. The size of the sample has been fixed within the range of 100–200 pounds, as this quantity has been found to be satisfactory for determining the quantities of trash in sugarcane and will not involve excessive costs.

In view of the large number of producers delivering sugarcane to most of the mills and the cost involved in sampling, it does not appear to be feasible to require trash determinations for each load of sugarcane delivered. Therefore, this determination provides that the percentage of trash in excess of 5 percent determined by sampling one or more representative deliveries may be made applicable to all other similar deliveries of the same producer made during the same day. The recommendations for a trash tolerance of more than 5 percent have not been adopted. Experience has shown in other sugarcane-producing areas that to permit any tolerance for extraneous material tends to encourage all producers to deliver sugarcane containing at least as much trash as the tolerance allowed. While it appears desirable ultimately to establish a tolerance for trash below 5 percent, it does not appear feasible at this time to adopt a lower percentage.

Analysis of limited data available indicates that the cost of sampling sugarcane for trash varies widely depending on the quantity of sugarcane sampled and the method of sampling. It is deemed equitable that the producer bear that proportion of the actual cost of sampling up to a stated maximum, which will conform substantially to his share of the sugar recovered from his sugarcane. Accordingly, this determination provides that the processor may charge the producer 66 percent of the actual cost of sampling, but not in excess of $2.64 for each sample.

This determination requires that the processor apply an adjustment factor in the calculation of the sugar yield for sugarcane which contains trash in excess of 5 percent. This correction factor is to vary in relation to the amount of extraneous matter. The adjustment in the sugar yield formula will permit the processor to make a redistribution of sugar yields in accordance with the specific adjustment factors heretofore contained in rulings of the Sugar Board of Puerto Rico. Since more data must be obtained before such adjustments can be determined with the desired degree of accuracy, study of the problem will be continued. The determination also permits the processor at his option, to make a separate determination of the quantity of soil and stones contained in the sample and charge the producer 5 cents per ton of net sugarcane for each 1 percent that the weight of soil and stones is in excess of 1 percent of the gross weight, as provided in the previous ruling of the Sugar Board. Such determination may be made applicable to all other deliveries of the same producer made during that day which are represented by the sample. Representatives of the industry recommended that these provisions be made applicable to the 1956–57 crop.

For many years processors have used a number of sugar yield periods for purposes of making settlements with producers. It is believed that any period adopted will give reasonably equitable results if it is used uniformly throughout the entire crop. This determination permits the use of any period elected by the processor provided such period is used uniformly throughout the season in making settlements with all producers.

In instances where the processor delivers sugar to the producer, rather than making payment in cash for his share of the raw sugar recovered from the sugarcane, such sugar may be either in bags or in bulk. The quoted price for raw sugar is the price for sugar in bags, and the refiner usually realizes income from sale of used bags. In purchasing bulk sugar it is customary for the mainland refiner to make a deduction from the quoted price of raw sugar to compensate for the absence of bags. Accordingly, this determination provides that if settlement with the producer is made by the delivery of raw sugar in bulk, the processor must pay to the producer the average bag discount sustained by the processor on his own bulk sugar of the 1956–57 crop.

It has been the established practice of processors to make certain allowances to producers for the transporting of sugarcane from the farm to the point at which sugarcane is delivered to the mill and to provide certain other services free of charge to producers. This determination provides that the allowances made and services furnished to producers for the 1955–56 crop shall also be made for the 1956–57 crop.

Prior determinations have specified that for the purpose of making settlements with producers in cash, processors may deduct from the market price of sugar those expenses applicable to the selling and delivery of raw sugar. Certain expenses were allowed on the basis of the costs actually incurred by the processor while other expenses have been grouped within a fixed rate allowance of 8.7 cents per hundredweight of raw sugar in lieu of actual expenses. This determination continues the 8.7 cents per hundredweight allowance for sugar which is shipped in bags, but specifies that processors who ship sugar in bulk may charge a fixed allowance of 7 cents per hundredweight. This amount is deemed equitable upon examination of the expenses furnished by those processors who maintain bulk sugar facilities.

After consideration of all factors this determination is considered to be fair and reasonable. Accordingly, I hereby find and conclude that the foregoing price determination will effectuate the price provisions of the Sugar Act of 1948, as amended.

(Sec. 403, 61 Stat. 932; 7 U. S. C. 1153. Interprets or applies sec. 301, 61 Stat. 929; 7 U. S. C. 1131)

Issued this 15th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary.

SCHEDULE A

FORMULA FOR DETERMINING THE "YIELD OF RAW SUGAR" FOR EACH PRODUCER

$$R=TI\ (S-0.3B)F$$

where:

R=Yield of raw sugar;

S=Polarization of the crusher juice obtained from the sugarcane of each producer;

B=Brix of the crusher juice obtained from the sugarcane of each producer;

T=Trash correction factor which varies inversely with the amount of trash contained in the sugarcane of each producer from 1.0 for sugarcane which contains an amount of trash not in excess of 5 percent of the gross weight of sugarcane to 0.90075 for sugarcane which contains an amount of trash in excess of 16 percent of the gross weight of sugarcane.

I=Inferior sugarcane correction factor which is applied only to inferior varieties of sugarcane of each producer and is determined as follows:

(a) When the purity, P, (where $P=100\ S\div B$), of the crusher juice of sugarcane is equal to 75 or more, the factor, $I=0.9$; or

(b) When the purity, P, (where $P=100S\div B$), of the crusher juice of such sugarcane is less than 75, the factor, $I=0.9-0.02\ (75-P)$;

F=Yield factor which is determined as follows:

(a) Determine the "tentative recovery of raw sugar" for each producer delivering sugarcane during the settlement period from the product of the formula $(S-0.3B)$, the number of hundredweights of net sugarcane, the applicable trash correction factor, T; and where applicable the inferior sugarcane correction factor, I; and

(b) Divide the pounds of the raw sugar, 96° basis, produced during the settlement period at the mill by the sum of the "tentative recoveries of raw sugar" for all producers to obtain the yield factor, F.

SCHEDULE B

ADMISSIBLE DEDUCTIONS FOR SELLING AND DELIVERY EXPENSES ON RAW SUGAR

Admissible deductions for selling and delivery expenses are for those expenses incurred on 1956–57 crop raw sugar which commence with the unstacking of raw sugar in bags or in bulk at the warehouse and include expenses incurred thereafter incidental to the delivery of raw sugar to the purchaser. The deductions are limited to the sum of the following expenses actually incurred at each mill operated by a processor, net of any receipts which reduce such expenses:

1. Freight from warehouse to dock, including covering cars or trucks where necessary;
2. Handling at dock, including unloading and stacking;
3. Wharfage, lighterage, and dock warehousing when incurred as an item separate from wharfage and when necessary in delivery of sugar from warehouse or mill to shipside;
4. Ocean freight, including loading and unloading where freight rate is "free in and free out";
5. Freight demurrage resulting from causes beyond control of the shipper;

and an allowance of 8.7 cents per hundredweight of 96° raw sugar in bags, or 7.0 cents per hundredweight of 96° raw sugar in bulk, in lieu of:

6. Unstacking, tallying and loading at warehouse;
7. Shore risk, marine and war risk insurance;
8. Rebagging and mending sugar bags whenever and wherever incurred;
9. Brokerage or commissions and exchange;
10. Weighing, testing, sampling, mending sugar bags, and taring at destination;
11. All other expenses not itemized herein;

and the following additional expenses incurred during the period January 1, 1958–February 28, 1958;

12. Personal property tax;
13. Storage;
14. Insurance on stored sugar.

When any of the necessary services included in items 1 through 5 and item 13

above are furnished by the processor, costs incurred shall include for each of the services rendered;

1. Direct and immediate supervisory labor;
2. Maintenance labor and supplies required for the facilities used;
3. Taxes and insurance assessed or charged to the processor on such labor and a proportionate share of retirement and pension, bonuses and vacation expenses properly allocable to such labor;
4. Direct supplies;
5. Depreciation (at rates allowed by the taxing authority), property taxes, and property insurance on the facilities used.

Administrative expenses and interest shall be excluded from the computation of costs. In the event that facilities used in providing the necessary services are also used for other purposes by the processor, only that portion of the maintenance, depreciation, property taxes, and property insurance of such facilities properly apportionable to the necessary service shall be allowed.

The Director of the Area Office, may permit the use of the lowest rate charged by a public utility or carrier for comparable service in lieu of the costs incurred by the processor in furnishing the necessary service in the event that the costs incurred therefor cannot be accurately determined.

In determining the f. o. b. mill price of raw sugar sold or processed in Puerto Rico, equivalent selling and delivery expenses as approved by the Director of the Area Office, may be allowed in lieu of expenses actually incurred.

The following certification shall be made on statements submitted in duplicate not later than August 1, 1958 to the Area Office:

CERTIFICATION

I hereby certify that the deductions set forth herein are properly chargeable as deductions for selling and delivery expenses for sugar in accordance with the determination of fair and reasonable prices for the 1956–57 crop of Puerto Rican sugarcane.

SCHEDULE C

DEFINITION OF ADMISSIBLE DEDUCTIONS FOR SELLING AND DELIVERY EXPENSES FOR MOLASSES

Admissible deductions for selling and delivery expenses in connection with the molasses payment provided in paragraph (c) of the 1956–57 price determination, are limited to the sum of the following expenses actually incurred at each mill operated by a processor, net of any receipts which reduce such expenses:

1. Operation of pumps to deliver molasses from mill tank to shipside or other delivery point;
2. Freight from mill tank to shipside (or to local buyers when such molasses is sold on a delivered price basis);
3. Operation of tank barges, tugs, or other marine equipment used in delivering molasses to shipside;
4. Weighing and testing;
5. Wharfage;
6. Shore risk insurance (limited in coverage from mill to shipside);
7. Freight demurrage resulting from causes beyond the control of the shipper;
8. Insular taxes on molasses produced in Puerto Rico;
9. Brokerage paid to a bona fide broker.

When any of the necessary services included in items through 9 above are furnished by the processor, costs incurred shall include for each of the services rendered:

1. Direct and immediate supervisory labor;
2. Maintenance labor and supplies required for the facilities used;
3. Taxes and insurance assessed or charged to the processor on such labor and a proportionate share of retirement and pensions, bonuses and vacation expenses properly allocable to such labor;
4. Fuel, energy or direct supplies;
5. Depreciation (at rates allowed by the taxing authorities), property taxes and property insurance on the facilities used.

Administrative expenses and interest shall be excluded from the computation of cost. In the event that facilities used in providing the necessary services are also used for other purposes by the processor, only that portion of the maintenance, depreciation, property taxes, and property insurance of such facilities, properly apportionable to the necessary service, shall be allowed.

The Director of the Area Office, may permit the use of the lowest rate charged by a public utility or carrier for comparable service in lieu of the cost incurred by the processor in furnishing the necessary service in the event that the costs incurred therefor cannot be accurately determined.

The following certification shall be made on statements submitted in duplicate not later than August 1, 1958 to the area Office:

CERTIFICATION

I hereby certify that the deductions set forth herein are properly chargeable as deductions for selling and delivery expenses for molasses in accordance with the determination of fair and reasonable prices for the 1956–57 crop of Puerto Rican sugarcane.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

EXPENSES FOR 1956–57 SEASON; INCREASED EXPENSES WITH RESPECT TO EARLY AND LATE VARIETIES OF PLUMS

On January 25, 1957, notice of proposed rule making was published in the FEDERAL REGISTER (22 F. R. 501), that consideration was being given to a proposal regarding an increase in expenses pertaining to Early varieties of plums and Late varieties of plums for the 1956–57 fiscal period under the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums and Elberta peaches grown in the State of California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice which was submitted by the Control Committee (established pursuant to said amended marketing agreement and order): *It is hereby ordered*, That the provisions in paragraph (a) (2) and (3) of § 936.210 *Expenses and rates of assessment for the 1956–57 season* (21 F. R. 4073) be, and hereby are, amended to read as follows:

(2) Early varieties of plums, $20,000.00.

(3) Late varieties of plums, $21,000.00.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Done at Washington, D. C., this 15th day of February, 1957, to become effective 30 days after publication in the FEDERAL REGISTER.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 57-1338; Filed, Feb. 19, 1957; 8:50 a. m.]

[957.315 Amdt. 3]

PART 957—IRISH POTATOES GROWN IN CERTAIN DESIGNATED COUNTIES IN IDAHO AND MALHEUR COUNTY, OREGON

LIMITATION OF SHIPMENTS

Findings. a. Pursuant to Marketing Agreement No. 98 and Order No. 57, as amended (7 CFR Part 957), regulating the handling of Irish potatoes grown in certain designated counties in Idaho and Malheur County, Oregon, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Idaho-Eastern Oregon Potato Committee, established pursuant to said marketing agreement and order, as amended, and upon other available information, it is hereby found that the amendment to the limitation of shipments, as hereinafter provided, will tend to effectuate the declared policy of the act.

b. It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (i) the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, (ii) more orderly marketing in the public interest, than would otherwise prevail, will be promoted by regulating the shipment of potatoes, in the manner set forth below, on and after the effective date of this amendment, (iii) compliance with this amendment will not require any special preparation on the part of handlers which cannot be completed by the effective date, (iv) reasonable time is permitted, under the circumstances, for such preparation, (v) information regarding the committee's recommendations has been made available to producers and handlers in the production area, and (vi) this amendment relieves restrictions on the handling of potatoes grown in the production area.

Order, as amended. The provisions of paragraph (b) (1) of § 957.315 (21 F. R. 7480, 9165; 22 F. R. 812) are hereby amended to read as follows:

(1) During the period from February 25, 1957, through June 30, 1957, no handler shall ship potatoes of any variety unless such potatoes (i) are generally "fairly clean," which means that at least 90 percent of such potatoes are "fairly clean" and (ii) meet the requirements of the U. S. No. 2, or better, grade, Size A, 2 inches minimum diameter or 4 ounces minimum weight; as such terms, grades, and sizes are defined in the United States Standards for Potatoes (§§ 51.1540 through 51.1559 of this title), including the tolerances set forth therein: *Provided*, That potatoes of the red skin varieties may be shipped if such potatoes are generally, "fairly clean," as aforesaid, grade at least U. S. No. 2, and are of a size not smaller than 1⅞ inches in diameter.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 15, 1957, to become effective February 25, 1957.

[SEAL] FLOYD F. HEDLUND,
Acting Director,
Fruit and Vegetable Division.

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign Commerce, Department of Commerce

Subchapter B—Export Regulations

[8th Gen. Rev. of Export Regs., Amdt. 26]

PART 384—GENERAL ORDERS

EXTENSION OF VALIDITY PERIOD OF CERTAIN EXPORT LICENSES

§ 384.4 *Order extending the validity period of licenses expiring November 30, 1956* is amended to read as follows:

§ 384.4 *Extension of validity period of certain export licenses.* In view of the work stoppage at United States ports which began February 12, 1957, the validity period of any outstanding export license which expires on February 28, 1957 is hereby extended until March 31, 1957. In the event the work stoppage continues beyond February 28, 1957, the validity period of any outstanding export license, including such license expiring on February 28, 1957, which expires between February 28, 1957 and the last day of the month during which the work stoppage terminates, is hereby extended to the last day of the month following the month in which the work stoppage terminates.

This amendment shall become effective as of February 19, 1957.

(Sec. 3, 63 Stat. 7, as amended; 50 U. S. C. App. 2023. E. O. 9630, 10 F. R. 12245, 3 CFR, 1945 Supp., E. O. 9919, 13 F. R. 59, 3 CFR 1948 Supp.)

LORING K. MACY,
Director,
Bureau of Foreign Commerce.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supp. 26]

PART 3—AIRPLANE AIRWORTHINESS; NORMAL, UTILITY, AND ACROBATIC CATEGORIES

MISCELLANEOUS AMENDMENTS

This supplement is issued (1) to delete the requirement that the center of gravity limits information be furnished the Washington office for ruling when the center of gravity limits cannot be obtained practically during type tests (this can now be handled in the field) (§ 3.71–1 (c)), (2) to provide the pilot with a needed indication when the trim device is in the neutral position (§ 3.337–3), (3) to assure that a new airplane will have adequate generator capacity when the airplane is equipped for IFR flight under the provisions of Part 43 of this subchapter (§ 3.681–2), and (4) to permit consideration of a bottom fuselage installation for an anticollision light (§ 3.700–3).

1. Section 3.71–1 is amended by deleting paragraph (c) and redesignating paragraph (d) as paragraph (c).

2. A new § 3.337–3 is added to read as follows:

§ 3.337–3 *Trim device indications (CAA policies which apply to § 3.337).* In addition to providing means to indicate to the pilot the position of the trim device with respect to the range of adjustment, provisions should also be incorporated to indicate when the trimming surfaces are in the neutral position with respect to the primary control surfaces.

3. A new § 3.681–2 is added to read as follows:

§ 3.681–2 *Generator capacity (CAA policies which apply to § 3.681).* When a generator is required,[1] its capacity should be sufficient to supply during flight all probable combinations of continuous loads,[2] with adequate reserve for storage battery charging. In no case should the maximum probable continuous load exceed 80 percent of total generator rating.

4. Section 3.700–3 is amended by inserting the following sentence between the first and second sentences: "If there is no acceptable location on top of the fuselage or tail, a bottom fuselage installation may be considered."

This supplement shall become effective March 15, 1957.

(Sec. 205, 52 Stat. 984, 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007 as amended, 49 U. S. C. 551)

[SEAL] S. A. KEMP,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 57-1318; Filed, Feb. 19, 1957; 8:47 a. m.]

[Supp. 42]

PART 42—IRREGULAR AIR CARRIER AND OFF-ROUTE RULES

LISTING OF LARGE AIRCRAFT

The use of Form ACA–518A, Operations Specifications—Aircraft Identification, has been discontinued. Form ACA–1014, Operations Specifications, is now being used for the listing of large aircraft utilized by the air carrier.

This revision does not impose any additional burden upon interested persons, and no useful purpose would be served by compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act. Therefore, compliance is unnecessary and is not required.

Section 42.11–1 is amended by substituting "Form ACA–1014" for "Form ACA–518A" in the first and second sentences.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies secs. 601, 604, 52 Stat. 1007, 1010, as amended; 49 U. S. C. 551, 554)

This supplement shall become effective February 15, 1957.

[SEAL] S. A. KEMP,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 57-1317; Filed, Feb. 19, 1957; 8:47 a. m.]

[Supp. 2]

PART 49—TRANSPORTATION OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

APPLICATION FOR AUTHORIZATION TO DEVIATE FROM CERTAIN PROVISIONS

In order to avoid confusion between the appendix material relative to the

[1] A generator of adequate capacity is required by § 43.30 (c) (7) of this subchapter for operation under instrument flight rules.

[2] Continuous loads are those which draw current continuously during flight, such as radio equipment and position lights. Occasional intermittent loads (such as landing gear, flaps, or landing lights) are not considered.

Civil Air Regulations, Part 49, and the appendix material relative to Civil Aeronautics Manual 49, § 49.71–3 (a), as published in 21 F. R. 9103, November 22, 1956, is amended by removing the reference to appendix A in the first sentence and the footnote 1.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This supplement shall become effective February 15, 1957.

[SEAL] S. A. KEMP,
Acting Administrator of Civil Aeronautics.

Subchapter C—Procedural Regulations

[Reg. PR–27]

PART 303—RULES OF PRACTICE IN AIRCRAFT ACCIDENT INQUIRIES

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 12th day of February 1957.

The procedures which the Board has followed in aircraft accident inquiries have been in effect for a considerable period of time. The Board has decided to revise its rules of practice in these inquiries to establish a prehearing conference procedure and to permit limited questioning by parties to the investigation as designated by the Presiding Officer. The purpose of this part is to make available to the public this revised information concerning the procedures to be followed by the Board in aircraft accident inquiries.

An aircraft accident inquiry is held solely for the purpose of discovering the facts, conditions, and circumstances concerning an aircraft accident in order to determine the probable cause of the accident and to ascertain the measures which will best tend to prevent similar accidents in the future. Such inquiries are not held for the purpose of determining the rights or liabilities of private parties, and the Board makes no attempt to do so. The procedures followed by the Board in such inquiries are adapted to the special nature of the inquiries.

Since this part is a rule of agency procedure and practice, notice and public procedure are not necessary.

In consideration of the foregoing, the Civil Aeronautics Board hereby promulgates a revised Part 303 of the Procedural Regulations to read as follows, effective February 15, 1957.

Sec.
303.0 Applicability of part.
303.1 Nature of inquiry.
303.2 Institution of inquiry.
303.3 Designation of Presiding Officer.
303.4 Notice of inquiry.
303.5 Investigator-in-Charge.
303.6 Legal Officer.
303.7 Board of Inquiry.

CONDUCT OF INQUIRY

303.11 Powers of Presiding Officer.
303.12 Prehearing conference with parties to the investigation.
303.13 Examination of witnesses.
303.14 Evidence.
303.15 Recommendations by interested persons.
303.16 Stenographic transcript.
303.17 Docket.
303.18 Investigation to remain open.
303.19 Withholding of information.

BOARD REPORT

303.22 Basis of report.
303.23 Supplemental report.

AUTHORITY: §§ 303.0 to 303.23 issued under sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply secs. 701, 702, 1004, 52 Stat. 1012, as amended, 1013, as amended, 1021, as amended; 49 U. S. C. 581, 582, 644.

§ 303.0 *Applicability of part.* The provisions of this part shall govern all aircraft accident inquiries conducted by the Civil Aeronautics Board under the authority of Title VII of the Civil Aeronautics Act of 1938, as amended, unless otherwise specifically ordered by the Board.

§ 303.1 *Nature of inquiry.* Aircraft accident inquiries are held by the Board as a part of the investigation of accidents involving aircraft in order to determine the facts, conditions, and circumstances relating to each accident and the probable cause thereof and to ascertain measures which will best tend to prevent similar accidents in the future. It is purely a fact-finding procedure, and there are no formal pleadings or issues and no adverse parties and during the course of the hearing no objections to any matter will be entertained from any party to the investigation or any other person. Aircraft accident inquiries are not subject to the provisions of Sections 4, 5, 7, 8, or 10 of the Administrative Procedure Act.

INITIAL PROCEDURE

§ 303.2. *Institution of inquiry.* The Director, Bureau of Safety, shall, on behalf of the Board, order an inquiry into an accident involving aircraft whenever he deems it necessary in the public interest.

§ 303.3 *Designation of Presiding Officer.* The Director, Bureau of Safety, shall designate in writing a Presiding Officer to conduct the inquiry.

§ 303.4 *Notice of inquiry.* The Presiding Officer shall designate a time and place for the inquiry which meets the needs of the Board and gives due consideration to the convenience of the witnesses. The time and place of the inquiry shall be published in the Notices Section of the FEDERAL REGISTER prior to the date of the inquiry, unless such notice is impractical or unnecessary.[1]

§ 303.5 *Investigator-in-Charge.* An employee of the Board shall be designated to serve as the Investigator-in-Charge. It shall be his responsibility to direct the investigation in the field and to serve on the Board of Inquiry.

[1] The Board ordinarily gives personal notice to all known interested persons and also publicizes the inquiry by a press release to aviation trade journals and local newspapers near the scene of the accident.

§ 303.6 *Legal Officer.* A member of the staff of the General Counsel shall be designated by the General Counsel to serve as the Legal Officer. It shall be such Legal Officer's responsibility to serve the Board of Inquiry and to assist and advise the Presiding Officer on such evidentiary and other legal questions as shall arise during the inquiry.

§ 303.7 *Board of Inquiry.* The Board of Inquiry shall be composed of the Presiding Officer, the Investigator-in-Charge, and such other persons as are appointed by the Director, Bureau of Safety. It shall be the duty of the Board of Inquiry to secure in the form of a public record all known facts pertaining to the cause of the accident and the surrounding circumstances and conditions from which corrective action may be formulated.

CONDUCT OF INQUIRY

§ 303.11 *Powers of Presiding Officer.* A Presiding Officer shall have the following powers:

(a) To give notice concerning and hold inquiries;

(b) To adjourn, continue, or postpone inquires;

(c) To administer oaths and affirmations;

(d) To examine witnesses;

(e) To issue subpoenas and to take or cause depositions to be taken in accordance with the provisions of section 1004 of the Civil Aeronautics Act of 1938, as amended;

(f) To rule upon the admissibility of and receive evidence;

(g) To regulate the course of the inquiry;

(h) To dispose of procedural requests or similar matters;

(i) To take any other action necessary or incident to the orderly conduct of such proceedings; and

(j) To designate parties to the investigation.

§ 303.12 *Prehearing conference with parties to the investigation.* The Presiding Officer shall designate as parties to the investigation those persons, government agencies, companies and associations whose employees, functions, activities, or products were involved in the accident, or who participated in the accident investigation. A prehearing conference will be held with such parties to the investigation by the Presiding Officer, the Legal Officer, and such other members of the Board of Inquiry as may be designated by the Presiding Officer, at a convenient time and place. At or before such prehearing conference the parties to the investigation will be furnished with copies of exhibits which it is proposed to receive in evidence at the inquiry, and will also be furnished with copies of statements obtained from witnesses during the investigation or, if such statements are unavailable, a description of their anticipated testimony. At such prehearing conference the parties to the investigation will indicate to the Presiding Officer whether they desire to examine any such witnesses and the intended area and scope of such examination. They will also be given an opportunity to suggest additional witnesses, exhibits or other evidence which, in their view, would be pertinent to the inquiry.

§ 303.13 *Examination of witnesses.* (a) Witnesses will be examined by the Board of Inquiry. Following such examination the parties to the investigation who have indicated at the prehearing conference their desire to examine such witnesses will be given an opportunity to do so. If a party to the investigation who has not indicated at the prehearing conference an intention to examine a witness, desires to do so, he may make a request to the Presiding Officer along with his justification as to why such examination is now deemed necessary. The Presiding Officer will then determine whether to permit examination by such party to the investigation.

(b) Materiality, relevancy and competency of witnesses' testimony, exhibits or physical evidence will not be the subject of objections by a party to the investigation or any other person, but such matters will be controlled by rulings of the Presiding Officer on his own motion. If the examination of a witness by a party to the investigation is interrupted by a ruling of the Presiding Officer, opportunity will be given to show materiality, relevancy or competency of the testimony or evidence sought to be elicited from the witness.

§ 303.14 *Evidence.* The Presiding Officer shall receive all testimony and exhibits which might be of aid in determining the cause of the accident. He may exclude any testimony or exhibits which are not pertinent to the inquiry or which are merely cumulative. He may withold from public disclosure any evidence, pending a final determination by the Board as to whether it is in the public interest to release such evidence.

§ 303.15 *Recommendations by interested persons.* Any person may submit his recommendations as to the proper conclusions to be drawn from the testimony and exhibits submitted at the inquiry. Such recommendations may be submitted by a written brief either at or after the inquiry, provided that the Presiding Officer may in his discretion permit such recommendations to be presented orally at the close of the inquiry. Five copies of such briefs shall be submitted, and they shall be made a part of the docket.

§ 303.16 *Stenographic transcript.* A verbatim report of the inquiry shall be taken. Copies of the transcript may be obtained by any interested person from the official reporter upon payment of the fees fixed therefor.

§ 303.17 *Docket.* The docket of any inquiry shall include the transcript, exhibits, briefs, and all other information concerning the accident which the Board has not ordered to be withheld from the public. A copy of the docket shall be made available to any person for review at the Washington office of the Board. Photostatic copies of exhibits may be obtained from the Chief of the Docket Section upon paying the cost of such copies.

§ 303.18 *Investigation to remain open.* Safety investigations are never officially closed but are kept open for the submission of new and pertinent evidence. If the Director of the Bureau of Safety finds that such evidence is relevant and probative, it may be made a part of the docket, unless the Board orders it to be withheld from public disclosure.

§ 303.19 *Withholding of information.* Any person may make written objection to the public disclosure of information contained in any report or document filed pursuant to this part or the provisions of the Civil Aeronautics Act of 1938, as amended, or of information obtained by the Board pursuant to the provisions of this part or the act, stating the grounds for such objection. Whenever such objection is made, the Board shall order such information withheld from public disclosure when, in its judgment, a disclosure of such information would adversely affect the interests of such person and is not required in the interest of the public.

BOARD REPORT

§ 303.22 *Basis of report.* The Board's report as to the facts, conditions, and circumstances relating to the accident and the probable cause thereof shall be based upon the docket of the inquiry, together with any other information which has come to the attention of the Board and its staff.

§ 303.23 *Supplemental report.* Upon receipt of any newly discovered evidence, the Board, after due consideration, may issue a supplemental report if it finds that such evidence warrants such action.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 7]

PART 514—TECHNICAL STANDARD ORDERS FOR AIRCRAFT MATERIALS, PARTS, PROCESSES, AND APPLIANCES

TSO–C30B, AIRCRAFT POSITION LIGHTS

Minimum performance standards for aircraft position lights which are to be used in civil aircraft of the United States are established in the new regulation § 514.41 (TSO–C30b).

Section 514.41 appeared as a notice of proposed rule making in 21 F. R. 9779–9780 on December 11, 1956. All interested persons have been afforded an opportunity to submit written views, data, or argument. No comments were received.

Section 514.41 is added under Subpart B of this part to read as follows:

§ 514.41 *Aircraft position lights—TSO–C30b*—(a) *Applicability*—(1) *Minimum performance standards.* Minimum performance standards are hereby established for position lights which are to be used in civil aircraft of the United States.[1] New models of position lights manufactured for installation on civil aircraft on or after March 31, 1957, shall meet the standards set forth in SAE Specification AS271, "Aircraft Position Lights," dated October 15, 1952,[2] with the exception listed in subparagraph (2) of this paragraph. Position lights approved by the Civil Aeronautics Administration prior to March 31, 1957, may continue to be manufactured under the provisions of their original approval.

(2) *Exceptions.* For the purpose of this section only the standards set forth in subsection 3.3 and section 4 (except subsection 4.3.2.3 and 4.7) need be complied with.

(b) *Marking.* In lieu of the marking requirements of paragraph (c) of § 514.3, the minimum lamp candle power or lamp part number shall be shown.

Effective date: March 31, 1957.

(Sec. 205, 54 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

[SEAL] S. A. KEMP,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 57–1315; Filed, Feb. 19, 1957; 8:46 a. m.]

[Amdt. 234]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

NOTE: Where the general classification (LFR, VAR, ADF, ILS, RADAR, or VOR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is cancelled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

[1] The number and types of position lights for each aircraft category are established in Civil Air Regulations Parts 3, 4b, 6, and 7 of this title. In general, air-carrier aircraft use all five types listed in AS271, section 2, while other aircraft are equipped with types I, II, and III only.

[2] Copies may be obtained from the Society of Automotive Engineers, 29 West 39th Street, New York, N. Y.

1. The low frequency range procedures prescribed in § 609.6 are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Amarillo, Tex.; Air Terminal Airport, elevation 3,604'; facility SBRAZ, identification AMA; Procedure No. 1, Amendment No. 9, effective date, Mar. 2, 1957; supersedes Amendment No. 8, dated July 30, 1955

Transition				Ceiling and visibility minimums				Notes
From—	To—	Course and distance	Minimum altitude (feet)	Condition	2-engine or less		More than 2-engine, more than 65 knots	
					65 knots or less	More than 65 knots		
Amarillo VOR	AMA-LFR	Direct	4,800	T-dn	300–1	300–1	200–½	Procedure turn S side of W course, 257° outbound, 077° inbound, 5,000' within 10 miles. Beyond 10 miles not authorized. Minimum altitude over facility on final approach course, 4,500'. Course and distance, facility to airport, 077—1.8. If visual contact not established upon descent to authorized landing minimums or if landing not accomplished, within 1.8 miles, climb to 4,700' on E course or when directed by ATC turn right and climb to 5,000' on SW course within 20 miles.

[Amdt. 235]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

NOTE: Where the general classification (LFR, VAR, ADF, ILS, RADAR, or VOR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is cancelled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

1. The very high frequency omnirange (VOR) procedures prescribed in § 609.9 are amended to read in part:

VOR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

College Station, Tex.; Easterwood Airport, elevation 320'; facility BVOR, identification CLL; Procedure No. 1, Amendment Original No. 9, effective date, Mar. 9, 1957

Transition				Ceiling and visibility minimums				Notes
					2-engine or less		More than 2-engine, more than 65 knots

If visual contact not established upon descent to authorized landing minimums or if landing not accomplished, within 2.5 miles, climb to 1,500' on R-125 within 20 miles of VOR. Major changes: Procedure reinstated.
Hickory, N. C.; Municipal Airport, elevation 1,167'; facility BVOR, identification HKY; Procedure No. 1, Amendment Original, effective date, Mar. 30, 1957								
				T-dn C-dn S-dn-24 A-dn	300-1 500-1 500-1 800-2	300-1 500-1 500-1 800-2	---------- ---------- ---------- ----------	Procedure turn N side of course, 042° outbound, 222° inbound, 3,500' within 10 miles. Minimum altitude over HKY-VOR on final approach course 2,500'. Minimum altitude over FM on final approach course 1,900'.* Course and distance, VOR to airport, 222—10. Course and distance FM to airport, 229—5.0.* If visual contact not established upon descent to authorized landing minimums or if landing not accomplished, within 10 miles, turn right, climb to 3,500', returning to HKY-VOR on R-222. *If FM not received, descent below 1,900' not authorized.

2. The radar procedures prescribed in § 609.13 are amended to read in part:

RADAR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If a radar instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below. Positive identification must be established with the radar controller. From initial contact with radar to final authorized landing minimums, the instructions of the radar controller are mandatory except when (A) visual contact is established on final approach at or before descent to the authorized landing minimums, or (B) at pilot's discretion if it appears desirable to discontinue the approach, except when the radar controller may direct otherwise prior to final approach, a missed approach shall be executed as provided below when (A) communication on final approach is lost for more than 5 seconds during a precision approach, or for more than 30 seconds during a surveillance approach; (B) directed by radar controller; (C) visual contact is not established upon descent to authorized landing minimums; or (D) if landing is not accomplished.

TITLE 32—NATIONAL DEFENSE

Chapter I—Office of the Secretary of Defense

Subchapter C—Military Personnel

PART 56—MEDICAL CARE FOR DEPENDENTS OF MEMBERS OF THE UNIFORMED SERVICES

IDENTIFICATION OF DEPENDENTS

The following amendments to § 56.2-2 of this part have been authorized by the Secretary of Defense and the Surgeon General of the Public Health Service, who has been delegated the authority for this program by the Secretary of Health, Education and Welfare:

Section 56.2-2 is amended in the following respects:

1. Paragraph (a) is amended by changing the title of the form DD 1173 to "Uniform Services Identification and Privilege Cards." The paragraph as amended will read as follows:

§ 56.2-2 *Identification of dependents.* (a) Upon an affirmative determination by the Secretary of a uniformed service or his designee that a dependent is eligible for medical care, such dependent will be issued a "Uniformed Services Identification and Privilege Card", DD Form 1173.[1] The DD Form 1173 will serve as the primary means of identifying dependents eligible for medical care.

2. Paragraph (b) (2) (iii) has been amended to read as follows:

(iii) Whenever the cardholder becomes ineligible.

3. Paragraph (b) (3) has been revised to read as follows:

(3) *Expiration date.* The DD Form 1173 shall be effective for the contracted period of service of the sponsor upon whom the entitlement is based in the case of dependents of the uniformed services, or in the case of minors the 21st birthday if it occurs prior to the termination of the service of the sponsor, except that for entitlement to medical care, the provisions of § 56.1-3 (d) (7) will apply. The departments will insure that sponsors are directed to notify the appropriate authority immediately upon any change in status that would terminate or modify the right to any of the benefits for which the card may be used.

4. Paragraph (b) (4) has been revised to read as follows:

[1] Filed as part of original document.

(4) *Dependents listed.* Each dependent, entitled to medical care, will be issued DD Form 1173.

5. In paragraph (b), subparagraph (5) *Family groups* has been deleted and subparagraph (6) has been renumbered subparagraph (5). No change in substance has been made to this subparagraph.

(70 Stat. 250)

MAURICE W. ROCHE,
Administrative Secretary.

Subchapter N—Transportation

PART 208—TRANSPORTATION OF UNCRATED HOUSEHOLD GOODS BY FREIGHT FORWARDERS

PAYMENT OF TRANSPORTATION AND ACCESSORIAL CHARGES

Part 208 is amended by the addition of a new § 208.10, as follows:

§ 208.10 *Payment of transportation and accessorial charges to forwarders for shipments consigned to storage-in-transit at destination.* (a) The term "forwarder" as used in this section means a freight forwarder which has been duly authorized, under certificate or permit, to operate as such in intrastate or interstate commerce.

(b) The payment of transportation charges from the point of shipment to the destination storage point on shipments of household goods forwarded for account of the Department of the Army, the Department of the Navy (including the Marine Corps), or the Department of the Air Force, and stored in transit for account of the forwarder for ultimate delivery to the consignee or owner may be made upon completion of the transportation to the forwarder's destination storage point and prior to ultimate delivery to the consignee, provided the forwarder hauling the shipment to the destination storage point certifies as follows over the signature of its duly authorized representative—

The household goods described on_____
(Government bill of lading number)
were placed in this forwarder's storage warehouse at _____ _____ on _____
(Destination) (Warehouse) (Date)
and will be permitted to remain there for a period of _____ or such shorter period
(Number of days)
as may meet the consignee's or owner's demands. This forwarder assumes full carrier liability for the shipment during such storage and until delivery to the consignee or owner within the designated storage period.

_____
Signature and title of forwarder's authorized representative, including name of company

(c) The certification required above will be made on the covering Government bill of lading except when there is not sufficient space on the bill of lading for this purpose. In the latter case the certification with reference to the appropriate Government bill of lading number may be made on plain paper and securely attached to said bill of lading.

(d) When transportation charges have been paid as authorized in paragraph (b) of this section, the payment of accessorial charges, if any, accruing against the shipment after delivery into storage may be made upon presentation by the forwarder of a claim therefor on Standard Form No. 1113, which should bear the same bill number as the forwarder's original bill for transportation charges but carrying a letter suffix (Example—No. 12345-*A*). The claims for accessorial charges must identify the bill of lading covering the transportation service, show the basis for the accessorial charges claimed, and be supported by an original Accessorial Services Certificate (DD Form 619) [1] for services rendered at destination, signed by the consignee, showing:

(1) The accessorial services ordered and furnished;

(2) Receipt of the shipment by the consignee or owner; and

(3) Loss of or damage to the shipment, if any (use space captioned "Explanation or Remarks" for this information).

(Sec. 202, 61 Stat. 500, as amended; 5 U. S. C. 171a)

PERKINS MCGUIRE,
Assistant Secretary of Defense,
(Supply and Logistics).

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter C—Drugs

PART 141e—BACITRACIN AND BACITRACIN-CONTAINING DRUGS; TESTS AND METHODS OF ASSAY

PART 146—GENERAL REGULATIONS FOR THE CERTIFICATION OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

PART 146a—CERTIFICATION OF PENICILLIN AND PENICILLIN-CONTAINING DRUGS

PART 146c—CERTIFICATION OF CHLORTETRACYCLINE (OR TETRACYCLINE) AND CHLORTETRACYCLINE- (OR TETRACYCLINE-) CONTAINING DRUGS

PART 146e—CERTIFICATION OF BACITRACIN OR BACITRACIN-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 357, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (20 F. R. 1996), the regulations for tests and methods of assay and certification of antibiotic and antibiotic-containing drugs (21 CFR Parts 141e, 146, 146a, 146c, 146e; 21 F. R. 7433, 8215) are amended as indicated below:

[1] Filed as part of original document.

1. Section 141e.403 is amended by changing the section headnote and paragraph (a) to read as follows:

§ 141.403 *Bacitracin tablets; zinc bacitracin tablets; bacitracin methylene disalicylate tablets*—(a) *Potency.* Proceed as directed in § 141.401 (a), except § 141.401 (a) (3), and in lieu of the directions in § 141.401 (a) (1) (iii) proceed as follows: Place a representative sample (usually 5 tablets) in a blending jar and add thereto 125 milliliters of 1 percent phosphate buffer, pH 6.0, except that if it is bacitracin methylene disalicylate add 99 milliliters of an aqueous solution of 2 percent sodium bicarbonate and 1 milliliter of a 10 percent aqueous solution of polysorbate 80. After blending for 1 minute with a high-speed blender, add 125 milliliters of buffer to the blender. Blend again for 1 minute and make the proper estimated dilutions in 1 percent phosphate buffer, pH 6.0. The content of bacitracin, zinc bacitracin, or bacitracin methylene disalicylate is satisfactory if it contains not less than 85 percent of the number of units per tablet that it is represented to contain.

2. In § 141e.410, the section headnote and paragraph (a) (1) (i) are amended to read as follows:

§ 141e.410 *Bacitracin-neomycin tablets; zinc bacitracin-neomycin tablets; bacitracin methylene disalicylate-neomycin tablets*—(a) *Tablets*—(1) *Potency*—(i) *Bacitracin, zinc bacitracin, or bacitracin methylene disalicylate content.* Proceed as directed in § 141e.403 (a). Its content of bacitracin, zinc bacitracin, or bacitracin methylene disalicylate is satisfactory if it contains not less than 85 percent of the number of units per tablet that it is represented to contain.

3. In § 146.26 *Animal feed containing penicillin* * * *, paragraph (b) (5) is amended by adding the following new subdivisions:

(x) Piperazine dihydrochloride, not less than 0.18 percent and not more than 0.55 percent (piperazine base 0.1 percent to 0.3 percent).

(xi) Piperazine phosphate monohydrate, not less than 0.23 percent and not more than 0.70 percent (piperazine base 0.1 percent to 0.3 percent).

(xii) Piperazine sulfate, not less than 0.21 percent and not more than 0.65 percent (piperazine base 0.1 percent to 0.3 percent).

(xiii) di-*N*-Butyl tin dilaurate 0.07 percent, piperazine sulfate 0.12 percent, and phenothiazine 0.29 percent.

4. In § 146a.58 *Penicillin and streptomycin* * * *, subparagraph (1) (iv) of paragraph (c) *Labeling* is amended by changing the colon after the word "certified" to a comma and inserting the following new clause: ", except that the blank may be filled in with the date that is 60 months after the month during which the batch was certified if the person who requests certification has submitted to the Commissioner results of tests and assays showing that after having been stored for such period of time such drug as prepared by him complies with the standards prescribed by paragraph (a) of this section:".

5. In § 146c.231 *Capsules tetracycline and oleandomycin phosphate,* subparagraph (1) of paragraph (a) *Standards of identity* * * * is amended by changing the words "80 milligrams" to read "30 milligrams".

6. Section 146.403 is amended in the following respects:

a. The section headnote and paragraph (a) are changed to read as follows:

§ 146e.403 *Bacitracin tablets; zinc bacitracin tablets; bacitracin methylene disalicylate tablets; bacitracin suppositories; zinc bacitracin suppositories (if they are represented for vaginal use); bacitracin implantation pellets; zinc bacitracin implantation pellets (if they are represented for use by implanting under the skin of animals)*—(a) *Standards of identity, strength, quality, and purity.* Bacitracin tablets, zinc bacitracin tablets, and bacitracin methylene disalicylate tablets are tablets composed of bacitracin, zinc bacitracin, or bacitracin methylene disalicylate, with or without kaolin and pectin and with or without one or more suitable and harmless buffer substances, diluents, binders, lubricants, colorings, and flavorings. The potency of each tablet is not less than 1,000 units nor more than 10,000 units. Its moisture content is not more than 5 percent. Unless it is represented to be used for inhalation therapy, the bacitracin used conforms to the requirements of § 146e.401 (a), except § 146e.401 (a) (1), (2), and (4), but in no case is its potency less than 30 units per milligram. If it is represented to be used for inhalation therapy, the bacitracin used conforms to the requirements of § 146e.401 (a), except § 146e.401 (a) (2) and (4). The zinc bacitracin used conforms to the requirements of § 146e.418 (a). The bacitracin methylene disalicylate used conforms to the requirements of § 146e.416 (a). Each other substance used, if its name is recognized in the U. S. P. or N. F., conforms to the standards prescribed therefor by such official compendium.

b. In paragraph (c) *Labeling,* subparagraph (1) is amended by changing subdivision (iv) to read as indicated below and by adding a new subdivision (v) thereto, as follows:

(iv) If it is implantation pellets or bacitracin methylene disalicylate tablets, the statement "For veterinary use only".

(v) If the batch contains, in addition to bacitracin, zinc bacitracin, or bacitracin methylene disalicylate, one or more of the other active ingredients specified in paragraph (a) of this section, the name and quantity of each such other ingredient in each tablet.

c. Paragraph (c) is further amended by renumbering subparagraph (3) as (4) and inserting a new subparagraph (3), reading as follows, between subparagraph (2) and renumbered subparagraph (4):

(3) On the label and labeling, if it contains kaolin or pectin, after the name "bacitracin tablets," "zinc bacitracin tablets," or "bacitracin methylene disalicylate tablets," wherever it appears, the words "with _____ (the blank being filled in with the word "kaolin" or "pectin" or the words "kaolin and pectin," in juxtaposition with such name)."

d. In paragraph (d) *Request for certification* * * *, subparagraph (1) is amended to read as follows:

(d) *Requests for certification; sampling.* (1) In addition to complying with the requirements of § 146.2 of this chapter, a person who requests certification of a batch shall submit with his request a statement showing the batch mark, the number of packages of each size in such batch, the batch mark and (unless it was previously submitted) the date on which the latest assay of the bacitracin, zinc bacitracin, or bacitracin methylene disalicylate used in making such batch was completed, the number of units in each tablet, the quantity of each ingredient used in making the batch, the date on which the latest assay of the drug comprising such batch was completed, and a statement that each ingredient used in making the batch conforms to the requirements prescribed therefor, if any, by this section.

e. Paragraph (d) (2) (ii) is amended to read as follows:

(ii) The bacitracin, zinc bacitracin, or bacitracin methylene disalicylate used in making the batch; potency, toxicity, moisture, pH, and zinc content if it is zinc bacitracin.

f. Paragraph (d) (3) is amended by renumbering subdivision (iv) as (v) and inserting a new subdivision (iv), reading as follows, between subdivision (iii) and renumbered subdivision (v):

(iv) The bacitracin methylene disalicylate used in making the batch; 5 packages containing approximately equal portions of not less than 5 grams each, packaged in accordance with the requirements of § 146e.416 (b).

g. Paragraph (d) (4) is amended to read as follows:

(4) No result referred to in subparagraph (2) (ii) of this paragraph, and no sample referred to in subparagraph (3) (ii), (iii), or (iv) of this paragraph, is required if such result or sample has been previously submitted.

h. In paragraph (e) *Fees,* subparagraph (1) is amended by changing the words "and (iv)" to read "(iv), and (v)".

7. Section 146c.410 is amended as follows:

a. The section headnote, the introduction to paragraph (a), and paragraph (a) (1) are changed to read as follows:

§ 146e.410 *Bacitracin-neomycin tablets; zinc bacitracin-neomycin tablets; bacitracin methylene disalicylate-neomycin tablets.* (a) Bacitracin-neomycin tablets, zinc bacitracin-neomycin tablets, and bacitracin methylene disalicylate-neomycin tablets conform to all requirements and are subject to all procedures prescribed for bacitracin tablets, zinc bacitracin tablets, and bacitracin methylene disalicylate tablets, except that:

(1) Each tablet contains not less than 2,500 units of bacitracin, zinc bacitracin, or bacitracin-methylene disalicylate.

b. Paragraph (a) (3) is changed to read as follows:

(3) In lieu of the labeling prescribed by § 146e.403 (c) (1) (ii), each package shall bear on the outside wrapper or container and the immediate container the number of units of bacitracin, zinc bacitracin, or bacitracin methylene disalicylate and the number of milligrams of neomycin in each tablet of the batch.

c. Paragraph (a) (4) is amended by changing the words "bacitracin or zinc bacitracin" to read "bacitracin, zinc bacitracin" or bacitracin methylene disalicylate".

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry, since it relaxes existing requirements, and since it would be against public interest to delay providing for the amendments set forth above.

I further find that animal feeds containing antibiotics and the drugs specifically enumerated in amendment 3 need not comply with the requirements of sections 502 (1) and 507 of the Federal Food, Drug, and Cosmetic Act in order to ensure their safety and efficacy, provided they comply with all the other conditions specified in the regulations.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 701, 52 Stat. 1055, as amended. Interpret or apply sec. 507, 59 Stat. 463, as amended; 21 U. S. C. 357, 371)

Dated: February 13, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Foods and Drugs.

[F. R. Doc. 57-1320; Filed, Feb. 19, 1957; 8:47 a. m.]

Subchapter E—Regulations Under Specific Acts of Congress Other Than the Federal Food, Drug, and Cosmetic Act

PART 281—ENFORCEMENT OF THE TEA IMPORTATION ACT

TEA STANDARDS 1957-1958

Pursuant to the authority of the Tea Importation Act (secs. 2, 10, 29 Stat. 607, 41 Stat. 712, 57 Stat. 500; 21 U. S. C. 42, 50), the regulations for the enforcement of this act (21 CFR Part 281; 21 F. R. 1317) are amended by changing § 281.19 (a) to read as follows:

§ 281.19 *Tea standards.* (a) Samples for standards of the following teas, prepared, identified, and submitted by the Board of Tea Experts on February 6, 1957, are hereby fixed and established as

the standards of purity, quality, and fitness for consumption under the Tea Importation Act for the year beginning May 1, 1957, and ending April 30, 1958:

(1) Formosa Oolong.
(2) Java Black (for all black tea except Formosa and Japan Black and Congou type).
(3) Formosa Black (Formosa Black and Congou type).
(4) Japan Black.
(5) Japan Green.
(6) Canton type (for all Canton types including scented Canton and Canton Oolong).

These standards apply to tea shipped from abroad on or after May 1, 1957. Tea shipped prior to May 1, 1957, will be governed by the standards which became effective May 1, 1956 (21 F. R. 1317).

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since the amendment is based upon the recommendation of the Board of Tea Experts, which is comprised of experts in teas drawn from the Food and Drug Administration and the tea trade, so as to be representative of the tea trade as a whole.

(Sec. 10, 29 Stat. 607; 21 U. S. C. 50. Interprets or applies sec. 2, 41 Stat. 712, 57 Stat. 500; 21 U. S. C. 42)

Dated: February 13, 1957.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

[F. R. Doc. 57-1319; Filed, Feb. 19, 1957; 8:47 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter VI—Business and Defense Services Administration, Department of Commerce

[BDSA Order M-11A, Revised Schedule A of February 15, 1957]

M-11A—COPPER AND COPPER-BASE ALLOYS

REVISION OF SCHEDULE A—SET-ASIDE PERCENTAGES

This amendment of Schedule A to BDSA Order M-11A is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amendment, consultation with industry representatives has been rendered impracticable due to the need for immediate action.

This amendment revises Schedule A of BDSA Order M-11A as amended December 18, 1956. It applies to authorized controlled material orders calling for delivery after March 31, 1957 and provides for a new base period for the determination of average shipments against which set-aside percentages are to be applied. Set-aside percentages for copper controlled material products are also revised.

Schedule A to BDSA Order M-11A is hereby amended to read as follows:

SCHEDULE A TO BDSA ORDER M-11A

Set-aside Percentages

(See sec. 6 (f) of BDSA Order M-11A)
Base period—Calendar Year 1955

(See sec. 2 (o) of BDSA Order M-11A)

Product and Percentage for Orders Calling for Delivery After March 31, 1957 [1]	
Brass mill products:	
Unalloyed:	
Plate, sheet, strip, and rolls	6
Rod, bar, shapes, and wire	11
Seamless tube and pipe	3
Alloyed:	
Plate, sheet, strip, and rolls	5
Rod, bar, shapes, and wire	4
Seamless tube and pipe	15
Military ammunition cups and discs	65
Copper wire mill products:	
Copper wire and cable:	
Bare and tinned	8
Weatherproof	8
Magnet wire	8
Insulated building wire	8
Paper and lead power cable	8
Paper and lead telephone cable	8
Asbestos cable	8
Portable and flexible cord and cable	8
Communications wire and cable	8
Copper wire mill products—Continued	
Copper wire and cable—Continued	
Shipboard cable	8
Automotive and aircraft wire and cable	8
Insulated power cable	8
Signal and control cable	8
Coaxial cable	8
Copper-clad steel wire containing over 20 percent copper by weight regardless of end use	8
Copper foundry products	7
Unalloyed copper powder mill products	[2]
Copper-base alloy powder mill products	[2]

[2] No reserve space provided. Producers of these products are nevertheless required to accept authorized controlled material orders for such products in accordance with the provisions of the DMS regulations and this order. However, section 6 (f) of this order does not apply to such authorized controlled material orders.

(Sec. 704, 64 Stat. 816, as amended; sec. 1, Pub. Law 632, 84th Cong., 70 Stat. 406; 50 U. S. C. App. 2154)

This revised schedule shall take effect February 15, 1957.

BUSINESS AND DEFENSE SERVICES ADMINISTRATION,
H. B. MCCOY,
Administrator.

[F. R. Doc. 57-1307; Filed, Feb. 19, 1957; 8:45 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 52]

CANNED ONIONS [1]

SUBPART—U. S. STANDARDS FOR GRADES

Notice is hereby given that the United States Department of Agriculture is considering the issuance of United States Standards for Grades of Canned Onions pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087 et seq., as amended, 7 U. S. C. 1621 et seq.). This standard, if made effective, will be the first issue by the Department of grade standards for this product.

All persons who desire to submit written data, views or arguments for consideration in connection with the proposed standards should file the same with the Chief, Processed Products Standardization and Inspection Branch, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., not later than 90 days after publication hereof in the FEDERAL REGISTER.

The proposed standards are as follows:

PRODUCT DESCRIPTION AND GRADES

Sec.
52.3041 Product description.
52.3042 Grades of canned onions.

FILL OF CONTAINER AND DRAINED WEIGHTS

52.3043 Recommended fill of container.
52.3044 Recommended minimum drained weight.

SIZE AND COUNT OF CANNED WHOLE ONIONS

52.3045 Size and count of onions.

FACTORS OF QUALITY

52.3046 Ascertaining the grade.
52.3047 Ascertaining the rating for the factors which are scored.
52.3048 Color.
52.3049 Uniformity of size and shape.
52.3050 Defects.
52.3051 Character.

SCORE SHEET

52.3052 Score sheet for canned onions.

AUTHORITY: §§ 52.3041 to 52.3052 issued under sec. 205, 60 Stat. 1090, as amended; 7 U. S. C. 1624.

PRODUCT DESCRIPTION, AND GRADES

§ 52.3041 *Product description.* "Canned onions" means the canned product from properly prepared, clean, sound, succulent bulbs of the onion plant as such product is defined in the Standard of Identity for Canned Onions (21 CFR 52.990) issued pursuant to the Federal Food, Drug, and Cosmetic Act.

§ 52.3042 *Grades of canned onions.* (a) "U. S. Grade A" or "U. S. Fancy" is the quality of canned onions that possess similar varietal characteristics; that possess a normal flavor; that possess a good color; that are practically uniform in size and shape; that are practically free from defects; that possess a good character; and that score not less than 85 points when scored in accordance with the scoring system outlined in this subpart.

(b) "U. S. Grade C" or "U. S. Standard" is the quality of canned onions that possess similar varietal characteristics; that possess a normal flavor; that possess a fairly good color; that are fairly uniform in size and shape; that are fairly free from defects; that possess a fairly good character; and that score not less than 70 points when scored in accordance with the scoring system outlined in this subpart.

(c) "Substandard" is the quality of canned onions that fail to meet the requirements of U. S. Grade C or U. S. Standard.

FILL OF CONTAINER AND DRAINED WEIGHT

§ 52.3043 *Recommended fill of container.* The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purpose of these grades. It is recommended that each container be filled as full as practicable with onions without impairment of quality and that the product and packing medium occupy not less than 90 percent of the total capacity of the container.

RECOMMENDED MINIMUM DRAINED WEIGHT

§ 52.3044 *Recommended minimum drained weight.* The drained weight recommendations in Table I of this section are not incorporated in the grades of the finished product since drained weight, as such, is not a factor of quality for the purpose of these grades. The drained weight of canned onions, as the case may be, is determined by emptying the contents of the container upon a No. 8 circular sieve of proper diameter and allowing to drain for two minutes. A sieve 8 inches in diameter is used for No. 2½ size cans (401 x 411) and smaller sizes, and a sieve 12 inches in diameter is used for containers larger than the No. 2½ size can.

TABLE I—RECOMMENDED MINIMUM DRAINED WEIGHTS, IN OUNCES, OF CANNED ONIONS

Container size or designation	Maximum headspace allowable (measured from top of double seam)	Sizes of canned onions		
		Tiny	Small	Medium
	16th of an inch	*Ounces*	*Ounces*	*Ounces*
8-ounce tall	7.6	5.0	5.0	5.0
No. 303	9.4	10	10	10
No. 303 glass	9.4	9	9	9
No. 10	13.6	66	65	63

SIZE AND COUNT OF CANNED WHOLE ONIONS

§ 52.3045 *Size and count of onions.* The size and count recommendations in Table II of this section are not incorporated in the grades of the finished product since size and count of onions, as such, are not a factor of quality for purpose of these grades. The size of any onion is determined by measuring the largest diameter through the center transverse to the longitudinal axis of the onions. The word and size designations of the various sizes of whole onions are shown in the table as well as the count range per container for stated container sizes.

TABLE II—SIZE AND COUNT

Container size or designation (metal, unless otherwise stated)	Tiny (⅞" or less)	Small (over ⅞" to and including 1⅜6")	Medium (over 1⅜6" to and including 1½")
8-ounce tall	15 to 20, inclusive	10 to 12, inclusive	
No. 303 and No. 303 glass	30 to 40, inclusive	16 to 25, inclusive	12 to 16, inclusive.
No. 10	200 and over	100 and over	80 to 99, inclusive.

FACTORS OF QUALITY

§ 52.3046 *Ascertaining the grade—*(a) *General.* In addition to considering other requirements outlined in the standards the following quality factors are evaluated:

(1) *Factors which are not scored.* (i) Varietal characteristics.

(ii) Flavor.

(2) *Factors which are scored.* The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

Factors:	*Points*
Color	20
Uniformity of size and shape	30
Defects	30
Character	20
Total score	100

(b) *Normal flavor.* "Normal flavor" means that the product is free from objectionable flavors and objectionable odors of any kind.

§ 52.3047 *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive. (For example, "17 to 20 points" means 17, 18, 19, or 20 points.)

§ 52.3048 *Color—*(a) *General.* The color of canned onions has reference to the predominating and characteristic color of the exterior surface of the onion bulb.

(b) *(A) classification.* Canned onions that possess a good color may be given a score of 17 to 20 points. "Good color" means that the canned onions possess a reasonably bright, characteristic white color which may include typical greenish areas on the side or around the top end of the bulb; and that not more than 10 percent, by count, of the onions may possess typical greenish areas, which in the aggregate, exceed one-half of the surface area of the bulb.

(c) *(C) classification.* If the canned onions possess a fairly good color a score of 14 to 16 points may be given. Canned onions that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly good color" means that the canned onions possess a characteristic white color which may include typical greenish areas on the side or around the top end of the bulb; that the product is not materially affected by oxidation, dull grayish white, watery white casts or other discoloration; and that not more than 20 percent, by count, of the onions may possess greenish areas, which in the aggregate, exceed one-half of the surface area of the bulb.

(d) *(SStd.) classification.* Canned onions that fail to meet the requirements of paragraph (c) of this section may be given a score of 0 to 13 points, and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.3049 *Uniformity of size and shape—*(a) *General.* Uniformity of size and shape refers to the degree of variation and shape of canned onions.

(1) "Poorly shaped" means that the onions may be off type, elongated or misshapen but not to the extent that the appearance is seriously affected, and the length of the onion is more than 1.7 times the diameter of the onion.

TABLE III—EQUIVALENT DIMENSIONS FOR POORLY SHAPED ONIONS

Diameter of onion [1]	*Maximum length of onion (inches)* [2]
½ inch	1¼
9/16 inch	1½
⅝ inch	1¾
11/16 inch	1⅞
¾ inch	2
13/16 inch	2 3/16
⅞ inch	2⅜
15/16 inch	2 9/16
1 inch	2 11/16

[1] Diameter is determined by measuring the largest diameter through the center transverse to the longitudinal axis of the onion.

[2] Length is determined by measuring the greatest over-all length of the onion.

(b) *(A) classification.* Canned onions that are practically uniform in size and shape may be given a score of 26 to 30 points. "Practically uniform in size and shape" means that:

(1) In containers with less than 21 units, not more than 10 percent, by count, of the onions are poorly shaped, and the weight of the second largest onion is not more than three times the weight of the second smallest onion.

(2) In containers with 21 or more units, not more than 10 percent by count, of the onions are poorly shaped, and in 95 percent, by count, of the onions that are most uniform in size and shape, the weight of the largest onion is not more than three times the weight of the smallest onion.

(c) *(C) classification.* If the canned onions are fairly uniform in size and shape a score of 21 to 25 points may be

[1] Compliance with these standards does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

given. Canned onions that fail into this classification shall not be graded above "U. S. Grade C" or "U. S. Standard," regardless of the total score for the product (this is a limiting rule). "Fairly uniform in size and shape" means that:

(1) In containers with less than 21 units, not more than 25 percent, by count, of the onions are poorly shaped, and the weight of the second largest onion is not more than four times the weight of the second smallest onion.

(2) In containers with 21 or more units, not more than 25 percent, by count, of the onions are poorly shaped, and in 95 percent, by count, of the onions that are most uniform in size and shape the weight of the largest onion is not more than four times the weight of the smallest onion.

(d) (*SStd.*) *classification.* Canned onions that fail to meet the requirements of paragraph (c) of this section may be given a score of 0 to 20 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.3050 *Defects*—(a) *General.* The factor of defects refers to the degree of freedom from blemished units, mechanical damage, loose scales, loose centers, sprouting centers, partial units, and to the trimming of the onion bulb.

(1) "Blemished" means units affected by surface or internal discoloration or blemished by other means to the extent that the appearance or eating quality is materially affected.

(2) "Seriously blemished" means blemished to such an extent that the appearance or eating quality of the unit is seriously affected.

(3) "Mechanical damage" means that the appearance or edibility of the unit is not materially affected by broken scales, excessive gouging, or from broken or crushed units.

(4) "Loose scales" means scales, pieces of scales not attached to a unit.

(5) "Detached center" means the center portion of the onion bulb has become separated.

(6) "Sprouting center" means that the onion has a visible internal yellow sprout.

(7) "Partial unit" means an onion of which less than three-fourths of the apparent size of the bulb is present.

(8) "Well trimmed" means that the top and roots of the bulb have been neatly removed.

(b) (*A*) *classification.* Canned onions that are practically free from defects may be given a score of 25 to 30 points. "Practically free from defects" means:

(1) That for approximately each 20 onions there may be present not more than:

(i) Two loose scales, or pieces of scales;

(ii) One detached center;

(iii) One sprouting center, and

(iv) One seed stem.

(2) That at least 95 percent, by count, of the onions are well trimmed; that not more than 10 percent, by count, possess mechanical damage and/or partial units; and that not more than 3 percent, by count, may be blemished: *Provided*, That not more than 1 percent, by count, of all the units may be seriously blemished; or one unit in a single container is permitted to be mechanically damaged, or possess a partial unit, or be blemished, or seriously blemished if such unit exceeds the respective allowances of 10 percent, by count, 3 percent, by count, and 1 percent, by count: *Provided*, That in all of the containers comprising the sample such mechanical damage and/or partial units do not exceed an average of 10 percent, by count, of the total number of units or that such blemished units do not exceed an average of 3 percent, by count, of the total number of units or that such seriously blemished units do not exceed an average of 1 percent, by count, of the total number of units.

(c) (*C*) *classification.* Canned onions that are fairly free from defects may be given a score of 21 to 24 points. Canned onions that fall into this classification shall not be graded above "U. S. Grade C" or "U. S. Standard," regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means:

(1) That for approximately each 10 onions there may be present not more than:

(i) Two loose scales, or pieces of scale;

(ii) One detached center;

(iii) One sprouting center, and

(iv) One seed stem.

(2) That at least 90 percent, by count, of the onions are well trimmed; that not more than 20 percent, by count, possess mechanical damage and/or partial units; and that not more than 5 percent, by count, may be blemished: *Provided*, That not more than 2 percent, by count, of all the units may be seriously blemished; or one unit in a single container is permitted to be mechanically damaged, or possess a partial unit, or be blemished, or seriously blemished if such unit exceeds the respective allowances of 20 percent, by count, 5 percent, by count, and 2 percent, by count: *Provided*, That in all of the containers comprising the sample such mechanical damage and/or partial units do not exceed an average of 20 percent, by count, of the total number of units or that such blemished units do not exceed an average of 5 percent, by count, of the total number of units or that such seriously blemished units do not exceed an average of 2 percent, by count, of the total number of units.

(d) (*SStd.*) *Classification.* Canned onions that fail to meet the requirements of paragraph (c) of this section may be given a score of 0 to 20 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.3051 *Character*—(a) *General.* Character has reference to firmness and texture of the onion, and to the tendency to retain their conformation without becoming soft or spongy.

(b) (*A*) *classification.* Canned onions that possess a good character may be given a score of 17 to 20 points. "Good character" means that the onions are reasonably firm, reasonably tender, and not more than 5 percent, by count, are soft or spongy.

(c) (*C*) *classification.* Canned onions that possess a fairly good character may be given a score of 14 to 16 points. Canned onions that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly good character" means that the onions are fairly firm, fairly tender and not more than 20 percent, by count, are soft or spongy.

(d) (*SStd.*) *classification.* Canned onions that fail to meet the requirements of paragraph (c) of this section may be given a score of 0 to 13 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

DEPARTMENT OF COMMERCE

Federal Maritime Board and Maritime Administration

[46 CFR Part 281]

[Gen. Order 80]

INFORMATION AND PROCEDURE REQUIRED UNDER OPERATING-DIFFERENTIAL SUBSIDY AGREEMENTS

NON-SUBSIDIZED VOYAGES

In compliance with the provisions of section 4, Administrative Procedure Act, and pursuant to section 204, Merchant Marine Act, 1936, as amended, notice is hereby given that adoption of the regulations hereinafter set forth is contemplated.

All interested persons who desire to submit written comments and suggestions for consideration in connection with the proposed regulations should send them to the Secretary, Maritime Administration, Washington 25, D. C., within thirty (30) days after publication hereof in the FEDERAL REGISTER.

Dated: February 15, 1957.

CLARENCE G. MORSE,
Maritime Administrator.

Part 281—Information and Procedure Required under Operating-Differential Subsidy Agreements, is amended by adding the following new sections and center heading:

NON-SUBSIDIZED VOYAGES

Sec.
281.11 Scope and general comments.
281.12 Application for non-subsidized voyages.
281.13 Hearings.
281.14 Prior authorization.
281.15 Criteria for approval of non-subsidized voyages.
281.16 Conditions to attach in event of approval of application.
281.17 Determinations and questions of interpretation.

AUTHORITY: §§ 281.11 to 281.17 issued under sec. 204, 49 Stat. 1987; 46 U. S. C. 1114. Interpret or apply sec. 606, 49 Stat. 2004; 46 U. S. C. 1176.

§ 281.11 *Scope and general comments.* (a) Except as provided below, §§ 281.11 to 281.17 apply to non-subsidized voyages to be made by a subsidized operator or by a related company, as referred to in Article II–16 of the operating-differential subsidy agreements. Except as provided below it also applies to non-subsidized voyages of subsidized ships.

(b) Sections 281.11 to 281.17 do not apply to (1) non-subsidized voyages specifically authorized by the operating-differential subsidy contract of the operator and non-subsidized voyages by subsidized ships in the subsidized services of the operator, which voyages will be acted on under the provisions of the operator's operating-differential subsidy agreement; or (2) non-subsidized voyages in services that have not been determined to be essential as provided in section 211, Merchant Marine Act, 1936, as amended, by a non-subsidized ship owned by a non-subsidized company related to a subsidized operator.

(c) Sections 281.11 to 281.17 apply to the following categories only to the extent indicated:

(1) Charters to the Military Sea Transportation Service or to a non-subsidized operator—paragraphs (a) and (e) of this section; § § 281.12 (a) (6) and (b); 281.15 (b); 281.16 (a), (b), (c), and (f); and 281.17.

(2) Non-subsidized voyages by non-subsidized ships (other than those excluded under paragraph (b) of this section) in a service where there are no U. S.-flag berth sailings by other operators—paragraphs (a), (e), and (f) of this section; § § 281.12 (a); 281.15; 281.16 (a), (b), (c), (e), and (f); and 281.17.

(3) Ships chartered from the Maritime Administration—§ 281.16.

(d) Except as otherwise determined by the Maritime Administrator, application by a subsidized operator to make a non-subsidized voyage on a route, line or service on which U. S.-flag berth service is maintained but on which the applicant does not maintain a berth operation will not be approved unless the applicant has requested and furnished the written consent of such operator(s) of the U. S.-flag berth service(s). Failure of other operator(s) of U. S.-flag berth service(s) to protest or consent to a non-subsidized voyage within 2 working days, Saturdays, Sundays, and legal holidays excluded (one working day in the case of single voyage charters for the carriage of bulk cargoes) after notification may be interpreted by the Maritime Administrator as consent to such voyage. Such consent will not be required in the event a U. S.-flag berth operator is employing any U. S. Government-owned ship(s) competitively in such route, line, or service under charter pursuant to Public Law 591, 81st Congress.

(e) Responsibility for compliance with §§ 281.11 to 281.17 shall rest on the subsidized operator regardless of whether he is owner, operator, or charterer of the ship involved.

(f) "U. S.-flag berth operator" as used in §§ 281.11 to 281.17 means an operator rendering on the given route, line, or service an exclusively U. S.-flag service maintaining a definite advertised schedule, giving relatively frequent sailings at regular intervals between specific United States ports or range and designated foreign ports or range.

(g) For the purposes of §§ 281.11 to 281.17, competition shall be deemed to exist between the proposed non-subsidized voyage and voyages of other U. S.-flag berth operators in the event the non-subsidized voyage operates in the same route, line, or service as regularly scheduled voyages by such other operators, whether or not the respective itineraries cover identical ports or follow the same order of port calls. Generally, the test will be whether the proposed non-subsidized voyage will provide a service of the type which would be competitive under the considerations of section 605 (c) of the 1936 Act.

§ 281.12 *Application for non-subsidized voyages.* (a) Unless a shorter period is acceptable to the Maritime Administrator, application must be filed not less than five working days, excluding Saturdays, Sundays, and legal holidays, (two working days in the case of single voyage charters for the carriage of bulk cargoes) prior to the date by which the operator requires action thereon, accompanied by the following data:

(1) Name of vessel and date by which decision on application is required.

(2) Statement showing why the voyage is needed, why it will not prejudice other sailings of applicant, and what effect the results will have on the Government's recapture position.

(3) Nature and amounts of anticipated cargo (indicating the approximate amounts of MSTS, bulk commercial and other commercial cargo, separately) on the proposed non-subsidized voyage, outbound and inbound, by principal loading and destination ports. If no inbound cargo is indicated, the operator shall not, in the event of approval of its application, lift inbound cargo unless and until it secures the approval of the Maritime Administration pursuant to an application filed in accordance with the procedure specified in §§ 281.11 to 281.17.

(4) Proposed sailing schedule for the voyage for which approval is requested, including estimated total voyage days.

(5) Pro forma financial results of said voyage including all charges for overhead (showing basis for allocation thereof), depreciation and interest, and all other applicable items.

(6) If the non-subsidized voyage is to be made with a chartered vessel, or if charters are made to MSTS or a non-subsidized operator—name and type of vessel, from whom or to whom chartered, type and period of charter, charter hire rate, range of ports, and other pertinent charter terms.

(b) In the case of charter of a subsidized ship between subsidized operators, the charterer shall furnish the required data, and the owner shall furnish to the Maritime Administration a certification that it will adequately service its subsidized route and meet its contractual sailing requirements without the utilization of the subsidized vessel for the period of proposed charter. Also, in the case of charter of a subsidized ship to MSTS or to a non-subsidized operator, the owner shall furnish the certification described above. The owner shall also file such application as may be required under other provisions of the law or contract, such as where section 805 (a) of the 1936 act is applicable.

§ 281.13 *Hearings.* (a) When in the judgment of the Maritime Administrator it appears that the individual non-subsidized voyages for which approval is requested are forming or tending to form a pattern leading to the establishment of a regular non-subsidized service, or, if in the case where such a non-subsidized service has already been established, it appears that the operator proposes to continue such service indefinitely, the Maritime Administrator may call an informal public hearing prior to making a final decision. Such hearing shall consider evidence respecting adequacy or inadequacy of service and such other evidence as the Maritime Administrator determines is pertinent to the proceedings consistent with his responsibilities under the Merchant Marine Act, 1936, as amended. Such hearing, for advisory purposes only, may be held by the Administrator, or in his discretion, by his designee.

(b) In the event favorable action is taken subsequent to a hearing under § 281.13 (a) authorizing a series of voyages, the findings and determinations of the Maritime Administrator shall be subject to annual review, except that upon presentation of new evidence, the Maritime Administrator may at any time reopen for review and after reasonable notice to the operator may cancel or modify any such authorization. In the event the operator requests permission to continue its non-subsidized operations beyond the period authorized by the Maritime Administrator, the Maritime Administrator shall determine whether or not further hearing on said matter is warranted prior to taking final action upon such request.

(c) In the event an operating-differential subsidy application or a request for an adjustment in the number of sailings under an existing contract is or has been filed by a subsidized operator and is under consideration by the Federal Maritime Board or scheduled for a section 605 (c) hearing, the hearing provisions of these rules and regulations may be waived or suspended by the Maritime Administrator and he may grant such authorizations as he deems appropriate under the circumstances.

§ 281.14 *Prior authorization.* A series of non-subsidized voyages previously authorized by the Maritime Administration may continue under the terms of such authorization but may be set for hearing in the discretion of the Maritime Administrator.

§ 281.15 *Criteria for approval of non-subsidized voyages*—(a) *Service.* Each non-subsidized voyage application must show definite need for the voyage whether or not in addition to the regular sailings maintained by the applicant and that approval of the voyage will not adversely affect applicant's regular sailings.

(b) *Financial results.* Each voyage should show expectation of profit after all proper charges, including overhead, charter hire, depreciation, and interest. However, the Maritime Administrator, in his discretion, may waive or modify this condition.

§ 281.16 *Conditions to attach in event of approval of application.* (a) No subsidy shall be payable with respect to said voyage.

(b) The voyage shall not count toward the operator's compliance with the minimum and maximum sailing requirements of its operating-differential subsidy contract.

(c) The financial results (including overhead, depreciation, interest, and all proper charges) of voyages made in other than the operator's subsidized service with subsidized or non-subsidized ships shall not be included in net earnings from subsidized operations; and the "capital necessarily employed" attributable to the ship(s) performing such operations shall also be excluded from subsidized operations.

(d) The financial results (including overhead, depreciation, interest, and all proper charges) of non-subsidized voyages made by non-subsidized ships in the operator's subsidized service shall be included in net earning from subsidized operations, and the "capital necessarily employed" attributable to the ship(s) performing such operations shall be taken into account as capital necessarily employed in subsidized operations for the period of such voyages; provided, however, the results:

(1) Shall be included in the subsidized operations for recapture and reserve fund purposes if the voyage is partially within the subsidized service and 50 percent or more of the total gross voyage revenue is derived from carrying cargo between ports within the subsidized service, and

(2) Shall be excluded from the subsidized operations for recapture and reserve fund purposes if the voyage is partially within the subsidized service and less than 50 percent of the total gross voyage revenue is derived from carrying cargo between ports within the subsidized service.

(e) The operator shall not advertise non-subsidized voyages outside his subsidized service except (1) for passenger ships, (2) where no established U. S.-flag service exists, or (3) where the voyage is part of a non-subsidized service authorized by the Maritime Administrator. Compliance with the requirements of this section is waived in the event a U. S.-flag berth operator is employing any U. S. Government-owned ship(s) competitively in such route, line, or service under charter pursuant to Public Law 591, 81st Congress.

(f) Without prior written approval of the Maritime Administrator, there shall be no deviation from the terms and conditions of the authorization of the non-subsidized voyage(s). However, the Maritime Administrator may, in his discretion, where unusual circumstances in any particular case so require or where it may be in the mutual interest of the operator and the Government, authorize a departure from or modification of any of the conditions of paragraphs (b) through (e) of this section.

§ 281.17 *Determinations and questions of interpretation.* The decision of the Maritime Administrator shall be final with respect to all determinations and questions of interpretation arising under §§ 281.11 to 281.17.

NOTICES

DEPARTMENT OF AGRICULTURE

Commodity Stabilization Service

[Amdt. 1]

WYOMING

NOTICE OF ESTABLISHMENT OF AREAS OF VENUE FOR MARKETING QUOTA REVIEW COMMITTEES

Pursuant to section 3 (a) (1) of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1002) which requires that the field organization be published in the FEDERAL REGISTER, and § 711.11 of the Marketing Quota Review Regulations (21 F. R. 9365, 9716), which provides for establishment of areas of venue for marketing quota review committees, notice is hereby given of areas of venue for the State of Wyoming established by the ASC State Committee as follows:

WYOMING

Counties of:

Area I—Converse, Goshen, Laramie, Niobrara, Platte.

Area II—Campbell, Crook, Johnson, Sheridan, Weston.

Area III—Albany, Carbon, Lincoln, Natrona, Sublette, Sweetwater, Teton, Uinta.

Area IV—Big Horn, Fremont, Hot Springs, Park, Washakie.

(Sec. 3, 60 Stat. 238; 5 U. S. C. 1002. Interprets or applies secs. 361-368, 52 Stat. 36; 7 U. S. C. 1361-1368)

Done at Washington, this 14th day of February 1957.

Witness my hand and the seal of the Department of Agriculture.

[SEAL] CLARENCE L. MILLER,
Associate Administrator,
Commodity Stabilization Service.

Office of the Secretary

LOUISIANA

DESIGNATION OF AREA FOR PRODUCTION EMERGENCY LOANS

For the purpose of making production emergency loans pursuant to section 2 (a) of Public Law 38, 81st Congress (12 U. S. C. 1148a-2 (a)), as amended, it has been determined that in the following parishes in the State of Louisiana, a production disaster has caused a need for agricultural credit not readily available from commercial banks, cooperative lending agencies, or other responsible sources.

LOUISIANA

Bienville	Natchitoches
Bossier	Red River
Caddo	Union
Claiborne	Webster
Desoto	Sabine
Lincoln	

Pursuant to the authority set forth above, production emergency loans will not be made in the above-named parishes after December 31, 1957, except to applicants who previously received such assistance and who can qualify under established policies and procedures.

Done at Washington, D. C., this 15th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Classification No. 16]

[B-26194]

COLORADO

SMALL TRACT OPENING

1. Pursuant to authority delegated to me by Bureau Order No. 541, dated April 21, 1954 (19 F. R. 2473), I hereby open the following described lands, which were classified by Classification Order No. 16, dated May 26, 1956 (21 F. R. 3727) to small tract application by the filing of Veterans' Drawing Entry Cards, under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 628a) as amended, and the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284), as amended:

SIXTH PRINCIPAL MERIDIAN, COLORADO

T. 5 S., R. 77 W.,
Sec. 7: NE¼NW¼.

Containing 40 acres subdivided into 32 small tracts numbered 1 through 32, inclusive, for reference purposes only. Tracts 10, 12, 13, 15, 18, 20 and 21 are covered by applications from persons entitled to preference under 43 CFR 257.5 (a) and if the applicants comply with the regulations these seven tracts will not be subject to the drawing.

2. The lands are located approximately two miles north of Dillon, Colorado, on the north side of Straight Creek. The topography is gently south-sloping, with rather shallow soil supporting sagebrush, grasses, and some scattered clumps of aspen and coniferous trees. There is no evidence of metallic or non-metallic minerals. The area is accessible in summer on county and private roads leading from State Highway 9 at Dillon, Colorado. Culinary water is not available from any presently developed source. A post office and stores are located in the nearby town of Dillon.

3. Each of the tracts, numbered 1 through 32 for purposes of reference only, contains 1.25 acres more or less and is rectangular in shape, approximately 165' x 330', the long axis running north and south. An unofficial plat showing the location of each tract can be obtained by writing to the Manager, Land Office, Bureau of Land Management, P. O. Box 1018, 357 New Custom House, Denver 1, Colorado. Lease and sale of these tracts will be by aliquot parts of a legal subdivision. The tracts are appraised at $550 each. Advance rental for the three-year lease period is $82.50. The tracts will be subject to all existing rights-of-way of record, and rights-of-way for roads and public utilities in accordance with Title 43 CFR 257.17 (b), will be reserved as described below. Such rights-of-way may be utilized by the Federal Government, or the State or County in which the tracts are located, or by any agency thereof. All minerals will be reserved to the United States.

Reference No.	Legal description 6th P. M. Colorado, T. 5 S., R. 77 W.	Location and width of rights of way
*	*Section 7*	
1	E½NE¼NE¼NE¼NW¼	25 feet along west, south and north sides, 50 feet along east side.
2	W½NE¼NE¼NE¼NW¼	25 feet along all sides.

31	W½SE¼SE¼NE¼NW¼	Do.
32	E½SE¼SE¼NE¼NW¼	25 feet along north and west sides, 50 feet along south and east sides.

[1] Under application from an individual having statutory preference.

4. Leases will be issued for a term of three years and will contain an option to purchase in accordance with 43 CFR 257.13. Lessees who comply with the general terms and conditions of their leases will be permitted to purchase their tracts at the price indicated above providing that during the period of their leases they comply with the improvement requirements as set forth on this opening order under paragraph 6 and those shown on the reverse side of the offer to lease and lease form 4-776. Leases will be renewable at the discretion of the Bureau of Land Management and the renewal lease will be subject to such terms and conditions as are deemed necessary in the light of the circumstances and regulations existing at the time of renewal. However, a lease will not be renewable unless failure to construct the required improvements is justified under the circumstances and non-renewal would work an extreme hardship on the lessee.

5. Persons who have previously acquired a tract under the Small Tract Act are not qualified to secure a tract at the drawing unless they can make a showing satisfactory to the Bureau of Land Management that the acquisition of another tract is warranted in the circumstances.

6. The improvements referred to in paragraph 4 must conform with health, sanitation and construction requirements of local ordinances and must in addition meet the following standards:

(a) Buildings on these tracts shall be constructed of new and substantial materials set on adequate foundations of cement, rocks, cinderblocks or similar materials. Chimneys must be of cement, stone, brick masonry, or of an approved metal type and shall be lined with fire resistant brick or tile except where approved metal types are used.

(b) No shacks of temporary and unsightly nature will be allowed. The use of tar or composition papers for general exterior purposes will not be permitted. No trailers or other portable types of houses will be considered as being part or all of the development requirements.

(c) Each lessee will be required to keep the premises in a neat and orderly condition. Garbage and other refuse must be disposed of by burning in an incinerator or be removed at regular intervals in accordance with local standards and practices.

(d) Only one residence building will be permitted per lot. Buildings other than the residence shall be kept to a minimum.

(e) All residential buildings shall have not less than 500 square feet of floor space.

(f) All Bureau of Land Management regulations and State laws as to fire prevention must be observed. Premises and improvements must be maintained in a fire safe condition at all times. Each lessee will be required to take all reasonable precautions to prevent and suppress forest, brush and grass fires. Debris and inflammable material will be removed or burned in such a manner that adjoining properties as well as their own will not be endangered.

(g) Buildings or other improvements on the lots shall be set back a minimum distance of 20 feet from rights-of-way.

(h) No buildings shall be constructed on areas reserved for rights-of-way as described in the order of classification and terms of the lease.

(i) All residence sites must have adequate sanitary facilities to conform with state, county, and local laws and ordinances. Outdoor toilets must be located a minimum of 50 feet from the building or dwelling. The toilets must be fully enclosed and of substantial construction and contain a pit and cover for the seat.

The depth of the pit shall not be less than 6 feet below ground level. In the case of inside toilets, disposal of waste shall be by means of septic tanks or cesspools.

7. The lands are now open to filing of drawing-entry cards (Form 4–775) only by persons entitled to veterans' preference. In brief, persons entitled to such preference are (a) honorably discharged veterans who served in the armed forces of the United States for a period of at least 90 days after September 15, 1940, (b) surviving spouse or minor orphan children of such veterans, and (c) with the consent of the veteran, the spouse of living veterans. The 90-day requirement does not apply to veterans who were discharged on account of wounds or disability incurred in the line of duty or the surviving spouse or minor children of veterans killed in the line of duty. Drawing-entry cards (Form 4–775) are available upon request from the Land Office Manager, Bureau of Land Management, Box 1018, Room 357 New Custom House, Denver, Colorado. Drawing-entry cards will be accepted if filled out in compliance with the instructions on the form and filed with the above-named official prior to 10:00 a. m., June 4, 1957. A drawing will be held on that date or shortly thereafter. Any person who submits more than one card will be declared ineligible to participate in the drawing. Tracts will be assigned to entrants in the order that their names are drawn. All entrants will be notified of the results of the drawing. Successful entrants will be sent copies of the lease forms (Form 4–776), with instructions as to their execution and return and as to payment of fees and rentals.

8. Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, 357 New Custom House, P. O. Box 1018, Denver 1, Colorado.

MAX CAPLAN,
State Supervisor.

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

The Civil Aeronautics Administration has filed an application, Serial No. Anchorage 024222, for the withdrawal of the lands described below, from all forms of appropriation under the public land laws including mining but excepting mineral leasing and the disposal of materials under the Materials Act.

The applicant desires the land for a Low Frequency r a d i o transmitting station.

For a period of 60 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Box 480, Anchorage, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

EKLUTNA AREA

T. 16 N., R. 1 E., S. M.,
Sec. 19: E½ SE¼ NW¼.
Containing 20 acres.

ROGER R. ROBINSON,
Operations Supervisor.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of the Secretary

STATEMENT OF ORGANIZATION AND DELEGATION OF AUTHORITY

The Statement of Organization and Delegations of Authority of the Department (20 F. R. 1996) is amended to read as follows:

PART 1—ORGANIZATION OF THE DEPARTMENT

SECTION 1.10 *Creation of the Department.* The Department of Health, Education, and Welfare was created by Reorganization Plan No. 1 of 1953. Under provisions of the act approved April 1, 1953, (Public Law 13, 83d Congress; 67 Stat. 18), the Plan became effective on April 11, 1953. The Plan abolished the Federal Security Agency, created by Reorganization Plan I, and tranferred all functions of the Federal Security Administrator to the Secretary of Health, Education, and Welfare, and all components of the Agency to the Department.

SEC. 1.20 *Department organization.* (a) The Department consists of the Office of the Secretary and the following operating agencies:

Public Health Service.
Office of Education.
Social Security Administration.
Food and Drug Administration.
Office of Vocational Rehabilitation.
Saint Elizabeths Hospital.

(b) In addition to the above, there are three federally aided corporations which are partially supported by Federal funds and operate to a limited extent under the supervision of the Secretary. These are:

American Printing House for the Blind (Louisville, Ky.).
Gallaudet College (Washington, D. C.).
Howard University (Washington, D. C.).

SEC. 1.30 *Field organization.* (a) The Department's field organization includes the following principal field installations:

9 Department regional offices with OS, PHS, OE, SSA, OVR representatives.
16 Food and drug district offices.
6 SSA–BOASI area offices.
546 SSA–BOASI district offices.
Major PHS field installations:
16 Hospitals. 4 Field centers and Laboratories at:
Atlanta, Georgia (Communicable Disease Center).
Cincinnati, Ohio (Robt. A. Taft Sanitary Eng. Center).
Anchorage, Alaska (Arctic Health Research Center).
Hamilton, Montana (Rocky Mountain Laboratory).
25 Foreign quarantine stations (in U. S. and Possessions).
5 Foreign quarantine stations (in foreign countries).
24 Outpatient clinics.
6 Indian health area and 4 Sub-area offices.
48 Indian and 8 Alaska native hospitals.
20 Indian health centers.

(b) The 546 BOASI District Offices operate under regional office supervision. The other field installations operate under general supervision of the appropriate headquarters offices.

SEC. 1.40 *Regional organization.* (a) The nine Department regions, their boundaries, and regional offices are as follows:

Region I, Boston, Mass.: Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont.
Region II, New York, N. Y.: Delaware, New Jersey, New York, and Pennsylvania.
Region III, Charlottesville, Va.: District of Columbia, Kentucky, Maryland, North Carolina, Virginia, West Virginia, Puerto Rico, and the Virgin Islands.
Region IV, Atlanta, Ga.: Alabama, Florida, Georgia, Mississippi, South Carolina, and Tennessee.
Region V, Chicago, Ill.: Illinois, Indiana, Michigan, Ohio, and Wisconsin.
Region VI, Kansas City, Mo.: Iowa, Kansas, Minnesota, Missouri, Nebraska, North Dakota, and South Dakota.
Region VII, Dallas, Tex.: Arkansas, Louisiana, New Mexico, Oklahoma, and Texas.
Region VIII, Denver, Colo.: Colorado, Idaho, Montana, Utah, and Wyoming.
Region IX, San Francisco, Calif.: Arizona, California, Nevada, Oregon, Washington, Alaska, Hawaii, and Guam.

(b) Each regional office is headed by a regional director who is the Secretary's representative within the region. The following have representation in the regional office:

Office of the Secretary.
Public Health Service.
Office of Education.
Social Security Administration.
Office of Vocational Rehabilitation.

The regional program representatives are under the general administrative supervision of the regional director but receive technical direction from the appropriate headquarters office or bureau.

PART 2—OFFICE OF THE SECRETARY

SEC. 2.10 *Organization.* The Office of the Secretary, in Washington, shall consist of the following: (See Part 1 of this statement for information regarding Office of the Secretary in the field.)

The Secretary and Under Secretary:
  Special Assistant for Health and Medical Affairs.
  Assistants to the Secretary.
  Director of Publications and Reports.
  Director of Security.
Assistant Secretary (For Legislation):
  Congressional Liaison Office.
Assistant Secretary:
  Director of Field Administration.
  Defense Coordinator.
  Assistant for International Activities.
  Advisor on Special Institutions.
Assistant to the Secretary (For Program Analysis):
  Program Analysis Officer.
  Special Assistant on Federal-State Problems.
  Special Staff on Aging.
General Counsel.
Director of Administration.

SEC. 2.20. *Secretary of Health, Education, and Welfare.*. (a) The Department of Health, Education, and Welfare shall be Administered under the supervision and direction of the Secretary.

(b) The Under Secretary shall perform such duties as the Secretary may prescribe and act as Secretary during the absence or disability of the Secretary or in the event of a vacancy in that office.

SEC. 2.30 *Order of succession.* (a) During the absence or disability of the Secretary and Under Secretary or in the event of a simultaneous vacancy in the offices of Secretary and Under Secretary, the Assistant Secretary who is senior according to date of his commission shall act as Secretary.

(b) During the absence, disability, or vacancy in the Offices of the Secretary, the Under Secretary and both Assistant Secretaries, the General Counsel shall perform all functions and exercise all authority of the Secretary.

SEC. 2.40 *Departmental Council.* The Departmental Council, composed of the following members, assists in providing an improved exchange of information and closer coordination of the activities of the Department.

Secretary.
Under Secretary.
Assistant Secretary.
Assistant Secretary (For Legislation).
Special Assistant for Health and Medical Affairs.
Assistant to the Secretary (For Program Analysis).
Assistants to the Secretary.
Congressional Liaison Officer.
General Counsel.
Director of Administration.
Director of Field Administration.
Surgeon General, Public Health Service.
Commissioner of Education.
Commissioner of Social Security.
Commissioner of Food and Drugs.
Director of Vocational Rehabilitation.
Superintendent of Saint Elizabeths Hospital.

SEC. 2.50 *Reservation of authority.* (a) In addition to the authority expressly reserved in subsequent parts of this statement, the following authority is reserved to the Secretary:

(1) No new division or comparable organizational unit shall be established, abolished, or transferred, and no divisions or comparable organizational units shall be consolidated without the prior approval of the Secretary.

(2) Annual or other reports required to be submitted to the President and the Congress shall be submitted by the Secretary unless otherwise required by law, in which case they shall be submitted through the Secretary.

(3) Regulations shall be approved by the Secretary.

(4) Appointments of officers, employees, and other personnel shall be made by the Secretary in all cases in which such authority has not been specifically delegated.

(5) Authority delegated by the President to the Secretary shall, except as specifically redelegated, be exercised only by the Secretary.

(6) Agreements with Federal, State, and local agencies for the performance of responsibilities delegated to the Department by the Federal Civil Defense Administration Delegation No. 1 (19 F. R. 4546) shall be approved only by the Secretary.

SURPLUS PROPERTY UTILIZATION PROGRAM

SEC. 2-248.10 *Organization.* There shall be in the Office of Field Administration, under the direction and supervision of the Director, Office of Field Administration, a Division of Surplus Property Utilization.

SEC. 2-248.20 *Assignment of responsibilities.* (a) The Chief of the Division of Surplus Property Utilization, under the direction and supervision of the Director, Office of Field Administration, shall be responsible for:

(1) Carrying out the functions, duties, and responsibilities vested in the Secretary of Health, Education, and Welfare by sections 203 (j), 203 (k), and 203 (n) of the Federal Property and Administrative Services Act of 1949, as amended, and by Federal Civil Defense Administration Delegation 5 (21 F. R. 6721) as the same may be amended from time to time, in conformance with the rules, regulations, and circulars issued by the Administrator of General Services and the rules, regulations, and circulars issued, and criteria established, by the Federal Civil Defense Administrator to the extent that they affect such functions, duties, and responsibilities (hereinafter called the Program) of the Secretary of Health, Education, and Welfare; and

(2) The organization, integration, coordination, evaluation, and direction of the Program.

(b) The Division, in carrying out the functions, duties and responsibilities of the Secretary as set forth in (a) (1) above, shall:

(1) Develop, with the approval of the Director of the Office of Field Administration, the policy and planning of all aspects of the Program;

(2) Maintain liaison with the General Services Administration, the Federal Civil Defense Administration, and other interested Federal and State agencies, instrumentalities, organizations, and representatives, in connection with all aspects of the Program;

(3) Develop and promulgate, with the approval of the Director of the Office of Field Administration, instructions and procedures relative to the operation of the Program;

(4) Make determinations and allocations for educational, public health, and civil defense purposes as authorized by section 203 (j) of the act and Federal Civil Defense Administration Delegation 5, and take such action as may be necessary in connection with the assignment, disposal, and utilization of surplus property for educational and public health purposes pursuant to section 203 (k) of the act, except that any action which is required to be taken by the Secretary shall be prepared and submitted for the Secretary's approval; and

(5) Prepare for submission by the Secretary to the Senate and to the House of Representatives the reports required to be made by section 203 (o) of the act.

SEC. 2-249.10 *Delegation of authority; Regional Directors—Real property.* (a) This delegation relates to the disposal and utilization of surplus real property and related personal property for education and public health purposes, pursuant to section 203 (k) of the Federal Property and Administrative Services Act of 1949, as amended. Each Regional Director, except the Regional Director in Region VIII, with respect to such property located within his jurisdiction, is authorized:

(1) To execute deeds, contracts of sale, and all instruments incident or corollary to the transfer of land and improvements thereon where the acquisition and improvement cost of the property was $150,000 or less;

(2) To execute instruments in modification of previous transfers where the acquisition and improvement cost of the land and improvements thereon involved in the modification action was $150,000 or less;

(3) To execute all instruments with respect to land and improvements thereon where the acquisition and improvement cost exceeded $150,000, where the Division of Surplus Property Utilization specifically authorizes closing of the transaction by the Regional Office;

(4) To execute all instruments relating to the transfer of improvements for removal and use away from the site; and

(5) to execute all modifying or retransfer instruments affecting improvements originally disposed of for removal and use away from the site.

(b) The Regional Director of Region IX, with respect to property located within the states comprising Region VIII, shall exercise the authority as above delegated.

SEC. 2-249.20 *Delegation of authority; Regional Property Coordinators—Real property.* (a) In each region, except for Regions I and VIII, the representative of the program of disposal and utilization of surplus real and related personal property for educational and public health purposes contemplated by section 203 (k) of the Federal Property and Administrative Services Act of 1949, as amended, is the Regional Property Coordinator. The Regional Property Coordinators in Region II and Region IX shall serve as program representatives in Region I and Region VIII, respectively.

(b) Each Regional Property Coordinator, with respect to the disposal for educational and public health purposes of surplus real property and related personal property within his jurisdiction, is authorized:

(1) To request and accept assignments from Federal agencies of

(i) Improvements for removal and use away from the site; and

(ii) Land and improvements thereon where the acquisition and improvement cost of the property was $150,000 or less;

(2) Consistent with the policies and procedures set forth in applicable regulations of the Department, to make determinations incident to the disposal of assigned property described in (b) (1) (i) and (b) (1) (ii) above;

(3) To issue and execute licenses and interim permits affecting assigned property described in (b) (1) (i) and (b) (1) (ii) above;

(4) To execute instruments of transfer relating to property described in (b) (1) (i) above;

(5) To execute instruments necessary to carry out actions incident or corollary to the health or educational transfer of property described in (b) (1) (ii) above;

(6) Except for execution of instruments of conveyance to the educational or health transferee, to take all action with respect to land and improvements thereon where the acquisition and improvement cost exceeded $150,000, where the Division of Surplus Property Utilization specifically authorizes closing of the transaction by the Regional Office; and

(7) Incident to the exercise of the authority hereinbefore provided, to receive remittances and performance guarantee deposits and bonds, to request refunds or payments, and to request forfeiture or release of performance bonds.

(c) From the foregoing delegation there is reserved to the Division of Surplus Property Utilization authority to request and accept assignments of property from Federal agencies whose disposal authority is exempted from the provisions of the Federal Property and Administrative Services Act of 1949, as amended, by section 602 (d) thereof.

(d) Each Regional Property Coordinator, with respect to property within his jurisdiction previously disposed of for educational and public health purposes, is authorized:

(1) Consistent with the policies and procedures set forth in applicable regulations of the Department, to make determinations concerning the utilization and the enforcement of compliance with the terms and conditions of disposal of:

(i) Improvements for removal and use away from the site; and

(ii) Land and improvements thereon where the acquisition and improvement cost of the property involved in the current action was $150,000 or less;

(2) To accept voluntary reconveyances and to effect reverter of title to land and improvements located thereon, without regard to acquisition cost;

(3) To report to General Services Administration revested properties excess to program requirements in accordance with applicable regulations;

(4) To take all action with respect to land and improvements thereon where the acquisition and improvement cost of the property involved in the current action exceeded $150,000, where the Division of Surplus Property Utilization specifically authorizes closing of the transaction by the Regional Office;

(5) To execute instruments necessary to carry out, or incident to the exercise of, the authority delegated in this paragraph; and

(6) Incident to the exercise of the authority delegated in this paragraph, to receive remittances and performance guarantee deposits and bonds, to request refunds or payments, and to request forfeiture or release of performance bonds.

SEC. 2-249.30 *Delegation of authority; Regional Property Coordinators—Personal property.* (a) In each region, except for Regions I and VIII, the representative of the program of donation of surplus personal property for educational, public health, and civil defense purposes contemplated by section 203 (j) of the Federal Property and Administrative Services Act of 1949, as amended, and Federal Civil Defense Administration Delegation 5, is the Regional Property Coordinator. The Regional Property Coordinators in Region II and Region IX shall serve as program representatives in Region I and Region VIII, respectively.

(b) Each Regional Property Coordinator, with respect to the allocation for donation for educational, public health, and civil defense purposes of surplus personal property located within his jurisdiction, is authorized:

(1) To make determinations, consistent with the policies and procedures set forth in applicable regulations of the Department, concerning the usability of and need for surplus personal property by educational or health institutions and civil defense organizations;

(2) To allocate surplus personal property and to take all actions necessary to accomplish donation or transfer of property so allocated, consistent with the policies and procedures set forth in applicable regulations of the Department;

(3) To certify and assign individuals designated by State agencies as State representatives for the purpose of screening surplus personal property; and

(4) To execute all instruments, documents, and forms necessary to carry out, or incident to the exercise of, the foregoing authority.

(c) Each Regional Property Coordinator, with respect to personal property located within his jurisdiction and in the possession of State agencies for subsequent donation for educational, public health, and civil defense purposes, is authorized:

(1) To approve sales by State agencies (1) where the acquisition cost of the items listed for sale does not exceed $25,000 and (2) as the Division of Surplus Property Utilization specifically directs; and

(2) To approve destruction or abandonment of property in the custody of State agencies after a determination in writing that the property has no commercial value or that the cost of care and handling would exceed the estimated proceeds from its sale, except that where the acquisition cost of the property was more than $1,000 (estimated if not known), the determination must be approved by the Division of Surplus Property Utilization.

(d) Each Regional Property Coordinator, with respect to personal property located within his jurisdiction previously donated for educational and public health purposes, is authorized:

(1) To make determinations and take actions appropriate thereto, consistent with the policies and procedures set forth in applicable regulations of the Department, concerning the utilization of such property, including retransfer and the enforcement of compliance with terms and conditions which may have been imposed on and which are currently applicable to such property;

(2) To execute instruments necessary to carry out, or incident to the exercise of, the authority delegated in this paragraph;

(3) Incident to the exercise of the authority delegated in this paragraph, to

receive remittances and to request refunds or payments; and

(4) To approve sales, destruction, or abandonment of such property by donees, subject to the same limitations as are set forth in (c) (1) and (2) above.

(e) The authority herein delegated, or any part hereof, may, with the concurrence of the Regional Director, be redelegated in writing by the Regional Property Coordinator to Assistant Regional Property Coordinators or to his other operating or administrative assistants.

OFFICE OF THE GENERAL COUNSEL

SEC. 2-300.10 *Organization.* The Office of the General Counsel, under the supervision of a General Counsel, shall consist of:

Immediate Office of the General Counsel:
  Regional Attorneys.
Division of Food and Drugs.
Division of Legislation.
Division of Old-Age and Survivors Insurance.
Division of Public Health.
Division of Welfare and Education.

SEC. 2-300.20 *General Counsel.* (a) The General Counsel is directly responsible to the Secretary. He serves as special adviser to the Secretary on legal matters in connection with the administration of the Department.

(b) In the absence of disability of the General Counsel the Associate General Counsel shall act for him.

SEC. 2-300.30 *Office of the General Counsel.* (a) The Office of the General Counsel is responsible for:

(1) Furnishing all legal services and advice to the Secretary, Under Secretary, and all offices, branches, or units of the Department in connection with the operations and administration of the Department.

(2) Furnishing legal services and advice on such other matters as may be submitted by the Secretary, the Under Secretary, and any other person authorized by the Secretary to request such service or advice.

(3) Representing the Department in all litigation when such direct representation is authorized by law, and in other cases making and supervising contacts with attorneys responsible for the conduct of such litigation.

(4) Performing all liaison functions in connection with legal matters involving the Department, and formulating or reviewing requests for formal opinions or rulings by the Attorney General and the Comptroller General.

(5) Drafting all proposals for legislation originating in the Department and reviewing all proposed legislation submitted to the Department or to any operating agency of the Department for comment; preparing reports and letters to congressional committees, the Bureau of the Budget, and others on proposed legislation; prescribing procedures to govern the routing and review, within the Department, of material relating to proposed Federal legislation.

(6) Performing all liaison functions with the Division of the Federal Register, National Archives.

(7) Generally supervising all legal activities of the Department and its operating agencies and directing the activities of the legal staff in the field.

(b) The General Counsel is authorized to promulgate such directives, in accordance with established procedures, as are necessary to carry out the responsibilities assigned.

SEC. 2-300.40 *Department Claims Officer.* (a) The Associate General Counsel is hereby designated Department Claims Officer and is authorized to:

(1) As the designee of the Secretary for the purpose, perform the duties and exercise the authority vested in him by the Tort Claims Procedure (Chapter 171, Title 28; USC) (hereinafter referred to as the Statute).

(2) Formulate and prescribe rules, regulations, procedures or instructions for investigating, collecting evidence, reporting, processing, and otherwise handling throughout the Department, claims and situations out of which claims or suits may arise under the Statute, and situations of the character contemplated by the Statute out of which claims or suits by the Government for damage to Government property may arise.

(3) Arrange for the maintenance and control of the necessary files and records of such claims and situations.

(4) Generally direct and coordinate the activities of the operating agencies and offices of the Department in carrying out the provisions of this section.

(5) Designate a person to act for him during periods of temporary absence from his office. Effective December 20, 1955, during a vacancy in the position of Associate General Counsel, the Litigation Specialist and Consultant in the Office of the General Counsel shall exercise the functions of Department Claims Officer.

(b) Any notice or writing, required by sections 2672 and 2675 (b) of the Statute to be served on the Department or on an operating agency or office, may be served on the Associate General Counsel.

(c) The Associate General Counsel shall, as often as he deems proper but not less than once a year, submit to the Secretary a report of his activities pursuant to this section. Such report or reports shall include all of the data required by the Statute to be reported by the Secretary to the Congress and may also include any accident trends, practices, procedures, or other circumstances, including the operation of safety programs, as evidenced by situations and claims which come to his attention in the performance of his duties and which may indicate the need for administrative action.

SEC. 2-300.50 *Certification of documents.* Pursuant to the provisions of section 1601, Title 42, U. S. Code, the Associate General Counsel and the Assistant to the General Counsel are authorized to certify copies of documents on file in the Department and to cause the seal of the Department to be affixed.

OFFICE OF ADMINISTRATION

SEC. 2-500.10 *Organization.* The Office of Administration, under the supervision of a Director of Administration, shall consist of the following:

Office of Financial Management:
  Division of Budget.
  Division of Fiscal Policy and Procedure.
  Division of Internal Audit.
  Accounting Operations Branch.
Office of Management Policy:
  Division of Management Standards.
  Special Projects Staff.
Division of General Services:
  Department Library.
Division of Personnel Management.

SEC. 2-500.20 *Director of Administration.* (a) The Director of Administration shall be directly responsible to the Secretary and Under Secretary. He shall serve as the staff adviser to the Secretary on Department matters involving administrative and financial management.

(b) During the absence or disability of the Director of Administration or in the event of a vacancy in that Office, the Director of Financial Management or the Director of Management Policy as designated by the Director of Administration shall act for him.

SEC. 2-500.30 *Assignment of responsibilities.* (a) The Office of Administration shall be responsible for:

(1) Providing coordination, leadership and guidance to the operating agency heads and their staffs in the development and operation of their administrative and financial management programs.

(2) Analyzing proposed legislation, program plans, and program operations in collaboration with other staff advisers in order to bring to bear, in such planning, responsible administrative and financial management planning and to disclose the fiscal and managerial implications.

(3) Coordinating the formulation of budgetary requirements and evaluating program operations with respect to budgetary requirements and control.

(4) Developing and assisting in the installation of Department-wide programs, policies, standards, services, and procedures in the areas of administrative and financial management.

(5) Providing assistance to constituents and staff organizations throughout the Department—headquarters and field—in the solution of major problems in organization, management, staffing and control.

(6) Providing general direction for a program of internal audit for the purpose of assuring compliance with laws, regulations, policies, procedures, and sound practices as they relate to financial management.

(7) Evaluating internal audits conducted by the constituents, with the approval of the Secretary, and other audit programs including the Grant-in-Aid program, audits of research grants and training grants, and other reviews relating to financial relationship of the Department to others to assure adequacy of coverage, independence of the audit, effectiveness of procedures, and efficiency of results.

(8) Providing administrative and fiscal services to the Office of the Secretary and related organizations and providing selected, centralized common services, including services provided on a fee-for-service basis as authorized by law.

(9) Representing or designating representation for the Department in its relationships with the Bureau of the Budget, Civil Service Commission, Treasury Department, General Accounting Office, General Services Administration, and other Federal agencies which are concerned with Federal policies and practices affecting the administrative and financial management areas, including the interdepartmental committees and boards, intra-agency advisory committees or groups, etc.

SEC. 2-500.40 *Delegations of authority.* Except as specifically delegated or assigned to other officials of the Department (not under the supervision of the Director of Administration) or as reserved elsewhere in this Statement, the Director of Administration is hereby authorized to perform all functions of the Secretary in the field of administrative and financial management.

SEC. 2-500.50 *Reservations of authority.* Annual, deficiency, and supplemental appropriation requests shall be approved by the Secretary prior to submission to the Bureau of the Budget and the Congress.

SEC. 2-500.60 *Redelegation of authority.* (a) In exercising the authority vested by section 2-500.40 the Director of Administration, as he deems appropriate, may:

(1) Redelegate any portion thereof; (such redelegations shall be filed in the Office of Administration in the file maintained for similar redelegations of other offices);

(2) Authorize further redelegations;

(3) Supersede or modify, in whole or in part, in accordance with established procedures, any directives (orders, instructions, delegations, etc.) issued prior to this date by the Secretary or the Federal Security Administrator relating to such subject matter.

PART 4—PUBLIC HEALTH SERVICE

SEC. 4.10 *Organization.* The Public Health Service, which is administered by the Surgeon General under the supervision and direction of the Secretary, shall consist of:

Office of the Surgeon General:
  Immediate Office.
  Division of Finance.
  Division of Administrative Services.
  Division of Personnel.
  Division of Public Health Methods.
Bureau of Medical Services:
  Office of the Chief.
  Division of Administrative Management.
  Division of Dental Resources.
  Division of Foreign Quarantine.
  Division of Hospital and Medical Facilities.
  Division of Indian Health.
    Area Office:
      Aberdeen, South Dakota.
      Portland, Oregon.
      Oklahoma City, Oklahoma.
      Albuquerque, New Mexico.
      Phoenix, Arizona.
      Juneau, Alaska.
  Division of Hospitals.
  Division of Nursing Resources.
Bureau of State Services:
  Office of the Chief.
  Division of General Health Services.
  Division of Special Health Services.
  Division of Sanitary Engineering Services.
  Communicable Disease Center.
  Division of International Health.
  Division of Dental Public Health.
  Public Health Service Regional Organization.
National Institutes of Health:
  Office of the Director.
  National Institute of Allergy and Infectious Diseases.
  National Institute of Arthritis and Metabolic Diseases.
  National Cancer Institute.
  National Institute of Dental Research.
  National Heart Institute.
  National Institute of Mental Health.
  National Institute of Neurological Diseases and Blindness.
  Clinical Center.
  Division of Biologics Standards.
  Division of Business Operations.
  Division of Research Grants.
  Division of Research Services.
National Library of Medicine:
  Acquisition Division.
  Administrative Division.
  Catalog Division.
  History of Medicine Division (Cleveland, Ohio).
  Index Division.
  Reference Division.

SEC. 4.20 *Statement of functions.* Except as provided in sections 2.50 and 4.30 of this statement:

(a) The Surgeon General shall exercise the functions vested in him or the Secretary by:

(1) The Public Health Service Act, as amended.

(2) The Water Pollution Control Act, as amended, including functions vested in the Secretary by the Reorganization Plan No. 16 of 1950, pursuant to Reorganization Plan No. 1 of 1953.

(3) The Defense Housing and Community Facilities and Services Act of 1951, as amended, and Executive Order 10296.

(4) The Act of August 5, 1954 (68 Stat. 674) (Indian Health Program).

(5) The Poliomyelitis Vaccination Assistance Act of 1955, as amended.

(6) The Act of July 14, 1955 (69 Stat. 322) (Air Pollution Program).

(7) FCDA Delegation No. 1 (19 F. R. 4546) regarding civil defense public health responsibilities, subject to the coordination for the Department as a whole by the Assistant Secretary for Federal-State Relations, to:

(i) Plan a national program; develop technical guidance for States; and direct Federal civil-defense activities concerned with research with respect to, and detection, identification, and control of: (a) Communicable diseases in humans, (b) biological warfare against humans, (c) chemical warfare against humans, and (d) other public health hazards.

(ii) Plan, develop, and direct Federal activities concerned with a national program designed to provide Public Health Service reserve professional personnel from support areas to those damaged by enemy attack.

(iii) Plan, develop, and distribute through channels, technical guidance concerning the provision of shelter and other protective measures, designed to minimize injury to personnel and reduce damage to vital functional components of hospitals and of water, sewer, and other public-health facilities.

(iv) Plan a national program, develop technical guidance for States and direct Federal activities concerned with the emergency restoration of community facilities essential to health or functional components thereof for which the Public Health Service normally has regular operating programs.

(v) During a civil defense emergency, employ temporarily additional personnel without regard to the civil service laws as may be required to meet the civil defense requirements of an attack or of an anticipated attack, subject to such departmental administrative policies and procedures as may be issued to govern emergency operations.

(vi) During a civil defense emergency, incur such obligations on behalf of the United States as may be required to meet the civil defense requirements of an attack or of an anticipated attack, subject to such departmental fiscal policies and procedures as may be issued to govern emergency operations.

(vii) Disseminate such civil defense information as may be approved from time to time by the FCDA.

(8) The Dependents' Medical Care Act (70 Stat. 250) and the regulations issued pursuant to this Act, except where consultation by the Secretary of Health, Education, and Welfare with the Secretary of Defense is required by the Act. (Effective November 5, 1956.)

(b) The Surgeon General shall also exercise:

(1) The functions relating to vital statistics which were transferred to the Secretary by section 2 of Reorganization Plan No. 2 of 1946 pursuant to Reorganization Plan No. 1 of 1953.

(2) The functions relating to Freedmen's Hospital which were transferred to the Secretary by section 11 (b) of Reorganization Plan No. IV pursuant to Reorganization Plan No. 1 of 1953.

(3) The functions vested in him by law not expressly referred to by this chapter.

(c) The Surgeon General is authorized to:

(1) Exercise within the numerical requirements prescribed by the Secretary under section 210 (1) of the Public Health Service Act (42 U. S. C. 211 (1)) for each of the several grades, the further authority vested in the Secretary by said section to determine the numerical requirements for commissioned officers for each grade of each category.

(2) Approve amendments to the Joint Travel Regulations recommended by the Advisory Panel of the Per Diem Travel and Transportation Allowance Committee of the Uniformed Services.

SEC. 4.30, *Limitations on authority.* (a) Except for commissioned officers and fellows designated as provided in section 207 (f) of the Public Health Service Act, appointments of officers and employees shall be made by the Secretary in all cases in which authority to appoint has not been specifically delegated.

(b) No State plan submitted pursuant to section 314 or Title VI of the Public Health Service Act, as amended, shall be finally disapproved without prior consultation and discussion with the Secretary.

(c) No hearing shall be held pursuant to section 314 (i), section 625 (a) or section 632 (a) of the Public Health

Service Act, as amended, without prior consultation and discussion with the Secretary.

(d) Agreements with Howard University affecting the operation and staffing of Freedmen's Hospital shall be signed by the Surgeon General and the President of Howard University and transmitted to the Secretary for approval. Any matters pertaining to such agreements which require the attention of the Secretary shall be presented to the Secretary through the Surgeon General of the Public Health Service or the President of Howard University.

SEC. 4.40. *Delegations of authority.* Authority set forth in section 4.20 may be delegated or redelegated by the Surgeon General to such officials of the Public Health Service as he may deem appropriate. Such delegations and redelegations shall not be promulgated until ten work days after filing in the Office of the Director of Administration, except that during a national emergency, no such waiting period shall be required with regard to functions contained in Item (7) of section 4.20 (a).

PART 6—OFFICE OF EDUCATION

SEC. 6.10 *Organization.* (a) The Office of Education, under the supervision and direction of the Commissioner of Education, shall consist of:

Office of the Commissioner:
- Administrative Management Branch.

Assistant Commissioner for Educational Services (to coordinate educational services:)
- Division of Higher Education.
- Division of International Education.
- Division of State and Local School Systems.
- Division of Vocational Education.
- Laws and Legislation Branch.
- Publications Services Branch.

Assistant Commissioner for Educational Research (to coordinate:)
- Cooperative Research.
- Research and Statistical Services.

Assistant Commissioner for School Assistance in Federally Affected Areas:
- Division of School Assistance in Federally Affected Areas.

(b) The above Divisions and Branches in the Educational Services area shall be admistratively responsible directly to the Commissioner and Deputy Commissioner. The Assistant Commissioner for Educational Services shall be responsible for coordination of the program activities and functions within the Educational Services area.

SEC. 6.20 *Statement of functions.* (a) Except as provided in section 2.50 and 6.30 of this Statement the Commissioner of Education is responsible for:

(1) In accordance with the provisions of section 204 (a) of Reorganization Plan No. 1, functions of the Office of Education transferred by section 201 of that Plan (except those functions transferred to the Secretary by section 6 of Reorganization Plan No. 2 of 1946, pursuant to Reorganization Plan No. 1 of 1953).

(2) Functions vested in the Commissioner of Education by the Act of September 23, 1950 (Public Law 815, 81st Cong., as amended), the Act of September 30, 1950 (Public Law 874, 81st Cong., as amended); the Act of July 26, 1954 (Public Law 530, 83d Cong.); the Act of July 26, 1954 (Public Law 531, 83d Cong.).

(3) Functions as ex officio member of the National Advisory committee on Education, established under the Act of July 26, 1954 (Public Law 532, 83d Cong.).

(4) The following civil defense responsibilities delegated to the Secretary by FCDA Delegation No. 1 (19 F. R. 4546), subject to the coordination for the Department as a whole by the Assistant Secretary for Federal-State Relations to:

(i) Plan, develop, and distribute through appropriate channels, training materials for incorporation in the curricula of schools and colleges throughout the United States in order to integrate the teaching, in all possible courses, of civil defense skills, and knowledge and fundamentals of behavior during emergencies.

(ii) Plan, develop, and distribute through appropriate channels, technical guidance concerning the provision of shelter and other protective measures, designed to minimize injury to personnel and reduce damage to vital functional components of educational institutions.

(iii) Disseminate such civil defense information related to paragraphs (i) and (ii) above as may be approved from time to time by the FCDA.

SEC. 6.30 *Reservation of authority.* (a) No State grant-in-aid funds shall be withheld nor shall any State plan or amendment thereto submitted pursuant to any statute administered by the Office of Education be finally disapproved without prior consultation and discussion with the Secretary.

(b) Notwithstanding the provisions of section 2.50 (a) (6), the Commissioner of Education is authorized to give final approval to agreements with Federal, State, and local agencies for the performance of education responsibilities delegated to the Secretary by the Federal Civil Defense Administration.

SEC. 6.40 *Redelegation of authority.* Authority contained in section 6.20 may be delegated or redelegated by the Commissioner of Education of such officials of the Office of Education as he may deem appropriate. Such delegations or redelegations shall not be promulgated until the expiration of 10 workdays after filing in the office of the Director of Administration.

PART 8—SOCIAL SECURITY ADMINISTRATION

SEC. 8.10 *Organization.* The Social Security Administration which is under the supervision and direction of the Commissioner of Social Security shall consist of:

Office of the Commissioner:
- Division of Program Research.
- Office of Appeals Council.
- Office of the Actuary.

Bureau of Old-Age and Survivors Insurance:
- Division of Program Analysis.
- Division of Claims Policy.
- Division of Management Planning and Services.
- Division of Personnel.
- Division of Training.
- Division of Field Operations.
- Division of Accounting Operations.
- Division of Claims Control.
- Division of Disability Operations.

Bureau of Public Assistance:
- Division of Administration.
- Division of Technical Training.
- Division of Program Operations.
- Division of Program Statistics and Analysis.
- Division of Program Standards and Development.
- Divison of State Administrative and Fiscal Standards.

Children's Bureau:
- Division of Health Services.
- Division of Social Services.
- Division of Juvenile Delinquency Service.
- Division of Research.
- Division of Reports.
- Division of International Cooperation.
- Division of Administrative Services.

Bureau of Federal Credit Unions:
- Division of Program and Reports.
- Division of Field Operations.
- Division of Administrative Services.

SEC. 8.20 *Assignment of responsibilities.* (a) Except as provided in subsection (b) hereof and sections 2.50 and 8.30, the Commissioner of Social Security shall exercise the:

(1) Functions transferred by Reorganization Plan No. 2 of 1946, and Reorganization Plan No. 1 of 1953, to the Secretary from the Social Security Board, the Chairman of the Social Security Board, and the Secretary of Labor, the Chief of the Children's Bureau and the Children's Bureau (except for the functions transferred away by Reorganization Plan No. 2 of 1949, effective August 19, 1949).

(2) Functions vested in the Secretary by Amendments to and relating to the Social Security Act subsequent to July 16, 1946, and Reorganization Plan No. 1 of 1953.

(3) Following civil defense welfare responsibilities delegated to the Secretary by FCDA Delegation No. 1 (19 F. R. 4546), subject to the coordination for the Department as a whole by the Assistant Secretary for Federal-State Relations:

(i) Plan a national program, develop technical guidance for States, and direct Federal activities concerned with financial assistance for the temporary relief or aid of civilians injured or in want as the result of attack.

(ii) Plan, program, and develop technical guidance for the States and direct Federal activities concerned with the acquisition, transportation, and payment for clothing of civilians in want as a result of attack.

(iii) During a civil defense emergency, employ temporarily additional personnel without regard to the civil service laws as may be required to meet the civil defense requirements of an attack or of an anticipated attack, subject to such departmental administrative policies and procedures as may be issued to govern emergency operations.

(iv) During a civil defense emergency, incur such obligations on behalf of the United States as may be required to meet the civil defense requirements of an attack or of an anticipated attack, subject to such departmental fiscal policies and procedures as may be issued to govern emergency operations.

(v) Disseminate such civil defense information as may be approved from time to time by the Federal Civil Defense Administration.

(b) All duties, powers, and functions relating to the holding of hearings, the rendition of decisions, and the review of decisions in connection with administrative appeals from determinations made under Title II of the Social Security Act, as amended, and affecting benefits, lump sums, wage records or disability determinations, including the administration of oaths and affirmations, the issuance of subpoenas, the examination of witnesses, and the receipt of evidence, and all duties, powers, and functions relating to judicial review of decisions made upon appeal are asisgned to the Office of Appeals Council in the Social Security Administration and shall be exercised by the Appeals Council, its members and referees in accordance with applicable rules and regulations.

(c) The functions currently performed by the Children's Bureau under the Act of April 9, 1912 and under Title V of the Social Security Act, as amended, shall continue to be performed by the Children's Bureau.

(d) The functions, powers, and duties of the Farm Credit Administration under the Federal Credit Union Act, as amended (in U. S. C. title 12, secs. 1751–1772) which were transferred to the Federal Security Agency by the Act of June 29, 1948 (Public Law 813) shall be exercised by the Bureau of Federal Credit Unions under the immediate supervision of a Director and the functions, powers, and duties of the Governor of the Farm Credit Administration under the Federal Credit Union Act, as amended, shall be exercised, as hereinabove provided by the Director.

SEC. 8.30 *Reservation of authority.* (a) The Secretary shall serve as a member of the Board of Trustees of the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund. During the absence of the Secretary, the Under Secretary shall serve. During the absence or disability of the Secretary or Under Secretary the Commissioner of Social Security shall represent the Secretary.

(b) Authority conferred by section 4, 218 (g) (2), 404, 505, 515, 1004, or 1404 of the Social Security Act, as amended, shall be exercised only by the Commissioner and Deputy Commissioner of Social Security. The Director, Deputy Director and Assistant Director, Division of Claims Policy of the Bureau of Old-Age and Survivors Insurance, however, may terminate agreements with respect to one or more coverage groups in any case where a State waives the required notice and hearing provided by section 218 (g) (2) of the Social Security Act, as amended, and consents to the removal of the dissolved coverage group or groups from the agreement.

(c) Authority conferred by section 5 (k) (2) of the Railroad Retirement Act of 1937, as amended, shall be exercised only by the Secretary.

(d) Notwithstanding the provisions of section 2.50 (a) (6), the Commissioner of Social Security is authorized to give final approval to agreements with Federal, State, and local agencies for the performance of welfare responsibilities delegated to the Secretary by the Federal Civil Defense Administration.

SEC. 8.40 *Redelegation of authority.* (a) Authority contained in 8.20 (a) above may be redelegated by the Commissioner to such officials, bureaus, or offices of the Social Security Administration as he may deem appropriate except that only the Commissioner or Deputy Commissioner shall execute an agreement under section 218 or 221 (b) of the Social Security Act, as amended. Notwithstanding the foregoing exception, the following officials of the Bureau of Old-Age and Survivors Insurance are authorized, to the extent indicated, to approve modifications of agreements previously entered into pursuant to such sections:

The Director and Deputy Director—sections 218 and 221 (b);

The Assistant Director, Division of Claims Policy—section 218 only; and

The Assistant Director, Division of Disability Operations—section 221 (b) only;

provided that the Office of the General Counsel has found that there is no legal objection to the form or substance of such modifications.

(b) Such redelegations shall not be promulgated until the expiration of 10 work days after filing in the Office of the Director of Administration.

(c) Each Regional Director, and each Regional Representative of the Bureau of Old-Age and Survivors Insurance, is authorized during the period of December 16 through 31st each year to enter into modifications with States within their respective regions which amend previous agreements between the State and the Department of Health, Education, and Welfare pursuant to section 218 of the Social Security Act as amended. Each such modification shall contain the following clause:

It is further agreed that this modification is executed subject to ratification by the Director, Deputy Director, or Assistant Director, Division of Claims Policy, Bureau of Old-Age and Survivors Insurance of the Social Security Administration.

PART 10—FOOD AND DRUG ADMINISTRATION

SEC. 10.10 *Organization.* (a) The Food and Drug Administration, under the supervision and direction of the Commissioner of Food and Drugs, shall consist of:

Office of the Commissioner:
- Division of Administrative Management.
- Division of Federal-State Relations.
- Bureau of Enforcement.
- Bureau of Medicine.
- Bureau of Biological and Physical Sciences.
- Bureau of Field Administration.
- Bureau of Program Planning and Appraisal.

(b) There shall be 16 Food and Drug District Offices which report to the Bureau of Field Administration at headquarters in Washington. These District Offices are located in the following cities:

Atlanta, Ga.	Los Angeles, Calif.
Baltimore, Md.	Minneapolis, Minn.
Boston, Mass.	New Orleans, La.
Buffalo, N. Y.	New York, N. Y.
Chicago, Ill.	Philadelphia, Pa.
Cincinnati, Ohio	St. Louis, Mo.
Denver, Colo.	San Francisco, Calif.
Kansas City, Mo.	Seattle, Wash.

SEC. 10.20 *Assignment of responsibilities.* (a) Except as provided in sections 2.50 and 10.30 the Commissioner of Food and Drugs shall exercise the:

(1) Functions vested in the Secretary and the Department under the Federal Food, Drug, and Cosmetic Act, the Federal Caustic Poison Act, the Import Milk Act, the Filled Milk Act, the Tea Importation Act, pursuant to section 12 of Reorganization Plan No. IV and Reorganization Plan No. 1 of 1953.

(2) Functions vested in the Secretary by amendments to the foregoing statutes subsequent to Reorganization Plan No. 1 of 1953.

(3) Following civil defense food and drug responsibilities delegated to the Secretary by FCDA Delegation No. 1 (19 F. R. 4546), subject to the coordination for the Department as a whole by the Assistant Secretary for Federal-State Relations:

(i) Plan a national program, conduct research, develop technical guidance for States, and direct Federal activities designed to meet the extraordinary needs for food and drug inspection and control in attacked areas.

(ii) During a civil defense emergency, employ temporarily additional personnel without regard to the civil service laws as may be required to meet the civil defense requirements of an attack or of an anticipated attack, subject to such Department administrative policies and procedures as may be issued to govern emergency operations.

(iii) During a civil defense emergency, incur such obligations on behalf of the United States as may be required to meet the civil defense requirements of an attack or of an anticipated attack, subject to such Department fiscal policies and procedures as may be issued to govern emergency operations.

(iv) Disseminate such civil defense information as may be approved from time to time by the Federal Civil Defense Administration.

(4) Authority to certify true copies of documents in the files of the Food and Drug Administration and, pursuant to section 1601, Title 42, U. S. C., to cause the seal of the Department to be affixed.

SEC. 10.30 *Reservation of authority.* Notwithstanding the provisions of section 2.50 (a) (4), the Commissioner of Food and Drugs is authorized to promulgate necessary rules and regulations except that final rules and regulations pursuant to sections 507 (f), and 701 (e) (3) of the Federal Food, Drug, and Cosmetic Act, as amended, shall be approved by the Secretary.

SEC. 10.40 *Redelegation of authority.* Authority contained in 10.20 above may be redelegated by the Commissioner to such officials of the Food and Drug Administration and, with the concurrence of the General Counsel, to such officials of the Office of the General Counsel as he may deem appropriate. Such redelegations shall not be promulgated until the expiration of 10 work days after filing in the Office of the Director of Administration.

PART 12—OFFICE OF VOCATIONAL REHABILITATION

SEC. 12.10 *Organization.* The Office of Vocational Rehabilitation which is under the supervision and direction of the Director of Vocational Rehabilitation consists of:

Office of the Director.
Assistant Director for Management Services:
  Division of Budget and Management.
  Division of Administration.
Assistant Director for Program Planning and Evaluation:
  Division of Planning and Evaluation.
  Division of Publications and Reports.
  Division of Research and Special Studies.
Assistant Director for State Administration Development:
  Division of State Administration Development.
  Division of State Plans, Grants, and Surveys.
  Regional Representatives.
Assistant Director for Rehabilitation Services:
  Division of Medical Services and Facilities.
  Division of Services to the Blind.
  Division of General Rehabilitation and Placement Services.
  Division of Training.

SEC. 12.20 *Assignment of responsibilities.* (a) Except as provided in Part 2 and section 12.30 the Director of Vocational Rehabilitation shall exercise the:

(1) Functions under the Vocational Rehabilitation Act, as amended, (29 U. S. C. ch. 4); hereinafter referred to as the act.

(2) Functions under section 9 of the Federal Employees Compensation Act, as amended, (5 U. S. C. 759), transferred to the Secretary by Reorganization Plan No. 1 of 1953.

(3) Functions transferred by Reorganization Plan No. 2 of 1946 and Reorganization Plan No. 1 of 1953, to the Secretary from the Office of Education and Commissioner of Education under the act of June 20, 1936, 49 Stat. 1559 (Randolph-Sheppard Act, 20 U. S. C. ch. 6A).

(4) Authority vested in the Secretary under section 654 (a) and (c) of the Public Health Service Act, as amended, to approve applications and requests relating to rehabilitation facilities. (This paragraph is effective November 1, 1955.)

(5) Function as Chairman of the National Advisory Council on Vocational Rehabilitation established under the act.

(6) Functions vested in the Secretary by amendments to the foregoing statutes enacted subsequent to Reorganization Plan No. 1 of 1953.

SEC. 12.30 *Reservation of authority.* (a) The authority to appoint members to the National Advisory Council on Vocational Rehabilitation shall be exercised only by the Secretary.

(b) Authority to disapprove a State plan or an amendment to a State plan submitted pursuant to the act shall be exercised only by the Secretary.

(c) Authority to disapprove an application for designation as a State licensing agency under the act of June 20, 1936, as amended (Randolph-Sheppard Act, 20 U. S. C. ch. 6A), or to revoke a designation made pursuant to that Act, shall be exercised only by the Secretary.

(d) Except as hereafter specifically authorized, only the Secretary shall exercise the authority conferred by section 5 (c) of the act.

SEC. 12.40 *Redelegation of authority.* Authority contained in 12.20 above may be redelegated by the Director to such officials of the Office of Vocational Rehabilitation as he may deem appropriate. Such redelegations shall not be promulgated until the expiration of 10 work days after filing in the Office of the Director of Administration.

PART 14—SAINT ELIZABETHS HOSPITAL

SEC. 14.10 *Organization.* Saint Elizabeths Hospital shall consist of:

Office of the Superintendent:
  Division of Administration.
  Division of Medical Services.

SEC. 14.20 *Assignment of responsibilities.* (a) Except as provided in section 2.50 the Superintendent of Saint Elizabeths Hospital shall exercise:

(1) All of the function transferred to the Department by section 11 (a), Reorganization Plan No. IV, and Reorganization Plan No. 1 of 1953.

(2) The authority vested in the Secretary to order persons certified by the courts as provided in sections 927 and 928 of the Act of March 3, 1901, as amended (24 D. C. Code, sections 301 and 302), to be confined in Saint Elizabeths Hospital.

SEC. 14.30 *Delegation of authority.* Authority contained in section 14.20 may be redelegated by the Superintendent to such officials of Saint Elizabeths Hospital as he may deem appropriate. Such redelegations shall not be promulgated until 10 days after filing in the Office of the Director of Administration.

Dated: February 1, 1957.

[SEAL] M. B. FOLSOM,
Secretary.

[F. R. Doc. 57-1321; Filed, Feb. 19, 1957; 8:48 a. m.]

ATOMIC ENERGY COMMISSION

[Docket No. F-8]

NORTH CAROLINA STATE COLLEGE

NOTICE OF PROPOSED ISSUANCE OF CONSTRUCTION PERMIT

Please take notice that the Atomic Energy Commission proposes to issue a construction permit to North Carolina State College, substantially in the form set forth below unless within fifteen (15) days after filing of this notice in the FEDERAL REGISTER a request for a formal hearing is filed with the Commission in the manner prescribed by § 2.102 (b) of the Commission's rules of practice (10 CFR Part 2). There is set forth below a Memorandum submitted by the Division of Civilian Application which summarizes the principal features of the proposed reactor modification and the principal factors considered in reviewing the application for a license. For further details see the application for license at the Commission's Public Document Room, 1717 H Street NW., Washington, D. C.

Construction permit. The North Carolina State College of Agriculture and Engineering of the University of North Carolina (hereinafter "the College") pursuant to Section 50.90 of Part 50, "Licensing of Production and Utilization Facilities", 10 CFR, Chapter I, on December 13, 1956, filed its application for an amendment of its Class 104 License No. R-1 issued on October 1, 1955. The application filed on December 13, 1956, and three amendments filed on January 25, 1957 (hereinafter "the application"), request licenses to modify and operate its nuclear reactor (hereinafter "the reactor").

The Atomic Energy Commission (hereinafter the "Commission") has found that:

A. The College is financially qualified to modify and operate the reactor as modified in accordance with the regulations contained in Title 10, Chapter 1, CFR.

B. The College and Atomics International, a division of North American Aviation, Inc., the contractor selected by the College to design and construct the modified portions of the reactor, are technically qualified to design and construct the modified portions of the reactor.

C. The College has submitted sufficient information to provide reasonable assurance that the reactor can be modified and operated at the proposed location without undue risk to the health and safety of the public; and that any additional information required to complete its application will be supplied.

Pursuant to the Atomic Energy Act of 1954 (hereinafter "the Act") and 10 CFR, Chapter I, Part 50, "Licensing of Production and Utilization Facilities," the Commission hereby issues a construction permit to the College authorizing modification of the reactor as described in the application. This permit shall be deemed to contain and be subject to the conditions specified in §§ 50.54 and 50.55 of said regulations; is subject to all applicable provisions of the Act and rules, regulations and orders of the Commission now or hereafter in effect; and is subject to any additional conditions specified or incorporated below.

1. The earliest date for the completion of the modification of the reactor is March 7, 1957. The latest date for completion is June 30, 1957. The term "completion date" as used herein means the date on which modification of the reactor is completed except for the introduction of the fuel material.

2. The utilization facility authorized for modification is the reactor covered by license No. R-1 issued October 1, 1955.

Upon completion (as defined in Paragraph "1" above) of the modification to the reactor in accordance with the terms and conditions of this permit, upon the filing of any additional information needed to bring the original application up to date, and upon finding that the modification authorized has been completed in conformity with the application and in conformity with the provisions of the act and of the rules and regulations of the Commission, and in the absence of any good cause being shown to the Commission why the granting of a license would not be in accordance with the provisions of the act, the Commission will issue an amendment to license No. R-1 pursuant to section 104c of the act authorizing the College to operate the reactor as modified.

Dated at Washington, D. C. this 15th day of February 1957.

For the Atomic Energy Commission.

H. L. PRICE,
Director,
Division of Civilian Application.

MEMORANDUM

PART I—INTRODUCTION

On October 1, 1955, facility license No. R-1 was issued to North Carolina State College authorizing the operation of a homogeneous solution type reactor at power levels up to 10 kilowatts. Previously the reactor was operated under a contract with the Commission. The reactor commenced operation during September 1953, and after approximately two years of operation leaks developed in the reactor core tank which necessitated shutdown of the reactor and removal of the core tank.

On December 13, 1956, the College filed an amendment to its license application requesting that its facility license be amended to permit operation of a modified version of the original reactor. The applicant included in the amendment to the license application a technical report which describes the proposed reactor modification and discusses the hazards associated with its operation. There is set forth below our consideration on this information and our analysis of the safety considerations associated with operation of the facility.

PART II—DESCRIPTION OF THE FACILITY

The proposed water-boiler type reactor is a modification of a similar reactor that was operated at the campus site in Raleigh, North Carolina, for approximately two years. Facilities existing from the former reactor will be used almost entirely, except for the core which will be replaced.

The reactor will be used for training students in nuclear science and will operate at thermal powers up to 500 watts. The thermal neutron flux at 500 watts will be 1.5 x 10^{10} neutrons per square centimeter per second. The fuel will be in the form of an aqueous solution of uranyl sulfate, the same as was used in the original research reactor. The first reactor core developed leaks which were thought to be caused by the abnormally high concentration of chloride ion in the fuel solution. Several precautions for preventing corrosion especially that due to high chloride ion concentration will be taken in the design and operation of the new core. Excess reactivity will be limited to 0.36 percent k.

The core tank is fabricated from type 347 stainless steel and has a 1/16-inch wall thickness. It consists of a hemispherical bottom of 5.25 inch radius, a cylindrical shell 10.5 inches in diameter by 9 inches high, and a flat circular cover 1 inch thick. There are seven penetrations in the cover for the control rods, sampling tube, exposure tube, gas inlet and outlet tubes, and thermowell.

During operation the volume above the fuel solution is purged with air to remove accumulated hydrogen, oxygen, and fission product gases. These gases are stored in 55-gallon drums until favorable meteorological conditions prevail for their safe release. The release is made through a 110-foot stack located behind the reactor building.

The proposed reactor as modified will differ from the original research reactor in that it will have no cooling coils, recombiner, pump, or gamma cell.

An aluminum envelope, 1/16 inch thick, surrounds the core tank and serves as a secondary containment vessel. Valves and connections are housed in a gas-tight aluminum box having bulkhead seals at the tube entrances.

The two control rods are composed of hot-pressed boron carbide and are in the shape of 0.907 inch outside diameter hollow cylinders. They are clad inside and out with stainless steel. The control rods enter the reactor core from the top and are attached to the control rod drive mechanism by electromagnets.

Graphite is used as a neutron reflector, and lead and concrete serve as biological shields. The heat generated in the reactor during operation will be dissipated to the surroundings by conduction through the graphite and shielding materials.

The reactor structure is octagonally shaped and is located in the center of an octagonally shaped room. There is 25 feet of clear space between any side of the reactor and the nearest wall of the building. Three wings extend from the central reactor room; a research wing, a student wing, and a control-observation-administrative wing. The control console is separated from the reactor room by a 16-inch-thick water-filled observation window.

The reactor is located in the southern half of the Court of Ceres which is an open quadrangle near the center of the campus. The Court of Ceres is on one of the highest hills in Raleigh.

Four radioactivity monitoring stations are being established at various places on the campus to record any radioactivity that might be released from the stack. The records from these stations will be used to determine safe fission product gas release rates.

PART III—HAZARDS EVALUATION

General considerations. The original research reactor was successfully operated at the existing site for twenty months at power levels up to 10 kilowatts. The proposed modification to the reactor core will be the only major change in the facility, all other details will remain substantially unchanged. The lower power level (500 watts) of the reactor ensures that many of the existing features of the facility such as shielding exclusion provisions, and control systems will be more than adequate for the revised reactor.

Experience gained by the reactor staff during operation of the original reactor will minimize the training and familiarization needed during initial operation with the new core. Although the reactor will be used for training students it will always be operated under the direct supervision of a licensed operator.

Safety considerations. The inherent stability characteristics of a reactor determine the ease of manual operation and the dependence on and requirements of the servomechanism during automatically controlled operation. Delayed neutrons and negative temperature and negative void coefficients of reactivity exert stabilizing influences on reactor operation, whereas positive temperature and void coefficients exert unstabilizing influences.

The overall temperature coefficient of reactivity of the proposed reactor is negative. This tends to make the reactor stable against temperature and reactivity changes. If for any reason there is a slight increase in temperature within the reactor core the effective neutron multiplication factor (a measure of the ability of the reactor to sustain a chain reaction) will decrease, causing the rate of heat production to decrease and thereby tending to offset the original rise in temperature.

An important component of the negative temperature coefficient in most reactors is the heating and consequent expansion of the moderator. In heterogenous reactors a certain time is required for heat to be transferred from the solid fuel to the moderator. Increased heat generation in the fuel is therefore not immediately effective in changing the temperature and density of the moderator. For this reason this component of the negative temperature coefficient is normally known in heterogenous reactors as a "delayed" temperature coefficient. In a homogeneous reactor such as the proposed reactor the fuel is dissolved in the water moderator. Increased heat generation in the fuel is thus able to produce a temperature change in the moderator almost immediately. This component of the temperature coefficient is thus "prompt" in a homogeneous reactor, tending to offset any temperature rise more quickly and thereby further increasing stability.

The void coefficient of the proposed reactor is negative. A negative coefficient helps make a reactor stable against the production of voids in the moderator or reflector. Thus if for any reason a void is formed in the reactor core, the effective neutron multiplication factor of the core will decrease in proportion to the size of the void formed, tending to decrease the power and temperature and hence decrease the rate of void formation. The void coefficient in the proposed reactor is expected to yield a 0.33% negative change in reactivity per 1% void volume.

There are no experimental holes or other penetrations in the body of the core tank, thus eliminating the possibility of leakage of the fuel solution at such points. The seven tubes which pass through the core cover plate are welded to it.

Valves and tube unions are often the chief source of leaks in a fluid system. In the proposed reactor valves and unions are housed in a gas-tight aluminum box. Seals are used at points at which tubes penetrate the box.

A principal difference between the proposed reactor modification and the original reactor is the elimination of the recombiner. In a homogeneous reactor such a device is used to recombine the hydrogen and oxygen formed during operation and prevent any possible burning or explosion of these gases. In the proposed reactor, however, the space above the fuel solution will be continuously purged with air to remove these and any accumulated fission product gases.

Enough purge air is used so that everywhere in the system the hydrogen concentration will at all times be below that necessary for combustion. The purged gases will then be stored in tanks until meteorological conditions are favorable for their safe release. A further decrease in the concentration of fission product gases being released to the atmosphere will be effected by stack dilution which will be maintained by the use of blowers. Such a system is adequate for this reactor because of the low power level and consequent low gas generation rate. The inventory of fission products in the core will remain low due to the low power level (500 watts maximum).

The applicant has stated that releases of fission products from the stack will be made only in amounts which will not produce a hazard to the public under the meteorological conditions prevailing at the time of release. However, prior to operation more specific information concerning the standards for meeting this condition and the criteria for determining what rate of gas release is allowable under any given set of conditions of meteorology and gas concentration is needed for assurance that fission product releases will not be hazardous.

Maximum credible accident. For practically every reactor it is possible to postulate a combination of inadvertent and deliberate actions which could cause mechanical, chemical, or nuclear events to take place with an

energy release sufficiently great to release the radioactive fission products contained in the reactor. The probability that the majority of such potential catastrophic combinations will in fact take place is so small as to make it reasonable to assume that, for all practical purposes, they are not possible. However, for every reactor, there is a condition or combination of conditions which might possibly occur and result in the maximum accident against which the public must be protected by positive means such as isolation or containment. This accident, and the conditions which might be assumed to initiate it, will be dependent upon the specified design and operating conditions of each reactor and must be evaluated on the basis of the best technical judgment for each reactor.

The applicant has investigated the possibility of adding all the excess reactivity available (0.36%k) in the reactor at one time (as a so-called step function) and has concluded that the reactor will shut itself down due to the negative temperature coefficient of reactivity. The total energy released would be less than 1 kilowatt-hour. In this excursion the applicant states, and we agree, there is no release of fission products into the reactor building.

The applicant has calculated the effect of the release of 0.1% of the long-lived isotopes from the reactor and shield by an act of sabotage. Such a release would constitute a lethal hazard to persons in the reactor room but no hazard to those outside. We do not believe that such an act of sabotage is realistic in this case.

Although it is evident that the effects of the accidents analyzed are not hazardous, there is some uncertainity that the stated value of excess reactivity available (0.36%k) is in fact the maximum available under any conditions, and that operational occurrences (for example, the addition of fuel and water to replace burnup and evaporation losses) could not create a condition of greater available reactivity. It is also not clear how the concentration of the fuel in the core will be known and properly maintained under conditions of evaporation and fuel addition. The applicant will have to establish that the operating procedures are adequate to prevent excess reactivity being introduced into the reactor above the limits that will provide assurance that fission products will not be released into the reactor building.

Summary. The primary features relating to the safety of this reactor are:

1. Low power level (less than 500 watts) and hence low fission product inventory.

2. Low hydrogen concentration thus minimizing possible instabilities due to hydrogen-oxygen explosions.

3. Low excess reactivity (0.36%k) above cold clean critical.

4. Tolerable maximum credible accident, i. e., the magnitude of the maximum credible accident appears sufficiently low so as not to endanger the health and safety of the public.

5. Extensive use of existing facilities. Except for the core (which because of the very low power level will have no cooling coils, recombiner, pump or gamma cell) and some minor details, the existing facility will be used.

6. The successful experience in operating the original reactor for over eighteen months at power levels greatly in excess (up to 10 kilowatts) of those contemplated in the proposed reactor.

Although the applicant has presented an analysis of the problem of the formation of combustible mixtures of hydrogen, oxygen, and water vapor, there remains some uncertainty concerning the limits of concentrations which may form combustible mixtures. Prior to operation of the reactor further clarification of these limits and a consideration of them in regard to the proposed reactor system will be necessary. There is reasonable assurance that the applicant can supply the necessary information on these matters. If the information discloses that the system as now designed is inadequate to prevent the formation of combustible mixtures of hydrogen, oxygen, and water vapor, modifications in the system can be made which will assure against their formation. In addition, details of the procedures and standards for setting and maintaining safe fission product release rates and further consideration of the possibility of having excess reactivity available in the reactor beyond the value stated will be necessary before a final evaluation of the safety of operating the reactor can be made.

The application has been reviewed only for the purpose of determining whether there is reasonable assurance, based on information contained in the application and considering the experience which has been gained from previous reactor operation, that the reactor can be modified and operated at the proposed location without undue risk to the health and safety of the public. However, prior to operation it will be necessary to give detailed consideration to the adequacy of those reactor design features and specifications which have been modified, the proposed operating procedures and the use of the reactor in specific types of research and training programs.

PART IV—TECHNICAL QUALIFICATIONS

North Carolina State College initially designed, constructed, and operated its research reactor under contract with the Atomic Energy Commission. Eight of the members on the staff of the College's Physics Department had experience in the design, construction and operation of the reactor. The reactor as initially constructed was operated safely for a period of about twenty months. Atomics International, the contractor, has had experience in the design, construction, and operation of several homogeneous solution type reactors.

PART V—FINANCIAL QUALIFICATIONS

The cost of modification of the North Carolina State College research reactor is estimated to be $15,000 and funds in this amount are available in the College's Physics Department operating budget. Funds for operating the reactor are available through June 1957 and amount to approximately $15,000, and will come from the normal operating budget of the Physics Department plus contractural assistance from the Office of Ordnance Research, the National Science Foundation, and sponsored research. Funds totaling $55,200 for support of the reactor commencing July 1, 1957, have been included in the budget presented to the Advisory Budget Commission of North Carolina. This budget has not yet been approved by the General Assembly of the State of North Carolina, however, the applicant does not anticipate any difficulties in obtaining the funds.

PART VI—CONCLUSIONS

Based upon the above considerations, it is concluded that:

a. There is reasonable assurance that the reactor can be modified as proposed and operated without undue risk to the health and safety of the public.

b. The applicant is technically and financially qualified to engage in the proposed activities.

Dated at Washington, D. C., this 15th day of February 1957.

For the Division of Civilian Application.

H. L. PRICE,
Director.

CIVIL AERONAUTICS BOARD

[Docket No. SA-322]

ACCIDENT OCCURRING NEAR TULSA, OKLA.

NOTICE OF HEARING

In the matter of investigation of accident involving aircraft of United States Registry N 94247, which occurred near Tulsa, Oklahoma, January 6, 1957.

Notice is hereby given, pursuant to the Civil Aeronautics Act of 1938, as amended, particularly section 702 of said act, in the above-entitled proceeding that hearing is hereby assigned to be held on Wednesday, February 27, 1957, at 9:30 a. m., local time, in the ballroom of the Mayo Hotel, 115 West Fifth Avenue, Tulsa, Oklahoma.

Dated at Washington, D. C., February 13, 1957.

[SEAL] VAN R. O'BRIEN,
Presiding Officer.

FEDERAL POWER COMMISSION

[Docket No. G-11991]

PHILLIPS PETROLEUM CO.

ORDER SUSPENDING PROPOSED CHANGE IN RATES

The Phillips Petroleum Company (Phillips), on January 14, 1957, tendered for filing a proposed change in its presently effective rate schedule for a sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of Change dated January 9, 1957.

Purchaser: Texas Gas Transmission Corporation.

Rate Schedule Designation: Supplement No. 10 to Phillips' FPC Gas Rate Schedule No. 202.

Effective Date:[1] February 15, 1957.

Phillips' proposed rate change is based on favored-nations clauses in its contract with Texas Gas Transmission Corporation which, by its terms, has purportedly become operative by the rate for a new sale to Texas Gas Transmission Corporation by Union Oil and Gas Corporation of Louisiana.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the said proposed increased rate and charge, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

[1] The stated effective date is the first day after expiration of the required thirty days' notice, or the effective date proposed by Phillips, if later.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's general rules and regulations thereunder (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed increased rate and charge; and, pending such hearing and decision thereon, the above-designated supplement be and it is hereby suspended and the use thereof deferred until July 15, 1957, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(B) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(C) Interested state commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 14, 1957.

By the Commission.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1328; Filed, Feb. 19, 1957; 8:49 a. m.]

[Docket No. G-10626]

TRANSCONTINENTAL GAS PIPE LINE CORP.

NOTICE OF APPLICATION AND DATE OF HEARING

FEBRUARY 14, 1957.

Take notice that on June 21, 1956, Transcontinental Gas Pipe Line Corporation (Transco) filed at Docket No. G-10626 an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain facilities in Texas and Louisiana.

The following facilities are proposed:

(1) One 2,200-horsepower compressor station with appurtenances to be known as Compressor Station No. 21 to be located at Milepost 119.64 on Transco's existing 24-inch main transmission line in Nueces County, Texas.

(2) Installation of 3,550 horsepower of additional compressor facilities at its existing 3,000-horsepower Compressor Station No. 23 located at Milepost 327.26 on Transco's existing 30-inch O. D. main transmission line in Harris County, Texas.

(3) Installation of 5,000 horsepower of additional compressor facilities at the existing 7,500-horsepower Compressor Station No. 24 located at Milepost 467.93 on Transco's existing 30-inch O. D. main transmission line in Beauregard Parish, Louisiana.

(4) Additional facilities to receive additional gas from the Greta Field, Refugio County, Texas, consisting of:

(a) An 880-horsepower booster station to be known as Booster Station No. 45 together with a dehydration unit.

(b) A purchase meter station to be known as Purchase Meter Station No. 2.

(c) Approximately 3.45 miles of 10¾-inch O. D. lateral supply pipeline looping an existing line, to extend from a point at Milepost 173.69 on Transco's existing 24-inch O. D. main transmission line in Refugio County, Texas, to a point of connection with the proposed meter station at (b) above.

(5) An 880-horsepower booster station to be located in Mission Valley Field, Victoria County, Texas, and to be known as Booster Station No. 47.

(6) An 880-horsepower booster station to be located in Luby Field, Nueces County, Texas, to be known as Booster Station No. 46, together with a dehydration unit.

Transco states that the estimated total cost of all the proposed facilities is $4,750,000, which cost is to be temporarily financed by short-term bank loans. Transco plans subsequently to issue bonds to the extent of 60 percent of the cost of the proposed facilities, with the balance to be financed by corporate funds.

Transco also states that the above proposed facilities will enable Transco to protect its dedicated reserves in the Greta Field from drainage by other producers in the field and to utilize fully its contracted gas reserves in the Luby and Petronilla Fields, Nueces County, Texas, and in various fields in De Witt and Victoria Counties, Texas.

Transco will transport the gas to be received through the proposed facilities commingled with its other gas supplies for sale in other states.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 18, 1957, at 9:30 a. m., e. s. t., in a hearing room of the Federal Power Commission, 441 G Street, N. W., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised it will not be necessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 5, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in ommission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1329; Filed, Feb. 19, 1957; 8:49 a. m.]

[Docket No. G-11167]

MANUFACTURERS LIGHT AND HEAT CO.

NOTICE OF APPLICATION AND DATE OF HEARING

FEBRUARY 14, 1957.

Take notice that The Manufacturers Light and Heat Company, (Applicant), a Pennsylvania corporation and a subsidiary of The Columbia Gas System, Inc., having its principal place of business at 800 Union Trust Building, Pittsburgh 19, Pennsylvania, filed on October 1, 1956, an application and on December 10, 1956, an amendment thereto, pursuant to section 7 of the Natural Gas Act, for a certificate of public convenience and necessity authorizing it to install and operate certain natural gas facilities and for authority to abandon certain other natural gas facilities, as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for inspection.

Applicant proposes to install and operate a 5,280 horsepower compressor station to be known as Majorsville Compressor Station in Sandhill District, Marshall County, West Virginia, in order to expand its underground storage operations in the contiguous Majorsville and Heard Storage Fields in Marshall County, West Virginia, and Washington and Green Counties, Pennsylvania, and in connection therewith to abandon and retire the existing 2,500 horsepower, Majorsville Compressor Station in West Finley Township, Washington County, Pennsylvania, located approximately one-half mile from the proposed station.

Applicant alleges that increased volumes of gas for storage to be received from Texas Eastern Transmission Corporation at a pressure of approximately 550 psig will require it to increase its maximum monthly storage input by 875,900 Mcf in July 1957, 736,000 Mcf in July, 1958 and 588,000 Mcf in July 1959. The resulting maximum daily injection rates expected for 1957 and 1958 are 112,500 and 107,500 Mcf respectively. Applicant alleges that 5,428 horespower is required to pump said gas to storage at 1,000 psig discharge pressure on a maximum day of 1957 and 5,079 horsepower on a maximum day of 1958. Applicant estimates that the peak day withdrawal will be 47,000 Mcf in 1957 and 82,400 Mcf in 1958 and 1959.

The estimated cost of the proposed project is $3,588,000, less $724,700 retirements and salvage, which will be financed by The Columbia Gas System, Inc.

No new markets are proposed.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 18, 1957, 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power

Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 6, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1330; Filed, Feb. 19, 1957; 8:49 a. m.]

[Docket No. G-10098]

PENNSYLVANIA GAS CO.

NOTICE OF HEARING

FEBRUARY 14, 1957.

The hearing in the above matter to commence on August 1, 1956, was postponed by notice of the Secretary dated July 18, 1956 to a date to be hereafter fixed by further notice and to that end:

Take notice that the hearing in this proceeding be held to commence on March 7, 1957, at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C.

[Docket No. G-11193]

G. N. McDANIEL, JR.

NOTICE OF APPLICATION AND DATE OF HEARING

FEBRUARY 14, 1957.

Take notice that G. N. Daniel, Jr., doing business as, Power Petroleum Company of 315 West 3d Street, Borger, Texas, filed an application on October 4, 1956, for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act (Act), authorizing him to construct and operate certain facilities and to sell natural gas in interstate commerce for resale to Shamrock Oil and Gas Corporation, which gas is produced by Applicant from the Luginbyhl "A" Lease, Hutchinson County, Texas.

The facilities proposed to be constructed and operated consist of 1800 feet of three-inch pipe line extending from the well to Shamrock's facilities. Applicant proposes to deliver 200 Mcf per day at 14.65 psia. through the said facilities to Shamrock in accordance with a contract dated September 27, 1956, on file with the Commission.

Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on the 11th day of March, 1957, at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street, NW., Washington, D. C., concerning the matters involved in and the issues presented by the application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 28, 1957. Failure of any party to appear at and participate in the hearing shall be deemed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Secretary.

HOUSING AND HOME FINANCE AGENCY

Office of the Administrator

DEPUTY URBAN RENEWAL COMMISSIONER ET AL.

DESIGNATION AND ORDER OF PRECEDENCE TO ACT AS URBAN RENEWAL COMMISSIONER

The officers appointed to the following listed positions in the Urban Renewal Administration of the Housing and Home Finance Agency (excluding persons designated to serve in an acting capacity) are hereby designated to act in the place and stead of the Urban Renewal Commissioner, with the title of "Acting Urban Renewal Commissioner" and with all the powers, rights, and duties assigned to the Commissioner, in the event the Commissioner is unable to act by reason of his absence, illness, or other cause, provided that no officer shall serve in such acting capacity unless all other officers whose titles precede his in this designation are unable to act by reason of absence, illness, or other cause:

1. Deputy Urban Renewal Commissioner;
2. Assistant Commissioner for Operations;
3. Assistant Commissioner for Technical Standards and Services;
4. Chief Counsel;
5. Director, Administrative Management Branch;
6. Director, Planning and Engineering Branch.

This order supersedes the order effective November 20, 1956 (21 F. R. 8999) respecting this same subject.

(Reorg. Plan No. 3 of 1947, 61 Stat. 954; 62 Stat. 1283 (1948), as amended by 64 Stat. 80 (1950), 12 U. S. C. 1952 ed. 1701c)

Effective as of the 20th day of February 1957.

ALBERT M. COLE,
Housing and Home Finance Administrator.

INTERSTATE COMMERCE COMMISSION

FOURTH SECTION APPLICATIONS FOR RELIEF

FEBRUARY 15, 1957.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 33280: *Plaster and products—Colorado to Utah and Wyoming.* Filed by A. G. Winter, Agent, for interested rail carriers. Rates on plaster, plasterboard, gypsum lath and sheathing, carloads from Adobe and Portland, Colo., to specified points in Utah and Wyoming.

Grounds for relief: Circuitous routes.

Tariff: Supplement 52 to Union Pacific Railroad Company's tariff I. C. C. 5331. Supplement 58 to Agent Winter's tariff I. C. C. 26.

FSA No. 33281: *Aluminum pigs, ingots, etc.—Louisiana to West Virginia.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on aluminum pigs, ingots, billets, blooms, and slabs, carloads from Chalmette and New Orleans, La., to Parkersburg and Ravenswood Works, W. Va.

Grounds for relief: Barge competition and circuitous routes.

Tariff: Supplement 35 to Agent Spaninger's tariff I. C. C. 1509.

FSA No. 33283: *Fertilizer solutions—Illinois points to Florida and Georgia points.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on fertilizer ammoniating solution, and nitrogen fertilizer solution (crude and other than crude), tank-car loads from Chicago and Tuscola, Ill., to Albany, Ga., and Pompano Beach, Fla.

Grounds for relief: Short-line distance formula and circuity.

Tariff: Supplement 26 to Agent Raasch's tariff I. C. C. 855.

FSA No. 33284: *Newsprint—Alabama and Tennessee points to interstate points.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on newsprint paper, carloads, also newsprint paper winding, old or new in reverse direction, from Childersburg, Coosa Pines, Mobile, Ala., and Calhoun, Tenn.

Grounds for relief: Short-line distance formula and circuity.

Tariff: Supplement 67 to Agent Spaninger's tariff I. C. C. 1406.

FSA No. 33285: *Potash—Carlsbad and Loving, N. M., to Kansas and Missouri points.* Filed by The Atchison, Topeka, & Santa Fe Railway Company, for itself and other interested rail carriers. Rates on potash, carloads from Carlsbad and Loving, N. M., to specified points in Kansas and Missouri.

Grounds for relief: Circuitous routes.

Tariff: Supplement 117 to Atchison, Topeka and Santa Fe Railway Company's tariff I. C. C. 14478.

FSA No. 33286: *Logs—Points in South Carolina to Granite Falls, N. C.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on logs, native wood, carloads from specified points in South Carolina to Granite Falls, N. C.

Grounds for relief: Destination relationship with Saw Mills, N. C., and circuitous routes.

Tariff: Supplement 149 to Agent Spaninger's tariff I. C. C. 1297.

AGGREGATE-OF-INTERMEDIATES

FSA No. 33282: *Aluminum pigs, ingots, etc.,—Louisiana to West Virginia.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on aluminum pigs, ingots, billets, blooms and slabs, carloads from Chalmette and New Orleans, La., to Parkersburg and Ravenswood, W. Va.

Grounds for relief: Maintenance of depressed rates without observing same as factors in constructing combination rates.

Tariff: Supplement 35 to Agent Spaninger's tariff I. C. C. 1509.

By the Commission.

[SEAL] HAROLD D. MCCOY,
Secretary.

DEPARTMENT OF JUSTICE

Office of Alien Property

[Vesting Order 17734, Amdt.]

UNION INVESTMENT CORP., INC.

In re: Securities Owned by and Debts Owing to Union Investment Corporation, Inc.; F-28-31199.

Vesting Order 17734, executed April 25, 1951, is hereby amended as follows and not otherwise:

By deleting subparagraph 4 (a) of said Vesting Order 17734, and substituting therefor the following:

4 (a). Those certain debts or other obligations, matured or unmatured, evidenced by ten (10) New York Central Railroad 4½ percent Ref. & Imp. Mtge. "A" bonds, due 2013, each of $1,000.00 face value and numbered as follows:

34862	92294	80201
35164	92295	90395
52480	92296	98240
67647		

and evidenced by coupons attached to or detached from said bonds and due on or after October 1, 1951, together with any and all accruals to the aforesaid debts or other obligations, and any and all rights to demand, enforce and collect the same, and any and all rights in, to and under the aforesaid bonds and coupons.

All other provisions of said Vesting Order 17734 and all actions taken by or on behalf of the Attorney General of the United States in reliance thereon, pursuant thereto and under the authority thereof are hereby ratified and confirmed.

Executed at Washington, D. C. on February 14, 1957.

For the Attorney General.

[SEAL] PAUL V. MYRON,
Deputy Director,
Office of Alien Property.

[F. R. Doc. 57-1306; Filed, Feb. 19, 1957; 8:45 a. m.]

N. V. OCTROOIEN MAATSCHAPPIJ; ACTIVIT (OMA) ET AL.

NOTICE OF INTENTION TO RETURN VESTED PROPERTY

Pursuant to section 32 (f) of the Trading With the Enemy Act, as amended, notice is hereby given of intention to return, on or after 30 days from the date of publication hereof, the following property located in Washington, D. C., including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., and Property

N. V. Octrooien Maatschappij Activit (OMA), Amsterdam, Holland, Claim No. 42090,

Permutit (Luxembourg) S. A. Luxembourg (Grand Duchy) Claim No. 42779,

Industrieele Maatschappij Activit (IMA) Amsterdam, Holland, Claim No. 31140,

To N. V. Octrooien Maatschappij Activit (OMA):

Property described in Vesting Order No. 671 (8 F. R. 5004, April 17, 1943), relating to United States Letters Patent Nos. 2,171,408; 2,177,910; 2,191,063; 2,198,393; 2,205,635 and 2,221,683.

To Permutit (Luxembourg) S. A.:

$189,808.62 in the Treasury of the United States.

All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in Permutit (Luxembourg) S. A., by virtue of an agreement dated April 30, 1936 (including all modifications thereof and supplements thereto, including, but without limitation, a supplement dated September 30, 1940) by and between said Permutit (Luxembourg) S. A. and The Permutit Company, which agreement relates among other things to United States Letters Patent Nos. 2,191,063 and 2,205,635, to the extent owned by Permutit (Luxembourg) S. A. immediately prior to the vesting thereof by Vesting Order No. 1454 (8 F. R. 10622, July 28, 1943), specifically reserving to the United States the sum of $47,825.35 representing royalties arising out of war production within the meaning of Paragraph (B) (1) (b) of the Memorandum of Understanding between the Governments of Belgium and Luxembourg

and the Government of the United States dated September 24, 1946.

To Permutit (Luxembourg) S. A., N. V. Octrooien Maatschappij Activit (OMA) and Industrieele Maatschappij Activit (IMA):

All interests and rights created in Permutit (Luxembourg) S. A., Industrieele Maatschappij Activit and Octrooien Maatschappij Activit by virtue of an agreement dated April 30, 1936 (including all modifications thereof and supplements thereto, if any) by and between Permutit (Luxembourg) S. A., Industrieele Maatschappij Activit and Octrooien Maatschappij Activit, which agreement relates among other things to United States Letters Patent Nos. 2,191,063 and 2,205,635, to the extent owned by Permutit (Luxembourg) S. A., Industrieele Maatschappij Activit and Octrooien Maatschappij Activit immediately prior to the vesting thereof by Vesting Order No. 1454, paragraph 5 (b).

Executed at Washington, D. C., on February 13, 1957.

For the Attorney General.

[SEAL] DALLAS S. TOWNSEND,
Assistant Attorney General,
Director, Office of Alien Property.

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10699

INSPECTION OF INCOME, EXCESS-PROFITS, DECLARED-VALUE EXCESS-PROFITS, CAPITAL-STOCK, ESTATE, AND GIFT TAX RETURNS BY THE SENATE COMMITTEE ON GOVERNMENT OPERATIONS

By virtue of the authority vested in me by sections 55 (a), 508, 603, 729 (a), and 1204 of the Internal Revenue Code of 1939 (53 Stat. 29, 111, 171; 54 Stat. 989, 1008; 55 Stat. 722; 26 U. S. C. 55 (a), 508, 603, 729 (a), and 1204), and by section 6103 (a) of the Internal Revenue Code of 1954 (68A Stat. 753; 26 U. S. C. 6103 (a)), it is hereby ordered that any income, excess-profits, declared-value excess-profits, capital-stock, estate, or gift tax return for the years 1945 to 1957, inclusive, shall, during the Eighty-fifth Congress, be open to inspection by the Senate Committee on Government Operations, or any duly authorized subcommittee thereof, in connection with its studies of the operation of Government activities at all levels with a view to determining the economy and efficiency of the Government, such inspection to be in accordance and upon compliance with the rules and regulations prescribed by the Secretary of the Treasury in Treasury Decisions 6132 and 6133, relating to the inspection of returns by committees of the Congress, approved by me on May 3, 1955.

This order shall be effective upon its filing for publication in the FEDERAL REGISTER.

DWIGHT D. EISENHOWER

THE WHITE HOUSE,
February 19, 1957.

TITLE 6—AGRICULTURAL CREDIT

Chapter III—Farmers Home Administration, Department of Agriculture

Subchapter C—Operating Loans

[FHA Instruction 441.3]

PART 342—OPERATING LOAN PROCESSING

MISCELLANEOUS AMENDMENTS

1. Paragraphs (b) and (c) of § 342.2, Title 6, Code of Federal Regulations (22 F. R. 22), are revoked.

2. Section 342.3 (a), Title 6, Code of Federal Regulations (22 F. R. 22), is revised to state the types of loan indebtedness affecting the preparation and submission of the application, and to read as follows:

§ 342.3 *Loan forms and routines*—(a) *Applications for loans.* (1) Applicants who are not indebted for Operating or Production and Subsistence loans will execute Form FHA-197, "Application for FHA Services," in accordance with Part 301, Subpart A, of this chapter.

(2) Applicants who are indebted for Operating or Production and Subsistence loans will not be required to execute Form FHA-197 but will be required to execute Form FHA-49, "Certifications—Operating Loans," in accordance with paragraph (b) of this section. If the financial statement executed by the applicant in connection with his most recent Farmers Home Administration loan does not reflect his current financial situation, a new financial statement will be made on Form FHA-14, "Farm and Home Plan," for use by the County Com-

mittee in determining the eligibility of the applicant.

(3) If any debts owed by the applicant to the Farmers Home Administration have been settled for less than payment in full, the loan docket and any related County Office case files will be submitted to the National Office for review prior to approval of the loan.

3. Section 342.6 (a), Title 6, Code of Federal Regulations (22 F. R. 23), is revised to limit the receipt and delivery of loan checks to County Office employees, and to read as follows:

§ 342.6 *Loan closing*—(a) *Check delivery.* Only County Office employees in bonded positions will receive and deliver loan checks. Upon receipt of a loan check, the County Supervisor will notify the applicant promptly indicating where and when he may expect delivery of the check, or will mail the check to him, or when a supervised bank account is required and the depository bank does not require the applicant's endorsement for deposit, he may deposit the loan check in the supervised bank account and furnish the applicant with a copy of the deposit slip. If the bank will not accept the loan check for deposit in a supervised bank account without the applicant's endorsement, the County Supervisor will retain the check and arrange with the applicant for a time and place for its deposit.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter C—Procedural Regulations

[Reg. No. PR-28]

PART 302—RULES OF PRACTICE IN ECONOMIC PROCEEDINGS

MOTIONS TO MODIFY OR QUASH SUBPOENAS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 15th day of February 1957.

Section 302.19 (f) of the Board's Rules of Practice in Economic Proceedings presently provides that any person upon whom a subpoena is served may within seven (7) days after service, or at any time prior to the return date thereof, whichever is earlier, file a motion to modify or quash the subpoena. It further provides that if the Board has not acted upon such a motion by the return date, such date shall be stayed pending Board action thereon.

The question has arisen as to whether such a motion to quash a subpoena should be directed to the Examiner or whether it should be acted upon by the Board. It is the Board's view that its proceedings will be expedited and more efficiently processed if motions to quash a subpoena are initially directed to the Examiner and disposed of, by him, in the same manner as all other interlocutory motions are handled. The Board also believes that it is necessary to reserve a discretionary right to review, upon its own initiative, particular adverse rulings made by trial examiners on motions to quash.

Under the present provisions of § 302.19 (a), applications for the issuance of subpoenas must be directed to an Examiner whenever an Examiner has been designated to preside over a proceeding. But, where an Examiner has not yet been assigned to a proceeding or is not available such applications must be directed to the Chief Examiner, who may either act upon them or refer them to a Member of the Board. Subpoenas granted pursuant to the provisions of § 302.19 are issued on an ex parte basis. It is apparent that the Examiner who has initially issued a subpoena will have a greater familiarity with the questions presented in ruling upon a subsequent motion to modify or quash a subpoena than will the Board. In addition, the Board believes that the power to quash subpoenas is an integral part of the power to direct their issuance in the first instance. Accordingly, the Board has decided to amend § 302.19 (f) so as to require motions to modify or quash subpoenas to be filed with the same persons to whom applications for issuance of subpoenas must be directed under § 302.19 (a). Rulings made by Examiners upon such motions to quash may be appealed to the Board only with the consent of the Examiner in accordance with the provisions of § 302.18 (f).

Exercises of the subpoena power, unlike other interlocutory rulings, are judicially enforceable prior to its final decision. Consequently, the Board believes that it is essential to retain jurisdiction over rulings denying motions to quash such subpoenas. Accordingly, the Board has decided to amend § 302.19 (f) so as to retain in extraordinary cases jurisdiction to review rulings made by Examiners concerning such motions, upon its own initiative. This amendment also provides that the Board may, in appropriate cases, order a stay of the return date of subpoenas it has elected to review.

Since this amendment is not a substantive rule but one of agency procedure, notice and public procedure hereon are unnecessary, and the amendment may be made effective immediately.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 302 of the Procedural Regulations (14 CFR Part 302) as follows, effective February 15, 1957:

1. By amending § 302.19 (f) to read as follows:

(f) Subpoenas issued under this section shall be served upon the person to whom directed in accordance with § 302.8 (b). Any person upon whom a subpoena is served may within seven (7) days after service or at any time prior to the return date thereof, whichever is earlier, file a motion to quash or modify the subpoena with the Examiner designated to preside at the reception of evidence or, in the event an Examiner has not been assigned to a proceeding or the Examiner is not available, to the Chief Examiner for action by himself or by a Member of the Board. If the person to whom the motion to modify or quash the subpoena has been addressed or directed, has not acted upon such a motion by the return date, such date shall be stayed pending his final action thereon. The Board may at any time review, upon its own initiative, the ruling of an Examiner or the Chief Examiner or a member of the Board denying a motion to quash a subpoena. In such cases, the Board may at any time order that the return date of a subpoena which it has elected to review be stayed pending Board action thereon.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies sec. 1001, 52 Stat. 1017; 49 U. S. C. 641)

By the Civil Aeronautics Board.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6270]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

BURKLEIGH CO. ET AL.

Subpart—*Advertising falsely or misleadingly:* § 13.20 *Comparative data or merits;* § 13.30 *Composition of goods;* § 13.135 *Nature:* Product or service; § 13.170 *Qualities or properties of product or service;* § 13.205 *Scientific or other relevant facts.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15

U. S. C. 45) [Cease and desist order, George Dugdale trading as The Burkleigh Company, Towson, Md.; and Foreign Products Corporation et al., East Orange, N. J., Docket 6270, Feb. 9, 1957]

In the Matter of George Dugdale, an Individual Trading as The Burkleigh Company; and Foreign Products Corporation, a Corporation; and Edgar Kirby, Individually and as an Officer of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a New York City importer from England of an alleged soil conditioner and fertilizer designated "Actumus" and a dealer in the product in Towson, Md., with representing falsely in advertising that said product was 100 percent organic humus, activating bacteria which create nitrates and creating fertility in soil, and otherwise misrepresenting its nature, effectiveness, and comparative merits.

Following entry of a consent order disposing of ten of the allegations of false advertising, the remaining four were fully litigated. Thereupon the hearing examiner made his initial decision and order to cease and desist which became on February 9 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents, George Dugdale, an individual, trading as The Burkleigh Company, and his agents, representatives and employees, and Foreign Products Corporation, a corporation, and its officers, and Edgar Kirby, individually and as an officer of said corporation, and their agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution in commerce as "commerce" is defined in the act, of the soil conditioner designated as "Actumus" or any other product containing substantially the same ingredients or possessing substantially the same properties, do forthwith cease and desist from representing, directly or by implication:

1. That if poor or depleted soil has reserve stores of any elements necessary for plant growth, Actumus has the selective ability to supply from such stores plant nutrients which may be lacking in the soil.

2. That a balanced supply of plant nutrients is made available at the correct time and speed through the use of Actumus; or that Actumus has any selective propensities with respect to the supply of plant nutrients.

3. That the soil may be organized into specific units through the use of Actumus.

4. That the laws of nature with respect to the supply of organic material or plant growth are in any manner affected by the use of Actumus; or that the use of Actumus assures an adequate supply of organic residue to benefit plant life.

5. That when used as directed the application of Actumus to plants or soil will increase the size of roots to any significant extent.

6. That the use of Actumus will be effective in the removal of weeds.

7. That the application of Actumus to eroded, depleted, or overcropped soil will restore such soil to fertility.

8. That fertilizer does not exist, or that it exists only in the imagination of ignorant people, or that the use of fertilizer is of no benefit to the soil.

9. That one pound of Actumus is equal to half a ton of manure or as effective as sixteen tons of compost; or misrepresenting in any manner the effectiveness of Actumus as compared to manure or compost.

10. That one pound of Actumus will produce 1500 gallons of liquid soil conditioner or that one teaspoonful of Actumus dissolved in twenty gallons of water makes an effective fertilizer or manure.

11. That Actumus is humus or the final and stable end product of conversion of organic matter into humus.

12. That bacteria which create nitrate or other elements necessary for plant growth are activated or made available to plants through the use of Actumus.

13. That Actumus creates or has any effect on the fertility of soil, or acts with increasing effect as a soil conditioner.

14. That Actumus is entirely natural or 100 percent organic, or misrepresenting in any other manner its composition.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: February 8, 1957.

By the Commission.

[SEAL] ROBERT M. PARRISH, *Secretary.*

[F. R. Doc. 57-1363; Filed, Feb. 20, 1957; 8:48 a. m.]

[Docket 6601]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

NORTHFIELD MILLS, INC., ET AL.

Subpart—*Furnishing means and instrumentalities of misrepresentation or deception:* § 13.1055 *Furnishing means and instrumentalities of misrepresentation or deception.* Subpart—*Misbranding or mislabeling:* § 13.1190 *Composition:* Wool Products Labeling Act; § 13.1212 *Formal regulatory and statutory requirements:* Wool Products Labeling Act. Subpart—*Misrepresenting oneself and goods*—Goods: § 13.1590 *Composition:* Wool Products Labeling Act; § 13.1623 *Formal regulatory and statutory requirements:* Wool Products Labeling Act.[1]

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended, secs. 2-5, 54 Stat. 1128-1130; 15 U. S. C. 45, 68-68 (c)) [Cease and desist order, Northfield Mills, Inc. (Northfield, Vt.), et al., Docket 6601, Feb. 7, 1957]

[1] New.

In the Matter of Northfield Mills, Inc., a Corporation, Lebanon Woolen Mills Corporation, a Corporation, Strathmore Woolen Company, a Corporation, and Bernard Goldfine, Individually and as an Officer of Above Corporations, and Frank H. Bussiere, Bernard Casey, Horace Maxwell Goldfine, and Solomon Goldfine, Individually

This proceeding was heard by a hearing examiner on the complaint of the Commission—charging three affiliated New England manufacturers of wool products with mills in Northfield, Vt.; Lebanon, N. H.; and Boston, Mass., respectively, with violating the Wool Products Labeling Act through failing to label certain wool products as required; and through overstating the guanaco content of certain fabrics labeled falsely as "70 percent Guanaco—30 percent Wool * * *", and on labels furnished to purchasers to be attached to garments bearing the false information "* * * a blend of 80 percent Wool—20 percent Guanaco" and by similar false statements made in sales contracts, orders, and correspondence—and entry of an agreement for consent order.

On this basis, the hearing examiner made his initial decision and order to cease and desist which became on February 7 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That the respondents Northfield Mills, Inc., a corporation, Lebanon Woolen Mills Corporation, a corporation, and Strathmore Woolen Company, a corporation, and their officers, and Bernard Goldfine, individually and as an officer of said corporations, and Horace Maxwell Goldfine, individually, and respondents' respective agents, representatives and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introduction into commerce or the offering for sale, sale, transportation or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act and the Wool Products Labeling Act of 1939, of wool products, as "wool products" are defined in and subject to the Wool Products Labeling Act, do forthwith cease and desist from misbranding such products by:

1. Falsely or deceptively stamping, tagging, labeling, or otherwise identifying such wool products as to the character or amount of the constituent fibers contained therein;

2. Failing to securely affix to or place on each of such wool products a stamp, tag, label or other means of identification showing in a clear and conspicuous manner:

(a) The percentage of the total fiber weight of such wool products, exclusive of ornamentation not exceeding five percentum of said total fiber weight of (1) wool, (2) reprocessed wool, (3) reused wool, (4) each fiber other than wool where said percentage by weight of such fiber is five percentum or more, (5) the aggregate of all other fibers;

(b) The maximum percentage of the total weight of the wool products, of any non-fibrous loading, filling, or adulterating matter;

(c) The name or registered identification number of the manufacturer of such wool products, or of one or more persons engaged in introducing such wool products into commerce, or in the offering for sale, sale, transportation, distribution, or delivery for shipment thereof in commerce, as "commerce" is defined in the Wool Products Labeling Act of 1939.

Provided that the foregoing provisions concerning misbranding shall not be construed to prohibit acts permitted by paragraphs (a) and (b) of section 3 of the Wool Products Labeling Act.

Provided further that nothing contained in this order shall be construed as limiting any applicable provisions of the Wool Products Labeling Act of 1939 or the rules and regulations promulgated thereunder.

It is further ordered, That the respondents Northfield Mills, Inc., a corporation, Strathmore Woolen Company, a corporation, and their officers, and Bernard Goldfine, individually and as an officer of said corporations, and Horace Maxwell Goldfine, individually, and respondents' respective agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of piece goods, or other wool products, do forthwith cease and desist from:

1. Misrepresenting by statements or representations, in contracts, orders, confirmations, or other documents, by correspondence or by any other means, the character or amount of the constituent fibers contained in such products.

2. Furnishing to or placing in the hands of others, for use in designating the fiber content of respondents' fabrics or garments made therefrom, stamps, tags, or labels by means of which said fabrics or garments made therefrom may be falsely or deceptively stamped, tagged, labeled, or otherwise identified as to the character or amount of the constituent fibers contained therein, or in any other respect.

It is further ordered, That the complaint be and the same is hereby dismissed as to the respondents Frank H. Bussiere, Bernard Casey and Solomon Goldfine.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: February 7, 1957.

By the Commission.

[SEAL] ROBERT M. PARRISH, *Secretary.*

[F. R. Doc. 57-1364; Filed, Feb. 20, 1957; 8:48 a. m.]

TITLE 23—HIGHWAYS

Chapter I—Bureau of Public Roads, Department of Commerce

PART 1—REGULATIONS UNDER THE FEDERAL-AID ROAD ACT OF JULY 11, 1916, AS AMENDED AND SUPPLEMENTED

Sec.

1.1 Definitions.
1.2 Purpose.
1.3 Organization and powers of State highway department.
1.4 Selection and designation of highway systems.
1.5 Establishment of "urban area" boundaries.
1.6 Programs of proposed projects.
1.7 Project statements.
1.8 Surveys, plans, specifications, and estimates.
1.9 Project agreements.
1.10 Construction and contracts.
1.11 Rights-of-way.
1.12 Labor and employment.
1.13 Highway planning and research projects.
1.14 Railway-highway crossing projects.
1.15 Coordination of airport and highway location.
1.16 Maintenance of projects.
1.17 Traffic signs and signals.
1.18 Diversion of gasoline and motor-vehicle taxes; reduction of apportionment.
1.19 Records and cost keeping.
1.20 Payments.
1.21 Advance of funds.
1.22 Delegation of authority.
1.23 Operating procedures and instructions.
1.24 Public hearings.
1.25 Secondary road plans.
1.26 Application of regulations.

AUTHORITY: §§ 1.1 to 1.26 issued under sec. 18, 42 Stat. 216, as amended; 23 U. S. C. 19.

§ 1.1 *Definitions.* For the purposes of the regulations in this part, the following terms shall be construed, respectively, to mean:

(a) *Act.* The Federal-Aid Road Act of July 11, 1916, and all acts amendatory thereof or supplementary thereto (U. S. C. 23), except those provisions which relate to national forest roads and highways, national park and national park approach roads and parkways, and Indian reservation roads.

(b) *Secretary.* The Secretary of Commerce, Department of Commerce.

(c) *Administrator.* The Federal Highway Administrator, Bureau of Public Roads, Department of Commerce.

(d) *Commissioner.* The Commissioner of Public Roads, Bureau of Public Roads, Department of Commerce.

(e) *State.* The 48 States, District of Columbia, Hawaii, Puerto Rico, and Alaska to the extent that the regulations in this part apply to Alaska under section 107 of the Federal-Aid Highway Act of 1956.

(f) *State highway department.* The department of each State government adequately organized and equipped to exercise all the functions incident to operations under the Federal highway legislation and authorized, by the laws of the State, to make final decisions for the State in all matters relating to, and to enter into, on behalf of the State, all contracts and agreements providing for State-Federal cooperative road projects.

(g) *Latest available Federal census.* The latest available Federal decennial census, except for the establishment of "urban area" boundaries as provided in § 1.5.

(h) *Urban area.* An area including and adjacent to a municipality or other urban place of five thousand or more population as shown by the latest available Federal census.

(i) *Rural areas.* All areas of the State not included in "urban areas."

(j) *1954 secondary road plan.* The plan under which a State requests that the Secretary of Commerce discharge his responsibility relative to certain statutory duties pertaining to secondary roads by receiving and approving a statement certified by the State highway department, all as more fully set forth in, and pursuant to, the second, third, and fourth provisos of section 1 of the Federal-aid Highway Act of 1954.

(k) *Interstate system.* The National System of Interstate and Defense Highways.

§ 1.2 *Purpose.* (a) To establish the pattern for a long-range program of highway development designed for the national and civil defense and to serve the major classes of highway traffic broadly defined as (1) interstate or interregional, (2) intercity or intrastate, (3) rural secondary or farm-to-market, and (4) intra-urban;

(b) To recognize the State highway department as the legal representative of the State including all government subdivisions in the administration of the act within each State;

(c) To provide for a more comprehensive rural-road program through cooperation between the State highway department, the county or other appropriate local road officials, and the Bureau of Public Roads in connection with the Federal-aid secondary systems;

(d) To insure continuity in the direction of expenditures to accomplish the objectives of the long-range program by the selection of road systems and by annual improvement programs of projects lying upon each system;

(e) To create for the purposes of the act "urban areas" which are urban in character and which may include suburban communities outside municipal boundaries and to make provision for aiding the planning and development of arterial highways to serve such areas;

(f) To accelerate the construction of the Federal-aid highway systems and the prompt completion of the Interstate System.

§ 1.3 *Organization and powers of State highway department.* Each State shall maintain at its own expense a State highway department as defined in § 1.1, having adequate powers and suitably equipped and organized to discharge to the satisfaction of the Secretary the duties required by the act and by the regulations in this part. From time to time as the Secretary may determine, there shall be furnished to him, by or on behalf of a State, information concerning: (a) Laws affecting roads and the authority of the State and local officials in

reference to the acquisition of rights-of-way, construction, maintenance, and control of roads; (b) the State highway department, how equipped and organized; (c) constitutional and legislative provisions relative to revenues for the administration, construction, reconstruction, and maintenance of roads; and (d) funds that will be available to meet the State's share of the cost of construction work to be performed and the sources of such funds.

§ 1.4 *Selection and designation of highway systems.* (a) The highway systems designated to become the pattern for the long-range development of adequate highway service shall be so selected as to form an integrated net within each State and with like systems at State boundaries. There is no predetermined time limit for the submission of the full selection of the systems and no fixed maximum for the mileage of the systems other than the specific limitations of the act.

(b) The extent of the overall mileage of the systems as finally approved shall be determined by the ratio of the estimated annual income that will be available from all sources for, and the estimated annual costs of, the maintenance, construction, and reconstruction of the mileage included in the long-range program and shall be so balanced as to permit completion of the initial improvements within a reasonable period of years. The conservation and development of natural resources and of economic and social values, particularly those encouraging desirable land utilization, by providing adequately improved and maintained highways are to be given greater weight in the selection of routes for inclusion in the several systems than is the existing numerical traffic volume.

(c) The highway systems to be selected and designated in accord with the requirements of the act are:

(1) The Interstate System as required by section 7 of the Federal-Aid Highway Act of 1944, as amended by section 108 (1) of the Federal-Aid Highway Act of 1956, including such toll roads, bridges and tunnels as may be approved as part of the Interstate System pursuant to section 113 of the 1956 Act.

(2) The Federal-aid highway system as now constituted and approved, with such revisions as may be approved.

(3) A Federal-aid secondary system as required by the act. The roads selected shall be roads not included in the Federal-aid highway system and shall be exclusively within "rural areas," except that in States which have a population density exceeding 200 per square mile, roads and streets within "urban areas" may be included; and also except for approved extensions of the secondary system within urban areas. The system so selected in cooperation with local road officials shall be submitted to the Administrator in the form required by him and shall be subject to his approval.

(d) An extension of a secondary system into an urban area may be approved where such extension connects the point from which the extension is made with another point on the secondary system outside of the urban area either by direct connection, using the secondary system exclusively, or an indirect connection which uses a portion of another Federal-aid system. Any such extension may be financed only with urban funds. This paragraph does not affect the statutory right of those States which have a population density exceeding 200 per square mile to include in the secondary system roads and streets within urban areas.

(e) All revisions of systems, including transfers from one system to another, are subject to approval by the Administrator. However, approval of revisions of any section of the Interstate System between such control points as may be established, on which section an interstate project has been constructed, or is under actual construction, with Federal-aid funds, will be given only under the most unusual circumstances and conditions, which would clearly justify such approval.

§ 1.5 *Establishment of "urban area" boundaries.* Prior to the inclusion in a proposed program of any project involving funds authorized for urban areas, the boundaries of the particular urban area or areas involved shall be submitted by the State highway department and approved by the Administrator, in accord with the terms of the act. For the purposes of this section, the term "latest available Federal census" as used in the act, shall mean the latest published official census, decennial or special. Projects in urban areas for which the boundaries have been established may be approved prior to the determination of the boundaries of all urban areas within a State.

§ 1.6 *Programs of proposed projects.* Each State highway department shall prepare and submit to the Administrator for approval detailed programs of proposed projects for the utilization of any apportionment of funds made to the State under the provisions of the act. Projects for construction on the Federal-aid secondary system shall be selected and the specifications with respect thereto shall be determined by the State highway department and the appropriate local officials in coperation with each other, subject to approval by the Administrator as provided by the act. These programs shall be in such form and shall be supported by such information as the Administrator may require. Prior to the inclusion in the program of projects lying off the approved systems, the routes of which such projects form an integral part shall be submitted by the State highway department and approved by the Administrator as routes of the appropriate system.

§ 1.7 *Project statements.* (a) The program required by § 1.6 may be accepted as constituting the project statement referred to in the act.

(b) The Administrator shall not authorize the advertisement of any project and shall not concur in the award of any contract for any project until the program which includes such project has been approved.

§ 1.8 *Surveys, plans, specifications, and estimates.* (a) Surveys, plans, specifications, and estimates for all projects shall be prepared by or under the immediate direction of the State highway department and shall show in convenient form and detail the work to be performed and the probable cost thereof, all in conformity with the standards governing form and arrangement prescribed by the Administrator.

(b) (1) The State highway department may utilize the services of well-qualified and suitably equipped engineering organizations of counties, municipalities, or other local subdivisions, acting under its direction, for making surveys, preparing plans, specifications, and estimates, and for supervising the construction of any project. Inasmuch as the act requires each State to maintain at its own expense a State highway department having adequate powers and suitably equipped and organized to discharge the duties required, no part of the cost of maintaining the central office of a State highway department or the central office of any publicly maintained engineering organization which may be utilized by the State shall be paid with Federal funds.

(2) The State highway department may utilize the services of the engineering organizations of the affected railroad companies for railway-highway crossing projects subject to the same limitations as to the general overhead costs.

(3) The services of consulting engineers and private engineering organizations may be utilized on a contract basis for design, preparation of plans, specifications, and estimates, and in special cases for construction engineering other than general supervision, only under one or more of the following circumstances: (i) The work is of unusual character requiring highly specialized knowledge and experience; (ii) it would not be possible to enlarge the staff of personnel available to the State so as to perform the engineering services on the project within a reasonable time; or (iii) the State has a program substantially larger than normal or expected in future years and it desires to employ consulting engineers rather than build up its organization for a comparatively short period.

(c) Until plans, specifications, and estimates for a project or part thereof have been submitted and found satisfactory by the authorized representative of the Administrator, and the State has been so notified, no project or part thereof shall be advertised for contract.

(d) Specifications for individual secondary road projects in those States adopting the 1954 Secondary Road Plan are not subject to approval by the Administrator.

(e) If any part of the cost of a project is to be provided by a county, municipality, or other local subdivision of a State, the State highway department shall determine the official actions to be taken by, and shall enter into such agreements with, the appropriate local officials as the department shall find desirable to safeguard its responsibility under the act for the fulfillment of the project agreement and the continuous maintenance of the project.

§ 1.9 *Project agreement.* (a) A project agreement between the State highway department and the Administrator shall be executed for each project on a form furnished by the Administrator. No payment on any project shall be made by the United States unless and until such agreement has been executed, nor on account of costs incurred prior to authorization by the authorized representative of the Administrator.

(b) Subsequent to execution of the project agreement no change shall be made which will increase the cost of a project to the Federal Government or alter its termini, type, or other conditions except upon agreement with the Administrator.

(c) Agreements for the construction of projects on the Interstate System shall contain clauses relating to use of and access to rights-of-way required by section 112 of the Federal-Aid Highway Act of 1956.

§ 1.10 *Construction and contracts.* (a) Actual construction work shall be performed by contract awarded by competitive bidding under such procedures as may be required by this part and by the operating procedures and instructions issued by the Administrator unless the Administrator shall affirmatively find that under the circumstances relating to a given project some other method is in the public interest. Before any work is undertaken by direct labor, the State highway department shall determine that the organization that is to undertake the work is able and equipped to perform such work at costs which are reasonable and which compare favorably with similar contract work.

(b) No part of the Federal money set aside on account of any project shall be paid until it has been shown to the satisfaction of the Administrator that adequate methods, either advertising or other devices appropriate for the purpose, were employed, prior to the beginning of construction, to insure economy and efficiency in the expenditure of such money. An advertising period of 2 weeks may be accepted, provided a suitable mailing list of contractors is maintained by a State highway department to whom notices of new work are mailed, and public advertisement is inserted at least once a week for 2 weeks in such publications as will insure adequate publicity, the first insertion to be 2 weeks prior to the opening of bids. In case of emergency an advertising period of less than 2 weeks, or another method insuring competitive prices, may be approved.

(c) All contracts for the construction of highways under the act shall require the contractor to furnish all materials entering into the work, except as otherwise authorized by the prior approval of the Administrator. No requirement shall be contained in any contract entered into by any State providing price differentials for, requiring the use of, or otherwise discriminating in favor of materials produced within the State.

(d) No procedure or requirement shall be approved which, in the judgment of the Secretary, is designed or may operate to prevent the submission of a bid by, or the award of a contract to, any responsible contractor, whether resident or nonresident of the State wherein the work is to be performed, such as laws or regulations which require the licensing of a contractor before he may submit a bid or which prohibit the consideration of a bid submitted by a contractor not so licensed, or rules which govern the prequalification of contractors by which the amount of work that may be awarded to a contractor is limited otherwise than by a full and appropriate evaluation of his experience, equipment, financial resources, and performance record.

(e) No contract for any project or part thereof shall be entered into or award therefor made by any State without prior concurrence in such action by the Administrator, and no alteration in the contract subsequently shall be made without the approval of the Administrator. Prior to concurrence by the Administrator in any proposed award of a contract for work financed in whole or in part with funds made available under the Federal-Aid Highway Act of 1954 or subsequent acts, the State shall furnish a sworn statement executed by, or on behalf of, the successful bidder to whom such contract is to be awarded, certifying that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with such contract.

(f) Where bids for a project are received on alternate types of construction, the award of contract shall be made to the responsible bidder submitting the lowest acceptable bid irrespective of type, unless it be satisfactorily shown that it is in the public interest to accept a higher bid.

(g) All contracts for projects under the act shall contain suitable stipulations designed to insure that the contractor shall perform with his own organization work amounting to not less than 50 percent of the combined value of all items of work covered by the contract for each project: *Provided, however,* That any work under the contract which will require highly specialized knowledge, craftsmanship, or equipment not ordinarily available in contracting organizations qualified to bid on the project, may be designated and shown in the advertised specifications as "Specialty Items" and the items so designated may be performed by subcontract without regard to the above limitation.

(h) No part of the money apportioned under the act shall be used, directly or indirectly, to pay or to reimburse a State, county, or local subdivision for the payment of any premium or royalty on any patented or proprietary material, specification, or process for a distinctive type of construction unless purchased or obtained on open actual competitive bidding at the same or less cost than unpatented articles or methods, if any, equally suitable for the same purpose, or unless the State highway department certifies (1) that such material, specification or process is essential for synchronization with existing operating equipment or (2) that no equally suitable alternate exists: *Provided, however,* That patented or proprietary articles or methods of reasonable cost which constitute minor elements of a contract item may be specified and paid for if purchased in competition with one or more equally suitable patented or proprietary articles or methods or if information is included in the advertisement stating the price at which such patented or proprietary articles or methods are available to all contractors. Manufactured patented or proprietary articles which constitute a major part of the cost of a contract item may be specified and paid for if competition is assured with unpatented or nonproprietary articles or between two or more manufactured patented or proprietary articles accepted as equally suitable for the same purpose. Nothing in this section shall be construed as a prohibition against the use of any patented or proprietary material, specification, or process for a distinctive type of construction on relatively short sections of road for experimental purposes.

(i) Construction engineering and inspection charges reimbursable with Federal funds shall be limited to the salaries of individuals directly employed on a project and to other necessary costs incurred in connection with such engineering and inspection.

(j) Federal funds may be used to reimburse the State for the cost of relocation, as defined in section 111 (c) of the Federal-Aid Highway Act of 1956, of publicly, privately or cooperatively owned utility facilities, including railroads, necessitated by the construction of any project. Such reimbursement shall not exceed the regular Federal pro rata share of the cost of such work actually paid by the State or its political subdivisions. When the State submits a project for approval which proposes Federal participation in the cost of relocation of a utility facility located on an existing public highway, right-of-way, it shall certify that payment to the utility does not violate State or local law or a legal contract between the utility and the State or its subdivisions.

(k) The procedures being followed in each State with respect to the award of contracts by competitive bidding shall be designed to bring about the letting of contracts at the lowest cost consonant with capable performance under circumstances permitting a fair and adequate opportunity for the submission of bids. Such procedures shall conform with all pertinent provisions of this part and with all pertinent operating procedures and instructions now or hereafter issued. In the event a review by the Administrator discloses any procedures deemed by him to be contrary to the aforesaid purposes, the provisions of this part, or the operating procedures and instructions, then the Administrator shall require that such procedures shall be changed in order to conform to such purposes, regulations of this part, operating procedures and instructions.

(1) Suitable provisions shall be included in all contracts for projects under the act designed (1) to insure full compliance with all applicable Federal, State and local laws governing safety, health and sanitation, and (2) to require that the contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions, on his own responsibility or as the contracting officer may determine, reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract.

§ 1.11 *Rights-of-Way.* (a) Federal participation in the cost of rights-of-way acquired by a State or political subdivision thereof shall be restricted to the costs of rights-of-way actually acquired and dedicated for highway purposes subsequent to the date of approval or acceptance of the program which includes the project for which such costs are incurred. Such costs may include costs incurred and paid, pursuant to State law, for damages to property, resulting from the taking of the rights-of-way or construction of the highway. Such costs may include costs for portions of rights-of-way acquired for future highway use. Only such costs that actually result in disbursement from public highway funds of the State or political subdivision thereof shall be eligible for reimbursement. However, reimbursement may be made in proper cases for costs actually incurred in the readjustment, repair, or restoration of facilities or improvements made necessary by reason of the construction of the highway.

(b) Before the Administrator institutes proceedings, at the request of any State, to acquire lands or interests in lands for projects on the Interstate System, the State shall declare and fully explain its inability to acquire such lands or interests in lands or its inability to acquire them with sufficient promptness, shall agree to reimburse to the Federal Government the State's pro rata share of the costs incurred in acquiring such lands or interests in lands, and shall agree to accept such lands or interests in lands thus acquired.

(c) The rights-of-way provided for Federal-aid highway projects shall be held inviolate for public highway purposes. No project shall be accepted as complete until all encroachments have been removed from the rights-of-way. No signs (other than those specified in § 1.17), posters, billboards, automotive service stations or other commercial establishments for serving motor vehicle users, roadside stands, or any other private installations shall be permitted within the right-of-way limits; neither shall any portion of the rights-of-way be used in connection with any private business or undertaking. Exceptions to the provisions of this paragraph may be made under circumstances approved by the Administrator on portions of rights-of-way acquired for future use.

§ 1.12 *Labor and employment.* (a) No convict labor shall be employed and no materials manufactured or produced by convict labor shall be used on any project constructed under the regulations in this part.

(b) The selection of labor to be employed on any work undertaken under the act in each State shall be in conformity with the laws of such State.

(c) All laborers and mechanics employed by contractors or subcontractors on projects on the Interstate System authorized under section 108 of the Federal-Aid Highway Act of 1956 shall be paid wages at rates not less than those prevailing on the same type of work on similar construction in the immediate locality as determined by the Secretary of Labor after consultation with the State highway department in accordance with section 115 of that Act. Such minimum wage rates shall be set out in the advertised specifications, bid proposal, and contract for the project. The published notice to bidders shall contain a statement that the minimum wage rates predetermined by the Secretary of Labor for the project are set out in the advertised specifications and bid proposal, and that such rates will be made a part of the contract covering the project.

(d) The Administrator shall prescribe such procedures as he deems necessary to be followed by the State highway department in order to insure that all laborers and mechanics employed by contractors and subcontractors on any project referred to in paragraph (c) of this section are paid wages at rates not less than those predetermined by the Secretary of Labor and set forth in the contract.

(e) All contracts, except those for the construction of projects referred to under paragraph (c) of this section, shall prescribe the minimum rates of wages for skilled, intermediate, and unskilled labor, as predetermined by the State highway department, which contractors or subcontractors shall pay, and such minimum rates shall be stated in the specifications advertised in the call for bids on the proposed project.

§ 1.13 *Highway planning and research projects.* Each State highway department shall prepare and submit a detailed program of proposed engineering and economic investigations and highway research necessary in connection therewith, showing the amount of Federal and State funds proposed for expenditure on each item thereof. Subject to the approval and project agreement procedure provided for construction projects, not to exceed 1½ percent of the amount apportioned for any year to each State for expenditure on the Federal-aid primary highway system, the Federal-aid secondary highway system, the Federal-aid primary highway system in urban areas, and the Interstate System, respectively, shall be used for highway planning and research projects, and the funds programed for such purposes may be pooled and administered as a single fund for the financing of the various items of work. Pending the submission and approval of the final detailed program, 1½ percent of the amount apportioned for any year to each State for expenditure on each of said Federal-aid systems shall be programed for highway planning and research projects.

§ 1.14 *Railway-highway crossing projects.* (a) Before a project for the elimination of hazards at a railway-highway crossing shall be approved for construction, either (1) an agreement shall have been entered into between the State highway department and the railroad concerned; or (2) an order authorizing the project shall have been issued by the State public utility commission. Such agreement or order shall contain provisions covering construction, maintenance, and railroad contributions relating to the project, which conform to, and are not inconsistent with, the policies, classifications of projects and procedures prescribed by the Administrator.

(b) State laws pursuant to which contributions are imposed upon railroads for the elimination of hazards at railway-highway crossings shall be held not to apply to Federal-aid projects.

§ 1.15 *Coordination of airport and highway location.* Federal highway funds shall not be used for the reconstruction or relocation of any highway giving access to, or closed or impaired by, an airport constructed or extended after December 20, 1944 unless, prior to such construction or extension, the State highway department and the Bureau of Public Roads have concurred with the officials in charge of the airport that the location or extension of such airport and the consequent reconstruction or relocation of the highway are in the public interest.

§ 1.16 *Maintenance of projects.* (a) Maintenance of all projects constructed under the provisions of the act shall be the responsibility of the State except as provided in paragraph (c) of this section and for those projects or portions thereof which may be eliminated from the Federal-aid highway system or from the Federal-aid secondary system through relocation in connection with further improvement of a project. The State highway department, acting under the laws of the State, may provide for the maintenance of Federal-aid projects by agreement with municipal or other local authorities, but the responsibility of the State to maintain such projects satisfactorily remains unchanged under the requirements of section 14 of the Federal Highway Act as amended by section 6 of the Federal-Aid Highway Act of 1950.

(b) A project for which the State highway department proposes to provide maintenance by an agreement with a municipality or a county shall not be approved if any project previously improved with Federal funds under the provisions of the Federal Highway Act, as amended and supplemented, which the said county or other subdivision has agreed to maintain, is not being satisfactorily maintained, or shall not be approved until such previously improved project shall have been placed in a proper condition of maintenance, as determined by the Administrator.

(c) The Administrator shall determine the extent to which Federal-aid funds apportioned to the Territory of Alaska may be expended for maintenance of roads within the system or systems selected and designated pursuant to section 107 (a) of the Federal-Aid Highway Act of 1956.

§ 1.17 *Traffic signs and signals.* All signs and traffic-control devices and other protective structures, whether paid for from Federal or other funds, erected on or in connection with highways or structures on which Federal funds are expended, shall be in conformity with such standards as may be adopted by the American Association of State Highway Officials, approved by the State highway department, and concurred in by the Administrator.

§ 1.18 *Diversion of gasoline and motor-vehicle taxes; reduction of apportionment.* If the Secretary shall find at any time that lesser amounts of the revenues derived from State motor-vehicle registration fees, licenses, gasoline taxes, and other special taxes on motor-vehicle owners and operators in any State are required by its laws to be applied to highway purposes than were required to be so applied by the laws of such State on June 18, 1934, he shall take such action as he may deem necessary to comply with the provisions of section 12 of the act of June 18, 1934 (48 Stat. 995), by reducing the first Federal-aid apportionment made to a State after the date of a finding that such State has diverted contrary to the aforesaid act, by an amount not in excess of one-third of the total apportionment to which the State otherwise would be entitled under the Federal-Aid Road Act of 1916, as amended. In any such reduction, each class of apportioned Federal-aid funds; namely, primary, secondary, urban, and interstate, shall bear the same proportionate share of the reduction.

§ 1.19 *Records and cost keeping.* (a) Such records of the cost of construction, of inspection, of tests, and of maintenance done by or on behalf of the State, shall be kept, by or under the direction of the State highway department, as will enable the State to report, upon the request of the Administrator, the amount and nature of the expenditure for these purposes.

(b) The records required by paragraph (a) of this section for each project, together with all supporting documents, shall be retained for a period of three years after the payment of the final voucher, and shall be open at all times to inspection by the Administrator, or his authorized representatives, and copies thereof shall be furnished when requested.

§ 1.20 *Payments.* Vouchers in the form provided by the Administrator and certified as therein prescribed, showing amounts expended on any project and the amount claimed to be due from the Federal Government, shall be submitted by the State highway department to the Bureau of Public Roads, either after completion of the project or as the work progresses.

§ 1.21 *Advance of funds.* If necessary to enable any State highway department to make prompt payments for acquisition of rights-of-way and for construction as it progresses, the Administrator may advance the Federal share of the cost of such acquisition or construction to any State in such manner and subject to such conditions as he may prescribe.

§ 1.22 *Delegation of authority.* The Administrator shall perform the functions vested in the Secretary by the act except for the following: (a) Making regulations; (b) functions reserved to the Secretary by these regulations; (c) apportioning Federal-aid road funds among the States; and (d) functions reserved to the Secretary by internal directives and administrative regulations of the Department. The Administrator may redelegate any power or authority conferred upon him by this section to the Commissioner or to any official or officials of the Bureau of Public Roads as in his judgment will result in economy and efficiency in effectuating the purposes of the act and the regulations in this part.

§ 1.23 *Operating procedures and instructions.* The Administrator is hereby authorized to issue such operating procedures and instructions not in conflict with the act or with the regulations in this part as he may deem necessary for carrying out the provisions and effectuating the purposes of the act and the regulations in this part, and all such operating procedures and instructions issued by him shall be and continue in full force and effect from the date on which issued or made effective until modified or revoked by him.

§ 1.24 *Public hearings.* The Administrator shall prescribe procedures for State highway departments to follow with respect to public hearings on any Federal-aid highway project involving the bypassing of, or going through, any city, town or village, incorporated or unincorporated, pursuant to the provisions of section 116 (c) of the Federal-Aid Highway Act of 1956.

§ 1.25 *1954 Secondary Road Plan.* Any State may come under the 1954 Secondary Road Plan with the approval of the Administrator pursuant to such operating procedures and instructions as the Administrator may from time to time prescribe. Such approval will remain in effect at the discretion of the Administrator. Any State, District, or Territory which comes under the 1954 Secondary Road Plan shall not be subject in connection with secondary road projects to the following sections of this part: §§ 1.8 (a), (b) (3) and (c); 1.10 (a), (b), (c), (d), (e), (f), (g), (h), the last sentence of (j), and (k); 1.12 (b), (c), (d) and (e).

§ 1.26 *Application of regulations.* The regulations in this part shall take effect upon publication in the FEDERAL REGISTER and shall supersede all regulations heretofore in effect for carrying out the provisions of the act.

Dated: February 15, 1957.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans Administration

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

SPECIAL ALLOWANCE

Immediately following § 4.480, a new centerhead and the following sections are added as follows:

SPECIAL ALLOWANCE UNDER SECTION 405, PUBLIC LAW 881, 84TH CONGRESS

Sec.
4.485 General.
4.486 Death; service connection.
4.487 Claim.
4.488 Certification from Social Security Administration.

AUTHORITY: §§ 4.485 to 4.488 issued under sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 11a, 426, 707. Interpret or apply sec. 405, Pub. Law 881, 84th Cong.

§ 4.485 *General.* The provisions of the special allowance regulations under section 405, Public Law 881, 84th Congress, are applicable to the payment of a special allowance by the Veterans Administration to the surviving dependents of a member of a uniformed service who served after September 15, 1940, and who died on or after January 1, 1957, as a result of such service and who was not a fully and currently insured individual under Title II of the Social Security Act.

§ 4.486 *Death; service connection.* (a) The special allowance shall be payable only if the death occurred:

(1) While on active duty, active duty for training, or inactive duty training as a member of a uniformed service (line of duty is not a factor); or

(2) As the result of a disease or injury which was incurred or aggravated in line of duty while on active duty or active duty for training, or an injury which was incurred or aggravated in line of duty while on inactive duty training, as a member of a uniformed service after September 15, 1940, if the veteran was discharged or released from the period of such active duty, active duty for training, or inactive duty training under conditions other than dishonorable.

(b) Where the veteran died after separation from service:

(1) Discharge from service must have been under conditions other than dishonorable as outlined in § 4.435.

(2) Line of duty and service connection will be determined as outlined in § 4.436.

§ 4.487 *Claim.* A claim for dependency and indemnity compensation on VA Form VB 8–534, VB 8–535, VB 8–4182 or VB 8–4183 will be accepted as a claim for the special allowance where it is determined that this benefit is payable or where a specific inquiry concerning entitlement to the special allowance is received.

§ 4.488 *Certification from Social Security Administration.* Payment of the special allowance will be authorized on the basis of a certification from Social Security Administration. Award actions subsequent to the original award, including adjustment and discontinuance, will be made in accordance with new certifications from Social Security Administration.

This regulation is effective February 21, 1957.

[SEAL] H. V. HIGLEY,
Administrator of Veterans Affairs.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1392]

[58115]

ALASKA

PARTIALLY REVOKING PUBLIC LAND ORDER NO. 794 OF JANUARY 23, 1952, WHICH WITHDREW PUBLIC LANDS FOR USE OF DEPARTMENT OF THE AIR FORCE FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Public Land Order No. 794 of January 23, 1952, as amended by Public Land Order No. 840 of June 19, 1952, withdrawing public lands in Alaska for use of the Department of the Air Force for military purposes, is hereby revoked so far as it affects the following-described lands:

FAIRBANKS MERIDIAN

T. 2 S., R. 3 E., unsurveyed,
Secs. 1, 2, 11, and 12;
Sec., 14, N½ and W½SW¼;
Sec. 23, W½NW¼;
Sec. 26, S½NW¼ and NE¼NW¼.
T. 2 S., R. 4 E., unsurveyed,
Sec. 6, NW¼ and S½;
Sec. 7;
Sec. 8, SW¼.

The areas described aggregate 4,440 acres.

[1] Filed as part of the original document.

2. In accordance with section 202 (b) of the act of July 28, 1956 (70 Stat. 709; 711) and subject to the requirements of the act, the Territory of Alaska shall be entitled until May 16, 1957, to a preferred right of selection of the lands in connection with its mental health program, except as against prior existing valid rights or as against equitable claims subject to allowance and confirmation.

3. Subject to any existing valid rights and the requirements of applicable law, the restored lands are hereby opened to settlement and to filing of such applications, selections, and locations as are allowable on unsurveyed lands in accordance with the following:

a. Subject to the applications and claims described in paragraph b (1) below, the lands, beginning at 10:00 a. m. on March 23, 1957, will be subject to settlement under the Homestead and Alaska Home Site Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284 as amended). Beginning at 10:00 a. m. on June 22, 1957, any remaining lands will be subject to settlement under these laws by other qualified persons.

b. Applications and selections under the non-mineral public-land laws and applications and offers under the mineral-leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having preference rights conferred by existing laws or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Small Tract Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284 as amended), presented prior to 10:00 a. m. on March 23, 1957, will be considered as simultaneously filed at that hour. Rights under such preference right applications after that hour and before 10:00 a. m. on June 22, 1957, will be governed by the time of filing.

(3) All valid applications and selections under the non-mineral public land laws, other than those coming under paragraphs (1) and (2) above, and applications and offers under the mineral-leasing laws, presented prior to 10:00 a. m. on June 22, 1957, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

c. The lands will be open to applications and offers under the mineral-leasing laws, and to location under the United States mining laws beginning at 10:00 a. m. on June 22, 1957.

4. Persons claiming veteran's preference rights under paragraph b (2) above must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon statutory preference or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Fairbanks, Alaska.

HATFIELD CHILSON,
Assistant Secretary of the Interior.

FEBRUARY 15, 1957.

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[25 CFR Part 130]

FORT BELKNAP INDIAN IRRIGATION PROJECT, MONTANA

OPERATION AND MAINTENANCE CHARGES

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (Public Law 404–79th Congress, 60 Stat. 238), and authority contained in the Acts of Congress approved August 1, 1914; May 18, 1916; and March 7, 1928 (38 Stat. 383, 25 U. S. C. 385; 39 Stat. 1942; and 43 Stat. 210, 25 U. S. C. 387), and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs (Order No. 2508; 14 F. R. 258), and by virtue of authority delegated by the Commissioner of Indian Affairs to the Area Director (Bureau Order No. 551, Amendment No. 1; 16 F. R. 5454–7), notice is hereby given of intention to modify § 130.30 of Title 25, Code of Federal Regulations, dealing with irrigable lands of the Fort Belknap Indian Irrigation Project to read as follows:

§ 130.30 *Charges.* Pursuant to the provisions of the acts of August 1, 1914, and March 7, 1928 (38 Stat. 583, 45 Stat. 210; 25 U. S. C. 385, 387) the basic annual charges for operation and maintenance against the irrigable lands to which water can be delivered under the constructed works of the Fort Belknap Irrigation Project in Montana are (a) for the Milk River and White Bear Units, including the lands operated as a tribal farming and livestock enterprise, is hereby fixed at $2.65 per acre for the year 1957 and thereafter until further notice, (b) for the Peoples Creek (Hays), Brown, Ereaux and Three-Mile Units, hereby fixed at $2.00 per acre for the year 1957 and thereafter until further notice.

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views and data or arguments, in writing, to, Area Director, U. S. Bureau of Indian Affairs, 804 North 29th Street, Billings, Montana, within 30 days from the date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

PERCY E. MELIS,
Area Director.

[25 CFR Part 130]

FLATHEAD INDIAN IRRIGATION PROJECT, MONTANA

OPERATION AND MAINTENANCE CHARGES

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (60 Stat. 238), and authority contained in the acts of Congress approved August 1, 1914, May 18, 1916, and March 7, 1928 (38 Stat. 583; 39 Stat. 142), and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs (Order No. 2508; 14 F. R. 258), and by virtue of the authority delegated by the Commissioner of Indian Affairs to the Area Director (Bureau Order No. 551, Amendment No. 1; 16 F. R. 5454–7), notice is hereby given of intention to modify §§ 130.16 and 130.17 of Title 25 of the Code of Federal Regulations, dealing with the irrigable lands of the Flathead Indian Irrigation Project, Montana, that are not subject to the jurisdiction of the several irrigation districts as follows:

§ 130.16 *Charges, Jocko Division.* (a) An annual minimum charge of $2.69 per acre, for the season of 1957 and thereafter until further notice, shall be made against all assessable irrigable land in the Jocko Division that is not included in an Irrigation District organization regardless of whether water is used.

(b) The minimum charge when paid shall be credited on the delivery of the pro rata per acre share of the available water up to one and one-half acre feet per acre for the entire assessable area of the farm unit, allotment or tract. Additional water, if available, will be delivered at the rate of one dollar and seventy-nine cents ($1.79) per acre foot or fraction thereof.

§ 130.17 *Charges, Mission Valley and Camas Divisions.* (a) (1) An annual minimum charge of $3.30 per acre, for the season 1957 and thereafter until further notice, shall be made against all assessable irrigable land in the Mission Valley Division that is not included in an Irrigation District organization regardless of whether water is used.

(2) The minimum charge when paid shall be credited on the delivery of the pro rata per acre share of the available water up to one and one-half acre feet per acre for the entire assessable area of the farm unit, allotment or tract. Additional water, if available, will be delivered at the rate of two dollars and twenty cents ($2.20) per acre foot or fraction thereof.

(b) (1) An annual minimum charge of $3.20 per acre, for the season of 1957 and thereafter until further notice, shall be made against all assessable irrigable land in the Camas Division that is not included in an Irrigation District organization regardless of whether water is used.

(2) The minimum charge when paid shall be credited on the delivery of the pro rata per acre share of the available water up to one and one-half acre feet per acre for the entire assessable area of the farm unit, allotment or tract. Additional water, if available, will be delivered at the rate of $2.13 per acre foot or fraction thereof.

Interested parties are hereby given opportunity to participate in preparing the proposed amendments by submitting their views and data or arguments, in writing, to Area Director, U. S. Bureau of Indian Affairs, 804 North 29th Street, Billings, Montana, within 30 days from the date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

PERCY E. MELIS,
Area Director.

[Docket No. AO–85–A3]

ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

NOTICE OF HEARING WITH RESPECT TO PROPOSED AMENDMENTS TO AMENDED MARKETING AGREEMENT AND ORDER

Correction

In F. R. Doc. 57–544, appearing at page 476 of the issue for Thursday, January 24, 1957, that portion of § 933.53 (a) preceding the proviso should read as follows:

§ 933.53 *Inspection and certification.* (a) Whenever the handling of any variety of a type of fruit is regulated pursuant to § 933.52, each handler who handles any variety of such type of fruit shall, prior thereto, cause each lot of such variety to be inspected by the Federal-State Inspection Service and certified by it as meeting all applicable requirements of such regulation:

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 11893]

TABLE OF ASSIGNMENTS, TELEVISION BROADCAST STATIONS; LONGVIEW-DENTON, TEX.

ORDER EXTENDING TIME FOR FILING COMMENTS

In the matter of amendment of § 3.606 *Table of assignments* governing television broadcast stations (Longview-Denton, Texas).

1. The Commission has before it for consideration a petition filed February 11, 1957, by O. L. Nelms, DB/A Brownwood Television Company, requesting the Commission to extend the time for filing comments in the above-entitled proceeding for a period of two weeks or until February 25, 1957.

2. In support of its request petitioner alleges that the counterproposal of Brown County Broadcasting Company was filed January 30, 1957, but did not come to the attention of the petitioner until February 7, 1957; therefore making it impossible to evaluate the counterproposal and its effects upon petitioner's UHF operation within the time allowed in this proceeding.

3. The Commission is of the view that the public interest, convenience and necessity would be served by extending the time for filing reply comments in this proceeding.

4. In view of the foregoing: *It is ordered*, That the time for filing reply comments in the above-entitled proceeding is extended from February 11, 1957 to February 25, 1957.

Released: February 15, 1957.

TRADE PRACTICE RULES FOR JEWELRY INDUSTRY

NOTICE OF HEARING AND OF OPPORTUNITY TO PRESENT VIEWS, SUGGESTIONS, OR OBJECTIONS

Opportunity is hereby extended by the Federal Trade Commission to any and all persons, firms, corporations, organizations, or other parties, including farm, labor, and consumer groups, affected by or having an interest in the proposed trade practice rules for the Jewelry Industry to present to the Commission their views concerning said rules, including such pertinent information, suggestions, or objections as they may desire to submit, and to be heard in the premises. For this purpose they may obtain copies of the proposed rules upon request to the Commission. Such views, information, suggestions, or objections may be submitted by letter, memorandum, brief, or other communication, to be filed with the Commission not later than March 15, 1957. Opportunity to be heard orally will be afforded at the hearing beginning at 10 a. m., e. s. t., March 15, 1957, in the Hotel Biltmore (Rooms 108-19-23), Madison Avenue at Forty-third Street, New York City, to any such persons, firms, corporations, organizations, or other parties, who desire to appear and be heard. After due consideration of all matters presented in writing or orally, the Commission will proceed to final action on the proposed rules.

Rules approved and promulgated by the Commission in this proceeding will supplant rules heretofore promulgated by the Commission for the Educational Jewelry Industry, the Wholesale Jewelry Industry, the Pearl, Cultured Pearl, and Imitation Pearl Industry, the Diamond Industry, and the Catalog Jewelry and Giftware Industry (with respect to jewelry items covered thereby) (16 CFR Parts 69, 128, 208, 23, and 157, respectively), and result in termination of pending proceedings for the establishment of rules relating to use of the terms "Gold," "Karat," and "Solid" in describing articles or parts of articles which are solidly and throughout of an alloy of gold, and rules for the Low and Medium-Priced Jewelry Industry.

The proposed rules as published by the Commission would have application to persons, firms, corporations, or organizations engaged in the manufacture, importation, sale, offering for sale, or distribution of (1) any kind or type of jewelry products; or (2) of unset diamonds, pearls, or cultured pearls, whether finished, semifinished, or in the rough, which are designed for a jewelry, as distinguished from an industrial, use. They do not have application to watches, watch cases, or wrist watch bands.

Issued: February 18, 1957.

By direction of the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

UTAH

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

FEBRUARY 13, 1957.

In exchanges of lands made under the provision of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended, the following described lands have been reconveyed to the United States:

SALT LAKE MERIDIAN

T. 12 N., R. 11 W.,
Sec. 3: All;
Sec. 7: W½.
T. 5 S., R. 3 W.,
Sec. 22: NW¼NW¼.
T. 6 S., R. 3 W.,
Sec. 2: E½NE¼, SW¼NE¼.
T. 7 S., R. 3 W.,
Sec. 8: SE¼, SE¼NE¼ (minus 12 acres for road R/W);
Sec. 9: W½SW¼, SW¼NW¼;
Sec. 17: N½.
T. 7 S., R. 6 W.,
Sec. 3: SW¼NW¼;
Sec. 4: SE¼NE¼;
Sec. 13: S½SW¼;
Sec. 24: NW¼, N½SW¼, E½.
T. 15 S., R. 5 W.,
Sec. 34: NW¼NW¼.
T. 17 S., R. 8 W.,
Sec. 17: NW¼;
Sec. 18: NE¼NE¼;
Sec. 21: S½.
T. 18 S., R. 8 W.,
Sec. 9: Lot 2.
T. 18 S., R. 9 W.,
Sec. 12: NE¼NE¼;
Sec. 36: SE¼NW¼.
T. 22 S., R. 6 W.,
Sec. 20: SW¼, S½NW¼;
Sec. 29: W½NW¼.
T. 25 S., R. 9 W.,
Sec. 33: NE¼.
T. 25 S., R. 11 W.,
Sec. 22: W½;
Sec. 24: S½;
Sec. 25: N½;
Sec. 27: E½;
Sec. 28: N½.
T. 26 S., R. 9 W.,
Sec. 6: Lots 1, 2, 3, 4, 5, SW¼NE¼, SE¼NW¼.
T. 33 S., R. 5 W.,
Sec. 4: SE¼SW¼;
Sec. 9: NE¼NW¼.
T. 35 S., R. 13 W.,
Sec. 8: W½.
T. 37 S., R. 5 W.,
Sec. 22: W½NE¼, SE¼NE¼.
T. 15 S., R. 10 E.,
Sec. 10: E½SE¼, NW¼SE¼;
Sec. 11: W½SW¼.
T. 15 S., R. 11 E.,
Sec. 34: E½SE¼;
Sec. 35: N½SW¼, W½NW¼.
T. 23 S., R. 19 E.,
Sec. 28: SE¼, S½SW¼, NE¼SW¼;
Sec. 33: NW¼, NE¼NE¼, N½SW¼, W½NE¼.

The above tracts aggregate 7,119.14 acres.

The tracts described above are widely scattered parcels. The character of the lands is predominantly desert or semi-desert.

No application for these lands will be allowed under the homestead, desert land, small tract, or any other nonmineral public land law, unless the lands have already been classified as valuable, or suitable for such type of application, or shall be so classified upon consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

Subject to any existing valid rights and the requirements of applicable law, the lands described above are hereby opened to filing of applications, selections, and locations in accordance with the following:

a. Applications and selections under the nonmineral public land laws and applications and offers under the mineral leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Desert Land, and Small Tract Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284), as amended, presented prior to 10:00 a. m. on March 21, 1957, will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m. on June 20, 1957, will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public land laws, other than those coming under paragraphs (1) and (2) above, and applications and offers under the mineral leasing laws, presented prior to 10:00 a. m. on June 20, 1957, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

b. The lands will be open to location under the United States mining laws, beginning 10:00 a. m. on June 20, 1957.

Persons claiming veteran's preference rights under paragraph a (2) above must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning these lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Post Office Box 777, Salt Lake City, Utah.

VAL B. RICHMAN,
State Supervisor.

[F. R. Doc. 57-1353; Filed, Feb. 20, 1957; 8:45 a. m.]

UTAH

RESTORATION ORDER UNDER FEDERAL POWER ACT

FEBRUARY 15, 1957.

Pursuant to a determination issued January 17, 1957, Docket No. DA-120-Utah, by the Federal Power Commission, and in accordance with Order No. 541, section 2.5, of the Director, Bureau of Land Management, approved April 21, 1954 (19 F. R. 2473-2476), it is ordered as follows:

The lands hereinafter described so far as they are withdrawn and reserved for power purposes, are hereby restored from the power site classification to the extent necessary to permit the State Highway Commission of Utah to obtain a right-of-way under the act of November 9, 1921 (42 Stat. 212), for a material site, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. 818), as amended.

SALT LAKE MERIDIAN, UTAH

T. 40 S., R. 21 E.,
Sec. 26: NE¼NE¼;
Sec. 27: SE¼SE¼.

These lands are in Utah Grazing District No. 6 and are withdrawn in Power Site Classification No. 219, approved May 13, 1929.

This restoration is limited to the purpose stated above and does not restore the land to disposition under the public land laws, and is, therefore, not subject to the provisions contained in the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284), as amended, granting preference rights to veterans of World War II and others.

Inquiries concerning these lands shall be addressed to the Manager, Land Office, Post Office Box No. 777 or Room 312, Federal Building, Salt Lake City, Utah.

VAL B. RICHMAN,
State Supervisor.

[F. R. Doc. 57-1354; Filed, Feb. 20, 1957; 8:46 a. m.]

SOUTH DAKOTA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

FEBRUARY 15, 1957.

The United States Forest Service, Department of Agriculture has filed an application, Serial No. BLM 034316 (SD), for the withdrawal of the land described below, from location and entry under the general mining laws. The applicant desires the land for use as an administrative site.

For a period of thirty days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, 1245 North 29th Street, Billings, Montana.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

BLACK HILLS PRINCIPAL MERIDIAN

BLACK HILLS NATIONAL FOREST

Pactola Administrative Site:
T. 2 N., R. 5 E.,
Sec. 25: W½W½;
Sec. 26: NE¼, N½SE¼.

Total area 400 acres.

R. D. NIELSON,
State Supervisor.

[F. R. Doc. 57-1355; Filed, Feb. 20, 1957; 8:46 a. m.]

DEPARTMENT OF THE TREASURY

Bureau of Customs

[363.2]

IMPORTED CARPETING

MARKING OF COUNTRY OF ORIGIN

FEBRUARY 18, 1957.

The Bureau of Customs has ruled that imported carpeting which is to be cut prior to or at the time of sale to ultimate purchasers, unless otherwise excepted from marking pursuant to one or more of the exceptions set forth in section 304 (a) (3) of the Tariff Act of 1930, as amended (19 U. S. C. 304 (a) (3)), shall be legibly and conspicuously marked with the English name of the country of origin at each corner at the beginning of the roll and at each corner at the end of the roll by the use of a tag or other suitable method whereby the name of the country of origin may be seen without the carpeting being unrolled.

Treasury Decision 54191 (1) setting forth certain requirements for the marking of imported carpeting is being revoked.

This requirement applies only to such carpeting entered for consumption or for warehousing after 90 days from the date of publication of an abstract of that decision in the weekly Treasury Decision.

[SEAL] RALPH KELLY,
Commissioner of Customs.

[F. R. Doc. 57-1377; Filed, Feb. 20, 1957; 8:51 a. m.]

[363.2]

IMPORTED WOVEN WIRE CLOTH

MARKING OF COUNTRY OF ORIGIN

FEBRUARY 18, 1957.

The Bureau has ruled that imported woven wire cloth, not otherwise excepted from marking under one of the exceptions set forth in section 304 (a) (3), Tariff Act of 1930, as amended, must be legibly and conspicuously marked with the English name of the country of origin at each corner at the beginning of the roll and at each corner at the end of the

roll by the use of a tag or other suitable method whereby the name of the country of origin may be seen without the woven wire cloth being unrolled. This requirement is to become effective at the expiration of 90 days from the date of publication of an abstract of this decision in the weekly Treasury Decisions.

[SEAL] RALPH KELLY,
Commissioner of Customs.

[F. R. Doc. 57-1378; Filed, Feb. 20, 1957; 8:51 a. m.]

[424.34]

UNFINISHED LATCH NEEDLES

TARIFF CLASSIFICATION

The Bureau by its letter to the collector of customs at St. Albans, Vermont, dated May 23, 1956, ruled that unfinished latch needles are classifiable under the provision for latch needles in paragraph 343, Tariff Act of 1930, as modified, with duty at the rate of $1 per thousand plus 30 percent ad valorem, rather than under the provision for articles of metal, not specially provided for, in paragraph 397, Tariff Act of 1930, as modified, with duty at the rate of 22½ (currently 21) percent ad valorem.

This decision results in the assessment of duty at a rate higher than that which has heretofore been assessed under an established and uniform practice and will be effective only with respect to such or similar merchandise entered, or withdrawn from warehouse, for consumption after 90 days after the date of publication of an abstract of this decision in the weekly Treasury Decisions.

[SEAL] RALPH KELLY,
Commissioner of Customs.

DEPARTMENT OF AGRICULTURE

Office of the Secretary

GEORGIA

DESIGNATION OF AREA FOR PRODUCTION EMERGENCY LOANS

For the purpose of making production emergency loans pursuant to section 2 (a) of Public Law 38, 81st Congress (12 U. S. C. 1148a-2 (a)), as amended, it has been determined that in the following counties in the State of Georgia, a production disaster has caused a need for agricultural credit not readily available from commercial banks, cooperative lending agencies, or other responsible sources.

GEORGIA

Berrien	Jenkins
Cook	Screven

Pursuant to the authority set forth above, production emergency loans will not be made in the above-named counties after December 31, 1957, except to applicants who previously received such assistance and who can qualify under established policies and procedures.

Done at Washington, D. C., this 18th day of February 1957.

[SEAL] TRUE D. MORSE,
Acting Secretary.

[Docket Nos. 11934, 11935; FCC 57-146]

TEXAS TECHNOLOGICAL COLLEGE AND C. L. TRIGG

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Texas Technological College, Lubbock, Texas; Docket No. 11934, File No. BPCT-2183; C. L. Trigg, Lubbock, Texas; Docket No. 11935, File No. BPCT-2185; for construction permits for new television stations.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 13th day of February 1957:

The Commission having under consideration the above-captioned applications, each requesting a construction permit for a new television broadcast station to operate on Channel 5 in Lubbock, Texas; and

It appearing that the above-captioned applications are mutually exclusive, in that operation by more than one of the two applicants would result in mutually destructive interference; and

It further appearing that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-named applicants were advised by letters of the fact that their applications were mutually exclusive, of the necessity for a hearing and of all objections to their applications; and were given an opportunity to reply; and

It further appearing that each of the applicants filed timely replies; that Texas Technological College requested an additional sixty days within which to file information relative to its authority to engage in television broadcasting; that the Commission is of the opinion that in the interest of expedition the request for extension should be denied, since leave to amend may be granted for good cause after designation for hearing; and

It further appearing that upon due consideration of the above-captioned applications and the aforementioned replies, the Commission finds that Texas Technological College is financially, technically and otherwise qualified to construct, own and operate a television broadcast station and legally so qualified except as to issue (1) below; that C. L. Trigg is legally, technically, financially and otherwise qualified to construct, own and operate a television broadcast station;

It is ordered, That pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-captioned applications of Texas Technological College, and C. L. Trigg are designated for hearing in a consolidated proceeding at a time and place to be specified in a subsequent order, upon the following issues:

(1) To determine whether Texas Technological College has legal authority to engage in television broadcasting.

(2) To determine on a comparative basis which of the operations proposed in the above-captioned applications would best serve the public interest, convenience and necessity in the light of the record made with respect to the significant differences between the applications as to:

(a) The background and experience of each of the above-named applicants having a bearing on its ability to own and operate the proposed television broadcast stations.

(b) The proposals of each of the above-named applicants with respect to the management and operation of the proposed station.

(c) The programming service proposed in each of the above-captioned applications.

It is further ordered, That the issues in the above-captioned proceeding may be enlarged by the Examiner, on his own motion or on petition properly filed by a party to the proceeding and upon a sufficient allegation of facts in support thereof, by the addition of the following issue: To determine whether the funds available to the applicants will give reasonable assurance that the proposals set forth in the application will be effectuated.

It is further ordered, That the above-referenced request of Texas Technological College for an extension of time to file additional information is denied.

It is further ordered, That to avail themselves of the opportunity to be heard, Texas Technological College and C. L. Trigg, pursuant to § 1.387 of the Commission's rules, in person or by attorney, shall within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

Released: February 15, 1957.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 57-1358; Filed, Feb. 20, 1957; 8:46 a. m.]

[Docket Nos. 11936, 11937; FCC 57-147]

GEORGE A. MAYORAL ET AL.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of George A. Mayoral and William Cortada, a partnership, Ponce, Puerto Rico; Docket No. 11936, File No. BPCT-2049; Portorican-American Broadcasting Company, Inc., Ponce, Puerto Rico; Docket No. 11937, File No. BPCT-2228; for construction permits for new television broadcast stations.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 13th day of February 1957;

The Commission having under consideration the above-captioned applications, each requesting a construction permit for a new television broadcast station to operate on Channel 7 in Ponce, Puerto Rico; and

It appearing that the above-captioned applications are mutually exclusive in that operation by more than one of the applicants would result in mutually destructive interference; and

It further appearing that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-named applicants were advised by letters of the fact that their applications were mutually exclusive, of the necessity for a hearing and of all objections to their applications, and were given an opportunity to reply; and

It further appearing that upon due consideration of the above-captioned applications, the amendments filed thereto and the replies to the above letters, the Commission finds that George A. Mayoral and William Cortada, a partnership, are legally, technically and financially qualified to construct, own and operate a television broadcast station and are otherwise qualified except as to Issue "1" below; that Portorican-American Broadcasting Company, Inc., is legally, technically, financially and otherwise qualified to construct, own and operate a television broadcast station;

It is ordered, That pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-captioned applications of George A. Mayoral and William Cortada, a partnership, and Portorican-American Broadcasting Company, Inc., are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order upon the following issues:

(1) To determine whether a grant of the application of George A. Mayoral and William Cortada would be consistent with the provisions of § 3.636 (a) (1) of the rules, in view of the fact that George A. Mayoral owns one percent of the stock of Supreme Broadcasting Company, Inc., of Puerto Rico, licensee of television broadcast station WORA-TV, Mayaguez, and is Executive Vice President thereof.

(2) To determine on a comparative basis which of the operations proposed in the above-captioned applications would better serve the public interest, convenience and necessity in the light of the record made with respect to the significant differences between the applicants as to:

(a) The background and experience of each of the above-named applicants having a bearing on its ability to own and operate the proposed television station.

(b) The proposals of each of the above-named applicants with respect to the management and operation of the proposed station.

(c) The programming service proposed in each of the above-captioned applications.

It is further ordered, That the issues in the above entitled proceeding may be enlarged by the Examiner, on his own motion or on petition properly filed by a party to the proceeding and upon sufficient allegations of fact in support thereof, by the addition of the following issue: To determine whether the funds available to the applicant will give reasonable assurance that the proposals set forth in the application will be effectuated.

It is further ordered, That to avail themselves of the opportunity to be heard, George A. Mayoral and William Cortada, and Portorican-American Broadcasting Co., Inc., pursuant to § 1.387 of the Commission's rules, in person or by attorney, shall within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

Released: February 15, 1957.

[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 57-1359; Filed, Feb. 20, 1957; 8:47 a. m.]

[Docket Nos. 11938, 11939; FCC 57-148]

GOLD COAST BROADCASTERS AND GOLD COAST RADIO, INC.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of James C. Dean, C. Robert Clark and Charles W. Stone d/b

as Gold Coast Broadcasters, Pompano Beach, Florida; Docket No. 11938, File No. BP-10631; Gold Coast Radio, Inc., Pompano Beach, Florida; Docket No. 11939, File No. BP-10782; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 13th day of February 1957;

The Commission having under consideration the above-captioned applications of James C. Dean, C. Robert Clark and Charles W. Stone d/b as Gold Coast Broadcasters and Gold Coast Radio, Inc., each for a construction permit for a new standard broadcast station to operate on 1470 kilocycles with a power of 5 kilowatts, directional antenna, daytime only, at Pompano Beach, Florida;

It appearing that both applicants are legally, technically, financially and otherwise qualified except as may appear from the issues specified below, to operate their proposed stations, but that the operation of both stations as proposed would result in mutually destructive interference and that it has not yet been determined whether either proposed antenna would constitute a hazard to air navigation; and

It further appearing that, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicants were advised by letter dated December 4, 1956, of the aforementioned deficiencies and that the Commission was unable to conclude that a grant of either application would be in the public interest; and

It further appearing that a timely reply was received from each subject applicant; and

It further appearing that the Commission, after consideration of the above, is of the opinion that a hearing is necessary;

It is ordered, That, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order upon the following issues:

1. To determine whether the antenna proposed by either applicant would constitute a hazard to air navigation.

2. To determine which of the operations proposed in the above-captioned applications would better serve the public interest in the light of the evidence adduced with respect to the significant differences between the applicants as to:

(a) The background and experience of each of the above-named applicants to own and operate the proposed stations.

(b) The proposals of each of the above-named applicants with respect to the management and operation of the proposed stations.

(c) The programming service of each of the above-mentioned applications.

3. To determine, in the light of the evidence adduced pursuant to the foregoing issues, which, if either, of the applications should be granted.

It is further ordered, That, to avail themselves of the opportunity to be heard, Gold Coast Broadcasters and Gold Coast Radio, Inc., pursuant to § 1.387 of the Commission's rules, in person or by attorney, shall within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

Released: February 15, 1957.

FEDERAL POWER COMMISSION

[Docket No. G-11992]

SUNRAY MID-CONTINENT OIL CO.

ORDER SUSPENDING PROPOSED CHANGE IN RATES

Sunray Mid-Continent Oil Company (Sunray), on January 14, 1957, tendered for filing a proposed change in its presently effective rate schedule for a sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description. Notice of Change dated January 8, 1957.

Purchaser. Natural Gas Pipeline Company of America.

Rate schedule designation. Supplement No. 2 to Sunray's FPC Gas Rate Schedule No. 114.

Effective date.[1] March 21, 1957.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the said proposed increased rate and charge, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's general rules and regulations thereunder (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed increased rate and charge; and, pending such hearing and decision thereon, the above-designated supplement be and it is hereby suspended and the use thereof deferred until August 21, 1957, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(B) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(C) Interested State commissions may participate as provided by § § 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Issued: February 15, 1957.

By the Commission.[2]

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1361; Filed, Feb. 20, 1957; 8:47 a. m.]

[1] The stated effective date is the first day after expiration of the required thirty days' notice, or the effective date proposed by Sunray, if later.

[Docket Nos. G-10425, G-10842]

PACIFIC NORTHWEST PIPELINE CORP. AND AMERICAN METAL CO. LTD.

NOTICE OF APPLICATIONS AND DATE OF HEARING

Take notice that on May 18, 1956, Pacific Northwest Pipeline Corporation (Pacific) filed at Docket No. G-10425 an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of approximately 6.2 miles of 6⅝-inch O. D. lateral supply pipeline to extend from a point on Pacific's existing 26-inch main transmission line in Mesa County, Colorado, to a point in the Bar-X Field, Grand County, Utah, and Mesa County, Colorado, together with necessary appurtenances. Pacific states that these proposed facilities will enable it to purchase and receive natural gas produced in the Bar-X Field by The American Metal Company, Operator (American Metal). The estimated total cost of the proposed facilities is $134,290, which cost is to be financed from available funds.

On August 1, 1956, American Metal filed at Docket No. G-10842 an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, covering the aforesaid sale of gas to Pacific to be made pursuant to a gas sales contract dated March 29, 1956, between Pacific and American Metal. Said contract's primary term extends to December 31, 1976.

American Metal filed the application at Docket No. G-10842 as the operator of the leases involved. It lists the interest owners, all of whom are seller signatory parties to the said contract, and their respective fractional working interests in the subject acreage, as follows:

American Metal—¼
Climax Molybdenum Company—¼
Frontier Refining Company—½

American Metal states that its facilities consist only of customary lease equipment; proposed deliveries will be made at wellheads.

Pacific will transport the gas received from American Metal, commingled with its other gas supplies for sale in other states.

Pacific alleges that no additional markets are proposed to be served by it other than those previously authorized by the Commission.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 18, 1957, at 9:30 a. m. (e. s. t.), in a hearing room of the Federal Power Commission, 441 G Street, NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised it will not be necessary for Applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 5, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

Issued: February 15, 1957.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1362; Filed, Feb. 20, 1957; 8:47 a. m.]

[2] Commissioner Digby dissenting.

SECURITIES AND EXCHANGE COMMISSION

[24W-1961]

PRODUCERS FUEL CO.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

FEBRUARY 15, 1957.

I. Producers Fuel Company, a Delaware corporation, with principal offices located at 1111 Keystone Building, Pittsburgh 22, Pennsylvania, having filed with the Commission on July 16 and 23, 1956, a Notification on Form 1-A and an Offering Circular, and subsequently having filed amendments thereto, relating to a proposed offering of 60,000 shares of $5 par Capital Stock at $5 per share, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A promulgated thereunder; and

II. The Commission having reasonable cause to believe:

A. That the terms and conditions of Regulation A have not been complied with in respect to such Notification in that:

1. The sale, by the predecessor and affiliate of the issuer, of an undetermined amount of securities which were sold within one year prior to the date of filing said Notification, has not been disclosed in item 3 thereof; and

2. The aggregate offering price of the securities proposed to be offered and the securities of the issuer's predecessor and affiliate sold in violation of section 5 (a) of the act within one year prior to the commencement of the proposed offering exceeds the $300,000 limitation prescribed by Rule 217 of Regulation A.

B. That the Offering Circular contains untrue statements of material facts and omits to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, particularly with respect to the following:

1. The leases, and interests therein, which are to be owned by the issuer;

2. The extent of the proven oil and gas reserves on properties covered by such leases;

3. The actual production of oil and gas from such properties; and

4. The oil and gas recovery methods to be employed thereon by the issuer.

C. That the use of said Offering Circular in connection with the offering of the issuer's securities would operate as a fraud or deceit upon the purchasers.

III. *It is ordered*, Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 57-1368; Filed, Feb. 20, 1957; 8:49 a. m.]

[File No. 70-3501]

PUBLIC SERVICE COMPANY OF OKLAHOMA

NOTICE OF FILING OF SUPPLEMENTAL DECLARATION REGARDING PROPOSAL TO ENTER INTO GAS PURCHASE CONTRACT WITH A NON-AFFILIATE

FEBRUARY 15, 1957.

By order issued December 5, 1956 (Holding Company Act Release No. 13328), the Commission permitted a declaration, as amended, filed by Public Service Company of Oklahoma ("Public Service"), a public utility subsidiary of Central and South West Corporation, a registered holding company to become effective pursuant to section 7 of the Public Utility Holding Company Act of 1935. The declaration, as amended, related to a proposal by Public Service to enter into a gas fuel purchase contract with Transok Pipe Line Company ("Transok"), a non-affiliated intrastate natural gas pipe line company. The Commission determined that the provisions of the contract constituted a guaranty by Public Service of certain bonds of Transok.

The gas fuel purchase contract provided, among other things, (a) that upon the breach of any of the terms thereof, Public Service, at the election of, and upon the demand of, the trustee under Transok's bond indenture, was obligated to lease or purchase Transok's pipe line system (as defined in the contract), and, as full payment therefor, to pay, as rental or purchase price, an amount equal to all amounts then or thereafter payable for principal, interest, and otherwise, upon the then outstanding bonds of Transok, such payments to be made to the trustee when and as payable by the terms of the bonds; and (b) that, subject to its ability to make satisfactory financial arrangements, Transok was obligated, upon the request and approval of Public Service, to construct such additional pipe lines and related facilities connecting the pipe line system with Public Service's electric generating stations, or with additional sources of gas supply, as might be necessary to enable Transok to supply the requirements of Public Service's electric generating stations.

At the time of the issuance of the December 5, 1956 order, Transok had constructed its main pipeline system in connection with which it had issued $13,500,000 principal amount of bonds, and it then contemplated the immediate issuance of $1,550,000 principal amount of additional bonds to procure funds for the construction of a pipeline to connect its system with an additional gas supply in Hughes County, Oklahoma.

Notice is hereby given that Public Service has filed a supplemental declaration stating that (a) it is proposed to modify the gas fuel purchase contract to provide that, in the event it is required, because of a breach of the contract, to purchase the Transok pipeline system, it shall pay the trustee under Transok's bond indenture, 90 days after demand by the trustee (or such earlier date as Public Service designates by a 35-day notice) an amount equal to the sum of the unpaid principal of the bonds (as defined in the contract) of Transok then outstanding, plus all premiums and all sums due as accrued interest to the date of payment; and (b) Transok presently contemplates the issuance and sale of $4,000,000 principal amount of additional bonds (including the $1,550,000 of bonds above mentioned) to provide funds for the construction of additional pipelines and related facilities.

The declaration as supplemented further states that no State or Federal

commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may not later than February 28, 1957, request in writing that a hearing be held in respect of such matters, stating the nature of his interest, the reasons for such hearing and the issues of fact or law which he desires to controvert, or he may request that he be notified if the Commission orders a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date the Commission may permit the supplemental declaration, as filed or as it may be amended, to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may grant exemption from its rules as provided in Rules U-20 (a) and U-100 thereof, or take such other action as it deems appropriate.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-3555]

CENTRAL AND SOUTH WEST CORP. ET AL

NOTICE OF FILING REGARDING ISSUANCE AND SALE OF COMMON STOCK BY REGISTERED HOLDING COMPANY AND RETIREMENT OF OUTSTANDING NOTES; AND REGARDING ISSUANCE AND SALE TO PARENT OF ADDITIONAL COMMON STOCK BY SUBSIDIARIES

FEBRUARY 15, 1957.

In the matter of Central and South West Corporation, Central Power and Light Company, Public Service Company of Oklahoma, Southwestern Gas and Electric Company, File No. 70-3555.

Notice is hereby given that Central and South West Corporation ("Central"), a registered holding company, and three of its public utility subsidiaries, Central Power and Light Company ("Power"), Public Service Company of Oklahoma ("Public Service") and Southwestern Gas and Electric Company ("Southwestern"), have filed with this Commission a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"); and have designated sections 6, 7, 9, 10 and 12 (f) of the act, and Rules U-42, U-43, U-50 and U-100 promulgated thereunder, as applicable to the proposed transactions.

All interested persons are referred to the joint application-declaration on file at the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Central proposes to issue and sell, to or through underwriters or investment bankers who shall have agreed promptly to make a public offering thereof, 600,000 additional shares of its $5 par value common stock, at competitive bidding pursuant to Rule U-50 of the rules and regulations promulgated under the act.

The net proceeds received by Central from the sale of the 600,000 additional shares of common stock will be applied by Central to the prepayment, without premium or penalty, of $7,500,000 principal amount of 3½ percent bank loan notes due March 1, 1958, and to the purchase, at the par value thereof, of additional shares of the common stocks of Power, Public Service and Southwestern of the aggregate par amount of $10,500,000. Any excess of such proceeds over $18,000,000 may be used to purchase additional shares of the common stock of one or more of Central's four principal subsidiaries (subject to further approval of the Commission), or for general corporate purposes.

Public Service proposes to amend its Articles of Incorporation to increase from 4,000,000 to 6,000,000 the number of shares of its authorized $10 par value common stock, of which there are outstanding 3,900,000 shares.

Power, Public Service, and Southwestern, respectively, propose to issue and sell to Central, and Central proposes to acquire for cash, at the par value thereof, additional shares of common stock as follows:

(a) Power, 250,000 shares, par value $10 per share, for $2,500,000;

(b) Public Service, 400,000 shares, par value $10 per share, for $4,000,000;

(c) Southwestern, 400,000 shares, par value $10 per share, for $4,000,000.

Power, Public Service, and Southwestern will use the proceeds received from the issue and sale of their common stocks to finance in part the cost of their construction programs.

The joint application-declaration states that the Corporation Commission of Oklahoma has jurisdiction over the proposed issuance and sale of common stock by Public Service; but that no other State or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

The estimated fees and expenses to be incurred by Central in connection with the proposed issue and sale of its common stock aggregate $50,000, including counsel fees of Stevenson, Dendtler, Bailey & McCabe of $10,000, fees of local counsel of $800, accountant's fee $5,000, and service company fee of $7,000. The fees and expenses of independent counsel for underwriters are estimated at $7,000 and $500 respectively, and are to be paid by the purchasers of the Central stock. The fees and expenses to be incurred by Central in connection with the acquisition of the subsidiary stocks are estimated at $200.

The fees and expenses to be incurred by the subsidiaries in connection with their proposed issuances and sales of common stock are estimated as follows: Power $3,000; Public Service $25,000 (including $20,000 to the State of Oklahoma as increased capital stock authorization fee); and Southwestern $4,700.

Notice is further given that any interested person may, not later than March 1, 1957, request the Commission in writing that a hearing be held in respect of such matters, stating the nature of his interest, the reasons for such hearing and the issues of fact or law which he desires to controvert, or he may request that he be notified if the Commission orders a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said application-declaration, as filed or as it may be amended, may be granted and permitted to become effective as provided by Rule U-23 of the rules and regulations promulgated under the act, or the Commission may grant exemption from its rules as provided by Rules U-20 (a) and U-100 thereof, or take such other action as is deemed by it appropriate.

By the Commission:

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 57-1370; Filed, Feb. 20, 1957; 8:49 a. m.]

[File No. 812-1063]

WISCONSIN FUND, INC.

NOTICE OF FILING OF APPLICATION FOR ORDER EXEMPTING PURCHASE OF SECURITIES FROM AN AFFILIATE

FEBRUARY 15, 1957.

Notice is hereby given that Wisconsin Fund, Inc. ("Wisconsin"), a registered open-end, diversified investment company, has filed an amended application pursuant to section 17 (b) of the Investment Company Act of 1940 ("act") for an order of the Commission exempting from the provisions of section 17 (a) the purchase by Wisconsin of not to exceed $100,000 principal amount of first mortgage bonds, 4½ percent, due January 1, 1987 of Atlantic City Electric Company from The Milwaukee Company ("Milwaukee"), a registered broker-dealer pursuant to section 15 (b) of the Securities Exchange Act of 1934 and the holder of all the outstanding stock of Wisconsin's investment adviser.

The application states that on January 23, 1957, $10,000,000 principal amount of said bonds of Atlantic City Electric Company were offered to the public through underwriters at a public offering price of 101.656 percent per unit, which included an underwriting discount of .546 percent. Milwaukee purchased $100,000 principal amount of said bonds at the public offering price less a dealers' commission of ⅛ of 1 percent and Wisconsin now proposes to acquire such bonds from Milwaukee at the unit price of 101.656 percent. The entire offering was oversubscribed, and the market price of the bonds on January 28, 1957 was 101¾ paid and 102 asked.

Since Edgar, Ricker & Co. ("Edgar, Ricker"), the investment adviser and manager of Wisconsin is a wholly-owned subsidiary of Milwaukee, Milwaukee is an affiliated person of Wisconsin.

The application states that the fee to be earned by Milwaukee is the same as it would earn on a sale to any buyer and the price to be paid by the Applicant is the same as it would pay regardless of from whom it purchased the bonds, that the consideration is reasonable and fair, and does not involve overreaching on the part of any person concerned.

Section 17 (a) of the act, among other things, prohibits an affiliated person of a registered investment company, or any affiliated person of such a person, from selling to such registered investment company any securities or property, subject to certain exceptions not pertinent here. The Commission upon application pursuant to section 17 (b) may grant an exemption from the prohibitions of section 17 (a) if it finds that the terms of the proposed transaction, including the consideration to be paid or received, are reasonable and fair and do not involve overreaching on the part of any person concerned, that the proposed transaction is consistent with the policy of the registered investment company concerned, as recited in its registration statement and reports filed under the act, and is consistent with the general purposes of the act.

It is Wisconsin's policy to invest its funds largely in common stocks, with investments in bonds and preferred stocks made, however, whenever and to the extent deemed advisable. The application states that the decision to purchase the bonds was made by Wisconsin's Investment Committee, which has five members, none of whom is connected with Milwaukee. The Committee, it is stated, deemed the purchase of the bonds desirable because of the high quality of the bonds and the attractive yield of 4.40 percent.

Notice is further given that any interested person may, not later than February 28, 1957, at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date the application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 57-1371; Filed, Feb. 20, 1957; 8:49 a. m.]

[File No. 812-1066]

GAS INDUSTRIES FUND, INC.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION OF PURCHASE OF SECURITIES DURING EXISTENCE OF UNDERWRITING SYNDICATE

FEBRUARY 15, 1957.

Notice is hereby given that Gas Industries Fund, Inc. ("Applicant"), a registered open-end diversified investment company, has filed an application pursuant to the Investment Company Act of 1940 ("act"), for an order of the Commission exempting from the provisions of section 10 (f) of the act, the proposed purchase by the Applicant of not to exceed $600,000 principal amount of 4¼ percent Convertible Subordinated Debentures due 1987 of Phillips Petroleum Company ("Phillips").

Phillips is now offering to the holders of its outstanding common stock rights to subscribe for $171,720,200 aggregate principal amount of the above-mentioned Debentures at the rate of $100 principal amount of Debentures for each 20 shares of common stock held of record on February 7, 1957, such rights to expire on February 25, 1957.

Applicant states that The First Boston Corporation is acting as Representative of and is among a group of underwriters who have agreed to purchase from the Company such of the Debentures as are not subscribed for pursuant to the subscription offers. James H. Orr, one of four directors of the Applicant, is a director, and therefore an affiliated person of The First Boston Corporation.

The directors of Applicant have authorized the purchase by Applicant of not exceeding $600,000 principal amount of the Debentures, subject to market conditions at the time of such purchases at the public offering price, from any of the underwriters or members of the selling group, except that no such purchase shall be made from The First Boston Corporation.

If the Applicant were to purchase the entire $600,000 principal amount of debentures authorized by its Directors, it would acquire approximately .349 percent of the total offering, and assuming a price of 100 percent (the proposed subscription price), the purchase would represent an investment of $600,000 or approximately 1 percent of the total assets of the Applicant as at December 31, 1956.

Section 10 (f) of the act provides, among other things, that no registered investment company shall knowingly purchase or otherwise acquire, during the existence of any underwriting or selling syndicate, any security (except a security of which such company is the issuer) a principal underwriter of which is an officer or director of such registered company or is a person of which any such officer or director is an affiliated person. The Commission may exempt a transaction from this prohibition if and to the extent that such exemption is consistent with the protection of investors. Since a director of The First Boston Corporation, a participant in the underwriting group, is a director of the applicant, the proposed purchase is prohibited by the provisions of section 10 (f) unless the Commission finds that the proposed acquisition of securities is consistent with the protection of investors.

Notice is further given that any interested person may, not later than February 28, 1957, at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 57-1372; Filed, Feb. 20, 1957; 8:50 a. m.]

[File No. 812-1067]

COLONIAL FUND, INC.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION OF PURCHASE OF SECURITIES DURING EXISTENCE OF UNDERWRITING SYNDICATE

FEBRUARY 15, 1957.

Notice is hereby given that The Colonial Fund, Inc. ("Applicant"), a registered open-end diversified investment company, has filed an application pursuant to the Investment Company Act of 1940 ("act") for an order of the Commission exempting from the provisions of section 10 (f) of the act, the proposed purchase by the Applicant of an aggregate of not to exceed $300,000 principal amount of 4¼ percent Convertible Subordinated Debentures due 1987 of Phillips Petroleum Company ("Phillips").

Phillips is now offering to the holders of its outstanding common stock rights to subscribe for $171,720,200 aggregate principal amount of the above-mentioned Debentures at the rate of $100 principal amount of Debentures for each 20 shares of common stock held of record on February 7, 1957, such rights to expire on February 25, 1957. Application states that the First Boston Corporation is acting as Representative of and is among a group of underwriters which also includes Estabrook & Co. and Stone & Webster Securities Corporation, who have agreed to purchase from the Company such of the Debentures as are not subscribed for pursuant to the subscription offers. James H. Orr and Stedman Buttrick, two of the seven directors of Applicant, are a director of The First Boston Corporation and a partner of Estabrook & Co., respectively, investment banking organizations which participate in the underwriting of securities. Russell Robb, one of the three members of the Advisory Board of Applicant is a director of Stone and Webster, Incorporated, of which Stone & Webster Securities Corporation, also an investment banking organization which participates in the underwriting of securities, is a subsidiary.

The directors of Applicant have authorized the purchase by Applicant of not exceeding $300,000 principal amount of Debentures, subject to market conditions of the terms of such purchase, at the public offering price, from any of

the underwriters or members of the selling group except that no such purchase shall be made from the First Boston Corporation, Estabrook & Co. or Stone & Webster Securities Corporation.

If Colonial were to purchase the entire $300,000 principal amount of Debentures authorized by its Directors, it would acquire approximately .175 percent of the total offering, and assuming a price of 100 percent (the proposed subscription price), the purchase would represent an investment of $300,000 or approximately .7 percent of the total assets of Colonial as at December 31, 1956.

Section 10 (f) of the act provides, among other things, that no registered investment company shall knowingly purchase or otherwise acquire, during the existence of any underwriting or selling syndicate, any security (except a security of which such company is the issuer) a principal underwriter of which is an officer or director of such registered company or is a person of which any such officer or director is an affiliated person. The Commission may exempt a transaction from this prohibition if and to the extent that such exemption is consistent with the protection of investors. Since two of the Directors and one member of the Advisory Board of the Applicant are affiliated persons of the participants in the underwriting group, the proposed purchase is prohibited by the provisions of section 10 (f) unless the Commission finds that the proposed acquisition of securities is consistent with the protection of investors.

Notice is further given that any interested person may, not later than February 28, 1957, at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date the application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.

By the Commission.

HOUSING AND HOME FINANCE AGENCY

Public Housing Administration

DESCRIPTION OF AGENCY AND PROGRAMS

CERTAIN OFFICES

Section I, Description of Agency and Programs, is amended as follows:

Paragraph D1 is amended to read as follows:

1. The Commissioner is responsible for the administration of all programs of the PHA. In addition to the staff officials enumerated below, the Commissioner has Special Assistants in the fields of defense planning, compliance, labor relations, liaison, and racial relations.

Paragraphs G2, G3, G4, and G7 are amended to read as follows:

2. *Chicago Regional Office.* Illinois, Indiana, Iowa, Kansas (Liquidating Emergency Housing Program only), Michigan, Minnesota, Nebraska, North Dakota, Ohio, South Dakota, Wisconsin. Public Housing Administration, Room 2201, 185 North Wabash Avenue, Chicago 1, Illinois.

3. *Fort Worth Regional Office.* Arkansas, Colorado, Kansas (except Liquidating Emergency Housing Program), Louisiana, Missouri, New Mexico, Oklahoma, Texas. Public Housing Administration, Room 2072, 300 West Vickery Boulevard, Fort Worth 4, Texas.

4. *New York Regional Office.* Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, and Vermont. Public Housing Administration, 346 Broadway, New York 13, New York.

7. *Washington Regional Office.* Delaware, Maryland, Pennsylvania, Virginia, West Virginia, and the District of Columbia. Public Housing Administration, Washington 25, D. C.

Date approved: February 14, 1957.

[SEAL] JOHN D. CURRIE, *Acting Commissioner.*

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Navel Orange Reg. 107]

PART 914—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 914.407 *Navel Orange Regulation 107*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 14, as amended (7 CFR Part 914; 21 F. R. 4707), regulating the handling of navel oranges grown in Arizona and designated part of California, effective September 22, 1953, under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Navel Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The Navel Orange Administrative Committee held an open meeting on February 20, 1957, after giving due notice thereof, to consider supply and market conditions for navel oranges and the need for regulation; interested persons were afforded

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

CFR SUPPLEMENTS

an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such navel oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date hereof.

(b) *Order.* (1) The quantity of navel oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., February 24, 1957, and ending at 12:01 a. m., P. s. t., March 3, 1957, is hereby fixed as follows:

(i) District 1: 369,600 cartons;
(ii) District 2: 462,000 cartons;
(iii) District 3: Unlimited movement;
(iv) District 4: Unlimited movement.

(2) All navel oranges handled during the period specified in this section are subject also to all applicable size restrictions which are in effect pursuant to this part during such period.

(3) As used in this section, "handled," "District 1," "District 2," "District 3," "District 4," and "carton" have the same meaning as when used in said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 21, 1957.

[SEAL] S. R. SMITH,

[Lemon Reg. 675]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.782 *Lemon Regulation 675*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 20 F. R. 8451; 21 F. R. 4393), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on February 19, 1957; such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., February 24, 1957, and ending at 12:01 a. m., P. s. t., March 3, 1957, is hereby fixed as follows:

(i) District 1: 4,650 cartons;
(ii) District 2: 148,800 cartons;
(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: February 20, 1957.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

Subchapter C—Interstate Transportation of Animals and Poultry

[B. A. I. Order 309, Amdt. 13]

PART 73—SCABIES IN CATTLE

CHANGES IN AREAS QUARANTINED

Pursuant to the provisions of sections 1 and 3 of the act of March 3, 1905, as amended (21 U. S. C. 123, 125), sections 1 and 2 of the act of February 2, 1903, as amended (21 U. S. C. 111–113, 120), and section 7 of the act of May 29, 1884, as amended (21 U. S. C. 117), § 73.0, as amended, Part 73, Subchapter C, Chapter I, Title 9, Code of Federal Regulations (21 F. R. 9244, 10265, 10471; 22 F. R. 813), which quarantines certain areas because of scabies, is hereby further amended to read as follows:

§ 73.0 *Notice and quarantine.* Notice is hereby given that cattle in Colorado are affected with scabies, a contagious, infectious, and communicable disease, and the following areas in Colorado are hereby quarantined because of said disease:

(a) Bent County;
(b) Crowley County;
(c) Otero County;
(d) Prowers County; and
(e) The following areas in Las Animas County:

(1) Townships 30, 29, 28, and 27, South, Range 61W;
(2) That portion of Township 26, South, Range 61W, located South of the Las Animas-Pueblo County line;
(3) Townships 30, 29, 28, and 27, South, Range 60W;
(4) That portion of Township 26, South, Range 60W, lying South of the Las Animas-Pueblo County line;
(5) Townships 30, 29, and 28, South, Range 59W;
(6) Townships 30, 29, and 28, South, Range 58W;
(7) Townships 30, 29, and 28, South, Range 57W; and
(8) Townships 30, 29, and 28, South, Range 56W.

Effective date. The foregoing amendment shall become effective upon issuance.

The amendment excludes certain areas in Las Animas County in Colorado from the areas heretofore quarantined because of scabies. Hereafter, the restrictions pertaining to the interstate movement of cattle from or through quarantined areas, contained in 9 CFR, 1955 Supp., Part 73, Subchapter C, as amended, will not apply to such areas. However, the restrictions pertaining to such movement from nonquarantined areas, contained in said Part 73, as amended, will apply thereto.

The amendment relieves certain restrictions presently imposed, and must be made effective immediately to be of maximum benefit to persons subject to the restrictions which are relieved. Accordingly, under section 4 of the Administrative Procedure Act (5 U. S. C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and contrary to the public interest, and the amendment may be made effective less than 30 days after publication in the FEDERAL REGISTER.

(Sec. 2, 32 Stat. 792, as amended; 21 U. S. C. 111. Interprets or applies sec. 7, 23 Stat. 32, as amended, sec. 1, 32 Stat. 791, as amended, secs. 1, 3, 33 Stat. 1264, as amended, 1265, as amended; 21 U. S. C. 112, 113, 117, 120, 123, 125)

Done at Washington, D. C. this 18th day of February 1957.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

[F. R. Doc. 57-1418; Filed, Feb. 21, 1957; 8:52 a. m.]

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign Commerce, Department of Commerce

Subchapter B—Export Regulations

[8th Gen. Rev. of Export Regs., Amdt. 27 [1]]

PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

MISCELLANEOUS AMENDMENTS

1. Section 373.41 *Nonferrous commodities, including ores, concentrates, or unrefined products* is amended in the following respects:

a. The first two subparagraphs of paragraph (e) *Selenium metal powder, ferroselenium and selenium metal* are amended to read as follows:

(1) *General.* License applications to export selenium metal powder, Schedule B No. 619159, ferroselenium, Schedule B No. 622098, and selenium metal, Schedule B No. 664998, submitted against the quota established for the second quarter of 1957 and thereafter will be considered for approval in accordance with the licensing policy described in subparagraphs (2) and (3) of this paragraph. License applications for these commodities which were submitted during the filing dates December 3 to December 17, 1956, will be considered for approval in accordance with the licensing policy in effect during that period. License applications for these commodities submitted during the filing period February 14–March 8, 1957, will be considered for licensing exclusively to Belgium, Japan, Germany (Federal Republic), Sweden and the United Kingdom.

(2) *Licensing policy.* License applications adequately identifying the end use of the above material as a military end use will receive first consideration in the distribution of the export quota. If there is insufficient export quota to take care of all remaining applications, particular consideration will be given to applications for those countries which normally depend upon the United States to meet a substantial portion of their selenium requirements.

b. Paragraph (f) *Selenium-bearing scrap materials* is deleted.

2. Section 373.56 *Selenium containing chemical compounds, including pigments* is amended by amending paragraphs (a) and (b) to read as follows:

(a) *General.* License applications to export selenium containing chemical compounds, including pigments, Schedule B Nos. 829810, 830980, 839750, 839900 and 842900, submitted against the quota established for the second quarter of 1957 and thereafter will be considered for approval in accordance with the licensing policy described in paragraphs (b) and (c) of this section. License applications for these commodities which were submitted during the filing dates December 3 to December 17, 1956, will be considered for approval in accordance with the licensing policy in effect during that period. License applications for these commodities submitted during the period February 14–March 8, 1957, will be considered for licensing exclusively to Belgium, Japan, Germany (Federal Republic), Sweden and the United Kingdom.

(b) *Licensing policy.* License applications adequately identifying the end use of the above materials as a military end use will receive first consideration in the distribution of the export quota. If there is insufficient export quota to take care of all remaining applications, particular consideration will be given to applications for those countries which normally depend upon the United States to meet a substantial portion of their selenium requirements.

This amendment shall become effective as of February 14, 1957.

(Sec. 3, 63 Stat. 7, as amended; 50 U. S. C. App. 2023. E. O. 9630, 10 F. R. 12245, 3 CFR, 1945 Supp., E. O. 9919, 13 F. R. 59, 3 CFR, 1948 Supp.)

LORING K. MACY,
Director,
Bureau of Foreign Commerce.

[1] This amendment was published in Current Export Bulletin No. 780, dated February 14, 1957.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 54309]

PART 14—APPRAISEMENT

EXAMINATION OF MERCHANDISE; PROCEDURE

The cording and sealing of packages designated for examination which are to be removed from the place of unlading for outside examination is being made discretionary with the collector so that it may be dispensed with where it is not considered a necessary precaution. Therefore, § 14.2 (d) of the Customs Regulations is hereby amended by substituting "If the collector deems it necessary" for "Except as prescribed in paragraph (e)" in the first sentence which will then read as follows:

(d) If the collector deems it necessary, the packages shall be corded and sealed by a customs officer before being removed from the place of unlading and a caution notice, customs Form 6087, shall be securely affixed thereto. • • •

(Sec. 624, 46 Stat. 759; 19 U. S. C. 1624. Interprets or applies secs. 488, 499, 46 Stat. 725, 728, as amended; 19 U. S. C. 1488, 1499)

[SEAL] RALPH KELLY,
Commissioner of Customs.

Approved: February 15, 1957.

DAVID W. KENDALL,
Acting Secretary of the Treasury.

[F. R. Doc. 57-1408; Filed, Feb. 21, 1957; 8:50 a. m.]

TITLE 25—INDIANS

Chapter I—Bureau of Indian Affairs, Department of the Interior

Subchapter E—Credit to Indians

PART 21—GENERAL CREDIT TO INDIANS

LOANS TO ENCOURAGE INDUSTRY

A new section is added to Part 21 to read as follows:

§ 21.19 *Loans to encourage industry.* Loans may be made to any organization of Indians for use in attracting industries to operate in localities where such use will promote the economic development of Indians. Such loans may be made only to groups of Indians having a form of organization acceptable to the Secretary and at interest rates and under terms and conditions found by the Secretary in the particular case to be in the public interest and conducive to the accomplishment of the purpose intended. No such loans shall be effective until approved by the Secretary.

(Sec. 10, 48 Stat. 986; 25 U. S. C. 470. Interprets or applies secs. 1, 6, 49 Stat. 1250, 1968, 62 Stat. 211, sec. 4, 64 Stat. 45, 25 U. S. C. 473a, 506, 482, 634)

FRED G. AANDAHL,
Acting Secretary of the Interior.

FEBRUARY 18, 1957.

[F. R. Doc. 57-1396; Filed, Feb. 21, 1957; 8:47 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 236]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

NOTE: Where the general classification (LFR, VAR, ADF, ILS, RADAR, or VOR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is cancelled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

1. The low frequency range procedures prescribed in § 609.6 are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Procedure No. 1, Amendment No. 12, effective date, Mar. 16, 1957; supersedes Amendment No. 11, dated Feb. 9, 1957

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall correspond with those established for en route operation in the particular area or as set forth below.

Atlantic City, N. J.; Naval Air Station, elevation 70'; facility SBMRLZ, identification NBB; Procedure No. 1, Amendment No. 2, effective date, Mar. 16, 1957; supersedes Amendment No. 1, dated Jan. 1, 1954

From—	Transition: To—	Transition: Course and distance	Transition: Minimum altitude (feet)	Ceiling and visibility minimums: Condition	Ceiling and visibility minimums: 2-engine or less: 65 knots or less	Ceiling and visibility minimums: 2-engine or less: More than 65 knots	Ceiling and visibility minimums: More than 2 engine, more than 65 knots	Notes
Austin, Tex.; Mueller Airport, elevation 631'; facility SBMRLZ, identification AUS; Procedure No. 1, Amendment No. 12, effective date, Mar. 16, 1957; supersedes Amendment No. 11, dated Feb. 9, 1957								
Austin VOR	AUS-LFR	Direct	2,000	T-dn*	300-1	300-1	200-½	*300-1 on runways 3-21, 16L-34R, 12L-30R. Procedure turn S side NW course, 298 outbound, 118 inbound, 3,000' within 10 miles. Minimum altitude over facility on final approach course, Austin FM 2,500'—LFR 1,500'. If Austin FM not received, altitude over LFR 2,500'. Course and distance facility to airport, 118–1.5. If visual contact not established upon descent to authorized landing minimums or if landing not accomplished within 1.6 miles, climb to 2,000' on SE course within 20 miles. CAUTION: Tower 2,049' 2.5 miles SW of course, within FM signal zone.

				A-dn	800-2	800-2	800-2	

2. The very high frequency omnirange (VOR) procedures prescribed in § 609.9 are amended to read in part:

VOR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Fort Smith, Ark.; Municipal Airport, elevation 468'; facility BVOR, identification FSM; Procedure No. 1, Amendment No. 3, effective date, Mar. 16, 1957; supersedes Amendment No. 2, dated Aug. 25, 1956

Transition				Ceiling and visibility minimums				Notes

Chapter I—National Park Service, Department of the Interior

PART 13—ADMISSION, GUIDE, ELEVATOR, AUTOMOBILE FEES

COMMERCIAL PASSENGER-CARRYING VEHICLES, KENNESAW MOUNTAIN NATIONAL BATTLEFIELD PARK

A new section is added to Part 13, to read as follows:

§ 13.17 *Commercial passenger-carrying vehicles, Kennesaw Mountain National Battlefield Park.* (a) Permits issued by the Superintendent shall be required for the operation of commercial passenger-carrying vehicles, including taxicabs, carrying passengers for hire on the Kennesaw Mountain Road, Kennesaw Mountain National Battlefield Park. The fees for such permits shall be as follows:

(1) Annual permit for the calendar year: $2.50 for each passenger-carrying seat in the vehicle to be operated.

(2) Quarterly permit for a period beginning January 1, April 1, July 1, or October 1: $.65 for each passenger-carrying seat in the vehicle to be operated.

(3) Permit good for one day, 5-passenger vehicle: $1.00.

(4) Permit good for one day, more than 5-passenger vehicle: $2.00.

TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Department of Health, Education, and Welfare

Subchapter F—Quarantine, Inspection, Licensing

PART 73—BIOLOGIC PRODUCTS

ADDITIONAL STANDARDS; POLIOMYELITIS VACCINE

On November 27, 1956, a notice of proposed rule making with respect to the licensing of biological products was published in the FEDERAL REGISTER (21 F. R. 9227) inviting interested parties to present written views or arguments respecting the proposed amendments, there published, to the additional standards for poliomyelitis vaccine (§§ 73.100 to 73.105, incl.). Notice was also given that in view of the nature of the amendments, it was proposed to make them effective upon final publication.

No comments or objections have been received with respect to an immediately effective date for the proposed amendments or with respect to the proposed changes in § 73.102 (e) and § 73.103 (a). The views and arguments received with respect to the clarification of § 73.104 (e) have been carefully considered. On the basis of these and other considerations, the following amendments are hereby adopted to become effective upon their publication in the FEDERAL REGISTER.

1. Paragraph (e) of § 73.102 is hereby amended by repealing subparagraph (5) of such paragraph and by renumbering subparagraph (6) subparagraph (5).

2. Paragraph (a) of § 73.103 is hereby amended by repealing the last sentence of such paragraph.

3. Paragraph (e) of § 73.104 is hereby amended to read as follows:

(e) *Dating.* The expiration date shall be no more than six months after either the date of manufacture as defined in § 73.78 (a) or the date of issue from cold storage. Such date of issue shall not be more than six months after such date of manufacture, and the product prior to issue shall be kept constantly at a temperature not exceeding 10° C.

(Sec. 215, 58 Stat. 690; 42 U. S. C. 216. Interpret or apply sec. 351, 58 Stat. 702; 42 U. S. C. 262)

Issued jointly by:

L. E. BURNEY,
Surgeon General, Public Health Service.

JANUARY 8, 1957.

S. B. HAYS,
Surgeon General of the Army.

JANUARY 11, 1957.

B. W. HOGAN,
Surgeon General of the Navy.

JANUARY 28, 1957.

Approved: February 18, 1957.

M. B. FOLSOM,
Secretary of Health, Education, and Welfare.

Chapter I—Bureau of Land Management, Department of the Interior

[Circular 1969]

PART 160—GRAZING LEASES

PART 161—THE FEDERAL RANGE CODE FOR GRAZING DISTRICTS

MISCELLANEOUS AMENDMENTS

FEBRUARY 16, 1957.

1. Paragraph (a) of § 160.22 is amended to read as follows:

§ 160.22 *Pledge of leases as security for loans; applications for extension of lease by borrower-lessee.* (a) A lease may be pledged as security for a loan of $500 or more from a lending agency if the loan is for the purpose of furthering the lessee's livestock operations. Before a loan is made, the lending agency may obtain from the authorized officer a written statement concerning the status of the grazing lease and other pertinent information relating thereto. A service charge of $10 will be made for searching the records to furnish such information, except that Federal and State lending agencies shall be exempt from the charge.

(Sec. 2, 48 Stat. 1270; 43 U. S. C. 315a)

2. Paragraph (a) of § 161.18 is amended to read as follows:

§ 161.18 *Pledge of licenses and permits as security for loans; application for extension of permit term by borrower-permittee.* (a) A license or permit may be pledged as security for a loan of $500 or more from a lending agency if the loan is for the purpose of furthering the licensee's or permittee's livestock operations. Before making a loan, a lending agency may obtain from the range manager a written statement concerning the status of the grazing license or permit and other pertinent information relating thereto. A service charge of $10 will be made for searching the records to furnish such information, except that Federal and State lending agencies shall be exempt from the charge.

Subchapter B—Regulations Affecting Maritime Carriers and Related Activities

[Gen. Order 9, Revised]

PART 222—STATEMENTS, REPORTS, AND AGREEMENTS REQUIRED TO BE FILED

FILING OF STATEMENTS PURSUANT TO MERCHANT MARINE ACT, 1936

Whereas, notice was published in the FEDERAL REGISTER of August 26, 1955 (20 F. R. 6261), that, pursuant to sections 204 and 807 of the Merchant Marine Act, 1936, as amended (46 U. S. C. 1114 and 1225), and section 4 of the Administrative Procedure Act (5 U. S. C. 1003), the Maritime Administrator had authorized an informal rule making proceeding in connection with a proposed revision of General Order 9 (46 CFR 222.1), and interested persons were afforded an opportunity to participate in the rule making through submission of written data, views, and arguments, in connection with the proposed revised order, on or before January 1, 1956 (as extended, 20 F. R. 7138, 8200); and

Whereas, the Federal Maritime Board and the Maritime Administrator, after consideration of all relevant matter presented, have revised the proposed rules and forms, and have prescribed them as necessary or appropriate in the public interest; and

Whereas, the basis and purpose of the revised rules is to clarify and simplify the forms of statements required to be filed pursuant to section 807 of the Merchant Marine Act, 1936, as amended;

Now, therefore, it is ordered that § 222.1 (General Order 9, 2 F. R. 1240) is hereby rescinded and superseded by the following new § 222.1, effective 30 days after publication of this order in the FEDERAL REGISTER.

§ 222.1 *Statements required to be filed pursuant to section 807, Merchant Marine Act, 1936*—(a) *Statement of shipbuilder or ship operator.* Every shipbuilder or ship operator holding or applying for a contract under the provisions of the Merchant Marine Act, 1936, as amended, and every subsidiary, affiliate, associate, or holding company of such shipbuilder or ship operator who employs or retains any person (as defined in paragraph (c) of this section) to present, advocate, or oppose, before Congress or any committee thereof, or before the Secretary of Commerce, the Federal Maritime Board, or the Maritime Administration, any matter within the scope of the Shipping Act, 1916, as amended, the Merchant Marine Act, 1920, as amended, the Merchant Marine Act, 1928, as amended, the Intercoastal Shipping Act, 1933, as amended, or the Merchant Marine Act, 1936, as amended, before performance by such person pursuant to such employment or retainer, shall file with the Secretary, Federal Maritime Board/Maritime Administration, a statement containing the information specified in Form MA-807-1. While it is not required that Form MA-807-1 be used, the statement must contain the information required by that form and the information must be arranged in the manner prescribed by that form. Copies of Form MA-807-1 may be obtained from the Secretary, Federal Maritime Board/Maritime Administration. Any changes which may occur in answer to any of the items in the statement shall be reported to the Secretary, Federal Maritime Board/Maritime Administration, within 10 days after such change.

(b) *Statement of person employed or retained.* Every person (as defined in paragraph (c) of this section) employed or retained by any shipbuilder or ship operator holding or applying for a contract under the provisions of the Merchant Marine Act, 1936, as amended, or employed or retained by any subsidiary, affiliate, associate, or holding company of such shipbuilder or ship operator to present, advocate, or oppose, before Congress or any committee thereof, or before the Secretary of Commerce, the Federal Maritime Board, or the Maritime Administration, any matter within the scope of the Shipping Act, 1916, as amended, the Merchant Marine Act, 1920, as amended, the Merchant Marine Act, 1928, as amended, the Intercoastal Shipping Act, 1933, as amended, or the Merchant Marine Act, 1936, as amended, shall file with the Secretary, Federal Maritime Board/Maritime Administration, within 30 days after the close of each calendar month during the period of such retainer or employment, a statement containing the information specified in Form MA-807-2. While it is not required that Form MA-807-2 be used, the statement must contain the information required by that form and the information must be arranged in the manner prescribed by that form. Copies of Form MA-807-2 may be obtained from the Secretary, Federal Maritime Board/Maritime Administration.

(c) *Definition of "person".* For the purpose of this section, the term person is defined as in section 905 (b) of the Merchant Marine Act, 1936.

(d) *Additional information.* The Federal Maritime Board and the Maritime Administrator reserve the right to require the filing of additional information in any given case.

(Secs. 204, 2014, 49 Stat. 1987, as amended, 2014, as amended; 46 U. S. C. 1278, 1225)

NOTE: The reporting requirements contained herein have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Dated: February 18, 1957.

[SEAL] CLARENCE G. MORSE,
Chairman,
Federal Maritime Board,
Maritime Administrator.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Rules Amdt. 14-1]

PART 14—PUBLIC FIXED STATIONS AND STATIONS OF THE MARITIME SERVICES IN ALASKA

FREQUENCIES FOR COMMUNICATION WITH ACS; DELETION OF PETERSBURG

The Commission having under consideration the desirability of making certain editorial changes in § 14.206 (a) (4) of its rules and regulations; and

It appearing, that the amendments adopted herein are editorial in nature, and, therefore, prior publication of notice of proposed rule making under the provisions of section 4 of the Administrative Procedure Act is unnecessary, and the amendments may become effective immediately; and

It further appearing, that the amendments adopted herein are issued pursuant to authority contained in sections 4 (i), 5 (d) (1) and 303 (r) of the Communications Act of 1934, as amended, and section 0.341 (a) of the Commission's statement of organization, delegations of authority and other information;

It is ordered, This 18th day of February 1957, that effective February 18, 1957, § 14.206 (a) (4) is amended as set forth below.

Released: February 18, 1957.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

Having been advised by a letter from the Department of the Army that Alaska Communications System radio station ALB-44 at Petersburg, Territory of Alaska no longer maintains service to Alaska public fixed stations, the Commission is amending § 14.206 (a) (4) of its rules to reflect the deletion of Petersburg therefrom.

Section 14.206 (a) (4) is amended to read as follows:

(4) 2466 for telegraphy and/or telephony; normally for communication with ACS stations located at Wrangell, Naknek and Kotzebue. The use of this frequency shall be coordinated as necessary with use of the frequencies 2450 kc, 2474 kc and 2482 kc by other stations in the Alaska area so as to avoid harmful interference.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154)

[F. R. Doc. 57-1411; Filed, Feb. 21, 1957; 8:51 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[25 CFR 150]

AHTANUM UNIT; WAPATO INDIAN IRRIGATION PROJECT, WASHINGTON

REIMBURSIBLE CONSTRUCTION COSTS

Notice is hereby given of intention to adopt a new regulation, as set forth below, to be designated as Part 150 of Subchapter O—Irrigation Projects; Liens and Sales, Title 25—Indians, Code of Federal Regulations. This part would establish the total construction cost for the Ahtanum Unit, Wapato Indian Irrigation Project, Washington, and prescribe regulations for the collection of construction costs due the Federal Government.

All interested persons are hereby given opportunity to submit their views, data or arguments in writing to the Commissioner, Bureau of Indian Affairs, Department of the Interior, Washington, D. C., within thirty days from the date of publication of this notice in the FEDERAL REGISTER.

Sec.
150.1 Construction costs and assessable acreage.
150.2 Repayment of construction costs.
150.3 Payments.
150.4 Deferment of assessments on lands remaining in Indian ownership.
150.5 Assessments after the Indian title has been extinguished.

AUTHORITY: §§ 150.1 to 150.5 issued under 41 Stat. 409 and 45 Stat. 210; 25 U. S. C. 385.

§ 150.1 *Construction costs and assessable acreage.* The construction program has been completed on the Ahtanum Unit of the Wapato Indian Irrigation Project and the construction costs have been established as $79,833.64. The area benefited by this development has been established at 4,765.2 acres. Under the requirements of the acts of February 14, 1920 (41 Stat. 409) and March 7, 1928 (45 Stat. 210), these costs are to be repaid to the United States Treasury by the owners of the lands benefited.

§ 150.2 *Repayments of construction costs.* The cost per acre under § 150.1 is, therefore, established at $16.7535. Under the provisions of the acts of February 14, 1920 (41 Stat. 409) and March 7, 1928 (45 Stat. 210) and based on forty equal annual payments, the annual per acre assessment is hereby fixed at $0.42 per acre for the year 1957 and each succeeding year until the entire cost for each tract shall have been repaid to the United States Treasury. On those tracts where payments have been made pursuant to Part 141 of this chapter, annual assessments beginning with the year 1957 at the rate of $0.42 per acre will be made until the entire cost of $16.7535 per acre shall have been repaid to the United States Treasury. Landowners may pay at any time the total of the then remaining indebtedness. Under the act of March 10, 1928 (45 Stat. 210) the unpaid charges stand as a lien against the lands until paid.

§ 150.3 *Payments.* Payments are due on December 31 of each year and shall be made to the official in charge of collections for the project.

§ 150.4 *Deferment of assessments on lands remaining in Indian ownership.* In conformity with the act of July 1, 1932 (47 Stat. 564; 25 U. S. C. 386 (a) no assessment shall be made on behalf of construction costs against Indian-owned land within the Project until the Indian title thereto has been extinguished.

§ 150.5 *Assessments after the Indian title has been extinguished.* Indian-owned lands passing to non-Indian ownership shall be assessed for construction costs and the first assessment shall be due on December 31 of the year that Indian title is extinguished. Assessments against this land will be at the annual rate of $0.42 per acre and shall be due as provided in § 150.3, and payable promptly thereafter until the total construction cost of $16.7535 per acre chargeable against the land has been paid in full.

FRED G. AANDAHL,
Acting Secretary of the Interior.

FEBRUARY 18, 1957.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 1004]

[Docket No. AO-271-A2]

HANDLING OF MILK IN CENTRAL ARIZONA MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and in accordance with the applicable rules of practice and procedure, as amended (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Odd Fellows Center, 1325 North 14th Street, Phoenix, Arizona, beginning at 10:00 a. m., m. s. t., on March 12, 1957.

Subjects and issues involved in the hearing. This public hearing is for the purpose of receiving evidence with respect to economic and marketing conditions which relate to the handling of milk in the Central Arizona marketing area as presently defined, and to the provisions specified in the proposals hereinafter set forth or to appropriate modifications thereof. These proposals have not received the approval of the Secretary of Agriculture.

Since proposed amendment No. 1 proposes to expand the marketing area to include additional territory in the State of Arizona a hearing will also determine whether the present provisions of Order No. 104, regulating the handling of milk in the Central Arizona marketing area, as amended, in accordance with the proposals set forth below, would tend to effectuate the declared policy of the act as applied to the marketing area as proposed to be expanded, and if not, what modifications are appropriate to effectuate the declared policy of the act. Consideration will also be given to all aspects of Class I pricing.

The amendments to the order (No. 1004), as amended, were proposed as follows:

Proposed by the Arizona Dairymen's League:

1. Amend § 1004.6 of the order to include all of Yuma, Cochise and Greenlee counties in the Central Arizona marketing area.

2. Insert a new § 1004.7 reading as follows:

§ 1004.7 *Producer.* "Producer" means any person, other than a producer-handler, who produces milk under a dairy farm permit or rating issued by the applicable health authority of the marketing area for the production of milk to be used for consumption as milk in the marketing area, on a dairy farm subject to the regular inspection of such authority; which (a) is received directly from the farm at a pool plant, or (b) is caused to be diverted within the limits established pursuant to § 1004.62 by a handler, or a cooperative for the account of such handler or cooperative association, or (c) is acceptable to an agency of the Federal Government for fluid consumption in its institutions or bases. This definition shall not include any person with milk received by a handler partially exempted from the provisions of this part pursuant to § 1004.61.

3. Insert a new § 1004.10 reading as follows:

§ 1004.10 *Handler.* "Handler" means (a) any person in his capacity as the operator of a pool plant, or (b) any cooperative association with respect to: (1) Any milk of any producer, which such cooperative causes to be diverted to an approved plant for the account of such cooperative; (2) the milk of any producer delivered to the approved plant of another handler during the same month in which such cooperative association is the handler pursuant to subparagraph (1) of this paragraph with respect to any milk of such producer.

4. Amend § 1004.22 or § 1004.31 to require the market administrator or each handler, except a producer-handler, to furnish to a cooperative, qualified under § 1004.5 of the order, which so requests, a copy of producer-payroll, as defined in § 1004.31 (b) (2) on all members of such cooperative.

5. Delete § 1004.31 (c).

6. Delete (b), (c) and (d) of § 1004.43 and insert in lieu thereof the following:

(b) As Class I milk if transferred to a producer-handler or to a plant of a producer-handler in the form of fluid milk products as designated in § 1004.15; as Class I milk if transferred to a nonpool plant in packaged form;

(c) As Class I milk is transferred or diverted in the form of milk, skim milk, cream, in bulk, to a nonpool plant located more than 250 miles from the pool plant from which transferred by the shortest hard-surfaced highway distance, as determined by the market administrator, except that cream, so transferred may be classified as Class II milk, if (1) the transferring handler claims classification in Class II in his report submitted to the market administrator pursuant to § 1004.30, (2) the handler attaches a tag or label to each container of such cream bearing the words "Grade C Cream for manufacturing uses only" and the shipment is so invoiced, (3) the handler gives the market administrator sufficient notice to allow him to verify the shipment, subject to such verification of alternate utilization as the market administrator may make;

(d) Skim milk and butterfat transferred or diverted in bulk form as milk, skim milk or cream to a nonpool plant located less than 250 miles from the pool plant from which transferred, shall be Class I, unless (1) the transferring or diverting handler claims classification in Class II in his report submitted to the market administrator pursuant to § 1004.30 for the month within which such transaction occurred; (2) the operation of the nonpool plant maintains books and records showing the utilization of all skim milk and butterfat received at such plant and the market administrator is permitted to examine such books and records for the purpose of verification, in which case the classification of all skim milk and butterfat shall be determined and the skim milk and butterfat so transferred or diverted shall be allocated to the highest use remaining after subtracting in series beginning with Class I milk receipts at such nonpool plant directly from dairy farmers, who the market administrator determines constitute the regular source of supply for fluid usage of such nonpool plant or markets supplied by such plant.

7. Continue for an additional 18 months the present level of Class I prices contained in § 1004.51 (a).

8. In § 1004.53 *Location differentials to handlers*, delete the paragraph following the rate beginning with the word *"Provided"*.

9. Add as § 1004.62 the following:

§ 1004.62 *Diversion.* (a) Milk diverted for the account of a handler from an approved plant of such handler to a milk plant which is not a pool plant shall be deemed to have been received by such handler at the approved plant from which such milk was diverted.

(b) Milk diverted for the account of a handler from an approved plant of such handler to a pool plant of another handler for not more than five (5) days during the delivery period shall be deemed to have been received by the diverting handler at the approved plant from which such milk was diverted; milk received at a pool plant for more than seven (7) days during the delivery period shall be deemed to have been received at such pool plant by the handler who operates such pool plant;

(c) Milk diverted by a cooperative association that does not operate an approved plant from a pool plant to another milk plant, which is not a pool plant for the account of such cooperative association, shall be deemed to have been received by such cooperative association at a pool plant at the same location as the pool plant from which such milk was diverted.

10. Insert a new § 1004.70 (d) reading as follows:

(d) For any other source milk subtracted from Class I pursuant to § 1004.45 (a) (2) or (b) (2), add an amount equal to the difference between its value at the Class I and the Class II price for the current month, unless the handler can prove to the satisfaction of the market administrator that such other source milk was used only to the extent that producer milk was not available directly from producers.

11. Delete § 1004.71.

12. Amend § 1004.72 so that the excess price shall at no time be less than the Class II price.

13. Amend §§ 1004.90 and 1004.91 (a) to make the base setting period July through November instead of August through November.

14. Add a new paragraph to § 1004.90 reading as follows:

The daily average base of each producer for whom no daily average base may be established pursuant to this paragraph of this section shall be computed by the market administrator for each month until such producer has established a base as follows: (1) multiply such producer's daily average deliveries of milk during the current month by the percentage that total deliveries of base milk in the current month by producers for whom daily bases are computed pursuant to this paragraph of this section are to total deliveries of milk in the current month by all producers and divide the result so obtained by 2.

15. Delete § 1004.91 (b) and insert in lieu thereof the following:

(b) An entire base shall be transferred from a person holding such base to any other person effective as of the date of the transfer, provided a written application for such transfer is received by the market administrator, on a form provided by the market administrator, and signed by the base holder, or his heirs, and by the person to whom such base is to be transferred; *Provided*, That if a base is held jointly, the entire base shall be transferrable only upon the receipt of such application form signed by all joint holders or their heirs and by the person to whom such base is to be transferred.

16. Insert a new § 1004.91 (c) reading as follows:

(c) If a base is held jointly and such joint holding is terminated, the established base may be split between the joint holders on any basis agreed to in writing by such joint holders and filed with the market administrator during the first months of the base-setting period.

17. Insert a new § 1004.91 (d) reading as follows:

(d) A producer who ceases to deliver milk to a handler for more than thirty (30) consecutive days after the end of the base-setting period shall forfeit his base, except when such producer is off the market as a result of having been temporarily degraded by the local health authority.

Proposed by the Arizona Milk Producers:

18. *Compensatory payment.* When milk is purchased by a handler from an area outside of the Central Arizona milk marketing area and there is sufficient milk within the Central Arizona milk marketing area an appropriate charge should be made.

19. *Base-setting period.* To be a 5-month base-setting period beginning July 1 and extending through November 30.

20. *Twelve-month base payment.* Purchase of milk to be paid from January 1 through December 31 on base established the previous year.

Proposed by The Borden Company, Associated Dairy Products Company of Arizona, Arden Farms Company, Carnation Company, Kruft Jersey Dairy, Shamrock Dairy, Westward Ho Dairy and Coop Dairy, Inc.:

21. *Shrinkage allowances.* The handlers feel that the 2 percent shrinkage allowance should be allowed to the receiving plant when the milk is diverted directly from the ranch to that plant. We feel that the receiving plant should pay the handlers' market administration fee on such diverted milk.

22. *Classes of utilization.* Section 1004.41 be amended by deleting present paragraph (b) (3), and adding in lieu thereof the following:

(3) Disposed of for livestock feed, milk or skim milk dumped after notification to the market administrator;

(a) Add section to read as follows:

The market administrator is delegated authority to classify producer and handler milk upon inspection as Class II, and authorize purchase by a pool plant as pertains to class utilization.

(b) Add section to read as follows:

All nonfat solids added to Class I milk for the purpose of fortification of the nonfat solids content of that milk shall not be considered classified as other source milk, but shall be accounted for on a nonfat basis instead of a skim-equivalent basis.

23. *Availability clause.* Any time that producer receipts are less than 110 percent of Class I usage, the market administrator shall have the authority, within that month, upon investigation of availability of producer milk, to allow importation of other source milk without penalty of reclassification.

Proposed by the Associated Dairy Products Company, The Borden Company, Carnation Company and Westward Ho Dairy:

24. In § 1004.44, delete the lines following the word *"Provided,"* and make such other necessary changes in the order as may be necessary so that powder used for fortification or standardization is not accounted for on a milk equivalent basis.

25. Amend § 1004.41 (b) (2) so that inventory variation rather than ending inventory is classified as Class II.

26. Amend § 1004.53 so that the location differential to handlers applies to all producer milk and not just milk classified as Class I.

Proposed by Jersey Farms Creamery and Sunland Dairy:

27. Amend § 1004.6 to include all of Yuma County in Arizona.

Proposed by the Dairy Division, Agricultural Marketing Service:

28. Make such other changes as may be required to make the entire order conform with any amendments which may result from this hearing.

Copies of this notice of hearing may be procured from the Market Administrator at 96 West Osborn Road, Phoenix, Arizona, or from the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: February 20, 1957, Washington, D. C.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

NOTICES

DEPARTMENT OF THE INTERIOR

Office of the Secretary

[Order 2753, Amdt. 1]

BONNEVILLE POWER ADMINISTRATION

MARKETING OF ELECTRIC POWER AND ENERGY

FEBRUARY 16, 1957.

This amendment supersedes Order No. 2753 (19 F. R. 2145) and is issued for the purpose of including in the list appearing in section 1 three additional sources of electric power and energy—Ice Harbor Dam, Hills Creek Dam and the Roza Division of the Yakima Project. The order as amended reads as follows:

SECTION 1. *Designation as marketing agency.* The Bonneville Power Administration is designated as the agency to market available surplus electric power and energy generated at the sources specified in this section pursuant to the specific statutory authority as to each project.

(a) Bonneville Project, pursuant to the act of August 20, 1937 (50 Stat. 731), as amended;

(b) McNary Dam and Ice Harbor Dam, pursuant to the act of March 2, 1945 (59 Stat. 10);

(c) Hungry Horse Dam, pursuant to the act of June 5, 1944 (58 Stat. 270);

(d) The following sources, pursuant to the act of December 22, 1944 (58 Stat. 887):

Albeni Falls Dam.
Big Cliff Dam.
Chief Joseph Dam.
Detroit Dam.
Dexter Dam.
Lookout Point Dam.
The Dalles Dam.
Hills Creek Dam.

(e) The following sources, pursuant to the Federal Reclamation laws (act of June 17, 1902, 32 Stat. 388, and acts amendatory thereof or supplementary thereto):

Grand Coulee Dam.
Chandler Power Plant, Kennewick Division, Yakima Project.
Roza Power Plant, Roza Division, Yakima Project.

SEC. 2. *Contracts.* The Bonneville Power Administrator may, subject to the applicable statutes, enter into contracts for the sale or interchange of electric power and energy in the performance of the functions assigned by section 1 of this order. The Bonneville Power Administrator may, in writing, redelegate to officers and employees of the Administration the authority granted in this section, and he may authorize written redelegations of such authority.

SEC. 3. *Revocation.* Orders Nos. 1994 (9 F. R. 11966) and 2115 as amended (10 F. R. 14211; 11 F. R. 8830; 17 F. R. 5197; 18 F. R. 2831) are revoked.

(Sec. 2, Reorg. Plan No. 3 of 1950; 5 U. S. C., sec. 133z-15, note)

FRED A. SEATON,
Secretary of the Interior.

[F. R. Doc. 57-1393; Filed, Feb. 21, 1957; 8:47 a. m.]

[Order 2765, Amdt. 2]

COMMISSIONER OF RECLAMATION

DELEGATION OF AUTHORITY WITH RESPECT TO MARKETING OF ELECTRIC POWER AND ENERGY

FEBRUARY 16, 1957.

Subparagraph (8) of paragraph (a) of section 2, *Limitations*, in Order No. 2765, as amended (19 F. R. 5004, 7417), is amended to include the Roza Division of the Yakima Project. As so amended, subparagraph (8) reads as follows:

(8) Market available surplus electric power and energy generated at: Grand Coulee Dam, Columbia Basin Project; Hungry Horse Dam, Hungry Horse Project; Chandler Power Plant, Kennewick Division, Yakima Project; or Roza Power Plant, Roza Division, Yakima Project;

(Sec. 2, Reorganization Plan No. 3 of 1950; 5 U. S. C., sec. 133z-15, note)

FRED A. SEATON,
Secretary of the Interior.

[F. R. Doc. 57-1394; Filed, Feb. 21, 1957; 8:47 a. m.]

PIPESTONE NATIONAL MONUMENT, MINNESOTA

ORDER REDEFINING EXTERIOR BOUNDARIES

FEBRUARY 16, 1957.

Whereas, the Pipestone National Monument, comprising 115.86 acres of land in Pipestone County, Minnesota, was established pursuant to the act of August 25, 1937 (50 Stat. 804); and

Whereas, by the act of June 18, 1956 (70 Stat. 290), the Secretary of the Interior is authorized to add not to exceed two hundred and fifty acres of Pipestone School Reserve lands and ten acres of privately owned lands to the Monument and to redefine the exterior boundaries of the Monument to include the lands so transferred and acquired pursuant to the said act; and

Whereas, three tracts of federally owned land hereinbelow described, comprising approximately 156.80 acres of Pipestone School Reserve lands, have been selected for addition to the Monument; and

Whereas, a tract of land, hereinbelow described, comprising nine acres of land, more or less, originally thought to be privately owned has now been determined to be already in federal ownership and may therefore be included in the Monument without further action:

It is ordered, That:

1. Three parcels of Pipestone School Reserve lands, designated as Areas A, B, and C, aggregating 156.80 acres of land, more or less, and more particularly described as:

ALL IN TOWNSHIP 106 NORTH, RANGE 46 WEST, FIFTH PRINCIPAL MERIDIAN

AREA A

All Pipestone School Reserve (formerly Pipestone Indian Reservation) lands lying west of the right-of-way for the Chicago, Rock Island and Pacific Railway in the SW¼ and in the south 1,188 feet of the NW¼ of Section 1, excepting from the parcel thus described the west 198 feet of the north 726 feet, containing approximately 67.25 acres.

AREA B

All Pipestone School Reserve lands lying in Lots 8 and 9 and the south 462 feet of Lot 10 of Section 2, the lands thus described being subject to a right-of-way for the cemetery road lying within the west 66 feet of each of the said lots, a right-of-way for a county road in that portion of said Lot 8 lying within a 33 foot wide strip on the north side of the south line of said Section 2, and a right-of-way for an underground gas pipe line, said area containing approximately 71.25 acres.

AREA C

All Pipestone School Reserve lands lying east of the west line of the right-of-way for the Chicago, Rock Island and Pacific Railway in the SW¼ of Section 1 except the east 33 feet which comprise a right-of-way for Hiawatha Street, the lands thus described being subject to the said right-of-way of the Chicago, Rock Island and Pacific Railway, said area containing approximately 18.30 acres.

are hereby added to the Pipestone National Monument.

2. A parcel of federally owned land described as:

All of that land lying between the south boundary of the Pipestone School Reserve and the south section line of Section 1, Township 106 North, Range 46 West, Fifth Principal Meridian, bounded on the east by the west boundary line of the right-of-way of Hiawatha Street and on the west by the west section line of said Section 1, excluding therefrom that area commonly known as the "Three Maidens", already a part of the Monument, the lands thus described being subject to a right-of-way of the Chicago, Rock Island and Pacific Railway and a right-of-way for a telephone cable, said area containing 9 acres more or less.

is hereby added to the Pipestone National Monument.

3. The exterior boundaries of the Pipestone National Monument are hereby redefined so as to encompass the original Monument area and the lands herein added to the Monument, as follows:

Beginning at the corner common to Sections 1, 2, 11, and 12, Township 106 North, Range 46 West, Fifth Principal Meridian, Minnesota; thence northerly twenty-two and forty-four one-hundredths (22.44) feet along the section line between said Sections 1 and 2 to the southeast corner of Lot 8, Section 2, which is a point on the south boundary of the Pipestone Indian Reservation, established in 1885, and of the Pipestone National Monument, established by act of August 25, 1937 (50 Stat. 804); thence westerly along the south line of said Lot 8, which is identical to the south boundary of said Reservation, to the southwest corner of Lot 8 and of the said Reservation; thence northerly along the west lines of Lots 8, 9, and 10 in said Section 2, which line is identical to the west boundary of said Reservation, to a point four hundred and sixty-two (462.00) feet north of the southwest corner of said Lot 10; thence easterly along a line parallel to the south line of said Lot 10 and the south line of the NW¼ of said Section 1 to a point one hundred and ninety-eight (198.00) feet east of the west line of Section 1; thence northerly along a line parallel to the west line of said Section 1 seven hundred and twenty-six (726.00) feet; thence easterly along a line parallel to the south line of the said NW¼ to a point on the west boundary line of the right-of-way of the Chicago, Rock Island and Pacific Railway; thence southerly along the west boundary line of the said railway right-of-way to the intersection with the south line of the said NW¼; thence easterly along the south line of the said NW¼ to a point thirty-three (33.00) feet west of the southeast corner of the said NW¼, which is a point on the west boundary line of the right-of-way for Hiawatha Street; thence southerly on a line parallel to the east line of the SW¼, which is identical to the west boundary line of the right-of-way for Hiawatha Street, to a point on the south line of said Section 1, thirty-three (33.00) feet west of the southeast corner of the SW¼; thence westerly along the south line of the said Section 1 eight hundred and fifty-one and thirty-five one-hundredths (851.35) feet, more or less, to the intersection with the boundary line of the Pipestone National Monument as established by the act of August 25, 1937, which point is on the east boundary line of an area commonly known as the "Three Maidens"; thence due south along the said Monument boundary line twenty-two and seventy-one one-hundredths (22.71) feet, more or less, to the southeast corner of said "Three Maidens" area; thence due west along the said Monument boundary line one hundred and thirty-seven and two-tenths (137.20) feet to the southwest corner of said "Three Maidens" area; thence due north along the said Monument boundary line twenty-five and eighty-three one-hundredths (25.83) feet, more or less, to the intersection with the south line of said Section 1; thence westerly along the south line of said Section 1, one thousand six-hundred and thirty-eight and four one-hundredths (1638.04) feet, more or less, to the point of beginning; containing two hundred and eighty-two (282) acres more or less.

4. This order shall be published in the FEDERAL REGISTER.

FRED A. SEATON,
Secretary of the Interior.

ESTABLISHMENT OF OFFICE

Pursuant to the authority vested in me by the act of March 4, 1913 (37 Stat. 736; 5 U. S. C. 611), R. S. 161 (5 U. S. C. 22); Reorganization Plan No. 6 of 1950 (15 F. R. 3174; 64 Stat. 1263), the act of August 16, 1937 (50 Stat. 664; 29 U. S. C. 50), Executive Order 9617, September 19, 1945 and Executive Order 10366, June 26, 1952, and in order more effectively to perform the functions of improving the working conditions of wage earners of the United States and advancing their opportunity for profitable employment through a program of promoting training for workers in industry and commerce, including apprentices, *It is hereby ordered,* That:

1. There is established in the Department of Labor a Bureau of Apprenticeship and Training to be headed by a Director, appointed by the Secretary of Labor.

2. There is established within the Bureau of Apprenticeship and Training, the Apprenticeship Service and the Training Service, each to be headed by an Executive Director.

3. Subject to the general direction and control of the Secretary of Labor and subject to applicable General Orders and Secretary's Instructions, the Director of the Bureau of Apprenticeship and Training shall:

(a) Develop plans and policies for the promotion of general training, apprenticeship and mobilization training programs and coordinate the activities of the Bureau of Apprenticeship and Training with related activities of other bureaus of the Department and with those of other departments and agencies;

(b) Supervise the administrative and other functions of the Bureau, including the allocation of personnel and responsibilities to the Services.

4. The Bureau of Apprenticeship, together with its functions, personnel and records, is transferred to the Bureau of Apprenticeship and Training. All functions now vested in the Director, Bureau of Apprenticeship, are transferred to the Director, Bureau of Apprenticeship and Training.

5. Subject to the general direction of the Director, (a) The Executive Director of the Apprenticeship Service shall be primarily responsible for planning and programming all Bureau promotion and development activities concerned with training in apprenticeable occupations, including the following:

(1) National industry promotion program for apprenticeship and journeymen training;

(2) State-Federal relations program;

(3) Review, registration and apprenticeship statistics program; and

(b) The Executive Director of the Training Service shall be primarily responsible for planning and programming all Bureau promotion and development activities concerned with industrial training in non-apprenticeable occupations, including the following:

(1) Identification and dissemination of information on training in manufacturing industries;

(2) Identification and dissemination of information on supervisory and clerical training;

(3) Location, collection, analysis and distribution of reference information on training materials, including audio-visual and other promotional aids.

6. This order supersedes all prior orders and instructions of the Secretary of Labor or of any officers of the Department of Labor inconsistent herewith.

JAMES P. MITCHELL,
Secretary of Labor.

DECEMBER 11, 1956.

[F. R. Doc. 57-1399; Filed, Feb. 21, 1957; 8:48 a. m.]

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners and learning periods for certificates issued under general learner regulations (§§ 522.1 to 522.12) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Apparel Industry Learner Regulations (29 CFR 522.20 to 522.24, as amended March 1, 1956, 21 F. R. 1349).

The following learner certificates were issued for normal labor turnover purposes and, except as otherwise indicated below, 10 percent of the total number of factory production workers were authorized for employment.

Cay Artley Apparel, Inc., 232 Levergood Street, Johnstown, Pa.; effective 2-18-57 to 2-17-58 (women's dresses).

Capitol City Manufacturing Co., Inc., 925 Huger Street, Columbia, S. C.; effective 2-4-57 to 2-3-58 (women's and girls' dresses).

Dickson City Garment Corp., Bowman and Dewey Streets, Dickson City, Pa.; effective 1-31-57 to 1-30-58 (children's dresses).

Ely & Walker Dry Goods Co., Paragould, Ark., effective 1-30-57 to 1-29-58 (boys' sport shirts).

Hartwell Garment Co., Hartwell, Ga.; effective 2-12-57 to 2-11-58 (work pants and shirts).

F. Jacobson & Sons, Inc., Tipton and O'Brien Streets, Seymour, Ind.; effective 2-12-57 to 2-11-58 (men's dress shirts and sport shirts).

Luzerne Outerwear Manufacturing Corp., 87-93 North Canal Street, Shickshinny, Pa.; effective 2-17-57 to 2-16-58 (men's and boys' outerwear).

Lykens Dress Co., South Street, Lykens, Pa., effective 2-3-57 to 2-2-58 (dresses).

Monterey Mills, Monterey, Tenn.; effective 2-3-57 to 2-2-58 (boys' sport shirts).

Oberman Manufacturing Co., Arkadelphia, Ark.; effective 2-2-57 to 2-1-58 (men's and boys' single pants).

Oberman Manufacturing Co., Morrilton, Ark., effective 2-11-57 to 2-10-58 (men's and boys' single pants).

Ottenheimer Bros. Manufacturing Co., Inc., Victory and Second Streets, Little Rock, Ark.; effective 2-12-57 to 2-11-58 (washable dresses, uniforms, etc.).

Piedmont Blouse Co., Inc., Greenboro, N. C.; effective 1-31-57 to 1-30-58; five learners (ladies' and children's woven slips).

Princess Kent, Inc., Main Street, Fort Kent, Maine; effective 1-30-57 to 1-29-58 (children's pajamas).

Reliance Manufacturing Co., Dixie Factory, 100 Ferguson Street, Hattiesburg, Miss.; effective 2-8-57 to 2-7-58 (work shirts and pants).

Samsons Manufacturing Corp., Wilson, N. C.; effective 2-9-57 to 2-8-58 (sport and dress shirts).

Town Manufacturing Co., Inc., 227-29 Lackawanna Avenue, Olyphant, Pa.; effective 2-3-57 to 2-2-58 (ladies' rayon, cotton, and wool dresses).

White Mountain Outerwear Corp., Franklin, N. H.; effective 2-4-57 to 2-3-58; 10 learners (men's and boys' leather jackets).

Williamson-Dickie Manufacturing Co., Bainbridge, Ga.; effective 2-10-57 to 2-9-58 (men's and boys' cotton pants).

Williamstown Dress Co., Inc., West Street and South Alley, Williamstown, Pa.; effective 1-31-57 to 1-30-58 (women's dresses).

Ottenheimer Bros. Manufacturing Co., Inc., Shirt Division, 1000 Spring Street, Little Rock, Ark.; effective 2-12-57 to 2-11-58 (women's, misses', and children's cotton blouses and jackets).

The following learner certificates were issued for plant expansion purposes. The number of learners authorized is indicated:

Barnwell Manufacturing Co., Inc., Barnwell, S. C.; effective 1-31-57 to 7-30-57; 50 learners (women's and children's robes, women's aprons).

Blakely Manufacturing Corp., Hwy. #62, Blakely, Ga.; effective 2-4-57 to 8-3-57; 20 learners (washable service garments).

Cluett, Peabody & Co., Inc., Lewistown, Pa.; effective 1-29-57 to 7-28-57; 150 learners (sport shirts, slacks, etc.)

Covington Industries, Inc., Opp, Ala.; effective 2-4-57 to 8-3-57; 75 learners (utility jackets).

Manufacturers' Sportswear, Inc., Meadow at Maple, Scranton, Pa.; effective 1-31-57 to 7-30-57; 20 learners (trousers).

Perry Manufacturing Co., Mt. Airy, N. C.; effective 2-4-57 to 8-3-57; 75 learners (brassieres and sportswear).

Sunbright Manufacturing Co., Inc., Sunbright, Tenn.; effective 1-31-57 to 7-30-57; 35 learners (men's and boys' shirts).

The Warner Bros. Co., Marianna, Fla.; effective 1-31-57 to 7-30-57; 100 learners (corsets and brassieres).

Cigar Industry Learner Regulations (29 CFR 522.80 to 522.85, as amended March 1, 1956, 21 F. R. 629).

The S. Frieder & Sons Co., Greensboro, Fla.; effective 1-31-57 to 1-30-58; 10 percent of factory production workers for normal labor turnover purposes.

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.43, as amended March 1, 1956, 21 F. R. 629).

Amos & Smith Hosiery Co., Pilot Mountain, N. C.; effective 2-10-57 to 2-9-58; 5 percent of factory production workers for normal labor turnover purposes (full-fashioned).

Archer Mills, Inc., 1118 Talbotton Avenue, Columbus, Ga.; effective 2-6-57 to 2-5-58; 5 percent of factory production workers for normal labor turnover purposes (full-fashioned).

Charles H. Bacon Co., Lenoir City, Tenn.; effective 2-13-57 to 2-12-58; 5 percent of factory production workers for normal labor turnover purposes (men's, women's, and children's seamless hosiery).

Overbrook Hosiery Co., Maiden, N. C.; effective 1-30-57 to 1-9-58; five learners for normal labor turnover purposes (seamless).

Terrell Manufacturing Co., Crawford Dr., Dawson, Ga.; effective 2-1-57 to 1-31-58; five learners for normal labor turnover purposes (full-fashioned).

Van Raalte Co., Inc., Franklin, N. C.; effective 1-31-57 to 1-30-58; five learners for normal labor turnover purposes (full-fashioned).

Independent Telephone Industry Learner Regulations (29 CFR 522.70 to 522.74, as amended March 1, 1956, 21 F. R. 581).

Chambers Co. Telephone Co., Inc., Toll Board, Winnie, Tex.; effective 2-7-57 to 2-6-58.

Knitted Wear Industry Learner Regulations (29 CFR 522.30 to 522.35, as amended March 1, 1956, 21 F. R. 581).

Marion Rohr Corp., 18 North Main Street, Hornell, N. Y.; effective 1-31-57 to 7-30-57; 25 learners for plant expansion purposes (ladies' underwear).

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.12, as amended February 28, 1955, 20 F. R. 645).

The following learner certificates were issued to the companies listed below manufacturing miscellaneous products. The effective and expiration dates, learner rates, occupations, learning periods, and the number or proportion of learners authorized to be employed, are as indicated:

Delfiner Bros., Inc., 121 North Seventh Street, Philadelphia, Pa.; effective 1-30-57 to 7-29-57; not less than 85 cents per hour for the first 280 hours and 90 cents per hour for the remaining 200 hours of the 480-hour learning period, for the occupation of sewing machine operator; authorizing the employment of four learners for normal labor turnover purposes (canvas coat fronts).

Siegel Rothschild Gans Bros. Corp., 27 South Paca Street, Baltimore, Md.; effective 2-4-57 to 8-3-57; not less than 85 cents per hour for a maximum of 320 hours for the occupations of umbrella sewer, machine; and umbrella tipper, hand; authorizing the employment of six learners for normal labor turnover purposes (umbrellas).

The following special learner certificates were issued in Puerto Rico to the companies hereinafter named. The effective and expiration dates, learner rates, occupations, learning periods, and the number or proportion of learners authorized to be employed, are as indicated:

American Coil, Inc., Fajardo, P. R.; effective 1-21-57 to 6-2-57; not less than 60 cents per hour for the first 240 hours and 70 cents per hour for the remaining 240 hours of the 480-hour learning period, for the occupations of If's, chokes and peaking winding; authorizing the employment of 10 learners for expansion purposes (peaking, chokes, and "If" coils) (replacement certificate).

Columbia Manufacturing Co., San Lorenzo, P. R.; effective 1-21-57 to 7-20-57; not less than 75 cents per hour for the first 240 hours and 85 cents per hour for the remaining 240 hours of the 480-hour learning period, for the occupations of straightening, inspection sand blast—washing, degrease-color, induction brazing slot milling, and thread rolling; authorizing the employment of 10 learners for expansion purposes (metal cutting tools).

Modular Systems, Inc., Fajardo, P. R.; effective 1-21-57 to 6-2-57; not less than 60 cents per hour for the first 240 hours and 70 cents per hour for the remaining 240 hours of the 480-hour learning period, for the occupations of module assembler, silk screeners, component assembler, silver solderer, water noeth sprayer, printed circuit etcher, module tester, and furnace operator; authorizing the employment of 100 learners for expansion purposes (modules and printed board circuits) (replacement certificate).

Each learner certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be annulled or withdrawn in the manner provided in Part 528 and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 8th day of February 1957.

VERL E. ROBERTS,
Authorized Representative of the Administrator.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 11685 etc.; FCC 57M-137]

POLK RADIO, INC., ET AL.

NOTICE OF PREHEARING CONFERENCE

In re applications of Polk Radio, Incorporated, Lakeland, Florida, Docket No. 11685, File No. BP-10136; Duane R. McConnell, Winter Haven, Florida, Docket No. 11686, File No. BP-10400; E. D. Covington, Jr., Winter Garden, Florida, Docket No. 11813, File No. BP-10571, for construction permits.

A pre-hearing conference will be held in the above-entitled matter on February 21, 1957, at 10:00 a. m., at the offices of the Commission, Washington, D. C.

The purpose of the conference will be to further discuss hearing on the issue added to the proceeding by the Commission in its Memorandum Opinion and Order adopted January 2, 1957, and released January 4, 1957.

Dated: February 18, 1957.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 57-1412; Filed, Feb. 21, 1957; 8:51 a. m.]

FEDERAL POWER COMMISSION

[Docket No. G-2858 etc.]

WUNDERLICH DEVELOPMENT CO. ET AL.

NOTICE OF SEVERANCE AND POSTPONEMENT OF HEARING

FEBRUARY 18, 1957.

In the matters of Wunderlich Development Company, Docket Nos. G-2858, et al.; Wallace Harrison, Docket No. G-3584; August Erickson, et al., Docket No. G-4122; Western Natural Gas Company, Docket No. G-4544.

On February 1, 1957, Wallace Harrison filed a letter requesting that his application for a certificate of public convenience and necessity in Docket No. G-3584 be withdrawn because he was under the impression that the Operator had already filed for his sales of gas to Arkansas Louisiana Gas Company.

On February 15, 1957, August Erickson, et al., filed a motion in Docket No. G-4122 requesting that the certificate application filed in that docket be withdrawn for the reason that the Operator, Sam Sklar, Trustee, has amended his application in Docket No. G-4170 so as to include the gas-producing interests held by August Erickson, et al., in the South Hallsville Field, Rusk County, Texas.

On February 4, 1957, Holland-American Petroleum Corporation filed in Docket No. G-11897 a certificate application covering a portion of the acreage also involved in Western Natural Gas Company's certificate application in Docket No. G-4544. In view of the facts stated in Holland-American Petroleum Corporation's application, it appears desirable that the application in Docket No. G-4544 be amended prior to the issuance of a certificate of public convenience and necessity.

Therefore, notice is hereby given that the applications of Wallace Harrison in Docket No. G-3584, of August Erickson, et al., in Docket No. G-4122 and of Western Natural Gas Company in Docket No. G-4544 are hereby severed from the consolidated proceeding In the Matters of Wunderlich Development Company, et al., Docket Nos. G-2858, et al., scheduled for hearing on February 26, 1957, and the hearings in Docket Nos. G-3584, G-4122 and G-4544 are postponed. The hearing in Docket No. G-4544 is hereby postponed to a date to be hereafter fixed by further notice. Prospective hearings in Docket Nos. G-3584 and G-4122 are hereby canceled pending action on the applicants' requests to withdraw their applications.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1403; Filed, Feb. 21, 1957; 8:49 a. m.]

[Docket No. G-7902]

PANHANDLE OIL CORP.

NOTICE OF APPLICATION AND DATE OF HEARING

FEBRUARY 18, 1957.

Take notice that Panhandle Oil Corporation (Applicant), whose address is 1320 Mercantile Securities Building, Dallas, Texas, filed on December 3, 1954 an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, all as more fully represented in the application which is on file with the Commission and open to public inspection.

Applicant states that it sells natural gas in interstate commerce from various locations as indicated below:

Field, location, and purchaser

(a) East Panhandle; Gray County, Texas; Coltexo Corporation.

(b) K M A; Wichita County, Texas; Phillips Petroleum Company.

(c) K M A; Wichita County, Texas; Continental Oil Company.

(d) South Bend; Young County, Texas; Nash Gasoline Corporation.

(e) (Not indicated); Young County, Texas; Lone Star Gas Company.

(f) West Ranch; Jackson County, Texas; Magnolia Petroleum Company.

(g) Refugio; Refugio County, Texas; Tennessee Gas Transmission Company.

(h) Refugio; Refugio County, Texas; W. J. Riley.

(i) East White Point; San Patricio County, Texas; Sinclair Oil & Gas Company.

(j) Knolle; Nueces County, Texas; Texas-Illinois Natural Gas Pipeline Company.

(k) Bird Island; Kleberg County, Texas; Houston Natural Gas Co.

(l) Agua Dulce-Stratton; Nueces County, Texas; Nueces Company.

(m) Agua Dulce-Stratton; Nueces County, Texas; Gulf Plains Corporation (now Chicago Corporation).

(n) Agua Dulce-Stratton; Nueces County, Texas; Tennessee Gas Transmission Company.

(o) Falfurrias; Jim Wells County, Texas; La Gloria Oil and Gas Company.

This matter is one that should be disposed of as promptly as possible under

the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 25, 1957, at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceeding pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 11, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Secretary.

[F. R. Doc. 57-1401; Filed, Feb. 21, 1957; 8:49 a. m.]

[Docket No. G-10070 etc.]

CONSOLIDATED GAS UTILITIES CORP. ET AL.

NOTICE OF APPLICATIONS AND DATE OF HEARING

FEBRUARY 18, 1957.

In the matters of Consolidated Gas Utilities Corporation, Docket No. G-10070; Russell Cobb, Jr., Docket No. G-10064; Monsanto Chemical Company, Docket No. G-11393.

Take notice that on March 8, 1956, Consolidated Gas Utilities Corporation (Consolidated) filed an application (Docket No. G-10070) for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of approximately 2.5 miles of 6 inch lateral pipeline to receive natural gas produced by Russell Cobb, Jr., from his wells in the South Hunter Field, Garfield County, Oklahoma.

On March 8, 1956, Russell Cobb, Jr., filed an application supplemented May 9, 1956 (Docket No. G-10064) for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act to sell natural gas in interstate commerce to Consolidated for resale.

On October 30, 1956, Monsanto Chemical Company filed its application (Docket No. G-11393) for a certificate of public convenience and necessity pursuant to section 7 above stated authorizing it to sell natural gas to Consolidated in interstate commerce for resale from wells located in the same field as above described.

The estimated overall capital cost of the transportation facilities proposed to be constructed and operated by Consolidated is $29,239, which cost the Applicant, Consolidated, proposes to finance from funds on hand.

The three above-mentioned applications are on file with the Commission and open to public inspection.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 14, 1957, at 9:30 a. m., e. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issue presented by such applications: *Provided, however,* That the Commission may after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised it will be unnecessary for Applicants to appear or to be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 7, 1957. Failure of any party to appear at and participate in the hearing shall be construed as a waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Secretary.

[Ex Parte No. 206]

EASTERN AND WESTERN TERRITORIES

INCREASED FREIGHT RATES 1956

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 19th day of February A. D. 1957.

It appearing, that on October 1, 1956, the Commission, acting on a petition filed September 27, 1956, by substantially all of the eastern and western railroads, and certain other railroads, instituted an investigation into and concerning the adequacy of all freight rates and charges of all common carriers by railroad in the United States and into the reasonableness and lawfulness thereof;

It further appearing, that by reports and orders dated December 17, 1956, and February 4, 1957, the Commission authorized certain increases in respondents' freight rates and charges;

It further appearing, that on January 11, 1957, said eastern and western railroads and certain other railroads filed a petition requesting the Commission to authorize an increase of 22 percent in all freight rates and charges within, from, to, and via eastern and western territories, subject to certain provisions, limitations, and exceptions, inclusive of the increases authorized in said report of December 17, 1956, and that by order entered January 16, 1957, permission to file said petition was granted;

It further appearing, that on February 1, 1957, certain southern railroads filed a petition asking that all railroads in southern territory be permitted to increase their freight rates and charges within, from, to, and via that territory, by 15 percent, subject to certain provisions, limitations, and exceptions, inclusive of the increases authorized in said report of February 4, 1957, and suggesting that they be permitted to file verified statements in support of said petition by February 25, 1957, and that opposition and reply verified statements be filed by March 25, 1957, and April 2, 1957, respectively;

It further appearing, that in said order of January 16, 1957, the Commission laid down certain special rules of practice and procedure to govern the further conduct of this proceeding and fixed certain dates for the filing of verified statements, for oral hearings and oral argument, and for the filing of briefs;

And it further appearing, that the petitions enumerated in the appendix attached have been filed with the Commission in which modification of the Commission's orders of December 17, 1956, and January 16, 1957, is requested:

Upon consideration of the said petitions and of the record in the above-entitled proceeding; and good cause appearing therefor:

It is ordered, That the said order of January 16, 1957, be, and it is hereby, modified as follows:

Paragraphs 3 (d) and (e) are modified to provide that the southern railroads, parties to the petition of February 1, 1957, and other persons in support of said petition, shall file their verified statements in the manner provided by the order of January 16, 1957, on or before February 25, 1957. A copy shall be furnished to interested parties upon request addressed to Mr. Prime F. Osborn III, at Room 804 Transportation Building, Washington 6, D. C.

Paragraph 3 (f) is modified to provide that evidence in opposition to all petitioners or evidence which is neither in support of nor in opposition to petitioners must be filed by March 25, 1957, instead of March 16, 1957, one copy to be furnished to Mr. Prime F. Osborn III, Room 804 Transportation Building, Washington 6, D. C., in addition to the 25 copies to be furnished to Mr. Edward A. Kaier, Room 804 Transportation Building, Washington 6, D. C. As thus modified, the due date is the same for filing verified statements in opposition to the proposed increases of all carriers.

Paragraph 3 (g) is modified so as to provide that verified statements in reply must be filed by April 1, 1957.

Paragraph 3 (h) is modified to provide (1) for the presentation of oral testimony in rebuttal, including rebuttal by any party to evidence brought out at the hearings as the result of the cross-examination, and (2) for the presentation of oral testimony of witnesses testifying under subpena pursuant to Rule 56 of the General Rules of Practice.

It is further ordered, That the petitions set forth in the appendix hereto, to the extent indicated above, be, and they are hereby granted, and in all other respects they are denied;

It is further ordered, That the said order of January 16, 1957, except as herein modified, shall continue in full force and effect;

And it is further ordered, That a copy of this order be filed with the Director, Division of the Register, for publication in the FEDERAL REGISTER as notice to interested parties and a copy served upon all parties of record. As modified, the dates covering various phases of the proceeding are as follows:

	Present	Postponed to—
Verified statements of southern railroads and other persons in support thereof		Feb. 25, 1957
Verified statements in opposition to all petitioners	Mar. 16, 1957	Mar. 25, 1957
Reply verified statements	Mar. 30, 1957	Apr. 1, 1957
Hearing at Washington, D. C. (10 o'clock a. m., Office of the Commission, Washington, D. C.) for cross-examination of witnesses, filing verified statements, and for receipt of rebuttal evidence, and for presentation of oral testimony of witnesses testifying under subpena as authorized above.)	Apr. 8, 1957	No change
Hearing at San Francisco, Calif. (10 o'clock a. m., Sheraton Palace Hotel, for cross-examination of witnesses, filing verified statements, and for receipt of rebuttal evidence, and for presentation of oral testimony of witnesses testifying under subpena as authorized above.)	Apr. 17, 1957	No change
Commission oral argument (10 o'clock a. m., Office of the Commission, Washington, D. C.)	May 1, 1957	No change
Memorandum briefs	May 1, 1957	No change

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3554]

WEST PENN ELECTRIC CO. AND POTOMAC EDISON CO.

ORDER AUTHORIZING ISSUE AND SALE OF COMMON STOCK BY PARENT COMPANY PURSUANT TO UNDERWRITTEN RIGHTS OFFERING, AND CHARTER AMENDMENT BY SUBSIDIARY COMPANY

FEBRUARY 18, 1957.

The West Penn Electric Company ("Electric"), a registered holding company, and its subsidiary The Potomac Edison Company ("Potomac"), a registered subholding company and also a public utility company, have filed a joint application-declaration and amendments thereto pursuant to sections 6, 7, 10, 12 (c), and 12 (d) of the act and rules U-42, U-44, and U-50 thereunder regarding, inter alia, the following proposed transactions:

I. *Issue and sale of additional common stock by Electric.* Electric proposes to issue and sell, through an underwritten offering to its stockholders, 528,000 additional shares of its common stock of the par value of $5 per share at the rate of 1 share for each 16 shares held on the record date, and in this connection to issue transferable warrants to such stockholders evidencing their rights to subscribe to the additional shares. The warrants will be issued on or about February 27 to stockholders of record at the close of business on the day before, and will expire on or about March 14, 1957. No fractional shares will be issued. The subscription agent will endeavor, to the extent practicable, to purchase any number of rights (up to 15) required to complete any subscription, and to sell any excess rights (up to 15) not required to complete a subscription. Charges for this service, other than transfer taxes, will be paid by Electric.

At least 6 days prior to entering into any agreement for the issuance or sale of the additional common stock, Electric will publicly invite bids from prospective underwriters for the underwriting of said offering, such bids to state the amount of compensation, if any, to be paid by Electric to them for their agreement to purchase, at the subscription price, any unsubscribed shares and the shares, if any, purchased by Electric in connection with its stabilizing activities referred to hereinafter. It is expected that the submission of such bids will be required before noon on or about February 26, 1957. Through stabilizing transactions in connection with the invitation, Electric may, during the period commencing with the third full business day prior to the time for the submission of bids and continuing until the acceptance of a bid, purchase not in excess of 52,800 shares of its outstanding common stock through regular brokerage channels. The subscription price to stockholders will be fixed by Electric not later than 4 o'clock p. m. on the day prior to the bidding and, when fixed, will be not more than the last reported sale price of Electric's common stock on the New York Stock Exchange and not less than 85 percent of such last reported sale price.

The underwriters will pay to Electric 50 percent of any excess over $1.50 per share above the subscription price on shares sold within 30 days after the expiration of the warrants. Any shares not sold prior to that date shall be deemed to have been sold at the mean of the high and low prices on the day before.

Electric will use the net proceeds from its sale of common stock to purchase additional common stock of its subsidiary companies in the approximate amount of $13,400,000. The subsidiaries will use such funds together with other cash resources and the proceeds from the sale of about $34,000,000 of senior securities, to finance their construction programs during 1957 and 1958, estimated at $101,500,000.

The Maryland Public Service Commission has authorized Electric, a Maryland corporation, to issue and sell the additional common stock as proposed.

Fees and expenses in connection with the issuance and sale of Electric's common stock, other than the compensation to be paid to the underwriters, are estimated at $125,000. Jurisdiction with respect to the fees of the transfer agent, registrar, subscription agent, and all accounting and legal fees will be reserved pending completion of the record.

II. *Charter amendment by Potomac.* Potomac proposes to amend its charter to increase its authorized common stock from 800,000 to 1,500,000 shares without nominal or par value. The proposed increase will provide Potomac with a reasonable amount of authorized but unissued common stock which may be issued for proper corporate purposes, and so will aid the financing of its future capital requirements.

No other regulatory commission has jurisdiction over Potomac's proposed charter amendment.

III. *Further Proposals (as to which jurisdiction will be reserved).* On or before June 30, 1957, Potomac proposes to issue and sell, and Electric proposes to acquire, 100,000 additional shares of Potomac's common stock, without par value, for $2,000,000 cash. Potomac will use these funds for construction purposes or to reimburse its treasury for expenditures in connection therewith.

Electric owns all of the 775,000 outstanding shares of Potomac's common stock. Upon acquisition of the additional shares, Electric proposes to pledge them with Chemical Corn Exchange Bank, Trustee under the Trust Indenture dated as of September 1, 1949, securing Electric's 3½ percent Sinking Fund Collateral Trust Bonds, in accordance with the requirements of said Indenture.

Our final order with respect to the proposed issuance and sale of additional common stock by Potomac, and its purchase and pledge by Electric, must await further orders of authorization by the Maryland Public Service Commission and the Interstate Commerce Commission.

Due notice having been given of the filing of said application-declaration (Holding Company Act Release No. 13375), and a hearing not having been requested of or ordered by the Commission; and the Commission finding, with respect to the proposed issue and sale of additional common stock by Electric, and with respect to the proposed charter amendment by Potomac, that the applicable provisions of the act and the rules promulgated thereunder are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that the application-declaration as amended should be granted and permitted to become effective forthwith as to such proposed transactions, subject to the terms and conditions and reservations of jurisdiction hereinafter stated:

It is ordered, Pursuant to rule U-23 and the applicable provisions of the act, that said application-declaration as amended be, and hereby is, granted and permitted to become effective forthwith with respect to the proposed issuance and sale of additional common stock by Electric, and the proposed charter amendment by Potomac, subject to the terms and conditions prescribed in rules U-50 and U-24, and subject to the reservation of jurisdiction over fees of the transfer agent, registrar, subscription agent, and all legal and accounting fees.

It is further ordered, That jurisdiction be and is hereby reserved with respect to the proposed issuance and sale of additional common stock by Potomac and its acquisition and pledge by Electric.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-3534]

NEW ENGLAND ELECTRIC SYSTEM

MEMORANDUM OPINION AND ORDER REOPENING HEARING

FEBRUARY 15, 1957.

A petition has been filed by John F. Cremens, a stockholder of Lynn Gas & Electric Company ("Lynn"), to reopen a hearing held with respect to an application-declaration filed under the Public Utility Holding Company Act of 1935 by New England Electric System ("NEES") regarding its proposed acquisition of the common stock of Lynn through an offer to Lynn stockholders to exchange two shares of common stock of NEES for each share of common stock of Lynn.

We heard oral argument, at which Cremens outlined the nature of the evidentiary matter which he proposes to present, relating principally to the value of certain real estate owned by Lynn, and NEES opposed granting the petition and filed a brief.

We recognize that the reopening of a record after the close of hearings could represent a disruption of orderly and expeditious procedure, ordinarily should be avoided, and should be ordered only for compelling reasons. We have given consideration, among other things, to the fact that although Lynn advised its stockholders of the exchange offer and that it would become effective after its approval by this Commission, Lynn's letter to its stockholders did not inform the stockholders that they might have an opportunity to be heard in proceedings before us with respect to the fairness and other aspects of the proposed exchange offer. Written statements of views were submitted to us by a number of Lynn stockholders, but there was no active representation at the hearings by them

or on their behalf. We have concluded that under the circumstances and in keeping with our policy to accord opportunity for adequate stockholder participation, we shall exercise our discretion to reopen the record so as to extend such opportunity in this instance.

We do not anticipate that the delay of the proceedings entailed in such reopening will be prolonged or will result in any prejudice to any interested person. Upon the conclusion of such reopened hearing, at which all interested persons and particularly any stockholders of Lynn desiring to, will have the opportunity to participate, the record thus completed will be received by us for final disposition free of any further questions respecting the opportunity accorded for such participation.

Accordingly, it is ordered, That the hearing in the foregoing matter be reopened on February 28, 1957 at 10 a. m. at the offices of the Securities and Exchange Commission, 425 Second St., NW., Washington 25, D. C. At that time the hearing room clerk will advise as to the room in which the hearing will be held. Any person desiring to be heard in connection with the foregoing matter shall file with the Secretary of the Commission on or before February 26, 1957, a written request relative thereto, as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at said hearing. The officer so designated is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall give notice of the aforesaid hearing by mailing copies of this notice and order by registered mail to NEES, Lynn, and the Department of Public Utilities of Massachusetts, and that notice to all other persons shall be given by publication of this memorandum opinion and order in the FEDERAL REGISTER; and that a general release of this Commission in respect of this notice and order be distributed to the press and mailed to the persons appearing on the mailing list of the Commission for releases under the Public Utility Holding Company Act of 1935.

By the Commission.

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 25—FEDERAL EMPLOYEES' PAY REGULATIONS

SALARY RETENTION

Paragraph (c) of § 25.403 is amended and paragraph (d) is added and § 25.411 is added as set out below.

§ 25.403 *Definitions.* • • •

(c) "Reclassification" means any classification action lowering the grade of the employee's position during his incumbency of such position without a material change in duties or responsibilities during the two years immediately preceding the classification action.

(d) "Material change" means either an actual change in duties or responsibilities sufficient in and of itself to warrant a different position grade, or an actual basic change in the nature of the duties or responsibilities although such change is not sufficient to warrant a different grade.

§ 25.411 *Appeals*—(a) *General.* Any employee reduced in grade and compensation by reason of classification action under the Classification Act of 1949, as amended, may appeal to the Civil Service Commission from the administrative determination of his employing agency that he is not entitled to the salary retention benefits of this subpart. This appeal right shall in no way restrict existing appellate rights under Part 22 of this chapter or section 501 (b) of the Classification Act of 1949, as amended.

(b) *Agency notification.* Whenever an agency effects the reduction in grade and compensation of an employee by reason of classification action under the Classification Act of 1949, as amended, such employee shall be advised in writing of the applicability or nonapplicability of the salary retention benefits of this subpart. When it is administratively determined within an agency that an employee is not entitled to the salary retention benefits of this subpart, the agency shall advise the employee in writing of his right to appeal such administrative determination to the Commission as prescribed in this section.

(c) *Time limit.* (1) An appeal under this section may be submitted at any time after the employee's receipt of the administrative determination to deny the salary retention benefits of this subpart, but not later than thirty (30) days after the effective date of the reduction in grade and compensation: *Provided,* That when there is a right to appeal the position classification to the agency under established administrative procedures, the time limit on an appeal under this section shall be not later than thirty (30) days after the final decision by the agency on the administrative position-classification appeal.

(2) The time limit may be extended in the discretion of the Commission upon a showing by the employee that he was not notified of his right of appeal or of the time limitation on such an appeal and was otherwise unaware of that right or that time limitation, or that circumstances beyond his control prevented him from filing the appeal within the prescribed period.

(d) *Where to appeal.* An appeal from an employee whose position is located in the metropolitan area of Washington, D. C., or outside of the continental limits of the United States (except Alaska, Guam, Hawaii, Puerto Rico, and the Virgin Islands) shall be submitted to the Director, Bureau of Inspections and Classification Audits, U. S. Civil Service Commission, Washington 25, D. C. An appeal from any other employee whose position is located elsewhere shall be submitted to the Director of the appropriate Civil Service region.

(e) *Form and contents of appeal.* The appeal shall be in writing and shall set forth the reasons why the agency's administrative determination is considered erroneous and the reasons why the salary retention benefits are considered applicable. In addition, the appeal shall identify the appellant, the employing agency, and the reclassification action to which the appeal relates.

(f) *Commission action—initial appeal.* The Commission shall make such inquiry or investigation as it determines to be necessary to ascertain the facts concerning the classification action upon which to base a salary retention decision. The decision of the Commission office that makes the initial adjudication of an appeal filed under this section shall be in writing and copies thereof shall be submitted to the employee, his designated representative, and to the agency concerned. Each decision shall inform the parties of their right of further appeal to the Board of Appeals and Review, U. S. Civil Service Commission, Washington 25, D. C., within fourteen (14) days after receipt of the initial decision.

(g) *Agency action.* It is mandatory for the agency to take the corrective action recommended by the Director, Bureau of Inspections and Classification Audits or the regional director, unless further appeal is made to the Board of Appeals and Review.

(h) *Commission action—appellate review.* (1) When an employee or employing agency elects to appeal from the decision of the Commission office making the initial adjudication of an appeal under this section, such appeal shall be made to the Board of Appeals and Review, U. S. Civil Service Commission, Washington 25, D. C. (hereinafter referred to as the Board).

(2) Such an appeal must be filed within fourteen (14) days of the date of receipt of the decision of the Commission's initial adjudicating office. This time limit may be extended, in the discretion of the Board, only upon a showing that circumstances beyond the control of the appellant prevented the filing of the appeal within the prescribed period.

(3) The appeal shall be in writing and shall set forth the basis for the appeal.

(4) The Board will review the entire record of the case and all relevant written representations. In its discretion, the Board may afford the parties an opportunity to appear personally and present oral arguments and representations.

(5) The decision of the Board shall be transmitted to the employee, the employee's designated representative, and to the employing agency.

(i) *Finality of decision.* The decision on an appeal to the Board shall be final. There is no further right to appeal. A recommendation for corrective action by the Board is mandatory and must be complied with by the agency. When corrective action is required, the agency shall report to the Board promptly that such action has been taken.

(j) *The Commissioners.* The Commissioners may, in their discretion, when, in their judgment, such action appears warranted by the circumstances, reopen and reconsider any previous decision.

(k) *Special procedures.* (1) A preference eligible employee who elects to appeal a reduction in rank and compensation by reason of classification action under Part 22 of this chapter may not simultaneously prosecute an appeal under this section. In such case, the salary retention appeal provided in this section shall be joined with the appeal provided in Part 22 of this chapter and the case will be processed and adjudicated as a Part 22 appeal.

(2) An employee who elects to appeal a reduction in grade and compensation by reason of classification action under section 501 (b) of the Classification Act of 1949, as amended, within the thirty (30) day time limit prescribed in paragraph (c) of this section may not simultaneously prosecute an appeal under this section. In such case, the salary retention appeal provided in this section shall be joined with the position-classification appeal under section 501 (b) and the case will be processed and adjudicated, as a position-classification appeal: *Provided*, That such joining of appeals will in no case deprive an employee or an employing agency of the right of appellate review of the salary retention issue pursuant to paragraph (h) of this section.

(3) The time limitation prescribed in paragraph (c) of this section is not applicable to any employee who sustains, or has sustained, a reduction in grade and compensation by reason of classification action under the Classification Act of 1949, as amended, between July 1, 1954, and April 28, 1957. Appeals from such employees will be accepted at any time prior to May 28, 1957.

Subpart—*Using misleading name*—Goods: § 13.2280 *Composition:* Fur Products Labeling Act.

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; sec. 8, 65 Stat. 179; 15 U. S. C. 45, 69f) [Cease and desist order, Furs By Kent (York, Pa.) et al., Docket 6645, Feb. 13, 1957]

In the Matter of Furs by Kent, a Corporation, P. Wiest's Sons, a Corporation, and Meyer Kimmelman and Anthony DeRito, Individually and as Officers of Furs by Kent

This proceeding was heard by a hearing examiner on the complaint of the Commission charging two corporations with place of business in York, Pa., with violating the Fur Products Labeling Act through misrepresenting the quality and price of certain fur products on tags and labels, on invoices, and in newspaper advertisements; and through failing in other respects to comply with requirements of the act.

Following entry of an agreement for a consent order, the hearing examiner made his initial decision and order to cease and desist which became on February 13 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents, Furs by Kent, a corporation, and its officers, P. Wiest's Sons, a corporation, and its officers, and Meyer Kimmelman and Anthony DeRito, individually and as officers of Furs by Kent, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the introduction into commerce, or the sale, advertising, offering for sale, transportation or distribution of fur products in commerce, or in connection with the sale, advertising, offering for sale, transportation or distribution of fur products which have been made in whole or in part of fur which had been shipped and received in commerce, as "commerce", "fur", and "fur products" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

A. Misbranding fur products by:

1. Representing on labels attached to fur products, or in any other manner, that certain amounts are the regular and usual prices of fur products when such amounts are in excess of the prices at which such products are usually and customarily sold by respondents in the recent regular course of their business.

2. Falsely or deceptively labeling or otherwise identifying any such product as to the name or names of the animal or animals that produced the fur from which such product was manufactured;

3. Failing to affix labels to fur products showing:

a. The name or names of the animal or animals producing the fur or furs contained in the fur product as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

b. That the fur product contains or is composed of used fur, when such is the fact;

c. That the fur product contains or is composed of bleached, dyed, or artificially colored fur, when such is the fact;

d. That the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is a fact;

e. The name, or other identification issued and registered by the Commission, of one or more persons who manufactured such fur product for introduction into commerce, introduced it into commerce, sold it in commerce, advertised or offered it for sale in commerce, or transported it in commerce;

f. The name of the country of origin of any imported furs used in the fur product.

4. Setting forth on labels attached to fur products:

a. Required information in abbreviated form;

b. Non-required information mingled with required information;

c. Required information in handwriting.

B. Falsely or deceptively invoicing fur products by:

1. Failing to furnish invoices to purchasers of fur products showing:

a. The name or names of the animal or animals producing the fur or furs contained in the fur product as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

b. That the fur product contains or is composed of used fur, when such is a fact;

c. That the fur product contains or is composed of bleached, dyed, or artificially colored fur, when such is a fact;

d. That the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is a fact;

e. The name and address of the person issuing such invoices;

f. The name of the country of origin of any imported furs contained in the fur product.

2. Setting forth required information in abbreviated form.

3. Failing to show the item number or mark of fur products on the invoices pertaining to such products, as required by rule 40 of the rules and regulations.

C. Falsely or deceptively advertising fur products, through the use of any advertisement, representation, public announcement, or notice which is intended to aid, promote or assist, directly or indirectly, in the sale or offering for sale or fur products, and which:

1. Fails to disclose:

a. The name or names of the animal or animals producing the fur or furs contained in the fur products as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

b. That the fur products contain or are composed of bleached, dyed, or otherwise artificially colored fur, when such is a fact;

c. That the fur products are composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is the fact.

2. Represents directly or by implication:

a. That respondents' regular price of any fur product is any amount which is inexcess of the price at which respondents have regularly or customarily sold or offered for sale in good faith, fur products of like grade and quality in the recent regular course of their business;

b. That prices are wholesale prices or below wholesale prices, when such is not a fact.

3. Makes use of comparative prices or percentage savings claims unless such compared prices or claims are based upon the current market value of the fur products or upon a bona fide compared price at a designated time.

4. Makes representations and pricing claims of the nature referred to in C2 hereof, unless full and adequate records disclosing the facts upon which claims and representations are based are maintained.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: February 13, 1957.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[25 CFR Part 141]

PROCEDURE FOR DETERMINATION OF ASSESSMENTS FOR ADDITIONAL CONSTRUCTION COSTS AND FOR COLLECTION THEREOF

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (60 Stat. 238), and authority contained in the Act of Congress approved August 1, 1914, and March 7, 1928 (38 Stat. 583, and 45 Stat. 210, as amended August 7, 1956 (60 Stat. 867); 25 U. S. C. 385, 387), notice is hereby given of intention to add a new § 141.4a under Part 141 of Title 25, Code of Federal Regulations, to read as follows:

§ 141.4a *Assessment and collection of additional construction costs.* (a) Upon the competition of the construction of an Indian irrigation project, or unit thereof, subsequent to the determination of the partial per acre construction assessment rate heretofore fixed pursuant to § 141.4, the Secretary of the Interior or his authorized representative shall determine such additional construction cost and distribute that cost on a per acre basis against all of the irrigable lands of the project, or unit thereof, and 1/40th of such per acre additional construction cost thus determined shall be assessed and collected annually from the non-Indian landowner of the project, or unit, thereof. The first installment shall be due and payable on November 15 of the year following the completion of such additional construction work or, if such additional construction work on the project, or unit thereof, has heretofore been completed, and the per acre annual rate determined, the first installment of the additional construction cost to be repaid by such non-Indian landowners shall be due and payable on November 15 of the year following the date of the publication of this order in the FEDERAL REGISTER. This annual per acre rate shall be in addition to, and run concurrently with, the existing per acre construction rate assessed annually under § 141.4.

(b) Project lands in Indian ownership are not subject to assessment for their proportionate share of the per acre construction cost of the project, or unit thereof, until after the Indian title to the land has been extinguished. At that time the total annual per acre assessment rate against non-Indian lands of the project, or unit thereof, shall be assessed against the former Indian lands for each and every acre of irrigable land to which water can be delivered through the project works, beginning on November 15 of the year following the extinguishment of the Indian title to the land and on November 15 of each year thereafter over a forty year period. In cases where the Indian title to project land has heretofore been extinguished, the assessment rate shall be due and payable on November 15 of the year following the publication of this order in the FEDERAL REGISTER.

All interested persons are hereby given opportunity to submit views, data and arguments in writing to the Commissioner, Bureau of Indian Affairs, Washington 25, D. C., within fifteen (15) days from the date of the publication of this notice in the FEDERAL REGISTER.

FRED G. AANDAHL,
Acting Secretary of the Interior.

FEBRUARY 19, 1957.

[F. R. Doc. 57-1422; Filed, Feb. 25, 1957; 8:45 a. m.]

Bureau of Reclamation

[43 CFR Part 404]

WATER APPLICATION, COLUMBIA BASIN PROJECT, WASHINGTON

NOTICE OF PROPOSED RULE MAKING

The Department of the Interior proposes to issue regulations relating to determination of eligibility of farm units to receive water on the Columbia Basin Project, Washington, being constructed and operated by the Bureau of Reclamation.

Under the proposed regulations the owner, or contract purchaser if there is one, of a farm unit on the Columbia Basin Project must personally certify before two witnesses on the application form that he is the owner or contract purchaser of only one farm unit on the project for which water is available. This limitation is pursuant to section 2 (b) (iii) of the Columbia Basin Project Act (16 U. S. C. 835). The execution of this application would be a condition precedent to a determination, by the Project Manager for the Bureau of Reclamation, of the eligibility of the farm unit to receive water during the 1957 irrigation season.

All persons who are interested are invited to submit written comments, suggestions, or objections with respect to the proposed regulations to the Solicitor, Department of the Interior, Washington 25, D. C., or the Project Manager, Bureau of Reclamation, Ephrata, Washington, within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

FRED G. AANDAHL,
Acting Secretary of the Interior.

FEBRUARY 18, 1957.

PART 404—WATER APPLICATION, COLUMBIA BASIN PROJECT, WASHINGTON

§ 404.1 *Determination of eligibility.* The owner, or contract purchaser if there is one, of a farm unit on the Columbia Basin Project shall furnish the Project Manager of the Bureau of Reclamation as early as practicable an application for water executed by him before two witnesses. The form will be supplied by the Project Manager. The application shall state, unless the applicant is the owner of more than one farm unit eligible for water under the exceptions in subsections 2 (b) (iii) and 2 (b) (iv) of the Columbia Basin Project Act and he has so indicated in writing on the back thereof, that the farm unit is the only farm unit on the project that the applicant owns or is purchasing either in his own name or in the name of another for which water is available. Such statement shall be a condition precedent to a determination by the Project Manager of the eligibility of the farm unit to receive water during the 1957 irrigation season under the provisions of the Columbia Basin Project Act and the recordable contracts.

[F. R. Doc. 57-1451; Filed, Feb. 25, 1957; 8:45 a. m.]

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 19]

CHEESES; PROCESSED CHEESES; CHEESE FOODS; CHEESE SPREADS; AND RELATED FOODS; DEFINITIONS AND STANDARDS OF IDENTITY

FINAL ORDER IN RE ESTABLISHMENT OF A DEFINITION AND STANDARD OF IDENTITY FOR PARTIALLY CREAMED CHEESE[1]

In the matter of establishing a definition and standard of identity for a food to be known as partially creamed cottage cheese:

By virtue of the authority vested in the Secretary of Health, Education, and Welfare by the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 68 Stat. 54, 70 Stat. 919; 21 U. S. C. 341, 371) and upon the basis of substantial evidence received at the public hearing held pursuant to the notice published in the FEDERAL REGISTER (21 F. R. 430, 841), no exceptions to the proposed order published in the FEDERAL REGISTER of January 10, 1957 (22 F. R. 223) having been filed, the following order is promulgated:

Findings of fact.[1] 1. Of the soft uncured cheeses for which standards have been set under the Federal Food, Drug, and Cosmetic Act, cottage cheese is lowest in milk fat content. It normally contains from 1/10 percent to 3/10 percent of milk fat, but it may sometimes have 5/10 percent or slightly more of milk fat, depending upon how closely the skim milk was separated. The standard for cottage cheese limits its moisture content to not more than 80 percent. (R. 56, 71–72, 88, 192; Ex. 14, 16; 21 CFR 19.525)

[1] The citations following each finding of fact refer to the pages of the transcript of testimony and the exhibits received in evidence at the hearing.

2. Creamed cottage cheese is a soft uncured cheese for which a standard has been set under the Federal Food, Drug, and Cosmetic Act. It contains somewhat more milk fat than cottage cheese. Creamed cottage cheese is a composite dairy food made by mixing with cottage cheese a fluid component consisting of pasteurized cream or a pasteurized mixture of cream and milk or skim milk or both. The identity standard for creamed cottage cheese provides that the milk fat furnished by the fluid component shall amount to not less than 4 percent by weight of the finished product and that the finished product contains not more than 80 percent of moisture. Insofar as it can be determined from the record, creamed cottage cheese outsells cottage cheese by a wide margin. (R. 15, 27, 46, 49–51, 54–56, 91–92, 108, 110, 117–118, 151–153; Ex. 7, 14, 15, 16; 21 CFR 19.530)

3. About 1953, there began to appear in the retail markets of California and perhaps other States a soft uncured cheese manufactured in a manner similar to creamed cottage cheese, but which did not meet the milk-fat content requirement of the creamed cottage cheese standard of identity. The fluid component of this cheese differed from the fluid component of creamed cottage cheese in that it consisted largely of concentrated skim milk and was lower in milk fat and higher in nonfat solids. This cheese had a texture, taste, and appearance similar to creamed cottage cheese. Its milk fat content was around 2 percent. (R. 10, 12, 18, 39, 42–43, 49, 73–74, 79–80, 84–86, 89, 92, 94, 98–99, 103, 114, 154–158, 161–162, 165; Ex. 10, 11, 17)

4. In 1955, California and Oregon set standards of identity, under the name "Partially creamed cottage cheese" for the article described in finding 3. The California standard, which was incorporated in a State statute, describes the fluid component as "cream, milk; skim milk, concentrated milk, dried milk, concentrated skim milk, nonfat dry milk solids, or other constituents derived from milk, water." This law further provides: "Such cream or product or mixture is used in such quantity that the milk fat added thereby is not less than 0.5 percent, nor more than 2 percent by weight of the finished partially creamed cottage cheese." The Oregon standard was established as a State regulation. It states that, "Partially Creamed Cottage Cheese is cheese made by the cottage cheese process, the finished product of which shall contain not more than 80 percent moisture and not less than 0.5 percent or more than 2 percent milk fat." The Oregon regulation permits the use of up to 0.5 percent of "wholesome edible stabilizer." It is silent with respect to the fluid component, and its moisture and milk fat requirements might be met without using any fluid component.

The proposal upon which the hearing was held was that the standard for partially creamed cottage cheese adopted by the California legislature should be followed as a basis for the adoption of a definition and standard of identity under the Federal Food, Drug, and Cosmetic Act. Under that proposal a product complying with the standard might be made to which the fluid component would add only ½ percent of milk fat. There was testimony that such a product is manufactured to some extent and is not easily distinguished from a product to which the fluid component added around 1.8 percent milk fat. A product prepared to contain the minimum milk fat required by the proposed standard would be essentially cottage cheese with condensed skim milk. (R. 10, 31–35, 42–44, 47–48, 55–56, 82, 85, 94, 108, 110, 114–115; Ex. 8, 9)

5. Creamed cottage cheese, partially creamed cottage cheese, and cottage cheese with condensed skim milk possess few characteristics by which they can be distinguished from each other by ordinary consumers. Persons who participated in taste tests were unable to tell creamed cottage cheese from a partially creamed cottage cheese containing about 2 percent added milk fat. A product prepared by adding three parts of condensed skim milk to seven parts of cottage cheese was taste-tested, and the results indicated that only about one-half of the tasters could distinguish the cottage cheese with condensed skim milk from creamed cottage cheese. (R. 73–89, 151–157; Ex. 16, 17)

6. Nutritionally, cottage cheese, cottage cheese with condensed skim milk, partially creamed cottage cheese, and creamed cottage cheese are low-fat, low-calorie cheeses. All contain 80 percent or slightly less water. Cottage cheese and cottage cheese with condensed skim milk have about one-half of 1 percent or less of milk fat and approximately 14 percent protein. The caloric value of cottage cheese and cottage cheese with condensed skim milk is about 77 calories per 100 grams. The partially creamed cottage cheese marketed in California at the time of investigation had about 2 percent or less of milk fat and about 14.3 percent of protein and a caloric value of approximately 90 calories per 100 grams. Creamed cottage cheese has slightly more than 4 percent of milk fat and about 13 percent of protein; its caloric value is about 102 calories per 100 grams. There is little evidence in the record from which the significance of these figures as they relate to human diet can be determined. However, there are references to servings of "¼ pound," "½ cup," "3 oz.," and "4 oz." Allowing for two servings, this amounts to about ½ pound daily in the diets of those who eat such cheeses regularly. The difference is caloric value and protein content of creamed cottage cheese and partially creamed cottage cheese, at a daily rate of consumption of ½ pound, would be about 27 calories and 3 grams of protein per day. The differences are too small to be nutritionally significant. (R. 16–17, 51–52, 54–56, 102, 151–152, 173–176, 182–185; Ex. 6, 12–16)

7. Notwitstanding these insignificant differences in caloric and protein content, the sale of partially creamed cottage cheese has been promoted by representations in labeling which emphasize such terms as "slender," "low calories," "low fat," "high protein," "slim," "diet-aid," "calorie controlled," and similar terms so as to exaggerate the small difference in caloric value and protein and milk-fat content between this article and creamed cottage cheese. These representations fail to reveal that partially creamed cottage cheese has a higher milk-fat content and caloric value than cottage cheese. (R. 57–60, 74, 85, 92, 99, 105–108, 131–133, 147–148, 161–163, 193, 196, 199; Ex. 10–13)

8. From the point of view of dairy economics, the constituents of creamed cottage cheese and partially creamed cottage cheese are milk fat, nonfat solids of milk, and water. Of these, milk fat is the most expensive. Partially creamed cottage cheese is cheaper to manufacture than creamed cottage cheese because it is lower in milk-fat content. The two witnesses who testified on this point were agreed that, on the basis of current prices in California, the manufacturing cost for partially creamed cottage cheese is about ½ cent per pound less than for creamed cottage cheese. Yet the prices actually charged by California retail stores show, that, for the samples purchased, partially creamed cottage cheese was priced about 2 cents higher per pound than creamed cottage cheese. This additional cost factor results from the sales promotion based on the claimed lower caloric value and high-protein content. (R. 51, 74–75, 96–97, 110–112, 114, 140–150; Ex. 12–15)

Conclusion. Upon consideration of the whole record and the foregoing findings of fact, it is concluded:

1. That the evidence of record at the hearing does not establish that the promulgation of a regulation setting a definition and standard of identity for partially creamed cottage cheese would promote honesty and fair dealing in the interest of consumers, but on the contrary indicates that such a standard would facilitate the marketing of a product claimed to have low caloric value and higher protein content, when in fact the differences in fat and protein in the new product would be insignificant from a nutrition standpoint.

2. That a standard for cottage cheese with condensed skim milk would seem to be more logical for the uses for which partially creamed cottage cheese has been promoted in California, but the present record does not furnish an adequate basis for adopting a standard for such food.

Wherefore, it is ordered, That the regulations in Part 19, Title 21, of the Code of Federal Regulations be not amended to establish a definition and standard of identity for a food to be known as "partially creamed cottage cheese."

Effective date. No purpose would be served by specifying some future date upon which this order would be declared to become effective, because the order makes no change in regulations. Accordingly, this order is effective upon publication in the FEDERAL REGISTER.

Dated: February 19, 1957.

[SEAL] M. B. FOLSOM,
Secretary.

NOTICES

DEPARTMENT OF COMMERCE

Federal Maritime Board

FREDERIC HENJES, JR., INC., AND R. G. HOBELMANN & CO., INC.

NOTICE OF AGREEMENT FILED FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15, Shipping Act, 1916 (39 Stat. 733; 46 U. S. C. 814):

Agreement No. 8201 between Frederic Henjes, Jr., Inc., New York, New York and R. G. Hobelmann & Co., Inc., Baltimore, Maryland, is a cooperative working arrangement between the parties under which they perform freight forwarding services for each other.

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement, and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: February 19, 1957.

By order of the Federal Maritime Board.

GEO. A. VIEHMANN,
Assistant Secretary.

ATOMIC ENERGY COMMISSION

[Docket No. F-28]

AMF ATOMICS, INC.

NOTICE OF PROPOSED ISSUANCE OF FACILITY EXPORT LICENSE

Please take notice that the Atomic Energy Commission proposes to issue, on Form AEC-250, facility export license XR-4 described below unless within 15 days after publication of this notice in the FEDERAL REGISTER, a request for a formal hearing is filed with the Commission in the manner prescribed by § 2.102 (b) of the Commission's rules of practice (10 CFR Part 2).

1. Pursuant to section 104 (c) of the Atomic Energy Act of 1954 and Title 10, CFR, Chapter I, Part 50, "Licensing of Production and Utilization Facilities," and upon findings that (a) the reactor proposed to be exported is a utilization facility; (b) the issuance of a license for the export thereof is within the scope of and is consistent with the terms of an agreement for cooperation with West Germany; and (c) the issuance of an export permit to AMF Atomics will not be inimical to the common defense and security and to the health and safety of the public, the Atomic Energy Commission has issued a license to AMF Atomics, Inc., 261 Madison Avenue, New York 17, N. Y., for the export of a one megawatt pool-type research reactor described in the "Technical Disscussion" accompanying a letter from AMF Atomics, Inc., dated June 29, 1956, and incorporated in its application filed August 20, 1956. The reactor is to be exported to Land Bayern, Federal Republic of Germany and will be erected at the Laboratorium fuer Techniche Physik de Technichen Hochschule Muenchen near Munich, Germany.

2. The license will be subject to the following conditions:

(a) Neither the license nor any right under the license shall be assigned or otherwise transferred in violation of the provisions of the Atomic Energy Act of 1954.

(b) The license will be subject to the right of recapture or control reserved by section 108 of the Atomic Energy Act of 1954, and to all other provisions of the act, now or hereafter in effect, and to all rules and regulations of the United States Atomic Energy Commission.

(c) The license will be effective as of the date of issuance thereof and shall expire on December 31, 1957, unless sooner terminated.

Dated at Washington, D. C., this 18th day of February 1957.

For the Atomic Energy Commission.

H. L. PRICE,
Director,
Division of Civilian Application.

[Docket Nos. 50-53, F-32]

AEROJET-GENERAL NUCLEONICS

NOTICE OF APPLICATIONS FOR UTILIZATION FACILITY LICENSES

Please take notice that Aerojet-General Nucleonics has filed applications for utilization facility licenses as follows:

Docket No. 50-53, Aerojet-General Nucleonics, San Ramon, California, on February 12, 1957, filed an application under section 104c of the Atomic Energy Act of 1954 for a license to construct, possess and operate at its San Ramon site twelve nuclear reactors (Serial Nos. 109 through 120) designed to operate at 100 milliwatts and which, after operational tests, are to be sold or leased to properly licensed institutions.

Docket No. F-32, Aerojet-General Nucleonics, San Ramon, California, on February 12, 1957, filed an amendment to its application for a license to construct, possess and operate three 100-milliwatt nuclear reactors at its San Ramon site. Aerojet-General Nucleonics in its amended application requested authorization to operate one of the reactors (Serial No. 103) at a power level of five watts. The applicant plans to retain this reactor at San Ramon for experimentation and tests of the reactor system at power levels up to five watts.

Copies of both applications are available for public inspection in the AEC Public Document Room located at 1717 H Street NW., Washington, D. C.

Dated at Washington, D. C., this 19th day of February 1957.

For the Atomic Energy Commission.

FRANK K. PITTMAN,
Deputy Director,
Division of Civilian Application.

[Docket No. F-26]

LOCKHEED AIRCRAFT CORPORATION

NOTICE OF PROPOSED ISSUANCE OF CONSTRUCTION PERMIT

Please take notice that the Atomic Energy Commission proposes to issue a construction permit to Lockheed Aircraft Corporation substantially in the form set forth below unless within fifteen (15) days after publication in the FEDERAL REGISTER a request for a formal hearing is filed with the Commission in the manner prescribed by § 2.102 (b) of the Commission's rules of practice (10 CFR Part 2). There is annexed a Memorandum submitted by the Division of Civilian Application which summarizes the principal features of the proposed critical experiments facility and the principal factors considered in reviewing the application for a license. For further details see the application for license at the Commission's Public Document Room, 1717 H Street NW., Washington, D. C.

Construction permit. The Lockheed Aircraft Corporation, (hereinafter "Lockheed") on June 20, 1956, filed its application for a Class 104 license, defined in Section 50.21 of Part 50, "Licensing of Production and Utilization Facilities", Title 10, Chapter I, CFR, to construct and operate a critical experiments facility (hereinafter "the facility"). On July 20, 1956, and September 26, 1956, Lockheed filed revisions to its license application. The original application together with said revisions is hereinafter referred to as "the application."

The Atomic Energy Commission (hereinafter "the Commission") has found that:

A. The facility will be a utilization facility as defined in the Commission's regulations contained in Title 10, Chapter I, CFR, Part 50, "Licensing of Production and Utilization Facilities."

B. Lockheed proposes to utilize the facility in the conduct of research and development activities of the types specified in Section 31 of the Atomic Energy Act of 1954.

C. Lockheed is financially qualified to construct and operate the reactor in accordance with the regulations contained in the Title 10, Chapter I, CFR.

D. Lockheed is technically qualified to design and construct the reactor.

E. Lockheed has submitted sufficient information to provide reasonable assurance that a facility of the type proposed can be constructed and operated at the proposed location without undue risk to the health and safety of the public and that additional information required to complete its application will be supplied.

F. The issuance of a construction permit to Lockheed will not be inimical to the common defense and security and to the health and safety of the public.

Pursuant to the Atomic Energy Act of 1954 (hereinafter "the Act") and Title 10, CFR, Chapter I, Part 50, "Licensing of Production and Utilization Facilities," the commission hereby issues a construction permit to Lockheed to construct the facility as a utilization facility. This permit shall be deemed to contain and be subject to the conditions specified in Sections 50.54 and 50.55 of said regulations; is subject to all applicable provisions of the Act and rules, regulations and orders of the Commission now or hereafter in effect; and is subject to any additional conditions specified or incorporated below.

A. The earliest date for the completion of the facility is March 31, 1957. The latest date for completion of the facility is September 30, 1957. The term "completion date" as used herein means the date on which construction of the facility is completed except for the introduction of the fuel material for the initial critical experiment.

B. The site proposed for the location of the facility is the location in Palo Alto, California, specified in the application.

C. The type of facility authorized for construction is a critical experiments facility designed primarily for testing reactor cores at near zero power levels.

D. At such time as this construction permit is converted into a license to operate the facility, such license will incorporate—as one of its conditions—a requirement that no critical experiment may be conducted in the facility until a description of the experiment and a Hazards Summary Report shall have been submitted to the Commission and the Commission shall have specifically authorized the experimental activity.

This permit is subject to submittal by Lockheed to the Commission (by proposed amendment of the application) of additional information required to complete its Hazards Summary Report and a finding by the Commission that the final design provides reasonable assurance that the health and safety of the public will not be endangered by operation of the facility in accordance with the specified procedures.

Upon completion (as defined in Paragraph "A" above) of the construction of the facility in accordance with the terms and conditions of this permit, upon the filing of any additional information needed to bring the original application up to date, and upon finding that the facility authorized has been constructed in conformity with the application as amended and in conformity with the provisions of the act and of the rules and regulations of the Commission, and in the absence of any good cause being shown to the Commission why the granting of a license would not be in accordance with the provisions of the act, the Commission will issue a Class 104 license to Lockheed pursuant to section 104c of the act, which license shall expire December 31, 1962.

Dated at Washington, D. C., this 19th day of February 1957.

For the Atomic Energy Commission.

H. L. PRICE,
Director,
Division of Civilian Application.

MEMORANDUM

PART I—LOCATION AND DESCRIPTION

The Missiles Systems Division of Lockheed Aircraft Corporation has filed an application with the Commission for a license to construct a critical assembly facility at Palo Alto, California. The site of this proposed facility is a 22 acre plot on the Stanford University industrial research property obtained on a long term lease as the location of a permanent research laboratory for Lockheed. The plot, 1,600 feet long and 570 feet wide, lies 2 miles southeast of the Stanford Campus. A series of residences are on the east side of the plot, at a distance of approximately 500–600 feet from the assembly location. In the future other residences and some industrial structures may be built somewhat closer.

This area of California is well known for its earthquake history. For this reason, the proposed structure will be built to the California Code, which requires that structures be able to withstand 0.2g lateral acceleration. Prevailing winds are in the northeast and southwest direction.

The proposed critical assembly building is to be an underground, reinforced concrete structure. It will be 150 feet from the nearest property line, 445 feet from the main research building and 40 feet from the nearest building, the nuclear physics building in which the control room for the critical facility will be located. Except for an entrance tunnel and two small service and storage rooms, the underground building consists only of the assembly room, 45- x 25- x 15-foot (17 feet underground), in which the "critical assembly machine", enclosed in a steel pressure vessel (capable of withstanding 200 psi) 7 feet in diameter and 11½ feet long, is located. All critical experiments will be performed inside this pressure vessel.

The assembly building is to be built in such way that the doors in the entrance tunnel, the penetrations for facilities, etc., will be "leak-tight", though the degree of "leak-tightness" has not been stated. The building will have its own ventilation system with filters and monitoring equipment. The ventilation system will be turned off during critical experiments.

In general plan, critical experiments will be performed by loading respective halves of the fuel material assembly within the "assembly machine", on separate supports having a 2 foot spacing between them, one of which can be moved by remote control toward the other, so that the two halves are joined into one assembly by an operator who is 40 feet away in the above-ground control room. The separated halves are hand loaded to a pre-chosen dimension, the pressure tank is closed, everybody withdraws from the assembly room which is then sealed shut, the ventilation is turned off, and, from a remote point, the two halves are brought together.

When the two halves are joined, a right circular cylinder, having a diameter of approximately 12 inches and a variable height (determined by the particular experiment) will be formed. Several series of experiments are proposed, in which enriched uranium will be used with beryllium as moderator and reflector. Interest will center largely in studies of the critical mass with varying core composition and of temperature coefficient of reactivity up to 500° C. Various types of assemblies will be investigated. In one, for example the core will be composed of fully enriched uranium metal foil interspersed between layers of beryllium metal. A layer of beryllium, 2 inches thick will surround the fuel core in both series. The beryllium reflector, in turn, will be surrounded by quadrant insulation jackets containing heating elements and cooling tubes.

In the core assemblies, safety, shim and control rods (1 each) are vertically positioned along the axis of the cylinder, in a suitably hollowed-out cylindrical channel in the fuel and moderator plates of the assembly. Each rod is composed of the same fuel plus moderator materials as comprise the core. The control-rod is about 1.75-inch diameter, 24 inches long, has a value of about 0.5 percent reactivity, is inserted into the assembly from below, and is coaxial, (inside) both the shim and the safety rod. The shim rod is 5 inches in diameter, with a 1.75-inch axial hole (to accommodate the control rod), 12 inches long, has a reactivity value of about 1 percent, and also is inserted from below; it extends only halfway through the assembly. The safety rod has dimensions and reactivity value similar to those of the shim rod, but is inserted from above into the channel jointly shared with the shim rod. Thus, upon full insertion of all 3 rods, a solid structure of fuel and moderator exists throughout the core cylinder. Complete withdrawal of all rods, leaves a 5-inch axial hole in the assembly and removes about 2½ percent reactivity. Final design will include electromagnetic releases, compressed springs or counter weight withdrawal mechanism, so that, in case of failures automatic rod withdrawal will occur.

PART II—HAZARDS ANALYSES

In conceptual plan, this proposed facility possesses several safety features which have not been customarily provided in critical facilities. The underground, sealed assembly building, and the sealed pressure tank for containing the experiments themselves, constitute distinct assets to the safety of the project, as does the fact that no persons are permitted in the assembly building during performance of critical experiments.

On the other hand, unfavorable aspects derive from certain nuclear and mechanical features of the somewhat unfamiliar material in the core. For example, neutrons in these experiments will not be fully thermalized, hence nuclear behavior will not coincide with that of more familiar thermal neutron systems. It should be noted, however, that limited experience in conducting epi-thermal experiments has indicated no undue problems from the standpoint of safety. Also, if beryllium should be inadvertently vaporized, serious poisoning hazard through ingestion could develop. Work on Be-U alloys is currently in progress and should lead to alloys less susceptible to vaporization than those now available. We believe the safety risk involved in these uncertainties is more than offset by the adequacy of containment provided for this facility.

As in other critical experimentation facilities, the inventory of fission products accumulated during normal operations will be sufficiently small that their accidental release would constitute no hazard outside the assembly building. What must be guarded against is the occurrence of a nuclear excursion which would produce and release hazardous amounts of fission products and, concomitantly, other materials having hazardous amounts of fission products and, concomitantly, other materials having hazardous properties such as, in this case, vaporized beryllium.

The mechanical hydraulic, thermal and electrical systems comprising and controlling the critical assembly machine have not been evaluated to the extent necessary to permit a confident estimate of the magnitude of credible accidents. Nor have we finally determined the nature and sequence of events in a nuclear incident, which would terminate the excursion. Hence, final appraisal of credible accidents which could occur in the facility is not made at this time.

On the other hand it can now be stated with confidence that experiments of the type proposed can be performed with safety in a facility possessing the general features of the one proposed. Hence it can be concluded that details of the facility can be designed and completed in such way that there is reasonable assurance that performance of the proposed experiments will not endanger the health and safety of the public.

Before approval is given to perform any series of experiment, the ones now visualized or others to be proposed in the future, de-

tailed attention will be given by the AEC to insure that adequate provisions are incorporated to prevent release of fission products or other harmful materials to the atmosphere. In particular, the details of the mechanism which would terminate a nuclear excursion, and the amount of energy released during the excursion must be analysed. Further, procedures will be examined to insure that possibilities of inadvertent criticality when the pressure vessel is not closed, e. g., during loading, are guarded against.

PART III—TECHNICAL QUALIFICATIONS

The proposed activities will be conducted by the Missile Systems Division of the Lockheed Aircraft Corporation. The education, training, and experience of the personnel responsible for the design and operation of the facility are considered adequate to insure safe operation.

PART IV—FINANCIAL QUALIFICATIONS

Current assets of Lockheed at December 25, 1955, were $250 million, while Current Liabilities were $165 million, equivalent to a current ratio of 1.5. Sales increased from $237 million in 1951 to $674 million in 1955. In the same period its net profit after taxes increased from $5.8 to $17.3 million. At December 25, 1955, Lockheed had $299 million in total assets of which stockholders' equity represented $98 million or 32.7 percent. Long-term debt matures well into the future and amounted to $30 million or 10 percent of total assets.

PART V—CONCLUSIONS

Based upon the above considerations, it is concluded that:

a. There is reasonable assurance that a facility of the general type proposed can be constructed and operated at the proposed site without undue risk to the health and safety of the public.

b. The applicant is technically and financially qualified to engage in the proposed activities.

Dated at Washington, D. C., this 19th day of February 1957.

For the Division of Civilian Application.

H. L. PRICE,
Director.

FEDERAL POWER COMMISSION

[Docket No. G-9111]

F. S. WOODFORD ET AL.

NOTICE OF APPLICATION AND DATE OF HEARING

FEBRUARY 19, 1957.

Take notice that F. S. Woodford, et al. (Applicant), with principal place of business at Harrisville, West Virginia, on July 6, 1955, filed an application pursuant to section 7 (b) of the Natural Gas Act for permission to abandon the sale in interstate commerce to Hope Natural Gas Company of natural gas for resale, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant seeks permission and approval of the Commission to abandon the sale to Hope of natural gas produced from acreage located in Grant District, Ritchie County, West Virginia.

In the application it is represented that pursuant to the terms of its sales contract with Hope, Applicant is to deliver natural gas for the life of the well and for so long as gas is produced therefrom in paying quantities. It is further represented that the volume of gas available for delivery has declined to the point where it is no longer feasible to continue production from the well, and that applicant and Hope entered into a Cancellation Agreement dated June 3, 1955, providing for the termination of the service.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 28, 1957, at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 12, 1957. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Secretary.

[Docket No. G-11465]

HUMPHREYS COUNTY UTILITY DISTRICT

NOTICE OF APPLICATION

FEBRUARY 19, 1957.

Take notice that The Humphreys County Utility District, a municipal corporation organized under the laws of Tennessee and located at Waverly, Tennessee, filed on November 13, 1956, pursuant to section 7 (a) of the Natural Gas Act, an application as supplemented on January 14, 1957, for an order directing Tennessee Gas Transmission Company (Tennessee Gas) to establish physical connection of its transportation facilities with the facilities of applicant's proposed natural gas system, and to sell natural gas to applicant for distribution and resale to the public in the area of Humphreys County, Tennessee, all as more fully described in the application on file with the Commission and open to public inspection. Applicant's service area includes the towns of McEwen, Waverly, New Johnsonville, Tennessee City, and rural areas adjacent to its system.
